## Missouri Baptist University

Mission Statement: Missouri Baptist University is an evangelical Christian, liberal arts institution of higher learning whose purpose is to offer programs of study leading to professional certificates, undergraduate degrees, and graduate degrees in an environment of academic excellence from a Biblically-based Christian perspective. The University is committed to enriching students' lives spiritually, intellectually, and professionally, and to preparing students to serve in a global and culturally diverse society.

---

# Introduction to Missouri Baptist University

---

## History of Missouri Baptist University

Missouri Baptist College was founded during the 1950's, through the desire of local pastors and laymen for an evangelical Christian institution in the St. Louis area. The idea of the founders was first expressed in the form of a seminary extension program teaching Bible classes followed later by an extension center offering liberal arts courses from Hannibal-LaGrange College. The written record shows that student influence and organizational work of St. Louis Baptist leaders, pastors, and laymen led the 1959 Missouri Baptist Convention to recommend the establishment of a college in greater St. Louis.

In 1964, Missouri Baptist College was chartered as an evangelical Christian four-year liberal arts college. Classes continued to meet at Tower Grove Baptist Church until the West County campus could be constructed. Four years later, the Missouri Baptist Convention approved the consolidation of Missouri Baptist College with Hannibal-LaGrange College. It was operated as two campuses: Missouri Baptist College, St. Louis and Missouri Baptist College, Hannibal-LaGrange. Classes began in the fall of 1968 on the new campus with 189 students enrolled. In 1973, Missouri Baptist College was re-established as a separate institution and granted its first baccalaureate degrees on the thirteenth day of May.

In 1980, Missouri Baptist College moved to resident college status with the opening of Pillsbury-Huff Hall and in 1995 opened North Hall, doubling the housing capacity on campus. Spartan Village, the on-campus apartment complex, opened in 2011.

Missouri Baptist College was first accredited by the North Central Association (NCA) in 1978. The University received ongoing ten year re-accreditation in 2007. In April 2000, the college received NCA approval to offer the Master of Science in Education in Counselor Education and Classroom Teaching. In April 2002, approval was given to add Educational Administration to the Master of Science in Education offerings beginning with the Fall 2002 semester. On August 29, 2002, Missouri Baptist College formally became Missouri Baptist University. In April 2004, Missouri Baptist University received approval for the Master of Arts in Christian Ministry and Master of Business Administration. In December 2005, approval was received to begin offering the Educational Specialist degree for the Spring 2006 semester. In July 2008, MBU received approval to offer its first online degree program: the Master of Science in Education degree with concentrations in Sport Management and Curriculum and Instruction and in April 2009, the University received approval to offer the Doctor of Education degree.

Through the years Missouri Baptist University has expanded its course offerings at its regional learning centers in both Missouri and Southern Illinois. Today, locations in Missouri include Moscow Mills, Union, Farmington, and Arnold, as well as Plus-Two degree programs in cooperation with Jefferson College in Hillsboro. In Illinois, the University has centers at Lewis and Clark Community College in Godfrey, Shawnee Community College in Ullin, and Rend Lake College in Ina, which also are Plus Two programs. A number of distance learning courses, in addition to online degree programs, are offered and the University maintains an active high school dual-credit program called EXCEL.

Missouri Baptist University has been served by seven presidents: Dr. L.A. Foster (1964-1970); Dr. Frank B. Kellogg (1970-1974); Dr. Robert S. Sutherland (1974-1982); Dr. Patrick O. Copley (1982- 1990); Dr. J. Edwin Hewlett (1990-1991); Dr. R. Alton Lacey (1995-2017); and Dr. Keith Ross (2018-present). Dr. Thomas S. Field served as Interim President (1991-1995).

## Locations

Missouri Baptist University is located at One College Park Drive, St. Louis, Missouri, 63141-8698, in the heart of West St. Louis County, adjacent to Interstate 64 (Highway 40), one mile west of Interstate 270. A full range of degree and certificate programs is offered at the undergraduate, master's, specialist, and doctoral levels.

The MBU School of Nursing, which began offering classes in January 2018, is located in the Walker Medical Building, 12855 N. Forty Dr., Suite 300, St. Louis, MO 63141, adjacent to the Main campus. This facility includes offices for faculty and staff, classrooms, laboratories, and a student lounge.

**MBU-Troy/Wentzville** opened in 1986 and maintains administrative offices and educational facilities at 75 College Campus Drive, Moscow Mills, Missouri, 63362, and offers complete undergraduate degree programs in a wide range of majors as well as graduate degrees at the master's, specialist, and doctoral levels.

**MBU at Jefferson College** began in 1993 and utilizes administrative offices and educational facilities through Jefferson College in Hillsboro at 1000 Viking Drive, Hillsboro, Missouri, 63050, as well as in Arnold at 1687 Missouri State Road, Arnold, Missouri, 63010. The undergraduate Plus-Two degree completion program offers a wide variety of majors. Graduate degrees at the master's and specialist levels are also available.

**The MBU in Franklin County Regional Learning Center** opened in 2000 and maintains administrative offices and educational facilities at 39 Silo Plaza Drive in Union, Missouri, 63084, across from East Central College on Highway 50. A baccalaureate degree-completion program with a number of majors is offered as well as graduate degrees at the master's, specialist, and doctoral levels.

**MBU at Lewis and Clark Community College** began in 2007 and utilizes administrative offices and educational facilities through Lewis and Clark Community College at 5800 Godfrey Road, Godfrey, Illinois, 62035. The undergraduate Plus-Two degree completion program offers select majors. The Master of Business Administration and the Master of Arts in Counseling degrees can also be earned at this site.

**MBU-Farmington Regional Learning Center** opened in 2009 and maintains administrative offices and educational facilities at 507 East Woodlawn Drive, Leadington, Missouri, 63601, located off Hwy 67 south of the Leadington exit. A baccalaureate degree-completion program with a number of majors is offered as well as graduate degrees at the master's and specialist levels.

**MBU in Arnold** opened in 2012 and maintains administrative offices and educational facilities at 140 Richardson Crossing, Arnold, Missouri, 63010. A baccalaureate degree-completion program with a number of majors is offered as well as graduate degrees at the master's, specialist, and doctoral levels.

**MBU at Rend Lake College** began offering classes for the 2013-2014 academic year and utilizes administrative offices and educational facilities through Rend Lake College, 468 N. Ken Gray Parkway, Ina, Illinois, 62846.

**MBU at Williamson Baptist Association** began offering courses in 2017 and utilizes administrative offices and educational facilities through the Williamson Baptist Association, 10093 Old Bainbridge Trail, Marion, Illinois, 62959. The undergraduate degree completion program offers select majors. The Master of Business Administration degree and the Master of Arts degree in Clinical Mental Health Counseling can also be earned at this site.

**MBU at Shawnee Community College** began offering classes for the 2018-2019 academic year and utilizes administrative offices and educational facilities through Shawnee Community College, 8364

Shawnee College Rd, Ullin, IL 62992 and at their Anna Extension center at 1150 E. Vienna St., Anna, Illinois, 62906.

Graduate courses in select programs are also offered at the following locations: Saint James, Missouri (St. James High School) and Town and Country, Missouri (St. Louis County Special School District).

## Statement of Missions and Purposes

**Mission Statement:** Missouri Baptist University is an evangelical Christian, liberal arts institution of higher learning whose purpose is to offer programs of study leading to professional certificates, undergraduate degrees, and graduate degrees in an environment of academic excellence from a Biblically-based Christian perspective. The University is committed to enriching students' lives spiritually, intellectually, and professionally, and to preparing students to serve in a global and culturally diverse society.

The University seeks to prepare students who are motivated by ideals of service for effective performance in careers which are appropriate to the Christian commitment of the University. The University is open to all qualified students, regardless of race, gender, national origin, religion, age, or qualified disability.

Faculty and students work together toward the following purposes:

1. To develop a personal philosophy of life and an ethical and spiritual commitment which is based upon an awareness of alternatives and which is examined in the light of Biblical revelation.
2. To grow in an understanding of themselves, as well as others, and to cultivate an ability to employ this knowledge for self-development, for mental and physical health, and for social and family relationships.
3. To prepare for living in harmony with the physical environment by becoming aware of its basic principles, and of the means for intelligent use and conservation of its resources.
4. To develop effectiveness in the use and understanding of communication, both spoken and written, employing analytical and logical thinking in the process.
5. To become contributors to society in a manner consistent with Christian principles, participating responsibly in church, school, community, and world affairs, employing insights derived from a broad range of studies.
6. To grow in understanding, appreciation, and enjoyment of literature and the arts, and to become participants in creative and aesthetic activities in the community.
7. To prepare for continuing study by becoming acquainted with electronic technology resources and methods of scholarly research.

## Missouri Baptist University's Commitment to Diversity

Missouri Baptist University is committed to maintaining a community that recognizes and values the inherent worth and dignity of every person. Missouri Baptist University affirms that an important part of the integration of faith and learning is the recognition that all people are created in the image of God and worthy of respect and dignity. We seek

to ensure that all students have full access to the educational, social, and spiritual growth opportunities that the University provides to ensure that students understand and appreciate one of the University's core values which is "social change through service and leadership."

Through its curricula and classroom experiences, the university seeks to develop and nurture diversity because it strengthens the organization, promotes creative problem solving, and enriches us all.

The goal is to present materials and activities that are respectful of diverse groups including, but not limited to, race, gender, color, national or ethnic origin, age, qualified disability, military service, learning differences, socioeconomic status, or genetic information.

## Institutional Objectives

**Critical Thinking:** Critical thinking is accurately interpreting evidence, identifying salient arguments, thoughtfully analyzing and evaluating alternative points of view, reaching judicious conclusions, justifying results, explaining assumptions and reasons, and fair-mindedly following where evidence and reasons lead.

1. Students will be able to demonstrate habits of critical inquiry and a mastery of critical thinking skills.
2. Students will demonstrate understanding of analysis, criticism, and advocacy in the context of both deductive and inductive reasoning.
3. Students will demonstrate the ability to identify relevant factors needed to make a decision, solve a problem, and produce cogent reasoning.

**Faith and Learning:** Faith and learning is a project whose goal is to ascertain and develop integral relationships between the Christian faith and human knowledge (in various academic disciplines), motivations, and behaviors.

1. Students will develop and demonstrate the use of critical tools to evaluate the relationship between faith and other disciplines.
2. Students will give evidence of developmentally appropriate levels of moral formation (thinking, affects, and behavior) that reflect not only reciprocity and fairness, but also caring and commitment.
3. Students will demonstrate the ability to explore and apply ethics and value systems in moral decision-making.

**Use of Technology:** The use of technology includes the ability of students to continually grow in the application of current and emerging technologies. These skills are reflected in the student's ability to employ appropriate technological learning tools for research, presentations, and in support of learning. Students must have the knowledge and skills to identify, locate, explore, and evaluate the suitability of technological resources including applications, tools, educational software, and associated documentation.

1. Students will demonstrate knowledge and skills in the nature and operation of technology systems.
2. Students will understand the ethical issues related to technology and practice responsible use of technological systems, information and software.
3. Students will use technology to enhance learning, increase productivity, engage in research, and promote creativity.
4. Students will use technology to collaborate, publish, and interact with peers, experts, and other audiences.
5. Students will employ technology in the development of strategies for solving problems in the real world.

**Developing a Diverse and Global Perspective:** Diversity takes many forms, including differences in organizational mission, educational levels, ideas, viewpoints, perspectives, values, religious beliefs, backgrounds, race, gender, age, human capacity, and ethnicity. People become more aware of differences and similarities in a variety of ways, including through processes of discovery and exploration, interaction,

collaboration, and partnering (HLC Handbook of Accreditation, 3.4). This diversity extends beyond the boundaries of one country or one ethnic group. Decisions in one part of the world may have consequences for people and institutions in other parts of the world. Global thinking is the recognition that citizens are part of a global community and interconnections are a crucial part of today's life (Ability-Based Learning Outcomes, Alverno College, 43).

1. Students will provide evidence through a variety of learning experiences of their ability to assess their own awareness of, sensitivity to, and respect for varying viewpoints, religious beliefs, race, gender, age, human capacity, and ethnicity.
2. Students will use disciplinary concepts and frameworks to gather information to explore possible responses and propose theoretical and pragmatic approaches to complex global issues.
3. Students will, through a variety of learning experiences, demonstrate the ability to engage in discussions of complex issues, with an awareness of the contexts and perspectives in the formation of diverse cultures, and to collaborate and draw out the best resolutions possible in relation to others based on an informed foundation.

**Oral and Written Communication:** Communication is the art of effectively expressing and exchanging ideas through speech and writing.

1. The student will communicate effectively in writing to various audiences.
2. The student will conduct meaningful research, including gathering information from primary and secondary sources incorporating and documenting source material in writing.
3. The student will evaluate and organize ideas for original oral presentations.
4. The student will communicate through effective public speaking by delivering a variety of speeches to various audiences.
5. The student will demonstrate mastery of basic written and oral communication, including the ability to read and listen with understanding and critical discernment

**Social Interaction:** Much of the world's work (discourse), whether it be in the local community or the global society, is accomplished through conversation, consultation, discussion, and debate on committees, task forces, boards, and political activities. The ability to relate to and interact with and within the wide variety of systems (individual, institutional, and organizational) is an essential skill for success. Students must develop social and political skills and competence in civil discourse to compliment which are expressed in written and oral form. To this end, social integration is integral to student learning outcomes.

1. Students will demonstrate an understanding of the analytical frameworks that undergird social interaction.
2. Students will employ the reflective process to perform self-assessment of attitudes, emotions, behaviors, and cognitive processes.
3. Students will demonstrate, through analysis and self-awareness, the ability to formulate strategies that increase their effectiveness in group and interpersonal interactions.
4. Students will demonstrate initiative in their willingness to engage in the negotiation of increasingly complex and diverse interpersonal situations.
5. Students will demonstrate leadership abilities to facilitate the achievement of professional goals in interpersonal and group interactions.

**Aesthetic Engagement:** The objective of the visual and performing arts in a core curriculum is to expand students' knowledge of the human condition and human cultures, especially in relation to behaviors, ideas, and values expressed in works of human imagination. Aesthetic engagement includes the ability to not only develop a basic

understanding of the historical and cross-cultural contexts of art, but the ability to participate in artistic endeavors, both as creator and active audience member (Ability-Based Learning, Alverno, p. 57). Through study in disciplines such as the visual and performing arts, students will engage in critical analysis, form aesthetic judgments, and develop an appreciation of the arts as fundamental to health and survival of any society.

1. Students will demonstrate an awareness of the scope and variety of works in the arts, including historical and/or cross-cultural expressions.
2. Students will participate in aesthetic events such as musical performances, dramatic presentations, poetry readings, visual art displays, and/or other forms of artistic activities.
3. Students will demonstrate the ability to critically analyze various artistic forms to develop informed choices and interpretations of the visual and performing arts.

*\*Some of the material used in the development of the institutional objectives and definitions was borrowed from websites of a number of colleges and universities including Alverno College and University of Houston.*

## Vision Framework

### Core Purpose

- To teach, empower, and inspire students for service and lifelong learning.

### Core Values

- We are serious and intentional about our Christian faith.
- We freely and responsibly search for truth.
- We strive for excellence.
- We believe in the importance and cultivation of character.
- We believe in social change through service and leadership.

### 20-year Goal

- Become widely known as a model Christian university and the best at integrating faith and learning.

## Accreditation, Approvals and Compliances

Missouri Baptist University is accredited by:

The Higher Learning Commission  
30 North LaSalle Street, Suite 2400  
Chicago, Illinois 60602-2504  
(312) 263-0456  
1-800-621-7440  
Fax: (312) 263-7462  
<http://www.hlcommission.org>  
Email: [info@hlcommission.org](mailto:info@hlcommission.org)

EXCEL, the dual credit (concurrent enrollment) program at Missouri Baptist University, is fully accredited by the National Alliance of Concurrent Enrollment Partnerships (NACEP).

The music degrees of Missouri Baptist University are approved by the National Association of Schools of Music (NASM).

The exercise science program has completed the accreditation requirements suggested by the Committee on Accreditation for the Exercise Sciences (CoAES) and is nationally accredited by the Commission on Accreditation of Allied Health Programs (CAAHEP).

All certification programs are accredited by the Missouri Department of Elementary and Secondary Education (DESE) and by the Council for the Accreditation of Educator Preparation (CAEP).

The University is approved by the Department of Elementary and Secondary Education, Jefferson City, Missouri, for requirements in general education and certification for elementary and secondary teachers; the training of veterans under Public Law 550 and 894, 82nd Congress; and for the training of sons and daughters of deceased veterans under the War Orphan's Educational Assistance Act.

In compliance with federal law, including provisions of Title IX of the Education Amendments of 1972 and Section 504 of the Rehabilitation Act of 1973, Missouri Baptist University does not illegally discriminate on the basis of race, gender, color, national or ethnic origin, age, qualified disability, or military service in admission or in the administration of its education policies, programs, and activities. Inquiries or complaints should be directed to the Provost/Senior Vice President for Academic Affairs..

## Student Right-to-Know Act

In accordance with Public Law 101-542, Missouri Baptist University reports 64% of first-time freshmen students return the second year. For more information, visit our website at the following link: <https://www.mobap.edu/about-mbu/student-consumer-information/>.

## Campus Security Act

In Compliance with the Jeanne Clery Act, the Missouri Baptist University Public Safety Office publishes an Annual Security and Fire Safety Report on personal safety and crime statistics. The report is available on request from the Public Safety Office and is posted on the University's website at the following link: <https://www.mobap.edu/student-life/safety/clery-reports-andtitle-ix-policy/>

## Institutional Memberships

Missouri Baptist University is accredited by the Higher Learning Commission.

The University holds memberships in the following organizations: Accreditation Council for Business Schools and Programs (ACBSP), American Association of Colleges for Teacher Education, American Association of Collegiate Registrars and Admissions Officers, American Association of Independent Colleges and University Presidents, American College Personnel Association (ACPA), American Library Association, American Society for Church History, Ameristudy, Association for Christians in Student Development (ACSD), Association of Business Administrators of Christian Colleges, Association of Christian Librarians (ACL), Association of International Educators (NAFSA), Association of Supervision and Curriculum Development, Association of Southern Baptist Admissions Personnel, Association of Veterans Education Certifying Officials, Association of Higher Education and Disability, Baptist History and Heritage Society, Central Association of College and University Business Officers, CharacterPlus, CollegeSource Online, Commission of Accreditation of Allied Health Education Programs, Committee on Transfer and Articulation (COTA), Conference for Faith and History, Consortium for Global Education, Council of Independent Colleges, Council for Christian Colleges and Universities, Evangelical Theological Society, Higher Learning Commission (HLC), Independent Colleges and Universities of Missouri, International Association of Baptist Colleges and Universities, International Education Council of Missouri and Illinois (IECMI), Mid-American Association for Institutional Research, Midwest Association of Student Financial Aid Administrators, Missouri Alliance of Concurrent Enrollment Partnerships, Missouri Association for College Admission

Counseling, Missouri Association of Academic Deans, Missouri Association of Colleges of Teacher Education, Missouri Association of Collegiate Registrars and Admissions Officers, Missouri Association of Student Financial Aid Personnel, Missouri Association of Higher Education and Disability, Missouri Baptist Historical Society, Missouri Historical Society, Missouri Library Association, National Academic Advising Association, National Alliance of Concurrent Enrollment Partnerships, National Association for College Admission Counseling, National Association for Colleges and Employers (NACE), National Association of College and University Business Officers, National Association of Independent Colleges and Universities, National Association of Intercollegiate Athletics, National Association of Schools of Music (NASM), National Association of Student Financial Aid Administrators, National Association of Student Personnel Administrators (NASPA), National Collegiate Honors Council, National Council for State Authorization Reciprocity Agreements, National Council for Accreditation of Teacher Education, National Council of Teachers of English, National Council of Teachers of Math, National Geography Society, National Society of Fundraising Executives, North American Coalition for Christian Admissions Professionals, Society of Biblical Literature, St. Louis Regional Library Network, State Historical Society of Missouri.

## Board of Trustees

Missouri Baptist University is a private, coeducational, liberal arts university, operated in affiliation with the Missouri Baptist Convention and governed by a Board of Trustees chosen by the Convention.

## Campus Facilities

**ADMINISTRATION BUILDING** contains the Offices of Admissions, Advisement, Business Affairs, and Student Financial Services. Several lecture classrooms are on the first and second floors. The natural science laboratories and faculty offices for the Natural Sciences Division are on the second floor. Courses scheduled to meet in this building have a classroom designation that begins with ADM.

**TWO MODULAR BUILDINGS**, adjacent to the Administration Building and W. L. Muncy, Jr., Gymnasium, house the Public Safety and Transportation, Information Technologies, Study Abroad, and the Adult and Online Program offices as well as offices for faculty in the Education, Humanities, and Social and Behavioral Sciences Divisions.

**W. L. MUNCY, JR. GYMNASIUM** is used for intramural sports and physical activity classes. The building also houses a free weight room, the wrestling and cheerleading programs, offices for graduate assistants, wrestling coaches, one classroom, and the human performance lab. Courses scheduled to meet in this building have a classroom designation that begins with MUN.

**THE CARL AND DELORIS PETTY SPORTS AND RECREATION COMPLEX**, is located across the Quad from the Administration Building. In addition to the college regulation basketball court used for intercollegiate athletics, the building houses a fitness center, indoor track, group fitness room, two classrooms, a conference room, locker rooms, athletic training room, Spartan Hall, as well as offices for head and assistant coaches, athletic trainers, athletics administrators, the Sports and Recreation Complex Manager, and faculty in the Health and Sport Sciences Division. Courses scheduled to meet in this building have a classroom designation that begins with SRC.

**THE PERK COFFEE SHOP** is located between the Sports and Recreation Complex and the library. It functions as a social gathering place for students, faculty, and staff.

**THE SPARTAN STORE** is operated by Follett on the Main campus as a service to the students, faculty, staff, and alumni. The Spartan Store is

located next to the Perk behind the Jung-Kellogg Library, marking the entrance to Spartan Village. Textbooks, e-books, healthy snacks, school supplies, Spartan apparel, and accessories are among the many items available. Textbooks, school supplies, apparel, gifts, along with numerous other items can be ordered on the MBU bookstore website, [www.mobap.bkstr.com](http://www.mobap.bkstr.com).

**JUNG-KELLOGG LIBRARY**, located between the Administration Building and the Thomas and Virginia Field Academic Hall, houses approximately 31,436 volumes, 154 periodical titles, and a collection of DVD's. The Library subscribes to over 110 databases in Education, Applied Sciences, Science, Social Sciences, Religion, Nursing, Music, Health and Sport Management, and Business, and has also acquired access to electronic books in multiple academic disciplines. The electronic resources can be accessed on campus and remotely with a valid student ID.

Access to the library collection is open to students, staff, faculty, alumni, and to the local community during library operating hours. The library home page is <http://www.mobap.edu/studentlife/library>.

The Library is a member of the St. Louis Regional Library Network, MLA, ALA, and MOREnet, and a participating member of MOBIUS (Missouri Online Bibliographic Information Users System), which is the common library platform in the State of Missouri linking close to 77 academic libraries and their collections through Interlibrary Loan.

Courses scheduled to meet in this building have a classroom designation that begins with LIB.

**THE THOMAS AND VIRGINIA FIELD ACADEMIC HALL**, next to the library, houses classrooms, the instructional computer laboratory, a student-access computer laboratory, Academic Success Center, Dining Hall, faculty offices for the Business, Education, Humanities, and Social and Behavioral Science Divisions, and the following administrative offices: Institutional Advancement, Student Development, Graduate Studies, Records, Institutional Research, EXCEL Program, and Provost/Academic Affairs. Courses scheduled to meet in this building have a classroom designation that begins with FLD.

**THE DINING HALL** provides food service for resident and commuter students, faculty, and guests during regular dining hours and on weekends. The Dining Hall is located on the main floor of the Thomas and Virginia Field Academic Hall.

**THE ACADEMIC SUCCESS CENTER (ASC)**, which operates under the Office of Student Development, is located on the Main campus of Missouri Baptist University on the lower level of Virginia Field Academic Hall in rooms FLD-119 and FLD-117. The Academic Success Center's mission is to provide a holistic approach to student success and academically advise all new students to MBU and to provide resources that will enhance student learning in and outside of the classroom environment.

Student Success Advisors provide first-year advising and orientation to first time freshman and new transfer students. Incoming first time freshman who are admitted on probation participate in the Quest mentoring program and have regularly scheduled meetings with their Student Success Advisor. Collegiate Seminar and Transfer Orientation are coordinated through the ASC under the direction of the Director of Student Success. In these ways, the ASC strives to see the student holistically, recognizing their unique physical, mental, emotional, social, cultural, and spiritual aspects and encourage their development as a whole person.

Tutoring services are also offered by the ASC providing students with individualized help across disciplines including general education courses. Study skill development is also provided through personal coaching, videos and handouts to help with time management, how to

study, and overall academic goal setting. The Writing Lab is another ASC service which allows students to meet with a writing coach to receive help with various parts of the writing process including brainstorming, structuring a paper, improving grammar, and properly citing sources.

In addition to classroom make-up tests, examinations – including the ACT, Residual ACT, Proficiency Profile, MoGEA, DSST, Major Field Tests, and CPCE – are scheduled, administered, and supervised by the Coordinator of Assessment under the direction of the Director of Student Success.

The Special Needs Coordinator(s) provides services for students who have documented disabilities of a permanent or temporary nature. Individuals with major life disabilities such as physical handicaps, learning disabilities, attention deficit disorder, visual impairments, hearing impairments, and/or medical disabilities may receive accommodations to minimize barriers to education. In order to receive services, students must self-identify their disability to a Special Needs Access Coordinator located in the Academic Success Center.

For more information regarding accommodations please visit: <http://www.mobap.edu/special-needs-access/>. Additional information about the ASC can be found at <http://www.mobap.edu/success/>.

**THE PILLSBURY CHAPEL AND DALE WILLIAMS FINE ARTS CENTER** houses the Pillsbury Chapel, Don and Mary Pillsbury Wainwright Performance Hall, Mabee Great Hall, the Fine Arts Division, the Office of the President, Office of Calendaring and Special Events, and the Board Room. Classrooms, music and communications studios, practice rooms, and faculty offices are located on the lower level, while the Don and Mary Pillsbury Wainwright Performance Hall, Rehearsal Hall, Office of the President, Office of Calendaring and Special Events, and the Board Room are located on the main floor. The Mabee Great Hall offers a venue for banquets, receptions, and other events on campus. The Pillsbury Chapel provides a worship area for weekly chapel services as well as a theater for musical and dramatic presentations and concerts. The Don and Mary Pillsbury Wainwright Performance Hall provides a great small venue theatre for student recitals, music, drama, and smaller concerts. Courses scheduled to meet in this building have a classroom designation that begins with CFA.

**RESIDENCE HALLS** provide resident living for students. Refreshment machines and projection televisions are located in the main lobbies of Pillsbury-Huff and North Halls. North Hall has an additional lounge upstairs and Pillsbury-Huff Hall has additional lounges attached to both wings. Each suite-style room is fully furnished with a bed, dresser and desk for each student, as well as a private bathroom. Wireless and high-speed Internet connections, digital cable, computer labs, and laundry facilities are also available in each dormitory. All residence halls are handicapped accessible.

**Pillsbury-Huff Hall**, opened in 1980 and renovated in 1994, houses 100 male students. It has five lounge areas and a networked computer lab. Each suite has two bedrooms and a private bath.

**North Hall**, opened in 1996, provides housing for 100 female students. There are two lounge areas and a game room, a kitchen area for residence life activities, and a networked computer lab.

**Spartan Village Apartments**, opened for the Fall 2011 semester, provides apartment-style housing for 40 upperclassmen in two buildings, one for men and one for women. Each unit includes four bedrooms, a living room, and full kitchen. Upper level units feature balconies while lower level units have patios.

**Spartan Village Rowhouse**, opened for the Fall 2013 semester, provides housing for 106 students and feature communal living spaces with a living room and kitchen in each suite.

**Spartan Village Dorms**, opened for the Fall 2016 semester, provides a traditional housing experience. Two students will share a bedroom and their own private bathroom. A lobby and laundry room are located in the lowest level of each building with a quiet study space on the third floor.

**THE MAINTENANCE BUILDING**, located adjacent to Pillsbury-Huff Hall, houses Campus Operations.

**SPARTAN FIELD and FIELD HOUSE**, located on the campus' west side, opened in Fall 2015. This new complex includes an artificial turf field, coaches' offices, meeting space, and locker rooms. An eight-lane track, field lights, women's locker room, public restrooms, concession stand, bleachers, storage, weight room and an enhanced entrance plaza is scheduled for completion in January of 2020.

**THE MBU SCHOOL OF NURSING**, which began offering classes in January 2018, is located in the Walker Medical Building, 12855 N. Forty Dr., Suite 300, St. Louis, MO 63141, adjacent to the Main campus. This facility includes offices for faculty and staff, classrooms, laboratories, and a student lounge.

---

## Undergraduate Admissions

---

Missouri Baptist University is open to academically and morally qualified graduates of accredited secondary schools and students transferring from accredited colleges regardless of national origin, race, religious beliefs, gender, age, or qualified disability. Special criteria have been established to receive applications from students who have been home-schooled, have completed their GED® or HiSET®, or have graduated from a non-accredited high school. Special arrangements may also be made for students still in high school for dual enrollment.

Missouri Baptist University seeks applications from persons who have shown capacity for scholarship, initiative, a prevailing attitude of maturity, and who are motivated by ideals of service.

All prospective undergraduate students must file appropriate documents for admission with the Director of Admissions.

Necessary forms may be obtained from:

Director of Admissions  
Missouri Baptist University  
One College Park Drive  
St. Louis, MO 63141-868698  
Internet: [www.mobap.edu](http://www.mobap.edu)

All undergraduate students who are (a) seeking to enroll in classes at Missouri Baptist University for the first time or (b) returning to Missouri Baptist University after having been absent the preceding semester (excluding Winterim or Summer Terms) must apply for admission under one of the following categories:

- I. Degree-Seeking Status
- II. Non-Degree-Seeking Status
- III. Provisional Status

Continuing students are those pursuing uninterrupted study at Missouri Baptist University after having been accepted for unconditional admission. An application for admission is not required for continuing students. Continuing students are not required to attend Winterim or Summer Terms to be classified as continuing.

First-time undergraduate students applying to Missouri Baptist University must have complete files and must have received official acceptance to the university prior to official enrollment in classes.

## Procedures for Undergraduate Admission

### Admission Procedures for Undergraduate Degree-Seeking Status

#### First-Semester Freshmen

For regular admission to Missouri Baptist University, a first-semester freshman must be a graduate of an accredited high school, or equivalent, with a minimum of 24 units of credit including:

- English/Language Arts - 4 units
- Social Studies - 3 units
- Mathematics - 3 units
- Science - 3 units
- Fine Arts - 1 unit
- Additional Coursework - 3 units \*
- Electives - 7 units \*\*

\*Missouri public high school students are required by the State Board of Education to complete units in practical arts (1), physical education (1), health education (1/2), and personal finance (1/2).

\*\*All students should complete at least 3 elective units total in foreign language and/or other courses within high school core content areas defined below. Two units of a single foreign language are strongly recommended.

For each high school core content area, descriptions follow that provide illustrations of coursework acceptable and unacceptable for the high school core curriculum.

### English/Language Arts

- English/language arts coursework (4 units) emphasizes college preparatory composition, research skills, analysis of literature, and other content of comparable or greater rigor. Speech and debate courses may be included.
- Coursework not acceptable for the high school core curriculum emphasizes student publications, broadcast media, or theater.

### Social Studies

- Social studies coursework (3 units) emphasizes American history, Missouri government and Missouri history as required by state statute, geography/world civilizations, and other content of comparable or greater rigor.
- Coursework not acceptable for the high school core curriculum emphasizes family/human development or consumer education.

### Mathematics

- Mathematics coursework (3 units) emphasizes college preparatory algebra and other content of comparable or greater rigor. Students who complete algebra prior to the freshman year would be expected to complete 3 additional units in grades 9-12.
- Coursework not acceptable for the high school core curriculum emphasizes pre-algebra, computer math/ programming, consumer/basic math, or business math/ accounting.

### Science

- Science coursework (3 units) emphasizes college preparatory biology, chemistry, and other content of comparable or greater rigor. Science coursework should include at least one laboratory course.
- Coursework not acceptable for the high school core curriculum emphasizes general or consumer science.

### Fine Arts

- Fine arts coursework (1 unit) emphasizes visual arts, instrumental or vocal music, dance, theater, or other content of comparable or greater rigor. Critical analysis, theory, or "appreciation" courses may be included.
- Coursework not acceptable for the high school core curriculum emphasizes speech, debate, or broadcast media.

### First-time freshmen must submit or arrange:

1. Application for admission.
2. Official high school transcript with seal, received only by mail from the high school office (hand carried transcripts or transcripts mailed by the student will not be accepted as OFFICIAL). MBU also accepts electronic transcripts from the following services: Parchment, E-Script, and National Clearing House. Electronic transcripts should be emailed to [recordsoffice@mobap.edu](mailto:recordsoffice@mobap.edu). Sixth and seventh semester high school transcripts will be accepted for admission consideration pending receipt of a final (eighth semester) transcript immediately following graduation. The final transcript must reflect senior year credits, cumulative grade point average of at

least a 2.0 on a 4.0 scale, final rank in the upper 50 percent of the graduating class, and date of graduation. *NOTE: Students not ranking in the upper half of their class may be admitted on a probationary basis.* Students may submit a GED® or HiSET® score in lieu of high school transcripts. Home-schooled students must submit a transcript outlining completion of required secondary level coursework as outlined above.

3. American College Testing Program (ACT) and/or Scholastic Aptitude Test (SAT) examination score(s). A minimum score of 20 is required on the ACT and/or a minimum score of 1030 on the SAT. MBU's ACT code is 2323 and SAT code is 2258. *NOTE: Students not achieving the minimum score for regular admission may be admitted on a probationary basis.*
4. Ensure that the recommendation form is completed and returned (this form is included in the application for admission).
5. Missouri Baptist University requires that proof of health insurance and immunization record for resident students be filed in the Residence Life Office. The record should include measles/mumps/rubella, tetanus, diphtheria, polio, hepatitis B, and a tuberculosis test. This may also include any Federal mandated vaccine. **The meningococcal (meningitis) and varicella (chicken pox) vaccines are strongly recommended for students living in the residence halls, but are not required. Resident students electing not to receive the meningitis vaccination will be required to sign a waiver.** It is also recommended that non-residents complete this file.
6. Any other specific health needs should be included in case of an emergency. It is recommended that non-resident students also complete this file. Students may request that appropriate health records, including immunization records, be sent from their high school records office to Missouri Baptist University.
7. A completed and returned housing contract (RESIDENT STUDENTS ONLY) with a housing deposit. A room will not be reserved without receipt of the housing contract and deposit.
8. A campus visit with your Admissions Counselor.
9. Students who have taken courses for college credit while in high school (dual enrollment) must submit official transcripts, sent by mail from the college at which the credit was earned, prior to the beginning of their first semester in order to avoid repeating any classes. MBU also accepts electronic transcripts from the following services: Parchment, E-Script, and National Clearing House. Electronic transcripts should be emailed to [recordsoffice@mobap.edu](mailto:recordsoffice@mobap.edu). **Hand carried transcripts, faxed transcripts, and transcripts "Issued to Student" will not be accepted.** Students who have taken the Advanced Placement (AP) examination for college credit must also submit their scores at the time of application in order to receive credit and to avoid repeating any classes for which credit may have been earned. (See catalog section on Advanced Standing.)
10. A deposit of \$200.00 will be required upon acceptance. For fall enrollment, the \$200.00 deposit is non-refundable after May 1 prior to the semester of enrollment. For spring enrollment, the \$200 is non-refundable after December 1 prior to the semester of enrollment.

### Undergraduate Transfer Students

A maximum of 70 hours of credit from a community college or other two-year school is acceptable in transfer with exceptions as stipulated under current articulation agreements. See the

catalog section on Advanced Standing for more information. A student under suspension from another institution is not eligible for admission to Missouri Baptist University.

#### A transfer student must submit or arrange:

1. Application for admission.
2. Official transcripts from ALL colleges, universities, and post-secondary schools. Failure to disclose ALL previously attended schools may be deemed as falsification of information on the application and may make the student ineligible for admission or subject to separation from the university if disclosed after enrollment at MBU. *An applicant is never permitted to disregard his/her record of any previous enrollment at another postsecondary institution.* Students applying for federal financial aid including grants and loans must also submit an official high school transcript, GED®, or HiSET®. Students must submit official transcripts mailed **directly** from **each** regionally or nationally accredited college, university, or other post-secondary institution attended. This **includes** original transcripts for any course accepted as transfer credit on another institution's transcript. Only transcripts mailed directly to Missouri Baptist University Admissions Office will be accepted as official copies. MBU also accepts electronic transcripts from the following services: Parchment, E-Script, and National Clearing House. Electronic transcripts should be emailed to recordsoffice@mobap.edu. **Hand carried transcripts, faxed transcripts, and transcripts "Issued to Student" will not be accepted.** If the student is currently enrolled at another college, a preliminary transcript must be sent for admission consideration. A final transcript must be submitted immediately upon completion of the coursework. A student must have earned/completed 12 or more hours of non-remedial and/or non-development coursework with a cumulative grade point average of 2.0 on a 4.0 scale, indicating satisfactory progress toward a degree. Students not meeting this standard will be required to meet Freshman entrance requirements. If less than twelve credit hours of college work are being transferred, the student is required to submit an official copy of his/her high school transcript. The final high school transcript must reflect senior year credits, cumulative grade point average, final class rank, and date of graduation.
3. Students seeking to receive credit by examination (CLEP, DSST, AP, etc.) must submit score reports at the time application is made. Original score reports are required for the awarding of credit. (See catalog section on Advanced Standing.)
4. American College Testing Program (ACT) and/or Scholastic Aptitude Test (SAT) examination scores are required of transfer students for admission to certain academic programs, such as Teacher Education.
5. Ensure that the recommendation form is completed and returned (this form is included in the application for admission).
6. Missouri Baptist University requires that proof of health insurance and immunization record for resident students be filed in the Residence Life Office. The record should include measles/mumps/rubella, tetanus, diphtheria, polio, hepatitis B, and a tuberculosis test. This may also include any Federal mandated vaccine. **The meningococcal (meningitis) and varicella (chicken pox) vaccines are strongly recommended for students living in the residence halls, but are not**

**required. Resident students electing not to receive the meningitis vaccination will be required to sign a waiver.** It is also recommended that non-residents complete this file.

7. A completed and returned housing contract (RESIDENT STUDENTS ONLY) with a housing deposit. A room will not be reserved without receipt of the housing contract and deposit.
8. A campus visit with your Admissions Counselor.
9. A transfer student with junior standing (at least 60 credit hours or above) must file a graduation application with the Director of Records during the first semester of enrollment at Missouri Baptist University as notice of intent to graduate and complete a graduation check appointment with the Director of Records. Transfer of credit is evaluated on an individual course basis, except as indicated for students transferring under current articulation agreements.

#### Readmit Students

Undergraduate readmit students are students returning to Missouri Baptist University after having been absent the preceding semester (excluding Winterim or Summer Terms).

#### Readmit students must submit:

1. Application for admission.
2. Official transcripts from ALL colleges, universities, and post-secondary schools attended since the last semester of enrollment at Missouri Baptist University. If the student is currently enrolled at another college, a preliminary transcript must be sent for readmission consideration. A final transcript must be submitted immediately upon completion of the coursework. Students must submit official transcripts mailed **directly** from **each** regionally or nationally accredited college, university, or other post-secondary institution attended. This **includes** original transcripts for any course accepted as transfer credit on another institution's transcript. Only transcripts mailed directly to Missouri Baptist University Admissions Office will be accepted as official copies. MBU also accepts electronic transcripts from the following services: Parchment, E-Script, and National Clearing House. Electronic transcripts should be emailed to recordsoffice@mobap.edu. **Hand carried transcripts, faxed transcripts, and transcripts "Issued to Student" will not be accepted.**
3. Missouri Baptist University requires that proof of health insurance and immunization record for resident students be filed in the Residence Life Office. The record should include measles/mumps/rubella, tetanus, diphtheria, polio, hepatitis B, and a tuberculosis test. This may also include any Federal mandated vaccine. **The meningococcal (meningitis) and varicella (chicken pox) vaccines are strongly recommended for students living in the residence halls, but are not required. Resident Students electing not to receive the meningitis vaccination will be required to sign a waiver.** It is also recommended that non-residents complete this file. Students may request that appropriate health records, including immunization records, be sent from their high school records office to Missouri Baptist University.
4. A completed and returned housing contract (RESIDENT STUDENTS ONLY) with a housing deposit. A room will not be reserved without receipt of the housing contract and deposit.
5. A written petition to the Senior Vice President for Academic Affairs requesting permission to enroll if the student's last enrollment at MBU reflects an "academic suspension" status.

## Admission Procedures for Undergraduate Non-Degree Seeking Status\*

Undergraduate students who have elected not to pursue a degree, or who are not presently eligible to seek a degree, may apply for admission to Missouri Baptist University by submitting the following information as applies to their particular circumstance:

- A. Visiting students, who are currently attending another institution, and are taking classes at Missouri Baptist University to transfer back to their institution, must submit:
  1. A non-degree seeking application.
  2. A letter of good standing from the institution at which they are pursuing a degree. This statement must be on file within two weeks after the beginning of classes or the student may be administratively withdrawn from Missouri Baptist University.
- B. Students who will be relocating before they can complete a degree, or adult students who wish to register for classes and have no interest in pursuing a degree, must submit:
  1. A non-degree seeking application.
- C. High School Dual Enrollment on Campus:
  1. Complete and submit an application for admission.
  2. An up-to-date transcript showing courses completed in the home school or Christian high school curriculum and listing grades for those courses.
  3. ACT/SAT composite score (although this is not a requirement for admission, it does help with course placement).
  4. Students must arrange a campus visit with the Office of Admissions. Call 314-392-2290 to register for classes.

Students who have been admitted on a non-degree seeking basis and who wish to change to a degree seeking status must submit all documents required as previously outlined, including a degree seeking application.

**NOTE: Financial aid may be available on a limited basis to non-degree seeking students. Please see the catalog section on Financial Support or contact the Student Financial Services Office.**

*\*Although official transcripts are not required for admission, a transcript (official or unofficial) may be needed to document that prerequisites have been met before registering for certain courses.*

## Admission Procedures for Undergraduate Probationary Admission

Undergraduate students who do not meet admission requirements may be admitted on a probationary basis. These students may be freshmen or transfers. Students admitted under this provision must submit all documents required for regular admission. In addition, they must submit a letter to the Admissions Committee requesting probationary admission.

Students admitted on probation will be limited to 12 credit hours per semester, with the exception of those taking a laboratory science, enrolled in Collegiate Seminar, or participating in varsity athletics, who may be allowed to enroll for up to 13 credit hours. Students on probationary admission are required to show academic progress by achieving a minimum of a 2.0 cumulative grade point average on a 4.0 scale by the end of their first semester. Students who achieve a 2.0 or better will have their academic status changed to good standing. Students who fail to achieve a 2.0 cumulative GPA on a 4.0 scale will be placed on academic probation. See catalog section on Academic Probation and Suspension.

## Admission Procedures for Undergraduate International Students

A SEVIS Form I-20 will not be issued until a prospective international student has submitted all required documents, the Admissions Committee has reviewed the file, and official acceptance has been achieved. The following documents must be submitted for admission consideration:

1. Fully complete and signed Application for Admission.
2. All transcripts, academic records, diplomas, exams, etc... required for graduation from your secondary school sent directly to MBU by the school, examination body or other specified entity. All documents must be mailed, scanned or faxed documents will not be accepted for admission. Required documents will be specifically required depending on the student's country of origin. All records must be sent in native language and English. If the school cannot provide an English translation the student must provide a certified English translation. All translations must be literal, word for word translations. All documents will be evaluated by ISS based on a standard 4.0 scale. A 2.0 cumulative GPA on a 4.0 scale is required for admission. Exceptions: Education USA verification will also be accepted as official in countries where additional transcripts are not released by the school. Copies of the original must be front and back, clearly legible, color copies. Sixth and seventh semester high school transcripts will be accepted for admission consideration pending receipt of final (eighth semester/or final semester) transcript immediately following graduation.
3. Evidence of English proficiency. This is determined by one of the following tests. Official, original results are required. Copies of test results cannot be used for admission.

|  |                                      |
|--|--------------------------------------|
| IELTS                                  | 6.5*                                 |
| PTE (Pearson Test of English Academic) | 58*                                  |
| TOEFL- Internet-based (MBU code: 2717) | 80*                                  |
| TOEFL-Computer based (MBU code: 2717)  | 213*                                 |
| TOEFL- Paper-based (MBU code: 2717)    | 550*                                 |
| ELS (English for Academic Purposes)    | Completed Level 112                  |
| SAT (MBU code 2258)                    | 430 writing/450 critical reading*    |
| ACT (MBU code 2323)                    | 19 reading score/20 English/Writing* |

### \*Minimum Score

Note: Students from the following countries who have completed high school or secondary school are not required to prove English Proficiency: Australia, Belize, Canada (except Quebec), the Fiji Islands, Guyana, Ireland, Jamaica, Kenya, New Zealand, Uganda, United Kingdom, Zimbabwe and English speaking countries in the Caribbean upon approval by the Director of International Student Services.

An English Proficiency Exam may be waived at the discretion of the Director of International Student Services if a student has completed at least 24 university level credit hours at another U.S. college or university with the minimum GPA of a 2.0 on a 4.0 scale. ESL/ELS/EIEP classes or any other remedial courses, even if taken in a university setting, will not be accepted toward the English Proficiency waiver. A waiver cannot be considered until official transcripts are submitted.

ELS Level 112 may be used as proof of English Proficiency. A copy of the completion certificate is needed for admission.

Students who attended a High School in the U.S. may be waived from the English Proficiency requirement if they have completed at least two years in the U.S. and have a minimum of a 2.0 CGPA.

5. Official, original results from American College Testing Program (ACT) and/or Scholastic Aptitude Test (SAT). MBU's ACT code is 2323. MBU's SAT code is 2258. SAT and/ or ACT scores are not required for acceptance to MBU as an international applicant. However, they are used when evaluating scholarship eligibility. A minimum SAT writing and language score of 25 and writing score of 19 OR an ACT reading score of 19 and English score of 20 or above may be used in place of the TOEFL, IELTS or PTE to prove English proficiency.
6. One letter of recommendation. Original may be sent by applicant, or reference may email scanned form or letter directly to ISS.
7. Signed and dated Financial Estimate Worksheet.
8. Proof of financial ability to support himself/herself while attending MBU. This proof must be in the form of:
  1. An original bank statement, savings account statement, or bank letter in English no more than two months old showing the current balance at the time of print. If bank statements are in a language other than English a certified translation must accompany the financial document.
  2. An affidavit of support from a sponsor defining the exact amount of available funds designated to the student, guaranteeing support of student at the specified amount throughout course of study at MBU, and the period of time for which support is pledged. This requirement is waived if the student is providing proof of his/her own personal funds in sufficient amounts to cover all expenses in the bank statement as outlined in (a); ANTD
  3. The complete name, physical address, phone number and email address of the student's financial sponsor.
9. Transcripts from all foreign universities must be submitted to one of three foreign credential evaluation agencies:

AACRAO Foreign Credential Services  
International Education Services  
One Dupont Circle, NW, Suite #520  
Washington, D.C. 20036-1135  
Tel: 202/293-9161 Fax: 202/872-8857  
oies@aacrao.org  
<http://www.aacrao.org>

Educational Credential Evaluators\*\*  
PO Box 514070  
Milwaukee WI 53203-3470, USA  
Tel: 414/289-3400 Fax: 414/289-3411  
eval@ece.org

World Education Services, Inc.  
P.O. Box 5087  
Bowling Green Station  
New York, NY 10274-5087, USA  
Tel: 212/966-6311 Fax: 212/739-6120  
info@wes.org  
<http://www.wes.org>

\*\* Students seeking teaching certification should **NOT** use ECE, Inc. This agency is not approved by the Department of

*Elementary and Secondary Education. For DESE approved evaluation agencies, see the Education section of the catalog.* The results from the evaluation must be mailed to Missouri Baptist University. Unless an applicant selects an express processing and delivery method, this process typically takes 21 to 35 days. There is a fee for this evaluation. Students may obtain an application for evaluation of transcripts by contacting any of the services listed above or through the Missouri Baptist University Office of International Student Services, (314) 744-5301. Copies of transcripts, the application, and the fee must be submitted to the above address. If required, this request must be made immediately after application for admission to Missouri Baptist University so that results will be received in time for registration. Upon receipt of the evaluation of foreign transcripts, Missouri Baptist University will determine whether credits may be applied toward a degree. If it is determined that the student has earned less than 12 hours of academic credit in comparison to the American college and university system, the student will be required to meet the admissions criteria for a First-time International Freshman. Students must adhere to the above procedures in order to receive credit for previous college work.

10. Intern International Student Health Insurance Plan: By university policy, all F-1 international students are required to have health insurance, and students are automatically enrolled in the International Student Health Plan when they enroll in classes at MBU. Regardless of the number of credit hours being taken, enrolled international students must participate in the International Student Health Plan. If a student arrives with sufficient coverage provided through a parent's policy, through his/her home country's government or through a spouse who is living or working in the U.S., the student may request a waiver of the university's health insurance policy. The student must complete a Waiver Request form and submit it along with proof of insurance coverage (valid insurance card and complete coverage information in English) to the Office of International Student Services when the student first arrives on campus. This information must be submitted by the end of the first week of classes or the student's account will be automatically billed for health insurance. Completion of the waiver is NOT a guarantee of waiver's approval. The student health policy year is from the first day of Fall term classes through the day before the following Fall term begins. Benefits include prescription drug discounts, outpatient and inpatient care up to policy limits, free visits to any TakeCare clinics, and many other things. The plan can be viewed online at [www.lewermark.com](http://www.lewermark.com). Once at [www.lewermark.com](http://www.lewermark.com), click on "International" in the middle of the page, then click on "LewerMark Co-Pay Plans" and review the information presented in the middle column ("LM100C LewerMark 100 Copay"). There are some items that are NOT covered by the policy and ALL STUDENTS are strongly encouraged to READ THE ENTIRE POLICY. For exclusions of the plan, click on "Plan Exclusions" at the bottom of the page. The link to the complete policy for MBU international students is <http://www.lewermark.com/mobap>. For additional questions, please contact The Lewer Agency of Kansas City at 800-821-7710 or the Office of International Student Services at 314-744-5301.
11. A \$200 admissions deposit. This deposit is required upon acceptance and must be paid before enrollment and before the New Student Packet, which includes the I-20, can be sent. It will be applied to first semester tuition and fees. If the student chooses to attend another institution after paying the deposit, the amount may be refunded minus an administrative withdrawal fee. The fee is refundable before May 1st for Fall applicants and before October 1st for Spring applicants depending upon the form of payment.

- For students outside the U.S., copies of the following items are not required for admissions but before the new student packet can be sent: copy of the passport biographical page(s). For students within the U.S., copies of the following items are not required for admissions but before the new student packet can be sent: passport, copy of visa or USCIS approval notice, I-94 and I-20.

## Enrollment Procedures for Undergraduate International Students

- Per immigration law, international students in F-1 or J-1 status must be enrolled a minimum of 12 credit hours (undergraduate) and 6 credit hours (graduate) in the Fall and Spring semesters to maintain their visa status. Immigration allows less than full-time enrollment in certain circumstances, such as final semester of study or documented medical illness. For a full listing of reasons, please contact the Office of International Student Services. If the student will not be enrolled full-time, he or she must receive permission from International Services prior to registering for less than a full course load or prior to dropping below a full course load.
- Only three (3) credit hours of distance learning (online) courses may be counted towards the minimum full-time enrollment requirement. If a student is registered for more than the minimum enrollment requirements, then that student may enroll in more than three credit hours of distance learning. For example, an undergraduate student enrolled in fifteen (15) total credit hours may take up to six (6) credit hours of online courses.
- Students in their final semester of study may not enroll in only online course(s). This prohibition includes the summer semester if summer is the student's final semester.
- Per immigration law, F-1 students must attend the college/university and campus listed on their current I-20 (immigration document). Most F-1 students will have immigration documents that list the Main (West County) campus as the campus of attendance. Only MEA and Ed.S. students will be admitted to complete their degree programs at a Regional Learning Center.
- Only five MBU Regional Learning Centers have been approved by the Department of Homeland Security's Student and Exchange Visitor program to have international students. These are MBU-Troy/Wentzville, MBU at Jefferson College, MBU in Arnold, and MBU in Union. International students must have prior approval from the Office of International Students to take courses at these locations.
- International students in other visa or immigration statuses are not subject to the same restrictions as F-1 and J-1 students. International students who are subject to the above requirements will have an alert in CAMS under the FERPA Warning section as International.

## General Information for All Undergraduate Applicants

### Notification of Acceptance

The file of an applicant is presented to the Admissions Committee for review upon receipt of all required documents. Upon approval by the Committee, a formal notice of acceptance will be mailed to the student. A deposit of \$200.00 will be required upon acceptance for first-time freshmen. The \$200.00 deposit is nonrefundable after the May 1 prior to the semester of enrollment.

### Suspension from Other Institutions

Students under suspension from another institution are not eligible for admission to Missouri Baptist University.

### Suspension from MBU

Students applying for readmission who show an "academic suspension" status from their previous enrollment at MBU must petition the Senior Vice President for Academic Affairs in writing for permission to enroll.

### Financial Assistance

**NOTE:** Financial aid may be available on a limited basis to non-degree seeking students. Please see the section on Financial Support or contact the Student Financial Services Office.

### Falsification of Information

Any student failing to provide complete and accurate information on all documents, including Resident Life documents, submitted for admission consideration, or in an attempt to qualify for institutional or federal aid, may be declared ineligible for admission. Falsification on admission or financial aid documents may result in separation from the university if discovered after enrollment at MBU.

### Policy for Applicants and Students with Criminal Backgrounds

Applicants and students must disclose criminal convictions and adjudications, as well as pending criminal charges, on their application for admission. Those who disclose this information will be given the opportunity to provide a written narrative that should include the approximate date of each incident, explain the circumstances, and reflect on what the applicant or student has learned from the experience, and why the applicant should be admitted to the University.

Applicants and students disclosing criminal convictions and adjudications or pending criminal charges on their applications for admission will be subject to a criminal background check conducted by the University's Public Safety department. After receiving the results of the background check, the University will contact the applicant or student and give them opportunity to provide the written narrative described above. The student or applicant should provide this narrative directly to the Chairman of the Admissions Review Committee. The Admissions Review Committee will review all relevant information regarding the application and make an admissions decision. The University will notify the applicant or student of the admissions decision. The Committee's decision is final.

Failure to provide accurate and complete information during the admissions process will subject the applicant or student to discipline and sanctions, up to, and potentially including, immediate dismissal from the University. The University will not provide tuition or fee refunds to students who do not, in the University's sole judgment, accurately and completely disclose the required information during the admissions process.

Applicants and students should also be aware that those who are pursuing degrees leading to application for professional licensure or certification, and/or who will be participating in clinical placements, internships, or practica through their University program may be required to submit to a criminal background check, finger printing, or drug screening by their host facility or accrediting body. In such situations, students may be responsible for obtaining and paying for the background check or other screening process and for delivering required documentation to the facility. It will be up to the host facility to determine whether a student will be allowed to work at that facility. Students should further be aware that a criminal record may jeopardize licensure by the State certification body. Students may consult the certification body corresponding to their intended occupation for more details. Successful completion of a program of study at the University does not guarantee licensure, certification, or employment.

### Denial of Admission

Missouri Baptist University reserves the right to restrict or deny admission to any person otherwise eligible for reasons determined to be in the best interest of the institution by the officers thereof. The University also reserves the right to revoke an offer of admission to any student with a documented disability for which the University is not able

to provide reasonable accommodation. These reserved rights shall be administered in a manner strictly consistent with state and federal non-discrimination laws

## Advanced Standing

- I. The following regulations apply in evaluating the work of students who are transferring from other institutions:
    - A. All college level courses taken at a regionally accredited four year college or university, and carrying a passing grade, are acceptable in transfer. A maximum of 70 hours of credit for courses with passing grades from a regionally accredited two-year college is acceptable in transfer with exceptions as stipulated under current articulation agreements. It is understood that every student must satisfy all general education, degree, major, and graduation requirements at Missouri Baptist University, which may result in graduating with more than 120 hours.
    - B. All credits, including general education and Bible courses, from Bible colleges accredited by the American Association of Bible Colleges, which is the accrediting agency for Bible colleges recognized by the Council for Higher Education Accreditation (CHEA), are evaluated on an individual course basis in keeping with whether or not the course would be appropriate to apply toward a liberal arts program at Missouri Baptist University. The University will accept up to six courses of Southern Baptist Seminary Extension credit, which may be applied toward a major in Religion, the general education program or degree requirements.
    - C. Students may have other previous learning experiences, such as corporate or military training, evaluated for credit. Official transcripts and other documentation of previous study should be submitted to the Admissions Office at the time of application. Credit will be evaluated on an individual basis for degree applicability at Missouri Baptist University based on credit recommendations and guidelines established by the American Council on Education (ACE). Credit may be applied only once and cannot duplicate credit previously or subsequently earned.
    - D. Coursework completed at colleges/universities or other postsecondary institutions, which are not regionally accredited, but which are accredited by a body recognized by CHEA, may be evaluated on an individual basis in keeping with whether or not the course would be appropriate to apply toward a liberal arts program at Missouri Baptist University. The University only recognizes institutions accredited by the current edition of *Accredited Institutions of Postsecondary Education* published by the CHEA and the American Council on Education.
    - E. Credit from unaccredited colleges/universities or other postsecondary institutions will be evaluated for acceptance as follows:
      1. On the basis of a written articulation agreement having been established between the school in question and Missouri Baptist University; or
      2. Using *Transfer Credit Practices of Educational Institutions* published by the American Association of Collegiate Registrars and Admissions Officers (AACRAO), which specifies the manner in which each college's credit is received by institutions within the same state. Students should understand that acceptance of such courses by Missouri Baptist University does not guarantee or even imply that they will be accepted by other institutions which the student might attend in the future. The policies of institutions regarding acceptance of unaccredited
  - F. Professional education courses cannot be transferred from four year colleges or universities which do not have state approved teacher education programs. Professional education courses will be accepted from two year colleges only if the courses are state approved.
  - G. Transfer credit from foreign institutions must be forwarded to an outside agency for evaluation and credit recommendations. Students should contact the Office of International Student Services concerning procedures.
  - H. In accordance with guidelines established by the Coordinating Board for Higher Education (CBHE) of the State of Missouri regarding articulation and the transfer of credit, most recently revised in October 2005, Missouri Baptist University grants junior standing to students transferring to the University with an Associate of Arts (A.A.) degree (earned after October 1987) or an Associate of Arts in Teaching (A.A.T.) degree from Missouri and Illinois institutions which are in compliance with CBHE general education requirements. This signifies that the lower division general education requirements for a degree at Missouri Baptist University have been satisfied by completion of the A.A. or A.A.T. degree. Students transferring without an A.A. or A.A.T. degree, or with an Associate of Arts degree which does not meet the above stipulations, are not automatically granted junior standing, and may be required to take additional general education courses. A student transferring to Missouri Baptist University from a Missouri or Illinois institution who has not completed an A.A. or A.A.T. degree, but who have completed the 42-credit hour General Education curriculum block prescribed by CBHE, shall be deemed to have completed all General Education requirements of Missouri Baptist University. All students must complete all major and specific degree program requirements beyond the general education requirements (see the sections on General Education Requirements and Degree Requirements for additional information).
  - I. Missouri Baptist University accepts Core 42 from Missouri institutions to complete the general education requirements, as well as MOTR numbered courses as a one-to-one equivalence when the entire Core 42 is not completed.
- II. Advanced standing on the basis of examination:
    - A. Credit is granted to students who have taken College Level Examination Program (CLEP) or DSST tests and have scores at or above the American Council on Education (ACE) mean score. Credit is granted only for those areas that apply to the curriculum being pursued at Missouri Baptist University. CLEP and DSST examinations may be taken for either of two purposes:
      1. For waiver of requirements. (In this case, the course will not apply toward graduation except, if the course is a graduation requirement, that requirement will be removed. A grade of WV (Waiver) will be assigned and the course will appear on the transcript, but not as earned hours.)
      2. For University credit, the following stipulations will apply:
        - a. A student enrolled at Missouri Baptist University must seek guidance from the Records

transfer work vary widely. Students may receive credit for unaccredited courses not accepted based on the above criteria through credit by examination, through the College Level Examination Program (CLEP), DSSTs, or through college developed and administered Challenge Tests. All hours received through credit by examination are subject to the restrictions imposed by current academic policies as stated below.

- Office before attempting to earn credit by CLEP or DSST.
- b. If a student chooses to receive credit for the CLEP or DSST exam, the per semester hour cost is listed in the Semester Expenses section of this catalog.
  - c. A grade of CR (Credit) will be assigned in accordance with the uniform standards recommended by ACE. No credit will be awarded for any score below the recommended minimum.
  - d. **There will be no CLEP or DSST exam accepted for ENGL 123 - English Composition II.**
  - e. For a current list of course equivalencies for CLEP or DSST exams, contact the Director of Records. The Academic Success Center of Missouri Baptist University is a testing site for DSST. While CLEP scores are accepted for credit at MBU, the University is not a testing site for CLEP. Information on DSST exams can be obtained through <http://www.getcollegecredit.com>. Information on CLEP exams can be obtained through <http://www.collegeboard.com/student/testing/clep/about.html>.
- B. Credit is granted to students who have taken Excelsior College Examinations and have scores at or above the passing score recommended by the American Council of Education (ACE). Credit is granted only for those areas that apply to the curriculum being pursued at Missouri Baptist University.
  - C. Students who successfully complete college level courses while in high school may be eligible for advanced standing through the Advanced Placement (AP) Examinations from College Entrance Examination Board (CEEB) administered by the Educational Testing Service of Princeton, New Jersey. Credit will be granted in the appropriate academic discipline for scores of 3, 4, or 5. **However, there will be no AP exam credit awarded for ENGL 123 - English Composition II (MOTR ENGL 200).** The results of these tests should be sent to the Admissions Office at the time of application. For a current list of course equivalencies and credit awarded for AP exams, contact the Director of Records.
  - D. Students enrolled in an International Baccalaureate Diploma Program while in high school or secondary school may be eligible to receive credit through International Baccalaureate Examinations. Credit will be granted in the appropriate academic discipline for scores of 5 or better for Standard Level (SL) Examinations or scores of 4 or better on Higher Level (HL) Examinations. **However, there will be no IB exam credit awarded for ENGL 123 - English Composition II (MOTR ENGL 200).** Official examination results should be sent directly to the University from International Baccalaureate at the time of application. For a current list of course equivalencies and credit awarded for IB Examinations, contact the Records Office.
  - E. Advanced standing on the basis of ACT/SAT scores: An ACT score of 28 or higher on the English section of the test (including both Usage/Mechanics and Rhetorical Skills) will be accepted for credit as ENGL 113 English Composition I. (A comparable score on the Verbal section of the SAT will also be accepted for credit as ENGL 113.) An ACT/SAT score at the 95th percentile or better on the Mathematics section of the test (including Pre-Algebra/Elementary Algebra, Algebra/Coordinate Geometry, and Plane Geometry/Trigonometry) will be accepted for credit as MATH 155 Precalculus. If a student chooses to receive credit, a grade of CR will be awarded (i.e. no letter grade is assigned). Cost is listed in the current Course Schedule. If the student chooses to waive the requirement but not receive credit, the course will appear on the transcript with a grade of WV (Waiver).
- F. Challenge Tests developed by Missouri Baptist University faculty are available in a number of subject areas. They are designed to validate knowledge acquired through work or other non-traditional learning experiences. These are administered by individual faculty members. Evaluation of Challenge Tests will result in either credit awarded or no credit (i.e., no letter grade is assigned). To receive credit, a minimum score of 70% or C is required. No credit will be awarded for any score below the recommended minimum. A credit-by examination fee, in addition to a test administration fee, is assessed in order to receive academic credit for a challenge test on the transcript. Students seeking to demonstrate competency in computer literacy, who have achieved a passing score on the Challenge Test, may opt for a waiver of the requirement, in which case the course will appear on the transcript with a grade of WV (Waiver), no credit will be awarded, and only the test administration fee will be assessed. The approval of the Division Chair is required before a Challenge Test for credit or waiver is transcribed. All students must pay the test administration fee whether or not credit is awarded. These fees are listed in the current Course Schedule.
  - G. Since credits earned via examination do not represent enrolled hours, they are considered non-term and are not covered by financial aid, either institutional or federal. As non-term hours, challenge tests are listed separately from any standard term on the transcript. They are included in the calculation of earned hours, but may not be included in determining academic honors for the Fall or Spring semesters. Hours earned on the basis of credit by examination may not be applied toward the residency requirements for graduation from Missouri Baptist University.
  - H. There will be no challenge test permitted for ENGL 123 - English Composition II (MOTR ENGL 200).
- III. Portfolio assessment of prior learning is available to adult students, defined as individuals who have been out of high school at least five years and in the workplace, or whose education has otherwise been interrupted, before enrolling at MBU in any degree program. Only non-traditional students with extensive prior learning experiences will be eligible to apply for credit through portfolio. The Academic Affairs Office, working with the division chairs/deans, oversees portfolio assessment of prior learning. Evaluation of portfolios will result in either credit awarded or no credit (i.e., no letter grade is assigned). Any credit awarded will be designated as credit for prior learning on the student's transcript. There is an evaluation fee based on the number of credit hours for which the student is petitioning. A transcription fee is assessed for the transcription of credit awarded through portfolio assessment. Current fees are listed in the University Fees and Financial Information section of this catalog. Students earning credit for prior learning through portfolio will be required to meet the 24 credit hour residency requirement before the credit will be transcribed.
  - IV. A combined maximum of 45 credit hours may be accepted toward a degree program at Missouri Baptist University by examination (including CLEP, DSST, AP, IB, ACT/SAT, and Challenge Tests), by portfolio assessment of prior learning, by correspondence work, and/or by extension work that has been taken at an accredited college or university. No single source

may account for more than 30 of the 45 credit hours. Advanced standing at Missouri Baptist University from these four sources is judged for appropriateness by the Senior Vice President for Academic Affairs on an individual basis. Hours earned on the basis of credit by examination or by portfolio assessment of prior learning may not be applied toward the residency requirements for graduation at Missouri Baptist University.

- V. Missouri Baptist University accepts in transfer college credit earned through high school dual enrollment programs such as Saint Louis University's 1-8-1-8. The University does not limit the number of dual credit courses or credit hours accepted. Courses are evaluated on a course-by-course basis for equivalency with courses in the Missouri Baptist University curriculum.
- VI. Missouri Baptist University is a signatory of CORE 42 with the Department of Higher Education. CORE 42 is general education curriculum that has guaranteed transfer to Missouri public schools. (See catalog on General Education and Degree Requirements). Credit earned through MBU's EXCEL program (dual credit), MBU Achieve, EXCEL Online, or home school on campus (dual enrollment), is considered as regular earned hours and does not need to be evaluated for transfer

---

## University Fees and Financial Information

---

### Business Office Master Promissory Note (BOMPN)

A Business Office Master Promissory Note (BOMPN) must be completed by all students at the beginning of their current course of study. Undergraduate students who have had a break in their attendance of at least one semester and graduate students who have had a break in attendance of at least two semesters (excluding summer sessions) are required to file a readmit application online and complete a new BOMPN. Main campus students must complete the BOMPN in the Student Financial Services Office prior to receiving their student ID card and course schedule prior to the beginning of classes for the first semester of enrollment. Regional Learning Center students may complete the BOMPN at the site they are attending or in the Student Accounts Office. Graduate students may submit the BOMPN with their Graduate Admission packet or complete one with their assigned Graduate Advisor. Any student may also download the BOMPN and complete it following the directions on the website: <http://www.mobap.edu/forms>.

The completed form may either be faxed to the Student Financial Services Office at 314-744-5320 or mailed to:

Student Financial Services Office  
Missouri Baptist University  
One College Park Drive  
St. Louis, MO 63141

There is no charge for the completion of this note and it does not take the place of a payment agreement. Classes will not be moved to official status without a completed BOMPN for the current program of study on file.

### Payment of Accounts

All accounts are due and payable prior to the first day of classes each semester. The University offers a variety of financial aid to assist students in paying accounts, which are described in the catalog section on financial aid, scholarships, military and veterans' benefits. All institutional and external aid applications must be completed and submitted to the Student Financial Services Office at least ten working days prior to the first day of classes. The student is responsible for the accuracy and timeliness of all applications. Should arrangements for payment appear necessary, such arrangements should then be made with the Student Financial Services Office in order to finalize official registration. Payments may be made through **myMBU** Access located online at <https://mymbu.mobap.edu/menu>. The University also honors Discover, MasterCard, and VISA credit cards.

## Semester Expenses (Excluding Textbooks)

The following fees are in effect for the 2018-2019 academic year.

### Main Campus

#### UNDERGRADUATE CHARGES:

##### Fall and Spring Semesters, Full-Time (12-18 hours):

|                                       |             |
|---------------------------------------|-------------|
| Comprehensive Tuition                 | \$13,430.00 |
| Overload Fee, per credit hour over 18 | \$893.00    |
| Student Services Fee                  | \$680.00    |
| Nursing Program Fee, per term         | \$1,300.00  |

##### Fall and Spring Semesters, Part-Time (less than 12 hours):

|                                       |          |
|---------------------------------------|----------|
| Tuition, per credit hour              | \$929.00 |
| Student Services Fee, per credit hour | \$29.00  |

##### Summer and Winterim:

|                                    |            |
|------------------------------------|------------|
| Comprehensive Tuition (9-15 hours) | \$6,963.00 |
| Tuition, per credit hour           | \$773.00   |

##### Parking Fees for Full- and Part-Time:

##### Fall and Spring (Day and Evening):

|  |          |
|--|----------|
| Parking Lots A and B                         | \$111.00 |
| Parking Lots C & F                           | \$84.00  |
| Parking Lots D, E, & G – Residence Hall Lots | \$84.00  |
| Evening/Saturday Enrollment Only             | \$84.00  |

##### Summer and Winterim (Day and Evening):

|          |         |
|----------|---------|
| All Lots | \$84.00 |
|----------|---------|

#### GRADUATE CHARGES:

##### All Terms:

|   |          |
|---|----------|
| Master's & Ed.S. Tuition, per credit hour | \$618.00 |
| Ed.D. Tuition, per credit hour            | \$683.00 |

#### HOUSING CHARGES:

##### Fall and Spring Semesters:

|   |            |
|---|------------|
| Dorm Room Deposit/Damage Fee                | \$270.00   |
| Apartment Room Deposit/Damage Fee           | \$415.00   |
| Lost Key Fee                                | \$105.00   |
| Pillsbury-Huff & North Halls                |            |
| Room and Board (with 15 meal plan)          | \$4,425.00 |
| Room and Board (with 19 meal plan)          | \$4,535.00 |
| Spartan Village                             |            |
| Dorm Room and Board (with 15 meal plan)     | \$4,950.00 |
| Dorm Room and Board (with 19 meal plan)     | \$5,060.00 |
| Rowhouse Room and Board (with 10 meal plan) | \$5,330.00 |
| Rowhouse Room and Board (with 15 meal plan) | \$5,470.00 |
| Rowhouse Room and Board (with 19 meal plan) | \$5,580.00 |
| On Campus Apartment (with 10 meal plan)     | \$6,145.00 |
| On Campus Apartment (with 15 meal plan)     | \$6,295.00 |
| On Campus Apartment (with 19 meal plan)     | \$6,400.00 |
| On Campus Apartment (with 75 meal block)    | \$5,325.00 |

##### Winterim/Summer Terms:

|                                   |          |
|-----------------------------------|----------|
| Apartment Room Deposit/Damage Fee | \$415.00 |
|-----------------------------------|----------|

|  |          |  |          |
|--|----------|--|----------|
| Lost Key Fee                               | \$105.00 | Portfolio Transcription Fee, per credit hour | \$280.00 |
| Apartment only/no food service (per month) | \$544.00 | EDCL 4700 CPL Student Teaching Evaluation    | \$350.00 |

### Off-Campus Programs

Tuition and fees at off-campus sites are charged in addition to any comprehensive undergraduate Main campus tuition and fees for full-time, undergraduate Main campus students.

#### UNDERGRADUATE:

##### Missouri Baptist University at Jefferson College

Undergraduate Tuition, per credit hour \$385.00

##### Missouri Baptist University at Lewis and Clark

Undergraduate Tuition, per credit hour \$385.00

##### Missouri Baptist University at Rend Lake

Undergraduate Tuition, per credit hour \$385.00

##### Missouri Baptist University in Union

Undergraduate Tuition, per credit hour \$403.00

##### Missouri Baptist University - Farmington

Undergraduate Tuition, per credit hour \$403.00

##### Missouri Baptist University in Arnold

Undergraduate Tuition, per credit hour \$403.00

##### Missouri Baptist University-Troy/Wentzville

Undergraduate Tuition, per credit hour \$436.00

Dual Enrollment @ Bowling Green HS, per credit hour \$114.00

Buchanan HS Dual Enrollment @ MBU, per credit hour \$114.00

#### GRADUATE (all Regional Learning Centers):

Master's & Ed.S. Tuition, per credit hour \$515.00

Ed.D. Tuition, per credit hour \$682.00

#### DISTANCE LEARNING:

Undergraduate/Graduate Web Courses, per credit hour \$570.00

Ed.D., per credit hour \$682.00

Online Programs, per credit hour:

BPS-M&L, MSE, MSFM, MSSM \$570.00

MAC, MACM, MBA, MET, MSCJ, Ed.S. \$637.00

MSCS \$460.00

MSHL \$510.00

Adult and Online Program \$428.00

### Special Programs

EXCEL Program, per credit hour \$67.00

MBU Achieve Program, per credit hour \$96.00

High School Dual Enrollment on Campus, per credit hour \$124.00

BJC, per credit hour \$294.00

PEP, per credit hour \$132.00

Special Seminars, per credit hour \$110.00

#### Credit for Prior Learning (undergraduate and graduate)

Portfolio Evaluation Fee, per credit hour \$65.00

#### Credit by Examination

Advanced Standing by ACT/SAT Transcription Fee, per credit hour \$75.00

Challenge Test Administration Fee, per credit hour \$45.00

Challenge Test Credit by Exam, per credit hour \$110.00

CLEP/DSST Credit Transcription Fee, per credit hour \$75.00

### Course Specific Fees

(in addition to tuition and student service fee):

#### Activity Course Fees

KACT 101A Archery, per hour \$34.00

KACT 101D Self Defense, per hour \$34.00

KACT 101G Golf, per hour \$45.00

KACT 101X Bowling, per hour \$45.00

Christian Vocations Fee (CSCE 273) \$160.00

EDAS WM3 Watermark 3-Year License (FA-19 only) \$99.00

EDAS WM3 Watermark 7-Year License \$160.00

EDCL 4700 CPL Student Teaching Evaluation \$350.00

EDSP 463/563 Individual Diagnostic and Classroom Assessment \$10.00

EDUC 201 Professional Growth & Development I\*

• Missouri General Education Assessment (MoGEA)\*\* \$59.00

EXSC 363 Adapted Physical Activity \$10.00

EXSC 453/553 Fitness Management \$80.00

EXSC 483/583 Principles of Human Performance \$105.00

Field Experience Fee (EDCL 200, 211, EDCL 411/511, EDCL 420/520), per hour \$34.00

#### GRADUATE INTERNSHIP/PRACTICUM FEES (per course):

Counseling Practicum (ELPS 563 or COUN 5253) \$130.00

Counseling Internships

(ELPS 572/573/574, 573I, 583, ESPS 583) \$390.00

(COUN 5343, 5353, 5383, and 5393) \$390.00

LBCL 583 - Library Practicum, per hour \$34.00

Psychological Examiner, Cross-Categorical Disabilities, Gifted Education, and Reading Practicums \$190.00

IDST 311 Leadership Development \$110.00

SMGT 476 Sport Management Internship \$62.00

Laboratory Fee, per credit hour \$34.00

(biology, chemistry, communications, computer, exercise science, and physics laboratory courses)

#### MUSIC: CLASS INSTRUCTION

Instrument, Piano, or Voice \$120.00

#### MUSIC: PRIVATE INSTRUCTION (instrumental or piano)

MUAI or MUAP 101/301 (30 minute lesson) \$188.00

MUAI or MUAP 111/311 (45 minute lesson) \$245.00

MUAI or MUAP 112/312 (60 minute lesson) \$370.00

#### MUSIC: PRIVATE INSTRUCTION (voice)

(includes fee for accompanist)

MUAV 101/301 (30 minute lesson) \$250.00

MUAV 111/311 (45 minute lesson) \$339.00

MUAV 112/312 (60 minute lesson) \$490.00

Seminar Fee (CEWL 473 Christian Ministry Internship) \$110.00

|   |          |
|---|----------|
| Student Teaching Fee (16 weeks)   | \$500.00 |
| Undergraduate Clinical Experience/Internship/Practicum Fee, per credit hour | \$34.00  |

**\*Students will receive a voucher codes with which to register for the assessment(s) associated with this course. Fees are set by the Missouri Department of Elementary and Secondary Education (DESE).**

**\*\*Required only for undergraduate, degree-seeking students**

### Other Fees:

**(in addition to tuition and student service fee):**

|   |          |
|---|----------|
| ACT Residual Test Fee                               | \$60.00  |
| Application Fee (excluding Ed.D. program)           | \$35.00  |
| Application Fee (Ed.D. program)                     | \$50.00  |
| Audit Fee, per credit hour equivalent               | \$299.00 |
| Graduation Fee, Undergraduate (final semester only) | \$220.00 |
| Graduation Fee, Graduate (final semester only)      | \$240.00 |
| ID Replacement Fee                                  | \$10.00  |
| Note Fee  | \$35.00  |
| Test Proctor Fee (Non-MBU Student)                  | \$30.00  |
| Transcript Fee (second and subsequent copies)       | \$10.00  |

### Penalties:

|  |          |
|--|----------|
| Administrative Withdrawal (on first day of term) | \$148.00 |
| Late Registration Penalty                        | \$30.00  |
| Missed Test Fee                                  | \$100.00 |
| Returned Check Charge                            | \$30.00  |
| Schedule Adjustment (after regular registration) | \$30.00  |

## includedED<sup>®</sup> Program

The includedED<sup>®</sup> program delivers all required course materials as part of tuition or fees. Students enrolled in courses participating in the includedED<sup>®</sup> program do not need to buy course materials denoted with the includedED<sup>®</sup> logo on the <http://www.bkstr.com/missouribaptiststore/home> website.

## Policies Governing Finances

### Release of Student Transcript

There is a charge of ten dollars (\$10.00) for each official transcript. There are additional fees for transcripts mailed to addresses outside the United States and for overnight or express mailing. The student's account must be paid in full and all holds cleared before any transcript of credit can be issued. There will be a ten (10) day waiting period before the transcript is released if students choose to clear their account and/or pay for their transcript using a check. All requests for official transcripts must be made in writing to the Director of Records. Information on requesting a transcript may be found at <https://www.mobap.edu/academics-overview/academics-records-registrar/transcript-requests/>. Transcript request forms are available in the Records Office, Regional Learning Center offices, or online. Unofficial transcripts are available through the student portal, myMBU Access.

### Delinquent Accounts

Students whose accounts are delinquent will not be permitted to register and/or return for a succeeding semester or term. In addition, transcripts will not be issued, and the student will not be permitted to participate in commencement exercises, if scheduled to graduate. Delinquent accounts

are charged interest, collection fees, and court costs, when submitted to the collection agency, and will be reported to a national credit bureau.

Students have six months following their last recorded date of attendance to dispute their bill based on their attendance.

### Enrollment Status Change

If a student adds or drops individual courses changing status from part-time to full-time, or full-time to part-time, semester expenses will be recalculated to reflect the changed status. Refund calculations will be made according to the refund schedule which follows.

### Refund Schedules

It is understood that each student enters for at least one term, and the University assumes the expense of making provisions accordingly. Therefore, a student's withdrawal does not materially reduce the costs to the University. Tuition refunds are pro-rated from the date withdrawal is approved by the Records Offices as follows in the case of a course load status change, such as overload to full-time, full-time to part-time, a reduction of course load within the part-time status, or complete withdrawal/dismissal from the University. Refunds for classes of non-standard term length are published in the respective class schedule.

#### Semester Add/Drop Dates

#### Fifteen/Sixteen Week Classes

|  |                 |
|--|-----------------|
| Withdrawal on the 1st day (less administrative withdrawal fee) | 100% of tuition |
| Withdrawal after 1st day through end of 2nd week               | 90% of tuition  |
| Withdrawal during 3rd and 4th weeks                            | 50% of tuition  |
| Withdrawal during 5th through 8th weeks                        | 25% of tuition  |
| Withdrawal after 8th week                                      | 0% of tuition   |

#### Twelve-Week Classes

|  |                 |
|--|-----------------|
| Withdrawal on the 1st day (less administrative withdrawal fee) | 100% of tuition |
| Withdrawal after 1st day through end of 1st week               | 90% of tuition  |
| Withdrawal during 2nd and 3rd weeks                            | 50% of tuition  |
| Withdrawal during 4th through 6th weeks                        | 25% of tuition  |
| Withdrawal after 6th week                                      | 0% of tuition   |

#### Ten-Week Classes

|  |                 |
|--|-----------------|
| Withdrawal on the 1st day (less administrative withdrawal fee) | 100% of tuition |
| Withdrawal after 1st day through end of 1st week               | 90% of tuition  |
| Withdrawal during 2nd and 3rd weeks                            | 50% of tuition  |
| Withdrawal during 4th and 5th weeks                            | 25% of tuition  |
| Withdrawal after 5th week                                      | 0% of tuition   |

#### Eight-Week Classes

|  |                 |
|--|-----------------|
| Withdrawal on the 1st day (less administrative withdrawal fee) | 100% of tuition |
| Withdrawal after 1st day through end of 1st week               | 90% of tuition  |
| Withdrawal during 2nd week                                     | 50% of tuition  |
| Withdrawal during 3rd and 4th weeks                            | 25% of tuition  |
| Withdrawal after 4th week                                      | 0% of tuition   |

#### Five-Week Classes

|  |                 |
|--|-----------------|
| Withdrawal on the 1st day (less administrative withdrawal fee) | 100% of tuition |
| Withdrawal after 1st day through end of 1st week               | 90% of tuition  |

|                            |                |
|----------------------------|----------------|
| Withdrawal during 2nd week | 50% of tuition |
| Withdrawal during 3rd week | 25% of tuition |
| Withdrawal after 3rd week  | 0% of tuition  |

#### Four-Week Classes

|  |                 |
|--|-----------------|
| Withdrawal on the 1st day (less administrative withdrawal fee) | 100% of tuition |
| Withdrawal on the 2nd day                                      | 90% of tuition  |
| Withdrawal during 3rd day through 4th day                      | 50% of tuition  |
| Withdrawal during 5th through 8th day                          | 25% of tuition  |
| Withdrawal after 8th day                                       | 0% of tuition   |

#### Three-Week Classes

|  |                 |
|--|-----------------|
| Withdrawal on the 1st day (less administrative withdrawal fee) | 100% of tuition |
| Withdrawal on the 2nd day                                      | 90% of tuition  |
| Withdrawal after 2nd day through end of 1st week               | 50% of tuition  |
| Withdrawal during 2nd week                                     | 25% of tuition  |
| Withdrawal after 2nd week                                      | 0% of tuition   |

ROOM DEPOSITS AND ALL OTHER FEES ARE NON-REFUNDABLE IN CASE OF WITHDRAWAL FROM THE UNIVERSITY.

#### REFUNDS FOR RESIDENT STUDENTS

If a resident student moves out of the residence hall during the contract period, whether voluntarily or involuntarily, room and board will be refunded **following the refund schedule for 15/16 week classes. A student leaving after the halfway point of the semester will be responsible for the entire semester's charge.** If a resident student's enrollment falls below full-time (12 credit hours) for the semester, the student must vacate the residence hall immediately using the vacate procedures outlined in the Student Handbook. Vacate forms must be approved by the Director of Residence Halls and the Vice President for Student Development before any refund is made. **Students leaving the residence hall during the contract period will not receive their housing deposit back.**

## Financial Support Information

### Undergraduate Financial Aid, Scholarships, Military and Veterans Benefits

Missouri Baptist University offers an affordable, quality, liberal arts education to undergraduate students by combining the family contribution with grants, scholarships, loans, and student employment. While the primary responsibility for funding a university education lies with students and their families, the University has developed a comprehensive assistance program.

#### Application

Missouri Baptist University offers an affordable, quality, liberal arts education to undergraduate students by combining the family contribution with grants, scholarships, loans, and student employment. While the primary responsibility for funding a university education lies with students and their families, the University has developed a comprehensive assistance program:

1. Complete the undergraduate admission process by submitting a degree-seeking application, supplying all academic transcripts,

along with appropriate test scores, and any other required admission materials.

2. Undergraduate students receiving federal student aid must have a high school diploma, General Equivalency Diploma (GED®), or High School Equivalency Test (HiSET®). An official high school transcript reflecting graduation date or an official copy of the GED® or HiSET® must be submitted to the Admissions Office in order to be eligible for federal aid.
3. Complete the current award year Free Application for Federal Student Aid (FAFSA) and request that the results be sent to Missouri Baptist University (Title IV School Code 007540). In addition to the FAFSA, students applying for Federal Direct loans will need to complete Entrance Counseling and a Loan Agreement at <https://studentloans.gov>. Parents applying for Federal Direct Parent PLUS loans will need to complete the PLUS Request and a Loan Agreement at <https://studentloans.gov>. Applicants may be selected for a review process called verification. In that instance, additional financial documents will be required, which may include IRS tax transcripts or returns.
4. After evaluating the eligibility of the student, an award notification will be sent to the student detailing specific available financial assistance. Revised award notifications may be issued if eligibility changes. Students will be notified of any additional items that may be required to complete processing, such as tax documents or loan documents via the **myMBU Access** student portal.
5. Admission and financial aid files, including documents for the federal verification process (if student is chosen), must be complete before any grants, scholarships, and/or loans may be disbursed.
6. Federal aid is generally not available to students who fail to complete these items prior to ceasing enrollment.

### Important Dates

#### Upcoming Year - 2020-2021

|            |   |
|------------|---|
| October 1  | Complete the Free Application for Federal Student Aid (FAFSA) for the upcoming academic year.                           |
| February 1 | Priority date for students who have completed a FAFSA to qualify for Supplemental Educational Opportunity Grant (SEOG). |
| February 1 | Priority deadline to apply for Access Missouri Grant Program for the upcoming academic year.                            |

#### Current Year - 2019-2020

|            |   |
|------------|---|
| October 1  | Deadline for completion of student financial aid files in order to receive institutional financial aid for Fall (current) semester.   |
| February 1 | Deadline for completion of student financial aid file in order to receive institutional financial aid for Spring (current) semester. Aid for students applying after this date will be considered as funds are available. |
| June 30    | Deadline to file Free Application for Federal Student Aid (FAFSA) for the current academic year. <b>(Please note: Direct Loans cannot be processed once the term has ended.)</b>  |

### Satisfactory Academic Progress for Financial Aid Eligibility

Missouri Baptist University monitors Satisfactory Academic Progress (SAP) once a year at the end of the spring semester. Financial aid recipients must demonstrate through their scholastic records that they are making satisfactory academic progress toward completion of their program(s) of study in order to maintain eligibility for enrolling in classes and receiving any form of federal financial assistance. Academic progress for financial aid is measured at the end of each year utilizing qualitative and quantitative standards.

## Credit Definitions

Credits attempted are defined as all classes for which a student receives a passing grade ("D" or better), or an "F", "XF", "IP", "IN", "W", or "WF". Credits earned are defined as all classes for which a student receives a passing grade ("D" or better). Repeated courses count as credits attempted during each term the student is enrolled in the course; however, the highest grade will be counted once as credits earned.

## Qualitative Standards for Financial Aid Eligibility

At the end of the spring semester, ALL students who have an overall cumulative GPA below a 2.0 will be placed on Federal Aid Suspension for the next semester.

## Quantitative Standards for Financial Aid Eligibility

This standard has two components: maximum time frame and course completion rate. The maximum time frame in which a student must complete an educational program of study cannot exceed 150 percent of the published program length measured in credit hours attempted. Example: A student pursuing an educational program that requires 120 hours would be allowed to attempt a maximum of 180 hours [ $120 \times 150 \text{ percent } (1.5) = 180$ ]. The number of hours attempted includes any transfer hours accepted from other institutions that are applied to the student's program of study. In conjunction with the maximum program length, students must successfully complete (measured as credit hours earned) at least 66.67 percent of all coursework attempted as they progress through their program of study. This is a cumulative process, illustrated as follows: A student has maintained satisfactory academic progress for the first year of enrollment. However, at the end of the second year, the student's academic transcript indicates 45 hours attempted and 27 hours earned. The course completion rate is 60.0 percent ( $27 \text{ divided by } 45$ ). The student does not meet the required 66.67 percent standard and thus will be placed on Financial Aid Suspension and the student will have to appeal the Financial Aid Committee to receive federal aid for the next semester.

## Financial Aid Suspension

Students on Financial Aid Suspension are not eligible for any form of federal financial assistance and remain ineligible until satisfactory academic progress standards are met or there has been an approved appeal or approved academic plan.

## Appeal Process

Students who feel mitigating circumstances existed which adversely affected their ability to maintain satisfactory academic progress may submit a written appeal. This appeal should be directed to the Financial Services Office. The Financial Aid Committee will hold a hearing in a timely manner to consider the appeal. If a student's appeal is approved by the Financial Aid Committee, the student will be placed on Financial Aid Probation for one term. After the Financial Aid Probation term students must be making Satisfactory Academic Progress (SAP) or must successfully follow their academic plan. If the student's appeal is not approved the student has no additional recourse.

Students placed on Federal Aid Suspension will remain on suspension unless an appeal is approved by the Financial Aid Committee or they reach satisfactory academic progress by taking courses without federal aid. The student will have two options.

1. Option 1: Students submit an application to the Financial Aid Committee asking to extend their financial aid for one semester with an explanation of their prior grades and what they will do to achieve a 2.0 by the end of the next semester. They may be placed on probation for one semester (generally the fall) and must be maintaining SAP by the end of that semester. If not, they may be placed back on Federal Aid Suspension with no additional appeal

process until they have once again achieved Satisfactory Academic Progress.

2. Option 2: Students complete an appeal form and submit it to the Financial Aid Committee and also submit an Academic Plan. This Academic Plan must explain how they will be attain SAP by a certain timeframe, not to exceed one academic year. At the end of the academic year, they must be maintaining SAP. In addition, each semester, they will be reviewed and must be making progress towards their plan.

Students who do not comply with current academic regulations are subject to review and possible termination of financial aid.

**The SAP regulations of this section supersede all similar policies in previous catalogs and are effective for all students as of July 1, 2011.**

## Federal and State Aid

Federal and state aid is primarily based on financial need. Students must apply through the Free Application for Federal Student Aid (FAFSA) at <https://fafsa.ed.gov/> to be considered.

The FAFSA provides a guideline for an estimate of family contribution. After the family contribution is subtracted from the cost of attendance (including tuition, room and board, books, supplies, personal items, travel expenses, etc.), the result is the need of the student.

Cost of Attendance (tuition, room and board, books, supplies, personal items, travel expenses, etc.)

- Family Contribution (student and parent, if dependent)

---

= Student's Need

Students are encouraged to apply as soon as possible after October 1 for the following academic year.

Students receiving federal assistance must certify through the FAFSA that they will use federal and/or state student financial aid only to pay the cost of attending an institution of higher education, and that they are not in default on a federal student loan or owe a repayment to the Federal Pell Grant program.

## Financial Aid Consortium Agreement

A consortium agreement is a written agreement between two eligible schools which allows students to receive federal and/or state assistance at one (Home) institution for additional coursework completed at a separate (Host) institution. The Home Institution is the institution at which the students will be receiving their final degree or certificate. (Anyone enrolled as a full-time degree-seeking MBU student does not need to complete a Financial Aid Consortium Agreement.)

Financial Aid Consortium Agreement forms are available online, or by contacting the Financial Services Office. The forms may also be available at the Regional Learning Centers.

## Undergraduate Grants and Scholarships

### Federal Grants Federal Pell Grant

Pell grants are awards available to students pursuing their first bachelor's degree. Eligibility is based on demonstration of financial need on the

FAFSA, as well as a student's enrollment status. Amounts awarded are subject to Congressional budget appropriations each year.

## Federal Supplemental Education Opportunity Grant (SEOG)

Funds for this award are given on a first-come, first-served basis until funds are exhausted. To qualify, students must demonstrate exceptional financial need on their FAFSA and have a completed FAFSA by February 1. Amounts vary per award year and are based on a student's enrollment status.

## Teach Grant Program

The Teacher Education Assistance for College and Higher Education (TEACH) Grant Program provides up to \$4,000 per year in grants for undergraduate degree-seeking students who intend to teach full-time in high-need subject areas for at least four years at schools that serve students from low-income families. Students may receive up to \$16,000. Part-time students are eligible, but the maximum grant will be reduced. *The grant is not available for post-baccalaureate teacher certification coursework*

**IF YOU FAIL TO COMPLETE THE FOUR-YEAR TEACHING OBLIGATION YOU WILL HAVE TO REPAY THE GRANT WITH INTEREST!!!**

### Student Eligibility Requirements

To receive a TEACH Grant you must:

- Complete the Free Application for Federal Student Aid (FAFSA) at <https://fafsa.ed.gov/>.
- Meet eligibility requirements for federal student aid listed at: <https://studentaid.ed.gov/sa/types/grants-scholarships/teach>.
- Be enrolled in a program of study designated as TEACH Grant-eligible. Eligible programs are those that prepare a student to teach in a high-need area. For example, a bachelor's program with a math major could qualify for a student who intends to be a math teacher. TEACH Grant-eligible undergraduate programs of study at MBU are as follows:
  - **Bachelor of Science in Education\* with majors in the following areas:**
    - Early Childhood Special Education (stand-alone)
    - Early Childhood Special Education with Early Childhood
    - Early Childhood Special Education with Early Childhood and Elementary
    - Early Childhood with Early Childhood Special Education
    - Special Education Cross-Categorical Disabilities Mild to Moderate (stand-alone)
    - Special Education Cross-Categorical Disabilities Mild to Moderate with Elementary
    - Elementary Education with Special Education Cross-Categorical Disabilities Mild to Moderate  
*\*Bachelor of Arts, Bachelor of Professional Studies, or Bachelor of Science options available*
  - **Bachelor of Science\*\* with majors in the following areas:**
    - Middle Childhood Education: Mathematics Concentration
    - Middle Childhood Education: Science Concentration
    - Secondary Education: Mathematics
    - Secondary Education: Biology Education

- Secondary Education: Chemistry Education  
*\*\*Bachelor of Professional Studies options available*
- **Other possible teacher shortage areas are listed in the Department of Education's Annual Teacher Shortage Area Nationwide Listing.**
- Meet one of the following academic achievement requirements
  - Score above the **75th percentile** on a college admissions test (e.g. SAT, ACT, or GRE), OR
  - Graduate from high school with a **cumulative GPA of at least 3.25** (on a 4.0 scale) to receive a grant as a freshman, OR
  - Have a **cumulative GPA of at least 3.25** (on a 4.0 scale) on college coursework to receive a grant for each subsequent term.
- Sign a TEACH Grant **Agreement to Serve (ATS)** and respond to requests by the U.S. Department of Education confirming your continuing intention to meet the teaching obligation.
- Complete a TEACH Grant Eligibility Worksheet:

### TEACH Grant Agreement to Serve and Promise to Pay

Each year you receive a TEACH Grant, you must sign a TEACH Grant Agreement to Serve and Promise to Pay (service agreement). The TEACH Grant service agreement specifies the conditions under which the grant will be awarded, the teaching service requirements, and includes an acknowledgment by you that you understand that if you do not meet the teaching service requirements you must repay the grant as a Federal Direct Unsubsidized Loan, with interest accrued from the date the grant funds were first disbursed.

### Teaching Obligation

To avoid repaying the TEACH Grant with interest you must be a **highly-qualified, full-time** teacher in a **high-need subject area** for at least **four years** at a **school serving low-income students**. You must complete the four years of teaching within eight years of finishing the program for which you received the grant. You incur a four-year teaching obligation for each educational program for which you received TEACH Grant funds, although you may work off multiple four-year obligations simultaneously under certain circumstances. Specific definitions of these terms are included below.

### Highly-Qualified Teacher

You must perform the teaching service as a highly-qualified teacher, which is defined in federal law.

### Full-Time Teacher

You must meet the state's definition of a full-time teacher and spend the majority (at least 51 percent) of your time teaching one of the high-need subject areas. Elementary teachers who teach many subjects would not be able to fulfill their service agreement.

### High-Need Subject Areas

- Bilingual Education and English Language Acquisition
- Foreign Language
- Mathematics
- Reading Specialist
- Science
- Special Education (all areas)
- Other teacher shortage areas listed in the Department of Education's Annual Teacher Shortage Area Nationwide Listing

## Schools Serving Low-Income Students

Schools serving low-income students include any elementary or secondary school that is listed in the Department of Education's Annual Directory of Designated Low-Income Schools for Teacher Cancellation Benefits.

### Documentation

You must respond promptly to any requests for information or documentation from the U.S. Department of Education, even if they seem repetitive. These requests will be sent to you while you are still in school as well as once you are out of school. You will be asked regularly to confirm that you either still intend to teach or that you are teaching as required. You must provide documentation to the U.S. Department of Education at the end of each year of teaching.

If you temporarily cease enrollment in your program of study or if you encounter situations that affect your ability to begin or continue teaching, you will need to stay in touch with the U.S. Department of Education to avoid your grants being converted to loans before you are able to complete your teaching obligation.

## Important Reminder

**Failure to complete the teaching obligation, respond to requests for information, or properly document your teaching service will cause the TEACH Grant to be permanently converted to a Federal Direct Unsubsidized Loan with interest. Once a grant is converted to a loan it cannot be converted back to a grant!**

## For More Information

- For more information about pursuing a TEACH Grant-eligible program, contact Kathleen Wendt, Director of Teacher Education Certification Advising, at 314-392-2324.
- For more information regarding eligibility for a TEACH Grant, contact Yolanda Dye, Financial Services Assistant Director, at 314-392-2366.

## State Grants and Scholarships

The following list of state grants are subject to changes by the state which may fall outside of the publication of this catalog. This website lists current Missouri Grants and Scholarships. Students pursuing a degree or certificate in Christian Ministry, Ministry and Leadership, Worship Leadership, or Worship Arts Technology are ineligible for the Access Missouri Grant, Marguerite Ross Barnett Program, and the Bright Flight Program.

## Access Missouri Grant Program

To apply, undergraduate students must complete the Free Application for Federal Student Aid (FAFSA). Priority is given to applications completed by February 1, with additional consideration given to students who apply by April 1 if funds are still available. Eligibility is determined by the student's EFC on the FAFSA. The student must be a U.S. citizen or an eligible non-citizen, a resident of Missouri, enrolled in at least 12 hours per semester, and maintaining a cumulative GPA of 2.5 or higher. Award amount is between \$1,500 and \$2,850 for the year. Students pursuing a degree or certificate in Christian Ministry, Ministry and Leadership, Worship Leadership, or Worship Arts Technology are ineligible for this grant.

## Marguerite Ross Barnett Memorial Scholarship Program

This scholarship was established for undergraduate students who are employed while attending school part-time. To be eligible a student must: 1) be enrolled at least half-time (6 semester hours) but less than full-time (12 semester hours); 2) be employed and compensated for at least 20 hours per week; 3) be at least 18 years of age; 4) demonstrate financial need; maintain satisfactory academic progress as defined by Missouri Baptist University; 5) be a Missouri resident and a U.S. citizen or an eligible noncitizen; and 6) not be pursuing a degree or certificate in Christian Ministry, Ministry and Leadership, Worship Leadership, or Worship Arts Technology. To apply, students must complete the Free Application for Federal Student Aid (FAFSA). Application deadline is August 1 for the upcoming award year.

## Missouri Higher Education Academic Scholarship (Bright Flight)

Students whose ACT or SAT composite scores are in the top three percent of all Missouri students taking those tests may be eligible to receive an annual award of \$3,000, conditional on sufficient state appropriations. Students whose ACT or SAT composite scores are in the top four and five percent of all Missouri students taking those tests may be eligible to receive an annual award of \$1,000, conditional on sufficient state appropriations. The qualifying scores are re-evaluated each fall.

Undergraduate students must be enrolled for at least 12 hours each semester to receive this scholarship. Students pursuing a degree or certificate in Christian Ministry, Ministry and Leadership, Worship Leadership, or Worship Arts Technology are ineligible for this scholarship.

## Undergraduate Loans Federal Direct Subsidized/Unsubsidized Stafford Student Loan Program

The amount varies up to \$5,500 per year for grade level one (1); \$6,500 per year for grade level two (2); and \$7,500 per year for grade levels three (3) through five (5). Eligibility for Federal Direct Subsidized Loan is need-based. This is a government-insured loan. Students must complete the Free Application for Federal Student Aid (FAFSA) and meet all other federal eligibility requirements. Students must complete Entrance Counseling and a Loan Agreement and must be enrolled for at least six (6) credit hours each semester.

## Federal Direct Unsubsidized Student Loan Supplement

This additional Federal Direct Unsubsidized Loan is for independent students as determined by the FAFSA, and for dependent students whose request for a Parent PLUS loan was denied. Parents must complete the PLUS request. The amount varies up to \$4,000 per year for grade levels one and two; \$5,000 per year for grade levels three through five. Students must complete the Free Application for Federal Student Aid (FAFSA) and meet all other federal eligibility requirements. Students must be enrolled for at least six (6) credit hours each semester.

**For students who have borrowed excess funds beyond MBU charge, refunds will be within 14 days of actual disbursement.**

## Federal Parent Plus Loans

This credit-based loan is available to parents for their dependent, undergraduate students. The amount of the loan varies and is limited to the cost of education minus financial aid. Parent borrowers must complete a PLUS Request and Loan Agreement. Contact the Student Financial Services Office for information. Students must be enrolled for at least six (6) credit hours each semester and meet all other federal eligibility requirements. PLUS applications are credit-based; if the parent is deemed ineligible due to adverse credit history, the dependent student becomes eligible to receive the Federal Direct Unsubsidized Student Loan Supplement.

## Employment Opportunities Federal Work Study Program (FWS)

**The number of available positions and wages a student may earn through a position are limited by the funding provided to Missouri Baptist University each year by the federal government. Positions exist in most departments throughout the university, as well as at some off-campus, community service locations. Eligibility is based on financial need. Contact the Student Financial Services Office or click here for additional information.**

## Military Benefits and Aid Army Reserve Officers Training Corps (ROTC)

University-bound high school students may apply for four-year Army ROTC scholarships. University freshmen and sophomores may apply for two- or three-year scholarships. Scholarship winners receive complete tuition and a fixed sum each semester for books and school supplies. For additional information on the ROTC program and scholarships, write:

Enrollment Officer  
Washington University ROTC Department  
Campus Box 1206  
One Brookings Drive  
St. Louis, MO 63130-486

Or call for an appointment 314-935-5546 or 314-935-5537. Fax number is 314-935-6931. Email address is [rotc@wustl.edu](mailto:rotc@wustl.edu). Additional information is available on the ROTC website.

## Veterans Assistance (VA)

Information may be obtained from the Records Office and the Student Financial Services Office.

### Post 911 GI Bill® and Yellow Ribbon Program

Missouri Baptist University is pleased to offer a tuition-free education to students who qualify for full benefits under the Post 911 GI Bill. Veterans must have served more than 36 cumulative months of active duty since Sept. 10, 2001. Visit this website to determine eligibility for Post 911 GI Benefits or to apply. For information on MBU's Yellow Ribbon Program, which will cover the balance of tuition after Post 911 benefits are applied, contact the VA Certifying Official in the Records Office or Student Financial Services Office. The MBU Yellow Ribbon match will automatically be awarded to students for whom the institution

receives Post 911 GI Bill funds. Students must be eligible for 100% of the Post 911 GI Bill to qualify for Yellow Ribbon.

*GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government Web site.*

### Montgomery GI Bill

The Montgomery GI Bill predates the Post 911 GI Bill and is applicable to students who do not qualify, or are not eligible for full benefits, under the new GI Bill. Tuition benefits vary by type of educational program, length of service, military rank and applicable kickers. Click here to determine eligibility for benefits or to apply.

### Vocational Rehabilitation

The federal government provides numerous benefits through the Vocational Rehabilitation Program. Specific questions pertaining to benefit eligibility at Missouri Baptist University should be directed to Elizabeth Poeling, Associate Director of Student Financial Services/VA Certifying Official.

## Undergraduate Institutional Financial Aid

Institutional aid consists of all scholarships and grants that are funded by the University, including tuition, fee waivers, and concessions. Undergraduate students may receive external and institutional aid up to the tuition and fee allowance for commuter students, or tuition, fees, room, and board for resident students. This excludes loans and other restrictions may apply. Contact the Student Financial Services Office for details.

Undergraduate students MUST enroll in at least twelve credit hours to be eligible for institutional aid unless otherwise noted. Eligible students are notified via award letter and/or **myMBU Access** student portal. A student who attends less than 50% of chapel/convocation programs in any one semester is placed on disciplinary probation. Any student placed on disciplinary probation may forfeit all institutional financial assistance.

Scholarships, grants, and concessions may be forfeited at any time because of undesirable conduct or failure to maintain Satisfactory Academic Progress (SAP). Many scholarships require a minimum cumulative grade point average greater than 2.0 to renew.

Institutional financial assistance is administered by the Office of Student Financial Services. Any appeals of financial aid awards should be submitted in writing to the Financial Aid Committee. Only written appeals will be addressed. Fax and email are permitted: 314-744-5320 or [sfs@mobap.edu](mailto:sfs@mobap.edu).

## Undergraduate Scholarships

Undergraduate scholarships are awarded on the basis of academic excellence, special talents, and financial need. Awards are given on a first come, first served basis. Institutional scholarships require full-time, Main campus enrollment, unless otherwise noted, and are only awarded for the Fall and Spring semesters. To apply, undergraduate students must have completed their admission and financial aid files.

All undergraduate scholarships and/or separate applications must be completed and submitted to the Student Financial Services Office by the deadlines listed at the beginning of the Financial Support section of the catalog under Important Dates.

Scholarships are awarded upon admission and do not increase in subsequent years.

## **National Merit Finalist or Semi-Finalist:**

Missouri Baptist University offers scholarships covering up to full tuition, room, board, books, and fees for undergraduate students selected as National Merit Finalists or Semi-Finalists by the National Merit Scholarship Corporation and the National Merit Minority Scholarship Foundation. Recipients must maintain a cumulative GPA of 3.5 on a 4.0 scale to renew the award.

## **Full Trustee:**

These scholarships for up to 100 percent of tuition are awarded to two students per academic year based on the following criteria: Freshman - 30 or higher on the ACT or 1320 or higher on the SAT. An annual competition is held in February for the new freshman recipients to be selected. The student must maintain a 3.5 cumulative GPA on a 4.0 scale to renew the award.

## **Partial Trustee:**

Scholarships are available for up to \$14,000 per year, based on the following criteria: Freshman - score 27 or higher on the ACT and have a 3.5 or higher cumulative grade point average. The student must maintain a 3.5 cumulative GPA on a 4.0 scale to renew the award.

## **President's:**

These scholarships are available for up to \$12,000 per year for freshmen and \$12,000 per year for transfers, based on the following criteria: Freshman - score 23 or higher on the ACT and have a 3.4 or higher cumulative grade point average. Undergraduate transfer - 12 or more credit hours with a cumulative GPA of 3.5 or higher on a 4.0 scale. The student must maintain a 3.0 cumulative GPA on a 4.0 scale to renew the award.

## **Dean's:**

These scholarships are available for up to \$10,000 per year for freshmen and \$10,000 per year for transfers, based on the following criteria: Freshman - score 20 or higher on the ACT and have a 3.0 or higher cumulative grade point average. Undergraduate transfer - 12 or more credit hours with a cumulative GPA of 3.0 or higher on a 4.0 scale. The student must maintain a 2.5 cumulative GPA on a 4.0 scale to renew the award.

## **Faculty:**

These scholarships are available for up to \$9,000 per year for freshmen and \$9,000 per year for transfers, based on the following criteria: Freshman - score 18 or higher on the ACT and have a 2.5 or higher cumulative grade point average. Undergraduate transfer - 12 or more credit hours with a cumulative GPA of 2.5 or higher on a 4.0 scale. The student must maintain a 2.0 cumulative GPA on a 4.0 scale to renew the award.

## **Map Achievement Scholarship:**

This \$1,000 scholarship is available to a limited number of first-time freshmen who meet the Missouri Department of Elementary and Secondary Education's criteria for advanced scores on the MAP test and may be stacked with academic scholarships.

## **St. Louis Community College Scholarship:**

These scholarships are available for up to \$11,000 per year to students transferring from St. Louis Community College or St. Charles Community College with a cumulative GPA of at least 2.50 and 42 credit hours.

## **Phi Theta Kappa Scholarship:**

These scholarships are available for up to \$2,000 per year to students who are members of Phi Theta Kappa. Students must present proof of membership in good standing.

## **Ministerial:**

This scholarship is available to Christian students pursuing a major in Christian Ministry, Ministry and Leadership, Worship Arts Technology, or Worship Leadership, a minor in Apologetic Studies, Biblical Counseling, Biblical Languages, Biblical Studies, Christian Ministry, Church Planting, Missions, Pastoral Studies, Worship Leadership, Worship Studies, Youth, or the Associate of Science in Christian Ministry. This scholarship is renewed each year, and the student must meet the following requirements:

1. Apply each year.
2. Attend the mandatory Ministerial Alliance meeting each semester.
3. Attend a local church on a regular basis.
4. Participate in ministry activities each year (50 hours for a major, 25 hours for a minor) such as those in the local church, parachurch ministries, and/or MBU Campus Ministries.
5. Participate in service activities for the University each year (50 hours for a major, 25 hours for a minor) such as actively participating in activities with various MBU organizations, various MBU divisions, and/or MBU Campus Ministries.

Students must register for CEWL 010/020 Ministerial Scholarship each semester where they should submit all of the required forms each semester verifying compliance to the above requirements. After these requirements are verified as kept, the student will be invited for an interview. Students who have completed this interview will then be awarded scholarship amounts based on academic criteria, student development, and such program specific requirements. Students must be interviewed and approved by October 1 for the Fall award and by February 1 for the Spring award.

## **Undergraduate Concessions and Grants**

Undergraduate concessions and grants are awarded to students meeting certain standards or qualifications. This is gift assistance and does not have to be repaid. To apply, students must have completed their admission and financial aid files. Applicants may also need a recommendation from a faculty member or pastor to meet the eligibility requirements. Grants are budgeted and awarded on a limited basis. The University reserves the right to refuse a qualified applicant based on depletion of funds, enrollment status, and campus of attendance. Institutional grants require full-time enrollment unless otherwise noted. Students attending Regional Learning Centers or taking distance learning courses may receive limited institutional grants at a prorated award amount. Unless otherwise noted, undergraduate concessions and grants are only awarded for the Fall and Spring semesters.

## **A+ Scholarship:**

This scholarship is available to first-time freshmen who qualify for the Missouri A+ program for up to \$1,000 per year.

## **Alumni Concession:**

All recipients of a Missouri Baptist University baccalaureate degree are eligible to receive a concession on future coursework of:

1. One half of undergraduate tuition on the Main campus and at the Troy/Wentzville Regional Learning Center.
2. \$750 concession per semester of full-time enrollment (6+ hours) in 500-level courses at tuition rates equal to or exceeding Main Campus rates. This concession is only applicable to courses offered by Missouri Baptist University. Some restrictions do apply.

## **Alumni Dependent Grant:**

The spouse or dependent children of a Missouri Baptist University graduate who has completed a baccalaureate degree at Missouri Baptist University is eligible to receive a grant of up to \$2,000 annually. This applies to undergraduate tuition only.

## **Christian High School Graduate Grant:**

A renewable grant of up to \$1,000 is available to first-time freshmen who have graduated from a Christian high school. A letter from the school is required in the first year.

## **Christian Service Dependent Grant:**

Available to undergraduate students who are spouses or dependent children of ministers, missionaries, full-time church officials, employees of Southern Baptist agencies or administrators of Christian schools. This grant of up to \$2,000 annually requires an application for the Christian Service Dependent Grant from the agency of employment.

## **Church Matching Grant:**

Church contributions given on behalf of an undergraduate student will be matched up to \$500 per semester, not to exceed \$1,000 per year. The church check or the signed church contract from the church must be submitted to the Student Financial Services Office by October 1st.

## **Denominational Grants:**

A renewable grant of up to \$1,000 annually for undergraduate students who are active members of a Southern Baptist church.

## **Excel Grant:**

This grant of up to \$500.00 is available to incoming first-time freshmen who have completed at least six (6) credit hours through the Missouri Baptist University EXCEL program. This grant is available for the first year only.

## **Faculty/Staff Undergraduate Concession:**

All full-time employees, and their legal dependents under the age of 25, may be eligible to receive a full-tuition concession as full- or part-time undergraduate students. The employee must complete one year of full-

time service in order to be eligible for the concession. The maximum award is limited to the cost of full-time Main campus tuition and is available for Fall, Spring, and Summer terms.

## **Faculty/Staff Graduate Concession:**

All full-time employees may be eligible to receive a 50% tuition concession on Masters and Education Specialist programs and 25% on Doctorate programs. The employee must complete one year of full-time service in order to be eligible for the concession, which is available for Fall, Spring, and Summer terms.

## **Family Award:**

A concession of \$2,000 annually may be awarded to undergraduate students from the same immediate family household (including parents and their dependents, siblings who are both dependent according to the FAFSA, and spouses) who are enrolled during the same semester as full-time students.

## **Law Enforcement Grant:**

A grant of up to one-third tuition is available to both full- and part-time undergraduate students, on the Main campus only, who are majoring in Criminal Justice and who are employed as law enforcement officers in the St. Louis area. To be eligible, students must submit proof of employment, such as a letter from their department's police chief or other official, at the beginning of each semester or term.

## **Missouri Boy's State/Girl's State:**

This grant of up to \$1,500 annually is available to incoming first-time freshman who completed the Missouri Boy's or Girl's State program. The grant is renewable each year, but not to exceed 5 years total, and requires a 2.8 GPA to renew. Initial recipients must present proof they completed the program.

## **Performance Grant:**

Awards are based on the talent and participation of the undergraduate student in the areas of music and athletics. Detailed information may be obtained from specific departments. Amounts vary. FULL-TIME MAIN CAMPUS ENROLLMENT IS REQUIRED.

## **Resident Assistant Concession:**

Students selected by the Director of Resident Life and the Vice President for Student Development to serve as Resident Assistants in the residence halls receive a concession of current room and board charges for each semester of service.

## **Senior Adult Concession:**

Students over the age of 60 may be eligible for up to six hours of tuition per semester - Fall, Spring, and Summer - for undergraduate courses only. The student is responsible for all other applicable fees. Proof of age is required (e.g. driver's license, birth certificate, or passport).

# Endowments

The following endowments fund the Missouri Baptist Scholarship Program. Some endowments are awarded according to specific criteria. Applications can be submitted by visiting the Endowment Scholarship section at <https://www.mobap.edu/financial-aid/>.

**AcruX Staffing Scholarship** - Established by the Hermanns Family Foundation and partially funds a scholarship for a senior who has excelled in Christian community service.

**The Alumni Association of Missouri Baptist University Scholarship Endowment** - Established by the Alumni Association of Missouri Baptist University and partially funds a Missouri Baptist University scholarship for a junior or senior student.

**The E. J. Anderson Memorial Endowment** - Established by the Anderson Fund and partially funds scholarships for students active in their church.

**The Arbor Legacy Endowment** - Partially funds a scholarship to a female, residential student who demonstrates financial need and has a 2.5 GPA or higher.

**The Ballard Memorial Fund** - Established by the Ballard Fund.

**The Peggy Bay Endowment** - Established by the Peggy Bay Fund and partially funds a scholarship in music.

**The Mata V. Bear Endowment** - Established by the Mata V. Bear Fund and partially funds a scholarship in education.

**The Edgar E. and Gertrude F. Blake Memorial Endowment** - Established by the Blake Fund and partially funds a Missouri Baptist University institutional scholarship.

**The Velva Belle Boggs Endowment** - Established by the Boggs Fund and partially funds a Missouri Baptist University institutional scholarship.

**The Cassandra W. Boldin Endowment** - Partially funds to a Fine Arts junior or senior who demonstrates financial need.

**The Walter R. Brown Endowment** - Established by the Brown Fund and partially funds a scholarship for a student from the City of St. Louis.

**The Leta Fern Bywaters Endowment** - Established by the Bywaters Fund and partially funds a Missouri Baptist University institutional scholarship.

**The John W. Chancellor Memorial Endowment** - Established by Mrs. Betty

Keistler and partially funds a scholarship for a student majoring in business or pre-law.

**The Rufus R. Crozier Endowment** - Established by the Crozier Fund and partially funds a ministerial scholarship.

**The Clarence and Lois Dehart Endowment** - Established by the Dehart Fund and partially funds a Missouri Baptist University institutional scholarship.

**The DeLozier Endowment** - Established by the DeLozier Fund and partially funds a scholarship in ministry.

**The Duvall Scholarship** - An endowment established through the Arkansas Community Foundation the Duvall Scholarship partially funds a scholarship for a junior or senior majoring in business.

**The Edmundson Road Baptist Church Endowment** - Established by the Edmundson Road Baptist Church Fund and partially funds a Missouri Baptist University institutional scholarship.

**The Virginia L. Field Memorial Endowment** - Established by the Virginia L. Field Memorial Fund and funds a scholarship for an academically excellent, full-time, evangelical Christian student.

**The Fitzgerald-Chaney Endowment** - Established by the Fitzgerald-Chaney Fund and partially funds a scholarship in education.

**The James and Helen French Endowment** - Partially funds a scholarship to a student admitted to the Teacher Education Program with a 2.5 GPA or higher.

**The Dallas and Rosalie Frillman Memorial Endowment** - Established by the Frillman Fund and partially funds scholarships for students to participate in international study.

**The Harold E. Fry, Sr. Memorial Endowment** - Established by Mrs. Yvonne Fry and partially funds a scholarship in ministry.

**The Mr. and Mrs. Sardis E. Glascock Endowment** - Established by the Glascock Fund and partially funds a scholarship in ministry.

**The Glen Echo John Ogden Endowment** - Established by the Echo-Ogden Fund and partially funds scholarships for students preparing for a church related vocation.

**The Dan and Marilyn Glöre Endowment Fund** - Established by Dan and Marilyn Glöre to benefit the Missouri Baptist University Regional Learning Center at Jefferson College.

**The Hale Endowment** - Established by the Hale Fund and partially funds a Missouri Baptist University institutional scholarship.

**The Hamel-Littlefield Memorial Endowment** - Established by John and Kay Littlefield and partially funds a Missouri Baptist University institutional scholarship.

**The Harding Memorial Endowment** - Established by the Harding Fund and partially funds a Missouri Baptist University institutional scholarship.

**The Etta Cranor and J.O. Hassler Memorial Endowment** - Established by the Hassler Fund and partially funds a Missouri Baptist University institutional scholarship.

**The Jim and Doris Helvey Endowment** - Partially funds a scholarship for a student who demonstrates financial need.

**The Brian and Wanetta Henry Endowment** - Partially funds a scholarship for a student who demonstrates financial need.

**The Arthur and Audre Hunn Endowment** - Established by the Hunn Fund and partially funds a Missouri Baptist University institutional scholarship.

**The Immanuel Endowment** - Established by the Immanuel Fund and partially funds scholarships for students pursuing a church-related vocation.

**The Jera Foundation Endowment** - Partially funds a scholarship for students in Owensville, Missouri and/or surrounding areas.

**The Jiang-Thumin Endowment** - Partially funds a scholarship to a Fine Arts students who demonstrates financial need.

**The Frank B. Kellogg Scholarship** - Established by the Gateway Foundation and partially funds scholarships for students majoring in a health-related field.

**The Marcy Madison Scholarship** - Established by Marcy Hart and family and partially funds scholarships for students who demonstrate financial need.

**The Kraemer Memorial Endowment** - Established by the Kraemer Fund and partially funds a Missouri Baptist University institutional scholarship.

**The Pat Lacey Endowed Music Scholarship** - Established by Alton and Pat Lacey to encourage and support music students pursuing a concentration in vocal performance.

**The Michael and Bailey Lake Educational Fund** - Established to provide student scholarships giving preference to students from Crestwood Baptist Church, a church affiliated

with the St. Louis Baptist Association, or a student preparing for the ministry.

**The David Love Special Need Scholarship** - Established by the Love Fund and partially funds a Missouri Baptist University institutional scholarship for a physically challenged student.

**The Forrest A. Lowery Endowment** - Established by the Lowery Fund and partially funds scholarships for students preparing for a church-related vocation.

**The Louis A. "Dink" Marler Memorial Endowment** - Established by the Marler Fund and partially funds textbooks for needy ministerial students.

**The Mayfield Endowment** - Established by the Mayfield Fund and partially funds a Missouri Baptist University institutional scholarship.

**The Ellen Marie McIntosh Endowment** - Partially funds a scholarship to a student who demonstrates financial need.

**The Hazel O. McCoy Endowment** - Established by the McCoy Fund and partially funds a Missouri Baptist University institutional scholarship.

**Harris and Lucille Meacham Endowment Fund** - Established by the Meacham Fund to provide scholarships for students participating at Hong Kong Baptist University or church vocation students

**The George and Lucille Meyer Memorial Endowment** - Established by the Meyer Fund and partially funds a Missouri Baptist University institutional scholarship.

**The Miller Endowment** - Established by the Miller Fund and partially funds a Missouri Baptist University institutional scholarship.

**The Missouri Baptist University Endowment** - Established by the Missouri Baptist University Fund and partially funds a Missouri Baptist University institutional scholarship.

**The Missouri Baptist Convention Endowment** - Established by the Missouri Baptist Convention and partially funds a Missouri Baptist University institutional scholarship.

**The A. Marvin and Louise Mullis Endowment** - Established by the Mullis Fund

and partially funds a Missouri Baptist University institutional scholarship.

**The Muncy Fellows Memorial Endowment** - Established by the family of Dr. W.L. Muncy, Jr. and is awarded as a part of the Muncy Institute for Evangelism.

**The President Emeritus Endowment** - Partially funds a Missouri Baptist University institutional scholarship.

**The Gordon Psalmonds Memorial Endowment** - Established by the family and friends of Dr. Gordon Psalmonds.

**The Ridings Endowment** - Established by the Ridings Education Fund and partially funds a Missouri Baptist University institutional scholarship.

**The Robb Endowment** - Established by the Robb Fund and partially funds a Missouri Baptist University institutional scholarship.

**The Louis C. Roberts Memorial Endowment** - Established by the Roberts Fund and partially funds a Missouri Baptist University institutional scholarship.

**The Kimberly Preston Schueler Memorial Endowment** - Established by the Preston Fund and partially funds a Missouri Baptist University scholarship for an English major.

**The Smallwood Endowment** - Established by the Smallwood Fund and partially funds a Missouri Baptist University institutional scholarship.

**The Faith A. Seguin Smith '75 Endowment** - Partially funds a scholarship for students pursuing a Music or Music Education degree.

**The Nelson E. and Maxine A. Smith Family Trust** - Established by the Smith Fund and partially funds a scholarship for full-time Southern Baptist students who are preparing for a church-related vocation.

**The South County Baptist Church Foundation Endowment** - Partially funds a scholarship to a student who demonstrates financial need.

**The Southwestern Bell Telephone Endowment** - Established by the Southwestern Bell Telephone Fund and partially funds a

scholarship for a student majoring in communications.

**The Judge Aytchmonde P. Stone, Jr. Endowment** - Established by the Stone Fund and partially funds a Missouri Baptist University institutional scholarship.

**The Mrs. Aytchmonde P. Stone, Jr. Endowment** - Established by the Stone Fund and partially funds a scholarship for a student in pre-nursing.

**The Dorothy Elizabeth Tabor Endowment** - Established by the Tabor Fund and partially funds a Missouri Baptist University institutional scholarship.

**The Timothy Fund** - The Timothy Fund was established to provide a scholarship for graduate students pursuing a degree in counseling or undergraduate students pursuing a degree in education.

**The Union Pacific Endowment** - Established by the Union Pacific Foundation and partially funds a scholarship for a student from the City of St. Louis.

**The University Heights Baptist Church Endowment** - Established by the University Heights Baptist Church of Springfield, Missouri, and partially funds a Missouri Baptist University institutional scholarship.

**Jimmy and Lois Waltrip Memorial Endowment Fund** - Established by the Waltrip Fund and partially funds an institutional scholarship.

**The Elmer Whitney Endowment** - Established by the Elmer Whitney Student Aid Fund and partially funds a scholarship for a student preparing for a church-related vocation.

**The William T. Winning, Jr., and Lillian A. Winning Endowment** - Established by the Winning Fund and partially funds an institutional scholarship.

**The Stash Zabriski Memorial Fund** - Established by the family of Steven Zabriski will partially fund a scholarship for a student in the Health and Sports Sciences Division.

---

## Student Life and Services

**Mission Statement:** Life at Missouri Baptist University is more than books, seminars, and lectures. It also involves the student in activities outside the classroom, from participation in student organizations to life in the residence halls. It includes providing the student with cultural activities, recreation, entertainment, service opportunities, and spiritual development. The Missouri Baptist University program is designed not only to embrace a wide diversity of interests but also to use that diversity to challenge and strengthen the mind and spirit of each member of the student body.

The Office of the Vice President for Student Development, in conjunction with other university departments, seeks to provide services and activities which, together with the academic program, offer a complete educational experience that is related to the intellectual goals and individual talents, abilities, and resources of the student.

From the time a student is admitted to the University, steps are taken to facilitate integration into university life, to encourage individual study and achievement, to discover and develop personal abilities, and to help the student realize the highest possible values from the University experience.

### myMBU

Missouri Baptist University student portal is a single sign-on service, called myMBU, <https://mymbu.mobap.edu/>, which will allow students the ability to easily navigate across platforms without having to re-enter their password multiple times. Students who have forgotten their password can have their password reset using the Password Help Center.

**How will students use the single sign-on system?** myMBU will act as Missouri Baptist University's 24-hour, self-service web dashboard that provides eligible students a "one-stop shop" to access an array of services. Essentially, students will login to myMBU one time and have access to a number of services. Students who have forgotten their password can have their password reset using the Password Help Center. The student-centric site includes the following functions:

- **mmyMBU Learn** — This section allows students to access MBU's Learning Management System, Canvas. Canvas is the learning management system utilized by MBU. For more information, visit <http://www.mobap.edu/online/cdl/online-learning-technology-requirements/>.
- **myMBU Calendar** — Visit the easy-to-use calendar to discover all of the events at MBU. From athletics to club meetings, this calendar hosts all of the events on campus. RSVP and share the events with your friends so you don't miss your favorite concerts or open mic night in thePerk. This site is also accessible at [calendar.mobap.edu](http://calendar.mobap.edu).
- **myMBU Access** — This section allows students to access personal academic information such as class schedules and unofficial transcripts; print both mid-term and final grade cards (grade reports will **not** be mailed); view active holds; change local address information; keep a personal calendar of events such as birthdays, athletic schedules, concerts, upcoming tests, etc.; access a Faculty Directory of campus email addresses and phone numbers; view lists of documents received and outstanding (Admissions, Financial Services, Teacher Education, etc.); order books from the bookstore; review and either accept or deny financial aid awards; pay tuition and fees; and locate other

important information including course schedules and library reference sites.

- In addition, students may access campus email and library databases from the **myMBU** dashboard.

To login to **myMBU**, students will go to <http://www.mobap.edu> and click on the Current Students link. From that page, students will launch **myMBU**. For students, the username to login to **myMBU** is the student ID number found on their student ID card. Students who do not have a current student ID card should contact the MBU IT department at 314-392-2377. Students who have forgotten their password can have their password reset using the Password Help Center <https://portal.mobap.edu/PasswordHelpCenter/>.

For other problems or questions, please contact the office related to the problem or question (Admissions for issues related to Admissions document tracking; Financial Services for billing or financial aid issues; Records Office for issues related to schedules, transcripts, or grade cards, etc.; Teacher Education for issues related to Teacher Education document tracking items, etc.).

### Cancellation of Classes

In the event that day classes are cancelled due to severe weather, power outages, or other unforeseen circumstances, or if classes are to run on the Delayed Day Schedule, please note the following:

- Mobap.edu will provide the most accurate information and details.
- Students may sign up through the Password Help Center to receive emergency text notifications to their cell phone. In addition, students may enroll by sending a text message to 313131 with the term mbustudents. Students should quickly receive a text message confirming participation in the program.
- The Main campus phone messaging system (314) 434-8262 will play updated information.
- The following broadcast centers will be notified: KMOX Radio (AM 1120), KSDK Channel 5, and other outlets.

Announcements on KMOX begin at 5:30 a.m. with a repeat listing at 6:30 a.m. KTVI Channel 2 and KSDK Channel 5 continually broadcast information from 5:30 a.m.-9 a.m. Announcements on the mobap website and phone system will be made as early as possible.

When the Delayed Day Schedule is announced, 8 a.m. classes are cancelled and students should report to school at 9:30 a.m. for classes that are scheduled to begin at 9 a.m. or 9:30 a.m. All other classes will meet as scheduled.

All evening class cancellations due to inclement weather will be decided by 4 p.m. and posted on the website and phone system.

### Chapel OVERVIEW

Chapel seeks to develop the whole person by providing students, faculty, and staff with opportunities for spiritual, educational, and cultural development. Chapel is a central event of the University, meeting each Thursday of the semester and the first Tuesday of each month of the semester. Chapel may include worship, preaching and teaching, guest speakers and lecturers, and cultural activities. The University invites a variety of Christian speakers to chapel, including influential leaders, musicians, pastors, missionaries, and more. Chapel seeks to engage and develop the convictions of students, faculty, and staff by showing how faith affects all areas of life. As such, Chapel strives to cultivate character and to promote social change through service and leadership.

## TIME

Chapel convenes from 11 AM to 11:45 AM every Thursday and on the first Tuesday of the month in Pillsbury Chapel. See the printed Chapel Schedule, available at the beginning of each semester, for the exact dates. The schedule is also available online at [www.mobap.edu/faithandservice](http://www.mobap.edu/faithandservice).

## ATTENDANCE AND EXPECTATIONS

The chapel convocation is considered to be an integral part of the student's overall educational experience. The following attendance requirements and provisions reflect this attitude:

1. Undergraduate Students enrolled for twelve credit hours or more on the Main campus are expected to attend all chapel convocation programs. Those enrolled for eleven hours or less are encouraged to attend whenever possible.
2. Students who are enrolled in online or evening classes only are exempt from chapel.
3. A student attending 80% or more of the programs printed in the Chapel Schedule is awarded one additional quality point for the semester.
4. Those attending 60%-79% of the programs are considered to be following the minimum acceptable attendance pattern, and there is no change in quality point status.
5. One quality point is removed from the record of a student who attends only 50%-59% of the programs.
6. A student who attends less than 50% of chapel convocation programs in any one semester loses one quality point and is in danger of being placed on disciplinary probation, during which time the student is restricted from certain leadership and extracurricular activities, and all institutional financial aid the student has been receiving is at risk of being discontinued.
7. If unable to attend the chapel services there are optional school events the student can choose to receive chapel credit up to 3 credits. These are listed on the back of each Chapel Schedule at the beginning of each semester as well as online at [www.mobap.edu/faithandservice](http://www.mobap.edu/faithandservice).
8. A student who consistently disregards responsible chapel attendance may be asked to withdraw from the University.
9. Attendance will be taken from 10:45 AM until 11:05 AM after which time attendance will not be taken for credit. In addition, students leaving chapel before dismissal will have chapel attendance cancelled for that day. It is the responsibility of the student to follow this procedure. If habitual infractions are observed, the student may receive disciplinary action by the Vice President for Student Development.
10. Students are able to receive credit for chapel attendance by attending other approved school sponsored events. See the website for approved events

## EXEMPTIONS

1. If unable to attend chapel during the semester due to uncontrollable circumstances, a letter must be submitted to the Vice President for Student Development requesting an excuse. This may include, but is not limited to, employment conflicts and educational conflicts.

2. If you have a job that requires you to miss chapel, you must have your employer submit the letter on company letterhead with contact numbers with your exemption request.
3. Off campus students may request an exemption if they do not have classes on main campus on Tuesdays and Thursdays. A copy of your schedule is required for approval.
4. Requests for chapel excuses must be submitted by October 1 & February 1 of each semester.
5. Any appeals concerning chapel credit must be submitted in writing to the Vice President for Student Development within three months of the semester in question.

## EXEMPTION PROCESS

1. Submit a request for exemption online to the Student Development Office by October 1 for the Fall semester and by February 1 for the Spring semester.
2. Requests must be made one semester at a time.
3. See restrictions in the Chapel Attendance policy section of this Handbook. \*The Exemption Form may also be completed online at: <http://www.mobap.edu/faithandservice>

# Student Conduct Code

## Christian Attitudes

A primary aim of the University is to encourage a Christian attitude in every area of life, while offering an educational program of the highest academic quality. It is expected that "each student will actively express the principles of Biblically-based Christianity in academic pursuits, moral standards, and social contacts." This should include regular worship and participation in the church of the individual's choice.

Missouri Baptist University is in accord with the Christian ideals of its founders and promoters. The regulations adopted by the Board of Trustees, upheld by the faculty, and endorsed by the student body, are designed to attain and maintain these ideals. The welfare of the student is the foremost consideration in all regulations and practices of the school.

Faculty members of Missouri Baptist University are committed to active service in their churches. They are ready to do all that is possible to assist each student in the development of spiritual qualities.

## University Citizenship

All students of the University are expected to maintain the highest standard of moral conduct and concern for the well being and rights of their fellow students. Missouri Baptist University students are expected to be responsible citizens of the community who respect the privacy and property of others with behavior appropriate to the philosophy and purposes of the University.

University policies relating to student life are intended to give each student programmed opportunities within the context of a Christian community to develop their potential to the fullest. Students are encouraged to make choices that will help them grow. The standard of moral conduct to which Missouri Baptist University calls every student is guided by Southern Baptist beliefs.

## Governing Principle

The governing principle for the MBU Student Conduct Code, Policies, and Procedures can be found in Galatians 5:14, "The entire law is summed up in one command, 'Love your neighbor as yourself...'" and Luke 6:31, "Do unto others as you would have them do unto you." These scriptures are rooted in biblical values such as respect, humility, integrity, service, and leadership.

## Student Conduct Code Statement

Missouri Baptist University is a faith-based institution, and it is expected that employees and students will conduct themselves in accordance with Christian principles both on and off the campus. Personal misconduct either on or off the campus by anyone connected with MBU detracts from the Christian witness the University strives to present to the world and hinders full accomplishment of the University program. While at the University, the student is expected to obey federal, state, and local laws. The University and its employees will cooperate with law enforcement agencies during an investigation. Each student is also expected to obey rules and regulations established by Missouri Baptist University. In all cases of violation of the University rules and regulations, or of actions in violation of local, state, or federal laws, Missouri Baptist University reserves the right to proceed with its own disciplinary action independent of governmental charges or prosecution. There is no University policy to await the outcome of governmental prosecution.

## Scope of Code

The following policies prohibiting specific types of conduct are not designed to be a comprehensive, inclusive code. Any conduct violation of local, state, or federal laws, or any indecent or disorderly conduct disruptive of the orderly process of the University educational program, may be grounds for disciplinary action.

## Student Awareness Responsibility

It is the responsibility of the student to become familiar with these policies and rules. The administration will attempt to ensure that all students know the rules through orientation sessions. However, students are responsible to the University for their conduct. If students should witness a violation of these policies on the part of other students, faculty, or administrators, it is their responsibility to report it. In the event that a student violates the campus rules, the student will appear before the Vice President for Student Development and/or the University Conduct Committee for disciplinary action. A student enrolling in Missouri Baptist University assumes an obligation to behave in a manner compatible with the University mission and purpose as an educational institution.

## Jurisdiction

Jurisdiction of Missouri Baptist University generally shall be limited to conduct which occurs on the Missouri Baptist University premises (including off-campus housing) or at University-sponsored or supervised functions. However, nothing herein limits the administration of the University from taking appropriate action, including, but not limited to, the imposition of sanctions against students for conduct on or off University premises.

## Violations of Student Conduct Code

A. Academic dishonesty includes, but is not limited to, cheating, plagiarism, and sabotage. In all cases of academic dishonesty, the instructor shall make an academic judgment about the student's grade on the work in that course, if possible, and report the alleged academic dishonesty to the Vice President for Student Development.

1. The term "cheating" includes, but is not limited to:
    - a. Use of any unauthorized assistance in taking quizzes, tests, or examinations;
    - b. Dependence upon the aid of sources beyond those authorized by the instructor in writing papers, preparing reports, solving problems, or carrying out other assignments;
    - c. Acquisition, or possession without permission of tests or other academic material belonging to a member of the University faculty or staff; and,
    - d. Knowingly providing any unauthorized assistance to another student in taking any quiz, test, or examination.
  2. The term "plagiarism" includes, but is not limited to:
    - a. Use by paraphrase or direct quotation of the published or unpublished work of another person without fully and properly crediting the author with footnotes, citations, or bibliographical reference;
    - b. Unacknowledged use of materials prepared by another person or agency engaged in the supplying or selling of term papers or other academic materials; and,
    - c. Unacknowledged use of original work/material that has been produced through collaboration with others without release in writing from collaborators.
  3. The term "sabotage" includes, but is not limited to the unauthorized interference with, modification of, or destruction of the work or intellectual property of another member of the University student body, faculty, or staff.
- B. Forgery, alteration, or misuse of University documents, records of identification, or knowingly furnishing false or misleading information to the University.
  - C. Obstruction or disruptions of teaching, research, administration, conduct proceedings, or other University activities, including its public service functions, on or off campus.
  - D. Attempted or actual theft of, damage to, or possession without permission of property of the University or of a member of the University student body, faculty, staff or of a campus visitor.
  - E. Unauthorized possession, duplication, or use of keys to any University facilities or unauthorized entry to, or use of, University facilities.
  - F. Physical or verbal abuse, sexual harassment or assault, fighting, or any other conduct, which threatens or endangers the health or safety of any person.
  - G. Violation of University policies, rules, or regulations, or of campus regulations, including, but not limited to, those governing residence in University-provided on and off-campus housing, or the use of University facilities.
  - H. Manufacture, use, possession, sale, or distribution of alcoholic beverages or any controlled substance without proper prescription or required license, or as expressly permitted by law or University regulations.
  - I. Disruptive or disorderly conduct, profanity in any form, or any other lewd, indecent, or obscene conduct or expression.
  - J. Failure to comply with directions of University officials acting in the performance of their duties.
  - K. Possession of firearms, explosives, fireworks, other weapons, or dangerous chemicals (except for academic purposes) at any time either on campus or off campus at University-sponsored or supervised functions.
  - L. Failure to follow the published guidelines and procedures of the University relating to the use of the campus telephone and computer systems, for the purpose of avoiding charges for personal phone use or any other purpose. The use of any other person's access code which includes, but is not limited to, copy codes, computer codes, and passwords, etc. is prohibited.

# Student Email Use Policy

## A. BACKGROUND

Every MBU student, faculty, and staff person is provided with a University email account.

## B. POLICY

A student's University email account is the one used for all University communications from faculty and staff and must be regularly checked (at least once a day) for all communications. Other notification methods available inside the learning management system are provided for the convenience of the student and are not a substitute for checking the University email account. University email accounts should not be used for confidential or sensitive information. There should be no expectation of privacy.

## C. GUIDELINES

A "MBU Statement of Use" email policy will be placed in all MBU course syllabi. In addition, faculty will determine how electronic forms of communication (e.g., email) will be used in their classes, and will specify their requirements in the course syllabus. The "MBU Statement of Use" email policy and the faculty member's "Official Student Email Policy" will ensure that all students will be able to comply with email-based course requirements specified by faculty. Faculty can therefore make the assumption that students' official mobap.edu accounts are being accessed and faculty can use email for their classes accordingly.

# Computer Use Policy

## A. BACKGROUND

This document specifies acceptable uses of university hardware, software, and network resources. Students, staff, faculty, and others with permission may also connect a personal computer to the university network within the limits of this Acceptable Use Policy (AUP).

### Purpose

The purpose of this Acceptable Use Policy is to assure that the University computers and network continue to be effective resources for teaching, learning, research and University business. The University's computer and network infrastructure enriches the teaching, learning and research environment by providing students, faculty and staff access to services such as:

\* Email for communicating with other members of the University community, as well as with friends, relatives, colleagues and other correspondents throughout the world.

\* On-line library catalogs, electronic journals, databases, and other sources of electronic information available through Internet.

\* The Worldwide Web.

\* myMBU portal for accessing course content, student information, and announcements.

### Definitions

The following are terms used throughout this Acceptable Use Policy and should be understood:

\* University network, network, or the network. This includes, but is not limited to, Ethernet network, WiFi network, servers, firewall, databases, files, network bandwidth, usernames, and passwords.

\* Network Credentials. This includes user names/IDs and passwords assigned or maintained by the University.

\* University computer. This is any computer owned by Missouri Baptist University.

\* Resources. This is a comprehensive term referring to University owned/licensed computer hardware and software, and/or the University's network.

\* Software. This term refers to a collection of source code and libraries which have been compiled into an executable file or otherwise interpreted to "run" in computer memory, where it can perform both automatic and interactive tasks with data.

\* Privately owned computer. This is a computer owned by someone other than the University, which is used to access the University computers or network.

\* Network patron or patron. Authorized network users. The University network is not for public use and computer and network access is restricted to authorized faculty, staff, students, and those patrons who have been approved by the appropriate University personnel. Exceptions to this policy are restricted computer resources that have been explicitly identified for public use (such as the Library computers, labs and computer pods in other open areas designated for student use). Patrons who are not faculty, staff, or students must receive written authorization to use the network from the Library Director or a full-time librarian.

## B. POLICY

### Patron Network Access

Patrons (including faculty and staff) attempting to access the University network on personally owned computers may do so only via the WiFi network and student-designated Ethernet wall ports in campus residences. See section below "Required Actions for Privately-Owned Computers".

Faculty and staff using University owned computers may connect to the network via either Ethernet wall ports or the WiFi network.

Any patron using a non-designated network connection will be asked to disconnect. Repeated violations may result in the patron having their network access privileges revoked.

### Monitoring & Privacy

It is the policy of the University that the University network and computers are the property of the University to be used for University-related business. Patrons have no expectation of privacy when utilizing the University computers or network, even if the use is for personal purposes. The University reserves the right to inspect, without notice, the contents of computer files, regardless of medium, the contents of electronic mailboxes and computer conferencing systems, systems output, such as printouts, and to monitor network communication when:

1. It is considered reasonably necessary to maintain or protect the integrity, security or functionality of University or other computer resources or to protect the University from liability.

2. There is reasonable cause to believe that the users have violated this policy or otherwise misused computing resources.

3. An account appears to be engaged in unusual or unusually excessive activity.

4. It is otherwise required or permitted by law. Additionally, the user ID and computing services of the individuals involved may be suspended during any investigation of misuse of computing resources.

## Content Filtering

The University's connection to the Internet is a filtered connection. University patrons are intentionally blocked from reaching certain types of content via the University network. The blocked categories include, but are not limited to: pornography, gambling, and computer hacking. Exceptions may be requested on case-by-case basis by contacting the IT helpdesk.

## Acceptable Use

All computers connected to the University network have access to the internet. To protect The University's status within the internet and to assure legitimate access to the University computers and network, patrons using these University resources, including those accessing them via their privately-owned computers, are expected to abide by the following rules:

**\* Illegal activities are prohibited.** Prohibited activities include but are not limited to distributing copyrighted material such as software, text, music or images in ways prohibited by the copyright holder, obtaining copyrighted material in ways prohibited by the copyright holder, breaking into computers or computer accounts that you are not authorized to use, and monitoring network traffic in order to obtain passwords or other private information. Persons found to be using University computers or network for illegal activities will have their computer and network access privileges revoked and may be subject to disciplinary action. Any evidence of illegal use of the network or computers will be turned over to the appropriate authorities.

**\* Installing unauthorized software on University owned computers is prohibited.** Generally, faculty, staff, students, and patrons are prohibited from installing any software on University owned computers. The only exception is if a member of the University's IT staff gives explicit authorization to do otherwise. Persons found to be installing unauthorized software on University computers will have their computer and network access privileges revoked and may be subject to disciplinary action.

**\* Immoral activities are prohibited. In keeping with the University's policies for staff, students, and faculty; use of the network for immoral activity is not acceptable.** Examples of immoral uses of the University computers and network include but are not limited to using these resources to view or retrieve pornographic material, engage in illicit relationships, harass others, or engage in gambling activities. Persons found to be using University computers or network for immoral activities may have their computer and network access privileges revoked and may be subject to disciplinary action. Any evidence of immoral use of these University resources will be turned over to the appropriate authorities.

**\* All commercial activities other than University-approved business are prohibited.** Specifically, resale of network connectivity, operation of a business through the network, and sale of computing resources are prohibited. Persons found to be using University computers or network for commercial activities other than University business may have their computer and network access privileges revoked and may be subject to disciplinary action. Any evidence of commercial use of these University resources will be turned over to the appropriate authorities.

**\* Excessive bandwidth use is prohibited.** The University network and the Internet are shared by many people. Sustained high traffic generated by an individual computer can interfere with the activities of others. When monitoring reveals excessive

traffic by individual computers, IT personnel will attempt to contact the owners of these computers and ask them to correct the problem. If problems cannot be resolved expeditiously, offending computers may be disconnected from the network.

**\* Sharing Network Credentials is prohibited.** University computer accounts are for the exclusive use of the individual to whom they were assigned, and users may not allow or facilitate unauthorized access to University computer accounts, computers or networks. This prohibition includes, but is not limited to, the sharing of user IDs and passwords with any individual or service. Persons found to be sharing network credentials may have their computer and network access privileges revoked and may be subject to disciplinary action.

**\* Disguising or falsifying message sources is prohibited.** Persons who attempt to mislead, defraud or harass others by disguising or falsifying sources of electronic mail or other signed messages may have their network access privileges revoked and may be subject to disciplinary action. Any evidence of fraudulent use of these University resources will be turned over to the appropriate authorities.

**\* Interfering with legitimate use of network by others is prohibited.** For example, activities such as using packet sniffers to monitor network communications, harassing other patrons of the network (sexually or otherwise), damaging other people's files, propagating chain electronic letters, and sending junk electronic mail are prohibited. Persons found to be interfering with legitimate use of the University network by others may have their computer and network access privileges revoked and may be subject to disciplinary action. Any evidence of malicious use of these University resources will be turned over to the appropriate authorities.

**\* Circumvention of security systems or content filters is prohibited.** Although isolated encounters with the University's security and filtering systems are expected in routine use of the network, repeated attempts to access filtered content or circumvent the University's security and filtering system will be investigated by the IT staff and reported to the Senior Vice President for Academics. The Senior Vice President will refer the details of the violation to the appropriate senior administrator for possible disciplinary action as follows:

- Faculty – Senior VP for Academics notified
- Student – Vice President for Student Development notified
- Staff -- The staff member's direct supervisor
- Senior Administrator -- President notified
- **Disciplinary Action**  
The University considers the violation of this acceptable use policy to be a serious offense and subject to the disciplinary actions described in the student handbook, employee handbook, and combined policy manual. Such discipline may take many forms, including employee termination and/or student dismissal.
- **Required Actions for Privately-Owned Computers**  
In addition to compliance with the University Acceptable Use Policy, privately-owned computers accessing the University network must meet certain requirements. The following required items will help insure that the University network and its patrons remain free of malicious attacks from viruses, hackers, and the like. Those accessing the University network with privately-owned computers found to be in violation of these requirements may have their network access privileges revoked.

- \* Up-to-date virus protection. All privately-owned computers connected to the University network must have an anti-virus product installed and must have up-to-date virus definitions. Network patrons whose computers do not comply with this requirement will have their network access privileges revoked until the situation is corrected. If you need a recommendation for an anti-virus product, please consult with an IT representative.
- \* Up-to-date software patches. Windows, Macintosh, and Linux operating systems and applications are regularly updated with security patches. All privately owned computers connected to the University network must have current security patches installed. Network patrons whose computers do not comply with this requirement will have their network access privileges revoked until the situation is corrected. If you are unsure how to install these, please consult with an IT representative.
- \* Use designated network connections only. Patrons (including faculty and staff) attempting to access the University network on personally owned computers may do so only via the WiFi network. Resident students are also provided with Ethernet wall ports in their residence rooms.
- **Liability**  
The user of a privately-owned computer connected to the University network is responsible at all times for the security of their accounts, passwords, data and system. Missouri Baptist University cannot be held and cannot accept responsibility or liability for any loss or damage to data, intellectual property or equipment connected to the University network.

## Library Code of Conduct

The mission of the library is to provide students, staff, and faculty with the broadest array of information resources in an easy and timely manner, and to create an academic environment conducive to study, access, and research. All users are expected to abide by the guidelines set forth by this policy. The use of the stations, resources, etc., is a service and privilege to all.

- Users are required to turn their cell phones off, or set it to 'vibrate.' If it is necessary to take a call please take it outside, and keep calls private.
- Patrons are expected to maintain a quiet atmosphere by refraining from loud conversations in all areas of library. Your fellow library users will thank you for being considerate.
- Computer stations are dedicated for research and academic work. Playing games is not allowed.
- Distribution of leaflets and other notices/advertisements not related to the library/university activities is prohibited.
- Failing to adhere to the copyright law, and systematically downloading or printing from a source not licensed infringes on the copyright law, and will not be tolerated.
- Students who are disruptive and/or rude to the library staff will be reported promptly to the Vice President for Student Development.
- Students must show their ID's when asked by the staff. It is a safety procedure if an emergency should occur.
- Eating/drinking or bringing any kind of food into the library is not allowed. Water bottles/cup with lids may be used in the library.
- Opening the exit emergency door, except for emergency situations, is a violation, and the individual will be reported immediately to Public Safety.

Violations of any of the above will result in a disciplinary action by the Vice President for Student Development.

## Fair Use

### LIMITATIONS ON EXCLUSIVE RIGHTS: FAIR USE

One of the rights accorded to the owner of copyright is the right to reproduce or to authorize others to reproduce the work in copies or phonorecords. This right is subject to certain limitations found in sections 107 through 118 of the copyright law (title 17, U. S. Code). One of the more important limitations is the doctrine of "fair use." The doctrine of fair use has developed through a substantial number of court decisions over the years and has been codified in section 107 of the copyright law.

## Summary of Civil and Criminal Penalties for Violation of Federal Copyright Laws

Copyright infringement is the act of exercising, without permission or legal authority, one or more of the exclusive rights granted to the copyright owner under section 106 of the Copyright Act (Title 17 of the United States Code). These rights include the right to reproduce or distribute a copyrighted work. In the file-sharing context, downloading or uploading substantial parts of a copyrighted work without authority constitutes an infringement.

Penalties for copyright infringement include civil and criminal penalties. In general, anyone found liable for civil copyright infringement may be ordered to pay either actual damages or "statutory" damages affixed at not less than \$750 and not more than \$30,000 per work infringed. For "willful" infringement, a court may award up to \$150,000 per work infringed. A court can, in its discretion, also assess costs and attorneys' fees. For details, see Title 17, United States Code, Sections 504, 505.

Willful copyright infringement can also result in criminal penalties, including imprisonment of up to five years and fines of up to \$250,000 per offense.

## Special Regulations

### Alcoholic Beverages

The possession, consumption, sale or the furnishing of alcoholic beverages on the MBU campus, at any University sponsored function by students or their guests, is strictly prohibited. Any student appearing on campus or at any University sponsored function under the influence of intoxicating beverages will be subject to disciplinary action. The Department of Public Safety will refer all alcohol violations to the Vice President for Student Development for disciplinary proceedings in accordance with University policies. MBU will cooperate fully with local law enforcement in the investigation and prosecution of any crime associated with the alcohol infraction.

An intoxicating beverage is defined as any drink or consumable product containing alcohol, including simulated beer products that contain small amounts of alcohol.

Powdered Alcohol also known as "Palcohol" is considered an alcoholic beverage whether it is mixed with liquid or in its original powdered state.

Depending upon the severity of the alcohol infraction and other issues that may accompany it, possible sanctions imposed can range from a documented disciplinary conversation, a requirement of counseling for substance abuse, the requirement of participation in the Restorative Justice program if the student resides in MBU housing, sanctions required in the Student Athlete Handbook for student-athletes, or other sanctions deemed necessary. In the most severe situations, for example, where sexual assault or relationship violence accompanies the alcohol violation, expulsion from MBU is a possibility. MBU reserves the right to confiscate, retain, and dispose of any alcohol related paraphernalia discovered on campus, regardless of value or ownership.

## Clothing Guidelines

The guidelines for dress at Missouri Baptist University are intended to create an atmosphere of modesty and dignity that is in agreement with the standards that set MBU apart as a distinctively Christian institution. Members of the MBU community should dress modestly and appropriately at all times. The University recognizes that individuals have a freedom of personal choice; however, classrooms and offices are places of learning, work, and business and clothing choices should reflect professionalism and Christ-likeness in these settings.

Guidelines in this document are not intended to outline every possible scenario; members of the MBU community should use their best judgement in determining how to best practice modesty and appropriateness in clothing choices. At all times, the University reserves the right to make decisions regarding a student's attire and appearance on a case-by-case basis. Members of the faculty and administration may determine whether a given mode of dress disrupts the academic process and have the right to ask a student to leave and change their clothing. Students are also encouraged to hold one another accountable through Christian love.

Shirts and footwear must be worn in all University facilities, including public areas of the residence halls. Clothing that advertises tobacco or alcoholic beverages or gives reference to immoral behavior, including, but not limited to, profanity, drugs, or pornography, is unacceptable. Avoid abbreviated shorts and tops. During work periods, student workers are expected to conform to the dress code set by the department in which they work.

Questions regarding clothing guidelines may be addressed to the Student Development office.

## Dancing

MBU is committed to creating a Christian environment where students have opportunities for appropriate social interaction as young adults. Many forms of dance and cultural expression are embraced by our society, some of which are consistent with our Christian mission and values while others are more likely to distract us from a Christ-centered life. Therefore, in keeping with the Christian mission of the university, only certain dance forms will be considered for approval. All requests must be submitted, in writing, to the office of the Vice President for Student Development at least one month prior to the requested event.

## Drugs

Depending upon the severity of the alcohol infraction and other issues that may accompany it, possible sanctions imposed can range from a documented disciplinary conversation, a requirement of counseling for substance abuse, the requirement of participation in

the Restorative Justice program if the student resides in MBU housing, sanctions required in the Student Athlete Handbook for student-athletes, or other sanctions deemed necessary. In the most severe situations, for example, where sexual assault or relationship violence accompanies the alcohol violation, expulsion from MBU is a possibility. MBU reserves the right to confiscate, retain, and dispose of any alcohol related paraphernalia discovered on campus, regardless of value or ownership.

The use of illegal drugs at Missouri Baptist University will not be tolerated. Students are prohibited from the unlawful manufacture, possession, sale, dispensing, or distribution of any controlled substance or illegal drug on any property or in any facility owned or controlled by MBU. The possession of paraphernalia used to manufacture or consume illegal drugs on any property or in any facility owned or controlled by MBU is prohibited. The use by an MBU student of a controlled substance that is not medically authorized is prohibited.

Students who are taking prescription medication under the care of a physician may have their medication with them while at MBU. If a student resides in MBU housing, the possession of prescription medication is subject to the policies and procedures outlined in the *Resident Life Handbook*. However, the sale, dispensing, or distribution of any prescription medication by the student who owns the medication to another student is prohibited.

Any student found to be in possession of, or under the influence of, a controlled substance that has been determined by the State of Missouri to be a misdemeanor violation will be referred to the Vice President for Student Development for disciplinary proceedings, in accordance with University policy. Any student found to be in possession of, or under the influence of, a controlled substance that has been determined by the State of Missouri to be a felony crime will be turned over to local law enforcement, in addition to being referred to the Vice President for Student Development.

- **Controlled Substance** – any drug that is regulated by the United States Drug Enforcement Agency (DEA) in category schedules 1 through 5.
- **Illegal Possession of a Controlled Substance** – concealment or carrying of a prescription drug not prescribed to the owner (or not in a bottle with the authorized prescription on the bottle).
- **Paraphernalia** – any item that is used to aid in the unlawful manufacture or consumption of controlled substances or illegal drugs.

Depending upon the severity of the drug infraction and other issues that may accompany it, possible sanctions imposed on students who violate this policy can range from a documented disciplinary conversation, a requirement of counseling for substance abuse, the requirement of participation in the Restorative Justice program if the student resides in MBU housing, sanctions required in the *Student Athlete Handbook* for student-athletes, or other sanctions deemed necessary. In the most severe situations, for example, where sexual assault or relationship violence accompanies the drug violation, expulsion from MBU is a possibility. MBU reserves the rights to confiscate, retain, and dispose of any alcohol related paraphernalia discovered on campus, regardless of value or ownership.

## Electronic Devices

No radio, tape/CD/DVD player, television set, or other audio equipment is allowed to be in operation while in the University Dining Hall or Pillsbury Chapel and Dale Williams Fine Arts Center. The Office of the Vice President for Student Development must grant permission for any exception. Cell phone usage during chapel and class time is strictly prohibited, unless direct permission is granted by your instructor.

## Firearms

Firearms, ammunition, fireworks or other explosive or incendiary devices or simulated or look-a-like firearms or BB or pellet guns are not permitted in the residence halls, or on MBU campus, or any other University property or at any Missouri Baptist University-sponsored function. Violation of this rule is considered serious, and any violator will be subject to disciplinary action. An authorized security officer or police officer may have a firearm as a part of his uniform. Students who inadvertently bring a weapon on campus may have that weapon secured by Public Safety without penalty.

## Gambling

Gambling in any form is not permitted on the campus.

## Hoverboards

The media has been flooded with reports of fire safety issues with hoverboards. The Consumer Product Safety Commission is currently investigating the fires and safety concerns with the hoverboards. In the interest of the Missouri Baptist University community and safety of our students, hoverboards are banned from all University property. This includes the use, possession, and storage of hoverboards and similar devices until the cause of hoverboard fires have been fully understood and the risks have been mitigated. Residents are asked to remove the hoverboards immediately from the residential housing facilities. If you have any questions, please contact the Office of Resident Life or the Vice President of Student Development.

## Inspection of Property

Officials of Missouri Baptist University reserve the right to inspect and/or search any University-owned building or property including residence halls and University-provided off-campus housing. Refusal of such requests may subject the refusing party to sanctions.

Automobiles on University property are subject to visual inspection by full-time University employees at all times. The University reserves the right to request permission of students to search their automobiles when there is reason to believe that they may contain articles which are not permitted on University property. If a student refuses to cooperate with the search, the vehicle may be impounded until a search warrant is obtained.

## Littering

Trashcans are located in every room of the University and must be used for the disposal of waste. Single-stream recycle bins that accept aluminum, cardboard, paper, plastic, magazines, and newspaper are also located in hallways. Leaving paper, Styrofoam goods, aluminum cans, and other litter in places like the chapel, student lounge, dining hall, classrooms, etc. is not permitted. The University belongs to all of us, and we all have the responsibility to keep it clean.

## Model Rights

Students enrolled at the University acknowledge that the University has the right to use their likeness in photography and videography for any and all print and online publications, whether not known or hereafter existing, controlled by MBU, in perpetuity, and for other use by the University. Students are not entitled to any model rights or claims against the University or its agents for use of their likeness.

## Online Postings Advisory

Students are reminded that images and other information posted on the internet via social media and other platforms are public information. When images or information describing or depicting behavior that may constitute a violation of MBU policy is brought to the attention of the University, that conduct is subject to further

investigation and verification by the University. Such conduct may include, but is not limited to, cyber-bullying, sexual or racial harassment, or the posting or transmission of lewd images. The use of anonymous applications for such conduct will not be excused. Any University policy violations that are documented as a result of such an investigation will result in appropriate disciplinary action by the University.

## Security Cameras

Missouri Baptist University, in its discretion, may install security cameras on campus in order to provide increased security monitoring. Cameras will be placed in visible locations in publically accessible areas and will not record audio signals. Viewing of footage recorded by security cameras is restricted to MBU Public Safety personnel and outside law enforcement, if needed.

## Service and Assistance Animals\*

The Missouri Baptist University Policy on Service and Assistance Animals outlines the responsibilities of students and the University in evaluating and approving requests by students for Service Animals and Assistance Animals. For purposes of the policy, a "Service Animal" is defined as a dog that has been individually trained to do work or perform tasks for people with disabilities, and an "Assistance Animal", is defined as (1) an animal that works, provides assistance, or performs tasks for the benefit of a person with a disability; or (2) an animal that provides emotional support which alleviates one or more identified symptoms or effects of a person's disability. Students who seek an accommodation in the form of a Service Animal or an Assistance Animal must submit the required documentation as set forth in the policy in a timely manner, and obtain the advance approval of the Special Needs Coordinator(s) prior to bringing a Service Animal or Assistance Animal to campus. In order to maintain University facilities, and ensure the health and safety of members of the University community, Service Animals and Assistance Animals are subject to standards regarding their care, keeping and behavior.

The full policy is located on the University's website or can be reviewed in hard copy format in the Office of Student Development. Students should address any questions regarding the policy to the Special Needs Coordinator(s) in the Academic Success Center.

*\*Animals not authorized through the Special Needs Coordinators in the ASC are not allowed on campus.*

## Tobacco Use & Smoking Policy

The use of tobacco in any form is not permitted in any of the University buildings or vehicles. Missouri Baptist University is a non-smoking campus. Smoking is allowed only on the parking lots away from building entrances or in a privately-owned vehicle.

## Statement on Sexual Behavior

The University affirms and celebrates that God has designed sexual relationships to be expressed solely within the marriage relationship between a man and a woman. The Bible condemns all sexual relationships outside of the covenant of marriage (Matt. 5:27-29; Gal. 5:19). The promotion, advocacy, defense, or ongoing practice of sexual relationships and behaviors contrary to God's design is contrary to the University's values.

A respect for human life and the individual dignity of human beings as made in the image of God is foundational to sexuality. For this reason, the University condemns sexually exploitive or abusive behavior and any form of sexual harassment. Since pornographic material is considered degrading to human dignity, the University prohibits the possession and use of such material.

The University seeks to help students who face all types of sexual temptation, encouraging lives of sexual abstinence and marital faithfulness.

## Residence Life Policies

Additional information concerning student policies specific to resident students may be found in the *Residence Hall Handbook*. It is the responsibility of the student to be familiar with all Missouri Baptist University policies that pertain to their situation.

## Student Disciplinary Procedures

### Notice of Charges

The University's student conduct policies, rules and regulations or other University policies related to students are collectively referred to as the "Student Conduct Code" herein.

Assistant Director of Resident Life will deal with cases involving violations of the Resident Life Handbook and minor violations of the Student Conduct Code related to resident life that occur in MBU housing (including the off-campus apartments). Resident students will be notified in writing by the Assistant Director of Resident Life of alleged charges. The student will be given the opportunity to choose between a restorative justice plan or a more traditional sanction during an initial meeting. If the student chooses a Restorative Justice Plan they will follow the Restorative Justice Policy. If the student does not choose a Restorative Justice Plan, the Assistant Director of Resident Life will follow the discipline matrix and follow through with a formal sanction. If the student objects to the sanctions, he/she must appeal in writing to the Director of Resident Life within two (2) business days of the meeting in which they have signed a sanction letter. The student making the appeal must submit a written defense of his/her appeal detailing why he/she objects to the sanctions. The Director of Resident Life serves as the first and final level of appeal for minor infractions involving Resident Life.

The Vice President for Student Development will deal with more serious violations of the Student Conduct Code. In more serious cases, every student accused of violating the Student Conduct Code shall receive a written notice of charges from the Vice President for Student Development which shall include the sanctions imposed by the Vice President for Student Development relative to those charges, which sanctions shall be effective immediately. Prior to issuance of such written notice of charges, the Vice President for Student Development or his designee will attempt to meet with the student, advise the student orally of the general nature of the charges, and allow the student to provide the his/her explanation relating to the charges.

The Vice President for Student Development for good cause shown reserves the right to temporarily suspend student privileges, including limiting or prohibiting a student's presence on campus, during the time a student is under investigation for violation of the Student Conduct Code and/or federal, state, and local laws. This determination is made when the potential violation is so serious that the well-being of members of the University community, other parties, and/or the mission of the University may be damaged as a result of the potential violation.

### Hearing Before the Vice President for Student Development

If the student objects to the charges or sanctions, the student must, within three (3) business days of the receipt of the notice and sanctions, submit a written request for a hearing to the Vice President

for Student Development, and may request a stay of the sanctions by the Vice President for Student Development for good cause shown. The Vice President for Student Development shall schedule a hearing with the student to be held within three (3) business days of the receipt of such request, and shall notify the student of the time and place of such hearing. At the conclusion of the hearing, or within two (2) business days of the conclusion of the hearing, the Vice President for Student Development shall notify the student in writing of the determination of the Vice President for Student Development as to the charges and sanctions.

### Appeal to the University Conduct Committee

If the student chooses to appeal the decision of the Vice President for Student Development, the student may, within three (3) business days, formally appeal to the University Conduct Committee by written notice delivered to the Vice President for Student Development. Upon receipt of such appeal notice, the Vice President for Student Development shall promptly deliver the notice to the Chair of the University Conduct Committee. The President of the University shall appoint the Chair, as well as the members of the Committee. The student may request a stay of sanctions during the appeal process. The Vice President for Student Development will determine the stay of sanctions. This decision cannot be appealed. The student is automatically placed on probation throughout the entire appeal process. Any further violations of the Student Conduct Code may result in the denial of the current appeal and immediate suspension or expulsion..

### Hearing Before the University Conduct Committee

Within three (3) business days of the filing of the notice of appeal, the Chair of the Conduct Committee shall assign a subcommittee consisting of three members of the Conduct Committee the task of evaluating the merit of the appeal. The student making the appeal must submit a written defense of his/her appeal detailing why he/she objects to the sanctions. The subcommittee members should evaluate the student's appeal and other documentation relevant to the violation based on the following criteria:

1. Irregularities in fairness that influenced the outcome of the disciplinary action. It is the burden of the student making the appeal to demonstrate the original decision would more likely than not have been different had the irregularity or error not occurred.
2. Demonstrated prejudice against any party involved on the part of the Student Development officer who participated in the disciplinary action. The prejudice must be more than simple opposition to the appealing party's point of view; instead, evidence must show a significant conflict of interest, bias, pressure or influence that prevented a fair and objective hearing.
3. Discovery of new and significant evidence not available at the time of the original hearing.
4. A sanction that is extraordinarily disproportionate to the violation.

Requests for appeal will not automatically be granted and may be denied by the subcommittee if one (or more) of the above criteria is not demonstrated. Within five (5) business days the subcommittee will report its decision to the Chair of the University Conduct Committee. Notification will be given to the student by the Chair of the Conduct Committee within two (2) business days of receiving the subcommittee's decision.

If the subcommittee denies the appeal, there is no further appeal. If the subcommittee decides that the appeal should be heard by the full Conduct Committee, the Chair, within seven (7) days of receiving the subcommittee's decision, will establish the date, time, and place of a

hearing of the charges against the student, and shall send written notice of such to the student, the Vice President for Student Development, and all of the members of the Committee. The date of the hearing shall be not less than seven (7) days and not more than twenty-one (21) days after the giving of the notice of the hearing. The University shall make arrangements for the making of a record of the hearing, either by a stenographer or other appropriate means, and shall bear the expense of making such record. The student shall have the following rights at the hearing:

1. To be present at the hearing;
2. To cross-examine any witnesses presented by the administration;
3. To present witnesses and other appropriate documentary evidence; and
4. To remain silent or to testify in defense.

## Decision of the Vice President for Student Development and the Conduct Committee

Following the conclusion of the hearing, the Committee shall deliberate in closed session and within reasonable time shall render a decision by a majority vote. The Chair of the Committee shall deliver the written findings and the decision of the Committee to the Vice President for Student Development as soon as is practical after the decision is rendered. The student shall be notified of the Committee recommendation and the final decisions concerning the disciplinary actions in a joint meeting with the Vice President for Student Development and the Committee Chair. Once the appeal process is completed, there is no further appeal process.

## Notice to the Student

Any notice to the student under this discipline policy shall be mailed by certified mail to the most recent address shown in the official student file maintained by the University, and shall be deemed received when deposited in the U.S. Mail with postage pre-paid. If the student desires to pick up any notice subsequent to an appeal to the Vice President for Student Development, the student shall make an appointment between two (2) and seven (7) working days with the Vice President for Student Development to receive and sign for the written result of the appeal.

If, at any time during the appeal process, the student desires to designate a different address for notice, the student shall so advise the Vice President for Student Development, and such address, along with designated telephone number, shall be forwarded to the Chair of the Conduct Committee by the Vice President for Student Development.

## Sanctions

The following sanctions may be imposed upon any student found to have violated the Student Conduct Code; more than one of the sanctions may be imposed for any single violation. These sanctions will be imposed by the Vice President for Student Development or jointly by the Vice President for Student Development and the recommendation of the Student Conduct Committee.

- a. Official Warning – A written notice to the student, which shall remain in the student's file.
- b. Probation – Probation is for a designated period of time and includes the probability of more severe sanctions if the student is found to be in violation of the Student Conduct Code.
- c. Loss/Restriction of Privileges – Denial of specified privileges for a designated period of time.
- d. Restitution – Compensation for loss, damage, or injury to the University or University property. This may take the

form of appropriate service and/or monetary or material replacement.

- e. Discretionary Sanctions – Work assignments, service to the University, and/or other related discretionary assignments, such as:
  - Referral to a Counseling Center;
  - Referral to a Wellness Program;
  - Fines;
  - Work or research-related tasks; or
  - A research paper on a specific topic to be completed at a designated time.
- f. Residence Hall Suspension – Separation of the student from the residence halls for a definite period of time, after which the student is eligible for return to the residence hall. Conditions for readmission may be specified.
- g. Residence Hall Expulsion – Permanent separation of the student from the residence halls.
- h. University Suspension – Separation of the student from the University for a definite period of time, after which the student may be eligible to return. Conditions for re-admission may be specified.
- i. Denial of Privilege to Re-Enroll – Places student on indefinite probation and allows for the completion of the current semester, under terms deemed appropriate by the University, but prohibits enrollment for subsequent semesters without permission from the Vice President for Student Development.
- j. Dismissal from the University with Suspended Execution of Sentence – Enables alternative recourse with the goal of restoring the student while stipulating that the student will automatically be expelled following a second offense.
- k. Expulsion from the University – Permanent separation from the University.

## Notice of Nondiscrimination

Missouri Baptist University does not discriminate or permit discrimination by any member of its community on the basis of race, color, sex, national origin, age or disability with respect to admissions, housing, employment, services, financial aid, or any other educational programs or activities it operates. Inquiries regarding compliance related to students should be addressed to the Vice President for Student Development, Missouri Baptist University, One College Park Drive, St. Louis, Missouri 63141, 314-392-2211. Inquiries regarding compliance related to employees should be addressed to the Provost/Senior Vice President for Academic Affairs, Missouri Baptist University, One College Park Drive, St. Louis, Missouri 63141, 314-392-2201.

Inquiries concerning Title IX should be addressed to the University's Title IX Coordinator:

Vice President for Student Development  
Missouri Baptist University  
One College Park Drive  
St. Louis, Missouri 63141  
(314) 392-2211

## Nondiscrimination Policy and Complaint Procedure

Missouri Baptist University is committed to excellence in education that is based on Christian values and standards. The University believes this goal can be achieved only in an environment free of discrimination and harassment. Discrimination and harassment

undermine the mission of the University, are prohibited by state and federal law, and will not be tolerated or condoned.

This policy is intended to address complaints of discrimination and harassment on the basis of sex, race, national origin, disability, age, or any other characteristics protected by law. It applies to all members of the University community, including faculty, staff, volunteers, and students. It is intended to comply with federal and state law, and to complement other University policies, including but not limited to the Notice of Nondiscrimination and the Sexual Assault and Relationship Violence Policy. In the event that a complaint involves allegations of sexual assault or relationship violence in which the accused is a student, the procedures set forth in the Sexual Assault and Relationship Violence Policy will apply.

## Definitions

For purposes of this Policy, the following definitions apply:

**"Harassment"** is defined as any unwelcome, unsolicited, and offensive conduct that is severe, pervasive, and tends to injure, degrade, or show hostility toward a person because of his or her sex, race, religion, national origin, disability, age, or other characteristic protected by law. Whether particular conduct constitutes harassment often depends on context, including the participants' reasonable understanding of the situation, their past interactions with each other, the nature of their professional relationship, and the setting in which the conduct occurs.

**"Sexual harassment"** is the use of personal power or authority to intimidate or attempt to intimidate or coerce a person of the opposite sex (or same sex) into unwanted sexual activity or to create a hostile or offensive academic or work environment. Sexual harassment is distinguished from consensual relationships by the introduction of the element of coercion; threat; unwelcome sexual advances; requests for sexual favors; sexually explicit or suggestive material in written, verbal or visual form; or other unwelcome verbal or physical conduct of a sexual nature where:

1. Submission to such conduct is made either explicitly or implicitly a term or condition or an individual's employment or academic performance;
2. Submission to or rejection of such conduct by an individual is used as the basis for academic or employment decisions affecting the individual; or such conduct has the purpose or effect of substantially interfering with a student's or employee's academic or work performance, or creating an intimidating, hostile, or offensive academic or work environment.

**"Sexual Assault"** is a severe form of sexual harassment, and is defined in detail in the University's Sexual Assault and Relationship Violence Policy. It refers to engaging in any form of sexual contact or conduct with another without that person's clear, knowing, and voluntary consent. It is the responsibility of the person seeking to initiate sexual contact or conduct to affirmatively obtain such consent. It is not the responsibility of the intended recipient of such sexual contact to affirmatively deny such consent.

### Examples of Sexually Harassing Behavior:

Prohibited behavior may take various forms. Examples of conduct that may constitute sexual harassment include, but are not limited to:

1. Unwelcome sexual advances or requests for sexual favors.
2. Sexually explicit language, jokes, and/or innuendo.
3. Repeated sexual propositions, date invitations, solicitations, and flirtations known to be unwelcome.
4. Inappropriate and/or offensive touching, fondling, or bodily contact.

5. Sexually suggestive objects, pictures, videotapes, audio recordings, or literature presented or displayed in the classroom, faculty office, staff office, athletic area, or other common areas.
6. Threats or insinuations that may affect a person's employment, wages, promotional opportunities, grades, evaluations, and other academic or employment performance.
7. Sexual assault or attempted sexual assault.

**"Stalking"** occurs when a person purposely and repeatedly engages in an unwelcome course of conduct that would cause a reasonable person to fear for his, her or others' safety, or to suffer emotional distress. Stalking can occur via written, telephonic or electronic means.

## Complaint Procedures

Anyone who believes that he or she has been subjected to conduct that violates this policy may elect to pursue an informal or a formal complaint. An informal complaint will primarily involve discussion and counseling to resolve the matter, while a formal complaint may result in the University taking disciplinary action against the accused party. All complaints will be promptly, thoroughly, and impartially investigated, and brought to a resolution within a reasonable time frame at each step of the process. In the event that a determination is made that an act of discrimination has occurred, appropriate corrective and remedial actions will be promptly taken.

Complaints regarding students should be addressed to:

Vice President for Student Development  
Missouri Baptist University  
One College Park Drive  
St. Louis, Missouri 63141  
(314) 392-2211

Complaints related to employees should be addressed to:

Provost/Senior Vice President for Academic Affairs  
Missouri Baptist University  
One College Park Drive  
St. Louis, Missouri 63141  
(314) 392-2201

## Confidentiality and Protection of Both Parties

The University will protect, to the extent permitted by law, the confidentiality and identity of both those individuals filing complaints under this policy, and those accused of violations. Because the University has an obligation to address discrimination, however, the University cannot guarantee complete confidentiality where it would conflict with the University's legal obligation to conduct a thorough investigation or take appropriate corrective action. However, in the event that disclosure of the University's information or sources is required by law, it will be limited to the extent possible. The University will, to the extent permitted by law, keep confidential all records of complaints, responses and investigations. The records maintained by the investigator will be available only those to administrators and other supervisors charged with responding to allegations of discrimination, or those individuals responsible for overseeing the process.

The complainant will be kept reasonably apprised of the status of the investigation, and shall be provided with written notice of the disposition of the complaint at each stage of the process. All reasonable actions will be taken to insure that the complainant and those testifying on behalf of the complainant will suffer no retaliation as the result of their participation in the complaint, investigation, or hearing process.

In extraordinary circumstances, the Provost/Senior Vice President for Academic Affairs may, at any time during the investigation of a discrimination complaint, suspend from teaching responsibilities any faculty member or instructional person accused of discrimination pending a final hearing, if after the allegations and interviewing of the accused, the complainant, and if appropriate, other persons having knowledge of the matter, the Provost/Senior Vice President for Academic Affairs finds that it is reasonable certain that the alleged discrimination has occurred and serious immediate irreparable harm will occur if the person continues to teach the class. In the same manner, the Vice President for Student Development may temporarily suspend any student alleged to have violated the policy from attending classes and/or otherwise enjoin from attending classes on campus pending a formal hearing on the charges.

At the time the investigation commences, the accused will be informed of the nature of the allegations and the facts surrounding those allegations. A complainant found to have been intentionally dishonest in making the allegations or to have made them maliciously is subject to disciplinary action. False charges or complaints of discrimination will be treated as a serious offense, which is damaging to the total campus community.

### Informal Complaint

1. At the complainant's option, an informal complaint that one or more provisions of this policy have been violated shall be raised with the Vice President for Student Development in the case of an alleged student violator, or with the Provost/Senior Vice President for Academic Affairs in the event of an alleged staff or faculty violator.
2. The administrator to whom the complaint is made will counsel the complainant as to the options available under this policy and, at the complainant's request, may intervene on the complainant's behalf to attempt to resolve the complaint informally through discussions with the person alleged to have violated the policy.
3. The person to whom the informal complaint is made will not inform the accused of the complaint without the consent of the complainant.
4. The submission of an informal complaint does not preclude an individual from subsequently pursuing a formal complaint, if a satisfactory resolution is not achieved informally.

### Formal Complaint

A complainant wishing to make a formal complaint should file a written statement with the Vice President for Student Development (for alleged student violations) or the Provost/Senior Vice President for Academic Affairs (for employee violations). The statement should include a detailed description of the conduct which the complainant believes violates this policy.

1. Upon receipt of a formal complaint under this policy, the Vice President to whom it has been reported (or his/her designee) will commence a prompt, thorough, and impartial investigation into the allegations raised therein. In conducting the investigation, the appropriate administrator and his/her designee shall interview the complainant, the accused, and other persons believed to have pertinent factual knowledge. At all times the administrator responsible for the investigation will take appropriate steps to insure the confidentiality of the investigation.
2. The investigation will afford the accused a full opportunity to respond to the complainant's allegation(s).
3. All complaints will be adjudicated as expeditiously as possible, and generally within sixty (60) days after the filing of the complaint. At the conclusion of the investigation, the administrator's conclusion will be

promptly and simultaneously communicated in writing to both the complainant and the accused. Possible outcomes of the investigation are:

1. A judgment that the allegations do not warrant discipline.
2. Mutually acceptable resolution of the complaint.
3. Issuance of a disciplinary sanction.

When the investigation is complete, the responsible administrator to whom the complaint is made will determine whether it is more likely than not that an alleged violation of this policy has occurred. If a mutually acceptable resolution of the matter cannot be achieved, a formal sanction shall be issued. The decision regarding sanctions will be made by the Provost/Senior Vice President for Academic Affairs when a faculty member, other instructional personnel, or staff member has been charged. The Vice President for Student Development will make the decision in the case of a student having been charged.

Except as specifically modified by other provisions of this policy, procedures and sanctions for violations of this policy by faculty and staff will be governed by the grievance policy and procedure outlined in the personnel procedures handbook, and sanctions for violations of this policy by students will be governed by the procedures outline herein (with the exception that, as previously noted herein, incidents of sexual assault or relationship violence involving students shall be governed by the University's specialized Policy on Sexual Assault and Relationship Violence).

### Permissible Sanctions for Violations of the Policy

The sanctions for violation of this policy include, but are not limited to, censure, suspension, or termination of employees, faculty and staff of the University, and censure, probation, suspension, or expulsion of students.

### Request for Clarification of Sanctions

If the respondent student objects to the sanctions or to how the investigation was handled, she or he may request an initial review and clarification of sanctions with the Vice President for Student Development.

1. Within three (3) business days of the decision regarding the investigation, the respondent may request an initial review and clarification of sanctions with the Vice President for Student Development. The request must be made in writing and must detail the reasons why, in light of established criteria for an appeal below (a-d), the person objects to the sanctions and desires an initial review and clarification. The Vice President for Student Development will evaluate the student's request and other documentation relevant to the violation based on the following criteria:
  - a. Irregularities in fairness that influenced the outcome of the disciplinary action. It is the burden of the student making the appeal to demonstrate the original decision would more likely than not have been different if the irregularity or error had not occurred.
  - b. Demonstrated prejudice against any party involved on the part of the investigator, or any other personnel who participated in the disciplinary action. The prejudice must be more than simple opposition to the appealing party's point of view; instead, evidence must show a significant conflict of interest, bias, pressure or influence that prevented a fair and objective hearing.
  - c. Discovery of new and significant evidence not available at the time of the original hearing/investigation.

- d. A sanction that is extraordinarily disproportionate to the violation.
- 2. Upon receipt of notification of the respondent's request for an initial review and clarification of sanctions, the Vice President for Student Development shall schedule a meeting with the student to further discuss the basis for the charges and sanctions, to be held within three (3) business days of the receipt of such request, and shall notify the student of the time and place of the meeting.

## Appeal of Sanctions to the University Conduct Committee

If the respondent student still objects to the sanctions following the meeting with the Vice President for Student Development, she or he may appeal the decision to the University Conduct Committee. To appeal a sanction the respondent must, within three (3) business days, formally appeal to the University Conduct Committee by written notice delivered to the Vice President for Student Development. Upon receipt of such appeal notice, the Vice President for Student Development shall promptly deliver the notice to the Chair of the University Conduct Committee. The President of the University shall appoint the Chair, as well as the members of the Committee. The student may request a stay of sanctions during the appeal process. The Vice President for Student Development will determine the stay of sanctions. This decision cannot be appealed. The student is automatically placed on probation throughout the entire appeal process. Any further violations of the Student Conduct Code may result in the denial of the current appeal and immediate suspension or expulsion.

- 1. Within three (3) business days of the filing of the notice of appeal, the Chair of the University Conduct Committee shall assign a subcommittee consisting of three Committee members from the faculty or staff the task of evaluating the merit of the appeal. The student making the appeal must submit a written defense of his/her appeal detailing why he/she objects to the sanctions. The subcommittee should evaluate the student's appeal and other documentation relevant to the violation based on the criteria under Clarification of Sanctions Procedures 1. a-d above.
- 2. Requests for appeal will not automatically be granted and may be denied by the subcommittee if one (or more) of the appeal criteria is not demonstrated. Within five (5) business days the subcommittee will report its decision to the Chair of the University Conduct Committee. Notification will be given to the student by the Chair of the Conduct Committee within two (2) business days of receiving the subcommittee's decision. If the subcommittee denies the appeal, there is no further appeal.
- 3. If the subcommittee decides that the appeal should be heard by the full Conduct Committee, the Chair, within seven (7) days of receiving the subcommittee's decision, will establish the date, time, and place of a hearing of the charges against the student, and shall send written notice of such to the student, the Vice President for Student Development, and all of the members of the Committee. The date of the hearing shall be not less than seven (7) days and not more than twenty-one (21) days after the giving of the notice of the hearing. The University shall make arrangements for the making of a record of the hearing, either by a stenographer or other appropriate means, and shall bear the expense of making such record. The student shall have the following rights at the hearing:
  - a. To be present at the hearing;
  - b. To cross-examine any witnesses presented by the administration;
  - c. To present witnesses and other appropriate documentary evidence; and

- d. To remain silent or to testify in defense.
- e. The student may be accompanied at the hearing by an advisor of their choosing. If the student engages an attorney, the attorney may serve as an advisor, but not in an advocacy role.
- 4. Following the conclusion of the hearing, the Committee shall deliberate in closed session and within reasonable time shall render a decision by a majority vote. The Chair of the Committee shall deliver the written findings and the decision of the Committee to the Vice President for Student Development as soon as is practical after the decision is rendered. The student shall be notified of the Committee recommendation and the final decision concerning the disciplinary actions in a joint meeting with the Vice President for Student Development and the Committee Chair. Once the process is completed, there is no further appeal.
- 5. The complainant shall be apprised in writing of the disposition of the grievance at each stage of the process. Any notice to the respondent student under this discipline policy will be delivered to the student in a manner agreed to in advance by both the student and the Vice President for Student Development. If the student desires to pick up a notice subsequent to an appeal, the student shall make an appointment between two (2) and seven (7) working days with the Vice President for Student Development to receive and sign for the written result of the appeal. If the student prefers notice to be mailed, it shall be sent by certified mail to the most recent address shown in the official student file maintained by the University, and shall be deemed received when deposited in the U.S. Mail with postage pre-paid. If, at any time during the appeal process, the student desires to designate a different address for notice, the student shall so advise the Vice President for Student Development, and such address, along with designated telephone number, shall be forwarded to the Chair of the Conduct Committee by the Vice President for Student Development.

## Retaliation

Retaliation against anyone reporting or thought to have reported discriminatory behavior, or against anyone who cooperates in an investigation of such behavior, is prohibited by law and by University policy. Such retaliation shall be considered as a serious violation of the policy and shall be considered independent of whether informal or formal complaint of harassment is substantiated. Encouraging others to retaliate shall constitute a violation of the policy. Examples of conduct that may constitute retaliation include, but are not limited to:

- 1. Unfair grading.
- 2. Unfair evaluation.
- 3. Unfair assignments.
- 4. Having information withheld or made difficult to obtain in a timely manner, such as class information, recommendations, or grades.
- 5. Not being informed about important events, such as meetings or changes in policy.
- 6. Ridicule (public or private).
- 7. Verbal or written threats or bribes.
- 8. Refusal to meet with the person even though that person has a right to do so.
- 9. Name-calling.
- 10. Further harassment or other discriminatory actions.

Steps to prevent retaliation may include, but are not limited to:

- 1. Lateral transfer of one or more of the parties to a different employment setting or a comparable move to a different classroom setting.

1. Arrangements that academic and/or employment evaluations concerning the complainant or others be made by an appropriate individual other than the accused.

### Education as a Key Element of the Policy

Educational efforts are essential to the establishment of a campus environment that is as free as possible of discrimination. There are at least four (4) goals to be achieved through education:

1. Ensuring that all faculty members, students, and employees are aware of their right to be free from discrimination and harassment;
2. Reasonably informing individuals of conduct that is proscribed by the policy;
3. Ensuring that administrators properly respond to complaints of violations of this policy; and
4. Helping to sensitize students, employees, faculty members, and administrators to the issue of discrimination and harassment on campus.

To support this policy, Missouri Baptist University will conduct periodic orientation and educational programs for faculty, students, and staff concerning discrimination. This orientation and educational process will be administered by the Vice President for Student Development.

### Preparation and Dissemination of Information

The office of the Provost/Senior Vice President for Academic Affairs is charged with distributing copies of this policy and procedures to all current members of the University community and to all those who join the community in the future. An annual letter from the office of the Provost/Senior Vice President for Academic Affairs will be sent to all faculty and staff to remind them of the contents of this Policy. Copies of this policy and procedures will be continuously available at appropriate University centers and offices. The office of the Provost/Senior Vice President for Academic Affairs will develop a series of training sessions for those persons who are likely to receive complaints that the policy has been violated, including but not limited to such persons as residence hall assistants, academic advisors, division chairs/deans, and faculty. The Vice President for Student Development will develop a program designed to inform and educate students about the issue of discrimination and harassment, the conduct prohibited on campus by this policy and the appropriateness of sanctions for violations of this policy. A mandated program for those students determined to have violated the policy will be imposed as a component of any complaint resolved through conciliation.

### The Office of Civil Rights

A complainant who is not satisfied with the resolution offered by this Policy may file a complaint with the United States Department of Education, Office for Civil Rights. The contact information for that agency is as follows:

U.S. Department of Education, Office for Civil Rights  
One Peticcoat Lane, 1010 Walnut, Suite 320  
Kansas City, Missouri 64106  
Telephone: (816) 268-0550  
Facsimile: (816) 268-0599  
Email: OCR.KansasCity@ed.gov

# Missouri Baptist University Policy on Sexual Assault and Relationship Violence

## Introduction

Missouri Baptist University is committed to fostering an environment that is free of sexual violence of any kind. All members of the University community share responsibility for fostering this environment by adhering to standards of conduct consistent with this policy. The University seeks to provide a supportive climate that will encourage individuals to report incidents of sexual violence. Accordingly, this policy is designed to provide prompt and compassionate support services, ensure that appropriate steps are taken when a complaint is made, and protect the rights of all parties throughout the process.

This policy is designed to cover all conduct by an accused party who is a student at MBU. In the event that conduct in question is attributable to a member of the University's faculty or staff, the University's investigation will be referred to the Office of the Provost/Senior Vice President for Academic Affairs, and be conducted pursuant to the University's Harassment Policy.

It is important to note here that MBU believes and teaches that students should only be engaged in consensual sexual activity within the bonds of covenant marriage between a man and a woman. See MBU's "Statement on Sexual Behavior" for further clarification. The definitions that follow are given for the purpose of helping to identify behavior that violates this policy, as required by state and federal laws.

The University encourages the reporting of all incidents of sexual misconduct, including, but not limited to, sexual assault, relationship violence, and stalking. The decision to report such incidents is a deeply personal and often difficult decision, but is often a way for the victim to begin healing. Such reporting may also help prevent future incidents of a similar nature from occurring. Victims are not required, however, to report such incidents, and will not be penalized if they choose not to report an incident to law enforcement or a Compliance Officer.

The first priority for any victim of sexual assault or relationship violence should be to seek appropriate medical attention for any medical injuries and to preserve evidence in the event the Reporting Party chooses to pursue a complaint. The University will maintain and publish information containing resources and guidance for victims of sexual assault, relationship violence, and stalking. In addition to the information contained in this policy, additional information will be maintained in the University's Annual Security and Fire Safety Report and any other means identified by the University administration to make the information readily available to the campus. Copies will also be maintained by the College's Title IX Coordinator, who will make such information available to any interested person.

## Definitions

All definitions set forth in the Student Conduct Code are applicable to this Policy. In addition, the following definitions also apply:

**"Consent"** –Effective consent is the basis of the analysis applied to unwelcome sexual contact. Lack of consent is the critical factor in any incident of sexual misconduct.

1. Consent to participate in sexual activity is freely and actively given, and requires clear communication between all persons involved in the sexual encounter.
2. Consent is active, not passive. Consent can be communicated verbally or by actions, but in whatever way consent is communicated, it must be mutually understandable. Silence, in and of itself, cannot be interpreted as consent.
3. It is the responsibility of the initiator of sexual contact to make sure they understand fully what the other person(s) involved in the activity wants and does not want sexually.
4. Consent to one form of sexual activity does not imply consent to other forms of sexual activity.
5. Previous relationships or previous consent does not imply consent to future sexual acts.
6. Consent cannot be procured by use of physical force, compelling threats, intimidating behavior, or coercion. Coercion is unreasonable pressure for sexual activity. Coercive behavior differs from seductive behavior based on the type of pressure someone uses to get consent from another.
7. Effective consent cannot be given by minors, mentally disabled individuals, or persons incapacitated as a result of consumption of drugs or alcohol.
  1. Incapacitation is a state where one cannot make a rational, reasonable decision because they lack the ability to understand the "who, what, when, where, why or how" of their sexual interaction.
  2. This policy also covers someone whose incapacity results from mental disability, sleep, involuntary physical restraint, or from the taking of a so-called "date-rape" drug. Possession, use and/or distribution of any of these substances, including but not limited to: Rohypnol, LEAN, Ketamine, GHB, or Burundanga is prohibited, and administering one of these drugs to another student for the purpose of inducing incapacity is a violation of this policy.

**"Stalking"** – Stalking occurs when a person purposely and repeatedly engages in an unwelcome course of conduct that would cause a reasonable person to fear for his, her, or others' safety, or to suffer emotional distress. Stalking can occur via written, telephonic or electronic means, and can constitute a violation of the University's sexual harassment policy.

**"Dating Violence"** refers to violence by a person who has been in a romantic or intimate relationship with the victim. Whether a relationship exists will depend on the length, type, and frequency of interaction. Any report of Dating Violence will be addressed under all applicable policy violations and may result in disciplinary action similar to the sanctions described below for sexual assault.

**"Domestic Violence"** refers to violence committed by a current or former spouse or intimate partner, current or former cohabitant, a person with whom a victim shares a child in common, a person similarly situated to a spouse under domestic or family violence law, or anyone else protected under domestic or family violence law. Any report of Domestic Violence will be addressed under all applicable policy violations and may result in disciplinary action similar to the sanctions described below for sexual assault.

**"Sexual assault"** refers to engaging in any form of sexual contact or conduct with another without that person's clear, knowing, and voluntary consent. It is the responsibility of the person seeking to initiate sexual contact or conduct to affirmatively obtain such consent. It is not the responsibility of the intended recipient of such sexual contact to affirmatively deny such consent. For purposes of this Policy, acts of sexual assault are classified into two categories: Level 1 and Level 2.

### Level 1

A Level 1 sexual assault refers to any sexual contact without consent and includes intentional touching, either of the victim or when the victim is forced to touch, directly or through clothing, another person's genitals, breasts, thighs, buttocks or other intimate parts.

A student found responsible for a Level 1 sexual assault may be suspended. Other sanctions may include, but are not limited to, disciplinary probation, mandated counseling assessment, campus restrictions, and/or other educational sanctions. Other relevant factors may be considered in assigning sanctions, including the student's conduct history.

### Level 2

A Level 2 sexual assault refers to any attempted or actual sexual penetration of any kind without the person's consent. Examples include vaginal, oral, or anal penetration by fingers, genitals, or objects.

A student found responsible for a Level 2 sexual assault may receive a long-term suspension or even expulsion from the University. Additional sanctions may include, but are not limited to, disciplinary probation, mandated counseling assessment, campus restrictions, and/or other educational sanctions. Other relevant factors may be considered in assigning sanctions, including the student's conduct history.

**"Sexual Harassment"** refers to unwelcomed, unsolicited, and offensive conduct that is severe or pervasive and tends to injure, degrade, disgrace, or show hostility toward a person because of a person's gender and may include persons of the same sex. Sexual assault is a severe form of sexual harassment and a single instance of sexual assault may be sufficient to create a hostile environment. Descriptions of additional types and examples of sex-based harassment are contained in the University's Harassment Policy.

**"Sexual Exploitation"** – Sexual Exploitation occurs when a person takes nonconsensual or abusive sexual advantage of another for his/her own advantage or benefit, or to benefit or advantage anyone other than the one being exploited, and that behavior does not otherwise constitute one of the other sexual misconduct offenses.

**"Title IX Coordinator"** refers to the person responsible for overseeing all sex discrimination, sexual harassment, and sexual assault and relationship violence complaints at the University. The Title IX Coordinator is also responsible for conducting an annual report and review of all complaints to identify and address any patterns or systemic problems within the University community.

## Reporting Procedures

Missouri Baptist University encourages members of its community to report all incidents of sexual assault or relationship violence. Any threats of retaliation or efforts to impede the reporting or investigation of a potential violation of this policy are strictly prohibited and will result in disciplinary action. The University provides several options for reporting incidents of sexual harassment, including sexual assault and relationship violence, and/or stalking:

1. Confidential Resources
  - Licensed counselor in Student Health Services (completely confidential option)
  - Additional confidential resources can be found in the "Resources" section of this policy.
2. Formal Complaint – A formal complaint may be filed with any of the on-campus contacts described in "Resources" section of this policy, or with the University's Title IX

Coordinator, Missouri Baptist University, 1 College Park Drive; (314) 392-2211. A complaint should include the reporting party's name and contact information, and a written description of the incident in question. When such a formal complaint is received, it will be referred to the University's Title IX Coordinator for a prompt and impartial investigation. The Reporting Party may choose to pursue the matter under the conduct procedures described herein, but is not obligated to do so. However, the University reserves the right to pursue that process when appropriate information is available.

3. **Criminal Report** – A reporting party may also choose to file a criminal report with the Creve Coeur Police Department, or other appropriate jurisdiction. Such a report may be made simultaneously with a report to the University. The University's Department of Public Safety is available to assist a reporting party with any such criminal report. Individuals may also wish to obtain an order of protection, no-contact order, or restraining order from the relevant jurisdiction.

Once the University receives notice of a complaint of sexual assault or relationship violence, the reporting party will be provided with a comprehensive list of all available resources and reporting options. Multiple reporting options may be pursued by a victim. However, regardless of the reporting option(s) pursued, the University's primary priority is to ensure that a victim of sexual assault or relationship violence receives prompt medical attention to treat any injuries and preserve any evidence.

All employees who become aware of sex-based harassment, including sexual assault and relationship violence, are required to report that information to one of the reporting contacts listed in the "Resources" section of this policy, unless they are otherwise designated as confidential resources.

## Interim Measures

When a report is made to the University, or the University otherwise learns of potential discrimination, harassment, or retaliation, the University may, if appropriate, take immediate action to protect the alleged victim, including implementing interim measures. These measures may include altering a student's class schedule, providing academic or counseling support, or making changes to transportation or work situations.

## Conduct Process

The following procedures will govern all investigations of complaints alleging violations of this policy. Missouri Baptist University reserves the right to deviate from these procedures when such deviation is necessary to ensure appropriate processing of the investigation. The University's conduct process for sexual assault and relationship violence complaints will be prompt, equitable, and conducted in consultation with the Title IX Coordinator or his designee. The procedures will follow those set forth in the Student Conduct Code, but to the extent that the procedures outlined in this policy may conflict with the Conduct Code, the procedures detailed herein shall apply. Those procedures include:

1. An investigation into the report shall be conducted by an MBU Title IX Investigator. The investigation will be conducted within a reasonable amount of time required to complete the investigation after receipt of the complaint.
2. The purpose of the investigation is to establish whether there is a reasonable basis for believing the alleged violation of this policy has occurred. During the course of an investigation, the Title IX Investigator will work with other appropriate University offices and personnel in a discreet manner to ensure the investigation is handled properly.

3. If the complainant or the respondent is under 17 years of age his/her parent or legal guardian may be notified of the complaint.
4. The investigation shall include an interview of the complainant and the respondent, as well as any relevant witnesses suggested by the complainant and the respondent.
5. In conducting the investigation, the appropriate administrator or his/her designee may interview the complainant, the accused, and other persons believed to have pertinent factual knowledge. At all times the Title IX Coordinator, who is ultimately responsible for the investigation, will take appropriate steps to ensure the confidentiality of the investigation and protection of all parties.
6. Title IX requires that in all procedures involving allegations of violations of this policy, the standard of proof shall be "preponderance of the evidence" test. This is not the same as the standard that would be followed in a court of law, or "proof beyond a reasonable doubt." The preponderance of the evidence standard means that the evidence obtained from the investigation shows that it is "more likely than not" that the accused violated this policy.
7. After all available information is reviewed and interviews are completed, the Title IX Investigator will deliver the results of the investigation to the Vice President for Student Development who will, in consultation with appropriate administrators, review all information and evidence and:
  - a. Determine whether a violation of this policy has likely occurred, and if so, the appropriate response. Sanctions for violating this policy include, but are not limited to, censure, suspension, or expulsion.
  - b. The Title IX Coordinator will notify the complainant and the respondent simultaneously in writing regarding all outcomes of the investigation, including appeal procedures, as well as any changes that may be made to the results.
  - c. Partner with members of the campus community to take corrective action as may be appropriate under the circumstances.
8. Protection of the campus community is paramount, and the University may find it necessary to take appropriate disciplinary action with or without concurrence of the complainant, where a sexual assault is found to have occurred, and the safety of the campus community is at risk.
9. The complainant and respondent are entitled to have one advisor present during a campus disciplinary proceeding. The role of this advisor is strictly limited to providing support and advice to the student. The advisor is not permitted to participate in the proceedings as an advocate. At the conclusion of an on-campus disciplinary action relating to a sexual assault, both the complainant and accused shall be informed in writing of the outcome of any campus disciplinary proceeding alleging a sexual assault.
10. All complaints will be adjudicated as expeditiously as possible and generally within sixty (60) business days after the filing of the complaint.

## Clarification of Sanctions Procedures

If the respondent objects to the sanctions or to how the investigation was handled, she or he may request an initial review and clarification of sanctions with the Vice President for Student Development.

1. Within three (3) business days of being notified by the Title IX Coordinator of the decision regarding the investigation, the respondent may request an initial review and

clarification of sanctions with the Vice President for Student Development. The request must be made in writing and must detail the reasons why, in light of established criteria for an appeal below (a-d), the person objects to the sanctions and desires an initial review and clarification. The Vice President for Student Development will evaluate the student's request and other documentation relevant to the violation based on the following criteria:

- a. Irregularities in fairness that influenced the outcome of the disciplinary action. It is the burden of the student making the appeal to demonstrate the original decision would more likely than not have been different if the irregularity or error had not occurred.
  - b. Demonstrated prejudice against any party involved on the part of the Title IX Coordinator, Title IX Investigator, or any other personnel who participated in the disciplinary action. The prejudice must be more than simple opposition to the appealing party's point of view; instead, evidence must show a significant conflict of interest, bias, pressure or influence that prevented a fair and objective hearing.
  - c. Discovery of new and significant evidence not available at the time of the original hearing/investigation.
  - d. A sanction that is extraordinarily disproportionate to the violation.
2. Upon receipt of notification of the respondent's request for an initial review and clarification of sanctions, the Vice President for Student Development shall schedule a meeting with the student to further discuss the basis for the charges and sanctions, to be held within three (3) business days of the receipt of such request, and shall notify the student of the time and place of the meeting.

## Appeal of Sanctions to the University Conduct Committee

If the respondent still objects to the sanctions following the meeting with the Vice President for Student Development, she or he may appeal the decision to the University Conduct Committee. To appeal a sanction the respondent must, within three (3) business days, formally appeal to the University Conduct Committee by written notice delivered to the Vice President for Student Development. Upon receipt of such appeal notice, the Vice President for Student Development shall promptly deliver the notice to the Chair of the University Conduct Committee. The President of the University shall appoint the Chair, as well as the members of the Committee. The student may request a stay of sanctions during the appeal process. The Vice President for Student Development will determine the stay of sanctions. This decision cannot be appealed. The student is automatically placed on probation throughout the entire appeal process. Any further violations of the Student Conduct Code may result in the denial of the current appeal and immediate suspension or expulsion.

1. Within three (3) business days of the filing of the notice of appeal, the Chair of the University Conduct Committee shall assign a subcommittee consisting of three Committee members from the faculty or staff the task of evaluating the merit of the appeal. The student making the appeal must submit a written defense of his/her appeal detailing why he/she objects to the sanctions. The subcommittee should evaluate the student's appeal and other documentation relevant to the violation based on the criteria under Clarification of Sanctions Procedures 1. a-d above.
2. Requests for appeal will not automatically be granted and may be denied by the subcommittee if one (or more) of the

appeal criteria is not demonstrated. Within five (5) business days the subcommittee will report its decision to the Chair of the University Conduct Committee. Notification will be given to the student by the Chair of the Conduct Committee within two (2) business days of receiving the subcommittee's decision. If the subcommittee denies the appeal, there is no further appeal.

3. If the subcommittee decides that the appeal should be heard by the full Conduct Committee, the Chair, within seven (7) days of receiving the subcommittee's decision, will establish the date, time, and place of a hearing of the charges against the student, and shall send written notice of such to the student, the Vice President for Student Development, and all of the members of the Committee. The date of the hearing shall be not less than seven (7) days and not more than twenty-one (21) days after the giving of the notice of the hearing. The University shall make arrangements for the making of a record of the hearing, either by a stenographer or other appropriate means, and shall bear the expense of making such record. The student shall have the following rights at the hearing:
  - a. To be present at the hearing;
  - b. To cross-examine any witnesses presented by the administration;
  - c. To present witnesses and other appropriate documentary evidence; and
  - d. To remain silent or to testify in defense.
4. Following the conclusion of the hearing, the Committee shall deliberate in closed session and within reasonable time shall render a decision by a majority vote. The Chair of the Committee shall deliver the written findings and the decision of the Committee to the Vice President for Student Development as soon as is practical after the decision is rendered. The student shall be notified of the Committee recommendation and the final decision concerning the disciplinary actions in a joint meeting with the Vice President for Student Development and the Committee Chair. Once the process is completed, there is no further appeal.
5. Any notice to the student under this discipline policy will be delivered to the student in a manner agreed to in advance by both the student and the Vice President for Student Development. If the student desires to pick up a notice subsequent to an appeal, the student shall make an appointment between two (2) and seven (7) working days with the Vice President for Student Development to receive and sign for the written result of the appeal. If the student prefers notice to be mailed, it shall be sent by certified mail to the most recent address shown in the official student file maintained by the University, and shall be deemed received when deposited in the U.S. Mail with postage pre-paid. If, at any time during the appeal process, the student desires to designate a different address for notice, the student shall so advise the Vice President for Student Development, and such address, along with designated telephone number, shall be forwarded to the Chair of the Conduct Committee by the Vice President for Student Development.

## Protection of Complainant and Others

To the extent possible, the proceedings will be conducted in a way calculated to protect the confidentiality and safety of the complainant, respondent, and witnesses. The parties will be informed promptly about the outcome of the proceedings.

1. At the time the investigation commences, the accused will be informed of the nature of the allegations, the identity of the complainant, and the facts surrounding the allegations.

2. At any time, the Title IX Coordinator or designee may recommend that interim protections or remedies for the parties involved or witnesses be provided by appropriate University officials. These protections or remedies may include: separating the parties, placing limitations on contact between the parties, temporary suspension, or making alternative workplace or student housing arrangements, which could include removing a student from campus housing at their own expense. These remedies may be applied to one, both, or multiple parties involved. The Title IX Coordinator will take any steps necessary to make sure that there is no recurrence or further violation of this policy. Failure to comply with the terms of interim protections may be considered a separate violation of University policy.
3. A complainant found to have been intentionally dishonest in making allegations or to have made them maliciously is subject to disciplinary action. False charges or complaints of sexual harassment will be treated as a serious offense, which is damaging to the total campus community. Intentionally false reports may also violate state criminal statutes and/or civil defamation laws.

## Confidentiality

1. All inquiries, complaints, and investigations are treated with discretion. Information is disclosed as law and policy permit or require. However, the identity of the complainant will be disclosed to the person(s) accused of such conduct. Publicizing information about alleged sex discrimination or retaliation is strictly prohibited, and may be considered a violation of University policy.
2. The Title IX Coordinator shall maintain all information pertaining to a complaint or investigation in secure files.
3. Federal Statistical Reporting Obligations. Certain campus officials (Campus Security Authorities) have a duty to report violations of this policy for federal statistical reporting purposes. All personally identifiable information is kept private, but statistical information must be passed along to Campus Security Authorities regarding the type of incident and its general location (on or off-campus, in the surrounding area) but no addresses are given for publication in MBU's Annual Security and Fire Safety Report as required by the Clery Act.

## Retaliation

Missouri Baptist University prohibits retaliation against anyone reporting, alleging, or complaining about a violation of this policy. Retaliation is prohibited by Title IX, and shall be considered as a serious violation of the policy and shall be considered independent of whether an informal or formal complaint is substantiated. Encouraging others to retaliate shall constitute a violation of the policy. Any person who retaliates against a complainant will be subject to possible disciplinary action up to and including expulsion.

## Intent

The fact that a person did not intend to violate this policy is not considered a defense to a complaint. The use of alcohol or drugs will never function to excuse behavior that violates this policy.

## Outcomes for Sexual Assault

Disciplinary action at the University will normally proceed even if criminal proceedings have been initiated. Missouri Baptist University's action will not be subject to challenge on the grounds that criminal charges involving the same incident have been dismissed or reduced, or that no criminal charges have been brought. The procedures and burdens of proof in a disciplinary action are

different from those applicable to a criminal trial. If civil authorities are notified, students can anticipate that Missouri Baptist University may consult with and be in communication with such authorities. Students violating the University's policy against sexual assault, sexual misconduct, relationship violence (domestic and dating), or stalking may be subject to disciplinary action, up to and including loss of educational opportunities, loss of scholarship, suspension, dismissal, or expulsion.

## Training and Awareness Programs

In addition to the information contained in this Policy, the University will, in accordance with the Campus Sexual Violence Elimination Act ("SaVE Act"), provide training and information to members of the campus community regarding the following topics:

1. Safe and positive steps an individual may take to intervene to prevent harm or intervene when there is a risk of domestic violence, dating violence, sexual assault, or stalking against another person;
2. Information about how to recognize warning signs of abusive behavior in order to mitigate the likelihood of perpetration, victimization, or bystander inaction;
3. Awareness campaigns and prevention programs intended to stop domestic violence, dating violence, sexual assault, and stalking before they occur, and to increase campus awareness and share information and resources for the same purpose;
4. Written notification to students and employees about existing counseling, health, mental health, victim advocacy, legal assistance, and other services available for victims, both within the institution and in the community.

The University will distribute this information to members of the campus community through its Annual Security and Fire Safety Report and any other means identified by the University administration to make the information readily available to the campus. Copies will also be maintained by the Title IX Coordinator, who will make such information available to any interested person.

## Counseling and Reporting Resources

## Policy Updates

The most up to date version of this policy is maintained in the office of the Vice President for Student Development.

## Student Housing Regulations

Missouri Baptist University offers on-campus housing for traditional undergraduate students, 23 and younger, in Pillsbury-Huff, North Hall, and Spartan Village. Off-campus housing is provided on a limited basis as determined by the Director of Resident Life. All resident students are expected to carry at least twelve credit hours per semester, maintain good academic standing, and make satisfactory academic progress. Permission to continue residency is contingent upon meeting these criteria.

It is expected that each resident will become acquainted with, and comply with, all the rules and regulations pertaining to campus conduct and residence living. A copy of the *Residence Hall Handbook* is available from the Resident Life Office.

If a residence hall student moves out of the residence hall during the contract period, whether voluntarily or involuntarily, room and board will be refunded on a pro-rated basis. *The refund schedule for room and board will follow the same schedule as tuition for 15/16 week classes. A student leaving after the halfway point of the semester will be responsible for the entire semester charge.* Vacate forms must be approved by the Resident Director and the Director of Resident Life before any refund is made. *Students leaving the residence hall during the contract period will not receive their housing deposit back.*

The residence hall deposit is non-refundable for any student who fails to maintain good academic standing or make satisfactory progress.

## Liability for Damage

Students are liable for any breakage and damage to rooms, buildings, and furnishings. Diplomas and transcripts will not be issued until all bills are properly settled. The room deposit is held throughout the full period of residency. Charges for damages, if any, will be deducted from the deposit, and any remaining balance will be returned to the student after campus residency is terminated. If damages exceed the amount of the deposit, additional charges will be entered against the student's account.

## Student Health Guidelines and Medical Insurance

Missouri Baptist University requires that proof of health insurance and immunization record for resident students be filed in the Office of Resident Life. The record should include measles/mumps/rubella, tetanus, diphtheria, polio, hepatitis B, and a tuberculosis test. This may also include any Federal mandated vaccine. **The meningococcal (meningitis) and varicella (chicken pox) vaccines are strongly recommended for students living in the residence halls, but are**

**not required. Resident students electing not to receive the meningitis vaccination will be required to sign a waiver.**

International students are required to purchase the health insurance plan provided by Missouri Baptist University through the Lower Agency and this cost is directly charged to the student's account. Students may request to waive out of the MBU Policy if they have a comparable policy from home. This waiver must be requested within the first two weeks of classes. International Students on OPT may request to stay on the International Student Health Plan for the duration of their OPT term at the same cost as current students. OPT students must make arrangements at least one month prior to the start of the OPT term.

International students are also required to provide a report of medical history, including shot records for measles/mumps/rubella, tetanus, diphtheria, polio, hepatitis B, and a tuberculosis test. **The meningococcal (meningitis) and varicella (chicken pox) vaccines are strongly recommended for students living in the residence halls, but are not required. Resident students electing not to receive the meningitis vaccination will be required to sign a waiver.** Any other specific health needs should be reported to the Office of International Student Services in case of an emergency.

The Athletic Department has specific health requirements. Each student enrolled in this program should contact the department for requirements.

Missouri Baptist University does not provide personal medical insurance. Each student is encouraged to make his/her own arrangements for adequate medical coverage.

## Public Safety

The Public Safety Office is staffed by licensed security 24 hours a day. Students should practice good safety habits at all times and should contact the Public Safety Office when feeling uneasy, or if they become aware of suspicious persons or activities. The officer on duty will accompany students around campus on request. The number to contact the Public Safety Officer on duty is 314-744-5355 or 314-882-1601. The Public Safety Office works in cooperation with all federal, state, and local law enforcement agencies. Campus crime statistics may be found on the Public Safety webpage at <https://www.mobap.edu/student-life/safety/crime-prevention-and-safety/>.

## Evacuation Procedures for MBU Facilities

### Administration Building

Outside gathering point: Main Parking lot B section A2  
 Inside safety location: Lowest stairwell and first floor hallway  
 Inside information point: Reception desk

### Field Academic Hall

Outside gathering point: 1st Floor Parking lot A section E; 2nd and 3rd Floors: Main parking lot B section B1  
 Inside safety location: 1st Floor Hallways by Main Computer Lab & Field Conference Room  
 Inside information point: The lobby just outside of the Office of Student Development

### Jung-Kellogg Library

Outside gathering point: Main parking lot B section A1  
 Inside safety location: Beneath the Rare Books mezzanine  
 Inside information point: Circulation desk

### thePerk & Spartan Store

Outside gathering point: Main parking lot B section 5

Inside safety location: Two inside restrooms  
Inside information point: South end of the service counter

### **Maintenance Building**

Outside gathering point: D lot gathering point  
Inside safety location: Evacuate to Pillsbury-Huff east wing second floor lounge  
Inside information point: Campus Services Administrative Assistant's Office

### **Muncy Gymnasium & Modular Buildings**

Outside gathering point: Main Parking lot B section C2  
Inside safety location: Downstairs Office Suites

### **Pillsbury Chapel & Dale Williams Fine Arts Center**

Outside gathering point: 1st Floor Lower lot B section D; Upper Floors Parking lot B section C1  
Inside safety location: Lower level piano practice rooms  
Inside information point: Special Events Office

### **North Hall**

Outside gathering point: Pillsbury-Huff parking lot  
Inside safety location: First floor interior hallways  
Inside information point: Resident Assistant front desk

### **Pillsbury-Huff Hall**

Outside gathering point: Pillsbury-Huff parking lot  
Inside safety location: East wing second floor lounge  
Inside information point: Main Lobby

### **Spartan Village**

Outside gathering point: E parking lot on the island by the Blue Light Phone  
Inside safety location: Downstairs hallway in each dorm  
Inside information point: Building lobby in each dorm

### **The Carl and Deloris Petty Sports and Recreation Complex**

Outside gathering point: The west end of the E parking lot by the Greek Columns  
Inside safe location: Lower level north hallway outside the locker rooms  
Inside information point: Main lobby desk

### **Spartan Field House**

Outside gathering point: Blue Light Phone on the west side of the front parking lot  
Inside safe location: Hallway by the equipment room  
Inside information point: Team Room

### **School of Nursing - Walker Medical Building**

Outside gathering point: Round Circle in front of building  
Inside safe location: Main Lobby  
Inside information point: Front Desk

Please reference University Emergency Management Plan for updates at [www.mobap.edu/safety/](http://www.mobap.edu/safety/).

## **Traffic & Parking Policies**

### **Introduction**

Missouri Baptist University has seven parking lots to accommodate parking needs. Those seven lots are the Field Academic Hall lower lot (A), the main lot (B), upper and lower lots at the baseball field (C), the residence hall lots (D and G), the Spartan Village lot (E), and the Spartan Field House lot (F). For more detailed information regarding Traffic & Parking policies, go to <http://www.mobap.edu/student-life/safety/>.

## **Parking Regulations**

Missouri Baptist University has established parking regulations to make parking on campus as safe and convenient as possible. Lots A and B are reserved for faculty, staff, graduate students, doctoral students, and persons with special permits. Lot C (including the upper lot next to the baseball field) is reserved for undergraduate commuter students. Some spots may be available for commuters on Dink Marler, depending upon availability. Lot D (including designated spaces on Dink Marler) is reserved for resident students. Lot E is reserved primarily for resident students. Lot F is reserved for student-athletes playing football. Lot G is reserved for resident students of North Hall. Missouri Baptist University is not responsible for any loss or damage that occurs from parking on University property.

## **Registration of Vehicles**

All students, faculty and staff must register their intent to park a vehicle on campus and obtain a parking sticker by the first day of class each semester. All parking stickers are distributed on a first come, first served basis in the Public Safety Office located in the modular building north of the Administration building. To obtain a sticker you must fill out a registration form and provide proof of registration. Possession of a sticker for a specific lot gives you the privilege of parking on that lot, **but it does not guarantee a parking space**. Parking in any reserved or visitor's space will result in a ticket. Students who do not intend to have a vehicle on campus must inform Financial Services and the Public Safety Office by the first day of class.

The parking sticker should be affixed to the outside lower left rear window of the vehicle (back window driver's side). Convertible automobiles or vehicles with a removable rear window should affix the sticker to the lower left front window outside (below state inspection sticker). Any vehicle that does not have the sticker affixed in the proper location or not readily visible will be ticketed for failure to display sticker registration. No vehicle may be parked on campus without a parking sticker affixed or a temporary one-day parking hangtag.

## **2019-2020 Parking Sticker Codes**

**ORANGE** – Lots A and B for faculty & staff

**RED** – Lots A and B for graduate students and Special Needs students

**BLACK** – Lots A and B for doctoral students

**GREEN** – Lot C (and upper lot adjacent to baseball field) for commuter students

**BLUE** – Lot D (including designated spaces on Dink Marler) for resident students living in North Hall, Pillsbury-Huff Hall and Spartan Village

**PURPLE** – Lot E is primarily for Spartan Village residents. This lot is ticketed 24/7.

**GRAY** – Lot F for the football field house

**MAROON** – Lot G is primarily for female residents

**Note: Lots A and B are available to all vehicles after 4:30, except for those with stickers for lots D, E, and G.**

## **Abandoned Vehicles**

All vehicles parked on Missouri Baptist University property must have current registration from the student's home state. Any vehicle without current and valid license plates will be considered abandoned and will be towed at the owner's expense in accordance with the City of Creve Coeur and the State of Missouri laws on abandoned vehicles.

## **Traffic Regulations**

At Missouri Baptist University, like everywhere else in the nation, driving is a privilege. To ensure that everyone enjoys that privilege,

all local, state, and University traffic regulations governing the safe operation of a motor vehicle will be enforced. The campus speed limit is 15 miles per hour except where a slower speed limit is essential to safety. All vehicles, including motorcycles and bicycles, are expected to observe the same traffic rules. Pedestrians have the right of way at all times and all vehicles are required to yield to them. All stop signs on campus are placed to maintain safety for all traffic and pedestrians. Running a stop sign, careless and reckless driving, and failing to yield to pedestrians are considered serious offenses and will result in a moving violation.

## Parking Meters

Missouri Baptist University has established 45-minute parking meters for commuter students. These meters are for students wishing to make a quick visit to the Bookstore, deliver paperwork to the Administration building, or to visit their professor. Students exceeding the 45-minute limit or parking at an expired meter when the meter is in operation will be subject to fines twice that of a normal parking violation.

## Parking Violations

1. Parking a vehicle on campus without a registration permit and properly displayed sticker (registered to the same car and student). A sticker not affixed to the vehicle is the same as not displaying a sticker and will be ticketed. In the event that a student drives a different car than the one registered to the student and assigned sticker, a temporary tag may be obtained in the Office of Public Safety.
2. Parking a vehicle in an unauthorized area such as:
  - a. Along the south side of the road on Dink Marler Lane (pedestrian traffic lane).
  - b. Along any white or yellow painted curbing or edge of any road striped with white or yellow paint.
  - c. Within 50 feet of any fire hydrant or other similar emergency device.
  - d. The emergency service drive to Muncy Gymnasium.
  - e. The semi-circle drive in front of the Administration Building.
  - f. The service vehicle area at the northwest entrance of Field Academic Hall.
  - g. In front of Pillsbury-Huff Residence Hall.
  - h. All visitors' spaces and reserved spaces.
  - i. The drive in front of the Sports and Recreation Complex.
3. Parking where prohibited by signs.
4. Parking at an expired meter when meter is in operation.
5. Parking on grassy areas.
6. Parking on sidewalks or entrances to buildings.
7. Parking in front of trash disposal containers and "service vehicle only" areas.
8. Parking in a fire lane, traffic right of way, or pedestrian crosswalk.
9. Parking in a lot other than the one specified by sticker color.
10. Defacing or misuse of sticker.

## Auto Boot Policy

**Auto booting is a means of controlling and decreasing the number of habitual parking violators on the Missouri Baptist University campus. The auto boot attaches to the front or rear left tire preventing the moving of the vehicle**

**until all parking fines are paid or parking disputes settled. This is a safer and more convenient way of controlling habitual offenders.**

1. Application of Auto Boot
  1. The Auto Boot will be applied after the receipt of the fifth unpaid non-moving violation in one semester.
  2. The Auto Boot will be applied to vehicles parked illegally in all reserved, fire, visitor, and disabled parking spaces or may be towed at the owners expense depending on the seriousness of the violation.
2. Removal of Auto Boot
  1. The Auto Boot will be removed providing the following conditions are met:
    1. Fees are paid in full (parking fees, ticket fees, and Auto Boot removal fee of \$75);
    2. Public Safety personnel are provided with the receipt showing payment in full of both fines and Auto Boot removal fee; and
    - i. Approval of the Vice President for Student Development.

## Responsibilities

1. Violators are responsible for the following:
  - a. Parking fees (including all tickets).
  - b. Auto Boot fees.
  - c. Any and all damages to the Auto Boot.
2. Missouri Baptist University is not responsible for any loss or damage incurred from Auto Booting.

## Traffic or Parking Appeal Process

The Traffic and Parking Appeals Committee has been established to hear parking appeals on a scheduled basis. Appeals may be scheduled in the Office of the Vice President for Student Development. If one chooses to appeal a parking violation he/she automatically forfeits the option of the half-price discount given for paying a ticket within 24 hours.

Questions concerning parking should be directed to the Office of the Vice President for Student Development. Appeals must be made in writing and can be done in person in the Office the Vice President of Student Development or online at <http://www.mobap.edu/student-life/safety/parking/>.

## Fines and Payments

All moving violations and/or parking regulations carry fines. Penalties, with the exception of moving violations, failure to obey a security officer, failure to register vehicle(s), and/or failure to furnish correct license numbers, will be reduced to one-half if paid within 24 hours of the time of the receipt of the citation, exclusive of Saturday, Sunday, and official vacation periods. Failure to register for parking will result in a "hold" for the amount of the sticker plus the cost of any tickets incurred. Penalties are payable by cash, check, or credit card to the Student Financial Services Office. At the discretion of the Vice President for Student Development campus service may be required in place of monetary payment. Until these fines are paid, no transcripts will be issued for students.

| Violation                             | Scheduled Fine |
|---------------------------------------|----------------|
| Failure to obey a Security Officer    | \$80.00        |
| Failure to stop at a stop sign        | \$80.00        |
| Excessive speed: 10-15 MPH over limit | \$45.00        |

|   |                       |
|---|-----------------------|
| Excessive speed: 25 + MPH over limit        | \$90.00               |
| Reckless driving                            | \$90.00               |
| Improper lane use                           | \$45.00               |
| Failure to drive on right side of roadway   | \$45.00               |
| Failure to yield to a pedestrian            | \$80.00               |
| Failure to display tag                      | \$45.00               |
| Parked in wrong lot                         | \$45.00               |
| Parked in semi circle drive                 | \$45.00               |
| Parked in service vehicle area              | \$45.00               |
| <b>Violation</b>                            | <b>Scheduled Fine</b> |
| Parked in no parking area                   | \$45.00               |
| Parked in a grassy area or entrance area    | \$45.00               |
| Parked in two spaces                        | \$45.00               |
| Failure to parallel park correctly          | \$45.00               |
| Parked in a handicapped space               | \$90.00               |
| Parked in a fire lane, traffic or crosswalk | \$75.00               |
| Parked by a white or yellow curb            | \$45.00               |
| Parked in reserved space                    | \$90.00               |
| Parking meter violation-time expired        | \$45.00               |
| Parking meter violation-never paid          | \$90.00               |

---

## Student Services

---

### Academic Success Center

THE ACADEMIC SUCCESS CENTER (ASC), which operates under the Office of Student Development, is located on the Main campus of Missouri Baptist University on the lower level of Virginia Field Academic Hall in rooms FLD-119 and FLD-117. The Academic Success Center's mission is to effectively orient and academically advise all new students to MBU and to provide resources that will enhance student learning in and outside of the classroom environment.

Student Success Advisors provide first-year advising and orientation to first time freshman and new transfer students. Incoming first time freshman who are admitted on probation participate in the Quest mentoring program and have regularly scheduled meetings with their Student Success Advisor. Collegiate Seminar and Transfer Orientation are coordinated through the ASC under the direction of the Director of Student Success. In these ways, the ASC strives to see the student holistically, recognizing their unique physical, mental, emotional, social, cultural, and spiritual aspects and encourage their development as a whole person.

Tutoring services are also offered by the ASC providing students with individualized help across disciplines including most general education courses. Study skill development is also provided through personal coaching, videos and handouts to help with time management, how to study, and overall academic goal setting. The Writing Lab is another ASC service which allows students to meet with a writing coach to receive help with various parts of the writing process including brainstorming, structuring a paper, improving grammar, and properly citing sources.

In addition to classroom make-up tests, examinations – including the ACT, Residual ACT, Proficiency Profile, MoGEA, DSST, Major Field Tests, and CPCE – are scheduled, administered, and supervised by the Coordinator of Assessment under the direction of the Director of Student Success.

The Special Needs Coordinator(s) provides services for students who have documented disabilities of a permanent or temporary nature. Individuals with major life disabilities such as physical handicaps, learning disabilities, attention deficit disorder, visual impairments, hearing impairments, and/or medical disabilities may receive accommodations to minimize barriers to education. In order to receive services, students must self-identify their disability to a Special Needs Access Coordinator located in the Academic Success Center.

For more information regarding accommodations please visit: <http://www.mobap.edu/special-needs-access/>. Additional information about the ASC can be found at <http://www.mobap.edu/success/>.

### Special Needs Coordination Services for Students with Disabilities

The Special Needs Coordinators offer services to students who have documented disabilities of a permanent or temporary nature. To

qualify for services, students must self-identify to the Special Needs Coordinators located in the Academic Success Center. Students must meet with a Special Needs Coordinator to discuss their needs and provide appropriate written documentation of a disability from a qualified professional or agency. Students are encouraged to establish documentation at least two weeks prior to the first day of the semester.

Students who need accommodations must register each semester with the Special Needs Coordinator(s). A Verification of Individual Student Accommodations or VISA, which describes the student's needed accommodations, will be developed with the student's written permission. It is the student's responsibility to deliver/email the VISA as well as discuss his/her needs with each instructor.

The goals of the Special Needs Coordinators in the Academic Success Center are to provide appropriate support services to students, staff, and faculty; to minimize physical and attitudinal barriers; and to provide autonomy and self-advocacy for persons with disabilities. For more information visit <http://www.mobap.edu/special-needs-access/>.

The Special Needs Coordinators are housed within the Academic Success Center, room FLD-119. The Special Needs Access Office can be reached via phone at (314) 392-2364 or email at [specialneeds@mobap.edu](mailto:specialneeds@mobap.edu).

## Career Development

The Office of Career Development provides resources and facilitates opportunities for students to grow in knowledge and ability to better pursue meaningful careers. We strive to be a catalyst for collaboration, innovation and experiential learning.

Students and alumni also have access to Handshake. Handshake is our online career platform where you can search for jobs and internships, schedule appointments with a Career Development staff member (International students are encouraged to schedule appointments with Lauren Repp), and learn about events.

For online resources and to access Handshake visit [mobap.edu/career](http://mobap.edu/career).

The Career Development Office will be located in the Jung-Kellogg Library starting fall 2019 on main campus. To contact the Career Development Office email [career@mobap.edu](mailto:career@mobap.edu).

## Student Health Services

Counseling and Wellness Services are coordinated through the Office of Student Development. Students seeking to meet with a counselor or in need of a counseling referral may contact the Student Health Services Office by phone at 314-744-5315 or email: [kim.grey@mobap.edu](mailto:kim.grey@mobap.edu). All appointments for counseling are scheduled on an individual basis and all sessions are confidential. Additional information and resources for counseling and wellness services are listed on the MBU website at [www.mobap.edu/studenthealthservices](http://www.mobap.edu/studenthealthservices).

In addition, Student Health Services provides Ask. Listen. Refer., an online suicide prevention training program for students and staff. This resource is in place for members of our community to obtain education and training on suicide intervention. Through Ask. Listen. Refer., MBU offers a customized training website which can be accessed from any computer or mobile device. The website can be found at [www.asklistenrefer.org/mbu](http://www.asklistenrefer.org/mbu).

There is also a chapter of "Active Minds", a student run organization whose purpose is to end the silence and stigma surrounding mental health and provide an on-campus community of support for those who are struggling. Students involved in Active Minds will host on-

campus events and informational activities throughout the academic year. More information about Active Minds is listed on our website.

Campus Clinic: As a partnership with Mercy hospital, health services are available to students on the main campus. The Health Services Office is staffed by a nurse practitioner under the direction of a Mercy Physician and is located in Spartan Village Building 503. Most medical concerns can be treated in the center; others will be referred to an appropriate health professional through Mercy or other health network. Insurance plans accepted. All appointments should be made through Mercy's secure network or by calling 314.364.3970. The Campus Clinic is located in Spartan Village 503. Appointments are made through <https://www.mymercy.net/webpresence/login> or by calling 314.364.3970. Hours of operation: Monday – Thursday 1-5pm; Summer Hours Tuesday & Thursday 1-5pm.

Please note: All students who access the clinic must have health insurance for billing purposes. The clinic on campus operates the same as a typical doctor's office. MBU does not provide medical insurance for resident students or commuters except for international students in F-1 visa status. MBU international students are required to purchase medical insurance through the provider chosen by the Office of International Student Services. All other students are encouraged to secure medical insurance from their own insurance agents. Proof of medical insurance is required for all resident students and student athletes. Information on insurance policies and local health resources can be found on the Student Health Services webpage at <http://www.mobap.edu/studenthealthservices/>.

## International Student Services

International Student Services is responsible for recruitment, admission, student development and immigration compliance for all non-immigrant students at Missouri Baptist University and international alumni engaged in Optional Practical Training. The ISS staff is committed to providing the best possible service to international students throughout their educational journey. ISS also provides opportunities for international students and U.S. students to engage in cross-cultural learning activities. Services include: International Student Orientation, enrollment verification letters, assistance with applications for Practical Training, and immigration advising.

## Enrollment Requirements for Undergraduate International Students

1. Per immigration law, undergraduate international students in F-1 status must be enrolled a minimum of 12 credit hours in the Fall and Spring semesters to maintain their visa status. Immigration allows less than full-time enrollment in certain circumstances, such as final semester of study or documented medical illness. For a full listing of reasons, please contact International Student Services. If the student will not be enrolled full-time, he or she must receive permission from ISS prior to registering for less than a full course load or prior to dropping below a full course load.
2. Only three (3) credit hours of distance learning (online) courses may be counted towards the minimum full-time enrollment requirement. If a student is registered for more than the minimum enrollment requirements, then that student may enroll in more than three credit hours of distance learning.
3. Students in their final semester of study may not enroll in only online course(s). This prohibition includes the summer semester if summer is the student's final semester.
4. Per immigration law, F-1 students must attend the college/university and campus listed on their current I-20 (immigration document).

5. Four MBU Regional Learning Centers have been approved by the Department of Homeland Security's Student and Exchange Visitor program to have international students. These are MBU-Troy/Wentzville, MBU at Jefferson College, MBU in Arnold and MBU in Union. International students must have prior approval from ISS to take courses at these locations.
6. In order for F-1 international students to participate in any off-campus field experience, internship, practicum, or sponsored research, they must apply for CPT (Curricular Practical Training) through the Office of International Student Services. This includes courses with embedded field experiences that are interactive rather than merely observational in nature. Students enrolled in courses qualifying under the CPT guidelines must complete a CPT Recommendation Form with their advisor and submit it to the Office of International Student Services. A list of courses offered by the School of Education identified as requiring the CPT Application Form is listed below. Since requirements are subject to change, students should consult with their advisor and the Director of International Student Services if there is any question whether a course might meet the criteria for CPT. This list should not be considered exhaustive.
7. Students in other visa or immigration statuses are not subject to the same restrictions as F-1 and students. All International Students will have an alert in CAMS under the FERPA Warning section as International.
8. International Student Health Insurance Plan: By university policy, all F-1 international students are required to have health insurance, and students are automatically enrolled in the International Student Health Plan when they enroll in classes at MBU.

and fellow alumni. If you are a graduate of MBU then you are a part of this Association.

For more alumni information and ways to stay connected visit [mobap.edu/alumni](http://mobap.edu/alumni) or contact [alumni@mobap.edu](mailto:alumni@mobap.edu)

## Campus Life

Social, athletic, cultural, and religious activities are planned by the University and by student organizations. These are designed to appeal to a broad scope of interest, to encourage participation by every student, and to enhance the college experience. A variety of informative and entertaining programs are presented in regularly scheduled convocations, lectures, concerts, recitals, drama productions, and exhibitions.

The academic year at Missouri Baptist University is enlivened by a variety of social functions, including Homecoming, the Hanging of the Green, the Outstanding Students of Achievement Ceremony, and other events.

## MBU Institute for Leadership

The Institute for Leadership will help MBU students develop leadership skills that will maximize their potential as students and as professionals after they graduate. Throughout the year long program, students will hear from prominent leaders and engage a variety of learning experiences that will stretch and develop them as leaders.

**To be eligible to participate in the MBU Institute for Leadership program, a student must:**

- Be a Freshman, Sophomore, or Junior
- Have completed 12 hours at MBU by January
- Currently be a full-time student at MBU
- Be in good academic and disciplinary standing with the University
- Have a cumulative GPA of 2.5 or higher
- Successfully complete the application and interview process

**Benefits of the Program Include:**

- One-on-one mentoring with MBU leadership
- Recognition on Transcript
- Recognition at Outstanding Students of Achievement Ceremony
- Certificate of program completion
- Networking opportunities with St. Louis professionals

**How to apply:**

Applications are available online or in the Office of Student Activities. **Deadline for application is September.**

For more information, contact Lara Hines, Director of Student Activities, [hinesl@mobap.edu](mailto:hinesl@mobap.edu), (314) 392-2242, Field Building 209.

Students accepted into the MBU Institute for Leadership will be enrolled in a one-credit hour upper division elective, IDST 311 Leadership Development, for the Spring semester by the Student Activities Office.

## Approval of Organizations

All student organizations are subject to the approval of the Student Government Association and the faculty and administration. Before a new organization is recognized, it must gain approval of its

## Sports and Recreation Complex

The Carl and Deloris Petty Sports and Recreation Complex raises the level of excellence in campus life through enhanced recreation facilities, including a fitness center with strength training and cardiovascular equipment, an indoor track, a group fitness and dance area for a wide variety of classes, student locker rooms, and much more.

The suspended indoor track allows recreational walkers and runners a birds-eye view of the gymnasium.

The group fitness room, complete with a surround sound system and mirrored walls, offers a beautiful view of the eastern side of the MBU campus. Students, faculty, and staff can participate in a variety of group fitness offerings designed to exercise the body and mind. For specific information on available classes, go to <http://www.mobap.edu/student-life/src/fitness/groupfitness/>.

The spacious fitness center offers free weights, weight machines, and cardiovascular machines- everything needed to help improve flexibility, develop strength, tone muscles, and improve overall health and wellness. State of the art equipment, oversized flat screen televisions, and great music give patrons a workout experience to look forward to again and again. For fitness center hours go to <http://www.mobap.edu/student-life/src/>.

## The Alumni Association of Missouri Baptist University

The mission of the Alumni Association is to continue living out the mission and core values of the institution, to stay involved, stay connected, and continue supporting MBU, its students, staff, faculty,

constitution first by the Student Government Association and then by the faculty and administration. The Student Government Association will ensure that organizations regularly review and revise their constitutions. The faculty and administration may, if circumstances warrant, restrict or disband any student organization. All student organizations must follow and support the University's mission.

## Custody of Organization Funds

All student organizations are required to deposit their funds with the University Financial Services Office. The University disburses funds when requested by the organization advisor and the president or treasurer of the organization.

No student is allowed to contract any debt for any student organization without approval in the form of an official purchase order signed by the organization advisor, one of the organization's officers, the Chief Financial Officer of the University, and, when necessary, the University President.

## MBU Clubs and Organizations

Because the University has a variety of campus organizations, students are able to find organized activities which are particularly interesting or helpful to them. These clubs and activities are classified into departmental and professional clubs, honorary, ministry, and special interest organizations.

Each organization maintains its own officers and faculty sponsor(s), and schedules its programs through the Director of Student Activities, who maintains a complete calendar of school activities.

The most up-to-date list of clubs and organizations, as well as advisors and contact information, can be found at <http://www.mobap.edu/student-life/student-life-get-involved/clubs/>.

## Departmental and Professional

### School of Business

**Accounting Club** promotes career activities and opportunities in accounting, prepares students for the business environment with an ethical focus and develops camaraderie with other accounting students. Activities include visiting accounting professionals, field trips, tutoring opportunities, and encouragement to participate in professional organizations' student events and programs.

- Contact Steve Gustafson at [steve.gustafson@mobap.edu](mailto:steve.gustafson@mobap.edu) for more information.

**ENACTUS: Students in Free Enterprise (SIFE)** is a nonprofit organization that provides college students the best opportunity to make a difference, and to develop leadership, teamwork, and communication skills through learning, practicing, and teaching the principles of free enterprise. This is a campus-wide student organization that offers students from every discipline an opportunity to benefit from working with professionals from all areas. Students use the conceptual and theoretical knowledge learned in the classroom to make executive decisions while planning and implementing outreach projects in a hands-on environment unique to the "SIFE experience". For example, they teach concepts such as budgeting, accounting, and supply and demand, and assist budding entrepreneurs in getting their businesses off the ground. SIFE students also mentor "at-risk" students, helping them to reach for their dreams. Supported by more than 250 top corporations, SIFE teams are active on over 1000 college campuses in the United States and 17 foreign countries. Having fun, working to better the community, meeting top executives, traveling, competing, making new friends, and giving their careers a big head start by adding their

names to the "SIFE International Career Development Job Bank" are all benefits that students receive when they participate in SIFE. Students may elect to take SIFE for an elective credit (by enrolling in BUSN 311 ) or simply join SIFE for the benefits and experience they will receive.

### School of Education

**Student Association of Supervision and Curriculum Development (S-ASCD)** provides teacher candidates an opportunity to network with a recognized association such as Missouri ASCD and ASCD, a national/international organization known for its leadership in education. The organization encourages pre-service educators to initiate leadership, workshop, and networking opportunities for peers in the formative stages in their careers and to gain valuable experiences that will enhance their knowledge of major issues and trends in education. Membership is open to all undergraduates and graduates enrolled in educational programs.

### Student Missouri State Teachers' Association

**(S-MSTA)** is a pre-professional organization composed of education students and others interested in teaching as a career. The chapter seeks to provide its members with opportunities for personal and professional growth, the development of leadership skills, a better understanding of the teaching profession, and participation in professional activities at the local and state levels.

### Fine Arts Division

**National Association for Music Educators (NAfME)** is a national organization open to any college student interested in the teaching of music. The purposes of the organization are to provide opportunities for professional growth; to acquaint the students with the privileges and responsibilities of the music education profession; to acquaint them with leaders in the profession; and to provide opportunities for contact with NAfME members from other schools. The NAfME also assists the Music Department with various activities throughout the year.

### Health and Sport Sciences Division

**Exercise is Medicine® on Campus (EIM-OC)** is a program calling upon universities and colleges to engage in the promotion of physical activity as a vital sign of health. EIM-OC encourages faculty, staff and students to work together toward improving the health and well-being of the campus community by:

- Making movement a part of the daily campus culture
- Assessing physical activity at every student health visit
- Providing students the tools necessary to strengthen healthy physical activity habits that can last a lifetime; and
- Connecting university health care providers with university health fitness specialists to provide a referral system for exercise prescription.

### Natural Sciences Division

**Pre-Healthcare Professionals** is an organization whose purpose is to help prepare students for their post-undergraduate studies by helping plan for the medical school admissions process, to provide an atmosphere of knowledge sharing, to promote humanitarian actions, and to facilitate social and academic networks.

**Science and Math Club** is one of the oldest and most active clubs on the Missouri Baptist University campus. The club's goal is to prepare

members for a successful career in a math or science related field. Each week, professionals in the math or science industry give a presentation on their job and the education required to be successful in that area of study. Students are encouraged to ask questions and network with the professionals. Come join us every Tuesday (except chapel Tuesdays).

## Honor Societies

**Alpha Chi** is a coeducational honor society whose purpose is to promote academic excellence and exemplary character among college and university students and to honor those who achieve such distinction. Students are admitted from all academic disciplines, and members compose no more than the top ten percent of the junior and the senior classes.

**Kappa Delta Pi** is an international honor society in education, with a national membership of undergraduate and graduate students, university faculty and administrators, classroom teachers, school administrators, retired educators, Laureate members, and honorary members. Its purposes are to promote excellence, recognize honor students, and acknowledge outstanding contributions to education. The Missouri Baptist University chapter is open to high achieving students planning careers in the field of education.

**Kappa Omicron Nu (KON)** is a national honor society relevant to students and those pre-professional within the Human Sciences field. The Human Sciences are roughly organized by the nature of the disciplines that seek to better the health and environments of the human condition, including the individual, the family, and the community. KON states a dedication to 'recognizing and encouraging excellence in scholarship, research, and leadership in the Human Sciences.' Furthermore, KON has eight objectives, related to leadership, scholarship, and research, that ultimately seek to improve the human condition and public good.

**Sigma Beta Delta** is a business management and administration honor society.

**Sigma Tau Delta** is the international English Honor society. Its purposes are to recognize honor students who are English majors and minors and to support and study the humanities. The motto is sincerity, truth, and design. The honor society restricts membership in this manner: Voting members – must major or minor in English, be in the top one-third of the class, have a B average in English, and have six credit hours in English beyond the freshman composition level; Non-voting members – do not need to major or minor in English but must meet all the other criteria for voting members. The national office requires members to pay a lifetime fee, currently \$25. The Psi Psi chapter at Missouri Baptist University will charge an additional one-time only fee of \$5.00. Each semester, Psi Psi will initiate new members with a pinning ceremony. Other activities include the publishing of Cantos, a literary magazine of poems and short stories written by MBU students, faculty, and staff.

**Sigma Zeta** is a national, undergraduate honor society with the purpose to encourage and foster scholarly activity and recognize academic scholarship in the natural and computer sciences and mathematics. To be eligible for membership, students must have a major in the natural sciences or mathematics, have junior/senior standing, with an overall GPA of 3.5.

## Faith and Service

**The Office of Faith and Service** seeks to see lives changed by the good news of Jesus Christ by carrying out the Great Commandment

and the Great Commission. We seek to lead and support the community of the University in spiritual growth, servant leadership, and international engagement. We value the Gospel, faith and learning, excellence, community & diversity, and leadership & service. This office oversees weekly chapel gatherings, discipleship groups, mission trips (local and international), and biblical counseling. Through the Office of Faith and Service, you may grow in faith, community, and service.

**Fellowship of Christian Athletes (FCA)** is an interdenominational Christian sports ministry to see the world impacted for Jesus Christ through the influence of athletes and coaches. FCA serves as a ministry arm of AMP for athletes. See the Office of Faith and Service for meeting times and how to get involved.

**Ministerial Alliance** provides ministerial students visible and active support while they further their relationships with students and with God.

## Special Interest

**Active Minds** is a student-run organization with the goal to end the silence and stigma surrounding mental health and provide an on-campus community of support for those who are struggling. A national leader in mental health advocacy, Active Minds' chapters serve to show students that their peers are listening and advocating on their behalf because no one should struggle in silence.

**Association of Black Collegians'** goal is to aid and support the African-American student body at Missouri Baptist University. The organization seeks to develop and cultivate a culture of diversity that encourages academic excellence, social responsibility, and academic success through an ongoing network of collegiate fellowship and mentoring. As a part of the MBU body, we invite collaboration and coordination with other cultures and organizations.

**Campus Activities Board (CAB)** organizes and integrates student activities and campus life. CAB enriches the college experience by providing cultural, social and recreational events. CAB hopes to encourage MBU pride and loyalty with leadership experiences and the opportunity to plan Welcome Weekend, Homecoming, lectures, trips, sporting events and parties.

**Chess Club** encourages community through the game of chess.

**Cinemates** encourages community by going to the local movie theatre as well as promoting movies.

**CIRCLE K** is the premier collegiate and university community service, leadership development, a friendship organization in the world. There are more than 12,600 members in 17 nations; Circle K International is making a positive impact on the world every day. Our goal is to make a difference in the St. Louis community and the MBU community! CKI's focus is to impact students and their community through the building of service and leadership skills, as well as fellowship amongst members. Our service focuses on helping children in our community through volunteer work and fundraising.

**Gamma Delta Sigma** offers Missouri Baptist University women a place in a growing legacy dedicated to the enhancement of the college experience through personal-professional growth, academic success, and social responsibility. GDS commits to fostering future leaders through Spartan athletic activities, philanthropic activities, and the unity of the sisterhood. ΓΔΣ: Strength through Sisterhood!

**SPARTAN WALL** is a student-led student section that will be present at certain home game events. Those events include: tailgates, themed nights, post-game celebrations and in-game support.

**Student Government Association (SGA)** establishes student organizations, aids students in their involvement in those organizations, and advocates the concerns of the student body to University administration. The SGA also has a budget to help fund activities for those organizations that regularly attend meetings. For meeting information contact the Director of Student Activities at [hinesl@mobap.edu](mailto:hinesl@mobap.edu).

## Intramural Sports

As a part of the Missouri Baptist University student development program, Intramural Sports provide the MBU community opportunities to compete, exercise, socialize, and develop lifelong skills in safe, fun environments. Intramurals offer a diverse group of individual and team sports and activities through organized leagues, tournaments, and special events. The intramural program is committed to meeting the evolving needs of the MBU community by consistently looking to develop more ways in which students can be active and engage with others during their time at MBU.

The Intramural Program is open to all current MBU students, faculty, and staff. Intramurals offers a variety of short term leagues such as flag football, basketball, indoor volleyball, table games, sand volleyball, and ultimate Frisbee. Leagues are composed of all male and female teams as well as some co-ed leagues. Intramural sports are a fun way for students, faculty and staff to get involved in friendly competition in a constructive environment. Stay connected by liking MBU Intramurals on Facebook!

If you are interested in participating in intramurals look for signs and announcements around campus or please contact the Director of Intramurals at [intramurals@mobap.edu](mailto:intramurals@mobap.edu). Students can also contact the Director with any questions about leagues and scheduling. A full schedule of events and registration forms can be found online at <http://www.mobap.edu/student-life/studentlife-get-involved/intramurals/>.

## Spartan Statement

Missouri Baptist University is the "HOME OF THE SPARTANS!" The ancient Spartans are identified with power, strength, and spirit.

## MBU Colors

The school colors of Missouri Baptist University are navy blue and white, symbolizing excellence, honesty, and determination. These characteristics are represented in the scholastic pursuits and athletic competitions of the school.

## Athletics

MisMissouri Baptist University is a member of the National Association of Intercollegiate Athletics (NAIA). The men's athletic teams include football, soccer, cross-country, track and field, basketball (varsity and junior varsity), wrestling, volleyball (varsity and junior varsity), baseball, tennis, golf, eSports, bowling, and lacrosse. The women's athletic teams include volleyball (varsity and junior varsity), soccer, basketball (varsity and junior varsity), cross-country, track and field, tennis, golf, softball, wrestling, bowling, and lacrosse.

Missouri Baptist is a member of the American Midwest Conference (AMC) and National Association of Intercollegiate Athletics (NAIA). All student-athletes must meet certain eligibility requirements before competition is allowed. In sports not sponsored by the American Midwest Conference, MBU competes as an affiliate member of a conference or in unaffiliated groups comprised of multiple NAIA institutions. MBU football competes in the Mid-States Football Association (MSFA) Midwest Division. Men's volleyball is in an unaffiliated group with members from the AMC, GPAC & KCAC.

Women's wrestling, which competes under the Women's College Wrestling Association (WCWA) umbrella, was recently granted NAIA Invitational status. Other NAIA National Invitational sports include men's & women's lacrosse and men's & women's bowling. Men's and women's lacrosse compete as members of the Association of Independent Institutions (A.I.I.). eSports and women's beach volleyball are considered emerging sports within the NAIA.

## Cheerleading

The Missouri Baptist University Spirit Squad and Spartacus, the University mascot, lead the student body and the athletic fans in spirit during basketball games and other scheduled events. Tryouts are held at the end of the Spring semester. Each cheerleader is expected to attend all scheduled practices and events. Missouri Baptist University Cheerleaders are to encourage community spirit both at athletic events and across the campus. Competitive Cheer and Dance are NAIA emerging sports. Each year the Competitive Cheer squad competes in the NAIA Cheer and Dance Regional Competition, as well as the NAIA All-Girl division in conjunction with the National Cheerleaders Association (NCA) College Nationals in Daytona, Florida.

## Pom and Dance

MBU Pom and Dance is entering its sixth season in the 2018-2019 school year.

## Theatre Productions

MBU produces a full season of musicals and plays each year. Students, staff, and members of the community are invited to audition and participate in a variety of ways (singing, acting, dancing, production team, stage crew, and orchestra). The productions give students a unique chance to develop creative talents, and learn valuable teamwork and time management skills. Academic credit is available to participants in the productions.

*In Character*, the university's drama ministry troupe, is open to current students upon a successful audition and interview. Students must be available for on- and off-campus performances. Students interested in being a part of *In Character* should contact Kasey Cox at [Kasey.Cox@mobap.edu](mailto:Kasey.Cox@mobap.edu) to audition. Academic credit is available for those participating in this ensemble.

## Music Ensembles

Opportunities to serve in a Ministry Ensemble – such as Spirit Wing, Abide, or the Gospel Choir – are also available by audition. For information go to <https://www.mobap.edu/student-life/spiritual-life/worship-and-drama-ministry/auditions/>. Students interested in being a part of a Ministry Ensemble should contact Sarah Dickey at [sarah.dickey@mobap.edu](mailto:sarah.dickey@mobap.edu) to audition. Academic credit is available for those participating in a Ministry Ensemble. To contact the Fine Arts Office, call 314.744.5364.

## University Publications

*Cantos*, a literary magazine of poems and short stories written by MBU students, faculty, and staff, is published by the university's chapter of Sigma Tau Delta, the English honor society. It can be accessed online at <http://www.mobap.edu/about-mbu/publications/cantos/>.

**Timeline Online** is MBU's student-run, campus news website that incorporates multimedia reporting for the university community. Timeline Online features episodes of Timeline, MBU's weekly student news broadcast, and is always looking for reporters,

photographers and bloggers to add to their diverse team. Timeline Online can be accessed at <http://www.mbutimeline.com/>.

*Intégrité: A Faith and Learning Journal* is published semiannually by the Faith and Learning Committee and the Humanities Division. Published both in print copy and online at <http://www.mobap.edu/about-mbu/publications/integrite/>, the journal examines the philosophical, theological, and pedagogical issues related to the integration of Christian faith and higher learning.

The **Missouri Baptist University Undergraduate Catalog**, published annually, sets forth policies, courses of study, academic requirements, and regulations for undergraduate students. The catalog can be accessed online at <http://www.mobap.edu/aboutmbu/publications/undergraduate-catalog/>.

The **Missouri Baptist University Graduate Bulletin**, published annually, sets forth policies, courses of study, academic requirements, and regulations for graduate students. The bulletin can be accessed online at <http://www.mobap.edu/about-mbu/publications/graduate-bulletin/>.

The **Student Handbook** is updated and published by the Student Life Office annually both in print copy and online at <https://www.mobap.edu/about-mbu/publications/student-handbook/>.

The **Residence Hall Handbook** is updated and published by the Residence Life Office annually. It can be accessed online at <http://www.mobap.edu/student-life/residential-life/resident-life-forms/>.

The **Professional Development Folio Guide for Teachers and Library Media Specialists and the Professional Development Folio Guide for School Counselors** are updated and published annually by the School of Education and available in the Spartan Bookstore. The division's *Field Experience Handbook* is available online at <http://www.mobap.edu/academics/field-experiences-2/>. The **Student Teaching Handbook** is available online at <http://www.mobap.edu/academics/student-teaching-2/>.

The **Missouri Baptist University Music Handbook** is updated and published annually and sets forth policies, courses of study, and academic requirements for the Music Program. It is available online at <http://www.mobap.edu/academics/fine-arts-division/>.

The **Missouri Baptist University Athletic Handbook and Coaches Handbook** are published annually by the Missouri Baptist University Athletic Department.

**MBU Magazine** is published for the purpose of keeping the University's constituency informed concerning university activities in the areas of academics, development, athletics, and faculty, staff, administrative, student, and alumni affairs. Recent issues can be accessed online at <http://www.mobap.edu/aboutmbu/publications/mbu-magazine/>.

---

## General Academic Programs

---

**Mission Statement:** The Academic Program of Missouri Baptist University is designed to offer programs of study leading to professional certificates and undergraduate and graduate degrees in an environment of academic excellence with a Biblically-based Christian perspective. The academic program seeks to motivate students to a life of service and knowledge integrating Christian faith and discipline.

Missouri Baptist University grants baccalaureate degrees and offers general education, degree requirements, majors, minors, and cognate areas within five divisions and two schools as well as Interdisciplinary Studies. The University grants the Associate of Applied Science in Radiologic Technology, Associate of Science degree with concentrations in Pre-Nursing, Christian Ministry, and Business Administration, and offers courses leading to undergraduate certificates in Business, Writing, Ministry and Leadership, Faith and Learning, and graduate certificates in Exercise Science, Fitness Management, Sport Management, and Sport Marketing. Missouri Baptist University is approved by the Missouri Department of Elementary and Secondary Education for teacher certification in early childhood, elementary, middle childhood, secondary education, and K-12 education in various subject fields at both undergraduate and graduate levels, and counselor and administrative certifications at the graduate level only.

Interdisciplinary Studies provides orientation courses for freshmen and transfer students, the capstone requirement for all baccalaureate degree programs, and offers a major in Liberal Arts.

The School of Business provides curricula in general education, degree requirements, majors, minors, certificates, and cognate areas in the fields of Accounting, Applied Management, Business Administration, Healthcare Management, Information Technology, Management, Marketing, Economics, and Entrepreneurship. The Master of Business Administration degree is offered at the graduate level.

The School of Education provides curricula that pertain directly to the development of professional educators both in private and public education and is responsible for the Missouri approved teacher certification program. Undergraduate majors in this school include Biology Education, Business Education, Chemistry Education, Child Development, Early Childhood Education, Early Childhood Special Education, Elementary Education, Health Education, K-12 Education, Middle Childhood Education, Physical Education, Special Education Cross-Categorical Disabilities Mild/Moderate, and Studies in Teaching and Learning. A minor is offered in Physical Education. Students desiring certification on the secondary or K-12 level must have a primary major in a subject field and complete the professional education courses. Those completing certification at the undergraduate level may opt for a double major in Secondary Education or K-12 Education. This provides a broad competency within the teaching discipline. Other certification areas offered include Library Media Specialist (graduate level only), Driver Education, and Special Reading (graduate level only). Graduate programs include: the Master of Arts degree in School Counseling, School Counseling with a Concentration in Clinical Mental Health Counseling, or Clinical Mental Health Counseling; Master of Arts in Teaching (with initial certification or for additional certification); Master of Educational Administration; Master of Science in Education: Curriculum and Instruction; Master of Educational Technology; Master of Higher Education Leadership; the Educational Specialist with two tracks: Superintendent or Curriculum and Instruction; and the Doctor of Education degree in Leadership in Teaching and Learning or Higher Education Leadership.

The Fine Arts Division offers curricula for general education and degree requirements in Art, Communications, Music, Music Education, Music Performance, Musical Theatre, Theatre, Worship Arts Technology, and Worship Leadership. Undergraduate majors include Broadcast Media, Communication Studies, Journalism, Music, Music Education, Music Performance, Music with Elective Studies in Business, Musical Theatre, Public Relations, Speech/Theatre, Theatre, Worship Arts Technology, and Worship Leadership. Minor studies available include Broadcast Media, Communication Studies, Journalism, Sports Journalism, Music, Public Relations, Theatre, Worship Leadership, Worship Studies, and Dance.

The Health and Sport Sciences Division provides curricula in degree requirements, majors, minors, and cognate areas in the fields of Exercise Science, Fitness Management, Health Sciences, Public Health, and Sport Management. Students interested in graduate studies may pursue the Graduate Certificate in Exercise Science, Graduate Certificate in Fitness Management, Graduate Certificate in Sport Management, Graduate Certificate in Sport Marketing, or the Master of Science in Sport Management or Master of Science in Fitness Management.

The Humanities Division provides curricula in general education, degree requirements, majors, minors, certificates, and cognate areas in the fields of Biblical Languages (Greek and Hebrew), Christian Ministry, Christian Studies, English, Faith and Learning, Ministry and Leadership, and Spanish. The Writing Certificate in English, Certificate in Ministry and Leadership, and the Associate of Science in Christian Ministry are a part of the division's offerings. The Master of Arts in Christian Ministry degree is available with emphasis areas in Pastoral Ministries, Urban Ministries, Biblical Counseling, Apologetic Studies, and Biblical Languages.

The Natural Sciences Division provides curricula in general education, degree requirements, majors, minors, and cognate areas in the fields of Biochemistry, Biology, Biotechnology, Chemistry, Chemistry with a Concentration in Forensic Science, Geoscience, Mathematics, Physics, Plant Biology and Pre-Nursing. The Associate of Applied Science in Radiologic Technology is offered through a partnership with Mercy St. Louis School of Radiologic Technology.

The Social and Behavioral Sciences Division provides curricula in general education, degree requirements, majors, minors, and cognate areas in the fields of Behavioral Sciences, Criminal Justice, History, Human Services, Political Science, Psychology, Social Sciences, and Sociology. Two graduate programs are offered online: Master of Corporate Security Leadership and Master of Science in Criminal Justice.

The Adult Learning Programs offer a number of degree options that are specifically designed to accommodate adult learners, defined as individuals who have been out of high school at least five years and in the workplace, or whose education has otherwise been interrupted before enrolling with MBU in any undergraduate degree program. These options include the online Bachelor of Professional Studies (BPS) degree with majors in Applied Management, Criminal Justice, General Studies, Healthcare Management, Liberal Arts, Ministry and Leadership, and Organizational Leadership.

The School of Nursing offers two different degree programs. The Pre-Licensure BSN degree option is for those seeking to become licensed as a registered nurse (RN). The RN to BSN degree option is for those who are already licensed as an RN and are seeking to complete a baccalaureate degree.

## Majors with Classification of Instructional Program, (CIP) Codes, Division/Schools, and Certificate/Degree Options

| Major Field   | CIP code                                 | Division/School                                       | Certificate/Degree         |
|---|--|---|----------------------------|
| Accounting  | 52.0301                                  | Business  | BA, BS, BPS                |
| Applied Management  | 52.0299                                  | Business<br>Adult & Online Program                    | BA, BS<br>BPS              |
| Behavioral Science  | 30.1701                                  | Social & Behavioral Science                           | BA, BS, BPS                |
| Biochemistry  | 26.0202                                  | Natural Sciences                                      | BS                         |
| Biology   | 26.0101                                  | Natural Sciences                                      | BA, BS                     |
| Biology Education   | 13.1322                                  | Education   | BS                         |
| Biotechnology   | 26.1201                                  | Natural Sciences                                      | BS                         |
| Broadcast Media   | 09.0701                                  | Fine Arts   | BA, BS, BPS                |
| Business Administration   | 52.0201                                  | Business  | CBA, ASB, BA, BS, BPS, MBA |
| Business Education  | 13.1303                                  | Education   | BA, BS, BPS                |
| Chemistry   | 40.0501                                  | Natural Sciences                                      | BA, BS                     |
| Chemistry Education   | 13.1323                                  | Education   | BS                         |

## Specialized Academic Programs

Missouri Baptist University has developed several specialized academic programs which allow students to earn degrees or credits in a modified program format. These programs include opportunities for learning at off-campus sites, adult learning experiences, and cooperative programs with other institutions.

## The Individualized Major

An undergraduate student may, under the tutelage of an advisor, develop a curriculum for a major suited to the student's interest. This curriculum must be in writing, submitted, and approved by the chair or dean of the appropriate division or school and the Senior Vice President for Academic Affairs. The individualized major gives the student the opportunity to utilize the resources of the University to their fullest in developing an academic skill in a field for which the University may not have a specialized department. An individualized major can be granted only if the University offers at least half the credit hours needed for the major.

## The Individualized Minor

An undergraduate student may, under the tutelage of an advisor, develop a curriculum for a minor suited to the student's interest. This curriculum must be in writing, submitted, and approved by the chair or dean of the appropriate division or school and the Senior Vice President for Academic Affairs. The individualized minor gives the student the opportunity to utilize the resources of the University to their fullest in developing an academic skill in a field for which the University may not have a specialized department. An individualized minor can be granted only in those cases in which the University offers at least half the credit hours (a minimum of nine hours) needed for the minor.

## Directed Study

Qualified undergraduate students are permitted to engage in directed study under faculty supervision. Under this arrangement, students are enabled to explore a subject in depth, or to examine new areas of study, beyond the opportunity afforded by the university's curriculum. Under certain circumstances, catalog courses may be offered on a directed study basis.

Directed Study forms are available in the Records Office and all approvals must be obtained prior to registration. The student and faculty are expected to present the following items: reason for the directed study request, objectives, description of the study, procedure to be followed, methods of evaluation, and anticipated resources.

The course numbers 190-199, 290-299, 390-399, and 490-499 are reserved for directed study or experimental courses. The appropriate prefix is used to indicate the discipline. The first digit indicates the level of the course, and the final digit indicates the amount of credit the course carries.

Not more than one fourth (25%) of the coursework in a student's major, minor, or total undergraduate degree program (major, minor, general education, and degree requirements) may be completed by directed study. Courses which by their nature involve individualized instruction are excluded from this limit: research classes not offered on a scheduled basis, including BIOL 481-486 and CHEM 481-486; readings courses, such as CRJS 443; private music instruction; and all internships, practica, and field experiences. Exemptions may be granted for upperclassmen (juniors and seniors) when required courses are cancelled due to low enrollment. If a course required under a student's catalog is no longer available due to subsequent curricular changes, and no course substitution can reasonably be made, then a directed study for the course in question will also be exempt from the limit. Students should consider using the consortium before requesting directed studies.

Students should contact the Director of Records for further information.

## B.S. to Doctor of Physical Therapy

### Introduction

Given the similarity of missions and values, Southwest Baptist University and Missouri Baptist University have established an articulation agreement in order to facilitate the admission process for MBU graduates into the Doctor of Physical Therapy program at SBU. MBU students who complete the following courses will meet prerequisite requirements for the DPT program at SBU and will receive preference points in the selection of candidates. The Doctor of Physical Therapy Program at SBU starts each Fall and is completed in 33 months. Applications are reviewed on a rolling basis starting in September of each year.

Applicants for the physical therapy program at SBU are required to have English composition and demonstrate computer competency. This agreement assumes that Missouri Baptist University will continue to have these same requirements for graduation.

### Agreement

A student who completes a baccalaureate degree in any major at Missouri Baptist University and the requirements for admission to the Doctor of Physical Therapy Program at Southwest Baptist University as listed below will automatically receive preference points and be eligible for the admission process.

1. Students must have a minimum 3.0 overall grade point average.
2. Students must complete the Graduate Record Exam (GRE).
3. Students must complete the PT application through PTCAS by the deadline of the intended enrollment date.
4. Students must document up to 40 hours of experience/observation in physical therapy.
5. International students must meet eligibility requirements as outlined in the section on Admission to the University in the Southwest Baptist University catalog.
6. Students must complete all of the following prerequisite courses with a minimum of a "C" and a 3.25 prerequisite GPA. Prerequisites should not be taken pass/fail.
  - **General Chemistry:** CHEM 133 General Chemistry I (MOTR CHEM 150L), CHEM 132 General Chemistry I Laboratory (MOTR CHEM 150L), with CHEM 130 General Chemistry I Problem Solving (MOTR CHEM 150L) and CHEM 143 General Chemistry II, CHEM 142 General Chemistry II Laboratory, with CHEM 140 General Chemistry II Problem Solving
  - **General Physics:** PHYS 133 College Physics I (MOTR PHYS 150L) with PHYS 131 College Physics I Laboratory (MOTR PHYS 150L) and PHYS 143 College Physics II with PHYS 141 College Physics II Laboratory
  - **General Biology:** BIOL 103 Introduction to Biology (MOTR BIOL 100L) with BIOL 101 Introduction to Biology Laboratory (MOTR BIOL 100L) *or* BIOL 113 General Biology I (MOTR BIOL 150L) with BIOL 111 General Biology I Laboratory (MOTR BIOL 150L) **or** With approval, any upper level human or animal-based Biology course with a lab
  - **Anatomy/Physiology:** BIOL 213 Anatomy and Physiology I with BIOL 211 Anatomy and Physiology I Laboratory and BIOL 223 Anatomy and Physiology II with BIOL 221 Anatomy and Physiology II Laboratory
  - **Statistics:** MATH 243 Probability and Statistics (MOTR MATH 110)
  - **Psychology:**
    - Applicants for Fall 2021 or earlier: two courses from a psychology department (1. PSYC 133 General Psychology (MOTR PSYC 100), 2. PSYC 313 Human Growth and Development (MOTR PSYC 200) OR PSYC 323 Abnormal Psychology)
    - Applicants for Fall 2022 or later: three courses from a psychology department (1. PSYC 133 General Psychology (MOTR PSYC 100), 2. PSYC 313 Human Growth and Development (MOTR PSYC 200), 3. PSYC 323 Abnormal Psychology)
7. Completion of the following support courses (not calculated into prerequisite GPA):

- Medical Terminology - HSCI 343 Medical Terminology: one semester is required at a "B" grade or higher
- Exercise Physiology - EXSC 313 Exercise Physiology I: not required, but highly recommended; students demonstrating successful completion of an exercise physiology course with a "B" grade or higher will be exempt from completing the exercise physiology component of the DPT program
- Pathophysiology - BIOL 363 Pathophysiology: not required, but highly recommended

## Two-Plus-Two Degree in Engineering Missouri University of Science and Technology

Missouri Baptist University and Missouri University of Science and Technology have an articulation agreement for a two-plus-two program in engineering. If a student completes a prescribed curriculum for a selected field of engineering and maintains a 3.0 grade point average on a 4.0 scale, Missouri University of Science and Technology will accept the individual into the selected engineering program. Upon successful completion of the remaining coursework at Missouri University of Science and Technology, the individual will be awarded a degree. There are no degrees conferred by Missouri Baptist University. For details, contact the Missouri Baptist University Admissions Office.

## Two-Plus-Two Degree in Nursing

Missouri Baptist University and the Goldfarb School of Nursing at Barnes-Jewish College have teamed to offer a Bachelor of Science in Nursing. Through this agreement, two years of study in the Associate of Science degree in Pre-Nursing program will be completed at MBU and the final two years of clinical studies will be completed at Barnes. An articulation agreement between MBU and Barnes was signed in March 2010.

The MBU Associate of Science degree in Pre-Nursing is a 64-69 hour program, and 55 of those hours are fully transferable to Barnes. Students must maintain a 3.0 cumulative grade point average at MBU to gain admissions to Goldfarb School of Nursing.

## A.A.S. In Radiologic Technology

Missouri Baptist University and Mercy Hospital St. Louis School of Radiologic Technology offer an articulated Associate of Applied Science degree in Radiologic Technology. Students accepted into the Mercy Hospital St. Louis School of Radiologic Technology will complete their general education curriculum at Missouri Baptist University. Upon Completion of the program curriculum at Mercy Hospital St. Louis, credits will be transferred from the School of Radiologic Technology to Missouri Baptist University to complete the Associate of Applied Science degree requirements.

## Missouri Baptist University and Logan University: 3+3 Articulation

Students interested in completing the Doctor of Chiropractic Degree can do so under the articulated program between institutions.

Students will matriculate at MBU with a Bachelor of Science in Exercise Science degree with a minimum of 90 credit hours in

coursework at MBU and a minimum of 30 credit hours in coursework at Logan.

For every subject required by Logan (either offered by MBU or Logan), no grade below a 2.0 on a 4.0 scale will be accepted for credit in this articulated program. In addition, all 3+3 Program students must have earned a cumulative grade point average of at least 2.75 for the 90 credit hours at MBU to be considered for admission to Logan.

**MBU Coursework includes:**

- ENGL 113 English Composition I
- ENGL 123 English Composition II
- COMM 103 Speech Communication
- MATH 133 College Algebra
- BCIS 103 Survey of Computing
- CBIB 113 Old Testament History
- CBIB 123 New Testament History
- KHSC 333 Health and Wellness
- IDST 101 Collegiate Orientation or IDST 200 Transfer Student Orientation
- IDST 403 World Citizen

**Required coursework to fulfill Major Competencies at MBU:**

- EXSC 113 Introduction to Exercise Science
- EXSC 233 Care & Prevention of Athletic Injuries/Illnesses
- EXSC 313 Exercise Physiology I
- EXSC 321 Exercise Physiology II Lab
- EXSC 323 Exercise Physiology II Lecture
- EXSC 343 Motor Learning and Control
- EXSC 363 Adapted Physical Activity
- EXSC 411 Exercise Testing & Prescription Lab
- EXSC 413 Exercise Testing & Prescription
- EXSC 433 Biomechanics
- EXSC 443 Exercise Physiology Laboratory Experience
- EXSC 453/553 Fitness Management
- EXSC 463 Senior Seminar
- EXSC 483/583 Principles of Human Performance
- EXSC 403/503 Exercise Psychology

**Logan Coursework Includes:**

- ANAT10101/1L101 Anatomy I with Lab
- ANAT10202/1L202 Anatomy II with Lab
- PYSO10202 Physiology I
- MICR10201 Microbiology I
- BCHM10201 Biochemistry I
- ANAT 10303/1L303 Anatomy III with Lab
- PYSO10303 Physiology II

Students are admitted to Logan only as first year Doctor of Chiropractic students. Upon completion of the required coursework, 30 credit hours from Logan may be transferred toward completion of the baccalaureate degree at MBU. In order to matriculate at MBU, an official transcript must be sent from Logan to a designated official within MBU, and the student must request and complete application materials for graduation. Alternative courses may be considered for degree completion credit at the discretion of MBU. Admission procedures and G.P.A. requirements exist for graduation and continuation in the programs at both institutions.

## Intercollege Consortium

Missouri Baptist University participates in a consortium which includes Fontbonne, Lindenwood, Maryville, and Webster Universities. Undergraduate students at any of these institutions, registered for at least twelve hours at their home campus, may take courses at any of the other schools in the consortium by registering for them on their home campus. This arrangement makes a wider variety of classes available to the students of all the colleges. Some restrictions apply. For additional information, contact the Missouri Baptist University Director of Records.

## Army Reserve Officers' Training Corps (ROTC)

Army ROTC (Reserve Officers' Training Corps) is a program which combines college courses in military science with summer training sessions to turn students into officers. Upon successful completion of the program and graduation, cadets are awarded a commission as a second lieutenant in the U.S. Army, the Army National Guard, or the U.S. Army Reserve.

Army ROTC offers two different programs to all qualified college and university students. The traditional four-year program gives students the opportunity to take ROTC courses in each of their four years of college. The two-year program is available for community and junior college students as well as any other students who did not take ROTC during the first two years of college. Both of these programs are offered at more than 1,000 colleges and universities throughout the United States. Washington University is the host institution in the St. Louis area. Students from Missouri Baptist University may enroll in Military Science courses through a cross-enrollment agreement with Washington University. Enrollment for all other courses is at Missouri Baptist University. Course descriptions for the Military Science courses are listed in this catalog under MLS.

Washington University in St. Louis: North Campus – located at 700 Rosedale Avenue, St. Louis, MO 63112 – is the home of the Gateway Battalion. North Campus contains the Battalion Headquarters, Headquarters Annex, and the Range Room. Battalion Headquarters houses the classrooms where military sciences are instructed, cadre and staff offices, equipment room, and cadet lounge. Headquarters Annex is an open space next to headquarters. It is used for the annual open house and is sometimes used as a meeting place for leadership labs. The Range Room is located in the rear of North Campus. Its large space is utilized when an alternative to outdoor PT or labs is optimal. The range room contains an air rifle range where rifle competitions are held.

Students interested in participating in the Army ROTC program, or in obtaining additional information, should contact:

Army ROTC

## Plus Two Programs

Missouri Baptist University has established Plus Two Programs with Jefferson College in Hillsboro, Missouri, Lewis and Clark Community College in Godfrey, Illinois, Rend Lake College in Ina, Illinois, and Southeastern Illinois College in Harrisburg, Illinois, which allows

students to complete all requirements for graduation on the host college campus.

- **Jefferson College** – BS in Accounting with a Business Administration minor; BS in Applied Management; BS in Behavioral Science; BS in Business Administration; BS in Business Administration with an Accounting minor; BS in Child Development; BS in Criminal Justice; BS in Healthcare Management; BS in Human Services; BS in Management with a minor in Business Administration; BS in Middle Childhood Education: Mathematics; BS in Middle Childhood Education: Science; BSE in Early Childhood Education; BSE in Early Childhood/Early Childhood Special Education; BSE in Early Childhood/Elementary Education; BSE in Elementary Education; BSE in Elementary/Special Education: Cross-Categorical Special Education; BSE in Middle Childhood Education: Language Arts; BSE in Middle Childhood Education: Social Sciences; and BSE in Special Education: Cross-categorical Disabilities Mild to Moderate.
- **Lewis and Clark Community College** – BA in Human Services; BS in Accounting with a minor in Business Administration; BS in Criminal Justice with a minor in Behavioral Science; BS in Health Sciences with a minor in Exercise Science; BS in Management with a minor in Business Administration; BS in Sport Management
- **Rend Lake College** – BA or BS in Behavioral Sciences; BA or BS in Criminal Justice; BA in Criminal Justice with a minor in Behavioral Sciences; and BPS in Applied Management
- **Southeastern Illinois College** - BA or BS in Behavioral Science; BA or BS in Criminal Justice; BA in Criminal Justice with a minor in Behavioral Sciences; and BPS in Applied Management

## Articulated Programs

Missouri Baptist University maintains program articulations with various community colleges in the university's various service areas in order to enhance transferability of credit.

- **Jefferson College** – BS in Exercise Science; BS in Healthcare Management; BS in K-12 Education: Physical Education; BS in Psychology; BS in Secondary Education: Business Education; BS in Secondary Education: English; BS in Secondary Education: Mathematics; BS in Secondary Education: Social Sciences; BS in Secondary Education: Unified Science with a Biology minor. While the majority of course work needed to complete the baccalaureate degree may be offered at MBU's Regional Learning Centers in Arnold or on the Jefferson College campus in Hillsboro, some courses may need to be taken on the Main campus or online.
- **East Central College** – BS in Unified Science and Secondary Education; BA or BS in Business Administration; BS in Business Education and Secondary Education; BA or BS in English and Secondary Education; BME; BS in Criminal Justice Track I or II; BS in Health Education and K-12 Education; BS in Physical Education and K-12 Education; BS in Mathematics and Secondary Education; BS in Social Science and Secondary Education; BS in Middle Childhood Education with emphases in Business Education, Mathematics, or Science, BS in Speech & Theatre and Secondary Education; BSE in Early Childhood Education; BSE in Early Childhood Education with Early Childhood Special Education; BSE in Early Childhood Education/Elementary Education Combined; BSE in Early Childhood/Elementary Education Combined with Early Childhood Special Education; BSE in Elementary Education & Cross-Categorical Disabilities; BSE in Special Education: Cross-categorical Disabilities Mild to Moderate; BSE in

Elementary Education; BSE in Middle Childhood Education with Emphases in Language Arts, Social Studies, or Speech-Theatre. While the majority of course work needed to complete the baccalaureate degree in certain majors may be offered at MBU's Regional Learning Center in Union, some courses may need to be taken on the Main campus or online.

- **Mineral Area College** – BS in English with Secondary Education; BS in Mathematics with Secondary Education; BS in Management with a minor in Business Administration; BS in Social Sciences with Secondary Education; BS in Unified Science, Biology endorsement, with Secondary Education; BS in Child Development; BSE in Elementary Education; BSE in Elementary Education with Special Education: Cross-categorical Disabilities Mild to Moderate; BSE in Early Childhood/Elementary Education; BS or BSE in Middle Childhood Education with concentrations in Business Education, Language Arts, Mathematics, Science, and Social Studies; BS in Behavioral Sciences; BS in Business Administration; and BS in Business Education with Secondary Education. While the majority of course work needed to complete the baccalaureate degree in certain majors may be offered at MBU's Regional Learning Center in the Mineral Area, some courses may need to be taken on the Main campus, at another Regional Learning Center, or online.
- **St. Charles Community College** – BA or BS in Accounting; BA or BS in Business Administration; BA or BS in Marketing; BA or BS in Management; BS in Unified Science and Secondary Education; BS in Business Education and Secondary Education; BA or BS in English and Secondary Education; BS in Health Education and Secondary Education; BS in Physical Education 9-12 and Secondary Education; BS in Physical Education K-12 and Secondary Education; BS in Mathematics and Secondary Education; BS in Social Science and Secondary Education; BS or BSE in Middle Childhood Education with emphases in Business Education, Mathematics, Science, Language Arts, Social Studies, or Speech-Theatre; BS in Speech & Theatre and Secondary Education; BSE in Early Childhood Education; BSE in Early Childhood Education with Early Childhood Special Education; BSE in Early Childhood Education/Elementary Education Combined; BSE in Elementary Education & Cross-Categorical Disabilities; BSE in Elementary Education. While the majority of course work needed to complete the baccalaureate degree in certain majors may be offered at MBU-Troy/Wentzville some courses may need to be taken on the Main campus or online.
- **St. Louis Community College** – BSE in Early Childhood Education; BSE in Early Childhood with Early Childhood Special Education; BSE in Elementary Education; BSE in Elementary Education with Special Education: Cross-categorical Disabilities Mild to Moderate; BSE in Special Education: Cross-categorical Disabilities Mild to Moderate.
- **Logan University** - Under this program, a 3+3 Program, students will matriculate at MBU with a Bachelor of Science in Exercise Science with a minimum of 90 credit hours in coursework at MBU and a minimum of 30 credit hours of coursework at Logan University. Specific information can be obtained under the Missouri Baptist University and Logan University: 3+3 Articulation section on this page.

## Regional Learning Centers

Missouri Baptist University offers courses at several Regional Learning Centers (RLC) in Missouri and Illinois as a means of taking the educational programs to the student. Current sites in Missouri include MBU-Troy/Wentzville located in Lincoln County, MBU at Jefferson College on the Hillsboro campus of Jefferson College and MBU in Arnold located in Jefferson County, MBU-Franklin County located in Union, and MBU in Farmington located in St. Francois County. In

Illinois, there are Plus-Two programs on the campuses of Lewis and Clark Community College in Godfrey, Rend Lake College in Ina, and Southeastern Illinois College in Harrisburg. Courses are also offered at the Williamson Baptist Association in Marion, Illinois. See the locations section of this catalog for additional information including addresses for each RLC.

Academic advisement for undergraduate students at the RLCs is directed by the dean or coordinator of each center. All registration materials, including advisement worksheets and schedule adjustment forms, must be signed by RLC personnel before they can be processed. Students should refer to the Term Calendars published in this catalog and available on **myMBU** Access for registration dates, deadlines for adding or dropping classes, etc. Tuition refunds in case of withdrawal are prorated from the withdrawal date and must be approved by RLC personnel. Students should refer to the catalog sections on Student Course Load, Dropping and Adding a Course, Registration, University Fees, Enrollment, Registration Information, Status Changes, and Refund Schedules for specific information.

Main campus undergraduate students may register at RLCs with the approval of their advisor, and are encouraged to discuss off-campus enrollment costs with the Financial Services Office. All off-campus regulations, financial obligations, and transportation arrangements are the responsibility of the student. Combined credit load for on- and off-campus classes may not exceed eighteen credit hours during a semester or semester equivalent. See the catalog sections on Student Course Load and Registration Information for details.

Courses offered at RLCs are not available to students through the Intercollege Consortium. However, students from the consortium institutions may register for classes at RLCs as visiting students. For additional information concerning classes, contact the Associate Vice President for Extended Learning, Dean of the MBU-Troy/Wentzville Regional Learning Center, the Dean of the Franklin County Regional Learning Center, the Director of the MBU at Lewis and Clark Community Regional Learning Center College, or the Dean of the Southern Illinois Regional Learning Centers.

## Undergraduate Degree Programs Offered by Site

**MBU-Troy/Wentzville** offers the following undergraduate degree programs: Associate of Science, Bachelor of Science, Bachelor of Science in Education, and Bachelor of Professional Studies. Majors available include: Accounting, Applied Management, Behavioral Sciences, Business Administration, Criminal Justice, Early Childhood Education, Elementary Education, Human Services, Management, Marketing, Pre-Nursing, Psychology, Special Education Cross-Categorical Disabilities Mild to Moderate, and Studies in Teaching and Learning. Courses are offered to satisfy general education, major, minor, and degree requirements. Students interested in pursuing teacher certification in areas other than elementary education may complete professional education and degree requirements at MBU-Troy/Wentzville but will need to complete some requirements on the Main campus, at another RLC, or online.

**MBU at Jefferson College** offers the following baccalaureate degree Plus Two programs: Bachelor of Arts, Bachelor of Science, Bachelor of Science in Education, and Bachelor of Professional Studies. Majors available include: Accounting, Applied Management, Behavioral Sciences, Business Administration, Child Development, Criminal Justice, Early Childhood Education, Elementary Education, Healthcare Management, Human Services, Management, Special Education Cross-Categorical Disabilities Mild/Moderate, and Studies in Teaching and Learning. Courses are offered to satisfy major, minor, and degree requirements. Articulated programs leading to teacher certification include: Early Childhood; Early Childhood and Elementary combined; Early Childhood and Early Childhood Special Education combined; Elementary Education; Elementary Education and Special Education

Cross-Categorical Disabilities Mild/Moderate combined; Special Education Cross-Categorical Disabilities Mild/ Moderate; Middle Childhood Education with concentrations in Business Education, Language Arts, Mathematics, Science, and Social Science; Business Education with Secondary Education; English with Secondary Education; Mathematics with Secondary Education; Physical Education with K-12 Education; Social Sciences with Secondary Education; Unified Science-Biology with Secondary Education; Unified Science-Chemistry with Secondary Education; and Special Reading K-12 (graduate-level only). Middle, Secondary, and K-12 certification areas, which are not a part of the Plus Two agreement, will require that some classes be completed on the Main campus, at another RLC, or online.

**MBU-Franklin County** is a degree completion site offering the following undergraduate degrees: Bachelor of Arts, Bachelor of Science, Bachelor of Science in Education, and Bachelor of Professional Studies. Majors available include: Applied Management, Business Administration, Business Education, Child Development, Early Childhood Education, Elementary Education, Healthcare Management, Human Services, Management, Middle Childhood Education, Special Education Cross-Categorical Disabilities Mild/Moderate, and Studies in Teaching and Learning. Courses are offered to satisfy major, minor, and degree requirements. Teacher certification programs available include Early Childhood, Early Childhood and Elementary combined, Early Childhood and Early Childhood Special Education combined, Elementary Education, Elementary Education and Cross-Categorical Disabilities combined, Special Education Cross-Categorical Disabilities Mild/Moderate, Middle School Business Education, Middle School Language Arts, Middle School Mathematics, Middle School Science, Middle School Social Science, Secondary Business Education, Secondary English, Secondary Mathematics, Physical Education (K-12), Secondary Social Science, Secondary Unified Science-Biology, Secondary Unified Science-Chemistry, Gifted Education K-12 (graduate level only), and Special Reading K-12 (graduate level only). Middle, Secondary, and K-12 certification areas, may require that some classes be completed on the Main campus, at another RLC, or online.

**MBU at Lewis and Clark** offers the following baccalaureate degree Plus Two programs: Bachelor of Arts in Human Services, Bachelor of Science in Accounting, Bachelor of Science in Criminal Justice, Bachelor of Science in Fitness Management, Bachelor of Science in Management, and Bachelor of Science in Sport Management. Courses are offered to satisfy major, minor, and degree requirements.

**MBU in Farmington** is a degree completion site offering the following undergraduate degrees: Bachelor of Arts, Bachelor of Science, Bachelor of Science in Education, and Bachelor of Professional Studies. Majors available include: Applied Management; Business Administration; Business Education with Secondary Education; Child Development; Early Childhood Education; Early Childhood Special Education; Elementary Education; English with Secondary Education; Human Services; Management; Mathematics with Secondary Education; Middle Childhood Education with concentrations in Language Arts, Mathematics, Science, and Social Science; Physical Education with K-12 Education; Social Sciences with Secondary Education; Special Education Cross-Categorical Disabilities Mild/Moderate; Studies in Teaching and Learning; and Unified Science-Biology with Secondary Education. Courses are offered to satisfy major, minor, professional education, and degree requirements. Students interested in pursuing teacher certification in areas other than elementary or middle school education may complete professional education and degree requirements at the Farmington RLC but will need to complete some requirements on the Main campus, online, or at another RLC.

**MBU in Arnold** is a degree completion site offering the following undergraduate degrees: Bachelor of Arts, Bachelor of Science, Bachelor of Science in Education, and Bachelor of Professional Studies. Majors available include: Applied Management, Business Administration, Child Development, Early Childhood Education, Elementary Education,

Management, Special Education Cross-Categorical Disabilities Mild/Moderate, and Studies in Teaching and Learning. Courses are offered to satisfy major, minor, and degree requirements. Articulated programs leading to teacher certification include: Early Childhood; Early Childhood and Elementary combined; Early Childhood and Early Childhood Special Education combined; Elementary Education; Elementary Education and Special Education Cross-Categorical Disabilities Mild/Moderate combined; Special Education Cross-Categorical Disabilities Mild/Moderate; Middle Childhood Education with concentrations in Business Education, Language Arts, Mathematics, Science, and Social Science; Business Education with Secondary Education; English with Secondary Education; Mathematics with Secondary Education; Physical Education with K-12 Education; Social Sciences with Secondary Education; Unified Science-Biology with Secondary Education; Unified Science-Chemistry with Secondary Education; and Special Reading K-12 (graduate-level only). Middle, Secondary, and K-12 certification areas, which are not a part of the Plus Two agreement, will require that some classes be completed on the Main campus, at another RLC, or online.

**MBU at Rend Lake** offers the following baccalaureate degree Plus Two program: Bachelor of Arts or Bachelor of Science degree with a major in Behavioral Sciences or Criminal Justice, and the Bachelor of Professional Studies with a major in Applied Management. Courses are offered to satisfy major and degree requirements.

**MBU at Southeastern Illinois College** offers the following baccalaureate degree Plus Two programs: Bachelor of Arts or Bachelor of Science degree with a major in Behavioral Science or Criminal Justice, and Bachelor of Professional Studies with a major in Applied Management. Courses are offered to satisfy major and degree requirements.

**MBU at Williamson Baptist Association** offers the following baccalaureate degree Plus Two programs: Bachelor of Arts or Bachelor of Science degree with a major in Behavioral Science or Criminal Justice, and Bachelor of Professional Studies with a major in Applied Management. Courses are offered to satisfy major and degree requirements.

**MBU at Shawnee Community College** offers the following baccalaureate degree Plus Two programs: Bachelor of Arts or Bachelor of Science degree with a major in Behavioral Science or Criminal Justice, and Bachelor of Professional Studies with a major in Applied Management. Courses are offered to satisfy major and degree requirements.

## Distance Learning

Through technologically-enhanced teaching-learning opportunities, Missouri Baptist University is prepared to reach out to a global and culturally diverse community of learners with a Biblically-based Christian perspective that students will find to be:

- caring and personalized
- learner-centered
- respectful of individuality
- accessible and convenient
- responsive to students' spiritual, intellectual, and professional needs
- accommodating to students' schedules
- interactive among students, faculty and staff
- academically stimulating and challenging
- replicating the same high quality for education and support services as in the traditional on-campus environment

**Web-enhanced courses** – A web-enhanced course uses online technology and tools to support traditional classroom-based instruction,

supply course material (e.g. resources, lecture notes, assessments), and facilitate faculty-to-student and student-to-student communication (through email and discussion boards).

**Web-centric courses** – The center of instruction shifts from the classroom to the Internet in a web-centric class. A web-centric course makes significant use of the Internet to facilitate and support self-paced, self-directed learning activities (online content, exercises, and assessments). This type of course has few classroom-based lectures or seminars. MDL/WDL courses with a type of HYB (Hybrid) indicate courses offered in a combined classroom and online format.

**Online courses** – An online course at Missouri Baptist University can be accessed through the Internet from any location at any time. All instructional strategies are planned and executed around the communication capabilities and content resources available on the Internet in any given online class offering. Online courses at MBU will not require any "face-to-face" meetings. Online communication requirements are flexible and generally asynchronous. Times and places for online interaction and communication in MBU online classes will be determined by the individual faculty member. The University offers online courses in various disciplines. Both undergraduate and graduate courses are available. For more information, visit the Center for Distance Learning web page: <http://www.mobap.edu/online/cdl/>.

## CORE 42 - Missouri Department of Higher Education General Education Curriculum

CORE 42 is a statewide transferable general education curriculum intended to guarantee the courses be applied to general education requirements between Missouri public institution, as well as signatory private institutions. As part of the CORE 42 statewide initiative, Missouri Baptist University became, one of four private institutions, signatory with Missouri Department of Higher Education. The CORE 42 curriculum provides a pathway for students to guarantee course credit and reduce the need to retake courses they have already completed at another school. This initiative helps students earn a degree in less time and without additional cost.

For academic year 2018-2019 and forward, Missouri Baptist University accepts all CORE 42 courses as equivalences to meet general education requirements toward degree requirements. Public institutions and signatory private institutions honor the equivalences of general education courses. For approved MOTR courses at other Missouri public colleges and university go to: Missouri Department of Higher Education CORE.

Students who complete the CORE 42 curriculum will meet general education requirements.

### CORE 42 Knowledge Areas and Requirements:

- Communications (9 MOTR credit hours minimum)
- Written Communication (6 MOTR credit hours minimum)
- Oral Communication (3 MOTR credit hours minimum)
- Mathematical Sciences (3 MOTR credit hours minimum)
- Fine Arts and Humanities (9 MOTR credit hours minimum)
- Social and Behavioral Sciences (9 MOTR credit hours minimum, including two disciplines)
- Natural Science (7 MOTR credit hours minimum, including 1 hour lab)
- Addition MOTR courses to complete the 42 total hours requirement

## The Excel Program

The EXCEL Program, the dual credit (concurrent enrollment) program provided by Missouri Baptist University, is a unique opportunity for students in honors and college-bound programs to take college courses in the high school setting, giving many students an early start on a college career. Established in 1983, the program maintains a high degree of recognition, acceptability, and credibility, and is fully accredited by the National Alliance of Concurrent Enrollment Partnerships (NACEP).

The EXCEL office also administers a program titled MBU Achieve, a credit-by-exam model offered in a limited number of high schools to students enrolled in MATH 133 College Algebra, MATH 155 Precalculus, or MATH 164 Calculus. Other offerings include the lecture and lab courses for introductory chemistry and general chemistry. Academic oversight is provided by the Division of Natural Sciences chair and other faculty members who create and grade the exams and assign a grade for registered students. Exams are monitored by a faculty member from the division or school, an EXCEL staff member, or teachers from the school district.

The third program administered by the EXCEL office is a dual enrollment model in which courses are taught by university instructors. Classroom space is provided by the high school so students need not travel to the university campus. Courses are offered in a variety of disciplines.

Missouri Baptist University considers all grades earned through EXCEL as university grades. All earned grades will appear on the student's transcript and will become part of the student's undergraduate GPA if the student enrolls as a full-time student at Missouri Baptist University. Students planning to attend other colleges or universities should note that most institutions do not accept transfer courses in which students have earned grades lower than a "C."

Courses officially dropped, using a completed, signed, and submitted schedule adjustment form from the EXCEL Office, on or before the census date, will not appear on the student's transcript. Students who registered and paid fees before the census date will be eligible for a refund. Courses officially dropped after the census, but before 80% of the course has been completed, will appear on the transcript with the grade of W, indicating that the student withdrew without grade point penalty. Students dropping a course after the census date will not be eligible for a refund. Courses dropped after 80% of the course has been completed will appear on the transcript with a WF; no refund will be available.

## High School Dual Enrollment Program

Homeschool, public and private high school students have the opportunity to gain college credit through the dual enrollment program at MBU. This program enables students to earn college credit for general education courses as they complete requirements for their high school diploma.

Student must be a sophomore standing and at least 15 years of age. To register for classes, students must fill out an online application to MBU, send in transcripts and official ACT/SAT scores if desiring to enroll in English or math courses.

Enrollment is limited to two courses at the 100- or 200-level per semester. Students are allowed 1 online course per semester within the accepted courses. The load limit is normally six (6) hours but may be up to nine (9) hours if laboratory science classes are included.

## Study Abroad

All MBU students are encouraged to participate in study abroad programs. Various programs are available for traditional fall or spring semesters as well as unique summer opportunities. E-mail the Director of Study Abroad today to enroll. **(Students who "direct" enroll may not receive credit.)**

The purpose of the Study Abroad program at Missouri Baptist University is to provide resources and programs for undergraduate students to experience a broad range of international and intercultural views. The curriculum design utilizes cross-cultural experiences enabling students to test, explore and formulate a personal and more realistic view of their global society. Through a consortium agreement with Webster University our students have access to any of their international campuses in addition to other programs that may be unique to our campus. Not all available programs are listed, for more information contact the [Office of Study Abroad](#).

### Africa

#### Uganda – Uganda Studies Program (USP)

<http://www.bestsemester.com/locations-and-programs/uganda>

#### Available fall or spring semesters/13-16 hours of credit

Chat with classmates on campus at Uganda Christian University (UCU) as you munch on a "rolex" (a local snack of eggs and Chapati). Just 15 miles from the capital city of Kampala, Mukono offers USP students the opportunity to participate in Ugandan culture. All students take part in homestay experiences, which are described as unforgettable. Along with trips throughout Uganda, venture on an eye-opening 10-day excursion to Rwanda. Your most important Ugandan lesson will be in relationships. At home, at school and within the university, these relationships encourage deeper thought about your own cultural identity. UCU has over 6,000 students and Uganda's renowned hospitality will help you form deep connections within the local community. Building upon the course Faith & Action, you'll begin to place these diverse connections into context.

USP offers a wide range of options and flexibility to ensure that students get the most out of their experience. Applicants to USP may apply to live either on-campus or with a host family for the semester. USP also offers a Social Work Emphasis (SWE) which includes a junior or senior level practicum experience. All options encourage students to participate in Ugandan life and explore the intricacy of cross-cultural relationships. In classes, on practicum sites and in homestay opportunities, you'll learn from Ugandans about life lived in East Africa.

### Argentina

#### Argentina

#### Buenos Aires – CAPA/CGE

<http://www.capa.org/buenos-aires>

#### Available for fall, spring and summer semesters

The beautiful city of Buenos Aires has long been an international gateway to the nation of Argentina. People from all over the world enter into the country through this diverse, modern city, and, through CGE and CAPA International Education, you could join the host of people to soak in this richly varied atmosphere. At the Universidad Austral, you will study Spanish along with courses in a number of disciplines, all of which are taught in English, making this program accessible to students with all levels of language skills. Throughout the course of the four-month Spring or Fall semester or the six-week Summer program, students will live with a host family and study along international students to really enjoy the diverse culture of Buenos Aires.

## Córdoba – The Center for Cross Cultural Study

<http://www.spanishstudies.org/>

### Available for fall, spring and summer terms

The Center for Cross-Cultural Study offers an exceptional opportunity for cross-cultural study at the distinguished Universidad Nacional de Córdoba (UNC), a descendent of the oldest university in Argentina. There are three semester programs available to undergraduate students: the Semi-integrated Semester Program, the Spanish Studies program and the Internship/ Service Learning. The semester program is based upon CCCS's unique Guided Direct Enrollment Model in which students benefit from three levels of cultural integration: 1. A 4-week intensive language and culture program; 2. Direct enrollment at Universidad Nacional de Córdoba integrated with Argentine students; and 3. Personal guidance in consciously synthesizing cultural experiences. The Córdoba Summer Program consists of a one-month Intensive Language and Culture Session including a homestay, cultural visits within Córdoba, a cultural day-trip to the estancias jesuíticas, and an overnight three-day trip to Buenos Aires.

## Australia

### Brisbane – Australia Studies Center (ASC)

<http://www.bestsemester.com/locations-and-programs/australia>

#### 16 hours of credit, available fall or spring semesters

The Australia Studies Centre is located in the diverse city of Brisbane at Christian Heritage College. With its near-perfect climate and population of 1.8 million, Brisbane is a flourishing river city with modern districts, hip cafes and a thriving arts scene. Adventure ready; prepare to explore sites like the Moreton Bay Island, the Scenic Rim and North Stradbroke Island.

Together, ASC and CHC offer a range of challenging and engaging programs. Course curriculum is centered on a foundation of faith while exploring the connections of local as well as national tradition and culture.

Students live with host families in Brisbane and its surroundings, enabling them to experience Australian life firsthand. Generally one student stays in each homestay. Families are urged to integrate students into normal family life as much as possible.

The Australian school year is divided into two semesters, Semester 1 (Feb.-June) and Semester 2 (July-Nov.).

The program is comprised of two **core units** designed especially for ASC students and two **elective units** or an **internship**.

### Sydney – CAPA/CGE Study Center

<https://www.capa.org/sydney>

#### Available for fall, spring and summer terms

**Now offering science and technology!** Exciting Sydney blends traditional colonial architecture with the vibrant energies of a modern, international cultural capital. The current dynamic of Sydney is the product of a fusion of many cultures, Aboriginal, Greek, Italian, Vietnamese, Chinese and many others, grafted onto a British colonial base. The result is a unique Australian culture drawing upon the strengths of its diversity and, at the same time, creating an identity all its own. As one of the most distinctive cities in Australia, Sydney is a prime location for students hoping to enjoy the "land down under" for their study abroad experience. With CGE and CAPA International Education, students will live and study in this hub for business, technology, and the arts over the course of a thirteen-week semester in the Spring or Fall or for a six-week Summer term. Students can also engage in part-time or full-time internships with local businesses, nonprofits, and nongovernmental organizations through CAPA, which is one of the largest internship providers in Sydney. Take advantage of this great chance to experience Australia.

## Austria

### Vienna – (Webster)

<http://www.webster.edu/study-abroad/>

#### Available for fall, spring and summer terms

Webster University's Vienna campus is located near the banks of the

beautiful Danube and just a few blocks from the United Nations. As a European crossroads, Vienna's proximity to Eastern Europe attracts a richly multinational population, which is reflected in Webster University's student body. Webster-Vienna's internship programs introduce students to practical experience in the working world by executing special projects for national and multinational companies and organizations. Students wishing to pursue an internship abroad are required to study abroad for a minimum of one semester, although an academic year abroad is strongly encouraged. Webster Vienna relocated to the historic Palais Wenkheim in Fall 2014. The neoclassical building is conveniently located in Vienna's 2nd district, just a few steps away from the historic center.

## China

### Hong Kong – Hong Kong Baptist University (HKBU)

<http://intl.hkbu.edu.hk/>

#### Available for fall, spring and summer terms

Hong Kong Baptist University is centrally located on the Kowloon side of Hong Kong. While it still retains the name "Baptist" HKBU is currently owned by the Chinese government. Academic programs are organized in a way that is very similar to North American colleges and universities and classes are taught in English. Their programs are tailor-made and highly structured, placing emphasis on coherence, progression, and integration within a three-year time span. The education system in Hong Kong at present provides for 13 years of schooling: 6 years at primary school, 5 years at secondary school, and 2 years of matriculation. HKBU's undergraduate degree programs follow a British pattern of three years duration. It is due to this variance that American students are required to complete one full year of study at their home institution. Our sophomore year is generally aligned with their freshman year. In addition, students must have a minimum grade point average of 3.0 on a 4.0 scale. It is preferred that students be a Junior or Senior in order to participate in this program.

### Shanghai – CAPA/CGE

<http://www.capa.org/shanghai>

#### Available for fall, spring and summer terms

The CAPA Shanghai Global Cities Program: China on the World Stage is a one-of-a-kind opportunity if you're looking to experience first-hand the evolution of the second most important economy in the world.

Located at center stage of China's efforts to impact the global economy, the Shanghai Global Cities Program will give you multiple opportunities to view the city through various lenses, including socio-cultural, economic, political, corporate, and technical.

In the midst of this future-orientation, China remains steeped in ancient tradition and as a CAPA/CGE student you will discover ways in which its past is shaping its future. Truly, Shanghai is much more than meets the eye! Come study and intern with CAPA/CGE and learn why.

### Beijing – (Webster)

<http://www.webster.edu/study-abroad/>

#### Available for fall terms/12-18 hours of credit

Webster's Semester in China program is aimed at students with an interest in Asian or Chinese cultures. The program is ideal for students who are interested in international affairs or trade. Students with advanced Mandarin proficiency may also choose from the regular course offerings at BLCU. Courses utilize Beijing as a living classroom, and weave excursions, independent projects, lectures and group work together into a comprehensive experiential learning environment.

## Costa Rica

### San Jose – Latin American Studies Program (LASP)

<http://www.bestsemester.com/locations-and-programs/costa-rica>

#### Available fall or spring semesters/16-18 hours of credit

Based in San Jose, Costa Rica, the Latin American Studies program introduces students to a wide range of experiences through the study of

the language, literature, culture, politics, history, economics, ecology and religion of the region. Living with a Costa Rican family, students experience and become a part of the day-to-day lives of typical Latin Americans. Students also take part in a practicum/internship and travel for three weeks to nearby Central American nations. Students participate in one of four concentrations: Latin American Studies (offered both fall and spring terms); Advanced Language and Literature (designed for Spanish majors and offered both fall and spring terms); International Business: Management and Marketing (offered only in fall terms); and Environmental Science (offered only during spring terms). Depending upon their concentration, students travel to nearby Central American nations including Nicaragua, Guatemala and Panama.

## Cuba

### Havana – The Center for Cross Cultural Study

<http://www.spanishstudies.org/>

#### Available fall, spring, winter and summer terms

Students are able to expand their knowledge in the nearby Americas, and experience the blend of cultures – African, European and American – that form Cuba. Take classes taught by native Cuban faculty at the Universidad de La Habana. Participate in an array of cultural activities and study trips designed to encourage direct interaction with the Cuban people. CC-CS offers courses during the Fall and Spring Semesters, Winter Term, and Summer. **This program is offered as political conditions allow.**

## France

### Angers – CGE

[www.cgedu.org/France](http://www.cgedu.org/France)

#### Available fall, spring and summer terms

Learn French in the heart of the Loire Valley! Take part in a semester program at Université Catholique de l'Ouest (UCO), situated in beautiful downtown Angers, which is known to be one of the most pleasant and culturally diverse cities in France.

UCO has 12,000 students, which includes 1,500 foreign students who come each year to study French. Their training method, involving intensive practice, is designed to help students learn to understand and speak French within a few months. Students have the option of living with a French family in a homestay or living on campus.

Areas of study include:

- Art History
- French History
- Philosophy
- Economic and Social Affairs
- Business French

For more information, look no further than Université Catholique de l'Ouest's official website <http://www.uco.fr/internationaluco/> for Internationals!

## Greece

### AtAthens – Webster

<http://www.webster.edu/study-abroad/programs/greece/>

#### Available fall, spring and summer terms

Study in the birthplace of Western Civilization! Why Greece? You may ask... and Why Athens? Greece is the birthplace of so many modern ideas and Athens is the center of where it all happened. Webster-Athens is in an excellent location for formal study - at the foothills of the Acropolis. Just walking around the streets near the university, you can take in so much of this ancient, yet modern, city.

With its extraordinary artistic, intellectual and cultural heritage, Athens is richly endowed with resources for formal study and experiential learning. The museums at the Acropolis and the ancient Agora, as well

as the National Archaeological Museum, the Cycladic Museum, and the Benaki collections are within minutes of the Athens Campus facilities. Cultural events including concerts, recitals, dance and theater, as well as international trade shows, conferences and symposia, public lectures, gallery exhibits, sports events and marathons, are an integral part of life in this bustling, cosmopolitan city at the confluence of Europe, Asia and Africa.

Greece (the Hellenic Republic) is a parliamentary republic. Athens has a population of about 3.2 million or about 30 percent of the country's population of about 10.8 million inhabitants. Greek is the official language and the official religion is Greek Orthodox.

### Thessaloniki – CGE

[www.cgedu.org/Greece](http://www.cgedu.org/Greece)

#### Available summer terms/3-6 hours of credits

Sign up for an opportunity to live and study in the historic metropolis of Thessaloniki, Greece at the American College of Thessaloniki (ACT). Participants have the option to receive three credit hours through the program's signature course, "The Life and Teaching of the Apostle Paul," or to gain up to six credit hours by taking an additional elective in History, Art History, or Greek Studies. The program includes two day-long excursions in northern Greece, along with a four-day excursion to sites near Athens and Corinth. Don't miss this unique and strategic five-week study abroad opportunity. Students from Christian Studies, Intercultural Studies, Political Science, or History et al will find this a career boosting event.

## Ireland

### Dublin – CAPA/CGE

<http://www.capa.org/dublin>

#### Available fall, spring, and summer terms

Join CGE and CAPA International Education at Dublin's Griffith College in the Fall, Spring, or Summer for the study abroad experience of a lifetime in this richly historical city. Focus your educational experience around one of the four curricular themes the program offers, which include The Creative Arts; Exploring the Media; Human Rights, Crime and Journalism; and Globalization and International Trends in Business and Society. Courses with local visits, internships, and special lectures will all help to make your study in Dublin exciting and engaging. To find out more, visit CAPA's Dublin Experience page at [www.capa.org/dublin](http://www.capa.org/dublin).

## Italy

### Florence – CAPA/CGE

<http://www.capa.org/florence>

#### Available fall, spring, and summer terms

Its historic art and architecture mark Florence as thoroughly Italian, and the city has evolved through the centuries into a modern international hub of culture and commerce. Join CGE and CAPA International Education for a study abroad experience where you will immerse yourself in this dynamic city through a fourteen-week Fall or Spring semester abroad or through a six-week Summer program. In addition to the great educational programs offered, enjoy professional development through Italian internships and the Fall semester Advanced Italian Track (AIT).

### Florence - Webster

<http://www.webster.edu/study-abroad/>

#### Available fall, spring, and summer terms

Florence is the capital city of Tuscany and has about 380,000 inhabitants; its metropolitan area has about 1.5 million. A center of medieval European trade and finance and one of the wealthiest cities of the time, Florence is considered the birthplace of the Renaissance. The Historic Center of Florence attracts millions of tourists each year, and was declared a World Heritage Site by UNESCO in 1982. The city is noted for its culture, Renaissance art and architecture and monuments.

Due to Florence's artistic and architectural heritage, it has been ranked by Forbes as one of the most beautiful cities in the world.

Study in a 13th Century Palace in Tuscany. The Webster-Florence site is a partnership with Kent State University, who has been educating students in Florence for more than 40 years. Home to the program is Palazzo dei Cerchi, a renovated 13th-century palace in the city's heart with the remarkable combination of medieval frescos and wireless Internet. The campus also includes Palazzo Bartolini Baldelli, on the corner of Via dei Benci and Piazza Santa Croce, where a classroom balcony overlooks the Basilica of Santa Croce, burial site of Galileo and Michelangelo.

## Jordan

### Amman – Middle East Studies Program (MESP)

<http://www.bestsemester.com/locations-and-programs/middleeast>

#### 16 hours of credit, available fall or spring semesters

Located in Amman, Jordan, the Middle East Studies Program (MESP) immerses students in the daily life, language, food, culture, religion and politics of one of the oldest continuously inhabited cities in the world. Learn firsthand from locals how to work, play, and serve in the Middle East as you become their neighbor—and soon, their family—while learning adventurously at MESP.

The heart of the Middle East Studies Program is the authentic community you'll forge with these neighbors, families, and peers. Grounded in Christian liberal arts, MESP engages the religious culture and politics of the Middle East. You'll examine the Israeli-Palestinian conflict from every perspective, live with a local family during a week-long homestay, and worship with your roommates in the morning. You'll sit at the feet of native experts to learn about topics most precious to the region and then serve that region through a long-term service project.

And you won't be alone on this adventure: you'll have an experienced staff and your fellow MESP students from universities across the U.S. and Canada.

## Lithuania

### Klapeida – (CGE)

[www.cgedu.org/lithuania](http://www.cgedu.org/lithuania)

#### Available fall and spring terms

CGE offers a semester study opportunity with our member university, LCC International in Klapeida, Lithuania. The campus is located just minutes away from the Baltic Sea and in walking distance to the historic downtown district.

Fifty percent of the students enroll from Lithuania and the others come from more than 25 other countries. LCC International intentionally recruits students from Kazakhstan, Kyrgyzstan, the Ukraine and other regional nations so that students can learn together and creatively pursue careers which will be useful back in their home countries.

Students all study in English and can earn Liberal Arts degrees in Business Administration, Social Sciences, English Language and Literature, General Studies, and Theology while participating in local projects and programs sponsored by LCC. Graduates are active participants in campus life too as they continue to be a part of building the ethos of risk taking for betterment of society. LCC International University is a Christian-based university with a voice for faith and learning in a complex region. CGE students gain from semester study opportunities in a rich global atmosphere! CGE gains from a wider global perspective and specific understanding of sacrifices made by citizens as they "sang" their nation into democracy.

## Mexico

### Guadalajara – (Webster)

<http://www.webster.edu/study-abroad/>

#### Available fall, spring, and summer terms

Study abroad at the Universidad Autónoma de Guadalajara (UAG), Mexico's oldest private university, founded in 1935. UAG is coeducational, independent and autonomous. Students can enroll in the Spanish and Culture program at UAG, where they receive language instruction based on cultural content. Courses are assigned based on language competency ranging from beginner to fluent. Students with very advanced language skills may take regular classes at UAG. The cultural experience includes home stays with families who are approved by The International Exchange Department.

## Netherlands

### Leiden - (Webster)

<http://www.webster.edu/study-abroad/>

#### Available fall, spring, and summer terms

One of the Netherlands' best kept secrets, Leiden is a charming university town known for its welcoming student-centered atmosphere, its affordable public transportation and its many museums and galleries. It is a city with a rich past and a bright future—where you see lofty windmills, bicycles, picturesque canals and charming buildings all in one place. Located halfway between The Hague and Amsterdam; the city is easily accessible and it is possible to travel either by train or car to any destination in Europe. Whether you fancy the arts, nature or sports, you will feel right at home.

## Spain

### Alicante – The Center for Cross Cultural Study

<http://www.spanishstudies.org/>

#### Available fall, spring, and summer terms

Students in Alicante study onsite at Universidad de Alicante (UA), twenty minutes outside of the city's center. Though established in 1979, UA was founded to carry on the traditions of the University of Orihuela (1545-1834). As the fastest-growing university in Spain, with an enrollment of 33,000, the UA is dedicated to its mission to cultivate students' academic and professional skills, while developing critical thinking and social awareness. This mission encourages students' participation in the development of modern society.

Along with the resources provided by UA, CC-CS students benefit from having an on-site Resident Director who teaches the CC-CS cultural integration course Spanish Social Realities, assists students with cultural and logistical challenges of studying abroad, and organizes CC-CS site visits and events.

Through university coursework, home stays with native families, and multiple cross-cultural opportunities, students will find CC-CS in Alicante to be a highly immersive and integrated study abroad experience.

### Barcelona – The Center for Cross Cultural Study

<http://www.spanishstudies.org/>

#### Available fall, spring, and summer terms

As Spain's second largest city, Barcelona embodies every quality of a European city. Experience the typical hustle and bustle of a busy city on La Rambla, take a stroll through one of the many barrios or enjoy any of its famous Mediterranean beaches. The urban city is host to several UNESCO World Heritage Sites, attracting millions of tourists each year.

"While studying in Barcelona, you will be able to experience everything about the Catalan culture. Barcelona's rich culture and Mediterranean climate provide activities year-round. The wide array of culinary options – from savory fideuá and butifarra to sweet pastries and chocolates – will give you something new to try every day. Take a short trip north to

Figueres to discover Costa Brava, the Salvador Dalí Museum, or travel south to relax on the beautiful beaches of Sitges. The city is also home to the region's most beloved sports team, FC Barcelona. Experience Barcelona with us!" - Michele Duran, Spanish Studies Abroad Academic Director.

While studying with Spanish Studies Abroad you will be enrolled in the Universitat Pompeu Fabra (UPF). Centrally located in the heart of Barcelona, UPF is a modern day university with a fantastic array of courses. As an urban study abroad student you will be immersed in both Spanish and Catalan. You will benefit from the university's central location.

### **Seville – The Center for Cross Cultural Study**

<http://www.spanishstudies.org/>

#### **Available fall, spring, and summer terms**

The Center is housed in two turn-of-the-century mansions in the heart of Seville's commercial and social center. CC-CS is a short walk from Universidad de Sevilla, and some of Spain's most glorious and historic sites, including the Catedral, Giralda (the symbol of Seville), Torre del Oro, Alcázar palace, and the beautiful Guadalquivir River. CC-CS has provided a unique learning experience for students in the historic city of Seville since 1969. They offer semester, academic-year, January term and summer programs of academic excellence, all grounded in the cultural richness of Seville, Andalusia, and Spain. Students choose their courses from a broad curriculum embracing a wide variety of disciplines, and receive personalized attention as they pursue their goals. The energetic faculty and staff are committed to working with individuals in and out of class. The Center supports students as they move beyond the classroom and enter the surrounding culture. A minimum of two years of Spanish is required to attend the Center.

## **Switzerland**

### **Geneva – (Webster)**

<http://www.webster.edu/study-abroad/>

#### **Available fall, spring, and summer terms**

Founded in 1978, on an estate along the shores of Lac Lemman (Lake Geneva); the campus is minutes from the United Nations international headquarters. The campus is surrounded by the natural beauty of Switzerland and a multinational community that is reflected in the student body and faculty. Internships at prominent organizations provide a valuable real-world perspective to classroom learning and develop a valuable network of professional contacts in Geneva. The local language is French but all classes are taught in English.

## **Thailand**

### **Hua Hin/Bangkok – (Webster)**

<http://www.webster.edu/study-abroad/>

#### **Available fall, spring, and summer terms**

Thailand is full of beautiful landscapes, architecture, culture, and natives that will keep you entertained and always wondering what will be discovered next. It is truly a land of excitement and adventure! The town of Hua Hin is located approximately 200 kilometers south of Bangkok on the west coast of the Gulf of Thailand. It is the oldest, and most traditional, resort destination in Thailand with the attractions of a modern holiday destination mixed with the charms of an older fishing village from which it draws its roots. The King and Queen of Thailand call Hua Hin home, and it's no wonder why!

Webster University Thailand is a small, closely-knit family of students, faculty and staff occupying a delightful rural campus, situated close to the resort towns of Cha-am and Hua Hin and boasts a beautiful 40-acre campus. The campus has excellent facilities to support your educational experience: computer labs, library, cafeteria, recreational and exercise facilities, media lab, Internet access, and offices. Some of Thailand's most beautiful beaches are just a 15-minute drive from the campus gates!

## **United Kingdom**

### **Grantham - Harlaxton College – (Evansville)**

<https://grantham-harlaxton-college-evansville.org/>

<https://harlaxton.ac.uk/>

#### **Available fall, spring, and summer terms**

Harlaxton is located 110 miles north of London near Nottingham and famous Sherwood Forest. Students will live in a Victorian Castle to personally experience the rich cultural and historical beauty of England. Located at a train hub, Harlaxton's four day class schedule facilitates additional travel over three day weekends. All credit hours earned will be accepted for those students seeking degrees at Missouri Baptist University.

### **Liverpool – (CGE)**

<http://www.cgedu.org/Liverpool%20Hope>

#### **Available fall, spring, and summer terms**

With a history extending 168 years, Liverpool Hope has developed a strong tradition of scholarship and research in key disciplines. As the only ecumenical university foundation in Europe the University's work has been shaped by Christian principles but embraces those of all faiths and none.

The excellent academic record of our students is supported by pastoral care and, as one of Britain's smaller universities; Liverpool Hope values the individual - in the words of Cardinal Newman knowing her children one by one. Care, concern and support for students are always a priority.

Liverpool Hope has two main teaching campuses. Hope Park is situated in a leafy suburb of Liverpool and is a mini educational village. The Creative Campus in Liverpool city center is the home to our creative and performing arts subjects. Both campuses have seen major investment over the last five years, so traditional architecture now sits beside contemporary buildings and facilities.

The University places great emphasis on the bringing together of research excellence and top-quality teaching. This is facilitated by a community of academics and scholars who are of the highest caliber. This research-informed teaching enables our students to develop into rounded and employable graduates who can take their place confidently as global citizens in the 21st century.

### **London – CAPA/CGE**

<http://www.capa.org/london>

#### **Available fall, spring, and summer terms**

In the Western world, few cities spring to mind as centers of economic, political, cultural, and historical significance as quickly as London. Now, through CGE and CAPA International Education, students can take part of a semester, spring quarter, or summer study abroad option in this world-renowned metropolis. Students will be able to take courses from the CAPA London Study Center and London South Bank University, including a special STEM program during the spring with a focus on engineering and technology. Students will also be able to take advantage of CAPA's vast network of internship opportunities for all majors in London.

### **London - University of Roehampton (Webster)**

<http://www.webster.edu/study-abroad/>

#### **Available fall, spring, and summer terms**

The University of Roehampton is a friendly, modern, lively academic community with a growing international reputation for the high quality of its teaching and research.

The university's academic teaching staff work at the cutting edge of their subjects, which means their teaching is based on the very latest knowledge. Unlike many other universities, all of its students are taught by research-active academic staff from their first year of study, which means students will study with staff working at the cutting-edge of their subjects. Roehampton's size (about 9,000 students) means that students get to know their lecturers and fellow students, giving students a personal learning experience.

Teaching styles are likely to be very different to Webster University; students adapt to a different way of learning and see their subject in a new light, giving them a renewed vigor with which to approach their studies. Study abroad students live and study with Roehampton students from over 130 countries. The collegiate campus experience helps students to really integrate into the community and the newly made friends teach them a lot about different cultural values.

### **Oxford – Oxford Brookes University (Webster)**

<http://www.webster.edu/study-abroad/programs/england/>

#### **Available fall, spring and summer terms**

As one of the world's great student cities, Oxford is a great place to live and study as it is big enough to offer something for people of all interests, yet small enough to feel welcoming and accessible. Oxford is located in the heart of England. Oxford is a beautiful city with a rich cultural history and is situated about 50 miles from London.

As one of the UK's leading modern universities Oxford Brookes University offers excellent teaching and plenty of support to help students achieve internationally respected results. Oxford Brookes undergraduate courses vary from traditional academic disciplines, such as Mathematics, Psychology and Biology, to more career-orientated subjects, like Accounting and Finance.

Oxford Brookes' flexible program enables students to customize their study so that it meets the academic requirements of Webster University. Students can choose from a wide range of subjects. Students can usually include more than one subject in their program of study.

Areas of study include:

- Arts and Humanities (including English, Fine Art, History and Music)
- Biological and Biomedical Sciences
- Business and Management (including Accounting and Finance, Economics, Marketing Management and Business Information Systems)
- Computing and Mathematical Sciences, Multimedia and Sound Technology
- Education, Early Years and Teacher Training
- English Language
- Environmental Sciences
- Health and Social Care (including Nursing, Occupational Therapy, Osteopathy, Physiotherapy and Social Work)
- Hospitality, Leisure and Tourism
- Languages (including French, Mandarin Chinese, Japanese and Spanish)
- Law
- Media and Communications (including Communication, Media and Culture, Film Studies and Publishing)
- Philosophy, Religion and Theology
- Social Sciences (including Anthropology, Geography, International Relations, Japanese Studies, Politics, Psychology, Sociology)
- Sport, Exercise and Nutrition

### **Oxford – The Scholars' Semester in Oxford (SSO)**

<http://www.bestsemester.com/locations-and-programs/oxford/sso>

#### **Available fall and spring terms/17 semester hours of credit**

The Scholars Semester in Oxford is designed for students who want to study intensively and to a high standard. Students develop their academic writing and research skills and explore the disciplines and interest of their choice. As Visiting Students of Oxford University and members of Wycliffe Hall, students have the privilege to study and learn in one of the university's historic halls. SSO students enroll in a Primary and Secondary Tutorial, an Integrative Seminar and the British Landscape course. The SSO is designed for students interested in the fields of Classics, English & Literature, Theology & Religious Studies,

Philosophy, and History, though all majors may apply. Applicants are generally honors and other very high-achieving students and must have a minimum GPA of 3.7 and be a second semester sophomore or higher.

### **Oxford Summer Program (OSP)**

<http://www.bestsemester.com/locations-and-programs/oxford/osp>

#### **Available summer terms**

The Oxford Summer Program (OSP) is a program of the Council for Christian Colleges & Universities and Wycliffe Hall, Oxford. The program is designed for students wishing to gain a more comprehensive understanding of the relationship between Christianity and the development of the West and who wish to do specialized work under expert Oxford academics in the areas of History, Religious Studies, Political Theory, Philosophy, English, and History of Science. The Program is structured for rising college sophomores, juniors, and seniors, graduate and seminary students, non-traditional students, teachers, and those enrolled in continuing education programs.

### **Bestsemester.com**

#### **Culture Shaping – USA**

In addition to the international programs previously listed, the Council for Christian Colleges & Universities (CCCU), an association of 105 campuses in the U.S. and Canada, offers the following semester programs in the USA to students of its member institutions. The programs offer a unique opportunity for students to go beyond the confines of the traditional classroom. These interdisciplinary learning opportunities are available to second-semester sophomores, juniors and seniors. For further information, contact the [Director of Study Abroad](mailto:Director_of_Study_Abroad@studyabroad@mobap.edu) [studyabroad@mobap.edu](mailto:studyabroad@mobap.edu).

#### **Washington D. C. – American Studies Program (ASP)**

<http://www.bestsemester.com/locations-and-programs/washingtondc/asp>

#### **Available fall and spring terms/16 hours of credit**

The American Studies Program (ASP) in Washington, D.C. connects you and your faith to the institutions and leaders who are impacting issues in public policy and strategic communication. You are independent, but not alone. Future politician or not, you will nurture the leader within during your experience in ASP.

Sharing similarities while respecting differences may just be the one test you never knew you'd be taking. Whether in Public Policy or Strategic Communication, you will engage in what it means to be in community and to be a leader. Continue this conversation as you interact in a dozen on-site visits with expert scholars and policy makers. Internships, professional mentorships, and service opportunities offer the chance to further define your vocation.

#### **Nashville – Contemporary Music Center**

<http://bestsemester.com/>

#### **16 semester hours of credit available fall and spring terms**

The Contemporary Music Center (CMC) offers you a front-row ticket to the music industry. Learn all of Nashville's ins and outs as you visit a publishing house, a modern recording studio and sound stage. Meet with a working songwriter, producer, engineer and music arranger to get a taste of the working life in this musical metropolis. Put it all together at the Hardscuffle Building, where world-class equipment waits for your God-given talents.

CMC has been adapting to this constantly changing business, because music is a blend of the old and the new. Believe us, you'll be doing nothing but blending music, personalities and the occasional throat-soothing smoothie for the next four months. Your days begin with morning classes followed by composing, performing, mixing and promoting until you put your inspired soul to sleep. After 10 weeks of solid creativity, you're out on tour, living the experience and savoring every note.

## Los Angeles Film Studies Program (LAFSC)

<http://bestsemester.com/>

### 16 hours of credit available fall and spring terms

At L.A. Film Studies Center, we develop every aspect of our storytellers. In our facilities, you'll write and develop, schedule and budget, shoot and edit, all on state-of-the-art equipment, software, and sets, guided by faculty who are working professionals and highly-regarded experts in their fields. Hollywood continues to be the epicenter and nexus of content formation, and our internships connect you to and get you working with some of the top companies and players in the business. Meanwhile, in the classroom, you'll not only cultivate your voice as an artist but also sharpen your sense of vocation and purpose. If you're serious about telling stories -- via film and beyond, in L.A. and beyond -- there's no better place to get your start and build your resume.

## Global

### Credit/Non-Credit Travel Study Program

In addition to our semester and summer term programs MBU offers short-term, faculty-led programs. These programs vary by location and emphasis and usually last 9 to 11 days. Most of these programs are scheduled immediately after the close of the spring semester. For detailed information contact the [Office of Study Abroad](#) [studyabroad@mobap.edu](mailto:studyabroad@mobap.edu).

### Scholarship Information for Study Abroad

<http://www.mobap.edu/financial-aid/>

Students considering an external study program may possibly be eligible for financial assistance. After consulting with the Director of Study Abroad, please contact Zach Greenlee, Director of Student Financial Services, at [zach.greenlee@mobap.edu](mailto:zach.greenlee@mobap.edu) or by calling 314-392-2398 to determine if your program is eligible for assistance and if you qualify individually. Most federal and state aid funds can be applied to semester abroad programs.

- **Boren Awards for International Study** – [www.borenawards.org](http://www.borenawards.org)
- **InternationalScholarships.Com** (database/search engine for study abroad scholarships) – [www.internationalscholarships.com/](http://www.internationalscholarships.com/)
- **Missouri Baptist University** – The Dallas and Rosalie Frillman Memorial Endowment partially funds scholarships for undergraduate students to participate in international study. Interested students should apply through the [Office of Study Abroad](#).

---

# General Academic Policies and Procedures

---

## Undergraduate Academic Advisement

After admission to Missouri Baptist University, undergraduate students are assigned to an academic advisor. The advisor plays a vital role in helping the student to develop long range academic and career plans and to select semester class schedules. While it is ultimately the students' responsibility to monitor their progress toward satisfying the requirements for their respective degrees, academic advisors serve an important role in mentoring students throughout the process. The advisor must also give approval for all schedule adjustments, overloads, inter-institutional registrations (consortium), and directed studies.

If a change of advisor or major is desired for any reason, the student must submit a Request to Change Major/Advisor/Catalog form to the Office of Advisement. The form may be downloaded from <https://www.mobap.edu/wp-content/uploads/2018/07/Change-of-major-advisor.pdf>.

A student desiring Missouri teacher certification is required to apply for admission to the Teacher Education Program. Information is available in the Education section of the catalog and from the Director of Teacher Certification Advising.

## Academic Priorities

All students are expected to do the best academic work of which they are capable. They are expected to give first priority to the preparation of assignments, to class attendance, and to class participation. Outside study time needed will vary with each class. Generally, two hours of outside study time are required for each hour of in-class time.

For the University experience to be fulfilling, students must strive to grow through the knowledge offered in class and outside study. True intellectual growth results from an individual forming opinions under the rigors of intellectual discipline.

## Class Attendance

Attendance is mandatory for every exercise of a course in which a student is enrolled. For students eligible for financial assistance, documented attendance is necessary before the initial disbursement of funds to their student accounts. Documented attendance in online classes will be determined by the completion of weekly class assignments. Students failing to complete any required assignments in an online class during a given week may be counted as absent for that week. Absence from class prevents a student from receiving the full benefit of the course, and often detracts from the learning process for other students in the class. Unless an absence is unavoidable, an absence may result in lower grades due to missed examinations, assignments, exercises, and the failure to enter into the classroom learning process.

Unavoidable (excused) absences are defined as:

- Participation in a university-sanctioned event;
- Death or major illness in a student's immediate family, or other as deemed appropriate by faculty member or Senior Vice President for Student Development;
- Participation in legal proceedings or administrative procedures that require a student's presence;
- Injury or illness that is too severe or contagious for the student to attend class;

- Injury or illness of 3 days or more: For injury or illness that requires a student to be absent from class for 3 or more business days, the student should obtain a medical confirmation note from his or her medical provider. The Mercy Clinic at MBU or an off-campus medical professional can provide a medical note only if medical professionals are involved in the medical care of the student. The medical confirmation note must contain the date and time of illness and the medical professional's confirmation of needed absence.
- Injury or illness of less than 3 days: At the discretion of the faculty member, as outlined in the course syllabus, illness confirmation may be required and can be obtained in the manner described above.
- An absence for a non-acute medical service (regular check-up, dental cleaning, etc.) does not constitute an excused absence.
- Required participation in military duties;
- Mandatory admission interviews for professional or graduate school which cannot be rescheduled.
- In accordance with Title IX of the Educational Amendments of 1972, Missouri Baptist University shall treat pregnancy and related conditions as a justification for an excused absence for so long a period of time as is deemed medically necessary by the student's physician. Requests for excused absence related to pregnancy should be directed to the instructor; questions about Title IX should be directed to the University Title IX Coordinator.

In all other cases of absence, instructors are not required to allow students to make up the missed work.

## Academic Integrity and Honesty

Academic dishonesty jeopardizes the academic integrity of the University and is not in keeping with Christian principles. It is considered to be a serious offense. Missouri Baptist University expects students to attach their names only to work or research which they have done themselves. Materials and sources must be properly documented. Students must prepare original work and research, present their own reports and papers, and take examinations without any assistance or aids not expressly permitted in the testing procedure.

Academic dishonesty includes, but is not necessarily confined to: plagiarizing; cheating on examinations; submitting counterfeit reports, tests, or papers; stealing tests or other academic materials; knowingly falsifying academic records or documents such as transcripts; and submitting the same work to more than one class without consent of the instructors involved.

Academic dishonesty of any nature will result in disciplinary action, which may include receiving a failing grade on the work in question, failure in the course, or dismissal from the University. Academic dishonesty is a part of the Student Conduct Code.

## Statement on Uniform Grading System Regarding Proper Communication

All formal communication by the student, either written or oral, is All formal communication by the student, either written or oral, is graded not only according to the content demanded by the assignment, but also according to established standards of proper English as specified in the Modern Language Association (MLA) or the American Psychological Association (APA) stylebook, or composition books featuring these styles.

# Research Papers

Modern Language Association (MLA) or American Psychological Association (APA) styles have been adopted by the University faculty as the official guide for all research papers. Only papers prepared using these forms will be accepted.

# Missouri Baptist University Institutional Review Board

Missouri Baptist University (MBU) maintains an active Institutional Review Board (IRB) whose purpose is to insure the safety of research subjects and investigators. The IRB meets regularly to review all applications for conducting research by MBU students and faculty. All research conducted under the auspices of MBU is subject to the approval of the IRB. The policies governing the operation of the IRB and the research subject to it, as well as appropriate research application forms and procedures, can be accessed at this link <https://www.mobap.edu/academics-overview/institutional-review-board/>.

# Definitions of Academic Terms

## Definition of Semester and Terms

Missouri Baptist University operates on the semester plan, offering two regular semesters of sixteen weeks each. Eight-week evening and weekend classes, Winterim, and Summer Terms operate on different calendar schedules, but within the semester hour principle. The doctorate is a cohort program that is on a twelve-week cycle limited to admission during specific times during the year.

## Definition of Semester Hour

Missouri Baptist University grants credit expressed as semester hours. Quarter hours are accepted in transfer as two-thirds of a semester hour. One semester hour normally requires one 55-minute class period per week throughout a regular 15-week semester. Adaptations of this principle are sometimes employed, especially in music, physical education, and laboratory courses.

- A one-credit hour laboratory science course meets for one hour and 55 minutes per week; a two-credit hour laboratory science course meets for the equivalent of three hours and 55 minutes per week.
- A one-credit hour physical education activity course meets for two 55-minute class sessions per week.
- A one-credit hour music ensemble meets for three 55-minute or two 85-minute class sessions per week.
- Applied music lessons follow this standard:
  - One-credit hour lesson (elective/secondary) meets for 30 minutes per week.
  - One-credit hour lesson (major/primary) meets for 45 minutes per week.
  - Two-credit hour lesson (major/primary) meets for 60 minutes per week.

Courses operating on an accelerated schedule are offered in accordance with the semester hour principle: day summer sessions, five weeks; Winterim, three weeks; and online, evening, weekend, and selected day classes, eight weeks.

## Definition and System of Course Numbers

Courses numbered 000-099 are developmental in nature and are not considered for degree credit. Courses numbered 100-299 are lower division courses designed for freshmen and sophomores. Those

numbered 300-499 are upper division courses designed for juniors and seniors. Those numbered 500-599 are master's degree level courses. Those numbered 600-699 are specialist degree level courses. Those numbered 700-799 are doctoral level courses. The third digit in the course number indicates the number of semester hours of credit which the course carries, except for classes with four-digit course numbers. In the case of four-digit course numbers in the Teacher Education Program the third and fourth digits indicate the number of semester hours of credit (eg - 4709 = nine, 4712 = twelve). Courses in the M.A. curriculum in Clinical Mental Health Counseling and School Counseling also carry four-digit course numbers, with the second digit indicating program year and the last digit denoting credit hours.

## Special Numbering

1. A course number such as MUAP 111/MUAP 311 indicates a course that may be taken for multiple semesters of credit. Piano Lesson (Major/Primary) for the first four semesters of credit would use the course number MUAP 111 and upon successful completion of the Sophomore Proficiency the student would receive upper division credit for Piano Lesson (Major/ Primary) using the course number MUAP 311 for the final four semesters of credit.
2. A course number such as BUSN 471-476 indicates variable credit, ranging from one to six hours.
3. A course number such as MURA 110/MURA 310 indicates a course which carries no credit per semester toward the degree, but is required for the major or program.
4. A course number such as KATH 211SC/311SC or KATH 221SC/321SC indicates a course which may be taken twice for credit: the first semester for lower division credit and the second semester for upper division credit. A course number such as BIOL 373 indicates a course which may be taken once for either lower or upper division credit. Instructor approval is required before the student may register for upper division credit, and additional advanced work is required.
5. A course number such as COMT 483A/B indicates a course which may be taken for credit twice, with the A course being designated with I after the title and the B course being designated with II after the title. A course number such as ENGL 333A, ENGL 333B, or ENGL 333C indicates separate but related courses.
6. Courses with prefixes such as EDPS or CMHS are cross-listed in two disciplines, such as Education/Psychology or Christian Ministry/History. The courses will be listed under both disciplines in the Course Schedule (see the Cross-Listed Courses information on the Course Description index page).
7. Courses cross-listed at the 400- and 500-levels may be taken for either undergraduate or graduate credit. Selected courses are available to undergraduate students for graduate credit with Senior Permission (see the section on Senior Permission). Students must complete all graduate course requirements to earn graduate credit.
8. A four-digit course number such as 4712, 4709, or 4703 indicates a course such as Student Teaching which carries twelve credit hours for a sixteen week semester. Students seeking certification in a K-12 subject area or in more than one subject will complete 4709+4703. Students seeking certification in only one area or level will complete 4712.

## Definition of Course Load

Undergraduate students carrying less than twelve credit hours of coursework during a Fall or Spring semester are considered part-time. Those enrolled for six hours are considered part-time. Normal course load for a full-time student is between twelve and eighteen hours. Students on academic probation are limited to a twelve-hour load.

A student with either a cumulative grade point average of 3.0 on a 4.0 scale, or a 3.0 grade point average on a 4.0 scale for the previous semester of full-time work, may enroll for one additional course over the eighteen-hour limit, not to exceed a total of twenty-one credit hours. The faculty advisor of the student and the Senior Vice President for Academic Affairs must approve the overload in writing before registration can become official. An additional tuition charge will be assessed per credit hour for the overload.

During three-week and four-week Summer sessions, three hours (one course) is considered a normal load. For each five-week Summer session, six hours is the recommended load. Scheduling of more than the recommended number of hours requires the signed approval of the faculty advisor and the Senior Vice President for Academic Affairs. The student must have a cumulative grade point average of 3.0 on a 4.0 scale, or a grade point average of 3.0 on a 4.0 scale for the previous semester of full-time work. Total credit hours taken on an overload in a three-week or four-week Summer session may not exceed five; no overload is permitted for a two-week session. Total credit hours taken on an overload basis in one five-week Summer session may not exceed eight. Total credit hours taken for a full summer session – 3-week, 4-week, 1st 5-week, 2nd 5-week, 1st 8-week, 8-week Late, 2nd 8-week, and/or 16-week – may not exceed twenty-one. During the Winterim, three hours (one course) is considered a normal load.

The course load for students involved in eight-week courses should not exceed nine hours per term (eighteen hours per semester equivalent: i.e., 1st 8 weeks plus 2nd 8 weeks).

## Definition of Student Classification

Students are classified by total hours earned, as follows:

|              |                             |
|--------------|-----------------------------|
| Freshman     | 0-29                        |
| Sophomore    | 30-59                       |
| Junior       | 60-89                       |
| Senior       | 90+                         |
| Unclassified | Non-degree seeking          |
| Master       | Baccalaureate degree earned |
| Specialist   | Master's degree earned      |
| Doctor       | Specialist degree earned    |

## Definition of Major

An undergraduate major consists of a minimum number of credit hours (at least 30) in a concentrated subject area declared by the student. Majors are detailed in the catalog, listing the required and elective courses.

## Definition of Minor

An undergraduate minor consists of a minimum number of credit hours (at least 18) in a subject area. Minor requirements are listed in the catalog. A minor is often chosen in an area complementary to the major.

## Definition of a Cognate Group

An undergraduate student may take at least eighteen semester hours of courses which are cognate to the major. At least nine hours of the cognate group must be upper division. All cognate courses must be chosen from a list which has been developed by the faculty in the discipline, approved by the Senior Vice President for Academic Affairs and the faculty of the University, and placed on file in the Records Office.

## Definition of Concentration Area

SomSome majors, such as Information Technology, English, and Christian Ministry, are designed to require one or more concentration

areas to complete the requirements for the major. Concentration areas allow students to focus their interest within the major and vary from twelve to eighteen semester hours, depending upon the program.

# Overload Policy

## A. BACKGROUND

The waiver of overload fees policy clarifies conditions in which students are eligible to receive waiver of overload fees.

## B. POLICY

**MUSIC:** For Music Education majors who are required to enroll in small or large ensemble courses during each regular term of attendance (excluding summer), overload fees are waived up to 19, 20, and 21 credit hours for instrumental or vocal large ensemble or small ensemble courses. This excludes Theatre ensemble courses as they are not required courses for the Music Education major. If a student carries an overload during a semester in which they are NOT enrolled in ensemble courses, the overload fee applies. See definitions section below for ensemble courses which qualify for waiver of overload fee. Students enrolling in the ensemble courses who do NOT need the credit for completion of their major requirements (i.e. non-Music Education majors) will not be eligible to receive waiver of overload fees. **NOTE:** a zero credit hour ensemble course is available for students who do not need the credit hours for their degree programs.

**HONORS:** Members of MBU Honors may take up to 19 credit hours with no overload fee. Any approved overload of 20 or more credit hours will incur overload charges. If an Honors student is NOT enrolled in Honors courses and carries an overload, the overload fee will apply to all overload credit hours.

**SCIENCE:** Students in the Natural Sciences Division may enroll in BIOL 382-384 Instructional Methods and Problems in Biology or CHEM 372-374 Instructional Methods and Problems in Chemistry to earn credit for serving as a department laboratory assistant. If enrolling in the course causes the student carry an overload, the overload fee for up to 20 credit hours will be waived. This waiver of overload fee will apply only in semesters in which the student is enrolled in the Instructional Methods course.

**BY APPEAL:** Any overload scenarios not addressed above may be considered for waiver of the overload fee on a case-by-case basis, as determined by the Provost in conjunction with the Director of Financial Services. Students who wish to request that overload fees be waived for a particular course must submit a written request to the Provost, outlining the nature of the overload and rationale for why the waiver of overload fees should be applied.

## C. DEFINITIONS

| Department | Course | CourseType | CourseName                                   |
|------------|--------|------------|--|
| HONR       | 313    | LEC        | Conducting and Presenting Research           |

| MUTS       | 331    | ENS        | Musical Theatre Production      |

## Senior Permission

Undergraduate students majoring or minoring in Accounting; Business Administration; Healthcare Management; Information Technology; Management; Marketing; Exercise Science; Health Sciences; Sport Management; English; Christian Ministry; Behavioral Sciences; Criminal Justice; Psychology; Human Services; Worship Arts Technology; Worship Leadership; Worship Studies; or Cross-Categorical Disabilities, or Early Childhood, Elementary, Health, Middle Childhood, Physical, Secondary, Music, or Early Childhood Special Education may take designated, dually-listed courses (400/500) during their senior year. The following guidelines apply to Senior Permission students:

1. Senior-level students (those who have earned at least 90 semester hours of credit), with a cumulative grade point average of 3.000, may request permission to take up to 12 hours of graduate credit with a maximum of 6 hours per semester (or 3 hours per 8 week session). Students may not be enrolled for more than 16 hours during any semester in which a senior permission course is taken.
2. Seniors will register for any dually listed (400/500) course as *undergraduates* (for 400-level courses) and will be charged *undergraduate tuition*.
3. Seniors must complete the Senior Permission Application form and submit it to the Graduate Office, after obtaining written permission from their advisor for verification of

eligibility requirements by the end of the first week of day classes or by the first class session for evening classes.

4. After receiving written approval from the Vice President for Graduate Studies, the Graduate Office will notify students and their instructors by the end of the second week of day classes, or by the second class session for evening classes, if they have met the eligibility requirements and have been approved to complete the course for graduate credit. Students who elect not to pursue graduate credit after approval has been granted must notify the Graduate Office in writing.
5. At the end of each semester, instructors will notify the Graduate Office of those students who have successfully completed graduate-level requirements. The Vice President for Graduate Studies will approve those students to receive graduate credit, and the undergraduate course will be updated to the graduate course on the transcript at that time.
6. These hours may count toward a master's degree if they meet the specific requirements for the program the student is pursuing. Credits earned as Senior Permission must be applied toward a master's program within seven years.
7. Students taking Criminal Justice (CRJS or CRPH) courses for senior permission must be enrolled in online sections.

This program is provided for regular undergraduate students enrolled in a program of study at Missouri Baptist University. Undergraduate students enrolled in courses at MBU through the Intercollegiate Consortium are not allowed to enroll in these courses for graduate credit.

## Registration Procedures and Regulations

### Registration Dates

**Pre-registration** will open the first Monday following Spring Break for Fall and Spring semesters and Winterim and the first Monday after Thanksgiving Break for May and Summer sessions. Pre-registration will close ten days prior to the beginning of each semester or combined Summer session.

**Regular registration** will be held during the week prior to the beginning of the semester or combined Summer sessions.

**Late registration** for Fall and Spring semesters will run through the end of the second week of classes (ten working days). For late registration dates of short-term (Winterim, Summer Terms, and eight-week) courses, see the section "To Add a Course."

### To Register as a First-time Freshman, Transfer, or Readmitted Undergraduate Student

All first-time freshman, transfer, and readmitted undergraduate students must begin the registration process in the Undergraduate Admissions Office. After making application and meeting with an Admissions counselor, students will follow the basic procedures for registration (pre-registration, regular registration, or late registration as applicable) outlined below for continuing students. Unofficial registrations for first-time freshman, transfer, and readmitted students will not be authorized until they have completed the admissions process and have been accepted to the University, even though they may have cleared all other offices. Unofficial registrations not authorized by the end of the late registration period may be purged.

### To Register as a Continuing Undergraduate Student

Continuing undergraduate students need to schedule an appointment to register with their advisors.

## Registration Procedures for Main Campus

1. **Schedule Classes** – Undergraduate students will meet with advisors to schedule classes unofficially. All registrations will be unofficial until cleared by the Admissions, Student Financial Services, and Records Offices. At the time of registration, the advisor and student must both sign a printed schedule, including billing, to be filed in the Records Office. The advisor should retain a copy but may not release a copy to the student at the time of registration. In order to complete the registration process students must proceed to the IT Office. Once the registration process is complete, students may print a copy of their schedule through **myMBU** Access (see the Student Services section for more information on accessing the student portal page). **NOTE:** Undergraduate students who have been absent for the preceding semester (excluding Winterim and Summer Terms) must be readmitted by the Admissions Office.
2. **Photo ID, Parking, and Network Login** – Undergraduate students will have their photo ID processed at the Help Desk in the Information Technologies Office, located in the modular building next to the Muncy Gym. First-time students or those readmitting must also sign the Student Computer Use Policy form prior to receiving their network login and password. While the photo ID is being processed, students will proceed to the Student Financial Services Office located on the first floor of the Administration Building.
3. **Make Financial Arrangements**
  1. **Business Office Master Promissory Note** – All students must complete a Business Office Master Promissory Note (BOMPN) at the time of admission or readmittance acknowledging that the student is responsible for payment of all charges through personal arrangements and/or financial aid (including, but not limited to, athletic scholarships, alumni, concessions, student loans, etc.).
  2. **Financial Aid** – Students must complete their Free Application for Federal Student Aid (FAFSA) online at <http://fafsa.gov> before any aid can be awarded. The FAFSA may be filed online at <http://fafsa.ed.gov>. The MBU school code is 007540. In addition to the FAFSA, students applying for federal Stafford loans will need to complete Entrance Counseling and Master Promissory Notes at <http://studentloans.gov>. Parents applying for federal Parent PLUS loans will need to complete the PLUS Request and Master Promissory Notes at <http://studentloans.gov>. Applicants may be selected for a review process called verification. In that instance additional financial documents will be required. Financial aid files must be complete before any aid can be disbursed.
  3. **File Employer Reimbursement Letter** – If receiving employer reimbursement, students must have a letter from their employer on file with the Student Financial Services Office detailing the amount and procedure for reimbursement and an MBU Third Party Agreement in order for such reimbursement to be considered in making satisfactory financial arrangements.
  4. **Make Satisfactory Financial Arrangements with Student Financial Services** –
    1. If a continuing/returning student has a balance from a previous semester, this balance must be paid in full prior to the start of a new semester. If a returning student has a previous balance that has been submitted to the university's collection agency, the student must contact the agency to pay the balance including collection fees and interest fees.
4. **Pick Up Photo ID, Network Login and Password, Library Access, and Parking Sticker** – Undergraduate students will return to the Help Desk in the Information Technologies Office to pick up their photo ID, network login and password (new and readmitting students). Parking stickers (Main campus students only) will be picked up from the Public Safety Office, also located in the first modular building next to the Muncy Gym. All undergraduate students taking at least one class on the Main campus must submit a completed Parking Agreement to the Public Safety Office whether they have a vehicle on campus or not. Students enrolled for any class through the Main Campus will be billed for parking at the time of registration. Students having a car on campus must pay the required fee. All fines must be cleared before parking registration can be completed. Parking stickers will be issued on a first come, first served basis after financial arrangements have been completed. Special needs requests (handicapped parking tags) will be forwarded to the Student Development Office. Residence hall students will be issued a resident parking tag only if they are confirmed for residence hall occupancy during the term for which they are registering. (All residence hall students must have a resident application on file and paid deposit.) Returning resident students must have an Intent to Return Form on file. Students who are issued a resident parking tag and do not move into the residence hall, or who vacate the residence halls during the semester, must remove their resident student sticker and purchase a commuter parking sticker.

**Unofficial pre-registrations will be authorized to official registrations on a weekly basis beginning July 1st for Fall, December 1st for Winterim and Spring, and April 1st for Summer. Registrations which have not been authorized ten days prior to the beginning of the semester may be purged. Students whose registrations have been purged will be eligible to re-enroll during regular registration, but may lose their position if a class is closed and has a waiting list.**

### Late Registration:

Procedures for late registration are the same as regular registration with the exception of the assessment of a late registration fee. Regular and late unofficial registrations not authorized to official by the close of late registration may be purged.

## Registration Information

| Site Designations |  |
|-------------------|--|
| MA                | Main Campus (West St. Louis County)    |
| TW                | MBU-Troy/Wentzville (Moscow Mills, MO) |

|     |      |  |
|-----|------|--|
| JC  |      | MBU at Jefferson College (Hillsboro, MO)   |
| AJC |      | MBU in Arnold (Arnold, MO)   |
| FC  |      | MBU in Franklin County (Union, MO)   |
|     | SJFC | St. James  |
|     | LDFC | St. Louis County Special School District   |
| LC  |      | MBU at Lewis and Clark (Godfrey, IL)   |
| LM  |      | MBU in Farmington (Leadington, MO)   |
| WBA |      | Williamson Baptist Association (Marion, IL)  |
| SIC |      | MBU at Southeastern Illinois College (Harrisburg, IL)  |
| RL  |      | MBU at Rend Lake (Ina, IL)   |
| MDL |      | Distance Learning (Only for full-time Main Campus undergraduate students taking 12- 18 hours including web course(s))  |
| WDL |      | Distance Learning (All Regional Learning Center students and graduate students as well as undergraduate students taking less than 12 hours at Main campus including web course(s)) |
| OLP |      | Online Program Courses (Only for students accepted into the Online Programs)   |
| SCC |      | Shawnee Community College (Ullin, IL)  |
|     |      |  |

In addition, the above site designations will have one or more of the following characters which will further denote specifics regarding the course:

- If preceded by the letter D – this denotes a day class (ex. DMA\*)
- If preceded by the letter E – this denotes an evening class (ex. EMA\*)
- If followed by an \* asterisk – this denotes a 15-week course (ex. DMA\*)
- If followed by the letter W – this denotes a weekend course (ex. EMAW)
- If followed by a 1 – this denotes a 1st 8-week course (ex. EMA1)
- If followed by a 2 – this denotes a 2nd 8-week course (ex. EMA2)
- If followed by # – this denotes a 3-week course.
- If followed by ^1, or ^2 – this denotes a 1st or 2nd 4-week course.
- If followed by %1 or %2 – this denotes a 1st or 2nd 5-week summer course.
- If followed by a ~ – this denotes an 8-week late start summer course.
- If followed by a = – this denotes a 12-week course

In addition to the above designations, a class may have an additional letter to denote multiple sections of the same course within the same term. (e.g. DMA\*A, DMA\*B). These designations indicate that on Main Campus there are two daytime 15-week sections of the same course.

#### Course numbers are designated as follows:

|         |                     |
|---------|---------------------|
| 000-099 | Developmental       |
| 100-199 | Freshman            |
| 200-299 | Sophomore           |
| 300-399 | Junior              |
| 400-499 | Senior              |
| 500-599 | Master <sup>1</sup> |
| 600-699 | Specialist          |
| 700-799 | Doctoral            |

The last number in the three-digit number indicates how many credit hours the course carries (e.g. 503 – this is a master-level course that carries three credit hours).

<sup>1</sup>A four-digit course number such as 5712, 5709, or 5703 indicates a course such as Student Teaching which carries twelve credit hours for a sixteen week semester. Courses in the M.A. curriculum in Clinical Mental Health Counseling and School Counseling also carry four-digit course numbers, with the second digit indicating program year and the last digit denoting credit hours.

#### Online Courses:

The MDL sections are reserved for undergraduate students taking 12-18 hours on Main campus including any web course for which they are enrolled (9-15 hours for summer sessions). An undergraduate student taking 12-18 hours of Main campus classes pays a comprehensive tuition rate during the fall and spring semesters (during the summer there is a comprehensive flat rate for those enrolled for 9-15 hours). Enrolling a student in the MDL section of a course does not charge additional tuition and allows the course to count toward full-time enrollment which will impact scholarships.

Students taking classes at Regional Learning Centers, or less than 12 hours on Main campus including any web course for which they are enrolled, are charged tuition on a per credit hour basis. The students in this situation are enrolled in the WDL section as it is charged on the per credit hour basis.

Courses with a type of HYB (Hybrid) indicate courses offered in a combined classroom and online format.

The OLP sections are reserved for students accepted into the Online Programs at MBU.

#### Terms for Undergraduate, Master, and Specialist students:

|       |          |                      |
|-------|----------|----------------------|
| FA-18 | Fall     | (August – December)  |
| WT-18 | Winterim | (December – January) |
| SP-19 | Spring   | (January – April)    |
| SU-19 | Summer   | (April/May – August) |

For specific start, end, add/drop, and withdrawal dates, see the Term Calendar.

#### Terms for Doctoral students:

|        |        |                       |
|--------|--------|-----------------------|
| FAQ-18 | Fall   | (September –December) |
| WTQ-19 | Winter | (January – March)     |
| SPQ-19 | Spring | (March – June)        |
| SUQ-19 | Summer | (June – September)    |

## Schedule Adjustment

Students finding it necessary to add or to drop a course(s) must complete a Schedule Adjustment form supplied by the Records Office. Students should consult the University calendar, printed in the appropriate Course Schedule, for all deadline dates. If a student stops attending a course but fails to complete the proper forms, the final grade will be recorded as XF. An XF is a penalty grade and counts against the semester and cumulative grade point averages (GPA).

Students should refer to the University Academic Calendar for deadlines for adding or dropping classes.

### To Add a Course

#### Fifteen and Sixteen-Week Terms (Full Semester)

Students wishing to add a class must file a completed Schedule Adjustment form, including signatures, by the end of the tenth working day of the term in the Records Office.

### **Twelve-Week Terms (Student Teaching)**

Students wishing to add a class must file a completed Schedule Adjustment form, including signatures, by the end of the fifth working day of the term in the Records Office.

### **Ten-Week Terms (Forty Sessions – Summer)**

Students wishing to add a class must file a completed Schedule Adjustment form, including signatures, by the end of the fourth working day of the term in the Records Office.

### **Eight-Week Terms**

Students wishing to add a class must file a completed Schedule Adjustment form, including signatures, by the second class meeting in the Records Office.

### **Five Week Terms (Twenty Sessions – Summer)**

Students wishing to add a class must file a completed Schedule Adjustment form, including signatures, by the end of the second working day in the Records Office.

### **Four Week Terms (Student teaching)**

Students wishing to add a class must file a completed Schedule Adjustment form, including signatures, by the end of the second working day of the term in the Records Office.

### **Three-Week Terms (Twelve Sessions – Summer and Winterim)**

Students wishing to add a class must file a completed Schedule Adjustment form, including signatures, by the end of the second working day of the term in the Records Office.

## **To Drop a Course**

### **Fifteen and Sixteen Week Terms (Full Semester)**

Courses officially dropped, with a completed, signed, and submitted Schedule Adjustment form in the Records Office, on or before the tenth working day of the semester will not appear on the student's transcript. Courses officially dropped after the tenth working day, but before the end of the twelfth week of the semester, appear on the transcript with the grade of W, indicating that the student withdrew without grade point penalty. Courses officially dropped after the twelfth week are marked WF. A WF is a penalty grade and counts against the semester and cumulative grade point averages.

### **Twelve-Week Terms (Student Teaching)**

Courses officially dropped, with a completed, signed, and submitted Schedule Adjustment form in the Records Office, on or before the fifth working day of the term will not appear on the student's transcript. Courses officially dropped after the fifth working day but before the end of the ninth week appear on the transcript with the grade of W, indicating that the student withdrew without grade point penalty. Courses officially dropped after the ninth week are marked WF. A WF is a penalty grade and counts against the semester and cumulative grade point averages.

### **Ten-Week Terms (Forty Sessions – Summer)**

Courses officially dropped, with a completed, signed, and submitted Schedule Adjustment form in the Records Office, on or before the fourth working day of the term will not appear on the student's transcript. Courses officially dropped after the fourth working day but before the end of the sixth week appear on the transcript with the grade of W, indicating that the student withdrew without grade point penalty.

Courses officially dropped after the sixth week are marked WF. A WF is a penalty grade and counts against the semester and cumulative grade point averages.

### **Eight-Week Terms**

Eight-week courses officially dropped, with a completed, signed, and submitted Schedule Adjustment form in the Records Office, by the second class meeting will not appear on the transcript of the student. Courses officially dropped after the second class meeting but before the sixth class meeting appear on the transcript with the grade of W, indicating that the student withdrew without grade point penalty. Courses officially dropped after the sixth class meeting are marked WF. A WF is a penalty grade and counts against the semester and cumulative grade point averages.

### **Five Week Terms (Twenty Sessions – Summer)**

Courses officially dropped, with a completed, signed, and submitted Schedule Adjustment form in the Records Office, on or before the second working day of the term will not appear on the student's transcript. Courses officially dropped after the second working day but before the end of the twelfth working day appear on the transcript with the grade of W, indicating that the student withdrew without grade point penalty. Courses officially dropped after the twelfth working day are marked WF. A WF is a penalty grade and counts against the semester and cumulative grade point averages.

### **Four Week Terms (Student Teaching)**

Four-week courses officially dropped, with a completed, signed, and submitted Schedule Adjustment form in the Records Office, by the second working day of the term will not appear on the transcript of the student. Courses officially dropped after the second working day of the term but before the third week appear on the transcript with the grade of W, indicating that the student withdrew without grade point penalty. Courses officially dropped after the third week are marked WF. A WF is a penalty grade and counts against the semester and cumulative grade point averages.

### **Three-Week Terms (Twelve Sessions – Summer and Winterim)**

Courses officially dropped, with a completed, signed, and submitted Schedule Adjustment form in the Records Office, on or before the second working day of the term will not appear on the student's transcript. Courses officially dropped after the second class day, but before the end of the tenth class day, appear on the transcript with the grade of W, indicating that the student withdrew without grade point penalty. Courses officially dropped after the tenth class day are marked WF. A WF is a penalty grade and counts against the semester and cumulative grade point averages.

## **Withdrawal From the University**

Students finding it necessary to withdraw from the University must complete a Withdrawal from School form, which can be secured from the Records Office on the Main campus, online, or at the Regional Learning Center offices. Otherwise, they will receive an XF grade for each course, which is a penalty grade and counts against the semester and cumulative grade point averages.

If a student withdraws from the University by the tenth working day of the semester, the courses will not appear on the transcript. If a student withdraws from the university after the tenth working day but before the end of the twelfth week, his courses appear on the transcript with the grade of W, meaning withdrawal without grade point penalty. Withdrawal after the twelfth week results in a grade of WF, which is a penalty grade and counts against the grade point average. For permissible withdrawal periods for Winterim, Summer, and eight-week

sessions, consult the section on dropping or adding a course and refer to the calendar in the Course Schedule for specific deadline dates.

Charges and/or refunds are made in keeping with catalog regulations (see Refund Schedule). Accounts become due and payable immediately upon withdrawal.

## Requests for Medical Withdrawal

All requests for medical withdrawals must be appealed to the Senior Vice President for Student Development/Associate Provost using the Withdrawal from School form. Students must notify the Senior Vice President for Student Development/Associate Provost as soon as the medical need is detected and must remain in regular contact with him or his designee regarding the progress of the medical situation. Students must provide a typed letter from their attending physician stating the exact reason for the need to withdraw and the date the physician began treatment of the medical situation. Final resolution of the medical withdrawal from classes will be subject to the approval of the Provost/Senior Vice President for Academic Affairs. An appeal for a medical withdrawal does not automatically make null and void any tuition charges incurred during the semester in which the student needs to withdraw. Nor does it automatically void the student's grades for the semester. Students who fail to notify the Senior Vice President for Student Development/Associate Provost of the need to withdraw based on the medical need will be responsible for the entire balance due on their account. All medical withdrawal requests must be submitted within the same semester as the need arises. Any/all requests submitted after the close of the affected semester is complete will not be reviewed. The Senior Vice President for Student Development /Associate Provost has the authority to limit the number of medical withdrawal requests made by the student.

Should the medical need be resolved, the student must provide the Senior Vice President for Student Development/Associate Provost a typed letter from the attending physician giving approval for the student to return at either a full-time or limited basis prior to the student's re-admittance to the University. If special accommodations are needed, they must be stated in the physician's letter. It will be the responsibility of the student to meet with the Special Needs Coordinator if special accommodations are required.

## Repeating a Course

If a course is repeated, only the higher grade will be used in calculating the cumulative grade point average. Both enrollments will appear on the transcript. Students should be aware that federal financial aid will cover repeats of courses that were previously failed and may not include more than one repetition of a previously passed course. Also, athletes should be aware that under NAIA regulations, repeat courses previously passed with a grade of "D" in the initial attempt and retaken, earning a grade of "C" or better, shall be considered toward satisfying the 24/36-Hour Rule.

Repeat courses previously passed with a grade of "D" in the initial attempt and retaken, earning a grade of "D", shall be excluded and cannot be considered towards satisfaction of the 24/36-Hour Rule. Only the initial attempt shall be considered toward satisfying the 24/36-Hour Rule. A maximum of one repeat course per term previously passed with a grade of "D" (or the equivalent) may be counted toward satisfying the 12-Hour Enrollment Rule.

Students should check with the Director of Athletic Compliance & Eligibility for additional information on satisfying the 24-hour rule for athletic eligibility.

## Auditing a Course

University credit is not granted for audited classes. Since the auditors do not participate in the graded written assignments or examinations, the chief benefit is from class lectures and discussions. Although auditing

may be permitted, the University strongly recommends that qualified students enroll for coursework on a for credit basis. Online courses are not available for audit.

## Declaring or Changing a Major

The major of an undergraduate student as listed on the application for admission will be considered the student's declared major until the student completes a Request to Change Major/Advisor/Catalog form, available in the Records Office and the Office of Advisement, and submits it to the Office of Advisement.

If an undergraduate student is admitted to the University as undecided or undeclared, the major will be listed as undecided until the student completes a Request to Change Major/Advisor/Catalog form and submits it to the Office of Advisement.

## Changing Name or Address

Students may update only local address information through myMBU Access. To change billing and/or home address information, or to make a name change, students must complete a Change of Name and Address form and submit it to the Records Office for processing. The form may be downloaded from <http://www.mobap.edu/wp-content/uploads/2013/02/Change-of-Name-and-Address.pdf>.

## Choice of Catalog

A candidate for an undergraduate degree is expected to meet the graduation requirements stated in the catalog in effect at the time of first matriculation. However, if graduation requirements are completed more than six years after the date of first matriculation, the student must meet the requirements of a later catalog:

1. An undergraduate student maintaining continuous enrollment during the regular sessions, must meet the requirements of the catalog in effect when application for graduation is approved; or
2. An undergraduate not maintaining continuous enrollment (not registered at Missouri Baptist University for one or more regular semesters), must meet the requirements of the catalog in effect at the time of latest matriculation;
3. Any undergraduate student may elect to meet the requirements of the catalog in effect at the time of graduation.

## Undergraduate Grading and Grade Information

A student receives grade points for every unit of credit completed, calculated per the scale in the table below. The grade point average is obtained by dividing the total number of grade points earned by the total number of semester hours attempted. Courses in which grades of IP, CR, NC, P, W, WV, or AU were awarded are excluded in determining grade point averages. All other grades affect the grade point average.

| Grade | Explanation  | Affects GPA | Affects Earned Hours |
|-------|--|-------------|----------------------|
| A     | 4 grade points awarded per credit hour   | YES         | YES                  |
| B     | 3 grade points awarded per credit hour   | YES         | YES                  |
| C     | 2 grade points awarded per credit hour   | YES         | YES                  |
| D     | 1 grade point awarded per credit hour  | YES         | YES                  |
| F     | 0 grade points awarded per credit hour   | YES         | NO                   |
| AU    | <b>Audit:</b> course not taken for academic credit   | NO          | NO                   |
| CR    | <b>Credit:</b> courses offered on a Credit/No Credit basis*  | NO          | YES                  |
| IN    | <b>Incomplete:</b> to be removed within one semester (15 weeks) or quarter (12 weeks) after which time the grade will automatically be changed to an F | YES         | NO                   |

| Grade | Explanation  | Affects GPA | Affects Earned Hours |
|-------|--|-------------|----------------------|
| IP    | <b>In Progress:</b> applies to a course or research spanning more than one grade-report period | NO          | NO                   |
| NC    | <b>No Credit:</b> courses offered on a Credit/No Credit basis*                                 | NO          | NO                   |
| P     | <b>Pass:</b> Applies only to non-transcript degree audit courses in the School of Education    | NO          | YES                  |
| W     | <b>Withdrawal</b> during the permissible withdrawal period                                     | NO          | NO                   |
| WF    | <b>Withdrawal/Failure:</b> Withdrawal after the permissible withdrawal period                  | YES         | NO                   |
| WV    | <b>Waiver</b> of required course on basis of competency as established by examination          | NO          | NO                   |
| XF    | <b>Unofficial Withdrawal/Failure</b> due to excessive absences                                 | YES         | NO                   |

\*At present, the Credit/No Credit grading option is only available for courses carrying zero (0) credit hours (e.g. – MURA 110/MURA 310 Recital Attendance) and for the awarding of credit by examination or portfolio assessment of prior learning.

## School of Nursing Grading Scale

The School of Nursing will use the following grading scale in the table below. Students must earn a 77% or higher in all theory nursing courses and a grade of "P" in all clinical and lab courses. Students must maintain a 77% average on all unit examinations in each course to pass.

**No extra credit will be awarded at any time in any nursing course.**

Refer to the *Progression Policy* for further information.

| Lecture Course Grade | Range  | Interpretation |
|----------------------|--------|----------------|
| A                    | 93-100 | Excellent      |
| B                    | 84-92  | Above Average  |
| C                    | 77-83  | Average        |
| F                    | <77    | Failure        |

| Clinical & Lab Grades | Interpretation                         |
|-----------------------|--|
| P                     | Pass - meets course objectives         |
| F                     | Fail - Fails to meet course objectives |

## Final Grades

Final grades are available to all students at the conclusion of each semester or term. It is the student's responsibility to login to **myMBU** Access to print out a final grade report. (See the section on **myMBU** for more information on accessing the student portal page).

## Mid-Term Grades

Mid-term grades are issued only for full semester undergraduate courses. It is the student's responsibility to login to **myMBU** Access to print out a mid-term grade report. (See the section on **myMBU** for more information on accessing the student portal page).

## Grades in Undergraduate Major or Minor

Only grades of C or higher are counted toward fulfilling minimum requirements for the undergraduate major, minor, or cognate. Students who earn a grade of D in a course which is required in their major or minor must repeat the course, or substitute another appropriate course with the approval of their advisor, the Division Chair/Dean, and the Senior Vice President for Academic Affairs. If a course is substituted,

the grade of D on the original course is included in calculating the grade point average in the major or minor, as well as in the total cumulative grade point average.

## Grade Appeal Policy

If a student believes he or she has received a course grade that is not reflective of the quality of work put forth in accordance with the expectations outlined in the course syllabus, the following procedure provides a way for that student to appeal the grade and address his or her concerns. However, the student should not assume that any grade appeal will be successful.

The first step is to contact the instructor upon posting of the final course grade. Final course grades are posted online through **myMBU** Access the week following the end of the course. In the event that the instructor is no longer employed by the University, the grade appeal will be determined by the Division Chair/Dean. This first step should be completed by the student in writing by letter or e-mail to both the instructor and the Division Chair/Dean no later than 30 days after the beginning of the semester following the one in which the disputed final grade was received (30 days into the Spring semester for a Fall or Winterim course or 30 days into the Fall semester for a Spring or Summer course). The appeal must be factually based and the evidence for the appeal clearly explained. An appeal may be based on one of the following standards: (1) the recorded grade is an error or (2) the grade determination was not reflective of the quality of work put forth in accordance with the expectations outlined in the course syllabus. These are the only legitimate grounds for an appeal. Students may not appeal an individual test, assignment, or project grade.

Upon receipt of the appeal, the instructor has fourteen (14) days to evaluate and respond in writing. The deadline for responding may be extended by the instructor or Division Chair/Dean for good cause. The student will be notified of any such extension. The instructor's response need only notify the student as to whether the appeal has been sustained or denied. If the instructor determines that the grade should be changed, the instructor will file a Change of Grade Form with the Records Office. A copy of that communication will be provided to the student and to the Division Chair/Dean. If an instructor fails to respond to a student's grade appeal within fourteen (14) days (or by the date set forth in any notice of extension), then the grade appeal will be deemed denied and the student may proceed to the next appeal level.

If the instructor denies the appeal, the student may next appeal to the Division Chair/Dean responsible for the course within fourteen (14) days of receiving the instructor's decision. If the course instructor is the Division Chair/Dean, or if the Division Chair/Dean reviewed the original appeal because the instructor is no longer with the University, the appeal would be to the Senior Vice President for Academic Affairs. To initiate the second-level appeal, the student must submit the following items to the Division Chair/Dean (or the Senior Vice President for Academic Affairs, when appropriate) and to the Records Office: signed Grade Appeal Form, the instructor's written denial, and an explanation with supporting evidence as to why the denial is deemed to be unjustified. The Grade Appeal Form is available in the Records Office and can be downloaded from the MBU website.

The Division Chair/Dean will consider the grade appeal and review the points of disagreement and thereby determine whether the grade was recorded in error, or whether the award of the grade was not reflective of the quality of work put forth in accordance with the expectations outlined in the course syllabus.

The Division Chair/Dean will render judgment as to whether the grade that has been assigned is the accurate grade. The Division Chair/Dean's decision will be the final determination of the grade.

## Undergraduate Transfer Credit

The entire transcript of an undergraduate transfer student, including grade point average and credit hours, will be evaluated as if all hours were earned at Missouri Baptist University. Thus, a grade of D is not acceptable in a course taken to fulfill a major or minor requirement, but may fulfill other requirements. A required course must be repeated if a grade of F is earned. An elective course may be repeated or another course substituted if a failing grade is earned. Both will appear on the transcript.

After a student has enrolled at Missouri Baptist University, prior written approval from the Senior Vice President for Academic Affairs must be obtained for taking any university work elsewhere.

**Missouri Baptist University does not have an academic forgiveness policy and therefore accepts all transfer credits with the grade originally earned unless the course has been repeated for a higher grade (Repeating a Course).**

## Academic Honors and Awards

Academic honors for undergraduate students are conferred at two levels: semester recognition and in conjunction with graduation.

### Semester Honors

A student fellow is an upperclassman selected by a faculty member to assist in grading papers and tests, proctoring exams, or other appropriate duties related to the instructional process, including typing, copying, and filing.

To be eligible a student must meet the following criteria:

1. Be recommended by a full-time faculty member;
2. Be ranked as a junior or senior;
3. Be pursuing a major or minor in the discipline taught by the faculty member recommending the student;
4. Have a minimum cumulative grade point average of 3.00 on a 4.00 scale;
5. Have completed at least one full-time semester or twelve credit hours at Missouri Baptist University;
6. Be enrolled as a full-time student for the semester(s) in which he/she is serving as a fellow.

Each full-time faculty member is eligible to nominate a student to serve as a fellow. The nominations are reviewed and approved by the Dean's Council each semester.

Recognition for service as a student fellow is noted on the student's transcript as an academic honor. In addition, the student will receive a stipend each semester that they serve as a student fellow.

### Student Fellows

A student fellow is an upperclassman selected by a faculty member to assist in grading papers and tests, proctoring exams, or other appropriate duties related to the instructional process, including typing, copying, and filing.

To be eligible a student must meet the following criteria:

1. Be recommended by a full-time faculty member;
2. Be ranked as a junior or senior;
3. Be pursuing a major or minor in the discipline taught by the faculty member recommending the student;
4. Have a minimum cumulative grade point average of 3.00 on a 4.00 scale;
5. Have completed at least one full-time semester or twelve credit hours at Missouri Baptist University;

6. Be enrolled as a full-time student for the semester(s) in which he/she is serving as a fellow.

Each full-time faculty member is eligible to nominate a student to serve as a fellow. The nominations are reviewed and approved by the Dean's Council each semester.

Recognition for service as a student fellow is noted on the student's transcript as an academic honor. In addition, the student will receive a stipend each semester that they serve as a student fellow.

### Awards

Awards are conferred during the Spring semester at the Missouri Baptist University Outstanding Students of Achievement awards ceremony. Students are recognized for the following areas of achievement.

- Demonstrating exceptional achievement or progress in an academic discipline
- Making a significant contribution to the University, commonly through exceptional participation in extracurricular activities
- Demonstrating superior university citizenship and positive attitude in relationships with the faculty, staff, and student body.

### Graduation With Honors

An undergraduate student who has attended Missouri Baptist University as a full-time student (12 hours or more) for at least two terms (Fall, Spring, or Summer), or as a half-time student (6 to 11 hours) for at least four terms (Fall, Spring, or Summer), may qualify for honors at graduation by achieving one of the following cumulative grade point averages:

- An index of 3.40 to 3.59 may qualify for graduation Cum Laude
- An index of 3.60 to 3.79 may qualify for graduation Magna Cum Laude
- An index of 3.80 to 4.00 may qualify for graduation Summa Cum Laude

In considering the eligibility of a transfer student for graduation with honors, the student's entire transcript will be evaluated as if the hours were earned at Missouri Baptist University. For all students, both the degree credit cumulative and total cumulative grade point averages must be at or above the indexes listed above.

Only students who have completed all requirements for graduation (Fall or Spring semester graduates) are recognized at commencement by the wearing of gold honors cords. Summer graduates receive their honors cords with their diplomas upon completion of all requirements for graduation.

## Academic Probation and Suspension

Students whose cumulative grade point average (GPA) is below 2.00\* at the end of the Fall or Spring semester or Summer session, are placed on academic probation by the Senior Vice President for Academic Affairs for one regular semester.

A freshman or transfer student accepted on probation is given one academic year to raise grades above the probationary level. The student is expected to show evidence of reasonable progress in improving academic performance during the probationary period.

If the grade point has not been raised by the end of the probationary period, the student will be placed on academic suspension. The student may then petition the Senior Vice President for Academic Affairs in

writing for permission to re-enroll. The petition must explain the causes for academic deficiency and outline a program of action to overcome them. The Senior Vice President for Academic Affairs must approve any such petition before the student is permitted to re-enroll for classes at Missouri Baptist University. A student suspended for a second time is normally not eligible for re-admission.

Students on academic probation, or re-admitted after being placed on academic suspension, are limited to a twelve credit hour course load. A load of thirteen credit hours may be approved in special circumstances, such as enrollment in a laboratory science course.

*\*NOTE: Students in the teacher education program must achieve an overall GPA of at least 2.750 in order to be eligible for certification. Certain majors or programs – such as Exercise Science – may also require a minimum overall GPA of 2.50.*

In order for students to continue to receive federally funded financial aid, they must maintain satisfactory academic progress (SAP) in their course of studies pursued at Missouri Baptist University. Please refer to the section on "Federal and State Aid" for specific information regarding SAP.

**The regulations of this section supersede all similar policies in previous catalogs and are effective for all students.**

## Notice of Educational and Privacy Rights

The Family Educational Rights and Privacy Act (FERPA) affords eligible students certain rights with respect to their education records. (An "eligible student" under FERPA is a student who is 18 years of age or older or who attends a postsecondary institution at any age.) These rights include:

1. The right to inspect and review the student's education records within 45 days after the day the University receives a request for access. A student should submit a written request that identifies the record(s) the student wishes to inspect to the Office of Records (for academic records), the Office of Student Development (for disciplinary records), the Office of Student Financial Services (for financial records), the Office of Career Development (for placement records), or the Academic Success Center/Special Needs Coordinator (for Special Needs/individual accommodation records). A University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.
2. The right to request the amendment of the student's education records that the student believes is inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

A student who wishes to ask the University to amend a record should write the University Office responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed.

If the University decides not to amend the record as requested, the University will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the

right to a hearing.

3. The right to provide written consent before the University discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

The University discloses education records without a student's prior written consent under the FERPA exception for disclosure to University officials with legitimate educational interests. A University official is typically includes a person employed by the University in an administrative, supervisory, academic, research, or support staff position (including law enforcement unit personnel and health staff); a person serving on the board of trustees; or a student serving on an official committee, such as a disciplinary or grievance committee. A University official also may include a volunteer or contractor outside of the University who performs an institutional service or function for which the University would otherwise use its own employees and who is under the direct control of the University with respect to the use and maintenance of PII from education records, such as an attorney, auditor, or collection agent or a student volunteering to assist another University official in performing his or her tasks. A University official typically has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the University.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the University to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW  
Washington, DC 20202

FERPA permits the disclosure of PII from students' education records, without consent of the student, if the disclosure meets certain conditions found in § 99.31 of the FERPA regulations. Except for disclosures to University officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the student, § 99.32 of FERPA regulations requires the institution to record the disclosure. Eligible students have a right to inspect and review the record of disclosures. A postsecondary institution may disclose PII from the education records without obtaining prior written consent of the student —

- To other University officials, including teachers, within the University whom the University has determined to have legitimate educational interests. This includes contractors, consultants, volunteers, or other parties to whom the University has outsourced institutional services or functions, provided that the conditions listed in § 99.31(a)(1)(i)(B)(1) - (a)(1)(i)(B)(3) are met.
- To officials of another educational institution where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements of § 99.34.
- To authorized representatives of the U. S. Comptroller General, the U.S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as a State postsecondary authority that is responsible for supervising the university's State-supported education programs. Disclosures under this provision may be made, subject to the requirements of §99.35, in connection with an audit or evaluation of Federal- or State-supported education

programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf.

- In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid.
- To organizations conducting studies for, or on behalf of, the University, in order to: (a) develop, validate, or administer predictive tests; (b) administer student aid programs; or (c) improve instruction.
- To accrediting organizations to carry out their accrediting functions.
- To parents of an eligible student if the student is a dependent for IRS tax purposes.
- To comply with a judicial order or lawfully issued subpoena.
- To appropriate officials in connection with a health or safety emergency, subject to § 99.36.
- Information the University has designated as "directory information" under § 99.37.
- To a victim of an alleged perpetrator of a crime of violence or a non-forcible sex offense, subject to the requirements of § 99.39. The disclosure may only include the final results of the disciplinary proceeding with respect to that alleged crime or offense, regardless of the finding.
- To the general public, the final results of a disciplinary proceeding, subject to the requirements of § 99.39, if the University determines the student is an alleged perpetrator of a crime of violence or non-forcible sex offense and the student has committed a violation of the University's rules or policies with respect to the allegation made against him or her.
- To parents of a student regarding the student's violation of any Federal, State, or local law, or of any rule or policy of the University, governing the use or possession of alcohol or a controlled substance if the University determines the student committed a disciplinary violation and the student is under the age of 21.

## Directory Information Notice

The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that the University, with certain exceptions, obtain students' written consent prior to the disclosure of personally identifiable information (PII) from their education records. However, the University may disclose appropriately designated "directory information" without written consent, unless a student has advised the University to the contrary in accordance with University procedures.

Students who do not want the University to disclose any or all of the types of information designated below as directory information from their education records without their prior written consent must notify the University's Director of Records in writing. Those who choose to block the University from releasing directory information should note that this will restrict financial records, degree conferral, and dates of attendance from being released to any agencies that may require this information for employment or loan deferment. Once directory information has been blocked, the student must submit a formal written request to remove the block.

The University has designated the following information as directory information:

- Student's name, address and telephone number

- Date and place of birth
- Email address
- Photograph
- Program of Study (including degree, major, minor, and/or educator certification area)
- Dates of attendance and enrollment status/grade level
- Degrees, honors, and awards received
- Credit hours in progress or already completed
- Participation in officially recognized activities and sports
- Weight and height of members of athletic teams
- The most recent educational agency or institution attended

## Retention of Records

Missouri Baptist University has adopted the recommendations of the American Association of Collegiate Registrars and Admissions Officers as its policy concerning retention of student records. The majority of a student's record is maintained in the permanent file and will be retained until five (5) years after graduation or the date of last attendance, whichever is later. Exceptions include audit authorizations, schedule adjustment forms, registration forms, and transcript requests, which are maintained one (1) year from date, submitted, and official transcripts from high schools and other colleges or universities which will be maintained for ten (10) years after graduation or last date of attendance.

Records of academic performance, including individual student records (transcripts, narrative evaluations, competency assessments, etc.) change of grade forms, original graded rosters, and graduation lists are maintained permanently in the Records Office.

The admission materials of those who apply but do not enroll are retained by the Admissions Office for one year after the term for which application was made.

## Academic Transcripts

Official academic transcripts must be requested from the Records Office in writing by mail, fax, in person, or electronically through Parchment and must include the signature of the student. The charge for each official transcript is \$10.00. Unofficial transcripts may be printed from **myMBU** Access (see the catalog section on **myMBU** for more information on accessing the student portal page). No transcript, official or unofficial, will be issued until the account of the student has been cleared by both the Business and Student Financial Services Offices and all holds affecting the release of transcripts have been cleared. Transcript request forms are available in the Records Office and can be downloaded from <https://12566-presscdn-0-30-pagely.netdna-ssl.com/wp-content/uploads/2013/02/Transcript-Request-Form2017.pdf>. Electronic transcript requests should be emailed to [recordsoffice@mobap.edu](mailto:recordsoffice@mobap.edu).

## Undergraduate Graduation Requirements and Application for Graduation Process

Graduates of Missouri Baptist University are expected to demonstrate a lifestyle that will reflect honor on themselves, and on the institution which awarded the degree, as they serve the needs of the community and seek to make the world a better place in which to live. The degree is academic in structure, but represents ethical, social, moral, and spiritual development as well. Although a student earns the privilege of being considered for graduation, the final decision regarding the awarding of degrees is the prerogative of the faculty for recommendation and approval.

The candidate for any degree should study carefully all courses and other requirements for that degree and for graduation as listed in the University catalog. Each student is responsible for all requirements as stated. Careful attention to the program will result in completion of the requirements for graduation in the minimum time.

The undergraduate degree programs are designed with a strong liberal arts foundation. Credits are given as standard semester hours, at least 128 of which are required for graduation (64-65 for the Associate of Science degree). Students must complete at least 30 hours in a major field of study, and satisfy the requirements of both the general education program and the degree program for which the student has opted. The remaining hours to be applied toward the degree are elected by students with consent of their academic advisor.

A major field of specialization should be declared by the beginning of the junior year, and may be chosen earlier. This choice is to be made after a conference with the student's academic advisor, followed by a formal declaration to the Records Office. A degree plan should be filed in the Records Office as soon as the major has been declared.

In order to be considered a candidate for graduation, a student must have fulfilled, or have in progress, the following requirements:

1. The academic advisor of the student follows the designated choice of degree, major field(s) of study, and minor(s) or cognate(s) at the time of declaration. Academic Advisors work in partnership with the students on all semester schedules. Those seeking teacher certification must also obtain approval for their program of study from the School of Education and complete a certification check.
2. The student will meet assessment criteria established by the faculty as follows:
  - a. Students enrolled in IDST 101 Collegiate Seminar will complete the Proficiency Profile in their first semester of enrollment with a follow-up the semester prior to graduation.
  - b. The student who has completed between 55 and 89 credit hours, with at least 30 hours earned at Missouri Baptist University, will take a mid-level assessment test of general education.\* All general education and degree requirements, with the exception of IDST 403 World Citizen, should have been completed or be in progress at the time this test is taken.
  - c. All students will take the appropriate subject field test(s)\* for their major(s) during the senior year, and/or complete other internal/external subject assessment measures (such as portfolios, senior recitals, senior research projects, or internships) as determined by the faculty.\***Students seeking teacher certification are required by the Department of Elementary and Secondary Education (DESE) to pass all sections of the Missouri General Education Assessment (MoGEA) as their general education (mid-level) examination and the Missouri Content Assessment(s) (MoCA) for each area in which certification is being sought. Students must also receive a passing evaluation on their Professional Development Folio the semester prior to student teaching as well as pass the Missouri Pre-Service Teacher Assessment (MoPTA) which is completed during student teaching.**
3. A cumulative grade point average of at least 2.00 on a 4.00 scale, for both degree credit and non-degree credit, must be maintained on the overall program. Certain majors and degree programs (e.g., Exercise Science and Sport Management majors or the Associate of Science Degree in Pre-Nursing)

require a cumulative grade point average of 2.50 or better. The Missouri Department of Elementary and Secondary Education (DESE) requires an overall cumulative grade point average of 2.75 for teacher certification and also requires a 3.00 in the content area (for K-12, middle, and secondary subjects), with no grade lower than C, as well as a 3.00 in professional education, with no grade lower than C. Therefore, certain degree programs (Bachelor of Science in Education and Bachelor of Music Education) require a cumulative GPA of at least 2.75 and certain majors (Early Childhood Education, Early Childhood Special Education, Elementary Education, Middle Childhood Education, K-12 Education, Secondary Education, and Special Education Cross-Categorical Disabilities Mild/Moderate) require a cumulative GPA of at least 3.00 for graduation. Students should check catalog requirements for their specific program.

4. A student seeking to earn a baccalaureate degree must complete at least 45 hours of junior and senior level courses, which are normally taken after the student has completed at least 45 hours of lower division courses.+
5. A minimum of 128 hours is required to complete a baccalaureate degree at Missouri Baptist University; however, some programs may require in excess of 128 hours for completion. A minimum of 64 hours is required to complete an Associate of Science degree.
6. At least six hours of major and three hours of minor must be earned at Missouri Baptist University.
7. At least 24 of the last 32 hours must be completed at Missouri Baptist University. This requirement is waived for students enrolled in the Plus-Two programs at Jefferson College, Lewis and Clark Community College, and Rend Lake College, provided that the courses to be transferred are taken at Jefferson College, Lewis and Clark Community College, or Rend Lake College. The residency requirement remains in effect for Plus-Two students taking courses through institutions other than Jefferson College, Lewis and Clark Community College, or Rend Lake College.

All candidates for baccalaureate degrees must file an Application for Graduation in the Records Office during the first semester of their junior year (sophomore year for associate degree candidates), as notice of intent to graduate. This will make it possible for records to be checked to determine eligibility for graduation. Unless the Records Office is thus properly notified of intent to graduate, a graduation delay may ensue. To be admitted to unqualified candidacy for graduation, the student must be following an approved degree program, making it possible to graduate as planned, and must have a cumulative grade point average of at least 2.00 (some programs do require a higher minimum GPA).

Final graduation checks must be completed with the Director of Records (or School of Education Advisor for students in the Teacher Education Program) no later than the tenth working day of the semester in which the student plans to complete degree requirements. Summer session graduates must complete a graduation check by the tenth working day of the Spring semester.

## Degree Conferral

Degrees are conferred three times during the academic year:

1. Fall Semester and Winterim – at the conclusion of Winterim
2. Spring – at the conclusion of the Spring Semester; and
3. Summer – at the conclusion of the 2nd 8-week Summer Session.

Students must complete all degree requirements before the degree conferral date each term (or conferral date of their graduation term).

Diplomas for Fall Semester/Winterim and Spring Semester graduates are mailed to students after commencement exercises, upon verification of completion of degree requirements. Diplomas for Summer graduates

are available after the official closing date of the 2nd 8-Week Summer Session, upon verification of completion of degree requirements. No student may receive a diploma until all degree requirements are completed, the necessary official records are on file in the Records Office, and all accounts are paid in full, including the graduation fee.

## Attendance at Commencement

All undergraduate candidates for graduation during an academic year – Fall/Winterim, Spring, and Summer – are expected to attend the commencement exercises which are held at the close of the Spring Semester. Permission to graduate in absentia is granted only in rare instances. Requests for exceptions should be made to the Senior Vice President for Academic Affairs in writing at least one month prior to commencement, and must be approved by the faculty.

## Dual Baccalaureate Degrees

Students may pursue two different baccalaureate degrees (e.g., Bachelor of Arts and Bachelor of Science), simultaneously, with different majors at Missouri Baptist University provided that they complete a minimum of 144 semester hours, at least 24 semester hours beyond the minimum requirements for the first degree, including all specific requirements for each degree and each major. A minimum of 12 additional hours of upper division coursework is also required within the 24 additional semester hours, for a total of 54 hours of upper division credits.

## Requirements for Earning a Second Degree at Missouri Baptist University

A student who already holds a baccalaureate degree may qualify for a second, and different<sup>1</sup>, baccalaureate degree from Missouri Baptist University by completing a minimum of 24 hours in residence after all requirements for the first degree have been completed. These hours must include all major, minor, general education, and degree requirements pertaining to the second degree which were not included in the first degree program. The major for the second degree must differ from the first, and must include at least 12 hours of additional upper division work, for a total of 54 hours of upper division credits. A minimum of 144 semester hours is required for completion of a second baccalaureate degree. At least six hours of major and three hours of minor must be earned at Missouri Baptist University.

<sup>1</sup>For example, if a Bachelor of Science degree has previously been earned, then the student may pursue a Bachelor of Arts, Bachelor of Science in Education, Bachelor of Music, Bachelor of Music Education, or Bachelor of Professional Studies degree at Missouri Baptist University, but not another Bachelor of Science degree.

---

## General Education and Degree Requirements

Missouri Baptist University is committed to education in the liberal arts tradition. This general education program emphasizes a high level of academic achievement in a major field of study and places strong emphasis on a broad, cohesive, and firm foundation in the arts, language, sciences, and literature, which comprises the common heritage of mankind. The University faculty and administration believe that without this foundation, a student may be well trained to perform a certain task, and yet be severely limited in ability to understand, participate in, and contribute to the cultural, social, and political milieu of the society.

**Mission Statement:** General Education has been defined as the foundation of the higher education curriculum. It is designed to provide a coherent intellectual experience introducing the student:

1. to fundamental knowledge, skills, and values essential for the study of the academic disciplines;

2. to spiritual and cultural dimensions of life; and
  3. to a life dedicated to serving the community and the world.
- In conjunction with the Statement of Mission and Purposes of Missouri Baptist University, the purposes of the general education curriculum are as follows:

1. Students will be introduced to the fundamental principles, concepts, and methods essential for the acquisition of knowledge basic to a liberal arts education: mathematics, physical and natural sciences, social sciences, the arts, humanities, and composition.
2. Students will develop skills necessary to connect and apply knowledge across disciplines.
3. Students will develop writing, speaking, and listening skills necessary for effective communication.
4. Students will enhance their understanding of, and develop an appreciation for, diverse human cultures.
5. Students will hone their skills relative to thinking and solving problems critically, analytically, and creatively.
6. Students will improve their skills necessary for applying ethical principles to inquiry.
7. Students will increase their level of understanding and sophistication when rationally evaluating, interpreting, and reporting data.
8. Students will establish and strengthen a foundation for successfully integrating information technology across disciplines.
9. Students will develop and enhance an understanding of themselves as they relate to a global environment (socially, aesthetically, politically, and physically).

To aid in laying this foundation, a general education program has been designed: to encourage exploration into the liberal arts; to provide exposure to new knowledge and subject fields; and to furnish broad-based, cohesive academic guidelines integrating disciplines.

## General Education Requirements

The general education program must be completed by every student seeking a baccalaureate degree before graduation and includes the following:

## Communication Skills

3 courses, as listed below (at least 9 hours)

- ENGL 113 - English Composition I (MOTR ENGL 100)  
Semester Hours: *Three* †‡
- ENGL 123 - English Composition II (MOTR ENGL 200)  
Semester Hours: *Three* †‡<sup>1</sup>
- COMM 103 - Speech Communications (MOTR COMM 110)  
Semester Hours: *Three* \*

### Note(s)

† Must satisfy prerequisite or test before entering

\* *International students whose primary language is not English should take COMM 123 - Public Speaking and Diction instead of COMM 103.*

‡ All students who have not satisfied the general education and degree requirements in English are required to take the appropriate English course their first semester as a full-time student at Missouri Baptist University, and to pursue the sequence, without interruption, until the English requirement has been satisfied. Regular students who are not full-time must follow this procedure by the time they have earned 12 semester hours of college credit. Students may not withdraw from any English course in the sequence; they must take these courses for a letter grade of A, B, C, D, or F.

## Fine Arts and Humanities

At least 3 courses (at least 9 hours) from the courses listed below, including ENGL 203 and at least 1 course from a different discipline.

- ENGL 203 - World Literary Types (LITR 200) Semester Hours: *Three* **(required)**
- ARTS 153 - Art Appreciation (MOTR ARTS 100) Semester Hours: *Three*
- COMM 153 - Appreciation of Film (MOTR FILM 100) Semester Hours: *Three*
- COMM 223 - Introduction to Mass Media (MOTR SBSC 100) Semester Hours: *Three*
- COMM 233 - Introduction to Cross-Cultural Communication (MOTR SBSC 101) Semester Hours: *Three*<sup>10</sup>
- MUHL 153 - Appreciation of Music (MOTR MUSC 100) Semester Hours: *Three*<sup>2</sup>
- THEA 103 - Appreciation of Theatre Semester Hours: *Three*
- THEA 313 - History of Theatre I Semester Hours: *Three* (for Theatre majors only)
- THEA 323 - History of Theatre II Semester Hours: *Three* (for Theatre majors only)
- CPHI 203 - Introduction to Logic Semester Hours: *Three*<sup>3,4</sup>
- CPHI 213 - Introduction to Philosophy Semester Hours: *Three*<sup>3,4</sup>
- CPHI 433/533 - World Religions Semester Hours: *Three*<sup>3,4</sup>
- ENCP 433/533 - C. S. Lewis and J. R. R. Tolkien Semester Hours: *Three*<sup>3,4</sup>
- HONR 123 - Honors Seminar II Semester Hours: *Three* (Only for students in MBU Honors; may be applied to either Fine Arts/Humanities or Social & Behavioral Sciences but not to both)
- HUMT 153 - Travel Studies Semester Hours: *Three*
- IDST 313 - History and Philosophy of Science and Technology Semester Hours: *Three*<sup>3,4</sup>
- **OR** equivalent Fine Arts or Humanities background<sup>5</sup>

## Natural Science

1 course from the biological sciences and 1 course from chemistry or physical science (at least 7-9 hours; at least 1 course must have a lab).

### Biological Sciences

- BIOL 101 - Introduction to Biology Laboratory (MOTR BIOL 100L) Semester Hours: *One*<sup>6</sup> **AND**
- BIOL 103 - Introduction to Biology (MOTR BIOL 100L) Semester Hours: *Three*<sup>6</sup>  
**OR**
- BIOL 111 - General Biology I Laboratory (MOTR BIOL 150L) Semester Hours: *One* **AND**
- BIOL 113 - General Biology I (MOTR BIOL 150L) Semester Hours: *Three*  
**OR**
- BIOL 133 - Survey of Biology (MOTR BIOL 100) Semester Hours: *Three*<sup>6</sup>  
**OR**
- BIOL 201 - Human Biology Laboratory (MOTR LIFS 150L) Semester Hours: *One*<sup>6</sup> **AND**
- BIOL 203 - Human Biology (MOTR LIFS 150L) Semester Hours: *Three*<sup>6</sup>  
**OR**
- BIOL 233 - Plants and People Semester Hours: *Three*

## Chemistry or Physical Science

- CHEM 111 - Introduction to Chemistry Laboratory (MOTR CHEM 100L) Semester Hours: *One*<sup>6</sup> **AND**
- CHEM 113 - Introduction to Chemistry (MOTR CHEM 100L) Semester Hours: *Three*<sup>6</sup>  
**OR**
- CHEM 130 - General Chemistry I Problem Solving (MOTR CHEM 150L) Semester Hours: *Zero* **AND**
- CHEM 132 - General Chemistry I Laboratory (MOTR CHEM 150L) Semester Hours: *Two* **AND**
- CHEM 133 - General Chemistry I (MOTR CHEM 150L) Semester Hours: *Three*  
**OR**
- PHYS 101 - Introduction to Physical Science Laboratory (MOTR PHYS 110L) Semester Hours: *One*<sup>6</sup> **AND**
- PHYS 103 - Introduction to Physical Science (MOTR PHYS 110L) Semester Hours: *Three*<sup>6</sup>  
**OR**
- PHYS 122 - Geology and Earth Science Laboratory (MOTR GEOL 100L) Semester Hours: *Two*<sup>6</sup> **AND**
- PHYS 123 - Geology and Earth Science (MOTR GEOL 100L) Semester Hours: *Three*<sup>6</sup>  
**OR**
- PHYS 131 - College Physics I Laboratory (MOTR PHYS 150L) Semester Hours: *One* **AND**
- PHYS 133 - College Physics I (MOTR PHYS 150L) Semester Hours: *Three*  
**OR**
- PHYS 153 - Survey of Physical Science (MOTR PHYS 110) Semester Hours: *Three*<sup>6</sup>  
**OR**
- PHYS 211 - General Physics I Laboratory (MOTR PHYS 200L) Semester Hours: *One* **AND**
- PHYS 213 - General Physics I (MOTR PHYS 200L) Semester Hours: *Three*

## Mathematics

One course from the following (at least 3 hours)

- MATH 123 - Contemporary College Mathematics Semester Hours: *Three* †<sup>6,7</sup>
- MATH 133 - College Algebra (MOTR MATH 130) Semester Hours: *Three* †<sup>6</sup>
- MATH 155 - Precalculus (MOTR MATH 150) Semester Hours: *Five* †<sup>6</sup>
- **OR** A course with either MATH 133 or MATH 155 as prerequisite †<sup>6</sup>

### Note(s)

† Must satisfy prerequisite or test before entering

## Social and Behavioral Sciences

3 courses from at least two of the following disciplines as listed below, including U.S. & MO Constitution course: (at least 9 hours)

- POLS 103 - U.S. and Missouri Government and Constitution (MOTR POSC 101) Semester Hours: *Three* **(required)**
- ECON 103 - Survey of Economics for Non-Business Majors (MOTR ECON 100) Semester Hours: *Three*<sup>8,9</sup>
- ECON 113 - Macroeconomics (MOTR ECON 101) Semester Hours: *Three*<sup>8</sup>

- ECON 123 - Microeconomics (MOTR ECON 102) Semester Hours: *Three*<sup>8</sup>
- EDGE 203 - Introduction to World Geography (MOTR GEOG 101) Semester Hours: *Three*
- HIWO 113 - World History I (MOTR HIST 201) Semester Hours: *Three*
- HIWO 123 - World History II (MOTR HIST 202) Semester Hours: *Three*
- HIUS 213 - United States History I (MOTR HIST 101) Semester Hours: *Three*
- HIUS 223 - United States History II (MOTR HIST 102) Semester Hours: *Three*
- HONR 123 - Honors Seminar II Semester Hours: *Three* (Only for students in MBU Honors; may be applied to either Fine Arts/Humanities or Social & Behavioral Sciences but not to both)
- POLS 123 - State And Local Government Semester Hours: *Three*
- HIPO 233 - American Foreign Policy Semester Hours: *Three*
- PSYC 133 - General Psychology (MOTR PSYC 100) Semester Hours: *Three*<sup>8, 11</sup>
- PSYC 313 - Human Growth and Development (MOTR PSYC 200) Semester Hours: *Three*
- SOCO 113 - Introduction to Sociology (MOTR SOCI 101) Semester Hours: *Three*
- SOCO 323 - Marriage and the Family Semester Hours: *Three*
- SOCO 353 - Cultural Anthropology (MOTR ANTH 201) Semester Hours: *Three*
- SOCO 413 - Race and Ethnic Relations (MOTR SOCI 202) Semester Hours: *Three*
- SOHI 213 - Worldview and Social Issues (MOTR SOCI 201) Semester Hours: *Three*

## Elective Courses

*Students pursuing CORE 42 completion will be required to complete additional electives of general education courses to meet the minimum requirement of at least 42 hours of general education*

## Total Hours of General Education: At Least 37

<sup>1</sup> *Must complete an English composition course that includes the writing of a research paper. Students transferring in a course equivalent to ENGL 123 without a course equivalent to ENGL 113 may satisfy the remaining 3 hours needed to fulfill the Communication Skills general education requirement by completing ENGL 113 or choosing one course from the electives for the Writing Certificate in English.*

<sup>2</sup> *For non-music majors; music majors and minors must complete Music History I and II, which will satisfy six of the nine hours required. Students seeking certification through the Bachelor of Music Education degree must complete Introduction of Music Technology in addition to Music History I, II, and III, which will satisfy the nine hours required.*

<sup>3</sup> *Christian Ministry majors must complete at least two courses in Philosophy, one at the 200-level.*

<sup>4</sup> *Any upper-division Philosophy or IDST 313 History and Philosophy of Science and Technology may be substituted for a second Philosophy course if an introductory course in Philosophy or Logic has been completed. IDST 313 is required for Unified Science majors and is recommended for those seeking middle school science certification.*

*CPHI 203 is the preferred humanities course for students in the Teacher Education Program. CPHI 433/533 is recommended for those seeking middle school or secondary certification in Social Sciences.*

<sup>5</sup> *Courses which will be accepted in transfer as equivalent Humanities background to satisfy this requirement include: Humanities I, II, III, or*

*IV or any course carrying a departmental prefix of Humanities. Courses in literature, foreign language, or religion will **not** be accepted to satisfy general education requirements as these satisfy specific baccalaureate degree requirements. Courses which will be accepted in transfer as equivalent Fine Arts background include courses such as Dance Appreciation. Applied art, music, or ensemble/performance courses will **not** satisfy the Fine Arts general education requirements.*

<sup>6</sup> *For students not majoring in the Natural Sciences or Health and Sport Sciences; students with majors or minors in Biochemistry, Biology, Biotechnology, Chemistry, Exercise Science, Fitness Management, Health Education, Health Sciences, Healthcare Management, Physical Education, Mathematics, Middle Childhood Education, or Unified Science should consult the major requirements as listed in the catalog for the appropriate courses for their degree and field of study.*

<sup>7</sup> *This course includes a component covering the real number system and is recommended for Early Childhood and Elementary Education majors.*

<sup>8</sup> *Students seeking teacher certification must take PSYC 133 General Psychology (MOTR PSYC 100). Students pursuing certification in Middle School or Secondary Social Sciences must complete ECON 103 Survey of Economics for Non-Business Majors (MOTR ECON 100). School of Business majors must complete ECON 113 Macroeconomics (MOTR ECON 101) and ECON 123 Microeconomics (MOTR ECON 102).*

<sup>9</sup> *Students seeking Early Childhood or Elementary certification must complete ECON 103 to satisfy BSE requirements.*

<sup>10</sup> *COMM 233 Introduction to Cross-Cultural Communication (MOTR SBSC 101) is a preferred Fine Arts general education course for all teacher certification programs except middle or secondary Social Sciences, Unified Science, and middle school science. It is required for middle or secondary Speech/Theater majors.*

<sup>11</sup> *Students pursuing the Bachelor of Music Education degree must complete BOTH PSYC 133 AND EDPS 383 as 6 of the 9 hours required. Students seeking teacher certification in other areas, who have completed PSYC 133 General Psychology (MOTR PSYC 100), may take EDPS 383 Psychology of Teaching and Learning to satisfy 3 of the remaining 6 hours required.*

*Students seeking to earn the Associate of Science degree in Business Administration, Pre-Nursing, or Christian Ministry should check the desired area of concentration under Academic Divisions and Major Fields in this catalog for specific general education and degree requirements.*

In accordance with guidelines established by the Coordinating Board for Higher Education (CBHE) of the State of Missouri regarding articulation and the transfer of credit, most recently revised in April 2014, Missouri Baptist University grants junior standing to students transferring to the University with an Associate of Arts (A.A.) degree (earned after October 1987) or an Associate of Arts in Teaching (A.A.T.) degree from Missouri and Illinois institutions which are in compliance with CBHE general education requirements. This signifies that the lower division general education requirements for a baccalaureate degree at Missouri Baptist University have been satisfied by completion of the A.A. or A.A.T. degree. Students transferring with other than an A.A. or A.A.T. degree, or with an Associate of Arts degree which does not meet the above stipulations, are not automatically granted junior standing, and may be required to take additional general education courses. A student transferring to Missouri Baptist University from a Missouri or Illinois institution who has not completed an A.A. or A.A.T. degree, but who has completed the 42-credit hour General Education curriculum block prescribed by CBHE, shall be deemed to have completed all General Education requirements of Missouri Baptist University. Completion of the 42-hour block must be denoted by the sending institution on the student's transcript.

Missouri Baptist University also accepts associate degrees from Illinois community colleges which adhere to the Illinois Articulation Initiative (IAI) General Education Core Curriculum (GECC) as fulfilling the

lower division general education requirements for a baccalaureate degree at MBU.

All students must complete all major and specific degree program and/or certification requirements beyond the general education requirements (see the catalog sections on General Education Requirements and Degree Requirements for additional information).

See General Academic Programs page for CORE 42 information.

## Bachelor of Arts

The general education program is complemented by specific requirements for each of the seven baccalaureate degree programs. The student must complete all requirements for the degree plan selected before graduation. The completion of the general education requirements and the degree requirements comprise a cohesive liberal arts basis, preparing students for study in professional subject disciplines.

## Humanities

4 courses, as listed below (at least 12-14 hours)

- CBIB 113 - Old Testament History Semester Hours: *Three*
- **OR**
- CBIB 213 - Old Testament Theology Semester Hours: *Three* \*
- CBIB 123 - New Testament History Semester Hours: *Three*
- **OR**
- CBIB 223 - New Testament Theology Semester Hours: *Three* \*
- **Two courses in the same foreign language** Semester Hours: *Six to Eight*

### Note(s)

\*All ministry majors should take CBIB 213 - Old Testament Theology and CBIB 223 - New Testament Theology in place of CBIB 113 and CBIB 123. Other students interested in this option must be approved by the instructor.

## Health and Sport Sciences

3 hours

- KHSC 333 - Health and Wellness Semester Hours: *Three*

## Technology and Information Literacy

3 hours

- BCIS 103 – Survey of Computing Semester Hours: *Three*  
**OR**
- EDUC 373 – Technology and Instructional Media Semester Hours: *Three*  
**OR**
- Proof of demonstrated competency by exam testing out

### Note(s)

For transfer credit to be equated to this course the transfer course must have been completed within seven (7) years prior to initial registration at Missouri Baptist University. Former MBU students who are readmitting into the University must also have completed BCIS 103, EDUC 373, or an equivalent course within seven (7) years prior to the first semester of returning registration.

## Interdisciplinary Studies

2 courses (3-4 hours)

- IDST 101 - Collegiate Seminar Semester Hours: *One* (required for students entering MBU as freshmen)
- **OR**
- HONR 111 - Honors Seminar I Semester Hours: *One* (required for students admitted to MBU Honors entering as freshmen in place of IDST 101)
- **OR**
- IDST 200 - Transfer Student Orientation Semester Hours: *Zero*
- IDST 403 - World Citizen Semester Hours: *Three*
- **OR**
- HONR 413 - Honors Senior Seminar Semester Hours: *Three* (required for students in MBU Honors in place of IDST 403)

## Total Hours: 21-24

## Bachelor of Science

The general education program is complemented by specific requirements for each of the seven baccalaureate degree programs. The student must complete all requirements for the degree plan selected before graduation. The completion of the general education requirements and the degree requirements comprise a cohesive liberal arts basis, preparing students for study in professional subject disciplines.

## Humanities

2 courses, as listed below (6 hours)

- CBIB 113 - Old Testament History Semester Hours: *Three*
- **OR**
- CBIB 213 - Old Testament Theology Semester Hours: *Three* \*
- CBIB 123 - New Testament History Semester Hours: *Three*
- **OR**
- CBIB 223 - New Testament Theology Semester Hours: *Three*\*

## Natural Sciences and Mathematics

3 courses from the following (at least 9 hours)

- MATH 243 - Probability and Statistics (MOTR MATH 110) Semester Hours: *Three*
- Two courses in mathematics or natural sciences beyond the general education requirement (at least 6 hours).

## Health and Sport Sciences

3 hours

- KHSC 333 - Health and Wellness Semester Hours: *Three*

## Technology and Information

### Literacy

3 hours

- BCIS 103 – Survey of Computing Semester Hours: *Three*  
**OR**
- EDUC 373 – Technology and Instructional Media Semester Hours: *Three*  
**OR**
- Proof of demonstrated competency by exam testing out

#### Note(s)

*For transfer credit to be equated to this course the transfer course must have been completed within seven (7) years prior to initial registration at Missouri Baptist University. Former MBU students who are readmitting into the University must also have completed BCIS 103, EDUC 373, or an equivalent course within seven (7) years prior to the first semester of returning registration*

## Interdisciplinary Studies

2 courses (3-4 hours)

- IDST 101 - Collegiate Seminar Semester Hours: *One* (required for students entering MBU as freshmen)  
**OR**
- HONR 111 - Honors Seminar I Semester Hours: *One* (required for students admitted to MBU Honors entering as freshmen in place of IDST 101)  
**OR**
- IDST 200 - Transfer Student Orientation Semester Hours: *Zero*
- IDST 403 - World Citizen Semester Hours: *Three*  
**OR**
- HONR 413 - Honors Senior Seminar Semester Hours: *Three* (required for students in MBU Honors in place of IDST 403)

## Total: 24-25 Hours

## Bachelor of Science in Education

The general education program is complemented by specific requirements for each of the seven baccalaureate degree programs. The student must complete all requirements for the degree plan selected before graduation. The completion of the general education requirements and the degree requirements comprise a cohesive liberal arts basis, preparing students for study in professional subject disciplines.

The Bachelor of Science in Education degree is restricted to students seeking teacher certification at the early childhood, elementary, and middle childhood levels. Students must meet all requirements for certification before this degree will be conferred, including passing the following: 1) all sections of the Missouri General Education Assessment (MoGEA); 2) the Professional Development Folio (*semester prior to student teaching*); 3) the Missouri Content Assessment(s) (MoCA) for each area of certification sought; and 4) a passing composite score on their summative evaluation in the Missouri Educator Evaluation System (MEES).

## Humanities

2 courses, as listed below (6 hours)

- CBIB 113 - Old Testament History Semester Hours: *Three*  
**OR**
- CBIB 213 - Old Testament Theology Semester Hours: *Three* \*
- CBIB 123 - New Testament History Semester Hours: *Three*  
**OR**
- CBIB 223 - New Testament Theology Semester Hours: *Three*\*

#### Note(s)

*\*All ministry majors should take CBIB 213 CBIB 213 - Old Testament Theology and CBIB 223 CBIB 223 - New Testament Theology in place of CBIB 113 and CBIB 223 . Other students interested in this option must be approved by the instructor.*

## Mathematics

1 course (at least 3 hours)

- MATH 243 - Probability and Statistics (MOTR MATH 110) Semester Hours: *Three*
- **OR**
- another approved course beyond the mathematics general education requirement

## Social and Behavioral Sciences

18 hours as listed below (courses completed as a part of general education, major, or minor may be included)

- ECON 103 - Survey of Economics for Non-Business Majors (MOTR ECON 100) Semester Hours: *Three*
- EDGE 203 - Introduction to World Geography (MOTR GEOG 101) Semester Hours: *Three*
- HIUS 213 - United States History I (MOTR HIST 101) Semester Hours: *Three*
- HIUS 223 - United States History II (MOTR HIST 102) Semester Hours: *Three*
- POLS 103 - U.S. and Missouri Government and Constitution (MOTR POSC 101) Semester Hours: *Three*
- PSYC 133 - General Psychology (MOTR PSYC 100) Semester Hours: *Three*

## Health and Sport Sciences

### Note(s)

*For transfer credit to be equated to this course the transfer course must have been completed within seven (7) years prior to initial registration at Missouri Baptist University. Former MBU students who are readmitting into the University must also have completed BCIS 103, EDUC 373, or an equivalent course within seven (7) years prior to the first semester of returning registration*

## Interdisciplinary Studies

2 courses (3 hours)

- IDST 200 - Transfer Student Orientation Semester Hours: *Zero*
- IDST 403 - World Citizen Semester Hours: *Three*

## Total: at least 12 Hours

**\*All ministry majors should take CBIB 213 - Old Testament Theology and CBIB 223 - New Testament Theology in place of CBIB 113 and CBIB 123. Other students interested in this option must be approved by the instructor.**

## Bachelor of Professional Studies (MBU Online)

### Humanities

1-2 courses, as listed below (3-6 hours)

- CSCE 143 – Survey of Christian Literature and Thought
- **OR**
- CBIB 113 - Old Testament History Semester Hours: *Three*
- **AND**
- CBIB 123 - New Testament History Semester Hours: *Three*

## Technology and Information Literacy

3 hours

- BCIS 103 – Survey of Computing Semester Hours: *Three*
- **OR**

### Note(s)

*For transfer credit to be equated to this course the transfer course must have been completed within seven (7) years prior to initial registration at Missouri Baptist University. Former MBU students who are readmitting into the University must also have completed BCIS 103, EDUC 373, or an equivalent course within seven (7) years prior to the first semester of returning registration*

## Interdisciplinary Studies

1 course (3 hours)

- IDST 403 - World Citizen Semester Hours: *Three*

## Total: at least 9-12 Hours

### Note:

The online Bachelor of Professional Studies degree requires a minimum of 120 hours to complete, 42 of which must be upper division.

---

## MBU Honors

---

**Mission Statement:** MBU Honors engages a diverse population of highly motivated students with scholarly and creative challenges that empower and equip them to be expansive, innovative thinkers, conscious global citizens, and curious, committed followers of Christ. We ask that students take intellectual risks; that they hold themselves to high standards; that they act as servant leaders on campus and off; and that they engage the big questions of today and yesterday with rigor and charity. The program not only prepares students for careers and graduate school, but also trains them to become compassionate leaders, both in the Christian community and in the world.

## Application process

This four-year program is designed to enhance all undergraduate majors at the University and is open to all students applying for admission as freshmen for the Fall semester. Courses are offered only on the Main campus. Students must first be accepted to the University and then apply for MBU Honors

In the online application for MBU Honors, which must be submitted by the end of January, candidates address the following:

- Community involvement and service – including extracurricular and co-curricular activities in high school as well as other activities in church and your community
- Leadership experience – explain your work as an elected or appointed leader in various organizations
- Academic history – list or explain scholastic achievements, including GPA, specialized courses taken, advanced credit received, standardized test scores (ACT, SAT), and any special academic honors received
- Statement of intent – What do you hope to learn and achieve as an MBU student in general and a member of MBU Honors in particular? Tell us about your long-term education, career and life objectives. This portion of the application should be written in essay form and is used as a sample of your writing skills which will play a major role in consideration of your eligibility for MBU Honors. You need to craft your thoughts well.
- Chosen applicants will be invited to an on-campus interview in February
  - Students will be engaged in a seminar together on a topic of discussion and evaluated on their ability to listen, speak, and discuss effectively
  - Students will then be asked to write a reflective essay to how their ability to present thought in print effectively
  - Members of the Honors Council will conduct the seminar, evaluate the essays, and recommend 15-20 students for Honors

## Curriculum

### Freshman Year

HONR 111 - Honors Seminar I  
HONR 123 - Honors Seminar II

### Sophomore Year

HONR 313 - Conducting and Presenting Research  
HONR 323 - Creating and Presenting Independent Research

### Senior Year

HONR 421-423 - Senior Project†  
HONR 413 - Honors Senior Seminar‡

†*May be the Senior Capstone within the student's major with some additional research or presentation requirements for Honors credit or an independent project.*

‡*Replaces World Citizen for Honors students*

## Honors Contracts

Students are also required to complete at least three Honors Contracts during the course of their studies. Ideally, these contracts would be completed during the sophomore and junior years.

- Honors contracts are created between the student and the instructor of any class at MBU.
- The parameters of the Contract must be approved by the student, instructor and honors director.
- The course may be within the student's major or the broader education program of the University. There must be a significant amount of additional work, appropriate to the course objective and content.

## Beyond the Classroom

- Students will engage in one co-curricular activity per year for the first two years for a total of two activities.
- Activities will be accompanied by a discussion-based or writing-based assignment to be turned in within one week of the activity. Equivalencies for this assignment can be determined by the Honors Director.

## Beyond the Curriculum

- Students will engage in two extracurricular activities per year for the first two years for a total of four activities. Extracurricular activities must be a cultural event, service, service-learning or an equivalency as approved by the honors director.
- Activities will be accompanied by a discussion-based or writing-based assignment to be turned in within one week of the activity. Equivalencies for this assignment can be determined by the honors director.

## Honors Community and Housing

The MBU Honors Program stresses rigorous study and active service but also seek to create a community of students with similar goals and interests. It is important for the students to have time together for the community to be developed outside of the classroom. To facilitate the development of the Honors community, Honors students living on campus will be offered preferred housing in a section of the Spartan Village apartments. This block of apartments will help the students interact more freely. In addition the housing we seek to have a space available for Honors students to have both formal and informal gatherings during the school year on a regular basis.

All members of the Honors community will have two regular meetings and events each semester, to be determined by the Honors Council.

## Honors in the World

All Honors students will take part in at least one of the following travel options during their time at MBU:

—Best Semester—Study Abroad—Travel Studies

## Honors Financial Aid

Honors applicants are eligible for all academic scholarships currently in place, as well as other performance based scholarships. Those selected for Honors will be eligible for an Honors scholarship for as long as they remain in MBU Honors, subject to institutional policies and limits. Those who choose on-campus room & board also experience some savings.

## Recognition

A tangible award will be presented to all who complete MBU Honors. This may be in the form of a medallion, stole, hood, or academic cap. Special awards may be presented to students who go “beyond” the minimum requirements of MBU Honors or have exceptional work that merits additional recognition within the University and community.

## Interdisciplinary Studies

**Mission Statement:** The Interdisciplinary Program at Missouri Baptist University seeks to carry out its liberal arts mission by providing courses which integrate the various academic disciplines. These courses attempt to assist students to develop skills and knowledge to gain a liberal education and to explore a coherent Christian framework for understanding and interacting within a global society.

## Major

### Liberal Arts: BA, BS

The major is interdisciplinary in nature and is designed to be flexible, allowing the student to tailor the courses to meet particular areas of interest. All courses must be upper division (300- or 400-level). No more than nine hours in the major may be applied toward satisfying general education and/or degree requirements.

## Major Requirements

### Courses Required for the Major

- Upper Division Courses in Natural Sciences Semester Hours: *Nine*
- Upper Division Courses in Social/Behavioral Sciences Semester Hours: *Nine*
- Upper Division Courses in Fine Arts and Humanities Semester Hours: *Nine*
- Upper Division Electives Semester Hours: *Nine*

### Liberal Arts Capstone Requirement

- IDST 473 - Liberal Studies Research Capstone Semester Hours: *Three*

Total: 39 Hours

---

## School of Business

---

**Mission Statement:** In accordance with the mission statement of Missouri Baptist University, the School of Business seeks to provide a personalized academic program, based on a Christian, liberal arts, worldview that is applicable to the business world of today. The program is designed to produce motivated graduates equipped with practical, ethical, current business skills, and social attitudes and ideals based on Christian precepts.

The School of Business offers majors and minors in Accounting, Applied Management, Business Administration, Healthcare Management, Information Technology, Management, and Marketing. A minor is also offered in Entrepreneurship for students in any discipline. A concentration in Entrepreneurship is offered for students majoring in Management.

### Admission Requirements for the programs

The School of Business requires a minimum standard of academic performance for acceptance into the School of Business for any major in business, except applied management. Specifically:

Freshmen: Student must have a high school cumulative GPA of 2.8 or higher on a 4.0 scale and an ACT score of 20. Transfers: Student must have a 2.5 or higher cumulative GPA.

Students not meeting the admission requirement may be immediately accepted into the applied management major. Students wishing to be admitted into the other business majors will be allowed to present a written request for acceptance to the Dean of the School of Business after at least one full semester of study at MBU if the cumulative 2.5 GPA requirement has been met. *A 2.5 cumulative grade point average is required for graduation.*

### Requirements for Second Majors Within the School of Business

Students wishing to earn a second major or dual degree within the School of Business must complete all of the requirements for both majors and may not count elective courses toward more than one major within the School of Business. Third majors are not allowed.

## SCHOOL OF BUSINESS INTERNSHIPS

Internship opportunities are available to School of Business majors and minors in the areas of Accounting, Business Administration, Information Technology, Management, and Marketing. Students must have completed coursework in the internship field prior to enrolling in this course. Students will be exposed to real world experiences in a specific field of business. Variable credit may be taken in different field settings, not to exceed a combined total of six hours. See the course description under each field for more information.

### Accounting

**Mission Statement:** In accordance with the mission statement of Missouri Baptist University and the academic program, the Accounting discipline provides curriculum appropriate for a major field of study preparing students for the professional and ethical practice of Accounting.

### Applied Management

**Mission Statement:** In accordance with the mission statement of Missouri Baptist University and the academic program, the Applied Management discipline provides a broad-based curriculum designed to prepare students for professional careers

## Business Administration

**Mission Statement:** In accordance with the mission statement of Missouri Baptist University and the academic program, the Business Administration discipline provides a broad-based curriculum designed to prepare students for professional careers.

## Healthcare Management

**Mission Statement:** In accordance with the mission statement of Missouri Baptist University and the academic program, the Healthcare Management major provides a solid curriculum in management principles and concepts applicable in healthcare and healthcare industry environments and settings. The healthcare management core contains courses designed for the specialty while the major requirements allow for cross-discipline flexibility to pursue tracks of interest particular to individual students. The Healthcare Management discipline provides a curriculum that prepares students for management careers in the healthcare industry.

## Information Technology

**Mission Statement:** In accordance with the mission statement of Missouri Baptist University and the academic program, the Information Technology discipline provides a multi focus curriculum that can lead to life-long careers in Information Technology. Students are prepared by receiving a core of technical knowledge and specialization in a specific technical area. Selected courses are designed so students may obtain entry level Information Technology certifications in addition to their degree. In addition, the curriculum provides a Business Administration minor so students are equipped to provide organizations with technology solutions that are related to their mission. Ultimately, the goal is for students to be ethically and technically well rounded, a technology specialist, and a liaison between business and technology.

## Management

**Mission Statement:** In accordance with the mission statement of Missouri Baptist University and the academic program, the Management discipline provides a broad-based curriculum preparing students for professional careers in management.

## Marketing

**Mission Statement:** In accordance with the mission statement of Missouri Baptist University and the academic program, the Marketing discipline provides a broad-based curriculum, preparing students for professional careers in marketing.

- MGPS 403/503 - Organizational Behavior and Leadership Semester Hours: *Three*<sup>3</sup> <>
- MRKT 313 - Introduction to Marketing Semester Hours: *Three* †

**Total: 43 Hours**

<sup>1</sup>Bachelor of Science Degree Requirement credit hours

<sup>2</sup>General Education Requirement credit hours

<sup>3</sup>See the catalog section on Senior Permission for information on earning graduate credit for this course.

### Required Business (BUSN) course

- BUSN 403 - Business in A Global Environment Semester Hours: *Three*

**Total: 3 Hours**

### Required Marketing (MRKT) courses

- MRKT 363 - Market Management Semester Hours: *Three*
- MRKT 373 - Market Research Semester Hours: *Three*
- MRKT 383 - Consumer Behavior Semester Hours: *Three*

**Total: 9 Hours**

### Electives

**6 hours electives from the following**

- BUSN 333 - Leadership in Free Enterprise Semester Hours: *Three*
- BUSN 413 - Business Law I Semester Hours: *Three*  
**OR**
- BUSN 423 - Business Law II Semester Hours: *Three*
- BUIR 473 - Business Internship in Marketing Semester Hours: *Three*

- COMR 373 - Principles of Public Relations Semester Hours: *Three*
- ENTR 303 - Introduction to Entrepreneurship Semester Hours: *Three*
- ENTR 363 - Entrepreneurial Finance Semester Hours: *Three*

**Total: 6 Hours**

### Note

- Students should pay careful attention to courses which are only offered once a year, or every other year (see course descriptions), so that graduation may occur in a timely manner.
- Students are encouraged to declare a second major before completing 60 hours.

**Total: 61 Hours**

## Accounting Minor (for all Majors)

**CIP Code:52.0301**

The student must complete 18 hours in Accounting, including the following courses:

### Required Accounting (ACCT) Courses

- ACCT 213 - Principles of Financial Accounting Semester Hours: *Three*
- ACCT 223 - Principles of Managerial Accounting Semester Hours: *Three*
- ACCT 313 - Intermediate Accounting I Semester Hours: *Three*
- ACCT 323 - Intermediate Accounting II Semester Hours: *Three*

### Required Upper Division Accounting (ACCT) Electives

**Total: 6 Hours**

### Note

- **Students should pay careful attention to courses which are only offered once a year, or every other year** (see course descriptions), so that graduation may occur in a timely manner.
- Students are encouraged to **declare a second major before completing 60 hours.**

**Total: 18 Hours**

## Business Administration Minor (for Non-Business Majors)

CIP Code: 52.0201

The student must complete the following:

### Required Accounting (ACCT) Courses

- ACCT 213 - Principles of Financial Accounting Semester Hours: *Three*
- ACCT 223 - Principles of Managerial Accounting Semester Hours: *Three*

### Required Business (BUSN) Courses

- BUSN 303 - Business Ethics Semester Hours: *Three*
- BUSN 353 - Communication Strategies in Business Semester Hours: *Three*

### Required Management (MGMT) Course

- MGMT 303 - Management Concepts and Practices Semester Hours: *Three*

### Required Marketing (MRKT) Course

- MRKT 313 - Introduction to Marketing Semester Hours: *Three*

Total: 18 Hours

## Business Administration Minor (for School of Business Majors)

CIP Code: 52.0201

This minor is granted to all majors within the School of Business, except Business Administration, as a result of completing the School of Business Core.

## Entrepreneurship Minor

CIP Code: 52.0701

### Minor Requirements

- BCIS 453 - E-Commerce Semester Hours: *Three*
- BUSN 333 - Leadership in Free Enterprise Semester Hours: *Three*
- ENTR 303 - Introduction to Entrepreneurship Semester Hours: *Three*
- ENTR 363 - Entrepreneurial Finance Semester Hours: *Three*
- ENTR 463 - New Venture Planning Semester Hours: *Three*

- MRKT 413 - Digital and Social Media Marketing Semester Hours: *Three*

Total: 18 Hours

## Healthcare Management Minor

CIP Code: 51.0701

*for all majors*

### Required Healthcare Management (HCMG) Courses

- HCMG 303 - Introduction to Healthcare Systems Semester Hours: *Three*
- HCMG 313 - Ethical and Legal Issues in Healthcare Semester Hours: *Three*
- HCMG 403 - Healthcare and Public Policy Semester Hours: *Three*
- HCMG 433 - Clinical Overview of Healthcare Systems Semester Hours: *Three*

### Electives in Healthcare Management (HCMG)

2 courses from the following:

- HCMG 323 - Introduction to Marketing for Healthcare Systems Semester Hours: *Three*
- HCMG 333 - Introduction to Healthcare Information Technology Semester Hours: *Three*
- HCMG 363 - Financial Management of Healthcare Systems Semester Hours: *Three*
- HCMG 413 - Human Resources and Staffing in Healthcare Settings Semester Hours: *Three*
- HCMG 423 - Healthcare Informatics Semester Hours: *Three*
- HCMG 443 - Compliance and Accreditation of Hospital [Healthcare] Systems Semester Hours: *Three*

Total: 6 Hours

Total: 18 Hours

## Information Technology Minor

CIP Code: 11.0103

*for all majors*

### Minor Requirements

- BCIS 303 - Information Technology Theory and Practice Semester Hours: *Three*
- ITBU 203 - Introduction to Application Development Semester Hours: *Three*

- ITBU 213 - It Infrastructure Semester Hours: *Three*
- ITBU 333 - System Analysis and Design Semester Hours: *Three*
- ITBU 353 - Data and Information Management Semester Hours: *Three*
- ITBU 473 - Project Management Semester Hours: *Three*

Total: 18 Hours

## Minor: Management (for Non-Business Majors)

CIP Code: 52.0299

### Required Courses

- BUSN 303 - Business Ethics Semester Hours: *Three*
- MGMT 303 - Management Concepts and Practices Semester Hours: *Three*
- MRKT 313 - Introduction to Marketing Semester Hours: *Three*

### Electives

Three courses from the following that have not been applied to another minor:

- BUSN 333 - Leadership in Free Enterprise Semester Hours: *Three*
- BUSN 403 - Business in A Global Environment Semester Hours: *Three*
- MGMT 323 - Small Business Management Semester Hours: *Three*
- MGMT 353 - Production and Operations Management Semester Hours: *Three*
- MGMT 433 - Human Resource Management Semester Hours: *Three*
- MGMT 363 - Managing Organizational Change and Diversity Semester Hours: *Three*
- MGMT 443 - Leadership Seminar Semester Hours: *Three* (must meet GPA requirements)
- MGPS 403/503 - Organizational Behavior and Leadership Semester Hours: *Three*<sup>1</sup>
- MRKT 363 - Market Management Semester Hours: *Three*

### Note

<sup>1</sup>See the catalog section on Senior Permission for information on earning graduate credit for this course.

Total: 18 Hours

## Minor: Management (for School of Business Majors)

CIP Code: 52.0299

### Required Management (MGMT) Courses

- MGMT 353 - Production and Operations Management Semester Hours: *Three*
- MGMT 363 - Managing Organizational Change and Diversity Semester Hours: *Three*
- MGMT 433 - Human Resource Management Semester Hours: *Three*

Total: 9 Hours

### Electives

Three courses from the following that have not been applied to another Business Division major or minor

- BUSN 333 - Leadership in Free Enterprise Semester Hours: *Three*
- BUSN 403 - Business in A Global Environment Semester Hours: *Three*
- MGMT 323 - Small Business Management Semester Hours: *Three*
- MRKT 363 - Market Management Semester Hours: *Three*

Total: 9 Hours

Total: 18 Hours

## Minor: Marketing (for Non-Business Majors)

CIP Code: 52.1401

### Required Courses

- BUSN 303 - Business Ethics Semester Hours: *Three*
- MGMT 303 - Management Concepts and Practices Semester Hours: *Three*
- MRKT 313 - Introduction to Marketing Semester Hours: *Three*
- MRKT 363 - Market Management Semester Hours: *Three*
- MRKT 373 - Market Research Semester Hours: *Three*

### Electives

One course from the following:

- MRKT 383 - Consumer Behavior Semester Hours: *Three*
- MRKT 403 - International Marketing Semester Hours: *Three*

## Total: 18 Hours to Complete Minor Requirements

### Minor: Marketing (for School of Business Majors)

CIP Code: 52.1401

#### Required Marketing (MRKT) Courses

- MRKT 363 - Market Management Semester Hours: *Three*
- MRKT 373 - Market Research Semester Hours: *Three*
- MRKT 383 - Consumer Behavior Semester Hours: *Three*
- MRKT 403 - International Marketing Semester Hours: *Three*

#### Electives

Two courses from the following that has not been applied to another Business major or minor:

- MRKT 403 - International Marketing Semester Hours: *Three*
- COMR 373 - Principles of Public Relations Semester Hours: *Three*
- SMGT 373 - Sport Marketing Semester Hours: *Three*
- ITBU 363 - Business Analytics Semester Hours: *Three*

Total: 18 Hours

---

## School of Education

---

**Mission Statement:** The School of Education at Missouri Baptist University seeks to develop reflective, problem-solving, professional educators of excellence from a Christian perspective; to enhance the lives of students in the classroom intellectually, spiritually, physically, and socially; and to significantly influence students through the demonstrated integration of Christian faith and learning in the classroom, so that they may become positive change agents in a globally and culturally diverse society.

This means more than simply valuing human diversity; it includes an imperative to promote equity and social justice and to intentionally prepare candidates to develop the knowledge bases, interpersonal skills, and dispositions for serving diverse populations. Preparing candidates to become agents of social change is consistent with the Christian perspective and is reflected not only in the classroom, but also in field experiences in diverse settings. Based on its mission, the unit has undertaken the task of ensuring each candidate has experiences in schools with students from varied socioeconomic backgrounds, varied racial and ethnic groups, English language learners, and exceptional learners.

The following nine standards serve as the guiding principles by which MBU's educator preparation programs are measured:

Missouri Baptist University prepares licensure candidates who:

1. Consistently demonstrate the content, pedagogical, and pedagogical content knowledge necessary to facilitate learning for all students, and to demonstrate the knowledge, skills, competencies, and dispositions defined as appropriate to their area of responsibility.
2. Analyze and reflect on their practice using a variety of assessment strategies, including action research, and are committed to continued professional development.
3. Observe and practice solutions to problems of practice in diverse clinical settings and with diverse PK-Grade 12 student populations.
4. Use their self-awareness and knowledge of diversity to create learning environments that support their belief that through active hands-and-mind-on learning, all students can learn challenging curricula.
5. Demonstrate and promote the strategic use of technology to enhance learning and professional practice.
6. Support schools, students, and community through leadership, service, and personal involvement.
7. Develop effective and supportive relationships that enhance communication among students, parents, and colleagues to facilitate learning.
8. Exhibit empathy for and sensitivity to students and colleagues.
9. Actively practice the profession's ethical standards.

Drawing from a rich combination of broad-based experiences and academic preparation, the professional education faculty seeks to facilitate in each student:

1. The development of an educational posture which is child-centered, experientially and authentically based, and consistent with a Christian perspective;
2. The enhanced awareness of Christian moral and ethical responsibilities relative to education in a diverse and changing society;
3. The development of critical thinking and effective problem-solving skills through a variety of traditional technologically-based experiences;
4. The application of experiential and research-based theories into the pedagogical process.

This program fosters in students a reflective and problem-solving heuristic (model) so that Missouri Baptist University graduates are able

to make informed decisions as professional educators. The program consists of a planned, integrated system (pattern) of coursework and authentic learning (field) experiences designed to enable the student to acquire a strong knowledge base and core of subject competencies, as well as to develop constructive social and personal attitudes to serve as a reflective professional in the education field. To that end, all students seeking state certification within the School of Education at Missouri Baptist University are expected to know and to be able to demonstrate their competency.

Those seeking initial certification to teach must demonstrate their competency in nine (9) standards as adopted by the Missouri State Board of Education as a part of the Missouri Teacher Standards.

1. Content Knowledge Aligned with Appropriate Instruction
2. Student Learning, Growth, and Development
3. Curriculum Implementation
4. Critical Thinking
5. Positive Classroom Environment
6. Effective Communication
7. Student Assessment and Data Analysis
8. Professionalism
9. Professional Collaboration

More detailed information concerning the Professional Development Folio requirements may be found in the *Professional Development Folio Guide for Teachers and Library Media Specialists*, available online FA-19.

## Certification Options Available

| Certification          | Subject Area                            | Concentration/Endorsement | Grade Level   | Undergraduate | Graduate | Stand Alone/Add-on           |
|------------------------|---|---------------------------|---------------|---------------|----------|------------------------------|
| Early Childhood (PK-3) |   |                           | Birth-Grade 3 | X             | X        | SA/AO                        |
| Elementary (1-6)       |   |                           | 1-6           | X             | X        | SA/AO                        |
| Middle School (5-9)    | Business Education                      |                           | 5-9           | X             | X        | SA/AO                        |
|                        | Language Arts                           |                           | 5-9           | X             | X        | SA/AO                        |
|                        | Social Studies                          |                           | 5-9           | X             | X        | SA/AO                        |
|                        | Mathematics                             |                           | 5-9           | X             | X        | SA/AO                        |
|                        | Science                                 |                           | 5-9           | X             | X        | SA                           |
|                        | Speech/Theatre                          |                           | 5-9           | X             | X        | SA/AO                        |
| Secondary              | Biology                                 |                           | 9-12          | X             | X        | SA                           |

|                        | Psychological Examiner <sup>4</sup>     |                           | K-12          |               | X        | AO                           |
| Administration         | Elementary Principal <sup>5</sup>       |                           | K-8           |               | X        | SA                           |
|                        | Middle School Principal <sup>6</sup>    |                           | 5-9           |               | X        | AO                           |
|                        | Secondary Principal <sup>5</sup>        |                           | 9-12          |               | X        | SA                           |
|                        | Special Education Director <sup>7</sup> |                           | K-12          |               | X        | SA                           |
|                        | Superintendent <sup>8</sup>             |                           | K-12          |               | X        | SA                           |

<sup>1</sup> Teacher must be certified in another elementary, middle school, or secondary teaching field.

<sup>2</sup> Library Media Specialist is available as a stand-alone certification at the graduate level; students may pursue this certification in conjunction with the Master of Arts in Teaching or for certification only. Students already certified in another area may add a Library Media Specialist endorsement.

<sup>3</sup> A valid Missouri teacher's certificate in another elementary, middle, or secondary teaching field and two (2) years of classroom teaching experience are required.

<sup>4</sup> A valid Missouri teacher's certificate or student services certificate is required.

<sup>5</sup> A valid Missouri teacher's certificate plus two (2) years of classroom teaching experience are required.

<sup>6</sup> A valid Missouri elementary or secondary principal's certificate is required.

<sup>7</sup> Certification in special education or student services, a Master of Educational Administration degree, and a minimum of two (2) years teaching experience in special education or student services are required.

<sup>8</sup> A minimum of one (1) year of experience as a building- or district-level administrator at a public or accredited non-public school is required.

## Programs Offered

The academic degree plans offered by the School of Education, with the exception of Child Development and Studies in Teaching and Learning, are designed to meet Missouri State Teacher Certification requirements. The Child Development major is intended for those individuals who desire to work in settings not requiring state teacher certification, such as daycare centers and preschools. Studies in Teaching and Learning are available for students who are not in a position to complete certification but are otherwise ready to graduate.

The Missouri Baptist University Teacher Education Program prepares professional educators for certification in both public and private educational settings at the following levels:

|  |  |
|--|--|
| Early Childhood  | Birth-Grade 3                          |
| Elementary   | Grades 1-6                             |
| Middle School  | Grades 5-9                             |
| Secondary  | Grades 9-12                            |
| K-12   | Kindergarten-Grade 12                  |
| Special Education:<br>Early Childhood<br>Cross-Categorical Disabilities Mild to Moderate | Birth-Grade 3<br>Kindergarten-Grade 12 |
| Driver Education*  | Grades 9-12                            |
| Special Reading*   | Kindergarten-Grade 12                  |

\*Requires initial certification in another field

At the middle school level, certification is offered in the following areas of concentration: Business Education, Language Arts, Mathematics, General Science, Social Science, and Speech/ Theatre. At the secondary level, certification is offered in Biology, Business Education, Chemistry, English, Marketing Education, Mathematics, Social Science, and Speech/Theatre. At the K-12 level, certification is offered in the following areas: Health, Music (vocal or instrumental), Physical Education, and Library Media Specialist (available at the graduate-level only). Special education certifications include Early Childhood (birth-grade 3) and Cross-Categorical Disabilities Mild to Moderate (K-12). Driver Education and Special Reading (graduate only) are programs which require Missouri certification in another field. Special Reading also requires two years of teaching experience.

## Missouri Educator Gateway Assessments (MEGA)

The Missouri Educator Gateway Assessments (MEGA) are a part of the Missouri Standards for the Preparation of Educators (MoSPE) Standard 2 – Design and Assessment. MEGA has three objectives in identifying the right educators, evincing knowledge of content, and demonstrating a positive impact on student growth. Students will be required to complete any new assessments that are implemented during the course of their certification program as required by DESE.

The **Missouri General Education Assessment (MoGEA)** has replaced C-BASE as the general education entry examination. Undergraduate degree-seeking students who are pursuing teacher certification will also take MoGEA in the same semester as EDUC 201 - Professional Growth and Folio Development I (second semester of the sophomore year or first semester of enrollment for students transferring with a class rank of junior or higher). Candidates who do not pass all sections of MoGEA on the first attempt may appeal to be admitted based on an ACT composite score of 20 or higher (or comparable SAT score) taken within the last five years.

The **Missouri Content Assessments (MoCA)** replaced Praxis in Missouri as the content area exit exam beginning September 2014.

Visit the MEGA website <http://www.mo.nesinc.com/> for more information or to register for the MoGEA or MoCA.

The required performance assessment to be completed during the student teaching semester has changed from the Missouri Preservice Teacher Assessment (MoPTA), effective 9/1/2018. Candidates for certification now must achieve a passing composite score on their **Missouri Educator Evaluation System (MEES)** summative evaluations by their cooperating teacher and field supervisor.

## Watermark Via

The Missouri Baptist University School of Education (SOE) is implementing a new tool to help make the preparation experience even more effective for initial teacher certification candidates: **Watermark Via**, which will be used throughout coursework in the Teacher Education Program (TEP). Watermark Via is an exciting learning and assessment software tool that will give the MBU SOE more efficient, integrated ways to support initial teacher candidates' growth and success throughout their program.

Watermark Via is going to be the home for candidates to create their Professional Development Folios, but it will also be used in many additional ways, both while enrolled at MBU and after graduation. A **one-time course registration for EDAS WM7 Watermark 7-Year License** provides a **7-year license to Via** as well as online access to the *Professional Development Folio Guide for Teachers and Library Media Specialists*, and allows for a centralized system for the following:

- Managing and organizing coursework and key assignments across multiple courses (partnering with Canvas)
- Storing academic files and work samples
- Collaborating with peers and receiving timely feedback from instructors, particularly related to observations in field experiences and student teaching
- Learning about and getting feedback on the professional dispositions candidates need to develop, refine, and master in order to become effective PK-12 teachers
- Developing multiple, personalized ePortfolios that can be shared with anyone, including potential employers, and which can be integrated with social media accounts. Candidates will also be able to access all of these materials even after a class has been completed, making it easy to collect and showcase work for multiple audiences, both within and outside MBU, while enrolled in the TEP and after graduation.

Because Watermark Via is going to be used in multiple ways across all SOE coursework, beginning in the Fall 2019 semester candidates will purchase the 7-year license early in the program **by signing up for EDAS WM7** in the same semester as EDCL 211 Teaching Field Experience I, EDUC 201 Professional Growth and Folio Development I, EDUC 303 Methods of Teaching and Differentiated Instruction, and/or MUED 313 Early Childhood/Elementary School Music Methods (or if one or more of these courses has already been completed)

## Teacher Education Admission Procedures:

All candidates for Missouri State Teacher Certification must be formally admitted into the Teacher Education program at Missouri Baptist University. This process begins with the Teacher Education Admission Packet (TEAP) completed in conjunction with EDUC 201 - Professional Growth and Folio Development I. No student will be allowed to student teach unless he or she has been formally admitted into the Teacher Education program. Candidates must be formally admitted in order to enroll in EDUC 401 Professional Growth and Folio Development II and EDCL 411/511 Teaching Field Experience II or to schedule their student teaching (second) interview.

The Teacher Education Admission Packet includes the Teacher Education Program Release/Waiver Form, Application for Admission to the Teacher Education Program, Initial Certification Dispositions Usage and Purpose Agreement, Teacher Education Timeline Acknowledgment Form, and Self-Assessment of Diversity Proficiencies (Admission), along with submission of a current resume,\* philosophy of education,\* autobiographical sketch,\* and three letters of recommendation (one of which must be from a Missouri Baptist University faculty member). **ACT or SAT scores and Missouri General Education Assessment (MoGEA) scores are also required only for undergraduate degree-seeking candidates.** Those who have not passed all sections of MoGEA on the first attempt may appeal to be admitted based on an ACT composite score of 20 or higher (or comparable SAT score) taken within the last five years. **It must be noted that no undergraduate degree-seeking candidate will be admitted into the Teacher Education program and/or be allowed to student teach without satisfying the required general education assessment measure.** \*\* Post-baccalaureate students seeking initial certification, whether at the graduate- or undergraduate level, are exempt from the general education assessment requirement, per DESE rules (5 CSR 20-400.310, Appendix A 11).

GPA Requirements for admission to the Teacher Education Program, approval to student teach, and recommendation for certification:

- 2.750 overall GPA (including all coursework from all colleges and universities attended) \*\*
- 3.000 content area GPA with no grade lower than C for those pursuing middle, secondary, or K-12 content area certification \*\*
- 3.000 professional education GPA with no grade lower than C for those pursuing middle, secondary, or K-12 content area certification \*\*
- 3.000 program GPA with no grade lower than C for those pursuing certification in early childhood, elementary, or special education \*\*

Undergraduate students may take the following 20 credit hours prior to completing the process for admission to the Teacher Education Program:

## Teacher Education Program

### Core

- EDUC 201 - Professional Growth and Folio Development I, Semester Hours: *One (Must be taken second semester of the sophomore year or first semester of enrollment for students transferring with a class rank of junior or higher)*
- EDUC 203 - Teaching in A Diverse Society, Semester Hours: *Three † (Must be taken with EDUC 201 and EDCL 200)*
- EDCL 200 - Teaching in A Diverse Society Field Experience, Semester Hours: *Zero*
- EDCL 211 - Teaching Field Experience I, Semester Hours: *One*
- EDUC 210 - Field Experience I Seminar, Semester Hours: *Zero (must be taken concurrently with EDCL 211)*
- EDUC 303 - Methods of Teaching and Differentiated Instruction, Semester Hours: *Three*
- ECTA 323 - Curriculum, Assessment, and Data-Based Decision Making, Semester Hours: *Three*
- EDUC 373 - Technology and Instructional Media, Semester Hours: *Three*
- EDPS 383 - Psychology of Teaching and Learning, Semester Hours: *Three*
- PSYC 313 - Human Growth & Development, Semester Hours: *Three*

## Note

**In accordance with School of Education policies, students who are not admitted to the Teacher Education Program are not permitted to register for 400/500-level education classes without written approval from the Associate Dean of Education for Teacher Education and Student Affairs as noted on the Teacher Education Program Admission Probation Form.\*\***

† Students who transfer in a course that does not include an equivalent field experience must take EDCL 200 Teaching in a Diverse Society Field Experience.

\* These documents will be reviewed for mechanical errors (grammar, punctuation, spelling, formatting, etc.) as well as content. The TEAP will not be considered complete until final recommended revisions have been made and accepted.

\*\* Undergraduate degree-seeking students who have not passed all sections of MoGEA and do not have an ACT composite score of 20 or higher (or comparable SAT score) within the last five years, but who have submitted all materials required for admission listed above and have successfully passed their admission interview, may be permitted to take education courses at the 400-level provided they have completed a Teacher Education Program Admission Probation Form and have been approved to continue by the Associate Dean of Education for Teacher Education and Student Affairs. Likewise, students who have not met the GPA requirements for admission, may also be permitted to take education courses at the 400-level provided they have completed a Teacher Education Program Admission Probation Form and have been approved to continue by the Associate Dean of Education for Teacher Education and Student Affairs. Approval to continue on probation for either MoGEA or GPA issues must be approved on a semester by semester basis.

**All candidates must be fully admitted before they will be allowed to register for EDCL 411/511 Teaching Field Experience II and EDUC 401 Professional Development Folio II or to schedule their student teaching (second) interview.**

## Background Checks for Field Experience and Student Teaching Placement

A completed background check is required by most school districts prior to beginning observations in all field experiences\* and for student teaching. A new background check is required each semester. All students participating in a field experience or student teaching are required to request a background check through the Family Care Safety Registry of the Department of Health and Senior Services.

## Family Care Safety Registry

Missouri's Family Care Safety Registry (FCSR) was established by law to promote family and community safety. The registry helps to protect children, seniors, and the disabled by providing access to background information. Background information consists of Missouri data only and is accessed through the following state agencies:

- State criminal background records maintained by the Missouri State Highway Patrol
- Sex Offender Registry information maintained by the Missouri State Highway Patrol
- Child abuse/neglect records maintained by the Missouri Department of Social Services
- The Employee Disqualification List maintained by the Missouri Department of Health and Senior Services
- The Employee Disqualification Registry maintained by the Missouri Department of Mental Health

- Child-care facility licensing records maintained by the Missouri Department of Health and Senior Services
- Foster parent licensing records maintained by the Missouri Department of Social Services

The DHSS provides convenient registration via the internet at <http://health.mo.gov/safety/fcsr/>.

#### First-time registrants:

1. Upon entering the DHSS website, click the "Register Online" link and follow all instructions. A social security number and valid credit or debit card are required. "Under Type of Worker," click on "Voluntary."
2. The registration cost of \$14.00 is the responsibility of the student requesting the background check. Debit and credit cards are the forms of payment accepted. There is a \$1.25 processing fee.
3. If an emailed copy is requested it will usually be sent within 15 minutes.
4. It is the student's responsibility to submit a copy to the Teacher Education Office.
5. This emailed notification should also be taken to the school where the student is observing.

#### If you are already registered:

1. A person needs to register only one time. Click on the link, "Is A Person Already Registered?" and type in the Social Security number to verify that a person is registered with the Family Care Safety Registry.
2. Requests for updated background screenings may be made by phone using the toll-free access line, 1-866-422-6872, between 8:00 a.m. and 3:00 p.m., Monday through Friday.

**\*To expedite placement, all students should complete the background check process before the start of the semester in which they will be participating in a field experience or at the time of the student teaching interview.** Questions related to background checks for student teaching should be directed to the Teacher Certification Coordinator. If the background check is required for Field Experience I or II, please contact the Administrative Coordinator for Teacher Education and Field Experience. If the background check is required for a course other than field experience or student teaching, please contact the instructor for that course.

## Background Checks for Certification

An FBI background check must be completed before the state of Missouri will issue a professional teaching certificate.

To complete a criminal history check and clearance, candidates must first register with the Missouri Automated Criminal History Site (MACHS). MACHS is located at: [www.machs.mo.gov](http://www.machs.mo.gov). Those without access to the Internet may contact IDEMIA directly at 1-844-543-9712 to have a Fingerprint Services Representative conduct this registration on their behalf. The four-digit registration number to use for DESE, by those are not currently employed by a Missouri school district, is 2300. *(Those who are employed, or are in the process of being hired, should contact the school district for the appropriate registration code.)* An expanded number of fingerprint services sites and expanded hours of operation to include evening and weekend hours are available online at <https://www.identogo.com/>.

Fingerprints captured electronically are more accurate and the results can be expected within three weeks. The cost of electronic fingerprinting with IDEMIA is currently \$41.75. The results of the criminal history check and clearance are valid for one year after the clearance date posted on the DESE website. You can find more information on the fingerprint process at the following website:

<http://www.dese.mo.gov/eq/cert/eq-cert-fingerprint-background.htm>.

Questions may also be addressed to DESE Conduct and Investigations at 573-522-8315 or 573-522-8761.

Candidates will be responsible for the background check; DESE will not process the request for certification until the results of the Background Check are received. DESE anticipates the turn-around time will be three weeks from the time the fingerprints are captured. It is recommended that candidates wait to complete their background check until they have passed all exit assessments, since the background clearance is only effective for one calendar year.

## Field Experience and Student Teacher Placement Practices

Missouri Baptist University is proud to be accredited by the Council for Accreditation of Educator Preparation (CAEP) and the Missouri Department of Elementary and Secondary Education (DESE). In order to maintain these accreditations, which are beneficial to our students, MBU must maintain consistent practices with regard to placement of student teachers. Students requesting field experience and student teacher placements through Missouri Baptist University are hereby advised of the following field experience and student teacher placement practices. Your understanding of and adherence to these practices will enhance the placement process for the student, the school districts, and the School of Education staff responsible for securing the placements.

1. Preparation for Student Teaching begins long before students ever reach the "student teaching" semester. Students should be aware that school district administrators carefully review students' transcripts and philosophies of education as part of the placement process. A few school districts now have a minimum GPA requirement of 3.0-3.5 for student teaching candidates. Students' requests for student teacher placement have been denied as a result of even just a few D's and F's on their transcripts, even when those courses were repeated and/or if they did not apply to the students' education major. Students are highly encouraged to be responsible for maintaining academic excellence in all coursework. Students who think that they may be struggling in a class to the point of making a D or an F are encouraged to consult with their advisor and financial aid counselor about withdrawing from the class rather than to suffer the consequences of a poor grade on their transcripts, and to take the course at another time when more effort can be devoted to the class. This is especially important for professional education, field experience, and major content area requirements (for middle/secondary majors), as a cumulative 3.000 GPA in professional education courses and in content area courses is required for certification.
2. Missouri Baptist University strongly believes that the student teaching experience is vital to the student's authentic preparation for professional practice; therefore, students must be able to commit to student teaching for an entire school day, Monday-Friday, for a full semester. **Effective with the 2014-2105 academic year, students seeking certification in a single content area will complete one sixteen-week teaching experience. Students seeking certification at more than one level (K-12) or in more than one content area must student teach twelve weeks at one level or content area and four weeks at the other level or content area as approved by the Director of Field Experiences.** In addition, students are expected to attend Student Teaching Seminar concurrently in the semester in which they will be student teaching. Students are NOT excused from Student Teaching Seminar due to contractual obligations with a school district or due to work schedules. Student Teaching Seminar is also NOT offered via

"directed study." Therefore, students should not request permission to meet with the instructor individually at an alternate time. Students with contractual obligations in a school district will need to either make arrangements with the school district to leave early, if necessary, on class dates, or may need to consider taking the class at a location that offers the class at a later time during the day.

3. Students must be fully admitted to the Teacher Education Program [including submitting and having approval for all required documents for the Teacher Education Admission Packet, passing scores on all sections of the required general education assessment (undergraduate degree-seeking students only), minimum 2.75 cumulative GPA (or higher for those districts which require a higher cumulative GPA for student teacher placement), both interviews completed, and all probationary statuses from interviews cleared **by April 1 for Fall placements and by November 1 for Spring placements.** Failure to be fully approved for student teaching by these dates will result in the student's application for student teaching being moved to the following semester, which may delay the student's graduation date, and/or eligibility for teacher certification. These deadlines are crucial to give the Education Office staff appropriate time to request and confirm student teacher placements for students. For optimal placements, students are encouraged to complete all requirements to be approved for student teaching as early as possible in the semester prior to student teaching, as many districts reach their capacity for student teacher requests by mid-semester. [Certain districts and/or schools (including Festus R-VI and Hillsboro Primary) have established specific deadline dates for applications. Students should consult the School Districts That Require Additional Information for Student Teaching Placement for more information.] **Please be aware that GPA requirements have changed. Students must have an overall cumulative GPA of 2.75 as well as a content area GPA of 3.00 and a professional education GPA of 3.00 for middle, secondary, or K-12 content areas or a 3.00 program GPA for early childhood, elementary, or special education (with no grades below a "C") in order to be fully admitted and placed for student teaching. Students admitted under the previous 2.5 GPA requirement who did not complete certification requirements prior to 8/1/2017 will be held to the new, higher GPA standard.**
4. Students must complete Teaching Field Experience I and Teaching Field Experience II in two different districts. Early Childhood Stand-Alone candidates must complete one Field Experience in grades Pre-K/K and one Field Experience in grades 1-3. Elementary Education candidates must complete one Field Experience in grades 1-3 and one Field Experience in grades 4-6. Students seeking certification in both Early Childhood and Elementary Education should complete one Field Experience in Pre-K/K OR Grades 1-3 and one Field Experience in grades 4-6. Those seeking K-12 or dual certification should complete Field Experiences in Elem and MS/Sec. for K-12 certification and in appropriate grade levels/subjects for each area of dual certification. Students enrolled in EDCL 211 Teaching Field Experience I must be concurrently enrolled in EDUC 210 Field Experience I Seminar. Students enrolled in EDCL 411/511 Teaching Field Experience II must be concurrently enrolled in EDUC 410/510 Teaching Field Experience II Seminar. Successful completion of both seminar courses with a final grade of CR is required for degree completion and/or satisfaction of certification requirements.
5. Students who will complete the traditional Field Experience II and student teaching must complete their student teaching in a district different from their Field Experience I and II placements. Students will be placed in the most highly diverse settings possible within MBU's geographic service area, and should carefully plan Field Experience and Student Teaching assignments accordingly. Students will not be permitted to complete all of their Field Experience/ Student Teaching in the same district due to their children's enrollment in that district or non-academic contractual employment in that district (such as coaching, before or afterschool employment, bus driving duties, etc.). Students should consider these obligations and make preparations as needed well in advance of applying for student teaching, so that they are prepared for the various "life" adjustments that may be required during their student teaching experience. Students may ONLY complete all of their student teaching in the same district if they are employed by the district as a paraprofessional or on a Temporary Authorization or Provisional Certificate. In these cases, the student will be responsible for demonstrating sufficient experiences working with diverse populations. In rare cases, the Education Office may approve a student to complete his/her student teaching in the same district and/or same classroom ONLY if all other attempts to place the student elsewhere have failed. In such cases, the Education Office will first examine the diverse experiences the student has already accumulated to determine if the student has had sufficient opportunities to work with diverse populations. Therefore, it is vital that students carefully plan all field experiences prior to student teaching, both formal (Teaching Field Experience I and II) and informal (those field experiences embedded in another course), to include diverse populations so that alternative accommodations can be considered, if necessary, during student teaching.
6. Students who apply and are accepted to complete the Yearlong Experience for Spartan Students (YESS) will complete Field Experience II and student teaching in the same district in consecutive semesters. YESS students will follow the calendar of the district rather than the Missouri Baptist University calendar and will commit to two full days per week for the field experience and the traditional five days per week during student teaching. Students will select from the approved partner schools as outlined in the YESS application.
7. Placement requests will be submitted to only ONE district at a time. Students should be aware that a verbal "approval" from a potential cooperating teacher for placement does not guarantee official approval of the placement from the principal or district central office. The Education Office is responsible for contacting the appropriate district personnel in writing to officially request student teacher placements. Due to the busy schedules of school administrators who partner with Missouri Baptist University in student teacher placements, it can take a MINIMUM of three to four weeks to confirm a single placement. If a district is not able to place a student teacher, the process begins all over again with a new district, thereby once again, extending the time it may take to confirm a placement. Students will be notified via email and/or regular mail when a placement has been confirmed. Once students have been informed of their confirmed placement(s), they are expected to contact the cooperating teacher and building principal as soon as possible, well in advance of the start date, to get acquainted and to begin making any preparations (at the cooperating teacher's discretion) for the student teaching experience.
8. Once the Education Office has submitted a student teaching request to a district, requests from students to make a change to their placement may not be considered until/unless the original district indicates that they are not able to accommodate the request. After a placement is confirmed, requests from students to make a change to their placement will not be considered, except in very rare circumstances, which will be reviewed on a case-by-case basis. If students encounter unforeseen circumstances which they believe will

prevent them from fulfilling their student teaching in the district assigned, they have the option to choose to withdraw from student teaching. However, that does not constitute a necessity for the School of Education to reassign the student to another district in that same semester. Voluntary, self-imposed withdrawal or dismissal by the school district from a student teaching placement may result in the student's forfeiture of eligibility to complete student teaching in that semester, and may require that the student reapply for student teaching in a subsequent semester, if more adequate time is needed to devote to securing a new placement for the student. All requests for reassignment must be discussed in person with the Director of Field Experiences before any further action regarding reassignment will be taken. Please note that proximity of the placement to the student's home/daycare provider is NOT considered a valid reason for withdrawal from a confirmed placement. While the School of Education staff will make every effort to place students as close to their residences/daycare facilities/children's schools as possible, due to shortages in districts with available openings for student teachers, it is not always possible to place students in neighboring school districts. Students should be prepared to travel up to 30-45 minutes to and from student teaching.

9. All students are REQUIRED to attend Student Teaching Orientation held on the Main Campus (usually the end of July/beginning of August for Fall semester student teachers and the week after Fall semester final exams in December for Spring semester student teachers) prior to beginning their student teaching. Letters are mailed to students approximately one month prior to the Student Teaching Orientation date informing students of the date, time, and location of the meeting. Students who cannot attend the established orientation, should notify the Director of Field Experiences as soon as possible and will be required to attend a make-up orientation, scheduled by the Director of Field Experiences, before they may begin student teaching. Failure to attend the initial orientation meeting may result in the student having to delay the start date of his/her student teaching; therefore, extending the ending date (which may occur after the semester officially concludes and/ or graduation). Student Teacher Orientation (one day seminar) should NOT be confused with EDUC 471 Student Teaching Seminar (full-semester class). Attendance at both is required.

Missouri Baptist University is committed to providing pre-service students with a quality student teaching experience and desires to make the placement process as smooth as possible for all parties involved. Please understand that we strive to maintain positive relationships with the partnering school districts and value their time, effort, and hospitality involved in this process as well. It is only through their cooperation that field experience and student teaching placements are possible. These practices are as much to respect the school districts' needs for timely requests and quality candidates as they are to accommodate the needs of our students. If you should have any questions regarding field experiences, student teaching, and/or the placement process, please feel free to contact the Director of Field Experiences. We desire for all of our student teachers to be successful, and that begins with mutual collaboration in the placement process to ensure quality placements for all of our students.

**Credit for Prior Learning (CPL) Portfolio Credit for Student Teaching:** Students desiring to petition for credit for a portion of their student teaching experience must have a minimum of two years of classroom instructional experience in the grade level and/ or subject area for which they are seeking certification in order to apply. The experience must be in a public or accredited private school and must be concurrent with enrollment in the Teacher Education Program. To determine eligibility, the student must first complete a CPL conference with the Dean of the School of Education or his/her designee at least one semester prior to the anticipated student teaching semester. Students

must be fully admitted to the Teacher Education Program and have passed the student teaching interview before CPL credit may be awarded. Students pursuing credit for the full 16 weeks of student teaching through CPL will be observed teaching a minimum of four lessons by an MBU supervisor during their final semester. Candidates will actively participate in the classroom and complete required assignments, with the guidance of the classroom mentor teacher and university supervisor. All students, including those receiving credit for prior learning, will be concurrently enrolled in EDUC 471 Student Teaching Seminar, which provides an opportunity for students to share and reflect on their classroom experiences.

### **Year-long Experience for Spartan Seniors (YESS)**

Early Childhood, Elementary, Middle School, K-12, and Secondary teacher certification candidates may apply to complete Field Experience II and Student Teaching in a Missouri Baptist University partner school. Students who are accepted for the YESS program will agree to the following:

- Forego the traditional Missouri Baptist University academic calendar and follow the district school calendar for both semesters.
- Attend the regular school day for the two required days during the Field II experience, spending time in various classrooms at the site.
- Attend the co-requisite seminar course for Field Experience II at the school site.
- Attend the regular school day five days a week during the student teaching semester.
- Will have opportunities to participate in school and district-based professional learning, participate in grade level and data team meetings, attend parent teacher conferences and Individual Education Plan meetings, and substitute for the school/district (if eligible for a substitute certificate), among others.

YESS gives students the opportunity to experience a complete school year from beginning to end. Students will work with and support teachers who have a variety of teaching styles and methods that will enhance the student's development as a teacher, while supporting student learning and achievement.

Information and application materials can be obtained from your advisor, the Director of Field Experiences, or online at <https://www.mobap.edu/wp-content/uploads/2013/09/YESS-Information-1.pdf>. An online application is available at <https://docs.google.com/forms/d/e/1FAIpQLSf12KcRaNTYmpzxH1JZ75gGvjRhIhf9lfc7usJ9dQ6HAvi1SQ/viewform>.

### **Student Teaching Load Limit Policy**

Students may not be enrolled in more than 16 credit hours during the semester in which they are enrolled in EDUC 471 Student Teaching Seminar, whether they are student teaching or petitioning for credit for prior learning. Music Education majors may not be enrolled in any ensemble during their student teaching semester.

### **Recency Rule for Student Teaching**

Candidates returning to complete their teacher certification program more than five years after completing the student teaching requirement may be required to complete an additional internship. This will be determined on a case-by-case basis, taking into consideration whether candidates have been working in a classroom in any capacity during the five years since they student taught (or petitioned for CPL credit for student teaching) and whether it is necessary to collect Missouri Educator Evaluation System (MEES) summative evaluation data. Those that do need to complete an internship must have passed all Missouri Content Assessment (MoCA) examinations required for the content

area(s) for which recommendation for certification is being sought prior to being placed for the internship

### General Certification Requirements:

1. A baccalaureate degree from a college or university having a teacher education program approved by the Missouri Department of Elementary and Secondary Education (DESE) or from a regionally accredited college or university in states other than Missouri;
2. Must have recommendation of designated official for teacher education in the college or university;
3. Must have an overall cumulative GPA of 2.75 as well as content area and professional education GPA's of 3.00 (with no grades below a "C" in professional education or content area requirements);
4. Must complete the content area test(s) and performance assessment designated by the State Board of Education with a score equal to or greater than the Missouri qualifying score\*;
5. Completion of professional requirements, as determined by the recommending college or university, which may exceed the minimum requirements established by DESE; and
6. Individuals who are not U.S. citizens must complete coursework in the following:
  1. English Composition, two (2) courses, each a minimum of two (2) semester hours;
  2. U.S. History, three (3) semester hours; and
  3. U.S. Government, three (3) semester hours.

In addition, DESE requires that each undergraduate degree-seeking applicant for formal admission to an approved professional education program demonstrate basic educational competencies by achieving a passing score, as determined by the State Board of Education, for all sections of the Missouri General Education Assessment (MoGEA) prior to his/her admission to the program. Candidates who have not passed all sections of MoGEA on the first attempt may appeal to be admitted based on an ACT composite score of 20 or higher (or comparable SAT score) taken within the last five years. DESE also requires specific coursework to be completed for each subject area and level, which is subject to change. Such changes supersede published catalog requirements. Current requirements may be found in the University Catalog and on Degree Plan Worksheets available from academic advisors. To ensure that all state certification requirements are being met, candidates are required to have a graduation certification check completed in the Education Office during their junior year.

**\*DESE has changed the assessment requirements for certification. The Missouri Content Assessments (MoCA) have replaced the Praxis Series as the content area exams. Visit the Missouri Educator Gateway Assessments (MEGA) website at <http://www.mo.nesinc.com/> for more information or to register for the MoGEA or MoCA.**

### Program Completion Requirements for Initial Teacher Certification:

*(required for both degree-seeking and certification-only students)*

1. Successful completion of the Professional Development Folio the semester prior to student teaching.
2. Successful completion of certification program required coursework.
3. An overall cumulative grade point average of at least 2.75 on a 4.0 scale, including a minimum 3.0 GPA within the content area with no grade lower than a C and a minimum 3.0 GPA in professional education courses with no grade lower than a C (for middle, secondary, and K-12 content programs), or a program GPA of 3.00 with no grade lower than a C for early childhood, elementary, and special special education certifications. **DESE requires that all coursework from all**

**institutions attended be included in the cumulative grade point average.**

4. Successful completion of Student Teaching which includes the following:
  - a. A passing score on the Missouri Content Assessments (MoCA) which replaced the Praxis Series as the content area exit exams for certification beginning in September 2014.
  - b. Satisfactory Formative Evaluations; and
  - c. A passing composite score on the **Missouri Educator Evaluation System (MEES)** summative evaluation.

## Curricular Practical Training (CPT)

In order for F-1 international students to participate in any off-campus field experience, internship, practicum, or sponsored research, they must apply for CPT (Curricular Practical Training) through the Office of International Student Services. This includes courses with embedded field experiences that are interactive rather than merely observational in nature. Students enrolled in courses qualifying under the CPT guidelines must complete a CPT Application Form with their advisor and submit it to the Office of International Student Services. Courses offered by the School of Education identified as requiring the CPT Application Form are listed below. Since requirements are subject to change, students should consult with their advisor and the Director of International Student Services if there is any question whether a course might meet the criteria for CPT. This list should not be considered exhaustive.

| DEPT | Course #                           | Course Title   |
|------|------------------------------------|--|
| COUN | 5253                               | Counseling Practicum   |

## Teacher Education Timeline

| Task   | Required Completion Timeline   |
|--|--|
| Enroll in EDUC 201 Professional Growth and Folio Development I and EDAS WM7 Watermark 7-year license   | Must be enrolled in these classes in the second semester of the sophomore year or first semester of enrollment for students transferring with junior standing or better. EDUC 201 must be in progress or completed prior to first interview.   |
| Complete first draft of reflection for 1 of the 9 Missouri Teacher Standards (or 1 of the 7 Missouri Standards for School Librarians). Complete all 5 foundational education documents.                  | EDUC 201 Professional Growth and Folio Development I   |
| Complete introduction to School of Education (SOE) Professional Dispositions assessment instrument and review process, including signing Initial Certification Dispositions Usage and Purpose Agreement* | EDUC 201 Professional Growth and Folio Development I   |
| Complete EDUC 203 Teaching in a Diverse Society and EDCL 200 Teaching in a Diverse Society Field Experience  | Must be enrolled in these classes concurrently with EDUC 201. Courses must be completed prior to first interview. <i>(Students transferring with a course in lieu of EDUC 203 that does not include an equivalent field experience must still take EDCL 200 Teaching in a Diverse Society Field Experience at MBU.)</i>  |
| Complete EDUC 303 Methods of Teaching and Differentiated Instruction, including instructor and self SOE Professional Dispositions assessment *   | All candidates except for Music Education majors should be enrolled in this class prior to first interview, completion preferred. As part of this course, candidates will complete their first dispositions self-assessment, have their instructor complete a dispositions assessment, and will have a meeting to review and compare those two results. (Music Education candidates will complete self-assessment in conjunction with MUED 313 Early Childhood/Elementary School Music Methods.) |
| Enroll in and complete EDCL 211 Teaching Field Experience I, including Cooperating Teacher SOE Professional Dispositions assessment*   | Complete at least two semesters prior to student teaching. (Music Education candidates enroll in EDCL 211 in conjunction with MUED 313 .) As part of this course, the candidate's Cooperating Teacher will complete a dispositions assessment on the candidate, submitting it to the University Supervisor as a course assignment.   |
| Submit Teacher Education Admission Packet*   | Complete prior to first interview in conjunction with EDUC 201, EDUC 203, and EDUC 303 (or MUED 313).  |

|   |   |
|---|---|
| Official copy of ACT or SAT on file in Education Office (or exemption request if eligible) ( <b>undergraduate degree-seeking students only</b> )  | <b>Undergraduate Degree-Seeking Students Only</b><br>Complete prior to first interview  |
| <b>Official MoGEA score report for all sections on file</b> ( <i>undergraduate degree-seeking student only</i> ) Candidates who have not passed all sections of MoGEA on the first attempt may appeal to be admitted based on an ACT composite score of 20 or higher (or comparable SAT score) taken within the last five years.  | <b>Undergraduate Degree-Seeking Students Only</b><br>Complete prior to first interview during same semester as EDUC 201. <i>[Students who are ineligible to appeal based on ACT composite score of 20 or higher (or comparable SAT score) within the last five years must have passed at least 2 section of MoGEA prior to the first interview, with evidence indicating they have registered for the next available exam date.]</i>  |
| <b>FIRST INTERVIEW:</b> Approval for admission <ul style="list-style-type: none"> <li>All items listed above must be completed before interview is scheduled.</li> <li>In addition, a 2.75 overall cumulative GPA as well as a content area GPA of 3.00 and professional education GPA of 3.00 (with no grades below a "C" in professional education or content area requirements) are required for admission.</li> </ul> | In conjunction with enrollment in EDUC 201 EDUC 203, and EDUC 303 for all students: <ul style="list-style-type: none"> <li><b>Candidates with less than a 2.75 overall cumulative GPA or less than a 3.00 in the content area or professional education must have a plan to raise GPA.</b></li> <li><b>Undergraduate degree-seeking students, who are ineligible to appeal based on ACT composite score of 20 or higher (or comparable SAT score) within the last five years, but have passed at least 2 section of MoGEA may be accepted for probationary admission only. All sections must be passed to be fully admitted.</b></li> </ul> |
| Faculty Vote and Formal Approval for Admission  | Letter will be sent to student with notice of formal faculty approval for admission   |
| Graduation/Certification Check  | When enrolled in EDUC 201 or first semester of junior year  |
| Completed SOE Professional Dispositions assessments to date are reviewed, with follow up as needed with the candidate for any identified areas of question or concern*  | Upon completion of EDCL 211 Teaching Field Experience I, EDUC 201 Professional Growth and Folio Development I, and EDUC 303 Methods of Teaching and Differentiated Instruction. Completed review required before candidate begins EDCL 411/511 Teaching Field Experience II. (Music Education candidates enroll in EDCL 411/511 in conjunction with MUED 323 Middle/Secondary School Music Methods.) <b>Candidate must be fully admitted to the Teacher Education Program to enroll in EDCL 411/511 .</b>   |
| Complete final draft of reflections for all 9 Missouri Teacher Standards (or all 7 Missouri Standards for School Librarians)  | Complete in conjunction with EDUC 401 Professional Growth and Folio Development II . <b>Candidate must be fully admitted to the Teacher Education Program to enroll in EDUC 401 .</b><br><br><i>See Professional Development Folio Guide for Teachers and Library Media Specialist for courses in which first drafts are to be submitted.</i>   |
| Complete EDCL 411/511 Teaching Field Experience II , including Cooperating Teacher and University Supervisor SOE Professional Dispositions assessments.*  | Complete prior to student teaching, generally the semester before. (Music Education majors enroll in EDCL 411/511 in conjunction with MUED 323 .) As part of this course, the candidate's Cooperating Teacher and University Supervisor will each complete a dispositions assessment on the candidate as course assignments. <b>Candidate must be fully admitted to the Teacher Education Program to enroll in EDCL 411/511.</b>  |
| Complete EDUC 401 Professional Growth and Folio Development II, including instructor and self SOE Professional Dispositions assessments.*   | Complete the semester prior to student teaching in preparation for student teaching interview. As part of this course, the candidate will complete a dispositions self-assessment and the instructor will complete a dispositions assessment, to be used as part of the final Folio Evaluation. <b>Candidate must be fully admitted to the Teacher Education Program to enroll in this course.</b>  |
| Final Professional Development Folio Evaluation *   | The Folio evaluation must be "passing." If it is not "passing," the Folio must be revised during the student teaching semester and resubmitted to achieve a "passing" evaluation prior to conferral of professional education degrees and completion of certification   |

|  |   |
|--|---|
|  | program requirements. Students will receive an Incomplete (IN) grade for EDUC 401 until the Folio has been passed.  |
| <b>SECOND INTERVIEW:</b> Approval for student teaching   | At least one semester before student teaching: <ul style="list-style-type: none"> <li>For <b>August (fall semester)</b> student teaching, interview must be completed by <b>April 1st</b>.</li> <li>For <b>January (spring semester)</b> student teaching, interview must be completed by <b>November 1st</b>.</li> </ul> <b>Candidates must be fully admitted <u>before</u> second (student teaching) interview is scheduled.</b>  |
| Complete background check(s) and any additional district-specific requirement for student teaching placement   | <ul style="list-style-type: none"> <li><b>Family Care Safety Registry (FSCR)</b> background check is a co-requisite for student teaching and is <b>required for all candidates</b>.</li> <li>See the handout <b>School Districts That Require Additional Information for Student Teaching Placement</b> for district-specific</li> <li>Complete FBI Fingerprint Background Check before the end of student teaching semester (<b>required by DESE for certification</b>; see handout <b>Help Guide for DESE's Online Certification System</b>)</li> </ul> |
| Placement Deadlines for Student Teaching   | <b>Placement requests will NOT be sent out until second interview has been passed.</b><br>Any request for Credit for Prior Learning (CPL) <b>must</b> be submitted at the same time candidates apply for student teaching placement.  |
| Take Missouri Content Assessment (MoCA) for <b>each area</b> in which certification is being sought.   | <b>Complete prior to student teaching</b> ( <i>Passing score required for conferral of professional education degrees and completion of certification program requirements.</i> )   |
| Complete all coursework  | <b>Prior to student teaching</b> ( <i>Students will not be allowed to student teach if all education courses have not been satisfactorily completed with a final grade of C or CR or better. Music Education majors must successfully pass the hearing for their Senior Recital before they can be approved for their Student Teaching semester and must complete the Senior Recital before beginning the Student Teaching semester.</i> )  |
| Enroll in EDUC 471 Student Teaching Seminar with either <b>Student Teaching</b> or EDCL 4700 CPL Student Teaching Evaluation, including University Supervisor and self SOE Professional Dispositions assessments*  | <b>Final Semester</b>   |
| <b>10-Week Action Research Inquiry-Based Project</b><br>Students will engage in an action research project to demonstrate instructional impact. Students will select a focus, identify research questions, collect and analyze data, and report results with informed actions. | During EDUC 471 Student Teaching Seminar  |
| Achieve passing composite score on Missouri Educator Evaluation System (MEES) summative evaluation   | <b>Student Teaching</b> or EDCL 4700 CPL Student Teaching Evaluation ( <i>required for conferral of professional education degrees and completion of certification program requirements</i> )   |
| Complete Professional Development Plan (PDP)   | During EDUC 471 Student Teaching Seminar  |
| <ul style="list-style-type: none"> <li>Create job profile using AppliTrack (district specific websites)</li> <li>Create job profile on Missouri REAP <a href="http://www.moreap.net/">http://www.moreap.net/</a></li> </ul>  | During EDUC 471 Student Teaching Seminar  |
| Application for Certification<br><a href="https://k12apps.dese.mo.gov/webLogin/login.aspx">https://k12apps.dese.mo.gov/webLogin/login.aspx</a>   | After successful completion of all coursework, including student teaching, and passing all required exit assessments  |
| <b>Commissioning Service</b>   | Held at the end of the Spring semester prior to Commencement.   |

\*Related to School of Education Professional Dispositions Assessment

The Missouri Baptist University (MBU) School of Education (SOE) identifies specific professional dispositions, defined as categorized descriptions of teacher behavior that affect positive influence in the professional setting and promote gains in P-12 student learning. Initial teacher certification candidates are expected to meet proficiency expectations for each of these defined dispositions as part of program completion in the MBU SOE. Candidates will complete dispositions assessments at specific checkpoints in coursework during their program to measure their progress toward proficiency. In addition, at any time a SOE instructor may require completion of a dispositions assessment if a dispositions concern arises in his / her course, whether in the university setting or in practicum experiences.

If an instructor determines that a disposition is at the "Needs Improvement" level and requires further intervention, the candidate will be referred to the MBU SOE Educator Review Committee, comprised of select SOE administrators and faculty members, for intervention and / or remediation. The committee will recommend specific interventions intended to help the candidate achieve the expected targets and benchmarks. Intervention / remediation activities may include, but are not limited to, reduced course load, retake of same course, and guided study. Intervention / remediation always requires enrollment in a 0-6 credit hour SOE course: EDCL 370-376 Professional Development

### **Course Requirements For Teacher Certification Have Changed**

Students who did not complete all program requirements for certification – including passing MoGEA, their professional development folio, MoCA, and MoPTA – and graduating with a baccalaureate degree by July 31, 2017, will need to meet the new certification rules as outlined in the current undergraduate catalog and degree plan worksheets.

## Biology (Categorical/9-12)

CIP Code: 13.1322

Content areas for secondary certification (9-12) include the following: Business Education, English, Mathematics, Social Science, Speech/Theatre, and Unified Science with an endorsement in either Biology or Chemistry. Post-baccalaureate certification-only students (those who already hold a baccalaureate degree from a college or university with an approved teacher education program) may opt to pursue either the Unified Science certification or the categorical Biology, Chemistry, or General Science certifications. Driver Education is available as an add-on area.

**Note:** Secondary candidates may opt to complete certification in one or two content areas. In addition, secondary certification may be combined with middle school certification in the same content area, earning subject-specific certification in grades 5-12.

## Professional Requirements

- EDUC 201 - Professional Growth and Folio Development I Semester Hours: *One (Must be taken second semester of sophomore year or first semester of enrollment if transferring as a junior or senior)*
- EDUC 203 - Teaching in a Diverse Society Semester Hours: *Three † (Must be taken with EDUC 201)*
- EDCL 200 - Teaching in a Diverse Society Field Experience Semester Hours: *Zero (must be taken concurrently with EDUC 203)*
- ECTA 323 - Curriculum, Assessment, and Data-Based Decision Making Semester Hours: *Three*
- EDPS 383 - Psychology of Teaching and Learning Semester Hours: *Three*
- EDUC 303 - Methods of Teaching and Differentiated Instruction Semester Hours: *Three*
- EDUC 373 - Technology and Instructional Media Semester Hours: *Three*
- PSYC 313 - Human Growth and Development (MOTR PSYC 200) Semester Hours: *Three*
- EDUC 401 - Professional Growth and Folio Development II Semester Hours: *One (Must be taken during the senior year, the semester prior to student teaching)*
- EDPS 453/553 - the Exceptional Child Semester Hours: *Three*<sup>1</sup>
- EDRD 423/523 - Integration of Literacy in Content Areas: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup> ‡
- EDRD 463/563 - Reading and Writing Strategies for Middle and Secondary Content Areas Semester Hours: *Three*<sup>1</sup>
- ETOP 423/523 - Classroom and Behavior Management Semester Hours: *Three*<sup>1</sup>
- EDUC 471 - Student Teaching Seminar Semester Hours: *One (must be taken concurrently with ESCL 4712)*

**Total: 33 Hours**

†Students who transfer in a course for EDUC 203 that does not include an equivalent field experience must take EDCL 200.

‡Students who transfer in a course for EDRD 423/523 which does not include an equivalent field experience must complete: **EDCL 420/520**

**Field Experience with English Language Learners**

## Instructional Strategies and Techniques in Content Specialty Area

Candidates should complete only the course(s) which represent the content area(s) of desired certification:

### Business Education

- EDMS 403/503 - Teaching Business and Marketing: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>

### English

- EDEN 453/553 - Teaching Language Arts and Composition in Middle/Secondary: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>

### Mathematics

- EDMS 473/573 - Teaching Mathematics for Middle/Secondary: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>
- EDSP 453/553 - Teaching Remedial Math K-12: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>

### Science

- EDMS 483/583 - Teaching Science for Middle/Secondary: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>

### Social Science

- EDMS 433/533 - Teaching Social Science for Middle/Secondary: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>

### Speech/Theatre

- EDST 473/573 - Methods of Teaching Speech and Theatre for Middle/Secondary: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>

### Field and Clinical Experiences

- EDCL 211 - Teaching Field Experience I Semester Hours: *One (must be in grades 9-12 in a high school setting)*
- EDUC 210 - Field Experience I Seminar Semester Hours: *Zero (must be taken concurrently with EDCL 211)*
- EDCL 411/511 - Teaching Field Experience II Semester Hours: *One (must be in grades 9-12 in a high school setting, different grade than EDCL 211)\**
- EDUC 410 - Field Experience II Seminar Semester Hours: *Zero (must be taken concurrently with EDCL 411/511)*
- ESCL 4712 - Student Teaching: Secondary Semester Hours: *Twelve (must be in grades 9-12 in a high school setting, different grade than EDCL 211 or EDCL 411) OR (for those pursuing two secondary content areas)*

- ESCL 4709 - Student Teaching: Secondary Semester Hours: *Nine (must be in grades 9-12 in the primary content area)*
- ESCL 4703 - Student Teaching: Secondary Semester Hours: *Three (must be in grades 9-12 in the add-on content area)*  
**OR** (for those pursuing secondary/middle combined)
- ESCL 4709 Student Teaching: Secondary (*must be in grades 9-12 in a secondary school setting*)
- EMCL 4703 - Student Teaching: Middle School Semester Hours: *Three (must be in grades 5-9 in a middle school setting, different grade level than EDCL 411/511)\**

**Total: 14 Hours**

*\*Candidates pursuing secondary/middle combined certification must complete EDCL 411/511 Teaching Field Experience II in a middle school setting.*

*<sup>1</sup>See the catalog section on Senior Permission for information on earning graduate credit for this course.*

## Major Requirements

**Transfer Certification-Only** (not for undergraduate degree-seeking students)

- BIOL 113 - General Biology I (MOTR BIOL 150L) Semester Hours: *Three AND*
- BIOL 111 - General Biology I Laboratory (MOTR BIOL 150L) Semester Hours: *One*
- BIOL 123 - General Biology II Semester Hours: *Three AND*
- BIOL 121 - General Biology II Laboratory Semester Hours: *One*
- BIOL 343 - Genetics Semester Hours: *Three AND*
- BIOL 341 - Genetics Laboratory Semester Hours: *One*
- BIOL 423 - Cell Biology Semester Hours: *Three*
- Elective(s): Any biology course(s) beyond 113+111 and 123+121, not otherwise required to total 20 hours (at least 5)
- CHEM 133 - General Chemistry I (MOTR CHEM 150L) Semester Hours: *Three AND*
- CHEM 132 - General Chemistry I Laboratory (MOTR CHEM 150L) Semester Hours: *Two AND*
- CHEM 130 - General Chemistry I Problem Solving (MOTR CHEM 150L) Semester Hours: *Zero*
- PHYS 123 - Geology and Earth Science (MOTR GEOL 100L) Semester Hours: *Three AND*
- PHYS 122 - Geology and Earth Science Laboratory (MOTR GEOL 100L) Semester Hours: *Two*
- PHYS 213 - General Physics I (MOTR PHYS 200L) Semester Hours: *Three AND*
- PHYS 211 - General Physics I Laboratory (MOTR PHYS 200L) Semester Hours: *One*  
**OR**
- PHYS 133 - College Physics I (MOTR PHYS 150L) Semester Hours: *Three AND*
- PHYS 131 - College Physics I Laboratory (MOTR PHYS 150L) Semester Hours: *One*
- BIOL 323A - Environmental Science and Conservation Semester Hours: *Three AND*
- BIOL 321A - Environmental Science and Conservation Laboratory Semester Hours: *One*  
**OR**
- BIOL 323B - Ecology Semester Hours: *Three*

- IDST 313 - History and Philosophy of Science and Technology Semester Hours: *Three*

**Total: 40-41 Hours**

## Chemistry (Categorical/9-12)

**CIP Code: 13.1323**

Content areas for secondary certification (9-12) include the following: Business Education, English, Mathematics, Social Science, Speech/Theatre, and Unified Science with an endorsement in either Biology or Chemistry. Post-baccalaureate certification-only students (those who already hold a baccalaureate degree from a college or university with an approved teacher education program) may opt to pursue either the Unified Science certification or the categorical Biology, Chemistry, or General Science certifications. Driver Education is available as an add-on area.

**Note:** Secondary candidates may opt to complete certification in one or two content areas. In addition, secondary certification may be combined with middle school certification in the same content area, earning subject-specific certification in grades 5-12.

## Professional Requirements

- EDUC 201 - Professional Growth and Folio Development I Semester Hours: *One (Must be taken second semester of sophomore year or first semester of enrollment if transferring as a junior or senior)*
- EDUC 203 - Teaching in a Diverse Society Semester Hours: *Three † (Must be taken with EDUC 201)*
- EDCL 200 - Teaching in a Diverse Society Field Experience Semester Hours: *Zero (must be taken concurrently with EDUC 203)*
- ECTA 323 - Curriculum, Assessment, and Data-Based Decision Making Semester Hours: *Three*
- EDPS 383 - Psychology of Teaching and Learning Semester Hours: *Three*
- EDUC 303 - Methods of Teaching and Differentiated Instruction Semester Hours: *Three*
- EDUC 373 - Technology and Instructional Media Semester Hours: *Three*
- PSYC 313 - Human Growth and Development (MOTR PSYC 200) Semester Hours: *Three*
- EDUC 401 - Professional Growth and Folio Development II Semester Hours: *One (Must be taken during the senior year, the semester prior to student teaching)*
- EDPS 453/553 - the Exceptional Child Semester Hours: *Three<sup>1</sup>*
- EDRD 423/523 - Integration of Literacy in Content Areas: Seminar and Field Experience Semester Hours: *Three<sup>1</sup> ‡*
- EDRD 463/563 - Reading and Writing Strategies for Middle and Secondary Content Areas Semester Hours: *Three<sup>1</sup>*
- ETOP 423/523 - Classroom and Behavior Management Semester Hours: *Three<sup>1</sup>*
- EDUC 471 - Student Teaching Seminar Semester Hours: *One (must be taken concurrently with ESCL 4712)*

**Total: 33 Hours**

†Students who transfer in a course for EDUC 203 that does not include an equivalent field experience must take EDCL 200.

‡Students who transfer in a course for EDRD 423/523 which does not include an equivalent field experience must complete: **EDCL 420/520 Field Experience with English Language Learners**

## Instructional Strategies and Techniques in Content Specialty Area

Candidates should complete only the course(s) which represent the content area(s) of desired certification:

### Business Education

- EDMS 403/503 - Teaching Business and Marketing: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>

### English

- EDEN 453/553 - Teaching Language Arts and Composition in Middle/Secondary: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>

### Mathematics

- EDMS 473/573 - Teaching Mathematics for Middle/Secondary: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>
- EDSP 453/553 - Teaching Remedial Math K-12: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>

### Science

- EDMS 483/583 - Teaching Science for Middle/Secondary: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>

### Social Science

- EDMS 433/533 - Teaching Social Science for Middle/Secondary: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>

### Speech/Theatre

- EDST 473/573 - Methods of Teaching Speech and Theatre for Middle/Secondary: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>

### Field and Clinical Experiences

- EDCL 211 - Teaching Field Experience I Semester Hours: *One (must be in grades 9-12 in a high school setting)*
- EDUC 210 - Field Experience I Seminar Semester Hours: *Zero (must be taken concurrently with EDCL 211)*
- EDCL 411/511 - Teaching Field Experience II Semester Hours: *One (must be in grades 9-12 in a high school setting, different grade than EDCL 211)\**

- EDUC 410 - Field Experience II Seminar Semester Hours: *Zero (must be taken concurrently with EDCL 411/511)*
- ESCL 4712 - Student Teaching: Secondary Semester Hours: *Twelve (must be in grades 9-12 in a high school setting, different grade than EDCL 211 or EDCL 411) OR (for those pursuing two secondary content areas)*
- ESCL 4709 - Student Teaching: Secondary Semester Hours: *Nine (must be in grades 9-12 in the primary content area)*
- ESCL 4703 - Student Teaching: Secondary Semester Hours: *Three (must be in grades 9-12 in the add-on content area) OR (for those pursuing secondary/middle combined)*
- ESCL 4709 Student Teaching: Secondary (*must be in grades 9-12 in a secondary school setting*)
- EMCL 4703 - Student Teaching: Middle School Semester Hours: *Three (must be in grades 5-9 in a middle school setting, different grade level than EDCL 411/511)\**

**Total: 14 Hours**

*\*Candidates pursuing secondary/middle combined certification must complete EDCL 411/511 Teaching Field Experience II in a middle school setting.*

*<sup>1</sup>See the catalog section on Senior Permission for information on earning graduate credit for this course.*

## Major Requirements

**Transfer Certification-Only (not for undergraduate degree-seeking students)**

- CHEM 433 - Inorganic Chemistry Semester Hours: *Three*
- CHEM 332 - Analytical Chemistry Laboratory Semester Hours: *Two*
- CHEM 343 - Analytical Chemistry Lecture Semester Hours: *Three*
- CHEM 313 - Organic Chemistry I Semester Hours: *Three*
- CHEM 312 - Organic Chemistry I Laboratory Semester Hours: *Two*
- CHEM 310 - Organic Chemistry I Problem Solving Semester Hours: *Zero*
- CHEM 413 - Physical Chemistry I Semester Hours: *Three*
- CHEM 443 - Biochemistry I Semester Hours: *Three*
- CHEM 441 - Biochemistry I Laboratory Semester Hours: *One*
- CHEM electives At least 2 hours beyond CHEM 145 (to total 20 hours)
- BIOL 113 - General Biology I (MOTR BIOL 150L) Semester Hours: *Three*
- BIOL 111 - General Biology I Laboratory (MOTR BIOL 150L) Semester Hours: *One*
- **OR**
- BIOL 123 - General Biology II Semester Hours: *Three*
- BIOL 121 - General Biology II Laboratory Semester Hours: *One*
- PHYS 213 - General Physics I (MOTR PHYS 200L) Semester Hours: *Three*
- PHYS 211 - General Physics I Laboratory (MOTR PHYS 200L) Semester Hours: *One (PHYS 223+221 General Physics II (prerequisite for CHEM 413)\*)*
- PHYS 123 - Geology and Earth Science (MOTR GEOL 100L) Semester Hours: *Three*

- PHYS 122 - Geology and Earth Science Laboratory (MOTR GEOL 100L) Semester Hours: *Two*
- BIOL 323A - Environmental Science and Conservation Semester Hours: *Three*
- BIOL 321A - Environmental Science and Conservation Laboratory Semester Hours: *One*  
**OR**
- BIOL 323B - Ecology Semester Hours: *Three*
- IDST 313 - History and Philosophy of Science and Technology Semester Hours: *Three*

Total: 39-44 Hours

## Driver Education Endorsement (Grades 9-12)

CIP Code: 13.1304

**NOTE:** The Department of Elementary and Secondary Education (DESE) requires candidates seeking this endorsement to earn secondary certification in an additional subject area.

### Required Core

- EDDR 403/503 - Driver Education I: Introduction to Safety Education Semester Hours: *Three*<sup>1</sup>
- EDDR 413/513 - Driver Education II: Organization Semester Hours: *Three*<sup>1</sup>
- EDDR 433/533 - Driver Education III: Instruction Semester Hours: *Three*<sup>1</sup>
- EDDR 443/543 - Driver Education IV: Developing Operational Skills (Train the Trainer) Semester Hours: *Three*<sup>1</sup>

### Note

<sup>1</sup>See the catalog section on Senior Permission for information on earning graduate credit for this course.

Total: 12 Hours

## Library Media Specialist Certification

CIP Code: 13.1334

**NOTE:** Students who have already earned a baccalaureate degree from an institution with an approved teacher education program may complete stand-alone certification for Library Media Specialist, meaning that no additional certification must be earned prior to certification as a Library Media Specialist. However, students seeking initial certification as a Library Media Specialist must be admitted to the Teacher Education Program and must complete all certification requirements, including the professional education core.

### Professional Education Core

- EDUC 201 - Professional Growth and Folio Development I Semester Hours: *One* (Must be taken second semester of

*sophomore year or first semester of enrollment if transferring as a junior or senior)*

- EDUC 203 - Teaching in a Diverse Society Semester Hours: *Three* † (Must be taken with EDUC 201)
- EDCL 200 - Teaching in a Diverse Society Field Experience Semester Hours: *Zero* (must be taken concurrently with EDUC 203)
- EDPS 383 - Psychology of Teaching and Learning Semester Hours: *Three*
- EDUC 303 - Methods of Teaching and Differentiated Instruction Semester Hours: *Three*
- EDUC 573 - Applications of Technology
- PSYC 313 - Human Growth and Development (MOTR PSYC 200) Semester Hours: *Three*  
**OR**
- PSYC 553 - Advanced Human Development
- EDUC 401 - Professional Growth and Folio Development II Semester Hours: *One* (Must be taken during the senior year, the semester prior to student teaching)
- EDPS 453/553 - the Exceptional Child Semester Hours: *Three*<sup>1</sup>
- EDRD 423/523 - Integration of Literacy in Content Areas: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup> ‡
- ETOP 423/523 - Classroom and Behavior Management Semester Hours: *Three*<sup>1</sup>

Total: 26 Hours

†Students who transfer in a course for EDUC 203 that does not include an equivalent field experience must take EDCL 200

‡Students who transfer in a course for EDRD 423/523 which does not include an equivalent field experience must complete: **EDCL 420/520 Field Experience with English Language Learners**

### Field Experience Core

- EDCL 211 - Teaching Field Experience I Semester Hours: *One* (one field experience must be in an elementary school and the other in a middle or secondary school)
- EDUC 210 - Field Experience I Seminar Semester Hours: *Zero* (must be taken concurrently with EDCL 211)
- EDCL 411/511 - Teaching Field Experience II Semester Hours: *One* (one field experience must be in an elementary school and the other in a middle or secondary school)
- EDUC 410/510 - Field Experience II Seminar (must be taken concurrently with EDCL 411/511)
- LBCL 5709 - Student Teaching: Library Media Specialist \*
- LBCL 5703 - Student Teaching: Library Media Specialist \*
- EDUC 471 - Student Teaching Seminar Semester Hours: *One* (must be taken concurrently with LBCL 5709+5703)

Total: 15 Hours

\*(one student teaching placement must be in an elementary school and the other in a middle or secondary school)

### Library Media Specialist Core

- EDEN 463/563 - Teaching Literature Within the Curriculum Semester Hours: *Three*<sup>1</sup>
- LIBR 503 - Foundations of Librarianship

- LIBR 513 - Selection and Acquisition
- LIBR 523 - Library Media Administration
- LIBR 533 - Cataloging and Classification
- LIBR 543 - Reference Sources and Services
- LIBR 553 - Curriculum and the Library Media Center
- LIBR 573 - Research in Library and Information Science
- LIBR 583 - Information Technologies

Total: 27 Hours

## Library Media Specialist Add-On

- EDEN 463/563 - Teaching Literature Within the Curriculum Semester Hours: *Three*
- LIBR 503 - Foundations of Librarianship
- LIBR 513 - Selection and Acquisition
- LIBR 523 - Library Media Administration
- LIBR 533 - Cataloging and Classification
- LIBR 543 - Reference Sources and Services
- LIBR 553 - Curriculum and the Library Media Center
- LIBR 573 - Research in Library and Information Science
- LIBR 583 - Information Technologies
- LBCL 583 - Library Practicum \*

Total: 30 Hours

\*LBCL 5709+5703 Student Teaching: Library Media Specialist is only required for students seeking stand-alone certification as a Library Media Specialist. Students who have earned certification in another area may earn an added endorsement in Library Media Specialist by completing all the above courses. Students required to complete LBCL 5709+5703 are exempt from LBCL 583, which is only required for those pursuing Library Media Specialist certification as an added endorsement. All students pursuing Library Media Specialist certification must pass the Missouri Content Assessment for Library Media Specialist to be eligible for certification. (*Praxis exam 0311/5311 Library Media Specialist if passed as of 8/31/2014, will be accepted for add-on certification until 9/1/2015 or for initial certification until 12/31/2016.*)

### Note(s):

*1See the catalog section on Senior Permission for information on earning graduate credit for this course.*

**Students who already hold a valid Missouri teaching certificate should submit a written request for an evaluation and original transcripts to DESE for review before taking additional courses. Requests should include full name, social security number, current mailing address and a daytime phone number and should be sent to: Educator Certification, PO Box 480, Jefferson City, MO 65102-0480.**

Total: 30-41 Hours

## Special Reading Certification

CIP Code: 13.1315

NOTE: The Department of Elementary and Secondary Education (DESE) **requires** that candidates seeking this endorsement **hold a valid Missouri permanent or professional certificate of license to teach and have at least two (2) years of classroom teaching experience.**

Beginning August 1, 2017, candidates must be recommended for certification in Special Reading K-12 by an educator preparation program. A content area assessment is under consideration for development and may be required for certification in the future.

## Professional Requirements

- PSYC 333 - Child Psychology Semester Hours: *Three* §
- PSYC 343 - Adolescent Psychology Semester Hours: *Three* §
- EDPS 453/553 - the Exceptional Child Semester Hours: *Three*<sup>1</sup>
- EDSP 463/563 - Individual Diagnostics and Classroom Assessment Semester Hours: *Three*<sup>1</sup>

Total: 9-12 Hours

## Special Reading Content Knowledge for Teaching

*Minimum of 12 semester hours from the following, one of which must be Analysis and Correction of Reading Disabilities, with at least two courses at the graduate level [candidates may not repeat courses taken at the 400-level (or their equivalents) at the 500-level]*

- EDSP 413/513 - Language Development and Disorders of the Exceptional Child Semester Hours: *Three*<sup>1</sup>  
**OR**
- ECED 413/513 - Language Acquisition of the Young Child Semester Hours: *Three*<sup>1</sup>
- ETOP 423/523 - Classroom and Behavior Management Semester Hours: *Three*<sup>1</sup>
- ECSP 423/523 - Family Engagement and Partnership: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>  
**OR**
- HUED 433/533 - Theories and Techniques of Counseling Students and Their Families Semester Hours: *Three*<sup>1</sup>
- EDRD 443/543 - Analysis and Correction of Reading Disabilities Semester Hours: *Three*<sup>1</sup>

Plus nine (9) hours from the following

- EDRD 423/523 - Integration of Literacy in Content Areas: Seminar and Field Experience Semester Hours: *Three*
- EDRD 433/533 - Foundations of Literacy Instruction for Early Childhood/Elementary: Seminar and Field Experience Semester Hours: *Three*
- EDRD 463/563 - Reading and Writing Strategies for Middle and Secondary Content Areas Semester Hours: *Three*
- EDRD 501-503 - Specialized Topics in Literacy Instruction

- EDET 573 - Technology to Enhance Literacy
- LIBR 563 - Library Services for Children and Youth

Total: 21 Hours

## Culminating Clinical Experiences

### Graduate Only Courses

- EDRD 573 - Advanced Elementary Reading Disorders Practicum
- EDRD 583 - Advanced Secondary Reading Disorders Practicum

Total: 6 Hours

### Note(s):

*§May be met with a three semester hour combined course in Child and Adolescent Psychology such as PSYC 313 Human Growth and Development (MOTR PSYC 200) OR PSYC 553 Advanced Human Development*

*<sup>1</sup>See the catalog section on Senior Permission for information on earning graduate credit for this course.*

Total: 30 Hours

## Combined Major

## Business Education/Marketing Education/Secondary Education: BA, BS, BPS

CIP Code: 13.1310

*Students must meet all requirements for certification before this degree will be conferred, including passing the following: 1) passing score on MoGEA for admission to the Teacher Education Program; 2) passing score on Missouri Content Assessments (017) Business and (022) Marketing for certification and graduation; 3) passing composite score on the MEES summative evaluation for certification and graduation; 4) passing Professional Development Folio for graduation.*

## Major Requirements

### Major Requirements

- ACCT 213 - Principles of Financial Accounting Semester Hours: *Three*
- ACCT 223 - Principles of Managerial Accounting Semester Hours: *Three*
- ECON 113 - Macroeconomics (MOTR ECON 101) Semester Hours: *Three*
- ECON 123 - Microeconomics (MOTR ECON 102) Semester Hours: *Three*

- BUSN 413 - Business Law I Semester Hours: *Three*  
**OR**
- BUSN 423 - Business Law II Semester Hours: *Three*
- BUSN 353 - Communication Strategies in Business Semester Hours: *Three*  
**OR**
- ENGL 433 - Business Writing Semester Hours: *Three*
- BUSN 303 - Business Ethics Semester Hours: *Three* †
- BUSN 363 - Financial Management Semester Hours: *Three* †
- BUSN 481 - Interviewing Techniques Semester Hours: *One* †
- ENTR 303 - Introduction to Entrepreneurship Semester Hours: *Three*
- MGMT 303 - Management Concepts and Practices Semester Hours: *Three*
- MRKT 313 - Introduction to Marketing Semester Hours: *Three*

## 6 Hours in Computer/Emerging Technology From the Following

- BCIS 103 - Survey of Computing Semester Hours: *Three*
- ITBU 203 - Introduction to Application Development Semester Hours: *Three*
- ITBU 213 - IT Infrastructure Semester Hours: *Three*
- ITBU 313 - Introduction to IT Security and Risk Management Semester Hours: *Three*
- ITBU 333 - System Analysis and Design Semester Hours: *Three*
- ITBU 343 - Network Security Semester Hours: *Three*
- ITBU 363 - Business Analytics Semester Hours: *Three*
- BCIS 303 - Information Technology Theory and Practice Semester Hours: *Three*
- BCIS 403/503 - Management Applications of Information Technology Semester Hours: *Three*<sup>1\*</sup>
- BCIS 453 - E-Commerce Semester Hours: *Three*<sup>\*</sup>

## Note

*†Certification-only students (students who already hold a baccalaureate degree from a college or university with an approved teacher education program) are not required to complete BUSN 481, BUSN 303, or BUSN 363.*

*\*Check pre-requisite*

Total: 61 Hours

## Marketing Electives

At least 12 hours (4 courses) from the following:

- MRKT 363 - Market Management Semester Hours: *Three*
- MRKT 373 - Market Research Semester Hours: *Three*
- MRKT 383 - Consumer Behavior Semester Hours: *Three*
- MRKT 403 - International Marketing Semester Hours: *Three*
- MRKT 413 - Digital and Social Media Marketing Semester Hours: *Three*
- SMGT 373 - Sport Marketing Semester Hours: *Three*

## Instructional Strategies and Techniques in Content Specialty Area

- EDMS 403/503 - Teaching Business and Marketing: Seminar and Field Experience Semester Hours: *Three*
- EDMS 413/513 - Coordination of Cooperative Education Semester Hours: *Three*
- EDMS 423/523 - Implementing Business Education Programs Semester Hours: *Three*

## Professional Requirements

- EDUC 201 - Professional Growth and Folio Development I Semester Hours: *One (Must be taken second semester of sophomore year or first semester of enrollment if transferring as a junior or senior)*
- EDUC 203 - Teaching in a Diverse Society Semester Hours: *Three † (Must be taken with EDUC 201)*
- EDCL 200 - Teaching in a Diverse Society Field Experience Semester Hours: *Zero (must be taken concurrently with EDUC 203)*
- ECTA 323 - Curriculum, Assessment, and Data-Based Decision Making Semester Hours: *Three*
- EDPS 383 - Psychology of Teaching and Learning Semester Hours: *Three*
- EDUC 303 - Methods of Teaching and Differentiated Instruction Semester Hours: *Three*
- EDUC 373 - Technology and Instructional Media Semester Hours: *Three*
- PSYC 313 - Human Growth and Development (MOTR PSYC 200) Semester Hours: *Three*
- EDUC 401 - Professional Growth and Folio Development II Semester Hours: *One (Must be taken during the senior year, the semester prior to student teaching)*
- EDPS 453/553 - the Exceptional Child Semester Hours: *Three*<sup>1</sup>
- EDRD 423/523 - Integration of Literacy in Content Areas: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup> ‡
- EDRD 463/563 - Reading and Writing Strategies for Middle and Secondary Content Areas Semester Hours: *Three*<sup>1</sup>
- ETOP 423/523 - Classroom and Behavior Management Semester Hours: *Three*<sup>1</sup>
- EDUC 471 - Student Teaching Seminar Semester Hours: *One (must be taken concurrently with ESCL 4712)*

Total: 33 Hours

†Students who transfer in a course for EDUC 203 that does not include an equivalent field experience must take EDCL 200.

‡Students who transfer in a course for EDRD 423/523 which does not include an equivalent field experience must complete: **EDCL 420/520 Field Experience with English Language Learners**

## Field and Clinical Experiences

- EDCL 211 - Teaching Field Experience I Semester Hours: *One (must be in grades 9-12 in a high school setting)*
- EDUC 210 - Field Experience I Seminar Semester Hours: *Zero (must be taken concurrently with EDCL 211)*

- EDCL 411/511 - Teaching Field Experience II Semester Hours: *One (must be in grades 9-12 in a high school setting, different grade than EDCL 211)\**
- EDUC 410 - Field Experience II Seminar Semester Hours: *Zero (must be taken concurrently with EDCL 411/511)*
- ESCL 4712 - Student Teaching: Secondary Semester Hours: *Twelve (must be in grades 9-12 in a high school setting, different grade than EDCL 211 or EDCL 411) OR (for those pursuing two secondary content areas)*
- ESCL 4709 - Student Teaching: Secondary Semester Hours: *Nine (must be in grades 9-12 in the primary content area)*
- ESCL 4703 - Student Teaching: Secondary Semester Hours: *Three (must be in grades 9-12 in the add-on content area) OR (for those pursuing secondary/middle combined)*
- ESCL 4709 Student Teaching: Secondary (*must be in grades 9-12 in a secondary school setting*)
- EMCL 4703 - Student Teaching: Middle School Semester Hours: *Three (must be in grades 5-9 in a middle school setting, different grade level than EDCL 411/511)\**

Total: 14 Hours

\*Candidates pursuing secondary/middle combined certification must complete EDCL 411/511 Teaching Field Experience II in a middle school setting.

<sup>1</sup>See the catalog section on Senior Permission for information on earning graduate credit for this course.

## Combined Major

### Early Childhood Education/Early Childhood Special Education, BSE

CIP Code: 13.1210/13.1202

Students must meet all requirements for certification before this degree will be conferred, including passing the following: 1) all sections of the Missouri General Education Assessment (MoGEA); 2) the Professional Development Folio (*semester prior to student teaching*); 3) the Missouri Content Assessment(s) (MoCA) for each area of certification sought; and 4) a passing composite score on their summative evaluation in the Missouri Educator Evaluation System (MEES).

General Education Requirements

Bachelor of Science in Education

## Professional Requirements

### Content Planning and Delivery/Individual Student Needs/ Schools and the Teaching Profession:

- EDUC 201 - Professional Growth and Folio Development I Semester Hours: *One (Must be taken second semester of sophomore year or first semester of enrollment if transferring as a junior or senior)*
- EDUC 203 - Teaching in a Diverse Society Semester Hours: *Three † (Must be taken with EDUC 201)*

- EDCL 200 - Teaching in a Diverse Society Field Experience Semester Hours: *Zero*  
(*must be taken concurrently with EDUC 203*)
- ECTA 323 - Curriculum, Assessment, and Data-Based Decision Making Semester Hours: *Three*
- EDPS 383 - Psychology of Teaching and Learning Semester Hours: *Three*
- EDUC 303 - Methods of Teaching and Differentiated Instruction Semester Hours: *Three*
- EDUC 373 - Technology and Instructional Media Semester Hours: *Three*

- HUED 443/543 - Transition/Career Development and Vocational Education Semester Hours: *Three*<sup>1</sup>
- EDSP 413/513 - Language Development and Disorders of the Exceptional Child Semester Hours: *Three*<sup>1</sup>
- ECSP 423/523 - Family Engagement and Partnership: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>

Total: 44 Hours

*†Students who transfer in a course for EDUC 203 that does not include an equivalent field experience must take EDCL 200.*

*‡Students who transfer in a course for EDRD 423/523 which does not include an equivalent field experience must complete: EDCL 420/520 Field Experience with English Language Learners*

### Content Knowledge for Teaching/Teaching and Learning Strategies

- ECED 413/513 - Language Acquisition of the Young Child Semester Hours: *Three*<sup>1</sup>
- ELED 453/553 - Integrated Language Arts Concepts and Children's Literature for Early Childhood/Elementary: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>
- EDRD 433/533 - Foundations of Literacy Instruction for Early Childhood/Elementary: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>
- EDRD 443/543 - Analysis and Correction of Reading Disabilities Semester Hours: *Three*<sup>1</sup>
- EDRD 463/563 - Reading and Writing Strategies for Middle and Secondary Content Areas Semester Hours: *Three*<sup>1</sup>
- ELED 433/533 - Integrated Mathematics Concepts for Early Childhood/Elementary: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>
- EDSP 453/553 - Teaching Remedial Math K-12: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>
- ELED 443/543 - Integrated Science Concepts for Early Childhood/Elementary: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>
- ELED 463/563 - Integrated Concepts in Social Science, Geography, and Economics for Early Childhood/Elementary: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>

Total: 27 Hours

*†See the catalog section on Senior Permission for information on earning graduate credit for this course.*

Total: 71 Hours

### Field and Clinical Experiences

*Students must complete at least one field placement in each of the three levels (elementary, middle, high school)*

- EDCL 211 - Teaching Field Experience I Semester Hours: *One (special education, elementary, middle, or secondary)*
- EDUC 210 - Field Experience I Seminar Semester Hours: *Zero (must be taken concurrently with EDCL 211)*

- EDCL 411/511 - Teaching Field Experience II Semester Hours: *One (special education, elementary, middle, or secondary, different level than EDCL 211)*
- EDUC 410 - Field Experience II Seminar Semester Hours: *Zero (must be taken concurrently with EDCL 411/511)*
- EDSP 4709 - Student Teaching: Cross-Categorical Disabilities Semester Hours: *Nine (special education, elementary, middle, or secondary)*
- ELCL 4703 - Student Teaching: Elementary Semester Hours: *Three (regular education, grades 1-6)*
- EDUC 471 - Student Teaching Seminar Semester Hours: *One (must be taken concurrently with EDSP 4709+ELCL 4703)*

Total: 15 Hours

Total: 86 Hours

## Double Major

## Biology Education/Secondary Education, BS

CIP Code: 13.1316/13.1205

### Professional Requirements

- EDUC 201 - Professional Growth and Folio Development I Semester Hours: *One (Must be taken second semester of sophomore year or first semester of enrollment if transferring as a junior or senior)*
- EDUC 203 - Teaching in a Diverse Society Semester Hours: *Three † (Must be taken with EDUC 201)*
- EDCL 200 - Teaching in a Diverse Society Field Experience Semester Hours: *Zero (must be taken concurrently with EDUC 203)*
- ECTA 323 - Curriculum, Assessment, and Data-Based Decision Making Semester Hours: *Three*
- EDPS 383 - Psychology of Teaching and Learning Semester Hours: *Three*
- EDUC 303 - Methods of Teaching and Differentiated Instruction Semester Hours: *Three*
- EDUC 373 - Technology and Instructional Media Semester Hours: *Three*
- PSYC 313 - Human Growth and Development (MOTR PSYC 200) Semester Hours: *Three*
- EDUC 401 - Professional Growth and Folio Development II Semester Hours: *One (Must be taken during the senior year, the semester prior to student teaching)*
- EDPS 453/553 - the Exceptional Child Semester Hours: *Three*<sup>1</sup>
- EDRD 423/523 - Integration of Literacy in Content Areas: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup> ‡
- EDRD 463/563 - Reading and Writing Strategies for Middle and Secondary Content Areas Semester Hours: *Three*<sup>1</sup>
- ETOP 423/523 - Classroom and Behavior Management Semester Hours: *Three*<sup>1</sup>
- EDUC 471 - Student Teaching Seminar Semester Hours: *One (must be taken concurrently with ESCL 4712)*

Total: 33 Hours

†Students who transfer in a course for EDUC 203 that does not include an equivalent field experience must take EDCL 200.

‡Students who transfer in a course for EDRD 423/523 which does not include an equivalent field experience must complete: **EDCL 420/520 Field Experience with English Language Learners**

### Field and Clinical Experiences

- EDCL 211 - Teaching Field Experience I Semester Hours: *One (must be in grades 9-12 in a high school setting)*
- EDUC 210 - Field Experience I Seminar Semester Hours: *Zero (must be taken concurrently with EDCL 211)*
- EDCL 411/511 - Teaching Field Experience II Semester Hours: *One (must be in grades 9-12 in a high school setting, different grade than EDCL 211)\**
- EDUC 410 - Field Experience II Seminar Semester Hours: *Zero (must be taken concurrently with EDCL 411/511)*
- ESCL 4712 - Student Teaching: Secondary Semester Hours: *Twelve (must be in grades 9-12 in a high school setting, different grade than EDCL 211 or EDCL 411) OR (for those pursuing two secondary content areas)*
- ESCL 4709 - Student Teaching: Secondary Semester Hours: *Nine (must be in grades 9-12 in the primary content area)*
- ESCL 4703 - Student Teaching: Secondary Semester Hours: *Three (must be in grades 9-12 in the add-on content area) OR (for those pursuing secondary/middle combined)*
- ESCL 4709 Student Teaching: Secondary *(must be in grades 9-12 in a secondary school setting)*
- EMCL 4703 - Student Teaching: Middle School Semester Hours: *Three (must be in grades 5-9 in a middle school setting, different grade level than EDCL 411/511)\**

Total: 14 Hours

\*Candidates pursuing secondary/middle combined certification must complete EDCL 411/511 Teaching Field Experience II in a middle school setting.

<sup>1</sup>See the catalog section on Senior Permission for information on earning graduate credit for this course.

## Biology Education

### Science Certification Core Requirements

- IDST 313 - History and Philosophy of Science and Technology Semester Hours: *Three*
- BIOL 111 - General Biology I Laboratory (MOTR BIOL 150L) Semester Hours: *One*
- BIOL 113 - General Biology I (MOTR BIOL 150L) Semester Hours: *Three*
- BIOL 121 - General Biology II Laboratory Semester Hours: *One*
- BIOL 123 - General Biology II Semester Hours: *Three*
- CHEM 130 - General Chemistry I Problem Solving (MOTR CHEM 150L) Semester Hours: *Zero*
- CHEM 132 - General Chemistry I Laboratory (MOTR CHEM 150L) Semester Hours: *Two*
- CHEM 133 - General Chemistry I (MOTR CHEM 150L) Semester Hours: *Three*

- CHEM 140 - General Chemistry II Problem Solving Semester Hours: *Zero*
- CHEM 142 - General Chemistry II Laboratory Semester Hours: *Two*
- CHEM 143 - General Chemistry II Semester Hours: *Three*
- PHYS 133 - College Physics I (MOTR PHYS 150L) Semester Hours: *Three*
- PHYS 131 - College Physics I Laboratory (MOTR PHYS 150L) Semester Hours: *One*
- PHYS 143 - College Physics II Semester Hours: *Three*
- PHYS 141 - College Physics II Laboratory Semester Hours: *One*
- OR**
- PHYS 213 - General Physics I (MOTR PHYS 200L) Semester Hours: *Three*
- PHYS 211 - General Physics I Laboratory (MOTR PHYS 200L) Semester Hours: *One*
- PHYS 223 - General Physics II Semester Hours: *Three*
- PHYS 221 - General Physics II Laboratory Semester Hours: *One*
- PHYS 123 - Geology and Earth Science (MOTR GEOL 100L) Semester Hours: *Three*
- PHYS 122 - Geology and Earth Science Laboratory (MOTR GEOL 100L) Semester Hours: *Two*
- PHYS 383 - Meteorology Semester Hours: *Three*
- BIOL 323A - Environmental Science and Conservation Semester Hours: *Three*
- BIOL 321A - Environmental Science and Conservation Laboratory Semester Hours: *One*
- EDMS 483/583 - Teaching Science for Middle/Secondary: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>

Total: 44 Hours

## Biology Requirements

- BIOL 213 - Anatomy and Physiology I Semester Hours: *Three*
- BIOL 211 - Anatomy and Physiology I Laboratory Semester Hours: *One*
- BIOL 223 - Anatomy and Physiology II Semester Hours: *Three*
- BIOL 221 - Anatomy and Physiology II Laboratory Semester Hours: *One*
- BIOL 343 - Genetics Semester Hours: *Three*
- BIOL 341 - Genetics Laboratory Semester Hours: *One*
- BIOL 373 - Microbiology Semester Hours: *Three*
- BIOL 371 - Microbiology Laboratory Semester Hours: *One*
- BIOL 423 - Cell Biology Semester Hours: *Three*
- BIOL 401 - Integrating Concepts of Biology Semester Hours: *One*

Total: 20 Hours

## Note(s):

*Some of the Science Certification Core requirements may also be applied toward general education and degree requirements.*

<sup>1</sup>See the catalog section on Senior Permission for information on earning graduate credit for this course.

Post baccalaureate Certification-only students (students who already hold a bachelor's degree from a college or university with an approved teacher education program) may opt to pursue the Categorical Biology certification.

Total: 64 Hours

## Business Education/Secondary Education: BA, BS, BPS

CIP Code: 13.1303/13.1205

Students must meet all requirements for certification before this degree will be conferred, including passing the following: 1) all sections of the Missouri General Education Assessment (MoGEA); 2) the Professional Development Folio (*semester prior to student teaching*); 3) the Missouri Content Assessment(s) (MoCA) for each area of certification sought; and 4) a passing composite score on their summative evaluation in the Missouri Educator Evaluation System (MEES).

## Secondary Education: BA, BS, BPS

CIP Code: 13.1205

### Secondary Certification

Content areas for secondary certification (9-12) include the following: Business Education, English, Mathematics, Social Science, Speech/Theatre, and Unified Science with an endorsement in either Biology or Chemistry. Post-baccalaureate certification-only students (those who already hold a baccalaureate degree from a college or university with an approved teacher education program) may opt to pursue either the Unified Science certification or the categorical Biology, Chemistry, or General Science certifications. Driver Education is available as an add-on area.

**Note:** Secondary candidates may opt to complete certification in one or two content areas. In addition, secondary certification may be combined with middle school certification in the same content area, earning subject-specific certification in grades 5-12.

### Secondary Education Major

Students must meet all requirements for certification before this degree will be conferred, including passing the following: 1) all sections of the Missouri General Education Assessment (MoGEA); 2) the Professional Development Folio (*semester prior to student teaching*); 3) the Missouri Content Assessment(s) (MoCA) for each area of certification sought; and 4) a passing composite score on their summative evaluation in the Missouri Educator Evaluation System (MEES).

Students must also complete a primary major in their certification content area: Business Education, English, Mathematics, Social Science, Speech/Theatre, or Unified Science with a minor in either Biology or Chemistry.

## Professional Requirements

- EDUC 201 - Professional Growth and Folio Development I Semester Hours: *One* (*Must be taken second semester of*

sophomore year or first semester of enrollment if transferring as a junior or senior)

- EDUC 203 - Teaching in a Diverse Society Semester Hours: *Three* † (Must be taken with EDUC 201)
- EDCL 200 - Teaching in a Diverse Society Field Experience Semester Hours: *Zero* (must be taken concurrently with EDUC 203)
- ECTA 323 - Curriculum, Assessment, and Data-Based Decision Making Semester Hours: *Three*
- EDPS 383 - Psychology of Teaching and Learning Semester Hours: *Three*
- EDUC 303 - Methods of Teaching and Differentiated Instruction Semester Hours: *Three*
- EDUC 373 - Technology and Instructional Media Semester Hours: *Three*
- PSYC 313 - Human Growth and Development (MOTR PSYC 200) Semester Hours: *Three*
- EDUC 401 - Professional Growth and Folio Development II Semester Hours: *One* (Must be taken during the senior year, the semester prior to student teaching)
- EDPS 453/553 - the Exceptional Child Semester Hours: *Three*<sup>1</sup>
- EDRD 423/523 - Integration of Literacy in Content Areas: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup> ‡
- EDRD 463/563 - Reading and Writing Strategies for Middle and Secondary Content Areas Semester Hours: *Three*<sup>1</sup>
- ETOP 423/523 - Classroom and Behavior Management Semester Hours: *Three*<sup>1</sup>
- EDUC 471 - Student Teaching Seminar Semester Hours: *One* (must be taken concurrently with ESCL 4712)

### Total: 33 Hours

†Students who transfer in a course for EDUC 203 that does not include an equivalent field experience must take EDCL 200. ‡Students who transfer in a course for EDRD 423/523 which does not include an equivalent field experience must complete: **EDCL 420/520 Field Experience with English Language Learners**

## Instructional Strategies and Techniques in Content Specialty Area

Candidates should complete only the course(s) which represent the content area(s) of desired certification:

### Business Education

- EDMS 453/553 - Teaching Business for Middle/ Secondary: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>

### English

- EDEN 453/553 - Teaching Language Arts and Composition in Middle/Secondary: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>

### Mathematics

- EDMS 473/573 - Teaching Mathematics for Middle/ Secondary: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>
- EDSP 453/553 - Teaching Remedial Math K-12: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>

### Science

- EDMS 483/583 - Teaching Science for Middle/Secondary: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>

### Social Science

- EDMS 433/533 - Teaching Social Science for Middle/ Secondary: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>

### Speech/Theatre

- EDST 473/573 - Methods of Teaching Speech and Theatre for Middle/Secondary: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>

## Field and Clinical Experiences

- EDCL 211 - Teaching Field Experience I Semester Hours: *One* (must be in grades 9-12 in a high school setting)
- EDUC 210 - Field Experience I Seminar Semester Hours: *Zero* (must be taken concurrently with EDCL 211)
- EDCL 411/511 - Teaching Field Experience II Semester Hours: *One* (must be in grades 9-12 in a high school setting, different grade than EDCL 211)\*
- EDUC 410 - Field Experience II Seminar Semester Hours: *Zero* (must be taken concurrently with EDCL 411/511)
- ESCL 4712 - Student Teaching: Secondary Semester Hours: *Twelve* (must be in grades 9-12 in a high school setting, different grade than EDCL 211 or EDCL 411)
- OR (for those pursuing two secondary content areas)
- ESCL 4709 - Student Teaching: Secondary Semester Hours: *Nine* (must be in grades 9-12 in the primary content area)
- ESCL 4703 - Student Teaching: Secondary Semester Hours: *Three* (must be in grades 9-12 in the add-on content area)
- OR (for those pursuing secondary/middle combined)
- ESCL 4709 Student Teaching: Secondary (must be in grades 9-12 in a secondary school setting)
- EMCL 4703 - Student Teaching: Middle School Semester Hours: *Three* (must be in grades 5-9 in a middle school setting, different grade level than EDCL 411/511)\*

### Total: 14 Hours

\*Candidates pursuing secondary/middle combined certification must complete EDCL 411/511 Teaching Field Experience II in a middle school setting.<sup>1</sup> See the catalog section on Senior Permission for information on earning graduate credit for this course.

## Note

In addition, subject-specific course requirements for the following areas of secondary certification are included under their respective divisions within this catalog: English (Humanities), Mathematics (Natural Sciences), Social Science (Social and Behavioral Sciences Division), and Speech/Theatre (Fine Arts).

Subject-specific course requirements leading to a baccalaureate degree and/or a teaching certificate in Business Education, and Unified Science with endorsements in Biology and/or Chemistry are listed with the School of Education majors.

## Major Requirements

- ACCT 213 - Principles of Financial Accounting Semester Hours: *Three*
- ACCT 223 - Principles of Managerial Accounting Semester Hours: *Three*
- ECON 113 - Macroeconomics (MOTR ECON 101) Semester Hours: *Three*
- ECON 123 - Microeconomics (MOTR ECON 102) Semester Hours: *Three*
  
- BUSN 413 - Business Law I Semester Hours: *Three*  
**OR**
- BUSN 423 - Business Law II Semester Hours: *Three*
  
- BUSN 353 - Communication Strategies in Business Semester Hours: *Three*  
**OR**
- ENGL 433 - Business Writing Semester Hours: *Three*
  
- BUSN 363 - Financial Management Semester Hours: *Three* †
- BUSN 481 - Interviewing Techniques Semester Hours: *One* †
- MGMT 303 - Management Concepts and Practices Semester Hours: *Three*
- BUSN 303 - Business Ethics Semester Hours: *Three* †
- MRKT 313 - Introduction to Marketing Semester Hours: *Three*

### 6 hours in computer/emerging technology from the following

- BCIS 103 - Survey of Computing Semester Hours: *Three*
- ITBU 203 - Introduction to Application Development Semester Hours: *Three*
- ITBU 213 - IT Infrastructure Semester Hours: *Three*
- ITBU 313 - Introduction to IT Security and Risk Management Semester Hours: *Three*
- ITBU 333 - System Analysis and Design Semester Hours: *Three*
- ITBU 343 - Network Security Semester Hours: *Three*
- ITBU 363 - Business Analytics Semester Hours: *Three*
- BCIS 303 - Information Technology Theory and Practice Semester Hours: *Three*
- BCIS 403/503 - Management Applications of Information Technology Semester Hours: *Three*<sup>1</sup> \*
- BCIS 453 - E-Commerce Semester Hours: *Three* \*
- EDMS 413/513 - Coordination of Cooperative Education Semester Hours: *Three*
- EDMS 423/523 - Implementing Business Education Programs Semester Hours: *Three*
- Elective in business, accounting, economics, management, marketing, or computer/emerging technology: Semester Hours: *Three* \*

## Note

**\*BUSN 343 Personal Finance is the preferred course to fulfill the elective requirement.**

*†Certification-only students (students who already hold a baccalaureate degree from a college or university with an approved teacher education*

*program) are not required to complete BUSN 481, BUSN 303, or BUSN 363.*

**Total: 46 Hours**

## Chemistry Education/Secondary Education, BS

**CIP Code: 13.1316/13.1205**

## Professional Requirements

- EDUC 201 - Professional Growth and Folio Development I Semester Hours: *One* (*Must be taken second semester of sophomore year or first semester of enrollment if transferring as a junior or senior*)
- EDUC 203 - Teaching in a Diverse Society Semester Hours: *Three* † (*Must be taken with EDUC 201*)
- EDCL 200 - Teaching in a Diverse Society Field Experience Semester Hours: *Zero* (*must be taken concurrently with EDUC 203*)
- ECTA 323 - Curriculum, Assessment, and Data-Based Decision Making Semester Hours: *Three*
- EDPS 383 - Psychology of Teaching and Learning Semester Hours: *Three*
- EDUC 303 - Methods of Teaching and Differentiated Instruction Semester Hours: *Three*
- EDUC 373 - Technology and Instructional Media Semester Hours: *Three*
- PSYC 313 - Human Growth and Development (MOTR PSYC 200) Semester Hours: *Three*
- EDUC 401 - Professional Growth and Folio Development II Semester Hours: *One* (*Must be taken during the senior year, the semester prior to student teaching*)
- EDPS 453/553 - the Exceptional Child Semester Hours: *Three*<sup>1</sup>
- EDRD 423/523 - Integration of Literacy in Content Areas: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup> ‡
- EDRD 463/563 - Reading and Writing Strategies for Middle and Secondary Content Areas Semester Hours: *Three*<sup>1</sup>
- ETOP 423/523 - Classroom and Behavior Management Semester Hours: *Three*<sup>1</sup>
- EDUC 471 - Student Teaching Seminar Semester Hours: *One* (*must be taken concurrently with ESCL 4712*)

**Total: 33 Hours**

*†Students who transfer in a course for EDUC 203 that does not include an equivalent field experience must take EDCL 200.*

*‡Students who transfer in a course for EDRD 423/523 which does not include an equivalent field experience must complete: **EDCL 420/520 Field Experience with English Language Learners***

## Field and Clinical Experiences

- EDCL 211 - Teaching Field Experience I Semester Hours: *One* (*must be in grades 9-12 in a high school setting*)
- EDUC 210 - Field Experience I Seminar Semester Hours: *Zero* (*must be taken concurrently with EDCL 211*)

- EDCL 411/511 - Teaching Field Experience II Semester Hours: *One (must be in grades 9-12 in a high school setting, different grade than EDCL 211)\**
- EDUC 410 - Field Experience II Seminar Semester Hours: *Zero (must be taken concurrently with EDCL 411/511)*
- ESCL 4712 - Student Teaching: Secondary Semester Hours: *Twelve (must be in grades 9-12 in a high school setting, different grade than EDCL 211 or EDCL 411)*  
*OR* (for those pursuing two secondary content areas)
- ESCL 4709 - Student Teaching: Secondary Semester Hours: *Nine (must be in grades 9-12 in the primary content area)*
- ESCL 4703 - Student Teaching: Secondary Semester Hours: *Three (must be in grades 9-12 in the add-on content area)*  
OR (for those pursuing secondary/middle combined)
- ESCL 4709 Student Teaching: Secondary (*must be in grades 9-12 in a secondary school setting*)
- EMCL 4703 - Student Teaching: Middle School Semester Hours: *Three (must be in grades 5-9 in a middle school setting, different grade level than EDCL 411/511)\**

**Total: 14 Hours**

*\*Candidates pursuing secondary/middle combined certification must complete EDCL 411/511 Teaching Field Experience II in a middle school setting.*

*<sup>1</sup>See the catalog section on Senior Permission for information on earning graduate credit for this course.*

## Chemistry Education

### Science Certification Core Requirements

- IDST 313 - History and Philosophy of Science and Technology Semester Hours: *Three*
- BIOL 113 - General Biology I (MOTR BIOL 150L) Semester Hours: *Three*
- BIOL 111 - General Biology I Laboratory (MOTR BIOL 150L) Semester Hours: *One*
- BIOL 123 - General Biology II Semester Hours: *Three*
- BIOL 121 - General Biology II Laboratory Semester Hours: *One*
- CHEM 133 - General Chemistry I (MOTR CHEM 150L) Semester Hours: *Three*
- CHEM 132 - General Chemistry I Laboratory (MOTR CHEM 150L) Semester Hours: *Two*
- CHEM 130 - General Chemistry I Problem Solving (MOTR CHEM 150L) Semester Hours: *Zero*
- CHEM 143 - General Chemistry II Semester Hours: *Three*
- CHEM 142 - General Chemistry II Laboratory Semester Hours: *Two*
- CHEM 140 - General Chemistry II Problem Solving Semester Hours: *Zero*
- PHYS 213 - General Physics I (MOTR PHYS 200L) Semester Hours: *Three*
- PHYS 211 - General Physics I Laboratory (MOTR PHYS 200L) Semester Hours: *One*
- PHYS 223 - General Physics II Semester Hours: *Three*
- PHYS 221 - General Physics II Laboratory Semester Hours: *One*
- PHYS 123 - Geology and Earth Science (MOTR GEOL 100L) Semester Hours: *Three*

- PHYS 122 - Geology and Earth Science Laboratory (MOTR GEOL 100L) Semester Hours: *Two*
- PHYS 383 - Meteorology Semester Hours: *Three*
- BIOL 323A - Environmental Science and Conservation Semester Hours: *Three*
- BIOL 321A - Environmental Science and Conservation Laboratory Semester Hours: *One*
- EDMS 483/583 - Teaching Science for Middle/Secondary Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>

**Total: 44 Hours**

### Chemistry Requirements

- CHEM 313 - Organic Chemistry I Semester Hours: *Three*
- CHEM 312 - Organic Chemistry I Laboratory Semester Hours: *Two*
- CHEM 323 - Organic Chemistry II Semester Hours: *Three*
- CHEM 322 - Organic Chemistry II Laboratory Semester Hours: *Two*
- CHEM 332 - Analytical Chemistry Laboratory Semester Hours: *Two*
- CHEM 343 - Analytical Chemistry Lecture Semester Hours: *Three*
- CHEM 413 - Physical Chemistry I Semester Hours: *Three*
- CHEM 443 - Biochemistry I Semester Hours: *Three*
- CHEM 441 - Biochemistry I Laboratory Semester Hours: *One*
- CHEM 453 - Modern Instrumental Analysis Semester Hours: *Three*
- CHEM 452 - Modern Instrumental Analysis Laboratory Semester Hours: *Two*

**Total: 27 Hours**

### Note(s):

*Some of the Science Certification Core requirements may also be applied toward general education and degree requirements.*

*<sup>1</sup>See the catalog section on Senior Permission for information on earning graduate credit for this course.*

**Post-baccalaureate Certification-only students (students who already hold a bachelor's degree from a college or university with an approved teacher education program) may opt to pursue the Categorical Chemistry certification.**

**Total: 71 Hours**

## English/Secondary Education: BA, BS, BPS

**CIP Code: 23.0101/13.1205**

Students must meet all requirements for certification before this degree will be conferred, including passing the following: 1) all sections of the Missouri General Education Assessment (MoGEA); 2) the Professional Development Folio (*semester prior to student teaching*); 3) the Missouri Content Assessment(s) (MoCA) for each area of certification sought;

and 4) a passing composite score on their summative evaluation in the Missouri Educator Evaluation System (MEES).

## Professional Requirements

- EDUC 201 - Professional Growth and Folio Development I Semester Hours: *One (Must be taken second semester of sophomore year or first semester of enrollment if transferring as a junior or senior)*
- EDUC 203 - Teaching in a Diverse Society Semester Hours: *Three † (Must be taken with EDUC 201)*
- EDCL 200 - Teaching in a Diverse Society Field Experience Semester Hours: *Zero (must be taken concurrently with EDUC 203)*

- ESCL 4712 - Student Teaching: Secondary Semester Hours: *Twelve (must be in grades 9-12 in a high school setting, different grade than EDCL 211 or EDCL 411) OR (for those pursuing two secondary content areas)*

- ESCL 4709 - Student Teaching: Secondary Semester Hours: *Nine (must be in grades 9-12 in the primary content area)*
- ESCL 4703 - Student Teaching: Secondary Semester Hours: *Three (must be in grades 9-12 in the add-on content area) OR (for those pursuing secondary/middle combined)*
- ESCL 4709 Student Teaching: Secondary (*must be in grades 9-12 in a secondary school setting*)
- EMCL 4703 - Student Teaching: Middle School Semester Hours: *Three (must be in grades 5-9 in a middle school setting, different grade level than EDCL 411/511)\**

Total: 14 Hours

\*Candidates pursuing secondary/middle combined certification must complete EDCL 411/511 Teaching Field Experience II in a middle school setting.

<sup>1</sup>See the catalog section on Senior Permission for information on earning graduate credit for this course.

## Major Requirements

The student must complete the following requirements plus select and complete one or more of the following concentration areas (39 hours). Students may not overlap concentration requirements.

### Required English (ENGL) courses

- ENGL 283 - Techniques for Writing Tutorials Semester Hours: *Three*
- ENGL 333A - American Literature I (Colonial America to 1865) Semester Hours: *Three*
- ENGL 333B - American Literature II (1865-1945) Semester Hours: *Three*
- ENGL 353A - British Literature I (the Middle Ages Through the Early 17th Century) Semester Hours: *Three*
- ENGL 353B - British Literature II (Since the Restoration) Semester Hours: *Three*
- ENGL 363 - Critical Theories Semester Hours: *Three*
- ENGL 443 - Senior Research Seminar in English Semester Hours: *Three*
- ENGL 453/553 - History of the English Language Semester Hours: *Three<sup>1</sup>*
- ENGL 473 - Advanced Grammar Semester Hours: *Three*

Total: 27 Hours

### Concentration Areas

#### Literature Concentration

- ENGL 333C - American Literature III (1945-Present) Semester Hours: *Three*
- ENGL 373 - Chaucer, Shakespeare, and Milton Semester Hours: *Three*
- ENCP 433/533 - C. S. Lewis and J. R. R. Tolkien Semester Hours: *Three*
- ENGL 463/563 - Multicultural Literature Semester Hours: *Three<sup>1</sup>*

## Writing Concentration

- COEN 223 - Basic Reporting and Writing for Journalism Semester Hours: *Three*
- ENGL 403 - Creative Writing I (Poetry and Fiction) Semester Hours: *Three*
- ENGL 413 - Creative Writing II (Drama and Nonfiction) Semester Hours: *Three*
- ENGL 433 - Business Writing Semester Hours: *Three*

- EDRD 423/523 - Integration of Literacy in Content Areas: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup> ‡
- ETOP 423/523 - Classroom and Behavior Management Semester Hours: *Three*<sup>1</sup>

### Note(s):

†Students who transfer in a course for EDUC 203 that does not include an equivalent field experience must take EDCL 200.

‡Students who transfer in a course for EDRD 423/523 which does not include an equivalent field experience must complete: **EDCL 420/520 Field Experience with English Language Learners**

## Secondary Education Concentration

Three (3) hours from the Writing Concentration

- EDEN 453/553 - Teaching Language Arts and Composition in Middle/Secondary: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>
- EDEN 463/563 - Teaching Literature Within the Curriculum Semester Hours: *Three*<sup>1</sup>
- ENGL 463/563 - Multicultural Literature Semester Hours: *Three*<sup>1</sup>

### Note(s):

<sup>1</sup>See the catalog section on Senior Permission for information on earning graduate credit for this course.

Total: 12 hours

## Health Education/Physical Education/K-12 Education: BS, BPS

CIP Code: 13.1307/13.1314/13.1206

## Professional Education Core

- EDUC 201 - Professional Growth and Folio Development I Semester Hours: *One* (Must be taken second semester of sophomore year or first semester of enrollment if transferring as a junior or senior)
- EDUC 203 - Teaching in a Diverse Society Semester Hours: *Three* † (Must be taken with EDUC 201)
- EDCL 200 - Teaching in a Diverse Society Field Experience Semester Hours: *Zero* (must be taken concurrently with EDUC 203)
- EDPS 383 - Psychology of Teaching and Learning Semester Hours: *Three*
- EDUC 303 - Methods of Teaching and Differentiated Instruction Semester Hours: *Three*
- EDUC 373 - Technology and Instructional Media Semester Hours: *Three*
- PSYC 313 - Human Growth and Development (MOTR PSYC 200) Semester Hours: *Three*
- EDUC 401 - Professional Growth and Folio Development II Semester Hours: *One* (Must be taken during the senior year, the semester prior to student teaching)
- EDPS 453/553 - the Exceptional Child Semester Hours: *Three*<sup>1</sup>

Total: 26 Hours

## Field Experience Core

- EDCL 211 - Teaching Field Experience I Semester Hours: *One* (must be in an elementary school or high school setting)\*
- EDUC 210 - Field Experience I Seminar Semester Hours: *Zero* (must be taken concurrently with EDCL 211)
- EDCL 411/511 - Teaching Field Experience II Semester Hours: *One* (must be taken in a high school or elementary school setting, different level than EDCL 211)\*\*
- EDUC 410 - Field Experience II Seminar Semester Hours: *Zero* (must be taken concurrently with EDCL 411/511)
- ELCL 4709 - Student Teaching: Elementary Semester Hours: *Nine* (must be in an elementary school setting)
- ESCL 4703 - Student Teaching: Secondary Semester Hours: *Three* (must be in a high school setting)
- EDUC 471 - Student Teaching Seminar Semester Hours: *One* (must be taken concurrently with ELCL 4709+ESCL 4703) OR
- ESCL 4709 - Student Teaching: Secondary Semester Hours: *Nine* (must be in a high school setting)
- ELCL 4703 - Student Teaching: Elementary Semester Hours: *Three* (must be in an elementary school setting)
- EDUC 471 Student Teaching Seminar (must be taken concurrently with ESCL 4709+ELCL 4703)

### Note(s):

\*Must be taken in conjunction with MUED 313 Early Childhood/Elementary School Music Methods as part of the BME degree requirements

\*\*Must be taken in conjunction with MUED 323 Middle/Secondary School Music Methods as part of the BME degree requirements

Total: 15 Hours

## Major Requirements

### Required Biology (BIOL) courses

- BIOL 203 - Human Biology (MOTR LIFS 150L) Semester Hours: *Three*
  - BIOL 201 - Human Biology Laboratory (MOTR LIFS 150L) Semester Hours: *One*
- OR

- BIOL 213 - Anatomy and Physiology I Semester Hours: *Three*
- BIOL 211 - Anatomy and Physiology I Laboratory Semester Hours: *One*
- BIOL 223 - Anatomy and Physiology II Semester Hours: *Three*
- BIOL 221 - Anatomy and Physiology II Laboratory Semester Hours: *One*
- BIOL 303 - Nutrition Science Semester Hours: *Three*

Total: 7-11 Hours

### Required Exercise Science (EXSC) courses

- EXSC 233 - Care and Prevention of Athletic Injuries/Illnesses Semester Hours: *Three*
- EXSC 283 - History and Philosophy of Sport Semester Hours: *Three*
- EXSC 313 - Exercise Physiology I Semester Hours: *Three*
- EXSC 343 - Motor Learning and Control Semester Hours: *Three*
- EXSC 363 - Adapted Physical Activity Semester Hours: *Three*
- EXSC 411 - Exercise Testing and Prescription Lab Semester Hours: *One*
- EXSC 413 - Exercise Testing and Prescription Semester Hours: *Three*
- EXSC 433 - Biomechanics Semester Hours: *Three*

Total: 22 Hours

### Required Health Science (KHSC) courses

- KHSC 103 - Substance Abuse Semester Hours: *Three*
- KHSC 333 - Health and Wellness Semester Hours: *Three*
- HSCI 373 - Community Health Semester Hours: *Three*

Total: 9 Hours

### Required Health Education (EDHE) course

- EDHE 453/553 - Curriculum, Theory and Methods of Health Education for Grades K-12: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>

Total: 3 Hours

### Required Lifetime Activity/Dance (KACT/THEA) courses

Select three (3) courses from the following:

- KACT 101A - Archery Semester Hours: *One*
- KACT 101F - Fitness Theory and Practice Semester Hours: *One*
- KACT 101G - Golf Semester Hours: *One*
- KACT 101J - Aerobic Running Semester Hours: *One*
- KACT 101L - Stretching for Flexibility Semester Hours: *One*

- KACT 101W - Strength Training Semester Hours: *One*
- KACT 101X - Bowling Semester Hours: *One*
- THEA 131 - Ballet I Semester Hours: *One*
- THEA 141 - Jazz I Semester Hours: *One*
- THEA 331 - Ballet II Semester Hours: *One*
- THEA 341 - Jazz II Semester Hours: *One*
- THEA 351 - Tap Semester Hours: *One*

Total: 3 Hours

### Required Physical Education (EDPE or PHED) courses

- PHED 133 - First Aid and Emergency Care Semester Hours: *Three*
- PHED 263 - Movement and Rhythms Semester Hours: *Three*
- EDPE 433/533 - Curriculum, Theory, And Methods of Physical Education in The Elementary School: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>
- EDPE 453/553 - Curriculum, Theory, and Methods of Physical Education in the Middle School: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>
- EDPE 463/563 - Curriculum, Theory, And Methods of Physical Education in The Secondary School: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>

Total: 15 Hours

### Required Psychology (PSYC) courses

- PSYC 213 - Personal Adjustment Semester Hours: *Three*

Total: 3 Hours

### Required Sociology (SOCO) courses

- SOCO 323 - Marriage and the Family Semester Hours: *Three*

Total: 3 Hours

### Required Sport Management (SMGT) courses

- SMGT 333 - Sport Sociology Semester Hours: *Three*
- SMGT 433/533 - Sport Psychology Semester Hours: *Three*  
**OR**
- EXSC 403/503 - Exercise Psychology Semester Hours: *Three*

Total: 6 Hours

### Note(s):

**A 2.750 cumulative grade point average and 3.000 GPA in the major and in professional education, field and clinical experiences are required for graduation.**

<sup>1</sup>See the catalog section on Senior Permission for information on earning graduate credit for this course.

Total: 71-75 Hours

## Mathematics/Secondary Education: BS, BPS

CIP Code: 27.0101/13.1205

Students must meet all requirements for certification before this degree will be conferred, including passing the following: 1) all sections of the Missouri General Education Assessment (MoGEA); 2) the Professional Development Folio (*semester prior to student teaching*); 3) the Missouri Content Assessment(s) (MoCA) for each area of certification sought; and 4) a passing composite score on their summative evaluation in the Missouri Educator Evaluation System (MEES).

General Education Requirements

Bachelor of Professional Studies

### Professional Requirements

- EDUC 201 - Professional Growth and Folio Development I Semester Hours: *One (Must be taken second semester of sophomore year or first semester of enrollment if transferring as a junior or senior)*
- EDUC 203 - Teaching in a Diverse Society Semester Hours: *Three † (Must be taken with EDUC 201)*
- EDCL 200 - Teaching in a Diverse Society Field Experience Semester Hours: *Zero (must be taken concurrently with EDUC 203)*
- ECTA 323 - Curriculum, Assessment, and Data-Based Decision Making Semester Hours: *Three*
- EDPS 383 - Psychology of Teaching and Learning Semester Hours: *Three*
- EDUC 303 - Methods of Teaching and Differentiated Instruction Semester Hours: *Three*
- EDUC 373 - Technology and Instructional Media Semester Hours: *Three*
- PSYC 313 - Human Growth and Development (MOTR PSYC 200) Semester Hours: *Three*
- EDUC 401 - Professional Growth and Folio Development II Semester Hours: *One (Must be taken during the senior year, the semester prior to student teaching)*
- EDPS 453/553 - the Exceptional Child Semester Hours: *Three<sup>1</sup>*
- EDRD 423/523 - Integration of Literacy in Content Areas: Seminar and Field Experience Semester Hours: *Three<sup>1</sup> ‡*
- EDRD 463/563 - Reading and Writing Strategies for Middle and Secondary Content Areas Semester Hours: *Three<sup>1</sup>*
- ETOP 423/523 - Classroom and Behavior Management Semester Hours: *Three<sup>1</sup>*
- EDUC 471 - Student Teaching Seminar Semester Hours: *One (must be taken concurrently with ESCL 4712)*

Total: 33 Hours

<sup>†</sup>Students who transfer in a course for EDUC 203 that does not include an equivalent field experience must take EDCL 200.

<sup>‡</sup>Students who transfer in a course for EDRD 423/523 which does not include an equivalent field experience must complete: **EDCL 420/520 Field Experience with English Language Learners**

### Field and Clinical Experiences

- EDCL 211 - Teaching Field Experience I Semester Hours: *One (must be in grades 9-12 in a high school setting)*
- EDUC 210 - Field Experience I Seminar Semester Hours: *Zero (must be taken concurrently with EDCL 211)*
- EDCL 411/511 - Teaching Field Experience II Semester Hours: *One (must be in grades 9-12 in a high school setting, different grade than EDCL 211)\**
- EDUC 410 - Field Experience II Seminar Semester Hours: *Zero (must be taken concurrently with EDCL 411/511)*
- ESCL 4712 - Student Teaching: Secondary Semester Hours: *Twelve (must be in grades 9-12 in a high school setting, different grade than EDCL 211 or EDCL 411) OR (for those pursuing two secondary content areas)*
- ESCL 4709 - Student Teaching: Secondary Semester Hours: *Nine (must be in grades 9-12 in the primary content area)*
- ESCL 4703 - Student Teaching: Secondary Semester Hours: *Three (must be in grades 9-12 in the add-on content area) OR (for those pursuing secondary/middle combined)*
- ESCL 4709 Student Teaching: Secondary (*must be in grades 9-12 in a secondary school setting*)
- EMCL 4703 - Student Teaching: Middle School Semester Hours: *Three (must be in grades 5-9 in a middle school setting, different grade level than EDCL 411/511)\**

Total: 14 Hours

*\*Candidates pursuing secondary/middle combined certification must complete EDCL 411/511 Teaching Field Experience II in a middle school setting.*

<sup>1</sup>See the catalog section on Senior Permission for information on earning graduate credit for this course.

### Major Requirements

**Mission Statement:** Mathematics plays a key role in understanding the principles of our physical environment and is an important tool in successful utilization and conservation of human, physical, and financial resources. The mission of the Mathematics department is to instill in its students an understanding of the mathematical concepts necessary to be productive members of society, and to provide the mathematics foundation necessary for graduate study in mathematics and careers in mathematics, education, business, finance, science, medicine, and engineering. This mission follows from our Christian worldview which states, in part, that we are to live in harmony with the physical environment God has created for us and utilize its resources intelligently and conservatively.

The student must complete at least 33 hours in Mathematics (including 9 hours of upper division electives), 8 hours in physics, and 3 hours in computer science, including the following courses or their equivalent:

### Required Mathematics (MATH) Courses

- MATH 164 - Calculus I Semester Hours: *Four*
- MATH 213 - Discrete Mathematics Semester Hours: *Three*
- MATH 254 - Calculus II Semester Hours: *Four*

- MATH 264 - Calculus III Semester Hours: *Four*
- MATH 353 - Linear Algebra Semester Hours: *Three*
- MATH 363 - Differential Equations Semester Hours: *Three*
- MATH 433 - Mathematics Seminar Semester Hours: *Three*

Total: 24 Hours

### Required Physics (PHYS) Courses

- PHYS 213 - General Physics I (MOTR PHYS 200L) Semester Hours: *Three*
- PHYS 211 - General Physics I Laboratory (MOTR PHYS 200L) Semester Hours: *One*
- PHYS 223 - General Physics II Semester Hours: *Three*
- PHYS 221 - General Physics II Laboratory Semester Hours: *One*

Total: 8 Hours

### Required Computer Science (BCSC) Course

- BCSC 253 - C++ Programming for Science and Mathematics Semester Hours: *Three*

Total: 3 Hours

### Mathematics Electives

*9 hours upper division Mathematics electives\**

**OR**

**Students seeking certification to teach secondary mathematics in Missouri are required to take the following courses (9 credit hours) which will also satisfy the upper division electives required for the Mathematics major:**

- MATH 323 - Foundations of Geometry Semester Hours: *Three*
- MATH 333 - Algebraic Structures Semester Hours: *Three*

**Plus one (1) course from the following**

- MATH 313 - Elementary Number Theory Semester Hours: *Three*
- MATH 343 - Statistical Methods Semester Hours: *Three*
- MATH 453A - Advanced Calculus I Semester Hours: *Three*
- MATH 453B - Advanced Calculus II Semester Hours: *Three*

## Physical Education/K-12 Education: BS, BPS

CIP Code: 13.1314/13.1206

## K-12 Education: BS, BPS

CIP Code: 13.1206

### K-12 Certification

Subject-specific areas for K-12 certification include the following: Health Education, Music Education (Vocal/Choral or Instrumental), and Physical Education. (See the degree requirements section of the catalog for information on the BME degree and the Fine Arts Division for the major in Music Education.) Certification in Library Media Specialist and Special Reading are also available, but only at the graduate-level.

### K-12 Education Major

Students must meet all requirements for certification before this degree will be conferred, including passing the following: 1) all sections of the Missouri General Education Assessment (MoGEA); 2) the Professional Development Folio (*semester prior to student teaching*); 3) the Missouri Content Assessment(s) (MoCA) for each area of certification sought; and 4) a passing composite score on their summative evaluation in the Missouri Educator Evaluation System (MEES).

## Professional Education Core

- EDUC 201 - Professional Growth and Folio Development I Semester Hours: *One (Must be taken second semester of sophomore year or first semester of enrollment if transferring as a junior or senior)*
- EDUC 203 - Teaching in a Diverse Society Semester Hours: *Three † (Must be taken with EDUC 201)*
- EDCL 200 - Teaching in a Diverse Society Field Experience Semester Hours: *Zero (must be taken concurrently with EDUC 203)*
- EDPS 383 - Psychology of Teaching and Learning Semester Hours: *Three*
- EDUC 303 - Methods of Teaching and Differentiated Instruction Semester Hours: *Three*
- EDUC 373 - Technology and Instructional Media Semester Hours: *Three*
- PSYC 313 - Human Growth and Development (MOTR PSYC 200) Semester Hours: *Three*
- EDUC 401 - Professional Growth and Folio Development II Semester Hours: *One (Must be taken during the senior year, the semester prior to student teaching)*
- EDPS 453/553 - the Exceptional Child Semester Hours: *Three*<sup>1</sup>
- EDRD 423/523 - Integration of Literacy in Content Areas: Seminar and Field Experience Semester Hours: *Three*<sup>1 ‡</sup>
- ETOP 423/523 - Classroom and Behavior Management Semester Hours: *Three*<sup>1</sup>

### Note(s):

<sup>†</sup>Students who transfer in a course for EDUC 203 that does not include an equivalent field experience must take EDCL 200. <sup>‡</sup>Students who transfer in a course for EDRD 423/523 which does not include an equivalent field experience must complete: **EDCL 420/520 Field Experience with English Language Learners**

**Total: 26 Hours**

## Field Experience Core

- EDCL 211 - Teaching Field Experience I Semester Hours: *One (must be in an elementary school or high school setting)\**
- EDUC 210 - Field Experience I Seminar Semester Hours: *Zero (must be taken concurrently with EDCL 211)*
- EDCL 411/511 - Teaching Field Experience II Semester Hours: *One (must be taken in a high school or elementary school setting, different level than EDCL 211)\*\**
- EDUC 410 - Field Experience II Seminar Semester Hours: *Zero (must be taken concurrently with EDCL 411/511)*
- ELCL 4709 - Student Teaching: Elementary Semester Hours: *Nine (must be in an elementary school setting)*
- ESCL 4703 - Student Teaching: Secondary Semester Hours: *Three (must be in a high school setting)*
- EDUC 471 - Student Teaching Seminar Semester Hours: *One (must be taken concurrently with ELCL 4709+ESCL 4703)*
- OR
  
- ESCL 4709 - Student Teaching: Secondary Semester Hours: *Nine (must be in a high school setting)*
- ELCL 4703 - Student Teaching: Elementary Semester Hours: *Three (must be in an elementary school setting)*
- EDUC 471 Student Teaching Seminar *(must be taken concurrently with ESCL 4709+ELCL 4703)*

### Note(s):

*\*Must be taken in conjunction with MUED 313 Early Childhood/Elementary School Music Methods as part of the BME degree requirements*

*\*\*Must be taken in conjunction with MUED 323 Middle/Secondary School Music Methods as part of the BME degree requirements*

**Total: 15 Hours**

## Major Requirements

*(for those seeking teacher certification in physical education)*

### Required Biology (BIOL) courses

- BIOL 203 - Human Biology (MOTR LIFS 150L) Semester Hours: *Three*
- BIOL 201 - Human Biology Laboratory (MOTR LIFS 150L) Semester Hours: *One*
- OR
- BIOL 213 - Anatomy and Physiology I Semester Hours: *Three*
- BIOL 211 - Anatomy and Physiology I Laboratory Semester Hours: *One*
- BIOL 223 - Anatomy and Physiology II Semester Hours: *Three*
- BIOL 221 - Anatomy and Physiology II Laboratory Semester Hours: *One*
- BIOL 303 - Nutrition Science Semester Hours: *Three*

**Total: 7-11 Hours**

### Required Exercise Science (EXSC) courses

- EXSC 233 - Care and Prevention of Athletic Injuries/Illnesses Semester Hours: *Three*
- EXSC 283 - History and Philosophy of Sport Semester Hours: *Three*
- EXSC 313 - Exercise Physiology I Semester Hours: *Three*
- EXSC 343 - Motor Learning and Control Semester Hours: *Three*
- EXSC 363 - Adapted Physical Activity Semester Hours: *Three*
- EXSC 411 - Exercise Testing and Prescription Lab Semester Hours: *One*
- EXSC 413 - Exercise Testing and Prescription Semester Hours: *Three*
- EXSC 433 - Biomechanics Semester Hours: *Three*

**Total: 22 Hours**

### Required Health and Wellness Courses (KHSC) courses

- KHSC 333 - Health and Wellness Semester Hours: *Three*

**Total: 3 Hours**

### Required Lifetime Activity/Dance (KACT/THEA) courses

Select three (3) courses from the following:

- KACT 101A - Archery Semester Hours: *One*
- KACT 101F - Fitness Theory and Practice Semester Hours: *One*
- KACT 101G - Golf Semester Hours: *One*
- KACT 101J - Aerobic Running Semester Hours: *One*
- KACT 101L - Stretching for Flexibility Semester Hours: *One*
- KACT 101W - Strength Training Semester Hours: *One*
- KACT 101X - Bowling Semester Hours: *One*
- THEA 131 - Ballet I Semester Hours: *One*
- THEA 141 - Jazz I Semester Hours: *One*
- THEA 331 - Ballet II Semester Hours: *One*
- THEA 341 - Jazz II Semester Hours: *One*
- THEA 351 - Tap Semester Hours: *One*

**Total: 3 Hours**

### Required Physical Education (EDPE or PHED) courses

- PHED 133 - First Aid and Emergency Care Semester Hours: *Three*
- PHED 263 - Movement and Rhythms Semester Hours: *Three*
- EDPE 433/533 - Curriculum, Theory, And Methods of Physical Education in The Elementary School: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>
- EDPE 453/553 - Curriculum, Theory, and Methods of Physical Education in the Middle School: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>
- EDPE 463/563 - Curriculum, Theory, And Methods of Physical Education in The Secondary School: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>

Total: 15 Hours

### Required Sport Management (SMGT) courses

- SMGT 333 - Sport Sociology Semester Hours: *Three*
- SMGT 433/533 - Sport Psychology Semester Hours: *Three*<sup>1</sup>  
**OR**
- EXSC 403/503 - Exercise Psychology Semester Hours: *Three*<sup>1</sup>

Total: 6 Hours

### Note(s):

A 2.750 cumulative grade point average and 3.000 GPA in the major and in professional education, field and clinical experiences are required for graduation.

Total: 56-60 Hours

## Social Sciences/Secondary Education: BA, BS, BPS

CIP Code: 45.0101/13.1205

Students must meet all requirements for certification before this degree will be conferred, including passing the following: 1) all sections of the Missouri General Education Assessment (MoGEA); 2) the Professional Development Folio (*semester prior to student teaching*); 3) the Missouri Content Assessment(s) (MoCA) for each area of certification sought; and 4) a passing composite score on their summative evaluation in the Missouri Educator Evaluation System (MEES).

### Professional Requirements

- EDUC 201 - Professional Growth and Folio Development I Semester Hours: *One (Must be taken second semester of sophomore year or first semester of enrollment if transferring as a junior or senior)*
- EDUC 203 - Teaching in a Diverse Society Semester Hours: *Three* † (*Must be taken with EDUC 201*)
- EDCL 200 - Teaching in a Diverse Society Field Experience Semester Hours: *Zero (must be taken concurrently with EDUC 203)*

- ECTA 323 - Curriculum, Assessment, and Data-Based Decision Making Semester Hours: *Three*
- EDPS 383 - Psychology of Teaching and Learning Semester Hours: *Three*
- EDUC 303 - Methods of Teaching and Differentiated Instruction Semester Hours: *Three*
- EDUC 373 - Technology and Instructional Media Semester Hours: *Three*
- PSYC 313 - Human Growth and Development (MOTR PSYC 200) Semester Hours: *Three*
- EDUC 401 - Professional Growth and Folio Development II Semester Hours: *One (Must be taken during the senior year, the semester prior to student teaching)*
- EDPS 453/553 - the Exceptional Child Semester Hours: *Three*<sup>1</sup>
- EDRD 423/523 - Integration of Literacy in Content Areas: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup> ‡
- EDRD 463/563 - Reading and Writing Strategies for Middle and Secondary Content Areas Semester Hours: *Three*<sup>1</sup>
- ETOP 423/523 - Classroom and Behavior Management Semester Hours: *Three*<sup>1</sup>
- EDUC 471 - Student Teaching Seminar Semester Hours: *One (must be taken concurrently with ESCL 4712)*

Total: 33 Hours

†Students who transfer in a course for EDUC 203 that does not include an equivalent field experience must take EDCL 200.

‡Students who transfer in a course for EDRD 423/523 which does not include an equivalent field experience must complete: **EDCL 420/520 Field Experience with English Language Learners**

### Field and Clinical Experiences

- EDCL 211 - Teaching Field Experience I Semester Hours: *One (must be in grades 9-12 in a high school setting)*
- EDUC 210 - Field Experience I Seminar Semester Hours: *Zero (must be taken concurrently with EDCL 211)*
- EDCL 411/511 - Teaching Field Experience II Semester Hours: *One (must be in grades 9-12 in a high school setting, different grade than EDCL 211)\**
- EDUC 410 - Field Experience II Seminar Semester Hours: *Zero (must be taken concurrently with EDCL 411/511)*
- ESCL 4712 - Student Teaching: Secondary Semester Hours: *Twelve (must be in grades 9-12 in a high school setting, different grade than EDCL 211 or EDCL 411) OR (for those pursuing two secondary content areas)*
- ESCL 4709 - Student Teaching: Secondary Semester Hours: *Nine (must be in grades 9-12 in the primary content area)*
- ESCL 4703 - Student Teaching: Secondary Semester Hours: *Three (must be in grades 9-12 in the add-on content area) OR (for those pursuing secondary/middle combined)*
- ESCL 4709 Student Teaching: Secondary (*must be in grades 9-12 in a secondary school setting*)
- EMCL 4703 - Student Teaching: Middle School Semester Hours: *Three (must be in grades 5-9 in a middle school setting, different grade level than EDCL 411/511)\**

Total: 14 Hours

\*Candidates pursuing secondary/middle combined certification must complete EDCL 411/511 Teaching Field Experience II in a middle

school setting.

<sup>1</sup>See the catalog section on Senior Permission for information on earning graduate credit for this course.

- HIPO 353 - Political Thought at the Founding of the United States Semester Hours: *Three*
- CRPO 453 - Constitutional Law I Semester Hours: *Three*
- CRPO 463 - Constitutional Law II Semester Hours: *Three*

## Major Requirements

**A student majoring in Social Sciences is not permitted to major or minor in History.**

### Required History (HIST) Courses

- HIWO 113 - World History I (MOTR HIST 201) Semester Hours: *Three*
- HIWO 123 - World History II (MOTR HIST 202) Semester Hours: *Three*
- HIUS 213 - United States History I (MOTR HIST 101) Semester Hours: *Three*
- HIUS 223 - United States History II (MOTR HIST 102) Semester Hours: *Three*
- HIST 303 - Introduction to the Study of History Semester Hours: *Three*
- Electives: Nine hours of upper division History\*

Note(s):

\*Including 6 hours American and 3 hours European, Latin American, Asian, African, or other world (non-U.S.) history

### Required Interdisciplinary Studies (IDST) Course

- IDST 473 - Liberal Studies Research Capstone Semester Hours: *Three*

### Required Economics (ECON) Course

- ECON 103 - Survey of Economics for Non-Business Majors (MOTR ECON 100) Semester Hours: *Three*

### Required Geography (EDUC) Course

- EDGE 203 - Introduction to World Geography (MOTR GEOG 101) Semester Hours: *Three*

### Required Political Science (POLS) Courses

- POLS 103 - U.S. and Missouri Government and Constitution (MOTR POSC 101) Semester Hours: *Three*  
*And one course from the following:*
- POLS 123 - State And Local Government Semester Hours: *Three*
- POLS 363 - The African American Constitutional Experience Semester Hours: *Three*
- POPH 333 - Political Philosophy Semester Hours: *Three*
- HIPO 343 - the American Presidency Semester Hours: *Three*

### Required Psychology (PSYC) course

- PSYC 133 - General Psychology (MOTR PSYC 100) Semester Hours: *Three*

### Sociology (SOCO or SOHI) course

**one from the following:**

- SOCO 113 - Introduction to Sociology (MOTR SOCI 101) Semester Hours: *Three*
- SOHI 213 - Worldview and Social Issues (MOTR SOCI 201) Semester Hours: *Three*
- SOCO 353 - Cultural Anthropology (MOTR ANTH 201) Semester Hours: *Three*

**Total: 45 Hours**

## Speech/Theatre/Secondary Education: BA, BS, BPS

**CIP Code:13.1324/13.1205**

Students must meet all requirements for certification before this degree will be conferred, including passing the following: 1) all sections of the Missouri General Education Assessment (MoGEA); 2) the Professional Development Folio (*semester prior to student teaching*); 3) the Missouri Content Assessment(s) (MoCA) for each area of certification sought; and 4) a passing composite score on their summative evaluation in the Missouri Educator Evaluation System (MEES).

### Professional Requirements

- EDUC 201 - Professional Growth and Folio Development I Semester Hours: *One (Must be taken second semester of sophomore year or first semester of enrollment if transferring as a junior or senior)*
- EDUC 203 - Teaching in a Diverse Society Semester Hours: *Three † (Must be taken with EDUC 201)*
- EDCL 200 - Teaching in a Diverse Society Field Experience Semester Hours: *Zero (must be taken concurrently with EDUC 203)*
- ECTA 323 - Curriculum, Assessment, and Data-Based Decision Making Semester Hours: *Three*
- EDPS 383 - Psychology of Teaching and Learning Semester Hours: *Three*
- EDUC 303 - Methods of Teaching and Differentiated Instruction Semester Hours: *Three*
- EDUC 373 - Technology and Instructional Media Semester Hours: *Three*
- PSYC 313 - Human Growth and Development (MOTR PSYC 200) Semester Hours: *Three*

- EDUC 401 - Professional Growth and Folio Development II Semester Hours: *One (Must be taken during the senior year, the semester prior to student teaching)*
- EDPS 453/553 - the Exceptional Child Semester Hours: *Three*<sup>1</sup>
- EDRD 423/523 - Integration of Literacy in Content Areas: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup> ‡
- EDRD 463/563 - Reading and Writing Strategies for Middle and Secondary Content Areas Semester Hours: *Three*<sup>1</sup>
- ETOP 423/523 - Classroom and Behavior Management Semester Hours: *Three*<sup>1</sup>
- EDUC 471 - Student Teaching Seminar Semester Hours: *One (must be taken concurrently with ESCL 4712)*

**Total: 33 Hours**

†Students who transfer in a course for EDUC 203 that does not include an equivalent field experience must take EDCL 200.

‡Students who transfer in a course for EDRD 423/523 which does not include an equivalent field experience must complete: **EDCL 420/520 Field Experience with English Language Learners**

## Field and Clinical Experiences

- EDCL 211 - Teaching Field Experience I Semester Hours: *One (must be in grades 9-12 in a high school setting)*
- EDUC 210 - Field Experience I Seminar Semester Hours: *Zero (must be taken concurrently with EDCL 211)*
- EDCL 411/511 - Teaching Field Experience II Semester Hours: *One (must be in grades 9-12 in a high school setting, different grade than EDCL 211)\**
- EDUC 410 - Field Experience II Seminar Semester Hours: *Zero (must be taken concurrently with EDCL 411/511)*
- ESCL 4712 - Student Teaching: Secondary Semester Hours: *Twelve (must be in grades 9-12 in a high school setting, different grade than EDCL 211 or EDCL 411) OR (for those pursuing two secondary content areas)*
- ESCL 4709 - Student Teaching: Secondary Semester Hours: *Nine (must be in grades 9-12 in the primary content area)*
- ESCL 4703 - Student Teaching: Secondary Semester Hours: *Three (must be in grades 9-12 in the add-on content area) OR (for those pursuing secondary/middle combined)*
- ESCL 4709 Student Teaching: Secondary (*must be in grades 9-12 in a secondary school setting*)
- EMCL 4703 - Student Teaching: Middle School Semester Hours: *Three (must be in grades 5-9 in a middle school setting, different grade level than EDCL 411/511)\**

**Total: 14 Hours**

\*Candidates pursuing secondary/middle combined certification must complete EDCL 411/511 Teaching Field Experience II in a middle school setting.

<sup>1</sup>See the catalog section on Senior Permission for information on earning graduate credit for this course.

## Major Requirements

It is recommended that students take CPHI 203 - Introduction to Logic to satisfy the Humanities General Education requirement.

## Required Theatre Courses

- THEA 113 - Acting I Semester Hours: *Three*
- THEA 223 - Acting II Semester Hours: *Three*
- THEA 213 - Stage Make-Up Semester Hours: *Three*
- THEA 233 - Stagecraft Semester Hours: *Three*
- THEA 313 - History of Theatre I Semester Hours: *Three*
- THEA 323 - History of Theatre II Semester Hours: *Three*
- THEA 333 - Directing Semester Hours: *Three*
- THEA 423 - Theatrical Costuming Semester Hours: *Three*
- THEA 433 - Stage Management Semester Hours: *Three*
- **3 credit hours from the following:**
- MUCS 110/111/310/311 - Theatre Production Semester Hours: *Zero to One*
- MUTS 130/131/330/331 - Musical Theatre Production Semester Hours: *Zero to One*
- THEP 110/111/310/311 - Theatre Production Semester Hours: *Zero to One*

**Total: 30 Hours**

## Required Communications Courses

- COMM 203 - Understanding Human Communications Semester Hours: *Three*
- COMM 223 - Introduction to Mass Media (MOTR SBSC 100) Semester Hours: *Three*
- COMM 233 - Introduction to Cross-Cultural Communication (MOTR SBSC 101) Semester Hours: *Three* \*
- COST 333 - Argument and Debate Semester Hours: *Three*
- COST 403 - Oral Interpretation of Literature Semester Hours: *Three*

**Total: 15 Hours**

\*Also satisfies general education requirement

## Required Speech/Theatre Education

- EDST 473/573 - Methods of Teaching Speech and Theatre for Middle/Secondary: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>

**Total: 3 Hours**

<sup>1</sup>See the catalog section on Senior Permission for information on earning graduate credit for this course.

**Total: 45 Hours**

## Biology Education, BS

CIP Code: 13.1322

## Biology Education

## Science Certification Core Requirements

- IDST 313 - History and Philosophy of Science and Technology Semester Hours: *Three*
- BIOL 111 - General Biology I Laboratory (MOTR BIOL 150L) Semester Hours: *One*
- BIOL 113 - General Biology I (MOTR BIOL 150L) Semester Hours: *Three*
- BIOL 121 - General Biology II Laboratory Semester Hours: *One*
- BIOL 123 - General Biology II Semester Hours: *Three*
- CHEM 130 - General Chemistry I Problem Solving (MOTR CHEM 150L) Semester Hours: *Zero*
- CHEM 132 - General Chemistry I Laboratory (MOTR CHEM 150L) Semester Hours: *Two*
- CHEM 133 - General Chemistry I (MOTR CHEM 150L) Semester Hours: *Three*
- CHEM 140 - General Chemistry II Problem Solving Semester Hours: *Zero*
- CHEM 142 - General Chemistry II Laboratory Semester Hours: *Two*
- CHEM 143 - General Chemistry II Semester Hours: *Three*
  
- PHYS 133 - College Physics I (MOTR PHYS 150L) Semester Hours: *Three*
- PHYS 131 - College Physics I Laboratory (MOTR PHYS 150L) Semester Hours: *One*
- PHYS 143 - College Physics II Semester Hours: *Three*
- PHYS 141 - College Physics II Laboratory Semester Hours: *One*
- OR**
- PHYS 213 - General Physics I (MOTR PHYS 200L) Semester Hours: *Three*
- PHYS 211 - General Physics I Laboratory (MOTR PHYS 200L) Semester Hours: *One*
- PHYS 223 - General Physics II Semester Hours: *Three*
- PHYS 221 - General Physics II Laboratory Semester Hours: *One*
  
- PHYS 123 - Geology and Earth Science (MOTR GEOL 100L) Semester Hours: *Three*
- PHYS 122 - Geology and Earth Science Laboratory (MOTR GEOL 100L) Semester Hours: *Two*
- PHYS 383 - Meteorology Semester Hours: *Three*
- BIOL 323A - Environmental Science and Conservation Semester Hours: *Three*
- BIOL 321A - Environmental Science and Conservation Laboratory Semester Hours: *One*
- EDMS 483/583 - Teaching Science for Middle/Secondary: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>

Total: 44 Hours

## Biology Requirements

- BIOL 213 - Anatomy and Physiology I Semester Hours: *Three*
- BIOL 211 - Anatomy and Physiology I Laboratory Semester Hours: *One*
- BIOL 223 - Anatomy and Physiology II Semester Hours: *Three*
- BIOL 221 - Anatomy and Physiology II Laboratory Semester Hours: *One*

- BIOL 343 - Genetics Semester Hours: *Three*
- BIOL 341 - Genetics Laboratory Semester Hours: *One*
- BIOL 373 - Microbiology Semester Hours: *Three*
- BIOL 371 - Microbiology Laboratory Semester Hours: *One*
- BIOL 423 - Cell Biology Semester Hours: *Three*
- BIOL 401 - Integrating Concepts of Biology Semester Hours: *One*

Total: 20 Hours

## Note(s):

*Some of the Science Certification Core requirements may also be applied toward general education and degree requirements.*

*<sup>1</sup>See the catalog section on Senior Permission for information on earning graduate credit for this course.*

**Post baccalaureate Certification-only students (students who already hold a bachelor's degree from a college or university with an approved teacher education program) may opt to pursue the Categorical Biology certification.**

Total: 64 Hours

## Business Education: BA, BS, BPS

CIP Code: 13.1303

## Major Requirements

- ACCT 213 - Principles of Financial Accounting Semester Hours: *Three*
- ACCT 223 - Principles of Managerial Accounting Semester Hours: *Three*
- ECON 113 - Macroeconomics (MOTR ECON 101) Semester Hours: *Three*
- ECON 123 - Microeconomics (MOTR ECON 102) Semester Hours: *Three*
  
- BUSN 413 - Business Law I Semester Hours: *Three*
- OR**
- BUSN 423 - Business Law II Semester Hours: *Three*
  
- BUSN 353 - Communication Strategies in Business Semester Hours: *Three*
- OR**
- ENGL 433 - Business Writing Semester Hours: *Three*
  
- BUSN 363 - Financial Management Semester Hours: *Three* †
- BUSN 481 - Interviewing Techniques Semester Hours: *One* †
- MGMT 303 - Management Concepts and Practices Semester Hours: *Three*
- BUSN 303 - Business Ethics Semester Hours: *Three* †
- MRKT 313 - Introduction to Marketing Semester Hours: *Three*

**6 hours in computer/emerging technology from the following**

- BCIS 103 - Survey of Computing Semester Hours: *Three*
- ITBU 203 - Introduction to Application Development Semester Hours: *Three*
- ITBU 213 - IT Infrastructure Semester Hours: *Three*
- ITBU 313 - Introduction to IT Security and Risk Management Semester Hours: *Three*
- ITBU 333 - System Analysis and Design Semester Hours: *Three*
- ITBU 343 - Network Security Semester Hours: *Three*
- ITBU 363 - Business Analytics Semester Hours: *Three*
- BCIS 303 - Information Technology Theory and Practice Semester Hours: *Three*
- BCIS 403/503 - Management Applications of Information Technology Semester Hours: *Three*<sup>1</sup> \*
- BCIS 453 - E-Commerce Semester Hours: *Three* \*
- EDMS 413/513 - Coordination of Cooperative Education Semester Hours: *Three*
- EDMS 423/523 - Implementing Business Education Programs Semester Hours: *Three*
- Elective in business, accounting, economics, management, marketing, or computer/emerging technology: Semester Hours: *Three* \*

- PSYC 313 - Human Growth and Development (MOTR PSYC 200) Semester Hours: *Three*
- EDPS 453/553 - the Exceptional Child Semester Hours: *Three*<sup>1</sup>
- ETOP 423/523 - Classroom and Behavior Management Semester Hours: *Three*<sup>1</sup>

Total: 21 Hours

†Students who transfer in a course for EDUC 203 that does not include an equivalent field experience must take EDCL 200.

### Field Experience Core

- EDCL 211 - Teaching Field Experience I Semester Hours: *One*<sup>2</sup>
- EDUC 210 - Field Experience I Seminar Semester Hours: *Zero (must be taken concurrently with EDCL 211)*
- EDCL 411 - Teaching Field Experience II<sup>3</sup>
- EDUC 410 - Field Experience II Seminar Semester Hours: *Zero (must be taken concurrently with EDCL 411)*
- ECCL 466 - Working with the Preschool Child Semester Hours: *Six (180 clock hours)*

Total: 8 Hours

### Early Childhood Education Core

- ECTA 323 - Curriculum, Assessment, and Data-Based Decision Making Semester Hours: *Three* (first offering FA-15)
- ECED 363 - Family and Community Resources in Early Childhood: Seminar and Field Experience Semester Hours: *Three (includes infant/toddler field experience)*
- ECED 373 - Health, Nutrition, and Safety of the Young Child Semester Hours: *Three*
- ECED 413/513 - Language Acquisition of the Young Child Semester Hours: *Three*<sup>1</sup>
- ECED 453/553 - Role of Movement and Creative Arts in Development of the Young Child: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>(includes Pre-K field experience)
- ECED 443/543 - Diagnostic Procedures in Early Childhood Education Semester Hours: *Three*<sup>1</sup>
- ECSP 423/523 - Family Engagement and Partnership: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>

Total: 21 Hours

### Additional Required Course

- ELED 453/553 - Integrated Language Arts Concepts and Children's Literature for Early Childhood/Elementary: Seminar and Field Experience Semester Hours: *Three*

Total: 3 Hours

### Elective from the Following Courses

### Note

\*BUSN 343 Personal Finance is the preferred course to fulfill the elective requirement.

†Certification-only students (students who already hold a baccalaureate degree from a college or university with an approved teacher education program) are not required to complete BUSN 481, BUSN 303, or BUSN 363.

Total: 46 Hours

## Child Development: BA, BS, BPS

CIP Code: 19.0706

NOTE: This major is intended for those individuals **not** seeking state teacher certification.

## Major Requirements

### Professional Education Core

- EDUC 203 - Teaching in a Diverse Society Semester Hours: *Three* †
- EDCL 200 - Teaching in a Diverse Society Field Experience Semester Hours: *Zero (must be taken concurrently with EDUC 203)*
- EDPS 383 - Psychology of Teaching and Learning Semester Hours: *Three*
- EDUC 303 - Methods of Teaching and Differentiated Instruction Semester Hours: *Three*
- EDUC 373 - Technology and Instructional Media Semester Hours: *Three*
- PSYC 333 - Child Psychology Semester Hours: *Three*  
OR

- ECSP 403/503 - Introduction to Early Childhood Special Education: Seminar and Field Experience Semester Hours: *Three*
- ECSP 413/513 - Teaching Young Children with Disabilities: Seminar and Field Experience Semester Hours: *Three*
- ECSP 433/533 - Assistive Technology and Augmentive Communication Semester Hours: *Three*
- EDSP 413/513 - Language Development and Disorders of the Exceptional Child Semester Hours: *Three*
- EDSP 463/563 - Individual Diagnostics and Classroom Assessment Semester Hours: *Three*
- COST 403 - Oral Interpretation of Literature Semester Hours: *Three*
- PSHU 423 - Introduction to the Principles of Applied Behavior Analysis Semester Hours: *Three*

Total: 3 Hours

## Note

<sup>1</sup>See the catalog section on Senior Permission for information on earning graduate credit for this course.

<sup>2</sup>Must be in grades PreK-3

<sup>3</sup>Must be in grades PreK-3, different age group than in EDCL 211

Total: 59 Hours

## Early Childhood Education Stand-alone, BSE

CIP Code: 13.121

Students must meet all requirements for certification before this degree will be conferred, including passing the following: 1) all sections of the Missouri General Education Assessment (MoGEA); 2) the Professional Development Folio (*semester prior to student teaching*); 3) the Missouri Content Assessment(s) (MoCA) for each area of certification sought; and 4) a passing composite score on their summative evaluation in the Missouri Educator Evaluation System (MEES).

**NOTE:** This major is available as both a stand-alone (Birth through Grade 3) and as a combined major with Early Childhood Special Education (Birth through Grade 3) and/or Elementary Education (Birth through Grade 6).

## Professional Requirements

### Content Planning and Delivery/Individual Student Needs/ Schools and the Teaching Profession

- EDUC 201 - Professional Growth and Folio Development I Semester Hours: *One* (*Must be taken second semester of sophomore year or first semester of enrollment if transferring as a junior or senior*)

- EDUC 203 - Teaching in a Diverse Society Semester Hours: *Three* † (*Must be taken with EDUC 201*)
- EDCL 200 - Teaching in a Diverse Society Field Experience Semester Hours: *Zero (must be taken concurrently with EDUC 203)*
- ECTA 323 - Curriculum, Assessment, and Data-Based Decision Making Semester Hours: *Three*
- EDPS 383 - Psychology of Teaching and Learning Semester Hours: *Three*

- EDUC 303 - Methods of Teaching and Differentiated Instruction Semester Hours: *Three*
- PSYC 313 - Human Growth and Development (MOTR PSYC 200) Semester Hours: *Three*
- EDUC 401 - Professional Growth and Folio Development II Semester Hours: *One*
- EDPS 453/553 - the Exceptional Child Semester Hours: *Three*<sup>1</sup>
- EDRD 423/523 - Integration of Literacy in Content Areas: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup> ‡
- ETOP 423/523 - Classroom and Behavior Management Semester Hours: *Three*<sup>1</sup>

Total: 29 Hours

†Students who transfer in a course for EDUC 203 that does not include an equivalent field experience must take EDCL 200.

‡Students who transfer in a course for EDRD 423/523 which does not include an equivalent field experience must complete: **EDCL 420/520 Field Experience with English Language Learners**

## Content Knowledge for Teaching/Teaching and Learning Strategies:

- ECED 413/513 - Language Acquisition of the Young Child Semester Hours: *Three*<sup>1</sup>
- ELED 453/553 - Integrated Language Arts Concepts and Children's Literature for Early Childhood/Elementary: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>
- EDRD 433/533 - Foundations of Literacy Instruction for Early Childhood/Elementary: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>
- EDRD 443/543 - Analysis and Correction of Reading Disabilities Semester Hours: *Three*<sup>1</sup>
- ELED 433/533 - Integrated Mathematics Concepts for Early Childhood/Elementary: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>
- EDSP 453/553 - Teaching Remedial Math K-12: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>
- ELED 443/543 - Integrated Science Concepts for Early Childhood/Elementary: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>
- ELED 463/563 - Integrated Concepts in Social Science, Geography, and Economics for Early Childhood/Elementary: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>

Total: 24 Hours

<sup>1</sup>See the catalog section on Senior Permission for information on earning graduate credit for this course.

## Field and Clinical Experiences

Candidates must have experiences at all levels within their course work (infant/toddler, pre-kindergarten, kindergarten, and grades 1-3).

- EDCL 211 - Teaching Field Experience I Semester Hours: *One*
- EDUC 210 - Field Experience I Seminar Semester Hours: *Zero*

- EDCL 411/511 - Teaching Field Experience II Semester Hours: *One*
- EDUC 410 - Field Experience II Seminar Semester Hours: *Zero* (must be taken concurrently with EDCL 411/511)
- ELCL 4712 - Student Teaching: Elementary Semester Hours: *Twelve* (must be in grades 1-6, different grade than EDCL 211 or EDCL 411)
- EDUC 471 - Student Teaching Seminar Semester Hours: *One* (must be taken concurrently with ECCL 4712)

Total: 15 Hours

Total: 68 Hours

## Health Education: BS, BPS

CIP Code: 13.1307

## Major Requirements

(for those seeking teacher certification in health education)

### Required Biology (BIOL) courses

- BIOL 203 - Human Biology (MOTR LIFS 150L) Semester Hours: *Three*
- BIOL 201 - Human Biology Laboratory (MOTR LIFS 150L) Semester Hours: *One*
- **OR**
- BIOL 213 - Anatomy and Physiology I Semester Hours: *Three*
- BIOL 211 - Anatomy and Physiology I Laboratory Semester Hours: *One*
- BIOL 223 - Anatomy and Physiology II Semester Hours: *Three*
- BIOL 221 - Anatomy and Physiology II Laboratory Semester Hours: *One*
- BIOL 303 - Nutrition Science Semester Hours: *Three*

Total: 7-11 Hours

### Required Health Science (KHSC) courses

- KHSC 103 - Substance Abuse Semester Hours: *Three*
- KHSC 333 - Health and Wellness Semester Hours: *Three*
- HSCI 373 - Community Health Semester Hours: *Three*

Total: 9 Hours

### Required Physical Education (PHED) courses

- PHED 133 - First Aid and Emergency Care Semester Hours: *Three*

Total: 3 Hours

## Health Education/K-12 Education: BS, BPS

CIP Code: 13.1307/13.1206

## K-12 Education: BS, BPS

CIP Code: 13.1206

### K-12 Certification

SubSubject-specific areas for K-12 certification include the following: Health Education, Music Education (Vocal/Choral or Instrumental), and Physical Education. (See the degree requirements section of the catalog for information on the BME degree and the Fine Arts Division for the major in Music Education.) Certification in Library Media Specialist and Special Reading are also available, but only at the graduate-level.

### K-12 Education Major

Students must meet all requirements for certification before this degree will be conferred, including passing the following: 1) all sections of the Missouri General Education Assessment (MoGEA); 2) the Professional Development Folio (*semester prior to student teaching*); 3) the Missouri Content Assessment(s) (MoCA) for each area of certification sought; and 4) a passing composite score on their summative evaluation in the Missouri Educator Evaluation System (MEES).

## Professional Education Core

- EDUC 201 - Professional Growth and Folio Development I Semester Hours: *One (Must be taken second semester of sophomore year or first semester of enrollment if transferring as a junior or senior)*
- EDUC 203 - Teaching in a Diverse Society Semester Hours: *Three † (Must be taken with EDUC 201)*
- EDCL 200 - Teaching in a Diverse Society Field Experience Semester Hours: *Zero (must be taken concurrently with EDUC 203)*
- EDPS 383 - Psychology of Teaching and Learning Semester Hours: *Three*
- EDUC 303 - Methods of Teaching and Differentiated Instruction Semester Hours: *Three*
- EDUC 373 - Technology and Instructional Media Semester Hours: *Three*
- PSYC 313 - Human Growth and Development (MOTR PSYC 200) Semester Hours: *Three*
- EDUC 401 - Professional Growth and Folio Development II Semester Hours: *One (Must be taken during the senior year, the semester prior to student teaching)*
- EDPS 453/553 - the Exceptional Child Semester Hours: *Three<sup>1</sup>*
- EDRD 423/523 - Integration of Literacy in Content Areas: Seminar and Field Experience Semester Hours: *Three<sup>1</sup> ‡*
- ETOP 423/523 - Classroom and Behavior Management Semester Hours: *Three<sup>1</sup>*

### Note(s):

†Students who transfer in a course for EDUC 203 that does not include an equivalent field experience must take EDCL 200.

‡Students who transfer in a course for EDRD 423/523 which does not include an equivalent field experience must complete: **EDCL 420/520 Field Experience with English Language Learners**

**Total: 26 Hours**

## Required Psychology (PSYC) courses

- PSYC 213 - Personal Adjustment Semester Hours: *Three*

**Total: 3 Hours**

## Required Sociology (SOCO) courses

- SOCO 323 - Marriage and the Family Semester Hours: *Three*

**Total: 3 Hours**

## Electives to total 37 hours

- EXSC 233 - Care and Prevention of Athletic Injuries/Illnesses Semester Hours: *Three*
- EXSC 313 - Exercise Physiology I Semester Hours: *Three*
- EXSC 433 - Biomechanics Semester Hours: *Three*
- PSHU 403 - Chemical Dependency Semester Hours: *Three*
- PSYC 323 - Abnormal Psychology Semester Hours: *Three*
- ECED 373 - Health, Nutrition, and Safety of the Young Child Semester Hours: *Three*
- HSCI 383 - Epidemiology Semester Hours: *Three<sup>2</sup>*
- HSCI 433 - Health Disparities Semester Hours: *Three<sup>2</sup>*
- HSCI 443 - Environmental Health Semester Hours: *Three<sup>2</sup>*
- HSCI 463 - Ethics and Current Issues in Public Health Semester Hours: *Three<sup>2</sup>*

**Total: 6-9 Hours**

## Required Health Education (EDHE) course

- EDHE 453/553 - Curriculum, Theory and Methods of Health Education for Grades K-12: Seminar and Field Experience Semester Hours: *Three<sup>1</sup>*

**Total: 3 Hours**

### Note(s):

**A 2.750 cumulative grade point average and 3.000 GPA in the major and in professional education, field and clinical experiences are required for graduation.**

<sup>1</sup>See the catalog section on Senior Permission for information on earning graduate credit for this course.

## Health Education/Physical Education Combined: BS, BPS

CIP Code: 13.1307/13.1314

(for those seeking teacher certification in both health education and physical education)

### Major Requirements

#### Required Biology (BIOL) courses

- BIOL 203 - Human Biology (MOTR LIFS 150L) Semester Hours: *Three*
- BIOL 201 - Human Biology Laboratory (MOTR LIFS 150L) Semester Hours: *One*
- **OR**
- BIOL 213 - Anatomy and Physiology I Semester Hours: *Three*
- BIOL 211 - Anatomy and Physiology I Laboratory Semester Hours: *One*
- BIOL 223 - Anatomy and Physiology II Semester Hours: *Three*
- BIOL 221 - Anatomy and Physiology II Laboratory Semester Hours: *One*
- BIOL 303 - Nutrition Science Semester Hours: *Three*

Total: 7-11 Hours

#### Required Exercise Science (EXSC) courses

- EXSC 233 - Care and Prevention of Athletic Injuries/Illnesses Semester Hours: *Three*
- EXSC 283 - History and Philosophy of Sport Semester Hours: *Three*
- EXSC 313 - Exercise Physiology I Semester Hours: *Three*
- EXSC 343 - Motor Learning and Control Semester Hours: *Three*
- EXSC 363 - Adapted Physical Activity Semester Hours: *Three*
- EXSC 411 - Exercise Testing and Prescription Lab Semester Hours: *One*
- EXSC 413 - Exercise Testing and Prescription Semester Hours: *Three*
- EXSC 433 - Biomechanics Semester Hours: *Three*

Total: 22 Hours

#### Required Health Science (KHSC) courses

- KHSC 103 - Substance Abuse Semester Hours: *Three*
- KHSC 333 - Health and Wellness Semester Hours: *Three*
- HSCI 373 - Community Health Semester Hours: *Three*

Total: 9 Hours

#### Required Health Education (EDHE) course

- EDHE 453/553 - Curriculum, Theory and Methods of Health Education for Grades K-12: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>

Total: 3 Hours

#### Required Lifetime Activity/Dance (KACT/THEA) courses

Select three (3) courses from the following:

- KACT 101A - Archery Semester Hours: *One*
- KACT 101F - Fitness Theory and Practice Semester Hours: *One*
- KACT 101G - Golf Semester Hours: *One*
- KACT 101J - Aerobic Running Semester Hours: *One*
- KACT 101L - Stretching for Flexibility Semester Hours: *One*
- KACT 101W - Strength Training Semester Hours: *One*
- KACT 101X - Bowling Semester Hours: *One*
- THEA 131 - Ballet I Semester Hours: *One*
- THEA 141 - Jazz I Semester Hours: *One*
- THEA 331 - Ballet II Semester Hours: *One*
- THEA 341 - Jazz II Semester Hours: *One*
- THEA 351 - Tap Semester Hours: *One*

Total: 3 Hours

#### Required Physical Education (EDPE or PHED) courses

- PHED 133 - First Aid and Emergency Care Semester Hours: *Three*
- PHED 263 - Movement and Rhythms Semester Hours: *Three*
- EDPE 433/533 - Curriculum, Theory, And Methods of Physical Education in The Elementary School: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>
- EDPE 453/553 - Curriculum, Theory, and Methods of Physical Education in The Middle School: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>
- EDPE 463/563 - Curriculum, Theory, And Methods of Physical Education in The Secondary School: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>

Total: 15 Hours

## Required Psychology (PSYC) courses

- PSYC 213 - Personal Adjustment Semester Hours: *Three*

Total: 3 Hours

## Required Sociology (SOCO) courses

- SOCO 323 - Marriage and the Family Semester Hours: *Three*

Total: 3 Hours

## Required Sport Management (SMGT) courses

- SMGT 333 - Sport Sociology Semester Hours: *Three*
- SMGT 433/533 - Sport Psychology Semester Hours: *Three*  
**OR**
- EXSC 403/503 - Exercise Psychology Semester Hours: *Three*

Total: 6 Hours

## Note(s):

**A 2.750 cumulative grade point average and 3.000 GPA in the major and in professional education, field and clinical experiences are required for graduation.**

<sup>1</sup>See the catalog section on Senior Permission for information on earning graduate credit for this course.

Total: 71-75 Hours

## K-12 Education: BS, BPS

CIP Code: 13.1206

### K-12 Certification

Subject-specific areas for K-12 certification include the following: Health Education, Music Education (Vocal/Choral or Instrumental), and Physical Education. (See the degree requirements section of the catalog for information on the BME degree and the Fine Arts Division for the major in Music Education.) Certification in Library Media Specialist and Special Reading are also available, but only at the graduate-level.

### K-12 Education Major

Students must meet all requirements for certification before this degree will be conferred, including passing the following: 1) all sections of the Missouri General Education Assessment (MoGEA); 2) the Professional Development Folio (*semester prior to student teaching*); 3) the Missouri Content Assessment(s) (MoCA) for each area of certification sought; and 4) a passing composite score on their summative evaluation in the Missouri Educator Evaluation System (MEES).

## Professional Education Core

- EDUC 201 - Professional Growth and Folio Development I Semester Hours: *One (Must be taken second semester of sophomore year or first semester of enrollment if transferring as a junior or senior)*
- EDUC 203 - Teaching in a Diverse Society Semester Hours: *Three † (Must be taken with EDUC 201)*
- EDCL 200 - Teaching in a Diverse Society Field Experience Semester Hours: *Zero (must be taken concurrently with EDUC 203)*
- EDPS 383 - Psychology of Teaching and Learning Semester Hours: *Three*
- EDUC 303 - Methods of Teaching and Differentiated Instruction Semester Hours: *Three*
- EDUC 373 - Technology and Instructional Media Semester Hours: *Three*
- PSYC 313 - Human Growth and Development (MOTR PSYC 200) Semester Hours: *Three*
- EDUC 401 - Professional Growth and Folio Development II Semester Hours: *One (Must be taken during the senior year, the semester prior to student teaching)*
- EDPS 453/553 - the Exceptional Child Semester Hours: *Three*<sup>1</sup>
- EDRD 423/523 - Integration of Literacy in Content Areas: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup> ‡
- ETOP 423/523 - Classroom and Behavior Management Semester Hours: *Three*<sup>1</sup>

## Note(s):

†Students who transfer in a course for EDUC 203 that does not include an equivalent field experience must take EDCL 200.

‡Students who transfer in a course for EDRD 423/523 which does not include an equivalent field experience must complete: **EDCL 420/520 Field Experience with English Language Learners**

Total: 26 Hours

## Field Experience Core

- EDCL 211 - Teaching Field Experience I Semester Hours: *One (must be in an elementary school or high school setting)\**
- EDUC 210 - Field Experience I Seminar Semester Hours: *Zero (must be taken concurrently with EDCL 211)*
- EDCL 411/511 - Teaching Field Experience II Semester Hours: *One (must be taken in a high school or elementary school setting, different level than EDCL 211)\*\**
- EDUC 410 - Field Experience II Seminar Semester Hours: *Zero (must be taken concurrently with EDCL 411/511)*
- ELCL 4709 - Student Teaching: Elementary Semester Hours: *Nine (must be in an elementary school setting)*
- ESCL 4703 - Student Teaching: Secondary Semester Hours: *Three (must be in a high school setting)*
- EDUC 471 - Student Teaching Seminar Semester Hours: *One (must be taken concurrently with ELCL 4709+ESCL 4703) OR*
- ESCL 4709 - Student Teaching: Secondary Semester Hours: *Nine (must be in a high school setting)*
- ELCL 4703 - Student Teaching: Elementary Semester Hours: *Three (must be in an elementary school setting)*
- EDUC 471 Student Teaching Seminar (*must be taken concurrently with ESCL 4709+ELCL 4703*)

## Note(s):

*\*Must be taken in conjunction with MUED 313 Early Childhood/Elementary School Music Methods as part of the BME degree requirements*

*\*\*Must be taken in conjunction with MUED 323 Middle/Secondary School Music Methods as part of the BME degree requirements*

Total: 15 Hours

## Middle Childhood Education: BS, BPS, BSE

CIP Code: 13.1203

Students must meet all requirements for certification before this degree will be conferred, including passing the following: 1) all sections of the Missouri General Education Assessment (MoGEA); 2) the Professional Development Folio (*semester prior to student teaching*); 3) the Missouri Content Assessment(s) (MoCA) for each area of certification sought; and 4) a passing composite score on their summative evaluation in the Missouri Educator Evaluation System (MEES).

**Note:** Candidates pursuing this major may opt to complete either one or two concentration areas. In addition, the Middle Childhood major may be combined with Secondary certification, earning subject-specific certification in grades 5-12. Specific requirements are shown below:

### Professional Requirements

### Content Planning and Delivery/Individual Student Needs/ Schools and the Teaching Profession

- EDUC 201 - Professional Growth and Folio Development I Semester Hours: *One (Must be taken second semester of sophomore year or first semester of enrollment if transferring as a junior or senior)*
- EDUC 203 - Teaching in a Diverse Society Semester Hours: *Three † (Must be taken with EDUC 201)*
- EDCL 200 - Teaching in a Diverse Society Field Experience Semester Hours: *Zero (must be taken concurrently with EDUC 203)*
- EDPS 383 - Psychology of Teaching and Learning Semester Hours: *Three*
- EDUC 303 - Methods of Teaching and Differentiated Instruction Semester Hours: *Three*
- ECTA 323 - Curriculum, Assessment, and Data-Based Decision Making Semester Hours: *Three*
- EDUC 373 - Technology and Instructional Media Semester Hours: *Three*
- PSYC 313 - Human Growth and Development (MOTR PSYC 200) Semester Hours: *Three*
- EDUC 401 - Professional Growth and Folio Development II Semester Hours: *One (Must be taken during the senior year, the semester prior to student teaching)*
- EDPS 453/553 - the Exceptional Child Semester Hours: *Three*<sup>1</sup>
- EDRD 423/523 - Integration of Literacy in Content Areas: Seminar and Field Experience Semester Hours: *Three*<sup>1 † ‡</sup>

- EDRD 463/563 - Reading and Writing Strategies for Middle and Secondary Content Areas Semester Hours: *Three*<sup>1</sup>
- EDMS 443/543 - Middle School: Philosophy and Organization Semester Hours: *Three*<sup>1</sup>
- ETOP 423/523 - Classroom and Behavior Management Semester Hours: *Three*<sup>1</sup>

Total: 38-41 Hours

<sup>†</sup>Students who transfer in a course for EDUC 203 that does not include an equivalent field experience must take EDCL 200.

<sup>‡</sup>Students who transfer in a course for EDRD 423/523 which does not include an equivalent field experience must complete: **EDCL 420/520 Field Experience with English Language Learners**

### Instructional Strategies and Techniques in Content Specialty Area

Candidates should complete only the course(s) which represent the content area(s) of desired certification:

#### Business Education

- EDMS 403/503 - Teaching Business and Marketing: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>

#### English

- EDEN 453/553 - Teaching Language Arts and Composition in Middle/Secondary: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>

#### Mathematics

- EDMS 473/573 - Teaching Mathematics for Middle/Secondary: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>
- EDSP 453/553 - Teaching Remedial Math K-12: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>

#### Science

- EDMS 483/583 - Teaching Science for Middle/Secondary: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>

#### Social Science

- EDMS 433/533 - Teaching Social Science for Middle/Secondary: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>

#### Speech/Theatre

- EDST 473/573 - Methods of Teaching Speech and Theatre for Middle/Secondary: Seminar and Field Experience Semester Hours: *Three*

## Note

<sup>1</sup>See the catalog section on Senior Permission for information on earning graduate credit for this course.

## Field and Clinical Experiences

- EDCL 211 - Teaching Field Experience I Semester Hours: *One (must be in grades 5-9)*
- EDUC 210 - Field Experience I Seminar Semester Hours: *Zero (must be taken concurrently with EDCL 211)*
- EDCL 411/511 - Teaching Field Experience II Semester Hours: *One (must be in grades 5-9, different grade than EDCL 211)*
- EDUC 410 - Field Experience II Seminar Semester Hours: *Zero (must be taken concurrently with EDCL 411/511)\**
- EDUC 471 - Student Teaching Seminar Semester Hours: *One (must be taken concurrently with EMCL 4712 or EMCL 4709+4703 or EMCL 4709+ESCL 4703)*
- EMCL 4712 - Student Teaching: Middle School Semester Hours: *Twelve (must be in grades 5-9)*  
**OR** (for those pursuing two middle school concentration areas):
- EMCL 4709 - Student Teaching: Middle School Semester Hours: *Nine (must be in grades 5-9 in the primary concentration)*
- EMCL 4703 - Student Teaching: Middle School Semester Hours: *Three (must be in grades 5-9 in the add-on concentration)*  
**OR** (for those pursuing middle/secondary combined):
- EMCL 4709 Student Teaching: Middle School (*must be in grades 5-9 in a middle school setting*)
- ESCL 4703 - Student Teaching: Secondary Semester Hours: *Three (must be in grades 9-12 in a secondary school setting, different grades level than EDCL 411/511)\**

**Total: 15 Hours**

**\*Candidates pursuing middle/secondary combined certification must complete EDCL 411/511 Teaching Field Experience II in a secondary school setting.**

## Subject-Specific Certification Requirements

**NOTE:** A 24-credit-hour area of concentration is required for middle school certification. Areas of concentration offered by Missouri Baptist University include Business Education, Language Arts, Mathematics, Science, Social Science, and Speech/Theatre. Candidates pursuing middle/secondary combined certification must satisfy all the subject-specific **secondary** content area requirements, which will also fulfill the middle school concentration area requirements, except for middle/secondary general science combined.

## Business Education

*Students interested in completing a minor in Business Administration must take BUSN 353 Communication Strategies in Business and will also need to complete BUSN 303 Business Ethics, MGMT 303 Management Concepts and Practices, and MRKT 313 Introduction to Marketing.*

- ACCT 213 - Principles of Financial Accounting Semester Hours: *Three*
- ACCT 223 - Principles of Managerial Accounting Semester Hours: *Three*
- ECON 113 - Macroeconomics (MOTR ECON 101) Semester Hours: *Three*
- ECON 123 - Microeconomics (MOTR ECON 102) Semester Hours: *Three*
- BUSN 413 - Business Law I Semester Hours: *Three*  
**OR**
- BUSN 423 - Business Law II Semester Hours: *Three*
- ENGL 433 - Business Writing Semester Hours: *Three*  
**OR**
- BUSN 353 - Communication Strategies in Business Semester Hours: *Three*

## 6 hours in computer/emerging technology from the following

- BCIS 103 - Survey of Computing Semester Hours: *Three*
- ITBU 203 - Introduction to Application Development Semester Hours: *Three*
- ITBU 213 - IT Infrastructure Semester Hours: *Three*
- ITBU 333 - System Analysis and Design Semester Hours: *Three*
- ITBU 343 - Network Security Semester Hours: *Three*
- ITBU 363 - Business Analytics Semester Hours: *Three*
- BCIS 303 - Information Technology Theory and Practice Semester Hours: *Three*
- BCIS 403/503 - Management Applications of Information Technology Semester Hours: *Three*<sup>1</sup> \*
- BCIS 453 - E-Commerce Semester Hours: *Three* \*

**Total: 24 Hours**

*\* Must satisfy prerequisite*

## Language Arts

*The following courses constitute a minor in English.*

- ENGL 283 - Techniques for Writing Tutorials Semester Hours: *Three*
- ENGL 333A - American Literature I (Colonial America to 1865) Semester Hours: *Three*
- ENGL 333B - American Literature II (1865-1945) Semester Hours: *Three*
- ENGL 353A - British Literature I (the Middle Ages Through the Early 17th Century) Semester Hours: *Three*
- ENGL 353B - British Literature II (Since the Restoration) Semester Hours: *Three*
- EDEN 463/563 - Teaching Literature Within the Curriculum Semester Hours: *Three*
- ENGL 453/553 - History of the English Language Semester Hours: *Three*
- ENGL 473 - Advanced Grammar Semester Hours: *Three*

**Total: 24 Hours**

## Mathematics

Students desiring to complete a minor in Mathematics **must** complete MATH 254 Calculus II and MATH 264 Calculus III, which will satisfy 8 of the required elective hours.

- MATH 164 - Calculus I Semester Hours: *Four*
- MATH 213 - Discrete Mathematics Semester Hours: *Three*
- MATH 243 - Probability and Statistics (MOTR MATH 110) Semester Hours: *Three*
- MATH 323 - Foundations of Geometry Semester Hours: *Three*
- MATH 353 - Linear Algebra Semester Hours: *Three*

## College-level math electives

**(8 hours minimum to total 24 hours in concentration)**

- MATH 123 - Contemporary College Mathematics Semester Hours: *Three*
- MATH 155 - Precalculus (MOTR MATH 150) Semester Hours: *Five*  
**OR**
- MATH 133 - College Algebra (MOTR MATH 130) Semester Hours: *Three*
- MATH 143 - College Trigonometry Semester Hours: *Three*
- MATH 173 - Finite Mathematics Semester Hours: *Three*
- MATH 254 - Calculus II Semester Hours: *Four*
- MATH 264 - Calculus III Semester Hours: *Four*
- MATH 313 - Elementary Number Theory Semester Hours: *Three*
- MATH 343 - Statistical Methods Semester Hours: *Three*

**Total: 24 Hours**

## General Science 5-9

Students desiring to complete a minor in Biology will also need to complete six hours of upper division biology electives to total 18 hours.

- CHEM 132 - General Chemistry I **AND**
- CHEM 133 - General Chemistry I (MOTR CHEM 150L) Semester Hours: *Three*
- BIOL 111 - General Biology I Laboratory (MOTR BIOL 150L) Semester Hours: *One AND*
- BIOL 113 - General Biology I (MOTR BIOL 150L) Semester Hours: *Three*
- BIOL 121 - General Biology II Laboratory Semester Hours: *One AND*
- BIOL 123 - General Biology II Semester Hours: *Three*
- PHYS 122 - Geology and Earth Science Laboratory (MOTR GEOL 100L) Semester Hours: *Two AND*
- PHYS 123 - Geology and Earth Science (MOTR GEOL 100L) Semester Hours: *Three*
- PHYS 101 - Introduction to Physical Science Laboratory (MOTR PHYS 110L) Semester Hours: *One AND*
- PHYS 103 - Introduction to Physical Science (MOTR PHYS 110L) Semester Hours: *Three*

- BIOL 321A - Environmental Science and Conservation Laboratory Semester Hours: *One AND*
- BIOL 323A - Environmental Science and Conservation Semester Hours: *Three*

**Total: 26 Hours**

## Social Science

Students desiring to complete a minor in Social Sciences will also need to complete HIST 303 Introduction to the Study of History plus a three hour upper division history course. Students desiring to complete a minor in History will also need to complete HIST 303 Introduction to the Study of History plus six hours of upper division history courses. (Students may not minor in both Social Sciences and History.)

- HIST 113 - Western Civilization I Semester Hours: *Three*
- HIST 123 - Western Civilization II Semester Hours: *Three*
- HIUS 213 - United States History I (MOTR HIST 101) Semester Hours: *Three*
- HIUS 223 - United States History II (MOTR HIST 102) Semester Hours: *Three*
- POLS 113 - Federal Government Semester Hours: *Three*
- POLS 123 - State And Local Government Semester Hours: *Three*
- ECON 103 - Survey of Economics for Non-Business Majors (MOTR ECON 100) Semester Hours: *Three*
- EDGE 203 - Introduction to World Geography (MOTR GEOG 101) Semester Hours: *Three*

**Total: 24 Hours**

## Speech/Theatre

Students desiring to complete a minor in Theatre will also need to complete at least two hours in the performance area (THEP courses).

- THEA 113 - Acting I Semester Hours: *Three*
- THEA 213 - Stage Make-Up Semester Hours: *Three*
- THEA 233 - Stagecraft Semester Hours: *Three*
- THEA 313 - History of Theatre I Semester Hours: *Three*
- THEA 333 - Directing Semester Hours: *Three*
- COMM 203 - Understanding Human Communications Semester Hours: *Three*
- COMM 233 - Introduction to Cross-Cultural Communication (MOTR SBSC 101) Semester Hours: *Three* \*
- COST 403 - Oral Interpretation of Literature

**Total: 24 Hours**

**\*Note: COMM 233 Introduction to Cross-Cultural Communication fulfills a Fine Arts General Education course for students pursuing Middle Childhood Education with a concentration in Speech/Theatre. It is recommended that students take CPHI 203 Introduction to Logic to satisfy the Humanities General Education requirement.**

**Total: 80-83 Hours**

# Physical Education: BS, BPS

CIP Code: 13.1314

## Major Requirements

(for those seeking teacher certification in physical education)

### Required Biology (BIOL) courses

- BIOL 203 - Human Biology (MOTR LIFS 150L) Semester Hours: *Three*
- BIOL 201 - Human Biology Laboratory (MOTR LIFS 150L) Semester Hours: *One*  
**OR**
- BIOL 213 - Anatomy and Physiology I Semester Hours: *Three*
- BIOL 211 - Anatomy and Physiology I Laboratory Semester Hours: *One*
- BIOL 223 - Anatomy and Physiology II Semester Hours: *Three*
- BIOL 221 - Anatomy and Physiology II Laboratory Semester Hours: *One*
- BIOL 303 - Nutrition Science Semester Hours: *Three*

Total: 7-11 Hours

### Required Exercise Science (EXSC) courses

- EXSC 233 - Care and Prevention of Athletic Injuries/Illnesses Semester Hours: *Three*
- EXSC 283 - History and Philosophy of Sport Semester Hours: *Three*
- EXSC 313 - Exercise Physiology I Semester Hours: *Three*
- EXSC 343 - Motor Learning and Control Semester Hours: *Three*
- EXSC 363 - Adapted Physical Activity Semester Hours: *Three*
- EXSC 411 - Exercise Testing and Prescription Lab Semester Hours: *One*
- EXSC 413 - Exercise Testing and Prescription Semester Hours: *Three*
- EXSC 433 - Biomechanics Semester Hours: *Three*

Total: 22 Hours

### Required Health and Wellness Courses (KHSC) courses

- KHSC 333 - Health and Wellness Semester Hours: *Three*

Total: 3 Hours

### Required Lifetime Activity/Dance (KACT/THEA) courses

Select three (3) courses from the following:

- KACT 101A - Archery Semester Hours: *One*

- KACT 101F - Fitness Theory and Practice Semester Hours: *One*
- KACT 101G - Golf Semester Hours: *One*
- KACT 101J - Aerobic Running Semester Hours: *One*
- KACT 101L - Stretching for Flexibility Semester Hours: *One*
- KACT 101W - Strength Training Semester Hours: *One*
- KACT 101X - Bowling Semester Hours: *One*
- THEA 131 - Ballet I Semester Hours: *One*
- THEA 141 - Jazz I Semester Hours: *One*
- THEA 331 - Ballet II Semester Hours: *One*
- THEA 341 - Jazz II Semester Hours: *One*
- THEA 351 - Tap Semester Hours: *One*

Total: 3 Hours

### Required Physical Education (EDPE or PHED) courses

- PHED 133 - First Aid and Emergency Care Semester Hours: *Three*
- PHED 263 - Movement and Rhythms Semester Hours: *Three*
- EDPE 433/533 - Curriculum, Theory, And Methods of Physical Education in The Elementary School: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>
- EDPE 453/553 - Curriculum, Theory, and Methods of Physical Education in the Middle School: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>
- EDPE 463/563 - Curriculum, Theory, And Methods of Physical Education in The Secondary School: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>

Total: 15 Hours

### Required Sport Management (SMGT) courses

- SMGT 333 - Sport Sociology Semester Hours: *Three*
- SMGT 433/533 - Sport Psychology Semester Hours: *Three*<sup>1</sup>  
**OR**
- EXSC 403/503 - Exercise Psychology Semester Hours: *Three*<sup>1</sup>

Total: 6 Hours

Note(s):

**A 2.750 cumulative grade point average and 3.000 GPA in the major and in professional education, field and clinical experiences are required for graduation.**

Total: 56-60 Hours

# Secondary Education: BA, BS, BPS

CIP Code: 13.1205

## Secondary Certification

Content areas for secondary certification (9-12) include the following: Business Education, English, Mathematics, Social Science, Speech/Theatre, and Unified Science with an endorsement in either Biology or Chemistry. Post-baccalaureate certification-only students (those who already hold a baccalaureate degree from a college or university with an approved teacher education program) may opt to pursue either the Unified Science certification or the categorical Biology, Chemistry, or General Science certifications. Driver Education is available as an add-on area.

**Note:** Secondary candidates may opt to complete certification in one or two content areas. In addition, secondary certification may be combined with middle school certification in the same content area, earning subject-specific certification in grades 5-12.

## Secondary Education Major

Students must meet all requirements for certification before this degree will be conferred, including passing the following: 1) all sections of the Missouri General Education Assessment (MoGEA); 2) the Professional Development Folio (*semester prior to student teaching*); 3) the Missouri Content Assessment(s) (MoCA) for each area of certification sought; and 4) a passing composite score on their summative evaluation in the Missouri Educator Evaluation System (MEES).

Students must also complete a primary major in their certification content area: Business Education, English, Mathematics, Social Science, Speech/Theatre, or Unified Science with a minor in either Biology or Chemistry.

## Professional Requirements

- EDUC 201 - Professional Growth and Folio Development I Semester Hours: *One (Must be taken second semester of sophomore year or first semester of enrollment if transferring as a junior or senior)*
- EDUC 203 - Teaching in a Diverse Society Semester Hours: *Three † (Must be taken with EDUC 201)*
- EDCL 200 - Teaching in a Diverse Society Field Experience Semester Hours: *Zero (must be taken concurrently with EDUC 203)*
- ECTA 323 - Curriculum, Assessment, and Data-Based Decision Making Semester Hours: *Three*
- EDPS 383 - Psychology of Teaching and Learning Semester Hours: *Three*
- EDUC 303 - Methods of Teaching and Differentiated Instruction Semester Hours: *Three*
- EDUC 373 - Technology and Instructional Media Semester Hours: *Three*
- PSYC 313 - Human Growth and Development (MOTR PSYC 200) Semester Hours: *Three*
- EDUC 401 - Professional Growth and Folio Development II Semester Hours: *One (Must be taken during the senior year, the semester prior to student teaching)*
- EDPS 453/553 - the Exceptional Child Semester Hours: *Three*<sup>1</sup>
- EDRD 423/523 - Integration of Literacy in Content Areas: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup> ‡

- EDRD 463/563 - Reading and Writing Strategies for Middle and Secondary Content Areas Semester Hours: *Three*<sup>1</sup>
- ETOP 423/523 - Classroom and Behavior Management Semester Hours: *Three*<sup>1</sup>
- EDUC 471 - Student Teaching Seminar Semester Hours: *One (must be taken concurrently with ESCL 4712)*

## Total: 33 Hours

† Students who transfer in a course for EDUC 203 that does not include an equivalent field experience must take EDCL 200.

‡ Students who transfer in a course for EDRD 423/523 which does not include an equivalent field experience must complete: **EDCL 420/520**

## Field Experience with English Language Learners

## Instructional Strategies and Techniques in Content Specialty Area

Candidates should complete only the course(s) which represent the content area(s) of desired certification:

### Business Education

- EDMS 403/503 - Teaching Business and Marketing: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>

### English

- EDEN 453/553 - Teaching Language Arts and Composition in Middle/Secondary: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>

### Mathematics

- EDMS 473/573 - Teaching Mathematics for Middle/Secondary: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>
- EDSP 453/553 - Teaching Remedial Math K-12: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>

### Science

- EDMS 483/583 - Teaching Science for Middle/Secondary: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>

### Social Science

- EDMS 433/533 - Teaching Social Science for Middle/Secondary: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>

### Speech/Theatre

- EDST 473/573 - Methods of Teaching Speech and Theatre for Middle/Secondary: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>

## Field and Clinical Experiences

- EDCL 211 - Teaching Field Experience I Semester Hours: *One (must be in grades 9-12 in a high school setting)*
- EDUC 210 - Field Experience I Seminar Semester Hours: *Zero (must be taken concurrently with EDCL 211)*
- EDCL 411/511 - Teaching Field Experience II Semester Hours: *One (must be in grades 9-12 in a high school setting, different grade than EDCL 211)\**
- EDUC 410 - Field Experience II Seminar Semester Hours: *Zero (must be taken concurrently with EDCL 411/511)*
- ESCL 4712 - Student Teaching: Secondary Semester Hours: *Twelve (must be in grades 9-12 in a high school setting, different grade than EDCL 211 or EDCL 411) OR (for those pursuing two secondary content areas)*
- ESCL 4709 - Student Teaching: Secondary Semester Hours: *Nine (must be in grades 9-12 in the primary content area)*
- ESCL 4703 - Student Teaching: Secondary Semester Hours: *Three (must be in grades 9-12 in the add-on content area) OR (for those pursuing secondary/middle combined)*
- ESCL 4709 Student Teaching: Secondary *(must be in grades 9-12 in a secondary school setting)*
- EMCL 4703 - Student Teaching: Middle School Semester Hours: *Three (must be in grades 5-9 in a middle school setting, different grade level than EDCL 411/511)\**

**Total: 14 Hours**

*\*Candidates pursuing secondary/middle combined certification must complete EDCL 411/511 Teaching Field Experience II in a middle school setting.*

*<sup>1</sup>See the catalog section on Senior Permission for information on earning graduate credit for this course.*

## Note

In addition, subject-specific course requirements for the following areas of secondary certification are included under their respective divisions within this catalog: English (Humanities), Mathematics (Natural Sciences), Social Science (Social and Behavioral Sciences Division), and Speech/Theatre (Fine Arts).

Subject-specific course requirements leading to a baccalaureate degree and/or a teaching certificate in Business Education, and Unified Science with endorsements in Biology and/or Chemistry are listed with the School of Education majors.

## Special Education Cross-Categorical Disabilities Mild/Moderate Stand-alone, BSE

CIP Code: 13.1007

Students must meet all requirements for certification before this degree will be conferred, including passing the following: 1) all sections of the Missouri General Education Assessment (MoGEA); 2) the Professional Development Folio (*semester prior to student teaching*); 3) the Missouri Content Assessment(s) (MoCA) for each area of certification sought; and 4) a passing composite score on their summative evaluation in the Missouri Educator Evaluation System (MEES).

**Students must pass both the Missouri Content Assessment (MoCA) for Mild-Moderate Cross-Categorical and all four subtests of the Elementary Education Multi-Content exam (English/language arts, mathematics, science, and social studies).**

## Professional Requirements

### Content Planning and Delivery/Individual Student Needs/ Schools and the Teaching Profession

- EDUC 201 - Professional Growth and Folio Development I Semester Hours: *One (Must be taken second semester of sophomore year or first semester of enrollment if transferring as a junior or senior)*
- EDUC 203 - Teaching in a Diverse Society Semester Hours: *Three † (Must be taken with EDUC 201)*
- EDCL 200 - Teaching in a Diverse Society Field Experience Semester Hours: *Zero (must be taken concurrently with EDUC 203)*
- ECTA 323 - Curriculum, Assessment, and Data-Based Decision Making Semester Hours: *Three*
- EDPS 383 - Psychology of Teaching and Learning Semester Hours: *Three*
- EDUC 303 - Methods of Teaching and Differentiated Instruction Semester Hours: *Three*
- EDUC 373 - Technology and Instructional Media Semester Hours: *Three*
- PSYC 313 - Human Growth and Development (MOTR PSYC 200) Semester Hours: *Three*
- EDUC 401 - Professional Growth and Folio Development II Semester Hours: *One (Must be taken during the senior year, the semester prior to student teaching)*
- EDPS 453/553 - the Exceptional Child Semester Hours: *Three<sup>1</sup>*
- EDRD 423/523 - Integration of Literacy in Content Areas: Seminar and Field Experience Semester Hours: *Three<sup>1</sup>*
- ETOP 423/523 - Classroom and Behavior Management Semester Hours: *Three<sup>1</sup>*
- EDSP 433/533 - Introduction and Methods of Teaching and Inclusion for Students with Cross-Categorical Disabilities and Field Experience Semester Hours: *Three<sup>1</sup>*
- EDSP 463/563 - Individual Diagnostics and Classroom Assessment Semester Hours: *Three<sup>1</sup>*
- HUED 443/543 - Transition/Career Development and Vocational Education Semester Hours: *Three<sup>1</sup>*
- EDSP 413/513 - Language Development and Disorders of the Exceptional Child Semester Hours: *Three<sup>1</sup>*
- ECSP 423/523 - Family Engagement and Partnership: Seminar and Field Experience Semester Hours: *Three<sup>1</sup>*

**Total: 44 Hours**

*†Students who transfer in a course for EDUC 203 that does not include an equivalent field experience must take EDCL 200.*

*‡Students who transfer in a course for EDRD 423/523 which does not include an equivalent field experience must complete: **EDCL 420/520 Field Experience with English Language Learners***

## Content Knowledge for Teaching/Teaching and Learning Strategies

- ECED 413/513 - Language Acquisition of the Young Child Semester Hours: *Three*<sup>1</sup>
- ELED 453/553 - Integrated Language Arts Concepts and Children's Literature for Early Childhood/Elementary: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>
- EDRD 433/533 - Foundations of Literacy Instruction for Early Childhood/Elementary: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>
- EDRD 443/543 - Analysis and Correction of Reading Disabilities Semester Hours: *Three*<sup>1</sup>
- EDRD 463/563 - Reading and Writing Strategies for Middle and Secondary Content Areas Semester Hours: *Three*<sup>1</sup>
- ELED 433/533 - Integrated Mathematics Concepts for Early Childhood/Elementary: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>
- EDSP 453/553 - Teaching Remedial Math K-12: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>
- ELED 443/543 - Integrated Science Concepts for Early Childhood/Elementary: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>
- ELED 463/563 - Integrated Concepts in Social Science, Geography, and Economics for Early Childhood/Elementary: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>

Total: 27 Hours

<sup>1</sup>See the catalog section on Senior Permission for information on earning graduate credit for this course.

Total: 71 Hours

## Field and Clinical Experiences

Students must complete at least one field placement in each of the three levels (elementary, middle, high school)

- EDCL 211 - Teaching Field Experience I Semester Hours: *One (special education, elementary, middle, or secondary)*
- EDUC 210 - Field Experience I Seminar Semester Hours: *Zero (must be taken concurrently with EDCL 211)*
- EDCL 411/511 - Teaching Field Experience II Semester Hours: *One (special education, elementary, middle, or secondary, different level than EDCL 211)*
- EDUC 410 - Field Experience II Seminar Semester Hours: *Zero (must be taken concurrently with EDCL 411/511)*
- EDSP 4709 - Student Teaching: Cross-Categorical Disabilities Semester Hours: *Nine (special education, elementary, middle, or secondary)*
- EDSP 4703 - Student Teaching: Cross-Categorical Disabilities Semester Hours: *Three (special education, elementary, middle, or secondary, different level than EDSP 4709)*
- EDUC 471 - Student Teaching Seminar Semester Hours: *One (must be taken concurrently with EDSP 4709+EDSP 4703)*

Total: 15 Hours

Total: 86 Hours

## Studies in Teaching and Learning: BA, BS, BPS

CIP Code: 13.0101

**NOTE:** This major is intended for those individuals who are not ready to be certified at the time of graduation. It is also available as a dual-degree option.

## Professional Education Core

- EDUC 201 - Professional Growth and Folio Development I Semester Hours: *One (Must be taken second semester of sophomore year or first semester of enrollment if transferring as a junior or senior)*
- EDUC 203 - Teaching in a Diverse Society Semester Hours: *Three † (Must be taken with EDUC 201)*
- EDCL 200 - Teaching in a Diverse Society Field Experience Semester Hours: *Zero (must be taken concurrently with EDUC 203)*
- EDUC 303 - Methods of Teaching and Differentiated Instruction Semester Hours: *Three*
- EDUC 373 - Technology and Instructional Media Semester Hours: *Three*
- EDPS 383 - Psychology of Teaching and Learning Semester Hours: *Three*
- PSYC 313 - Human Growth and Development (MOTR PSYC 200) Semester Hours: *Three*
- EDPS 453/553 - the Exceptional Child Semester Hours: *Three*<sup>1</sup>
- EDRD 423/523 - Integration of Literacy in Content Areas: Seminar and Field Experience Semester Hours: *Three*<sup>1 ‡</sup>
- ETOP 423/523 - Classroom and Behavior Management Semester Hours: *Three*<sup>1</sup>
- EDUC 401 - Professional Growth and Folio Development II Semester Hours: *One (Must be taken during the senior year, the semester prior to student teaching)*

Total: 26 Hours

<sup>†</sup>Students who transfer in a course for EDUC 203 that does not include an equivalent field experience must take EDCL 200

<sup>‡</sup>Students who transfer in a course for EDRD 423/523 which does not include an equivalent field experience must complete: EDCL 420/520 Field Experience with English Language Learners

## Field Experience Core

- EDCL 211 - Teaching Field Experience I Semester Hours: *One*
- EDUC 210 - Field Experience I Seminar Semester Hours: *Zero (must be taken concurrently with EDCL 211)*
- EDCL 411 - Teaching Field Experience II
- EDUC 410 - Field Experience II Seminar Semester Hours: *Zero (must be taken concurrently with EDCL 411)*

Total: 2 Hours

## Electives

Electives may be selected from any of the courses listed under the following areas: Curriculum and Instruction (ECTA); Special Education (EDSP); Early Childhood Education (ECED); Early Childhood Special Education (ECSP); Elementary Education (ELED); Driver Education (EDDR); Health and Physical Education (EDHE, EDPE, and PHED); Middle/Secondary Education (EDEN and EDMS); Reading (EDRD); and Education (EDUC).

## Human Services/Education (HUED)

The following course may also be taken to satisfy electives:

- HUED 443/543 - Transition/Career Development and Vocational Education Semester Hours: *Three*<sup>1</sup>

Total: 12 Hours

## Note

<sup>1</sup>See the catalog section on Senior Permission for information on earning graduate credit for this course.

Total: 40 Hours

## Physical Education Minor

CIP Code: 13.1314

does not fulfill requirements for certification

## Required Courses

- BIOL 203 - Human Biology (MOTR LIFS 150L) Semester Hours: *Three*
- BIOL 201 - Human Biology Laboratory (MOTR LIFS 150L) Semester Hours: *One*
- **OR**
- BIOL 213 - Anatomy and Physiology I Semester Hours: *Three*
- BIOL 211 - Anatomy and Physiology I Laboratory Semester Hours: *One AND*
- BIOL 223 - Anatomy and Physiology II Semester Hours: *Three*
- BIOL 221 - Anatomy and Physiology II Laboratory Semester Hours: *One*
  
- EXSC 283 - History and Philosophy of Sport Semester Hours: *Three*
- EXSC 313 - Exercise Physiology I Semester Hours: *Three*
- EXSC 433 - Biomechanics Semester Hours: *Three*
- EXSC 411 - Exercise Testing and Prescription Lab Semester Hours: *One*
- EXSC 413 - Exercise Testing and Prescription Semester Hours: *Three*
  
- SMGT 433/533 - Sport Psychology Semester Hours: *Three*<sup>1</sup>
- **OR**
- EXSC 403/503 - Exercise Psychology Semester Hours: *Three*<sup>1</sup>

Total: 20-24 Hours

---

## Division of Fine Arts

---

**Mission Statement:** The Fine Arts Division seeks to provide experiences in the arts for all students through a Christian perspective. The Fine Arts Division offers curricula for general education and degree requirements in Art, Communications, Music, Music Education, Music Performance, Musical Theatre, Theatre, Worship Arts Technology, and Worship Leadership. Undergraduate majors include Broadcast Media, Communications Studies, Journalism, Music, Music Education, Music Performance, Music with Elective Studies in Business, Musical Theatre, Public Relations, Speech/Theatre, Theatre, Worship Arts Technology, and Worship Leadership. Minor studies available include Broadcast Media, Journalism, Sports Journalism, Music, Public Relations, Theatre, Worship Leadership, and Worship Studies.

### Art

Courses in Art (ARTS) are offered as a part of the general education requirements or elective lower division hours.

### Communications

**Mission Statement:** In accordance with the mission statement of Missouri Baptist University and the academic program, the Communications Program builds a strong foundation in understanding the important aspects of the broad field of communications. After taking introductory survey courses, students have the opportunity to pursue personalized study in one of three majors. These majors are designed to recognize competence as well as help students identify and build individual strengths and interests.

### Majors

A student majoring in Communications must complete 49 semester hours as described below. The curriculum consists of the Communications Core plus a Communications major.

The majors are:

- **Broadcast Media** – This major centers on the theoretical and practical use of audio and video in broadcast, internet, and corporate environments.
- **Communications Studies** – This major allows a generalist approach to communications where students can tailor the major to their own interests.
- **Public Relations** – This major involves theoretical and applied public relations with additional studies in media and business communication.
- **Journalism** – This major provides theoretical and applied training for students seeking careers in both print and online Journalism.

The program is augmented by audio and video laboratories, which are the foundational training center for Broadcast Media and serve a support role for Communications Studies and Public Relations.

In addition, if taking two Fine Arts class in the general education requirements section, students must choose one from a Fine Arts area other than Communications.

### Music

**Mission Statement:** In accordance with the mission statement of Missouri Baptist University and the academic program, the music discipline offers courses of undergraduate study which provide students with knowledge and skills that will equip them to achieve excellence in music teaching, worship leadership, music performance, musical theatre, and music with elective studies in business, and prepare them to assume roles which require heightened aesthetic awareness of music. In addition, the Music Department provides classes, ensembles, and music

instruction to enrich the lives of both music majors and students majoring in other fields and offers a variety of cultural experiences for the University and the community.

The Music Department of Missouri Baptist University is an accredited institutional member of the National Association of Schools of Music.

### Admission to the Music Program

All students entering Missouri Baptist University must audition and receive approval from the music faculty before pursuing a music degree. The audition must be completed before or during the first week of classes.

### Music Program Requirements

All music degrees require the student to have a primary performance concentration that leads to a Senior Recital and a secondary performance concentration. The Bachelor of Arts degree with a major in Music requires the student to concentrate in one of three applied areas: instrument, piano, or voice. A Bachelor of Music in Worship Leadership degree requires courses through the Religion department and a performance concentration in instrument, piano, or voice. The Bachelor of Music in Performance degree requires the student to concentrate in one of three applied areas: piano, voice, or commercial voice. The Bachelor of Music in Musical Theatre degree requires courses through the Theatre department and a performance concentration in voice. The Bachelor of Music Education degree requires coursework from the School of Education to complete certification as mandated by the Missouri Department of Elementary and Secondary Education and a performance concentration in instrument, piano, or voice. The Bachelor of Music with Elective Studies in Business degree requires courses through the Business department and a performance concentration in instrument, piano, or voice.

All persons majoring in any music field are required to have seven (for Music Education) or eight (for all other music majors) semesters of completed (passed) recital attendance. Music minors are required to present four semesters of completed (passed) recital attendance.

All persons majoring in any music field are required to present a senior recital. Those seeking degrees in the Bachelor of Arts in Music, Bachelor of Music in Worship Leadership, Bachelor of Music in Musical Theatre, Bachelor of Music with Elective Studies in Business, and Bachelor of Music Education are required to present a 30-minute recital, which has been preceded by three semesters of upper division credit in their major performance area. Majors in the Bachelor of Music in Performance are required to present a 30-minute junior recital and a 60-minute senior recital in their major performance area. Two of four upper division lesson credits must precede the junior recital with the remaining two before the senior recital.

All persons majoring in any music field are required to participate in a large ensemble. The ensemble may be choral, instrumental, or both, depending on the degree sought. Students must earn eight semester hours of large ensemble credit for all music majors, except Bachelor of Music Education majors, must earn seven semester hours (the eighth semester is excused from ensemble participation because of their professional education/student teaching semester). Music minors must earn four semester hours of large ensemble credit. Only one credit per semester in each area (vocal and/or instrumental) may be applied to this total.

## Applicable Degrees:

### Bachelor of Arts:

- For those interested in the music field as part of a liberal arts program

### Bachelor of Music:

- Performance – For those individuals who wish to become professional performers and/or private music teachers
- Worship Leadership – For those individuals who wish to serve full-time in worship or music ministry
- Musical Theatre – For those individuals who wish to become professional performers and/or directors in musical theatre
- With Elective Studies in Business – For those individuals who wish to be involved in the business side of the music industry

### Bachelor of Music Education:

- For those individuals who wish to become music teachers in elementary or secondary schools

### Minor:

- Music – For those individuals with a declared major who wish to further their musical training
- Worship Leadership – To prepare those individuals with a declared major who wish to serve as a part-time worship leader

### Theatre

**Mission Statement:** In accordance with the mission statement of Missouri Baptist University and the academic program, the Theatre discipline offers undergraduate courses of study which equip students with basic skills in theatrical production and prepares them for positions which require heightened aesthetic awareness of drama. Additional purposes are to provide classes and dramatic experience for students majoring in other fields, as well as cultural experiences for the University community.

### Admission to the Theatre Program

All students entering Missouri Baptist University must audition and receive approval from the theatre faculty before pursuing a theatre or speech/theatre degree. The audition must be completed before or during the first week of classes.

### Theatre Program Requirements

All persons receiving a theatre scholarship are required to participate in all theatre productions, as determined by the Director of Theatre.

All persons majoring in theatre are required to present a senior capstone. All capstones will be comprised of two main elements: a portfolio and a public presentation. Students will be given an opportunity to design a final project consistent with their interests and experience.

### Worship Arts Technology

**Mission Statement:** In accordance with the mission statement of Missouri Baptist University, the academic program, and the worship arts and music disciplines, this major focuses on preparing students for careers in music ministry emphasizing worship leadership within the church or a related setting

## Broadcast Media: BA, BS, BPS

## BACHELOR OF MUSIC EDUCATION

**(In addition to General Education, Bachelor of Music Education degree, and Music Major Core Requirements)**

**Mission Statement:** In accordance with the mission statement of Missouri Baptist University, the academic program, and the music discipline, this degree program focuses on preparing students for careers in Music Education leading to certification by the Missouri Department of Elementary and Secondary Education (K-12).

All candidates for Missouri State Teacher Certification must be formally admitted into the Missouri Baptist University Teacher Education program in the School of Education. No student will be allowed to student teach unless he or she has been formally admitted into the Teacher Education program prior to applying to student teach.

The Bachelor of Music Education degree is restricted to students seeking teacher certification in vocal and/or instrumental music at the K-12 level. Students must meet all requirements for certification before this degree will be conferred, including passing the following: 1) all sections of the Missouri General Education Assessment (MoGEA); 2) the Professional Development Folio (*semester prior to student teaching*); 3) the Missouri Content Assessment(s) (MoCA) for each area of certification sought; 4) and the Missouri Pre-Service Teacher Assessment (MoPTA) (*completed during student teaching*).

The student must take one of the following performance concentrations.

### Music Major Core

#### Bachelor of Arts in Music

**(In addition to General Education, Bachelor of Arts, and Music Major Core Requirements)**

**Mission Statement:** In accordance with the mission statement of Missouri Baptist University, the academic program, and the music discipline, this major provides for those interested in the music field as part of a liberal arts program.

Bachelor of Arts in Music majors must take a general education course introducing an art form other than music, such as, art, dance, and theatre/drama, as part of their general education requirements.

**Concentrations** – The student must complete one of the following concentrations.

All persons majoring in any music field must complete the following core:

#### Required Music Theory (MUTH) Courses

- MUTH 103 - Fundamentals of Music Semester Hours: *Three* †
- MUTH 101 - Introduction to Music Technology Semester Hours: *One*
- MUTH 111 - Sight Singing/Ear Training I Semester Hours: *One*
- MUTH 113 - Theory I Semester Hours: *Three*

- MUTH 121 - Sight Singing/Ear Training II Semester Hours: *One*
- MUTH 123 - Theory II Semester Hours: *Three*
- MUTH 211 - Sight Singing/Ear Training III Semester Hours: *One*
- MUTH 213 - Theory III Semester Hours: *Three*
- MUTH 221 - Sight Singing/Ear Training IV Semester Hours: *One*
- MUTH 223 - Theory IV Semester Hours: *Three*

#### Note(s):

†Students who pass the theory placement test are not required to take this course.

#### Required Music History and Literature (MUHL) Courses

- MUHL 313 - Music History I Semester Hours: *Three*
- MUHL 323 - Music History II Semester Hours: *Three*
- MUHL 332 - Music History III Semester Hours: *Two*

#### Required Music Education (MUED) Course

- MUED 202 - Basic Conducting Semester Hours: *Two*

#### Required Music Recital Attendance (MURA) Courses

8 semesters of credit required (7 semesters for Music Education)

- MURA 110 - Recital Attendance Semester Hours: *Zero*
- MURA 310 - Recital Attendance Semester Hours: *Zero*

#### Instrumental Certification

- MUAI 111 - Instrument Lesson (Major/Primary) Semester Hours: *One* ♦
- MUAI 311 - Instrument Lesson (Major/Primary) Semester Hours: *One* ♦♦
- MUAS 110 - Studio Class Semester Hours: *Zero* ♦

\*Upper division music elective may not include private lessons or ensembles.  
\*\*Voice credit may be Class Voice, Private Voice, or a combination of both.  
\*\*\*Advanced piano students may take proficiency exam for up to four semesters of credit. Piano credit may be Class Piano, Private Piano, or a combination of both.  
\*\*\*\*The student may take courses listed as Small Ensemble to complete this requirement.  
\*\*\*\*\*The student must take three semesters of upper division private lessons before their senior recital.

♦Four semesters required

♦♦Eight semesters required

♦♦♦Two semesters required

Total: 89-90 Hours

Total Including General Education and Degree: 131-138 Hours

## Worship Leadership, Piano Concentration, BM

CIP Code: 39.0501

**(In addition to General Education, Bachelor of Music, and Music Major Core Requirements)**

**Mission Statement:** In accordance with the mission statement of Missouri Baptist University, the academic program, and the music discipline, this major focuses on preparing students for careers in the music ministry within the church or a related setting.

**Worship Leadership Core** – The student must take all of these courses plus one of the following performance concentrations.

## Worship Leadership Core

- COMM 263 - Introduction to Audio and Video Communications Semester Hours: *Three*
- COMU 323 - Principles of Sound Semester Hours: *Three*
- MUED 352 - Advanced Conducting Semester Hours: *Two*
- MUWA 353 - Biblical and Theological Foundations of Worship Semester Hours: *Three*
- MUWA 443/543 - History of Congregational Song Semester Hours: *Three*<sup>1</sup>
- MUWA 453/553 - Historical Foundations of Worship Semester Hours: *Three*<sup>1</sup>
- MUWA 483/583 - Leadership of Corporate Worship Semester Hours: *Three*<sup>1</sup>
- THEA 353 - Drama in Ministry Semester Hours: *Three*
- CSCE 273 - Foundations for Christian Ministry Semester Hours: *Three*
- CEWL 473 - Christian Ministry Internship Semester Hours: *Three*

## One elective from the following

- CSCE 343 - Discipleship and Evangelism: Leading in Spiritual Formation Semester Hours: *Three*
- CSCM 303 - God and Humanity Semester Hours: *Three*
- CPHI 413/513 - Christian Ethics Semester Hours: *Three*<sup>1</sup>

Total: 3 Hours

Total: 32 Hours

<sup>1</sup>See the catalog section on Senior Permission for information on earning graduate credit for this course.

## Piano

- MUAP 111 - Piano Lesson (Major/Primary) Semester Hours: *One* ♦

# Worship Leadership, Voice Concentration, BM

CIP Code: 39.0501

**(In addition to General Education, Bachelor of Music, and Music Major Core Requirements)**

**Mission Statement:** In accordance with the mission statement of Missouri Baptist University, the academic program, and the music discipline, this major focuses on preparing students for careers in the music ministry within the church or a related setting.

**Worship Leadership Core** – The student must take all of these courses plus one of the following performance concentrations.

## Music Major Core

### Bachelor of Arts in Music

**(In addition to General Education, Bachelor of Arts, and Music Major Core Requirements)**

**Mission Statement:** In accordance with the mission statement of Missouri Baptist University, the academic program, and the music discipline, this major provides for those interested in the music field as part of a liberal arts program.

Bachelor of Arts in Music majors must take a general education course introducing an art form other than music, such as, art, dance, and theatre/drama, as part of their general education requirements.

**Concentrations** – The student must complete one of the following concentrations.

All persons majoring in any music field must complete the following core:

## Required Music Theory (MUTH) Courses

- MUTH 103 - Fundamentals of Music Semester Hours: *Three* †
- MUTH 101 - Introduction to Music Technology Semester Hours: *One*
- MUTH 111 - Sight Singing/Ear Training I Semester Hours: *One*
- MUTH 113 - Theory I Semester Hours: *Three*
- MUTH 121 - Sight Singing/Ear Training II Semester Hours: *One*
- MUTH 123 - Theory II Semester Hours: *Three*
- MUTH 211 - Sight Singing/Ear Training III Semester Hours: *One*
- MUTH 213 - Theory III Semester Hours: *Three*
- MUTH 221 - Sight Singing/Ear Training IV Semester Hours: *One*
- MUTH 223 - Theory IV Semester Hours: *Three*

Note(s):

†Students who pass the theory placement test are not required to take this course.

## Required Music History and Literature (MUHL) Courses

- MUHL 313 - Music History I Semester Hours: *Three*
- MUHL 323 - Music History II Semester Hours: *Three*
- MUHL 332 - Music History III Semester Hours: *Two*

## Required Music Education (MUED) Course

- MUED 202 - Basic Conducting Semester Hours: *Two*

## Required Music Recital Attendance (MURA) Courses

8 semesters of credit required (7 semesters for Music Education)

- MURA 110 - Recital Attendance Semester Hours: *Zero*
- MURA 310 - Recital Attendance Semester Hours: *Zero*

## Worship Leadership Core

- COMM 263 - Introduction to Audio and Video Communications Semester Hours: *Three*
- COMU 323 - Principles of Sound Semester Hours: *Three*

## Broadcast Media Minor

CIP Code: 9.0701

### Required Core

- COEN 223 - Basic Reporting and Writing for Journalism Semester Hours: *Three*
- COMM 263 - Introduction to Audio and Video Communications Semester Hours: *Three*
- COMU 323 - Principles of Sound Semester Hours: *Three*
- COMT 353 - Convergent Media Semester Hours: *Three*
- COMT 363 - Video Production Techniques Semester Hours: *Three*
- COMT 483A/B - Studio Production I/II Semester Hours: *Three* ♦

Total: 21 Hours

♦Two semesters required

## Communications Studies Minor

CIP Code: 09.0199

### Required Core

- COEN 223 - Basic Reporting and Writing for Journalism Semester Hours: *Three*
- COMM 223 - Introduction to Mass Media (MOTR SBSC 100) Semester Hours: *Three*
- COMM 263 - Introduction to Audio and Video Communications Semester Hours: *Three*
- COMM 313 - Applied Public Speaking Semester Hours: *Three*
- COMR 373 - Principles of Public Relations Semester Hours: *Three*
- COMR 383 - Media Technologies Semester Hours: *Three*
- COMM 483 - Media Law and Ethics Semester Hours: *Three*

Total: 21 Hours

## Dance Minor

CIP Code: 50.0399

### Required Fine Arts Courses

- THEA 131 - Ballet I Semester Hours: *One*
- THEA 141 - Jazz I Semester Hours: *One*
- THEA 331 - Ballet II Semester Hours: *One*
- THEA 341 - Jazz II Semester Hours: *One*
- THEA 351 - Tap Semester Hours: *One*
- THEA 361 - Musical Theatre Styled Dance Semester Hours: *One*
- THDA 303 - Dance Composition Semester Hours: *Three*

- THMU 353 - Musical Theatre History Semester Hours: *Three*
- Two semesters of THEP 110/111/310/311 - Theatre Production Semester Hours: *Zero to One*

Total: 14 Hours

### Required Biology Courses

- BIOL 213 - Anatomy and Physiology I Semester Hours: *Three*
- BIOL 211 - Anatomy and Physiology I Laboratory Semester Hours: *One*

Total: 4 Hours

Total: 18 Hours

## Journalism Minor

CIP Code: 09.0499

### Required Core

- COEN 223 - Basic Reporting and Writing for Journalism Semester Hours: *Three*
- COMM 223 - Introduction to Mass Media (MOTR SBSC 100) Semester Hours: *Three*
- COMM 263 - Introduction to Audio and Video Communications Semester Hours: *Three*
- COEN 323 - Advanced Reporting and Writing for Journalism Semester Hours: *Three*
- COMT 353 - Convergent Media Semester Hours: *Three*
- COMM 483 - Media Law and Ethics Semester Hours: *Three*
- 3 hours upper division communications elective

Total: 21 Hours

## Music Minor

CIP Code: 50.0901

All students who wish to minor in music are required to take the following courses which constitute the Music Minor Core:

### Required Music Theory (MUTH) Courses

- MUTH 103 - Fundamentals of Music Semester Hours: *Three* †
- MUTH 111 - Sight Singing/Ear Training I Semester Hours: *One*
- MUTH 113 - Theory I Semester Hours: *Three*
- MUTH 121 - Sight Singing/Ear Training II Semester Hours: *One*
- MUTH 123 - Theory II Semester Hours: *Three*

## Note

†Students who pass the theory placement test are not required to take this course, the hours do not count as a part of the minor.

## Music History and Literature (MUHL) Courses

Take two courses totaling 6 hours to complete 6-hour upper division requirement or two courses totaling 5 hours plus at least 1 upper division hour from the Upper Division Options below.

- MUHL 313 - Music History I Semester Hours: *Three*
- MUHL 323 - Music History II Semester Hours: *Three*
- MUHL 332 - Music History III Semester Hours: *Two*

Total: 5-6 Hours

## Upper Division Options

1. Take a fifth Large Ensemble for upper division credit (must all be in the same ensemble)
2. Take a fifth Applied Lesson (Sophomore Proficiency required to receive upper division credit)
3. Take an upper division music course

## Required Performance Areas

Students are required to take 4 semesters of Recital Attendance, 4 semesters of Applied Music Primary Lessons, and 4 hours of Large Ensemble.

- MURA 110 - Recital Attendance Semester Hours: *Zero* (4 semesters)
- MUA\_ 111 - Applied Music Primary Semester Hours: *Four*
- MU\_L - Large Ensemble: Choral or Instrumental Semester Hours: *Four*  
(first two semesters must be the same large ensemble)

Total: 22 Hours

## Public Relations Minor\*

CIP Code: 9.0902

## Required Courses

- COMR 373 - Principles of Public Relations Semester Hours: *Three*
- COMM 412 - Media Interviewing Theory and Technique Semester Hours: *Two*
- COMR 423 - Public Relations Writing Semester Hours: *Three*
- COMR 433 - Crisis Communications Semester Hours: *Three*
- COMR 443 - Strategic Communications Semester Hours: *Three*
- COMR 453 - Congregational Communications Semester Hours: *Three*
- COMM 483 - Media Law and Ethics Semester Hours: *Three*

## Note(s)

\*This minor is available to non-Public Relations majors only

Total: 20 Hours

## Sports Journalism Minor

CIP Code: 9.0906

The sports journalism minor is for students interested in the delivery of sports information. The platforms may include sports broadcast or web-based sports programs, sports information director for an athletic program—university or high school or with a professional sports organization. The minor provides experiences in on-camera/microphone work and in writing for broadcast, print and web outlets.

## Communications Courses

- COEN 223 - Basic Reporting and Writing for Journalism Semester Hours: *Three*
- COMM 263 - Introduction to Audio and Video Communications Semester Hours: *Three*
- COMT 363 - Video Production Techniques Semester Hours: *Three*
- COMR 383 - Media Technologies Semester Hours: *Three*
- COMT 413 - Broadcast Techniques Semester Hours: *Three*

Total: 15 Hours

## Sport Management Courses

- SMGT 113 - Introduction to Sport Management Semester Hours: *Three*
- SMGT 263 - Communication in Sport Semester Hours: *Three*

Total: 6 Hours

## Internship

- COMS 473 - Internship in Sports Journalism Semester Hours: *Three*  
**OR**
- SMGT 473 - Internship in Sport Management Semester Hours: *Three* \*
- SMGT 476 - Sport Management Internship Semester Hours: *Six* \*

Total: 3 Hours

\*Sport Management majors taking the Sports Journalism minor must take SMGT 473/SMGT 476, of which 90 hours of the internship must support the Sports Journalism minor. All other majors must take COMS 473.

Total: 24 Hours

## Theatre Minor

CIP Code: 50.0501

The student must complete at least 21 hours in Theatre from the following courses, including 6 hours of electives. Of the 6 hours of electives, at least 2 hours must be in the performance area (MUTS or THEP). Elective courses include any relating directly to dramatic reading, writing, directing, technical theatre, or theatrical performance. Possible electives include any theatre course (THEA, THEP, or THMU) and COST 403 Oral Interpretation of Literature.

### Required Theatre Courses

- THEA 113 - Acting I Semester Hours: *Three*
- THEA 213 - Stage Make-Up Semester Hours: *Three*
- THEA 233 - Stagecraft Semester Hours: *Three*
- THEA 313 - History of Theatre I Semester Hours: *Three*
- THEA 323 - History of Theatre II Semester Hours: *Three*

Total: 15 Hours

### Electives

6 hours required, with a minimum of 2 hours from performance classes (THEP 110/111/310/311 or MUTS 130/131/330/331).

Total: 21 Hours

## Worship Leadership Minor

CIP Code: 39.0501

Designed for the student who is majoring in a music degree, this minor enhances the skills learned in the music major to lead worship.

### Required Communications Courses

- COMM 263 - Introduction to Audio and Video Communications Semester Hours: *Three*

Total: 3 Hours

### Required Theatre Course

- THEA 353 - Drama in Ministry Semester Hours: *Three*

Total: 3 Hours

### Required Worship Arts Courses

- MUWA 353 - Biblical and Theological Foundations of Worship Semester Hours: *Three*
- MUWA 443/543 - History of Congregational Song Semester Hours: *Three*<sup>1</sup>

- MUWA 453/553 - Historical Foundations of Worship Semester Hours: *Three*<sup>1</sup>
- MUWA 483/583 - Leadership of Corporate Worship Semester Hours: *Three*<sup>1</sup>

Total: 12 Hours

### Elective Course

*3 hours from the following*

- CSCE 273 - Foundations for Christian Ministry Semester Hours: *Three*
- CSCE 343 - Discipleship and Evangelism: Leading in Spiritual Formation Semester Hours: *Three*
- CSCM 303 - God and Humanity Semester Hours: *Three*
- CPHI 413/513 - Christian Ethics Semester Hours: *Three*<sup>1</sup>

### Note

<sup>1</sup>See the catalog section on Senior Permission for information on earning graduate credit for this course.

Total: 21 Hours

## Worship Studies Minor

CIP Code: 39.9999

Designed for the student who is not a music major, this minor studies the concepts and practices of worship.

### Required Religious Education Course

- CSCE 273 - Foundations for Christian Ministry Semester Hours: *Three*

Total: 3 Hours

### Required Theatre Course

- THEA 353 - Drama in Ministry Semester Hours: *Three*

Total: 3 Hours

### Required Worship Arts Courses

- MUWA 353 - Biblical and Theological Foundations of Worship Semester Hours: *Three*
- MUWA 443/543 - History of Congregational Song Semester Hours: *Three*<sup>1</sup>
- MUWA 453/553 - Historical Foundations of Worship Semester Hours: *Three*<sup>1</sup>

Total: 9 Hours

## Elective Course

*3 hours from the following*

- CSCE 343 - Discipleship and Evangelism: Leading in Spiritual Formation Semester Hours: *Three*
- CSCM 303 - God and Humanity Semester Hours: *Three*
- CPHI 413/513 - Christian Ethics Semester Hours: *Three*<sup>1</sup>

## Note

<sup>1</sup>*See the catalog section on Senior Permission for information on earning graduate credit for this course.*

**Total: 18 Hours**

## Division of Health and Sport Sciences

---

## Division of Health and Sport Sciences

**Mission Statement:** The Division of Health and Sport Sciences at Missouri Baptist University is committed to promoting intellectual, spiritual and professional development, striving to enhance a Christ-centered lifestyle through the advancement of knowledge in exercise science, health, physical education, and sport management and forming responsive, and collaborative relationships with faculty, staff, students, alumni, schools, and business and industry leaders.

Missouri Baptist University, through its Health and Sport Sciences Division, prepares students in a well-rounded, holistic approach to education from an evangelical Christian world-view. Students who major in one of the fields typically pursue careers in allied sport health, including corporate fitness and exercise science/technology or management of corporate or private fitness centers, recreation facilities, or sports clubs. Additionally, the department prepares students to enter graduate or professional school in sport management, sports medicine, physical therapy, allied health, athletic training, physical education, or exercise science.

A student may major in Exercise Science, Fitness Management, Health Sciences, or Sport Management. Minors are available in Exercise Science, Health Science, and Sport Management. The Health and Sport Sciences Division also offers four graduate certificates in Exercise Science, Fitness Management, Sport Management, and Sport Marketing. Undergraduate students may earn credit toward the graduate certificates and/or the Master of Science degree in either Sport Management or Fitness Management through senior permission.

A student wishing to teach and coach in the public or private schools should major in either Physical Education or Health Education. Students wishing to teach will have additional requirements to meet for state certification (see the School of Education in this catalog).

### Sport Management

The Sport Management program at Missouri Baptist University is designed to prepare students for various careers in sport management and/or graduate study in the field. Students in this program investigate the psycho-social, ethical, economic, legal, and political factors affecting the management and administration of sport organizations. The application of management principles to the sport industry distinguishes this program from the others offered within the division. Through the practical application of the programs theoretical underpinnings, sport management majors learn about communication, finance, law, organizational management, personnel, and marketing from a Christian worldview.

### Exercise Science

The Exercise Science program is dedicated to preparing and developing students by promoting the integration of Christian faith with the theory and practice of human physical activity, exercise, disease prevention and rehabilitation. Our goal is to develop exercise science professionals who promote and support creative and healthy lifestyles that positively influence the health and wellness of all individuals. Also, our program is designed to advance the body of knowledge in our field, develop future professionals, provide

opportunities for intellectual and professional growth and development, and prepare students for graduate studies. Students in the exercise science program will be exposed to a multidisciplinary approach with exercise physiologists, physical therapists, team physicians, athletic trainers, chiropractors, and other exercise professionals to enhance their experience.

For other degree options, the MBU undergraduate program in Exercise Science can lead to a Doctor of Physical Therapy at Southwest Baptist University. See the D.P.T. in Physical Therapy under the General Academic Programs page for more information.

### Health Sciences

The Health Sciences major is an attractive option for those students interested in allied health. Graduates with a BS in Health Sciences would be prepared for course-work in pursuit of an advanced degree in a healthcare/biomedical field. Those graduates choosing to enter the work force immediately would be prepared for entry level positions related to health advocacy, health communications and sales, medical and laboratory technicians, health administration, and assistantships, among others.

For other degree options, the MBU undergraduate program in Health Sciences can lead to a Doctor of Physical Therapy at Southwest Baptist University. See the D.P.T. in Physical Therapy under the General Academic Programs page for more information.

### Fitness Management

Fitness Management draws from course work in biology, business, exercise science, health science, psychology, and sport management. It is designed for those interested in personal training and/or health/sport coordination and advocacy.

## Major

### Exercise Science: BA, BS, BPS

CIP Code: 31.0505

### Required Natural Sciences for General Education and Degree Requirements

- BIOL 103 - Introduction to Biology (MOTR BIOL 100L) Semester Hours: *Three*<sup>1</sup>
- BIOL 101 - Introduction to Biology Laboratory (MOTR BIOL 100L) Semester Hours: *One*<sup>1</sup>
- BIOL 213 - Anatomy and Physiology I Semester Hours: *Three*<sup>2,3</sup>
- BIOL 211 - Anatomy and Physiology I Laboratory Semester Hours: *One*<sup>2,3</sup>
- CHEM 113 - Introduction to Chemistry (MOTR CHEM 100L) Semester Hours: *Three*<sup>4</sup>
- CHEM 111 - Introduction to Chemistry Laboratory (MOTR CHEM 100L) Semester Hours: *One*<sup>4</sup>
- CHEM 123 - Survey of Organic and Biochemistry Semester Hours: *Three*<sup>2</sup>
- CHEM 121 - Survey of Organic and Biochemistry Laboratory Semester Hours: *One*<sup>2</sup>

## Note(s)

<sup>1</sup>Satisfies general education requirement in biology

<sup>2</sup>Satisfies 1 of 2 additional sciences required for BS degree

<sup>3</sup>A grade of C or better is required for minors

<sup>4</sup>Satisfies general education requirement in chemistry or physical science

**A grade of C or better is also required in KHSC 333 - Health and Wellness for the minor in Health Science.**

## Major Requirements

### Required Biology (BIOL) courses

- BIOL 223 - Anatomy and Physiology II Semester Hours: *Three*
- BIOL 221 - Anatomy and Physiology II Laboratory Semester Hours: *One*
- BIOL 303 - Nutrition Science Semester Hours: *Three*

### Required Exercise Science (EXSC) courses

- EXSC 113 - Introduction to Exercise Science Semester Hours: *Three*
- EXSC 233 - Care and Prevention of Athletic Injuries/Illnesses Semester Hours: *Three*
- EXSC 313 - Exercise Physiology I Semester Hours: *Three*
- EXSC 321 - Exercise Physiology II Lab Semester Hours: *One*
- EXSC 323 - Exercise Physiology II Lecture Semester Hours: *Three*
- EXSC 343 - Motor Learning and Control Semester Hours: *Three*
- EXSC 363 - Adapted Physical Activity Semester Hours: *Three*
- EXSC 403/503 - Exercise Psychology Semester Hours: *Three*
- EXSC 411 - Exercise Testing and Prescription Lab Semester Hours: *One*
- EXSC 413 - Exercise Testing and Prescription Semester Hours: *Three*
- EXSC 433 - Biomechanics Semester Hours: *Three*
- EXSC 443 - Exercise Physiology Laboratory Experience Semester Hours: *Three*
- EXSC 453/553 - Fitness Management Semester Hours: *Three*<sup>1</sup>
- EXSC 463 - Senior Seminar Semester Hours: *Three*
  
- EXSC 476 - Internship in Exercise Science Semester Hours: *Six*  
**OR two courses from the following**
- EXSC 223 - Practicum in Exercise Science Semester Hours: *Three*
- EXSC 373A/473A - Instructional Methods in Exercise Science Semester Hours: *Three*

- EXSC 473B - Internship in Exercise Science Semester Hours: *Three*
- SMGT 111/311 - Practical Applications in Sport Sciences Semester Hours: *One*
  
- EXSC 483/583 - Principles of Human Performance Semester Hours: *Three*<sup>1</sup>

### Required Health Science (KHSC) courses

- KHSC 413/513 - Chronic Diseases and Obesity Semester Hours: *Three*

### Required Physical Education (PHED) course

- PHED 133 - First Aid and Emergency Care Semester Hours: *Three*

## Note(s)

### Admission Requirement:

- Freshmen: Student must have a 21 or higher composite ACT score
- Transfers: Student must have a 2.5 or higher cumulative GPA

Students not meeting the Exercise Science admission requirement upon entering the University may be immediately accepted into the Fitness Management major. Students wishing to be admitted into the Exercise Science major will be allowed to present a written request for acceptance to the chair of the Health and Sport Sciences Division after at least one full semester of study at MBU if the cumulative 2.5 GPA requirement has been met.

**A minimum cumulative grade point average of 2.5 is required for graduation.**

<sup>1</sup>See the catalog section on Senior Permission for information on earning graduate credit for this course.

**Total: 60 Hours**

## Fitness Management: BA, BS, BPS

**CIP Code: 31.0504**

## Major Requirements

### Natural Science Courses

- BIOL 211 - Anatomy and Physiology I Laboratory Semester Hours: *One*
- BIOL 213 - Anatomy and Physiology I Semester Hours: *Three*
- BIOL 221 - Anatomy and Physiology II Laboratory Semester Hours: *One*
- BIOL 223 - Anatomy and Physiology II Semester Hours: *Three*

- BIOL 303 - Nutrition Science Semester Hours: *Three*

Total: 3 Hours

## Major Requirements

### Natural Science Focus

- BIOL 211 - Anatomy and Physiology I Laboratory Semester Hours: *One*
- BIOL 213 - Anatomy and Physiology I Semester Hours: *Three*
- BIOL 221 - Anatomy and Physiology II Laboratory Semester Hours: *One*
- BIOL 223 - Anatomy and Physiology II Semester Hours: *Three*
- BIOL 371 - Microbiology Laboratory Semester Hours: *One*
- BIOL 373 - Microbiology Semester Hours: *Three*
- BIOL 363 - Pathophysiology Semester Hours: *Three*
- HSCI 343 - Medical Terminology Semester Hours: *Three*
- Upper division science electives<sup>2</sup> Semester Hours:  $\geq$  *Six* (advisor approval required)

Total:  $\geq$ 16 hours

## Population Health Focus

- HSCI 373 - Community Health Semester Hours: *Three*
- HSCI 443 - Environmental Health Semester Hours: *Three*
- HSCI 433 - Health Disparities Semester Hours: *Three*
- HSCI 383 - Epidemiology Semester Hours: *Three*
- HSCI 463 - Ethics and Current Issues in Public Health Semester Hours: *Three*

## 6 hours of electives from the following

- HSCI 423 - Neurological Diseases Semester Hours: *Three*
- HSCI 453 - Infectious Disease Semester Hours: *Three*
- *Or Approved Electives*<sup>3</sup>

Total: 21 Hours

## Personal Health Focus

- HSCI 113 - Introduction to Health Sciences Semester Hours: *Three*
- BIOL 303 - Nutrition Science Semester Hours: *Three*
- KHSC 103 - Substance Abuse Semester Hours: *Three*
- KHSC 333 - Health and Wellness Semester Hours: *Three* \*\*
- Upper division psychology elective Semester Hours: *Three*<sup>4</sup>

Total: 12 Hours

## Experience

- HSCI 223 - Practicum in Health Sciences Semester Hours: *Three*

Total: 3 Hours

## Electives

General Electives<sup>5</sup>

Total: 6-8 Hours

## Required Natural Sciences General Education Courses

- BIOL 103 - Introduction to Biology (MOTR BIOL 100L) Semester Hours: *Three*
- BIOL 101 - Introduction to Biology Laboratory (MOTR BIOL 100L) Semester Hours: *One*

Total: 4 Hours

## Recommended Natural Sciences General Education Courses

- CHEM 113 - Introduction to Chemistry (MOTR CHEM 100L) Semester Hours: *Three*
- CHEM 111 - Introduction to Chemistry Laboratory (MOTR CHEM 100L) Semester Hours: *One*

Total: 4 Hours

## Recommended Social/Behavioral Sciences General Education Course

- PSYC 133 - General Psychology (MOTR PSYC 100) Semester Hours: *Three*

Total: 3 Hours

## Note(s)

**\*\* Hours applied to degree requirements**

**A 2.5 cumulative grade point average is required for graduation.**

<sup>2</sup> *Science electives may come from Natural Sciences (BIOL, CHEM, BIOT), Health and Sport Sciences (EXSC, KHSC), and Social and Behavioral Science (PSYC, PSSC). These electives must be upper division and should be approved by the academic advisor.*

<sup>3</sup> *Alternative courses to satisfy this requirement are likely to come from Natural Sciences, Health and Sport Sciences, and Social and Behavioral Science. Alternative courses should explore aspects of human disease or condition and must be selected with and approved by the academic advisor.*

<sup>4</sup> *Upper division courses from PSHU, PSSC, and SOCO may also be used to satisfy this requirement.*

<sup>5</sup> *General electives may come from any division. The number of hours required will be used to ensure satisfaction of the 120 hour graduation requirement. Additionally, courses may need to be upper division so that the 42 upper division hour requirement is satisfied.*

Total: 58-60 Hours

## Sport Management: BA, BS, BPS

CIP Code: 31.0504

## Major Requirements

### Required Courses

- SMGT 113 - Introduction to Sport Management Semester Hours: *Three*
- SMGT 223 - Sport Management Practicum Semester Hours: *Three*

- SMGT 253 - Tournament and Event Management Semester Hours: *Three*
  - SMGT 263 - Communication in Sport Semester Hours: *Three*
  - SMGT 323 - Governance and Leadership in Sport Semester Hours: *Three*
  - SMGT 333 - Sport Sociology Semester Hours: *Three*
  - SMGT 373 - Sport Marketing Semester Hours: *Three*

  - SMGT 463/563 - Sport Finance Semester Hours: *Three*<sup>1</sup>
  - SMGT 433/533 - Sport Psychology Semester Hours: *Three*
  - SMGT 483 - Senior Seminar Semester Hours: *Three*
- 
- SMGT 476 - Sport Management Internship Semester Hours: *Six* \*
- OR**
- SMGT 473 - Internship in Sport Management Semester Hours: *Three* **AND**
  - SMGT 111/311 - Practical Applications in Sport Sciences Semester Hours: *One* (PASS) (3 credit hours)

**Total: 42 Hours**

<sup>1</sup>See the catalog section on Senior Permission for information on earning graduate credit for this course.

\*Qualifying students may spend the equivalent of full-time employment (400 hours) in an appropriate agency for six elective internship credit hours. Prerequisites: 90 hours of accumulated course credit, a minimum of 24 hours of course credit completed in the major, 3.0 GPA in the major, and the internship coordinator's permission.

**Minor: Business Administration (for Non-Business Majors)**

**CIP Code: 52.0201**

The student must complete the following:

## Required Accounting (ACCT) Courses

- ACCT 213 - Principles of Financial Accounting Semester Hours: *Three*
- ACCT 223 - Principles of Managerial Accounting Semester Hours: *Three*

## Required Business (BUSN) Courses

- BUSN 303 - Business Ethics Semester Hours: *Three*
- BUSN 353 - Communication Strategies in Business Semester Hours: *Three*

## Required Management (MGMT) Course

- MGMT 303 - Management Concepts and Practices Semester Hours: *Three*

## Required Marketing (MRKT) Course

- MRKT 313 - Introduction to Marketing Semester Hours: *Three*

**Total: 18 Hours**

### Note(s)

#### Admission Requirement:

- Freshmen: Student must have a 21 or higher composite ACT score
- Transfers: Student must have a 2.5 or higher cumulative GPA

Students not meeting the Sport Management admission requirement upon entering the University may be immediately accepted into the Fitness Management major. Students wishing to be admitted into the Sport Management major will be allowed to present a written request for acceptance to the chair of the Health and Sport Sciences Division after at least one full semester of study at MBU if the cumulative 2.5 GPA requirement has been met.

**A 2.5 cumulative grade point average is required for graduation.**

**\*It is strongly suggested that Sport Management students:**

- Be cognizant of courses which are only offered once a year so that graduation can occur in a timely fashion.

Finish all undergraduate requirements in the same semester as the internship. This will allow full-time employment to be more readily available after graduation.

## Exercise Sciences Minor

**CIP Code: 31.0505**

### Required Courses

- EXSC 113 - Introduction to Exercise Science Semester Hours: *Three*
- EXSC 313 - Exercise Physiology I Semester Hours: *Three*
- EXSC 321 - Exercise Physiology II Lab Semester Hours: *One*
- EXSC 323 - Exercise Physiology II Lecture Semester Hours: *Three*
- EXSC 343 - Motor Learning and Control Semester Hours: *Three*
- EXSC 363 - Adapted Physical Activity Semester Hours: *Three*

- EXSC 411 - Exercise Testing and Prescription Lab  
Semester Hours: *One*
- EXSC 413 - Exercise Testing and Prescription Semester  
Hours: *Three*

Total: 20 Hours

## Public Health Minor

CIP Code: 51.2201

### Required Courses

- HSCI 373 - Community Health Semester Hours: *Three*
- HSCI 383 - Epidemiology Semester Hours: *Three*
- HSCI 433 - Health Disparities Semester Hours: *Three*
- HSCI 443 - Environmental Health Semester Hours: *Three*
- HSCI 463 - Ethics and Current Issues in Public Health  
Semester Hours: *Three*  
*One course from the following:*
- HSCI 423 - Neurological Diseases Semester Hours: *Three*
- HSCI 453 - Infectious Disease Semester Hours: *Three*

Total: 18 Hours

### Note:

*Students declaring a major in Health Sciences may not minor in Public Health, as all courses are required in the major.*

## Sport Management Minor

CIP Code: 31.0504

### Required Courses

- SMGT 113 - Introduction to Sport Management Semester  
Hours: *Three*
- SMGT 253 - Tournament and Event Management Semester  
Hours: *Three*
- SMGT 263 - Communication in Sport Semester Hours:  
*Three*
- SMGT 373 - Sport Marketing Semester Hours: *Three*
- SMGT 423/523 - Sport Law Semester Hours: *Three*<sup>1</sup>
- SMGT 463/563 - Sport Finance Semester Hours: *Three*<sup>1</sup>

### Note

<sup>1</sup>See the catalog section on Senior Permission for information on earning graduate credit for this course.

Total: 18 Hours

---

## Division of Humanities

---

**Mission Statement:** The Humanities Division provides curricula leading to professional certificates, general education and degree requirements, and major programs of study in Christian Ministry, Ministry and Leadership, and English, and minors in Christian Ministry, Christian Studies, English, and Spanish. An Associate of Science degree with a major in Christian Ministry as well as the Writing Certificate in English and the Certificate in Ministry in Leadership are also available.

The Humanities Division seeks to give students a broad basis in the liberal arts tradition from a Christian world view, integrating faith and learning in literature, languages, ethical, and philosophical trends affecting the society of today, enhancing the development of a broad spiritual and intellectual foundation in an environment where academic excellence is emphasized and a biblically-based Christian perspective is maintained.

### English

**Mission Statement:** In accordance with the mission statement of Missouri Baptist University and the academic program, the English faculty seeks to maintain a curriculum that provides Standard English skills, permits students to meet the requirements for professional certificates, and prepares English majors for the pursuit of advanced degrees.

### ***ENGLISH GENERAL EDUCATION SEQUENCE REQUIREMENT***

#### **The English sequence is:**

ENGL 103 English Grammar  
ENGL 113 English Composition I  
ENGL 123 English Composition II

All students who have not satisfied the general education and degree requirements in English are required to take the appropriate English course their first semester as a full-time student at Missouri Baptist University, and to pursue the sequence, without interruption, until the English requirement has been satisfied. Regular students who are not full-time must follow this procedure by the time they have earned 12 semester hours of college credit. Students may not withdraw from any English course in the sequence; they must take these courses for a letter grade of A, B, C, D, or F.

### Christian Ministry

**Mission Statement:** The Christian Ministry faculty of Missouri Baptist University desires to assist churches in developing leaders with Christ-like characteristics so that they can extend Christ-like influence, by providing majors, minors, and certificates which are foundational and practical. This course of study has been designed in an effort to emphasize applicability to life, orientation toward the church, and fidelity to the biblical revelation. In accordance with the mission statement of Missouri Baptist University and the academic program, the Christian Ministry faculty provides curriculum leading to general education and degree requirements as well as major and minor programs of study in the disciplines of Christian Ministry, Ministry and Leadership, and Christian Studies.

#### **Mission**

*Applicability to Life:* The intellectual discipline of theology has often been separated from the experience of human life which is lived before God. The ultimate concern of theology should be with God in his relationship with humans, and thus with human life as it is lived before God, hence one's life as lived unto God. Theological study should involve not only correct thinking about God but also good living before God. It should involve a consideration of the question,

"How can we use what we learn to glorify God, to live well before him, to do his will, to cause his name to be honored in the world, and to enjoy him?"

*Orientation toward the Church:* Theological study has been relegated to the academy and is often divorced from the life of the church. At a distance of two millennia from the New Testament era, there may indeed be a need for special training for those who minister the Word of God; but the New Testament itself does not envision any locus for such training apart from the local congregation. In a time when professionalization and academic credentials are emphasized, the study of theology needs to be undertaken as an adjunct of church life, with a concern for the church, and with the goal of feeding theological truth back into the church.

**Fidelity to the Biblical Revelation:** Modern theological study has often taken its cues from the surrounding culture instead of occupying the ground established by divine revelation and thus speaking an alien word to the culture. In recent times this has meant surrendering the concept of "truth" and acceding to the relativism of modern thought, relegating "religion" to the realm of subjective personal preference. In contrast, the core of a common Christian theology must be seen as the expression of divinely-revealed truth, valid for and making claims upon all people

## Faith and Learning Certificate

CIP Code: 38.9999

### Required Core

- CBIB 443 - Biblical Hermeneutics Semester Hours: *Three*
- CPHI 203 - Introduction to Logic Semester Hours: *Three*

- CSCM 303 - God and Humanity Semester Hours: *Three*
- CSCM 333 - Redemption and Reconciliation Semester Hours: *Three*

## Required Capstone Course

- Taken simultaneously with CEWL 473 - Christian Ministry Internship in the last Spring semester
- CSCM 423/523 - Theology of Christian Ministry Semester Hours: *Three*<sup>1</sup>

**Total: 39 Hours**

<sup>1</sup>See the catalog section on Senior Permission for information on earning graduate credit for this course.

**Total: 39 Hours**

## English: BA, BS, BPS

**CIP Code: 23.0101**

## Major Requirements

The student must complete the following requirements plus select and complete one or more of the following concentration areas (39 hours). Students may not overlap concentration requirements.

## Required English (ENGL) courses

- ENGL 283 - Techniques for Writing Tutorials Semester Hours: *Three*
- ENGL 333A - American Literature I (Colonial America to 1865) Semester Hours: *Three*
- ENGL 333B - American Literature II (1865-1945) Semester Hours: *Three*
- ENGL 353A - British Literature I (the Middle Ages Through the Early 17th Century) Semester Hours: *Three*
- ENGL 353B - British Literature II (Since the Restoration) Semester Hours: *Three*
- ENGL 363 - Critical Theories Semester Hours: *Three*
- ENGL 443 - Senior Research Seminar in English Semester Hours: *Three*
- ENGL 453/553 - History of the English Language Semester Hours: *Three*<sup>1</sup>
- ENGL 473 - Advanced Grammar Semester Hours: *Three*

**Total: 27 Hours**

## Concentration Areas

### Literature Concentration

- ENGL 333C - American Literature III (1945-Present) Semester Hours: *Three*
- ENGL 373 - Chaucer, Shakespeare, and Milton Semester Hours: *Three*
- ENCP 433/533 - C. S. Lewis and J. R. R. Tolkien Semester Hours: *Three*
- ENGL 463/563 - Multicultural Literature Semester Hours: *Three*<sup>1</sup>

### Writing Concentration

- COEN 223 - Basic Reporting and Writing for Journalism Semester Hours: *Three*
- ENGL 403 - Creative Writing I (Poetry and Fiction) Semester Hours: *Three*
- ENGL 413 - Creative Writing II (Drama and Nonfiction) Semester Hours: *Three*
- ENGL 433 - Business Writing Semester Hours: *Three*

### Secondary Education Concentration

Three (3) hours from the Writing Concentration

- EDEN 453/553 - Teaching Language Arts and Composition in Middle/Secondary: Seminar and Field Experience Semester Hours: *Three*<sup>1</sup>
- EDEN 463/563 - Teaching Literature Within the Curriculum Semester Hours: *Three*<sup>1</sup>
- ENGL 463/563 - Multicultural Literature Semester Hours: *Three*<sup>1</sup>

### Note(s):

<sup>1</sup>See the catalog section on Senior Permission for information on earning graduate credit for this course.

**Total: 12 hours**

**Total: 39 Hours**

## Ministry and Leadership Certificate

**CIP Code: 38.0203**

Any student may earn a Certificate in Ministry and Leadership by completing all courses required for the Ministry and Leadership major except CEWL 473 Christian Ministry Internship.

## Ministry and Leadership

## Required Biblical Studies (CBIB) Course

- CBIB 443 - Biblical Hermeneutics Semester Hours: *Three*

Total: 3 Hours

## Required Christian Education (CSCE) Courses

- CEWL 473 - Christian Ministry Internship Semester Hours: *Three*
- CSCE 273 - Foundations for Christian Ministry Semester Hours: *Three*
- CSCE 303 - Missions and Mercy Semester Hours: *Three*
- CSCE 343 - Discipleship and Evangelism: Leading in Spiritual Formation Semester Hours: *Three*
- CSCP 403/503 - The Philosophical and Scriptural Foundations of Church Planting Semester Hours: *Three*<sup>1</sup>

CSCM 333 - Redemption and Reconciliation Semester Hours: *Three*

CSCM 433/533 - Principles of Pastoral Ministry Semester Hours: *Three*<sup>1</sup>

CSCM 483/583 - Expository Biblical Ministry Semester Hours: *Three*<sup>1</sup>

Total: 12 Hours

Required Capstone Course taken simultaneously with CEWL 473 Christian Ministry Internship in the last Spring semester

CSCM 423/523 - Theology of Christian Ministry Semester Hours: *Three*<sup>1</sup>

Total: 3 Hours

Total: 39 Hours

## Writing Certificate in English

CIP Code: 23.1399

The writing certificate program will help students become familiar with all types of writing, including journalism, expository, business, radio, television, and creative. This is not a teaching certificate in English and does not fulfill requirements for state teacher certification.

Students must complete at least 18 hours from the following:

### Required English (ENGL) Courses

- ENGL 123 - English Composition II (MOTR ENGL 200) Semester Hours: *Three*
- ENGL 363 - Critical Theories Semester Hours: *Three*

### Elective English (ENGL) Courses

- ENGL 403 - Creative Writing I (Poetry and Fiction) Semester Hours: *Three*
- ENGL 413 - Creative Writing II (Drama and Nonfiction) Semester Hours: *Three*
- ENGL 433 - Business Writing Semester Hours: *Three*
- ENGL 443 - Senior Research Seminar in English Semester Hours: *Three*

### Elective Communications (COEN, COMJ, and COMT) Courses

- COEN 223 - Basic Reporting and Writing for Journalism Semester Hours: *Three*
- COEN 323 - Advanced Reporting and Writing for Journalism Semester Hours: *Three*
- COMJ 433 - Opinion Writing Semester Hours: *Three*
- COMT 353 - Convergent Media Semester Hours: *Three*

### Note:

The student must pass each course taken as part of the writing certificate program with a grade of C or better.

Total: 18 Hours

## Apologetic Studies Minor

### Required Courses

The student must complete at least 21 hours as follows:

- CSCE 273 - Foundations for Christian Ministry Semester Hours: *Three*
- CEWL 473 - Christian Ministry Internship Semester Hours: *Three*
- CBIB 443 - Biblical Hermeneutics Semester Hours: *Three*
- CPHI 413/513 - Christian Ethics Semester Hours: *Three*
- CPHI 433/533 - World Religions Semester Hours: *Three*

- CPHS 433/533 - Contemporary World Views Semester Hours: *Three*
- ENCP 433/533 - C. S. Lewis and J. R. R. Tolkien Semester Hours: *Three*

Total: 21 Hours

## Biblical Counseling Minor

### Required Courses

The student must complete at least 21 hours as follows:

- CSCE 273 - Foundations for Christian Ministry Semester Hours: *Three*
- CEWL 473 - Christian Ministry Internship Semester Hours: *Three*
- CBIB 443 - Biblical Hermeneutics Semester Hours: *Three*
- CMPS 423/523 - Pastoral Counseling and Care Giving Semester Hours: *Three*
- CSCE 423/523 - Basics of Biblical Counseling Semester Hours: *Three*
- CSCM 433/533 - Principles of Pastoral Ministry Semester Hours: *Three*
- PSCM 433/533 - Psychology Of Moral/Spiritual Development Semester Hours: *Three*

Total: 21 Hours

## Biblical Languages Minor

### Required Courses

The student must complete at least 21 hours as follows:

- CSCE 273 - Foundations for Christian Ministry Semester Hours: *Three*
- CEWL 473 - Christian Ministry Internship Semester Hours: *Three*
- CBIB 443 - Biblical Hermeneutics Semester Hours: *Three*
- CBLA 413/513 - New Testament Greek Exegesis 1 Semester Hours: *Three*
- CBLA 423/523 - New Testament Greek Exegesis 2 Semester Hours: *Three*
- CBLA 433/533 - Elementary Classical Hebrew 1 Semester Hours: *Three*
- CBLA 443/543 - Elementary Classical Hebrew 2 Semester Hours: *Three*

Total: 21 Hours

## Biblical Studies Minor

### Required Courses

The student must complete at least 21 hours as follows:

- CSCE 273 - Foundations for Christian Ministry Semester Hours: *Three*
- CEWL 473 - Christian Ministry Internship Semester Hours: *Three*
- CBIB 443 - Biblical Hermeneutics Semester Hours: *Three*
- CBIB 313 - Advanced Old Testament 1 Semester Hours: *Three*
- CBIB 323 - Advanced Old Testament 2 Semester Hours: *Three*
- CBIB 333 - Advanced New Testament 1 Semester Hours: *Three*
- CBIB 343 - Advanced New Testament 2 Semester Hours: *Three*

Total: 21 Hours

## Christian Ministry Minor

CIP Code: 39.9999

A student may not major in Christian Ministry or Ministry and Leadership and minor in Christian Ministry.

The student must complete at least 21 hours as follows:

### Required Christian Education (CSCE) Courses

- CSCE 273 - Foundations for Christian Ministry Semester Hours: *Three*
- CEWL 473 - Christian Ministry Internship Semester Hours: *Three*
- CBIB 443 - Biblical Hermeneutics Semester Hours: *Three*
- CSCE 303 - Missions and Mercy Semester Hours: *Three*
- CSCE 343 - Discipleship and Evangelism: Leading in Spiritual Formation Semester Hours: *Three*
- CSCM 303 - God and Humanity Semester Hours: *Three*
- CSCM 333 - Redemption and Reconciliation Semester Hours: *Three*

Total: 21 Hours

## Church Planting Minor

### Required Courses

The student must complete at least 21 hours as follows:

- CSCE 273 - Foundations for Christian Ministry Semester Hours: *Three*

- CEWL 473 - Christian Ministry Internship Semester Hours: *Three*
- CBIB 443 - Biblical Hermeneutics Semester Hours: *Three*
- CSCP 403/503 - The Philosophical and Scriptural Foundations of Church Planting Semester Hours: *Three*
- CSCP 433/533 - Church Planting Methods Semester Hours: *Three*
- CSCP 443/543 - Gospel-Centered Cultural Engagement Semester Hours: *Three*
- CSCP 453/553 - Disciple Making in the Church Semester Hours: *Three*

Total: 21 Hours

## English Minor

CIP Code: 23.0101

Students minoring in English must complete at least 21 hours in English, exclusive of any composition or literature courses taken to complete the general education or baccalaureate degree requirements. The required courses, or their equivalents, are:

### Required English (ENGL) Courses

- ENGL 333A - American Literature I (Colonial America to 1865) Semester Hours: *Three*
- ENGL 333B - American Literature II (1865-1945) Semester Hours: *Three*
- ENGL 353A - British Literature I (the Middle Ages Through the Early 17th Century) Semester Hours: *Three*
- ENGL 353B - British Literature II (Since the Restoration) Semester Hours: *Three*

### Electives

- 9 hours of English (ENGL, EDEN, or COEN) courses

Total: 21 Hours

## Missions Minor

### Required Courses

The student must complete at least 21 hours as follows:

- CSCE 273 - Foundations for Christian Ministry Semester Hours: *Three*
- CEWL 473 - Christian Ministry Internship Semester Hours: *Three*
- CBIB 443 - Biblical Hermeneutics Semester Hours: *Three*
- CSCP 403/503 - The Philosophical and Scriptural Foundations of Church Planting Semester Hours: *Three*
- CSCE 413 - Church Administration Semester Hours: *Three*
- CSCP 453/553 - Disciple Making in the Church Semester Hours: *Three*
- CPHI 433/533 - World Religions Semester Hours: *Three*

Total: 21 Hours

## Pastoral Studies Minor

### Required Courses

The student must complete at least 21 hours as follows:

- CSCE 273 - Foundations for Christian Ministry Semester Hours: *Three*
- CEWL 473 - Christian Ministry Internship Semester Hours: *Three*
- CBIB 443 - Biblical Hermeneutics Semester Hours: *Three*
- CSCP 403/503 - The Philosophical and Scriptural Foundations of Church Planting Semester Hours: *Three*
- CSCE 423/523 - Basics of Biblical Counseling Semester Hours: *Three*
- CSCM 433/533 - Principles of Pastoral Ministry Semester Hours: *Three*
- CSCM 483/583 - Expository Biblical Ministry Semester Hours: *Three*

Total: 21 Hours

## Spanish Minor

CIP Code: 16.0905

Missouri Baptist University offers a minor in Spanish that provides students skills in conversation, composition, and reading of Spanish, as well as an understanding of Hispanic peoples, their cultures and literature.

### Required Courses

The student must complete at least 20 hours in Spanish (SPAN) as follows:

- SPAN 114 - Elementary Spanish I Semester Hours: *Four*
- SPAN 124 - Elementary Spanish II Semester Hours: *Four*
- SPAN 213 - Intermediate Spanish I Semester Hours: *Three*
- SPAN 223 - Intermediate Spanish II Semester Hours: *Three*
- SPAN 313 - Advanced Spanish I Semester Hours: *Three*
- SPAN 323 - Advanced Spanish II Semester Hours: *Three*

Total: 20 Hours

## Youth Minor

### Required Courses

The student must complete at least 21 hours as follows:

- CSCE 273 - Foundations for Christian Ministry Semester Hours: *Three*
- CEWL 473 - Christian Ministry Internship Semester Hours: *Three*
- CBIB 443 - Biblical Hermeneutics Semester Hours: *Three*
- CSCE 313 - Introduction to Youth Ministry Semester Hours: *Three*

- CSCE 323 - Youth Education in the Church Semester Hours: *Three*
- CSCE 353 - Youth and Media Semester Hours: *Three*
- CSCE 463 - Issues in Youth Ministry Semester Hours: *Three*

Total: 21 Hours

---

## Division of Natural Sciences

---

**Mission Statement:** The Natural Sciences Division provides curricula fulfilling general education and degree requirements. The Natural Sciences include the areas of Biochemistry, Biology, Biotechnology, Chemistry, Mathematics, Physical Science, Physics, Pre-Nursing, and Radiologic Technology. The division and its faculty are committed to professionalism and excellence within the framework of a Christian worldview and within the mission of the University as a whole.

### Biology

**Mission Statement:** Biology courses are offered to serve the needs of students in major and minor fields, as well as students in allied health and professional majors and non-science majors, fulfilling general education and degree requirements. Majors will be prepared to face regional competition for employment and academic placement. In accord with the general mission of the University, courses are taught with a Christian worldview while maintaining a perspective of objective analysis and rigorously discriminating between observation and derived theories.

Students who desire certification to teach advanced biology or chemistry in high school (grades 9-12) are required by the Missouri Department of Elementary and Secondary Education to complete a Unified Science Core of at least 39 hours, with an additional 20 hours minimum in at least one endorsement area (Biology or Chemistry). The program requires specific courses both in education and the sciences; for more information, see the Secondary Education section of this catalog and the Unified Science major.

For other degree options, MBU undergraduate programs in biology can lead to a Doctor of Physical Therapy at Southwest Baptist University. See D.P.T. in Physical Therapy under the General Academic Programs page for more information.

### Biotechnology

**Mission Statement:** The biotechnology program is designed to serve those students interested in pursuing a career in research or higher academic degrees. Majors will be well-equipped to compete for employment in major pharmaceutical or industrial laboratories, governmental laboratories, or not-for-profit research institutions and will be competitive for academic placement in graduate degree programs. In accord with the general mission of the University, courses are taught from a Christian worldview.

The biotechnology program provides students with scientific background and laboratory experience necessary for employment in biotech and pharmaceutical industries, for advanced studies in applications of biotechnology such as biochemistry or molecular biology, or to pursue advanced professional degrees (MD, MBA, law) with emphasis in biotechnological issues. Career opportunities in the field of biotechnology include university teaching and research or biomedical research in hospital, academic, governmental, or industrial research laboratory settings. Students taking business courses, along with their biotechnology training, would also represent ideal candidates for jobs in management, sales, or marketing in biotechnological or pharmaceutical industries. The biotechnology program is an ideal preparatory tool for students planning to go to graduate school or other professional degree programs, or those students interested in pursuing a career as a research associate.

### Chemistry

**Mission Statement:** Chemistry courses are offered to serve the needs of students in major and minor fields as well as students in allied health professional majors and non-science majors fulfilling general education and degree requirements. Majors will be prepared to face regional and national competition for employment and academic placement. In

accord with the general mission of the University, courses are taught from a perspective of objective analysis while discriminating between observation and derived theories. It is intended that the student will see that a truly objective observation of the science demonstrates the glory of Christ through His creation.

Students who desire certification to teach advanced biology or chemistry in the secondary school are required by the Missouri Department of Elementary and Secondary Education to complete a Unified Science Core of at least 39 hours with an additional 20 hours minimum in at least one endorsement area (Biology or Chemistry). The program requires specific courses (see the Unified Science major in the School of Education).

Many developments in modern biological sciences rely extensively on techniques and principles of chemistry and physics. The importance of this relationship has led to the design of the Biochemistry major, which prepares students for advanced study in biochemistry, medicinal chemistry, molecular biology, molecular genetics, structural biology, genetic engineering, and cell biology through the understanding of the fundamentals of chemistry, biology, physics, and mathematics. It provides the basic science background necessary for applying to health professional schools including medical, dental, veterinary, and pharmacy schools. Majors in the field are employed by pharmaceutical, biotech, and medical industries to develop new medicines and research the causes of disease. Biochemists also work in agriculture, developing pest-resistant crops and other technologies, as well as in government labs and educational institutions.

Students interested in a career in chemical engineering should consult Dual Degree Program in Engineering described in this catalog.

### Mathematics

**Mission Statement:** Mathematics plays a key role in understanding the principles of our physical environment and is an important tool in successful utilization and conservation of human, physical, and financial resources. The mission of the Mathematics department is to instill in its students an understanding of the mathematical concepts necessary to be productive members of society, and to provide the mathematics foundation necessary for graduate study in mathematics and careers in mathematics, education, business, finance, science, medicine, and engineering. This mission follows from our Christian worldview which states, in part, that we are to live in harmony with the physical environment God has created for us and utilize its resources intelligently and conservatively.

### Physics

**Mission Statement:** The physics courses, in accordance with the Missouri Baptist University mission statement, seek to prepare students to live in harmony with the physical environment by becoming aware of its basic principles and the means for intelligent use and conservation of its resources. An understanding of the principles of physics, designed and implemented by God, is a key factor in fulfilling this purpose. The physics courses are designed to provide this understanding, give science and mathematics students the physics background required for success in those careers, and satisfy Unified Science Core requirements for secondary science certification in Missouri.

The courses in physics and physical science (PHYS) are offered to fulfill general education, elective or additional physics credits, and/or Missouri science certification requirements.

### Pre-Nursing

**Mission Statement:** The Associate of Science degree with a concentration in Pre-Nursing is designed to provide students with a solid foundation in the basic skills needed to prepare for a career in nursing. Obtaining this degree gives students a broad basis in the liberal arts

tradition, from a Christian worldview, for pursuit of more advanced nursing degrees. Following the Associate of Science – Pre-Nursing with two years of clinical study will complete a Bachelor of Science in Nursing and prepare the student for a successful career in the critically important nursing profession.

## Biochemistry, BS

CIP Code: 26.0202

### Major Requirements

Students are required to complete 37-42 hours in Biochemistry and Chemistry, 15 hours in Biology, 3 hours in Biotechnology, 8 hours in Mathematics, and 8 hours in Physics. In addition, they will complete 6 hours of upper division electives:

### Required Chemistry

(CHEM) and Biochemistry (BCHM) courses:

- CHEM 133 - General Chemistry I (MOTR CHEM 150L) Semester Hours: *Three*
- CHEM 132 - General Chemistry I Laboratory (MOTR CHEM 150L) Semester Hours: *Two*
- CHEM 130 - General Chemistry I Problem Solving (MOTR CHEM 150L) Semester Hours: *Zero*
- CHEM 143 - General Chemistry II Semester Hours: *Three*
- CHEM 142 - General Chemistry II Laboratory Semester Hours: *Two*
- CHEM 140 - General Chemistry II Problem Solving Semester Hours: *Zero*
- CHEM 313 - Organic Chemistry I Semester Hours: *Three*
- CHEM 312 - Organic Chemistry I Laboratory Semester Hours: *Two*
- CHEM 310 - Organic Chemistry I Problem Solving Semester Hours: *Zero*
- CHEM 323 - Organic Chemistry II Semester Hours: *Three*
- CHEM 322 - Organic Chemistry II Laboratory Semester Hours: *Two*
- CHEM 320 - Organic Chemistry II Problem Solving Semester Hours: *Zero*
- CHEM 343 - Analytical Chemistry Lecture Semester Hours: *Three*
- CHEM 332 - Analytical Chemistry Laboratory Semester Hours: *Two*
- CHEM 413 - Physical Chemistry I Semester Hours: *Three*
- CHEM 443 - Biochemistry I Semester Hours: *Three*
- CHEM 441 - Biochemistry I Laboratory Semester Hours: *One*
- BCHM 453 - Biochemistry II Semester Hours: *Three*
- BCHM 471 - Biochemistry Seminar Semester Hours: *One*
- BCHM 481-486 - Biochemistry Independent Research or Internship Semester Hours: *One to Six*

Total: 37-42 Hours

### Required Biology (BIOL) courses:

- BIOL 113 - General Biology I (MOTR BIOL 150L) Semester Hours: *Three*

- BIOL 111 - General Biology I Laboratory (MOTR BIOL 150L) Semester Hours: *One*
- BIOL 123 - General Biology II Semester Hours: *Three*
- BIOL 121 - General Biology II Laboratory Semester Hours: *One*
- BIOL 343 - Genetics Semester Hours: *Three*
- BIOL 341 - Genetics Laboratory Semester Hours: *One*
- BIOL 423 - Cell Biology Semester Hours: *Three*

Total: 15 Hours

### Required Biotechnology (BIOT) course:

- BIOT 313 - Experimental Biochemistry and Molecular Biology Semester Hours: *Three*

Total: 3 Hours

### Required Mathematics (MATH) courses:

- MATH 164 - Calculus I Semester Hours: *Four*
- MATH 254 - Calculus II Semester Hours: *Four*

Total: 8 Hours

### Required Physics (PHYS) courses:

- PHYS 213 - General Physics I (MOTR PHYS 200L) Semester Hours: *Three*
- PHYS 211 - General Physics I Laboratory (MOTR PHYS 200L) Semester Hours: *One*
- PHYS 223 - General Physics II Semester Hours: *Three*
- PHYS 221 - General Physics II Laboratory Semester Hours: *One*

Total: 8 Hours

### Required Electives:

2 courses (at least 6 hours) from the courses listed below with 1 course from CHEM\* and 1 course from BIOL/ BIOT OR 2 courses from BIOL/BIOT

- BIOL 303 - Nutrition Science Semester Hours: *Three*
- BIOL 353 - Developmental Biology Semester Hours: *Three*
- BIOL 363 - Pathophysiology Semester Hours: *Three*
- BIOL 373 - Microbiology Semester Hours: *Three*
- BIOL 371 - Microbiology Laboratory Semester Hours: *One*
- BIOL 443 - Advanced Human Physiology Semester Hours: *Three*
- BIOT 323 - Bioethics Semester Hours: *Three*
- CHEM 383 - Advanced Topics in Chemistry Semester Hours: *Three*
- CHEM 423 - Physical Chemistry II Semester Hours: *Three*
- CHEM 433 - Inorganic Chemistry Semester Hours: *Three*
- CHEM 472 - Molecular Modeling Semester Hours: *Two*
- CHEM 462 - Molecular Modeling Laboratory Semester Hours: *Two*

- CHEM 452 - Modern Instrumental Analysis Laboratory Semester Hours: *Two*
- CHEM 453 - Modern Instrumental Analysis Semester Hours: *Three*
- CHEM 463 - Industrial Chemistry Semester Hours: *Three*

- CHEM 121 - Survey of Organic and Biochemistry Laboratory Semester Hours: *One*

## Required Mathematics (MATH) and Physics (PHYS) courses:

- MATH 243 - Probability and Statistics (MOTR MATH 110) Semester Hours: *Three*
- PHYS 101 - Introduction to Physical Science Laboratory (MOTR PHYS 110L) Semester Hours: *One*
- PHYS 103 - Introduction to Physical Science (MOTR PHYS 110L) Semester Hours: *Three*

### Note(s):

*\*CHEM 372-374, Instructional Methods and Problems will be offered on a need basis with the consent of the instructor.*

**NOTE: A Biology Minor is incorporated in the Biochemistry major.**

Total: 77-85 Hours

## Biology: BA

CIP Code: 26.0101

### Major Requirements

This degree is recommended for students planning to pursue careers requiring a background in the biological sciences. The B.A. in Biology program includes required biology, chemistry, mathematics, and physics coursework, as well as the declaration of a minor. The minor should be selected so that the student gains the relevant and necessary academic foundation in pursuit of their desired career.

### Required Biology (BIOL) courses:

- BIOL 113 - General Biology I (MOTR BIOL 150L) Semester Hours: *Three* \* AND
- BIOL 111 - General Biology I Laboratory (MOTR BIOL 150L) Semester Hours: *One* \*
- BIOL 123 - General Biology II Semester Hours: *Three* AND
- BIOL 121 - General Biology II Laboratory Semester Hours: *One*
- BIOL 323A - Environmental Science and Conservation Semester Hours: *Three* AND
- BIOL 321A - Environmental Science and Conservation Laboratory Semester Hours: *One*
- OR**
- BIOL 323B - Ecology Semester Hours: *Three*
- BIOL 343 - Genetics Semester Hours: *Three* AND
- BIOL 341 - Genetics Laboratory Semester Hours: *One*
- BIOL 401 - Integrating Concepts of Biology Semester Hours: *One*
- BIOL 423 - Cell Biology Semester Hours: *Three*

### Required Chemistry (CHEM) courses:

- CHEM 113 - Introduction to Chemistry (MOTR CHEM 100L) Semester Hours: *Three* \*
- CHEM 111 - Introduction to Chemistry Laboratory (MOTR CHEM 100L) Semester Hours: *One* \*
- CHEM 123 - Survey of Organic and Biochemistry Semester Hours: *Three*

### Major Electives

Any course in Biology (BIOL) or Biotechnology (BIOT).<sup>1</sup> At least 12 hours must be upper division. Courses subject to approval <sup>2</sup>

### Minor and General Electives

<sup>3</sup> To complete the B.A. in Biology, a minor must be declared and completed. <sup>4</sup> All courses used to satisfy the minor requirements must be completed with a minimum grade of C.

### Note(s):

*\* Hours applied to general education requirements*

<sup>1</sup> Hours used to fulfill major elective credits may not be used to fulfill other requirements.

<sup>2</sup> Students wishing to use courses not listed to fulfill elective hours for the concentration will need to petition the advisor, program director, and division chair for approval.

<sup>3</sup> Depending on the minor selected, courses from any division may be needed to ensure satisfaction of the 120-hour and the 42-hour upper-division graduation requirements.

<sup>4</sup> Recommendation for minors include, but are not limited to: Plant Biology, Psychology, Public Health, Business Administration, Communication Studies, Healthcare Management, Exercise Science.

## Biology: BS

### With Concentrations in Bio-Medical Sciences and Ecology and Plant Biology

CIP Code: 26.0101

### Major Requirements

This degree is recommended for students planning to pursue careers in biology, fields related to biology, or medical sciences. Students considering post-graduate education should evaluate prerequisites required for those programs to ensure timely progress and graduation. Students seeking secondary certification in Unified Science with an endorsement in Biology should consult the Unified Science major for required coursework.

Students pursuing a B.S. in Biology will complete the Biology core curriculum and will then select one of two concentrations: Biology with a concentration in Biomedical Sciences or Biology with a concentration in Ecology and Plant Sciences.

## Required Biology (BIOL) courses

- BIOL 111 - General Biology I Laboratory (MOTR BIOL 150L) Semester Hours: *One* \*
- BIOL 113 - General Biology I (MOTR BIOL 150L) Semester Hours: *Three* \*
- BIOL 121 - General Biology II Laboratory Semester Hours: *One* \*\*
- BIOL 123 - General Biology II Semester Hours: *Three* \*\*
- BIOL 341 - Genetics Laboratory Semester Hours: *One*
- BIOL 343 - Genetics Semester Hours: *Three*
- BIOL 401 - Integrating Concepts of Biology Semester Hours: *One*
- BIOL 423 - Cell Biology Semester Hours: *Three*

## Note

†Required for students seeking Unified Science certification.

## Required Chemistry (CHEM) courses

- CHEM 133 - General Chemistry I (MOTR CHEM 150L) Semester Hours: *Three* \*
- CHEM 132 - General Chemistry I Laboratory (MOTR CHEM 150L) Semester Hours: *Two* \*
- CHEM 143 - General Chemistry II Semester Hours: *Three* \*\*
- CHEM 142 - General Chemistry II Laboratory Semester Hours: *Two* \*\*
- CHEM 313 - Organic Chemistry I Semester Hours: *Three*
- CHEM 312 - Organic Chemistry I Laboratory Semester Hours: *Two*

## Required Mathematics (MATH) course

- MATH 243 - Probability and Statistics (MOTR MATH 110) Semester Hours: *Three* \*\*
- MATH 164 - Calculus I Semester Hours: *Four* <sup>1</sup>  
**OR**
- MATH 343 - Statistical Methods Semester Hours: *Three* <sup>1</sup>

## Required Physics (PHYS) courses

- PHYS 131 - College Physics I Laboratory (MOTR PHYS 150L) Semester Hours: *One* <sup>2</sup>
- PHYS 133 - College Physics I (MOTR PHYS 150L) Semester Hours: *Three* <sup>2</sup>
- PHYS 141 - College Physics II Laboratory Semester Hours: *One* <sup>2</sup>
- PHYS 143 - College Physics II Semester Hours: *Three* <sup>2</sup>

## Selection of Biology Concentration

### 1. Concentration in Biomedical Sciences

#### Required Courses

- BIOL 213 - Anatomy and Physiology I Semester Hours: *Three*
- BIOL 211 - Anatomy and Physiology I Laboratory Semester Hours: *One*
- BIOL 373 - Microbiology Semester Hours: *Three*
- BIOL 371 - Microbiology Laboratory Semester Hours: *One*
- BIOL 223 - Anatomy and Physiology II Semester Hours: *Three*
- BIOL 221 - Anatomy and Physiology II Laboratory Semester Hours: *One*
- BIOT 323 - Bioethics Semester Hours: *Three*

#### Two of the following courses:

- BIOL 353 - Developmental Biology Semester Hours: *Three*
- BIOL 363 - Pathophysiology Semester Hours: *Three*
- BIOL 433A - Immunology Semester Hours: *Three* **AND**
- BIOL 431A - Immunology Laboratory Semester Hours: *One*
- BIOL 443 - Advanced Human Physiology Semester Hours: *Three*

Total: 21-22 hours

#### Concentration Electives

Hours used to fulfill the concentration electives may not be used to fulfill other requirements<sup>3</sup>

- BIOL 303 - Nutrition Science Semester Hours: *Three*
- BIOL 353 - Developmental Biology Semester Hours: *Three*
- BIOL 363 - Pathophysiology Semester Hours: *Three*
- BIOL 382-384 - Instructional Methods and Problems in Biology Semester Hours: *Two to Four*
- BIOL 403 - General Zoology Semester Hours: *Three* **AND**
- BIOL 401L - General Zoology Laboratory Semester Hours: *One*
- BIOL 433A - Immunology Semester Hours: *Three* **AND**
- BIOL 431A - Immunology Laboratory Semester Hours: *One*
- BIOL 443 - Advanced Human Physiology Semester Hours: *Three*
- BIOL 463A - Molecular Genetics Semester Hours: *Three*
- BIOL 473 - Marine Biology Semester Hours: *Three* **AND**
- BIOL 471 - Marine Biology Laboratory Semester Hours: *One*
- BIOL 481-486 - Research in Biology Semester Hours: *Variable*
- BIOT 313 - Experimental Biochemistry and Molecular Biology Semester Hours: *Three*
- CHEM 323 - Organic Chemistry II Semester Hours: *Three* **AND**
- CHEM 322 - Organic Chemistry II Laboratory Semester Hours: *Two*
- CHEM 320 - Organic Chemistry II Problem Solving Semester Hours: *Zero*
- CHEM 443 - Biochemistry I Semester Hours: *Three* **AND**
- CHEM 441 - Biochemistry I Laboratory Semester Hours: *One*
- BCHM 453 - Biochemistry II Semester Hours: *Three*

- HSCI 343 - Medical Terminology Semester Hours: *Three*
- HSCI 383 - Epidemiology Semester Hours: *Three*
- HSCI 423 - Neurological Diseases Semester Hours: *Three*
- HSCI 453 - Infectious Disease Semester Hours: *Three*
- MATH 343 - Statistical Methods Semester Hours: *Three*
- PSYC 313 - Human Growth and Development (MOTR PSYC 200) Semester Hours: *Three*
- PSYC 323 - Abnormal Psychology Semester Hours: *Three*
- Courses subject to approval <sup>6</sup>

- BIOL 382-384 - Instructional Methods and Problems in Biology Semester Hours: *Two to Four*
- BIOL 403 - General Zoology Semester Hours: *Three AND*
- BIOL 401L - General Zoology Laboratory Semester Hours: *One*
- BIOL 481-486 - Research in Biology Semester Hours: *Variable*
- BIOT 213 - Introduction to Biotechnology Semester Hours: *Three AND*
- BIOT 211 - Biotechnology Laboratory Semester Hours: *One*
- BIOT 313 - Experimental Biochemistry and Molecular Biology Semester Hours: *Three*
- BIOT 323 - Bioethics Semester Hours: *Three*
- CHEM 323 - Organic Chemistry II Semester Hours: *Three AND*
- CHEM 322 - Organic Chemistry II Laboratory Semester Hours: *Two*
- CHEM 320 - Organic Chemistry II Problem Solving Semester Hours: *Zero*
- CHEM 443 - Biochemistry I Semester Hours: *Three AND*
- CHEM 441 - Biochemistry I Laboratory Semester Hours: *One*
- HSCI 443 - Environmental Health Semester Hours: *Three*
- IDST 453 - Travel Studies (Major/Elective) Semester Hours: *Three* (Experiencing Tropical Ecosystems)
- MATH 343 - Statistical Methods Semester Hours: *Three*
- Courses subject to approval <sup>6</sup>

Total: 10 hours minimum

## 2. Concentration in Ecology and Plant Biology

### Required Courses

- BIOL 233 - Plants and People Semester Hours: *Three*
- BIOL 323B - Ecology Semester Hours: *Three*
- OR
- BIOL 323A - Environmental Science and Conservation Semester Hours: *Three AND*
- BIOL 321A - Environmental Science and Conservation Laboratory Semester Hours: *One*
- BIOL 333 - Plant Physiology Semester Hours: *Three*
- BIOL 413 - Plant Anatomy Semester Hours: *Three*
- BIOL 411 - Plant Anatomy Lab Semester Hours: *One*
- BIOL 453 - Taxonomy of the Flowering Plants Semester Hours: *Three*
- BIOL 451 - Taxonomy of the Flowering Plants Laboratory Semester Hours: *One*
- BIOL 463A - Molecular Genetics Semester Hours: *Three*

Total: 16-17 hours

### Concentration Electives

- BIOL 313A - Spring Wildflowers of Missouri Semester Hours: *Three*
- BIOL 313B - Flora and Fauna of Missouri Semester Hours: *Three*
- BIOL 323A - Environmental Science and Conservation Semester Hours: *Three AND*
- BIOL 321A - Environmental Science and Conservation Laboratory Semester Hours: *One*
- BIOL 321B - Special Topics in Environmental Science Semester Hours: *One*
- BIOL 323B - Ecology Semester Hours: *Three*
- BIOL 303 - Nutrition Science Semester Hours: *Three*
- BIOL 373 - Microbiology Semester Hours: *Three AND*
- BIOL 371 - Microbiology Laboratory Semester Hours: *One*
- BIOL 413 - Plant Anatomy Semester Hours: *Three AND*
- BIOL 411 - Plant Anatomy Lab Semester Hours: *One*
- BIOL 453 - Taxonomy of the Flowering Plants Semester Hours: *Three AND*
- BIOL 451 - Taxonomy of the Flowering Plants Laboratory Semester Hours: *One*
- BIOL 473 - Marine Biology Semester Hours: *Three AND*
- BIOL 471 - Marine Biology Laboratory Semester Hours: *One*

### Note(s)

\* Hours applied to general education requirements

\*\* Hours applied to degree requirements

<sup>1</sup> Students interested in pursuing post-graduate education should consult prerequisites for those programs to determine if calculus is required.

<sup>2</sup> Physics requirements may also be fulfilled with General Physics I and II, with laboratories (PHYS 211+213 and PHYS 221+223, prerequisites apply). Students interested in pursuing post-graduate education should consult prerequisites for those programs to determine which physics track is appropriate.

<sup>3</sup> Hours used to fulfill the concentration electives may not be used to fulfill other requirements.

<sup>4</sup> Elective hours for the concentration should be used to ensure satisfaction of the 120-hour and the 42-hour upper-division graduation requirements.

<sup>5</sup> Organic chemistry II and laboratory is recommended for students planning to pursue clinical post-graduate education. Students should determine if the second semester of organic chemistry is a prerequisite.

<sup>6</sup> Students wishing to use courses not listed to fulfill elective hours for the concentration will need to petition the advisor, program director, and division chair for approval.

Total: 58-60 Hours

Includes courses which may be applied toward satisfying general education and degree requirements.

# Biotechnology, BS

CIP Code: 26.1201

Students are required to complete 37-42 hours in Biochemistry and Chemistry, 15 hours in Biology, 3 hours in Biotechnology, 8 hours in Mathematics, and 8 hours in Physics. In addition, they will complete 6 hours of upper division electives:

## Major Requirements

### Required Biotechnology (BIOT) Courses

- BIOT 211 - Biotechnology Laboratory Semester Hours: *One*
- BIOT 213 - Introduction to Biotechnology Semester Hours: *Three*
- BIOT 301 - Biotechnology Seminar Semester Hours: *One*
- BIOT 313 - Experimental Biochemistry and Molecular Biology Semester Hours: *Three*
- BIOT 323 - Bioethics Semester Hours: *Three*
- BIOT 483-486: - Biotechnology Internship or Independent Research Semester Hours: *Three to Six*

Total: 14-17 hours

### Required Biology (BIOL) Courses

- BIOL 113 - General Biology I (MOTR BIOL 150L) Semester Hours: *Three \**
- BIOL 111 - General Biology I Laboratory (MOTR BIOL 150L) Semester Hours: *One \**
- BIOL 123 - General Biology II Semester Hours: *Three*
- BIOL 121 - General Biology II Laboratory Semester Hours: *One*
- BIOL 343 - Genetics Semester Hours: *Three*
- BIOL 341 - Genetics Laboratory Semester Hours: *One*
- BIOL 423 - Cell Biology Semester Hours: *Three*

One course from the following

- BIOL 373+371 - Microbiology and Laboratory
- BIOL 353 - Developmental Biology Semester Hours: *Three*
- BIOL 363 - Pathophysiology Semester Hours: *Three*
- BIOL 443 - Advanced Human Physiology Semester Hours: *Three*

Total: 18-19 Hours

### Required Chemistry (CHEM) Courses

- CHEM 133 - General Chemistry I (MOTR CHEM 150L) Semester Hours: *Three \**
- CHEM 132 - General Chemistry I Laboratory (MOTR CHEM 150L) Semester Hours: *Two \**
- CHEM 130 - General Chemistry I Problem Solving (MOTR CHEM 150L) Semester Hours: *Zero*
- CHEM 143 - General Chemistry II Semester Hours: *Three \*\**

- CHEM 142 - General Chemistry II Laboratory Semester Hours: *Two \*\**
- CHEM 140 - General Chemistry II Problem Solving Semester Hours: *Zero*
- CHEM 313 - Organic Chemistry I Semester Hours: *Three*
- CHEM 312 - Organic Chemistry I Laboratory Semester Hours: *Two*
- CHEM 310 - Organic Chemistry I Problem Solving Semester Hours: *Zero*
- CHEM 323 - Organic Chemistry II Semester Hours: *Three*
- CHEM 322 - Organic Chemistry II Laboratory Semester Hours: *Two*
- CHEM 320 - Organic Chemistry II Problem Solving Semester Hours: *Zero*
- CHEM 443 - Biochemistry I Semester Hours: *Three*
- CHEM 441 - Biochemistry I Laboratory Semester Hours: *One*

Total: 24 Hours

### Required Mathematics (MATH) Courses

- MATH 164 - Calculus I Semester Hours: *Four \**
- MATH 243 - Probability and Statistics (MOTR MATH 110) Semester Hours: *Three \*\**
- OR
- MATH 343 - Statistical Methods Semester Hours: *Three \*\**

Total: 7 Hours

### Required Physics (PHYS) Courses

- PHYS 213 - General Physics I (MOTR PHYS 200L) Semester Hours: *Three*
- PHYS 211 - General Physics I Laboratory (MOTR PHYS 200L) Semester Hours: *One*
- PHYS 223 - General Physics II Semester Hours: *Three*
- PHYS 221 - General Physics II Laboratory Semester Hours: *One*

Total: 8 Hours

### Required Business Course

- MGMT 303 - Management Concepts and Practices Semester Hours: *Three*
- OR
- MRKT 313 - Introduction to Marketing Semester Hours: *Three*

Total: 3 Hours

\*Also satisfies general education requirements  
\*\*Also satisfies B.S. degree requirements

Total: 74-78 Hours

## Chemistry, BA

CIP Code: 40.0501

This degree is available for those interested in pre-medicine.

### Major Requirements

#### Chemistry Courses

(beyond CHEM 143+142+140)

Total: 30 Hours

#### Required Chemistry (CHEM) courses:

- CHEM 313 - Organic Chemistry I Semester Hours: *Three*
- CHEM 312 - Organic Chemistry I Laboratory Semester Hours: *Two*
- **CHEM 310 - Organic Chemistry I Problem Solving**
- CHEM 323 - Organic Chemistry II Semester Hours: *Three*
- CHEM 322 - Organic Chemistry II Laboratory Semester Hours: *Two*
- **CHEM 320 - Organic Chemistry II Problem Solving**
- CHEM 343 - Analytical Chemistry Lecture Semester Hours: *Three*
- CHEM 332 - Analytical Chemistry Laboratory Semester Hours: *Two*
- CHEM 433 - Inorganic Chemistry Semester Hours: *Three*
- **CHEM 484-486 Chemistry Research** Semester Hours: *Variable*

Total: 22-24 Hours

#### Chemistry Electives (at least two courses from the following):

(at least two courses from the following):

- CHEM 383 - Advanced Topics in Chemistry Semester Hours: *Three*
- CHEM 413 - Physical Chemistry I Semester Hours: *Three*
- CHEM 443 - Biochemistry I Semester Hours: *Three*
- CHEM 441 - Biochemistry I Laboratory Semester Hours: *One*
- CHEM 453 - Modern Instrumental Analysis Semester Hours: *Three*
- CHEM 452 - Modern Instrumental Analysis Laboratory Semester Hours: *Two*
- CHEM 472 - Molecular Modeling Semester Hours: *Two*
- CHEM 462 - Molecular Modeling Laboratory Semester Hours: *Two*
- CHEM 463 - Industrial Chemistry Semester Hours: *Three*

Total: 6-9 Hours

#### Required Mathematics (MATH) course:

- MATH 164 - Calculus I Semester Hours: *Four*

Total: 4 Hours

#### Required Physics (PHYS) courses:

- PHYS 213 - General Physics I (MOTR PHYS 200L) Semester Hours: *Three*
- PHYS 211 - General Physics I Laboratory (MOTR PHYS 200L) Semester Hours: *One*
- PHYS 223 - General Physics II Semester Hours: *Three*
- PHYS 221 - General Physics II Laboratory Semester Hours: *One*

#### Note(s):

**CHEM 143+142, MATH 264, and PHYS 223+ PHYS 221, or their equivalents, are prerequisites for some of the above courses; check the individual course description for details.**

Total: 8 Hours

## Chemistry, BS

CIP Code: 40.0501

This degree is recommended for students planning to enter graduate school or professional employment in chemistry, as well as for students seeking Missouri state teacher certification in Unified Science with an endorsement in Chemistry.

### Major Requirements

#### Chemistry Courses

(beyond CHEM 143+142+140)

Total: 36-43 Hours

#### Required Chemistry (CHEM) courses:

- CHEM 313 - Organic Chemistry I Semester Hours: *Three*
- CHEM 312 - Organic Chemistry I Laboratory Semester Hours: *Two*
- **CHEM 310 - Organic Chemistry I Problem Solving**
- CHEM 323 - Organic Chemistry II Semester Hours: *Three*
- CHEM 322 - Organic Chemistry II Laboratory Semester Hours: *Two*
- **CHEM 320 - Organic Chemistry II Problem Solving**
- CHEM 343 - Analytical Chemistry Lecture Semester Hours: *Three*
- CHEM 332 - Analytical Chemistry Laboratory Semester Hours: *Two*
- CHEM 413 - Physical Chemistry I Semester Hours: *Three*
- CHEM 423 - Physical Chemistry II Semester Hours: *Three*

- CHEM 433 - Inorganic Chemistry Semester Hours: *Three*
- CHEM 452 - Modern Instrumental Analysis Laboratory Semester Hours: *Two*
- CHEM 453 - Modern Instrumental Analysis Semester Hours: *Three*
- CHEM 481-486 - Chemistry Research Semester Hours: *Variable*

Total: 30-35 Hours

## Chemistry Electives

(2 courses from the following):

- CHEM 372-374 - Instructional Methods and Problems in Chemistry Semester Hours: *Two to Four* §
- CHEM 383 - Advanced Topics in Chemistry Semester Hours: *Three*
- CHEM 443 - Biochemistry I Semester Hours: *Three* \*
- CHEM 441 - Biochemistry I Laboratory Semester Hours: *One* \*
- CHEM 463 - Industrial Chemistry Semester Hours: *Three*
- CHEM 472 - Molecular Modeling Semester Hours: *Two*
- CHEM 462 - Molecular Modeling Laboratory Semester Hours: *Two*

Total: 6-8 Hours

\*Required for those seeking certification in Unified Science\*\* with an endorsement in Chemistry:

§Offered as needed with the consent of instructor.

## Required Mathematics (MATH) courses:

- MATH 164 - Calculus I Semester Hours: *Four*
- MATH 254 - Calculus II Semester Hours: *Four*
- MATH 264 - Calculus III Semester Hours: *Four*

Total: 12 hours

## Required Physics (PHYS) courses:

- PHYS 213 - General Physics I (MOTR PHYS 200L) Semester Hours: *Three*
- PHYS 211 - General Physics I Laboratory (MOTR PHYS 200L) Semester Hours: *One*
- PHYS 223 - General Physics II Semester Hours: *Three*
- PHYS 221 - General Physics II Laboratory Semester Hours: *One*

Note(s):

**NOTE: CHEM 143 +142 + 140, MATH 264 , and PHYS 223 + PHYS 221, or their equivalents, are prerequisites for some of the above courses; check the individual course description for details.**

**\*\*NOTE: There are additional requirements for certification both in the Unified Science core and professional education**

**requirements. See the Secondary Education section of this catalog and the Unified Science major for more information.**

Total: 8 Hours

## Chemistry, Concentration in Forensic Science, BA

CIP Code: 40.051

This major prepares students for employment in forensic science and criminal investigation laboratories or for applying to graduate forensic chemistry programs. Forensic chemistry deals with the application of chemistry to criminal investigation. A forensic scientist, specializing in the area of chemical analysis of forensic evidence, will require a strong background in the different methods of laboratory analysis and must be able to effectively communicate the findings of the laboratory analyses in lab reports and in the courtroom. The curriculum provides a strong theoretical and experimental background in chemistry, analytical chemistry techniques and modern instrumentation. Students in this program also develop skills in areas such as criminal investigation, criminal law and procedure, evidence collection and communication.

## Major Requirements

### Required Natural Sciences General Education Courses

- CHEM 133 - General Chemistry I (MOTR CHEM 150L) Semester Hours: *Three*
- **CHEM 132 - General Chemistry I**
- **CHEM 130 - General Chemistry I Problem Solving**
- CHEM 143 - General Chemistry II Semester Hours: *Three*
- **CHEM 142 - General Chemistry II**
- **CHEM 140 - General Chemistry II Problem Solving**
- MATH 164 - Calculus I Semester Hours: *Four*
- MATH 243 - Probability and Statistics (MOTR MATH 110) Semester Hours: *Three*

## Chemistry Courses

(beyond CHEM 143+142)

Total: 30 Hours

## Required Chemistry (CHEM) Courses

- CHEM 313 - Organic Chemistry I Semester Hours: *Three*
- CHEM 312 - Organic Chemistry I Laboratory Semester Hours: *Two*
- **CHEM 310 - Organic Chemistry I Problem Solving**
- CHEM 323 - Organic Chemistry II Semester Hours: *Three*
- CHEM 322 - Organic Chemistry II Laboratory Semester Hours: *Two*
- **CHEM 320 - Organic Chemistry II Problem Solving**
- CHEM 343 - Analytical Chemistry Lecture Semester Hours: *Three*

- CHEM 332 - Analytical Chemistry Laboratory Semester Hours: *Two*
- CHEM 433 - Inorganic Chemistry Semester Hours: *Three*
- CHEM 481-486 - Chemistry Research Semester Hours: *Variable*

Total: 22-24 Hours

## Chemistry Electives

(at least two courses from the following):

- CHEM 383 - Advanced Topics in Chemistry Semester Hours: *Three*
- CHEM 413 - Physical Chemistry I Semester Hours: *Three*
- CHEM 443 - Biochemistry I Semester Hours: *Three*
- CHEM 441 - Biochemistry I Laboratory Semester Hours: *One*
- CHEM 453 - Modern Instrumental Analysis Semester Hours: *Three*
- CHEM 452 - Modern Instrumental Analysis Laboratory Semester Hours: *Two*
- CHEM 463 - Industrial Chemistry Semester Hours: *Three*
- CHEM 472 - Molecular Modeling Semester Hours: *Two*
- CHEM 462 - Molecular Modeling Laboratory Semester Hours: *Two*

Total: 6-9 Hours

## Required Criminal Justice (CRJS) courses:

- CRJS 133 - Introduction to Criminal Justice Semester Hours: *Three*
- CRJS 233 - Criminal Investigation Semester Hours: *Three*
- CRPO 453 - Constitutional Law I Semester Hours: *Three*
- CRJS 313 - Criminology Semester Hours: *Three*
- CRJS 423 - Criminal Law and Procedure Semester Hours: *Three*
- CRJS 433/533 - Evidence Semester Hours: *Three*<sup>1</sup>

Total: 18 Hours

## Criminal Justice Elective

(at least one course from the following):

- CRJS 343 - Criminal Courts, Probation and Parole Semester Hours: *Three*
- CRPH 423/523 - Criminal Justice Ethics and Leadership Semester Hours: *Three*<sup>1</sup>

Total: 3 Hours

<sup>1</sup>See the catalog section on Senior Permission for information on earning graduate credit for this course.

## Required Communications (COMM) course:

- COMM 333 - Small Group Communication Semester Hours: *Three*

Total: 3 Hours

## Required Physics (PHYS) courses:

- PHYS 213 - General Physics I (MOTR PHYS 200L) Semester Hours: *Three*
- PHYS 211 - General Physics I Laboratory (MOTR PHYS 200L) Semester Hours: *One*
- PHYS 223 - General Physics II Semester Hours: *Three*
- PHYS 221 - General Physics II Laboratory Semester Hours: *One*

Total: 8 Hours

Total: 62 Hours

## Mathematics: BS, BPS

CIP Code: 27.0101

## Major Requirements

**Mission Statement:** Mathematics plays a key role in understanding the principles of our physical environment and is an important tool in successful utilization and conservation of human, physical, and financial resources. The mission of the Mathematics department is to instill in its students an understanding of the mathematical concepts necessary to be productive members of society, and to provide the mathematics foundation necessary for graduate study in mathematics and careers in mathematics, education, business, finance, science, medicine, and engineering. This mission follows from our Christian worldview which states, in part, that we are to live in harmony with the physical environment God has created for us and utilize its resources intelligently and conservatively.

The student must complete at least 33 hours in Mathematics (including 9 hours of upper division electives), 8 hours in physics, and 3 hours in computer science, including the following courses or their equivalent:

## Required Mathematics (MATH) Courses

- MATH 164 - Calculus I Semester Hours: *Four*
- MATH 213 - Discrete Mathematics Semester Hours: *Three*
- MATH 254 - Calculus II Semester Hours: *Four*
- MATH 264 - Calculus III Semester Hours: *Four*
- MATH 353 - Linear Algebra Semester Hours: *Three*
- MATH 363 - Differential Equations Semester Hours: *Three*
- MATH 433 - Mathematics Seminar Semester Hours: *Three*

Total: 24 Hours

## Required Physics (PHYS) Courses

- PHYS 213 - General Physics I (MOTR PHYS 200L) Semester Hours: *Three*
- PHYS 211 - General Physics I Laboratory (MOTR PHYS 200L) Semester Hours: *One*
- PHYS 223 - General Physics II Semester Hours: *Three*
- PHYS 221 - General Physics II Laboratory Semester Hours: *One*

Total: 8 Hours

## Required Computer Science (BCSC) Course

- BCSC 253 - C++ Programming for Science and Mathematics Semester Hours: *Three*

Total: 3 Hours

## Mathematics Electives

*9 hours upper division Mathematics electives\**

OR

**Students seeking certification to teach secondary mathematics in Missouri are required to take the following courses (9 credit hours) which will also satisfy the upper division electives required for the Mathematics major:**

- MATH 323 - Foundations of Geometry Semester Hours: *Three*
- MATH 333 - Algebraic Structures Semester Hours: *Three*

Plus one (1) course from the following

- MATH 313 - Elementary Number Theory Semester Hours: *Three*
- MATH 343 - Statistical Methods Semester Hours: *Three*
- MATH 453A - Advanced Calculus I Semester Hours: *Three*

MATH 453B - Advanced Calculus II Semester Hours: *Three*

## Pre-Nursing, ASPN

CIP Code: 51.1105

## Pre-Nursing

**Mission Statement:** The Associate of Science degree with a concentration in Pre-Nursing is designed to provide students with a solid foundation in the basic skills needed to prepare for a career in nursing. Obtaining this degree gives students a broad basis in the liberal arts tradition, from a Christian worldview, for pursuit of more advanced nursing degrees. Following the Associate of Science – Pre-Nursing with two years of clinical study will complete a Bachelor of Science in Nursing and prepare the student for a successful career in the critically important nursing profession.

## Associate of Science

A minimum of 64-69 semester hours is required to earn the Associate of Science degree with a concentration in Pre-Nursing (ASPN), including the general education and major courses listed below.

Transfer credits will be accepted into this program from an accredited college or school up to a maximum of 42 semester hours of credit, up to 15 hours of which may be earned through credit by examination and/or portfolio assessment of prior learning. Portfolio credit is only available to those students who have completed a minimum of 12 semester hours in residency at Missouri Baptist University. Students must complete a minimum of 22 semester hours in residency at Missouri Baptist University to earn the Associate of Science degree.

A student must earn a grade of C or better in all major courses, and achieve an overall grade point average of 2.5 or better for the awarding of the associate degree.

## Two-Plus-Two Degree in Nursing

Missouri Baptist University and the Goldfarb School of Nursing at Barnes-Jewish College have teamed to offer a Bachelor of Science in Nursing. Through this agreement, two years of study in the Associate of Science degree in Pre-Nursing program will be completed at MBU and the final two years of clinical studies will be completed at Barnes. An articulation agreement between MBU and Barnes was signed in March 2010.

The MBU Associate of Science degree in Pre-Nursing is a 64-69 hour program, and 55 of those hours are fully transferable to Barnes. Students must maintain a 3.0 cumulative grade point average at MBU to gain admissions to Goldfarb School of Nursing.

## General Education Requirements

### Communication Skills

Two courses

- ENGL 113 - English Composition I (MOTR ENGL 100) Semester Hours: *Three*
- ENGL 123 - English Composition II (MOTR ENGL 200) Semester Hours: *Three*

Total: 6 Hours

### Fine Arts

One course from the following

- COMM 203 - Understanding Human Communications Semester Hours: *Three*
- COMM 233 - Introduction to Cross-Cultural Communication (MOTR SBSC 101) Semester Hours: *Three*  
OR equivalent Communications background

Total: 3 Hours

## Health and Sport Sciences

### One course

- KHSC 333 - Health and Wellness Semester Hours: *Three*

Total: 3 Hours

## Humanities

### Three courses

- CBIB 113 - Old Testament History Semester Hours: *Three*
- CBIB 123 - New Testament History Semester Hours: *Three*
- BIOT 323 - Bioethics Semester Hours: *Three*

Total: 9 Hours

## Mathematics

### One course

- MATH 133 - College Algebra (MOTR MATH 130) Semester Hours: *Three*

Total: 3 Hours

## Social and Behavioral Sciences

### Three courses

- PSYC 133 - General Psychology (MOTR PSYC 100) Semester Hours: *Three*
- SOCO 113 - Introduction to Sociology (MOTR SOCI 101) Semester Hours: *Three*
- SOHI 213 - Worldview and Social Issues (MOTR SOCI 201) Semester Hours: *Three*
- *OR* equivalent Social and Behavioral Sciences background

Total: 9 Hours

## History

### One course from the following

- HIWO 113 - World History I (MOTR HIST 201) Semester Hours: *Three*
- HIWO 123 - World History II (MOTR HIST 202) Semester Hours: *Three*
- HIUS 213 - United States History I (MOTR HIST 101) Semester Hours: *Three*
- HIUS 223 - United States History II (MOTR HIST 102) Semester Hours: *Three*
- POLS 103 - U.S. and Missouri Government and Constitution (MOTR POSC 101) Semester Hours: *Three*

Total: 3 Hours

## Interdisciplinary Studies

### One course

- IDST 101 - Collegiate Seminar Semester Hours: *One*  
**OR**
- IDST 200 - Transfer Student Orientation Semester Hours: *Zero*

Total: 0-1 Hour

Total: 39-40 Hours

## Major Requirements

### Biology (BIOL) Courses

- BIOL 103 - Introduction to Biology (MOTR BIOL 100L) Semester Hours: *Three* †
- BIOL 101 - Introduction to Biology Laboratory (MOTR BIOL 100L) Semester Hours: *One* †
- BIOL 213 - Anatomy and Physiology I Semester Hours: *Three*
- BIOL 211 - Anatomy and Physiology I Laboratory Semester Hours: *One*
- BIOL 223 - Anatomy and Physiology II Semester Hours: *Three*
- BIOL 221 - Anatomy and Physiology II Laboratory Semester Hours: *One*
- BIOL 303 - Nutrition Science Semester Hours: *Three*
- BIOL 373+371 - Microbiology + Lab
- BIOL 363 - Pathophysiology Semester Hours: *Three*

Total: 18-22 Hours

### Chemistry (CHEM) Courses

- CHEM 113 - Introduction to Chemistry (MOTR CHEM 100L) Semester Hours: *Three*
- CHEM 111 - Introduction to Chemistry Laboratory (MOTR CHEM 100L) Semester Hours: *One*

Total: 4 Hours

### Mathematics (MATH) Courses

- MATH 243 - Probability and Statistics (MOTR MATH 110) Semester Hours: *Three*

Total: 3 Hours

### Psychology (PSYC) Courses

- PSYC 313 - Human Growth and Development (MOTR PSYC 200) Semester Hours: *Three*

Total: 3 Hours

Total: 28-32 Hours

Total: 64-69 Hours for A.S. Degree in Pre-Nursing

\*BIOL 103+BIOL 101 is waived if student has satisfied prerequisite for BIOL 213+BIOL 211.

## Radiologic Technology

CIP Code: 51.0911

### RADIOLOGIC TECHNOLOGY

Missouri Baptist University and Mercy Hospital St. Louis School of Radiologic Technology offer an articulated Associate of Applied Science degree in Radiologic Technology. Students accepted into the Mercy Hospital St. Louis School of Radiologic Technology will complete their general education curriculum at Missouri Baptist University. Upon completion of the program curriculum at Mercy Hospital St. Louis, credits will be transferred from the School of Radiologic Technology to Missouri Baptist University to complete the Associate of Applied Science degree requirements.

Students must complete a minimum of 22 of the required 64 hours in residence at Missouri Baptist University in order to earn the A.A.S. degree. A minimum cumulative GPA of 2.000 is required for graduation.

### Associate of Applied Science in Radiologic Technology

General Education Courses: 24 hours:

| Content Area          | Course Number & Title   |
|-----------------------|---|
| Written Communication | ENGL 113 English Composition I MOTR ENGL 100  |
| Oral Communication    | COMM 103 Speech Communications MOTR COMM 110  |
| Religion              | CBIB 113 Old Testament History <b>OR</b> CBIB 123 New Testament History   |
| Philosophy            | CPHI 203 Introduction to Logic <b>OR</b> CPHI 213 Introduction to Philosophy <b>OR</b> BIOT 323 Bioethics         |
| Mathematics           | MATH 123 Contemporary College Mathematics (or higher)   |
| Psychology            | PSYC 133 General Psychology (MOTR PSYC 100)   |
| Sociology             | SOCO 113 Introduction to Sociology (MOTR SOCI 101) <b>OR</b> SOHI 213 Worldview and Social Issues (MOTR SOCI 201) |
| Wellness              | KHSC 333 Health and Wellness  |

Transfer credit from Mercy Hospital St. Louis School of Radiologic Technology: 42-hour block radiologic technology concentration.

Students must complete a minimum of 22 of the required 64 hours in residence at Missouri Baptist University. Students who transfer in any of the above courses will still be required to complete the 22 hours in residence. It is recommended that the students consult with their academic advisor to select elective courses that may be applicable to a program of study that will complement the A.A.S. in Radiologic Technology (i.e. Healthcare Management, Health Sciences).

Students must maintain a minimum cumulative GPA of 2.0

### Mercy Hospital St. Louis School of Radiologic Technology Curriculum: 64 hours (42-hour block transferred for A.A.S.)

| Mercy Hospital St. Louis Course               | Hours | Block |
|---|-------|-------|
| Medical Terminology                           | 1     |       |
| Patient Care Management                       | 1     |       |
| Anatomy & Physiology                          | 1     |       |
| Radiation Protection                          | 2     |       |
| Radiographic Procedures - Skeletal/Visceral   | 2     | X     |
| Introduction to Radiologic Technology         | 1     | X     |

| Principles of Exposure                        | 1     | X     |
| Radiographic Procedures – Skeletal            | 1     | X     |
| Special Procedures                            | 1     |       |
| Radiographic Film Evaluation                  | 1     | X     |
| Anatomy & Physiology                          | 1     |       |
| Radiation Physics                             | 2     | X     |
| Principles of Exposure                        | 1     | X     |
| Radiographic Pathology                        | 1     | X     |
| Special Procedures                            | 1     |       |
| Radiographic Procedures – Skull               | 1     | X     |
| Digital Technologies                          | 1     | X     |
| Quality Assurance/Departmental Administration | 1     |       |
| Ethics  | 1     |       |
| Clinical Education I                          | 6     | X     |
| Clinical Education II                         | 6     | X     |
| Clinical Education III                        | 6     | X     |
| Clinical Education IV                         | 6     | X     |
| Clinical Education V                          | 6     |       |

A grade of C or higher is required in order to transfer credit to Missouri Baptist University

### Minor

### Biochemistry Minor

CIP Code: 26.0202

Biochemistry applies the ideas and theories of chemistry to the complex realm of biological systems. The minor is designed for students who want a strong background in biochemistry to complement their major

area of study. Students who are enrolled in pre-professional programs may also find a minor in biochemistry to be helpful to their professional preparation.

## Required Chemistry (CHEM, BCHM, or BIOT) Courses

- CHEM 313 - Organic Chemistry I Semester Hours: *Three*
- CHEM 312 - Organic Chemistry I Laboratory Semester Hours: *Two*
- CHEM 310 - Organic Chemistry I Problem Solving Semester Hours: *Zero*
- CHEM 323 - Organic Chemistry II Semester Hours: *Three*
- CHEM 322 - Organic Chemistry II Laboratory Semester Hours: *Two*
- CHEM 320 - Organic Chemistry II Problem Solving Semester Hours: *Zero*
- CHEM 443 - Biochemistry I Semester Hours: *Three*
- CHEM 441 - Biochemistry I Laboratory Semester Hours: *One*
  
- BCHM 453 - Biochemistry II Semester Hours: *Three*  
**OR**
- BIOT 313 - Experimental Biochemistry and Molecular Biology Semester Hours: *Three*

Total: 17 Hours

Students must take one elective from the following that has not been applied toward their major

- BCHM 453 - Biochemistry II Semester Hours: *Three*
- BIOL 343 - Genetics Semester Hours: *Three*
- BIOL 341 - Genetics Laboratory Semester Hours: *One*
- BIOL 373+371 - Microbiology Semester Hours: *Four*
- BIOL 383 - Instructional Methods and Problems Semester Hours: *Three*
- BIOL 423 - Cell Biology Semester Hours: *Three*
- BIOL 443 - Advanced Human Physiology Semester Hours: *Three*
- BIOT 313 - Experimental Biochemistry and Molecular Biology Semester Hours: *Three*
- CHEM 343 - Analytical Chemistry Lecture Semester Hours: *Three*
- CHEM 332 - Analytical Chemistry Laboratory Semester Hours: *Two*
- CHEM 472 - Molecular Modeling Semester Hours: *Two*
- CHEM 462 - Molecular Modeling Laboratory Semester Hours: *Two*
- CHEM 373 - Instructional Methods and Problems Semester Hours: *Three*

## Note

CHEM 143+142+140, MATH 264, and PHYS 223+PHYS 221, or their equivalents, are prerequisites for some of the above courses; check the individual course description for details.

Total: 20-21 Hours

## Biology Minor

CIP Code: 26.0101

## Required Courses

- BIOL 113 - General Biology I (MOTR BIOL 150L) Semester Hours: *Three*
- BIOL 111 - General Biology I Laboratory (MOTR BIOL 150L) Semester Hours: *One*
- BIOL 123 - General Biology II Semester Hours: *Three*
- BIOL 121 - General Biology II Laboratory Semester Hours: *One*
- BIOL 233 - Plants and People Semester Hours: *Three*
- 1 Upper division BIOL course with laboratory
- 9 Hours Upper division BIOL (or BIOT) courses

## Note

All Biotechnology (BIOT) courses may be used as electives for the Biology major or minor.

Total: 20-21 hours

## Biotechnology Minor

CIP Code: 26.1201

## Required Courses

- BIOL 113 - General Biology I (MOTR BIOL 150L) Semester Hours: *Three*
- BIOL 111 - General Biology I Laboratory (MOTR BIOL 150L) Semester Hours: *One*
- BIOL 123 - General Biology II Semester Hours: *Three*
- BIOL 121 - General Biology II Laboratory Semester Hours: *One*
  
- BIOL 343 - Genetics Semester Hours: *Three*
- BIOL 341 - Genetics Laboratory Semester Hours: *One*  
**OR**
- BIOL 423 - Cell Biology Semester Hours: *Three*
  
- BIOT 213 - Introduction to Biotechnology Semester Hours: *Three*
- BIOT 211 - Biotechnology Laboratory Semester Hours: *One*
- BIOT 313 - Experimental Biochemistry and Molecular Biology Semester Hours: *Three*

Total: 18-19 Hours

## Chemistry Minor

CIP Code: 40.0501

At least 18 hours of Chemistry beyond CHEM 143 and 142:

### Required Chemistry (CHEM) and Biochemistry (BCHM) Courses

- CHEM 313 - Organic Chemistry I Semester Hours: *Three*
- CHEM 312 - Organic Chemistry I Laboratory Semester Hours: *Two*
- CHEM 310 - Organic Chemistry I Problem Solving Semester Hours: *Zero*
- CHEM 323 - Organic Chemistry II Semester Hours: *Three*
- CHEM 322 - Organic Chemistry II Laboratory Semester Hours: *Two*
- CHEM 320 - Organic Chemistry II Problem Solving Semester Hours: *Zero*

### Chemistry Electives

Select at least **two** lecture/laboratory combinations from the following list:

- CHEM 343 - Analytical Chemistry Lecture Semester Hours: *Three*
- CHEM 332 - Analytical Chemistry Laboratory Semester Hours: *Two*
- CHEM 443 - Biochemistry I Semester Hours: *Three*
- CHEM 441 - Biochemistry I Laboratory Semester Hours: *One*
- CHEM 472 - Molecular Modeling Semester Hours: *Two*
- CHEM 462 - Molecular Modeling Laboratory Semester Hours: *Two*

### Note

*CHEM 143+142+140, MATH 264, and PHYS 223 + PHYS 221, or their equivalents, are prerequisites for some of the above courses; check the individual course description for details.*

**Total: At Least 18 Hours**

## Geoscience Minor

CIP Code: 40.0699

This minor allows students to work on many of society's most important challenges, but it also unlocks lucrative and personally rewarding careers in industry, academia, research and government.

### Required Courses

- BIOL 103 - Introduction to Biology (MOTR BIOL 100L) Semester Hours: *Three AND*
- BIOL 101 - Introduction to Biology Laboratory (MOTR BIOL 100L) Semester Hours: *One*

- CHEM 113 - Introduction to Chemistry (MOTR CHEM 100L) Semester Hours: *Three AND*
- CHEM 111 - Introduction to Chemistry Laboratory (MOTR CHEM 100L) Semester Hours: *One*  
**OR**
- PHYS 103 - Introduction to Physical Science (MOTR PHYS 110L) Semester Hours: *Three AND*
- PHYS 101 - Introduction to Physical Science Laboratory (MOTR PHYS 110L) Semester Hours: *One*  
**OR**
- PHYS 123 - Geology and Earth Science (MOTR GEOL 100L) Semester Hours: *Three AND*
- PHYS 122 - Geology and Earth Science Laboratory (MOTR GEOL 100L) Semester Hours: *Two*
- BIOL 323A - Environmental Science and Conservation Semester Hours: *Three*
- BIOL 321A - Environmental Science and Conservation Laboratory Semester Hours: *One*
- PHYS 383 - Meteorology Semester Hours: *Three*
- PHYS 463A - Oceanography Semester Hours: *Three*
- PHYS 463B - Climatology Semester Hours: *Three*

**Total: 21 Hours**

## Mathematics Minor

CIP Code: 27.0101

The student must complete at least 21 hours in Mathematics, including the following courses, or their equivalent, and 6 hours of upper division:

### Required Mathematics (MATH) Courses

- MATH 164 - Calculus I Semester Hours: *Four*
- MATH 213 - Discrete Mathematics Semester Hours: *Three*
- MATH 254 - Calculus II Semester Hours: *Four*
- MATH 264 - Calculus III Semester Hours: *Four*

**Total: 15 Hours**

### Mathematics Electives

- 6 hours upper division

### Note:

**Students interested in engineering should see the section on the Two-Plus-Two Degree in Engineering in this catalog.**

## Plant Biology Minor

CIP Code: 26.0301

A minor in Plant Biology is a viable option for students pursuing the BA in Biology and who wish to pursue non-research based careers related to Botany, Plant Biology, and related disciplines. This minor may also be

relevant to students in other degree programs who have an interest in the plant sciences.

*Selection of Plant Biology Minor not applicable for students pursuing a BS in Biology-Ecology and Plant Sciences Concentration.*

*All courses in the minor must be completed with a minimum grade of C.*

## Required Courses

- BIOL 113 - General Biology I (MOTR BIOL 150L) Semester Hours: *Three AND*
- BIOL 111 - General Biology I Laboratory (MOTR BIOL 150L) Semester Hours: *One*  
**OR**
- BIOL 103 - Introduction to Biology (MOTR BIOL 100L) Semester Hours: *Three AND*
- BIOL 101 - Introduction to Biology Laboratory (MOTR BIOL 100L) Semester Hours: *One*
  
- BIOL 123 - General Biology II Semester Hours: *Three AND*
- BIOL 121 - General Biology II Laboratory Semester Hours: *One*  
**OR**
- BIOL 233 - Plants and People Semester Hours: *Three*
  
- BIOL 323B - Ecology Semester Hours: *Three*  
**OR**
- BIOL 323A - Environmental Science and Conservation Semester Hours: *Three AND*
- BIOL 321A - Environmental Science and Conservation Laboratory Semester Hours: *One*
  
- BIOL 333 - Plant Physiology Semester Hours: *Three*
- BIOL 413 - Plant Anatomy Semester Hours: *Three AND*
- BIOL 411 - Plant Anatomy Lab Semester Hours: *One*  
**OR**
- BIOL 453 - Taxonomy of the Flowering Plants Semester Hours: *Three AND*
- BIOL 451 - Taxonomy of the Flowering Plants Laboratory Semester Hours: *One*
- **Upper division BIOL (or BIOT) course** Semester Hours: *Three*

**Total: 20-22 Hours**

---

## Division of Social & Behavioral Science

---

**Mission Statement:** In keeping with the mission of Missouri Baptist University, the Social and Behavioral Sciences Division provides a curriculum that enables students to think critically and analytically and in so doing, to think Christianly in the specific areas of the Social and Behavioral Sciences. Students will gain a broad understanding of both theory and research in the major and/or minor areas, including majors in Behavioral Science, Criminal Justice, History, Human Services, Psychology, and Social Sciences. Minors are offered in the areas of Behavioral Science, Criminal Justice, History, Human Services, Political Science, Psychology, Social Sciences, and Sociology. Students majoring in Human Services and Criminal Justice develop entry-level skills for employment in these fields.

### Behavioral Science

**Mission Statement:** The Behavioral Science major is organized within the context of an interdisciplinary liberal arts approach drawing from the disciplines of Criminal Justice, Human Services, Psychology, and Sociology. Each discipline addresses different dimensions of human behavior integrated to form a comprehensive view of the human condition.

Since the Behavioral Science major is interdisciplinary, drawing from the four areas mentioned above, students are not permitted to complete a second major or minor in any of these areas.

### Criminal Justice

**Mission Statement:** In accordance with the mission statement of Missouri Baptist University and the academic program, Criminal Justice is an area of study which seeks to provide Christ-centered quality higher education to traditional and adult students. The major provides an opportunity to prepare for careers in the various areas of the justice system at the entry level, and to prepare others for advancement within an agency.

### History

**Mission Statement:** In accordance with the Mission Statement of Missouri Baptist University, the History major has several purposes: (1) to acquaint students with the commonly accepted factual data of human history; (2) to expose students to differing viewpoints and schools of historical interpretation; (3) to help students develop the ability to do independent research and to write competently in the field of history; (4) to encourage students to develop a Biblically-based Christian approach to historical study; and (5) to prepare History majors for careers in teaching\*, or in other professional fields requiring a broad liberal arts background.

\*Students seeking certification to teach high school history should major in Social Sciences in order to satisfy the state certification requirements for social studies 9-12.

### Human Services

**Mission Statement:** In keeping with the mission statement of Missouri Baptist University and the Social and Behavioral Science Division, the Human Services major prepares students for employment as generalists in the field of human services. The student will gain a broad understanding of theory and practice in the field, preparing them for entry-level positions. The curriculum draws from Psychology and Sociology, with specific courses in the human service field. Human Services should be considered if a student is planning graduate work in counseling or social work.

The Human Services major prepares students to work in various areas of social service including, but not exclusive to: employment assistance agencies<sup>1</sup>, nursing homes<sup>2</sup>, substance abuse agencies, developmental rehabilitation agencies<sup>3</sup>, youth services<sup>4</sup>, child care work<sup>4</sup> and various church agencies<sup>5</sup>. The major also serves as an undergraduate foundation for professional counselors and social workers who are planning to pursue graduate degrees in counseling or social work. It is recommended that students majoring in Human Services complete a minor in Psychology or Sociology.

<sup>1</sup> It is recommended that students planning a career as employee assistance counselors should take HUED 443/543 and MGMT 433, in addition to the required courses in Human Services.

<sup>2</sup> It is recommended that students planning a career in geriatric counseling take PSSC 423 and PSSC 443, in addition to the required courses in Human Services.

<sup>3</sup> It is recommended that students planning a career in probation and parole take CRJS 133 and CRJS 343.

<sup>4</sup> It is recommended that students planning a career in child care work or youth services should take HUSR 463 in addition to the required courses in Human Services.

<sup>5</sup> It is recommended that students planning a career working with church agencies take CSCE 303, in addition to the required courses in Human Services.

## Psychology

**Mission Statement:** The Mission of the Missouri Baptist University psychology program is to educate students in the breadth and depth of the discipline of psychology and its practical applications. We integrate empirical science, theory, and practice, and train students to think critically about mental processes and behavior. Where mainstream psychology and the Bible conflict, it is our privilege and responsibility to incorporate our Christian faith into our classrooms, respectfully explaining from credible academic evidence why we continue to believe unashamedly in the superior authority and accuracy of the Bible.

## Social Sciences

**Mission Statement:** In accordance with the mission statement of Missouri Baptist University, the Social Sciences major has several purposes: (1) to prepare students to teach secondary social studies in the State of Missouri; (2) to acquaint students with the commonly-accepted factual data of human history; (3) to expose students to differing viewpoints and schools of historical interpretation; (4) to help students develop the ability to do independent research and to write competently in the field of history; (5) to encourage students to develop a Biblically-based Christian approach to historical study; (6) to prepare History majors for careers in teaching or in other professional fields requiring a broad liberal arts background; (7) to acquaint students with a broad range of social sciences and the conclusions which social scientists have currently reached.

**A student majoring in Social Sciences is not permitted to major or minor in History.**

# Behavioral Science: BA, BS, BPS

CIP Code: 30.1701

## Major Requirements

Since the Behavioral Science major is interdisciplinary, drawing from the four areas mentioned above, students are not permitted to complete a second major or minor in any of these areas.

## Required Core

### Required Mathematics (MATH) Course

- MATH 243 - Probability and Statistics (MOTR MATH 110) Semester Hours: *Three*<sup>1</sup>

### Required Psychology (PSYC) Course

- PSYC 133 - General Psychology (MOTR PSYC 100) Semester Hours: *Three*<sup>2</sup>
- PSSC 303 - Social Psychology Semester Hours: *Three*

### Required Sociology (SOCO) Courses

- SOCO 113 - Introduction to Sociology (MOTR SOCI 101) Semester Hours: *Three*<sup>2</sup>
- SOCO 353 - Cultural Anthropology (MOTR ANTH 201) Semester Hours: *Three*<sup>2</sup>
- PSSC 373 - Research Methods In Social And Behavioral Sciences Semester Hours: *Three*

### Required 3-hour Internship

**choose one from the following:**

- CRJS 473 - Internship in Criminal Justice Semester Hours: *Three*
- HUSR 473 - Internship in Human Services Semester Hours: *Three*
- PSYC 473 - Internship in Psychology Semester Hours: *Three*

**Total: 21 Hours**

## Electives

**18 hours (at least 9 hours upper division)** with at least one course from each of the following areas. (NOTE: Cross-listed courses with the prefixes CRPS - Criminal Justice/Psychology/Sociology, PSHU - Psychology/Human Services, and PSSC, Psychology/ Sociology, *may be counted under only one discipline*, as determined by the student with advisor consent, for purposes of satisfying the distribution of electives among the four disciplines.)

## Elective Criminal Justice Courses

- CRJS 133 - Introduction to Criminal Justice Semester Hours: *Three*
- CRJS 213 - Policing Institutions Semester Hours: *Three*
- CRJS 223 - Correctional Institutions Semester Hours: *Three*
- CRJS 233 - Criminal Investigation Semester Hours: *Three*
- CRJS 313 - Criminology Semester Hours: *Three*
- CRJS 333 - Juvenile Delinquency and the Justice System Semester Hours: *Three*
- CRJS 343 - Criminal Courts, Probation and Parole Semester Hours: *Three*
- CRPS 413 - Interpersonal Violence Semester Hours: *Three*
- CRJS 423 - Criminal Law and Procedure Semester Hours: *Three*
- CRJS 433/533 - Evidence Semester Hours: *Three*<sup>3</sup>
- CRJS 443 - Readings in Criminal Justice Semester Hours: *Three*
- CRPO 453 - Constitutional Law I Semester Hours: *Three*
- CRPO 463 - Constitutional Law II Semester Hours: *Three*
- CRJS 463/563 - Organization and Administration Semester Hours: *Three*<sup>3</sup>

- EDPS 383 - Psychology of Teaching and Learning Semester Hours: *Three*
- MGPS 403/503 - Organizational Behavior and Leadership Semester Hours: *Three*<sup>3</sup>
- PSHU 403 - Chemical Dependency Semester Hours: *Three*
- PSYC 413 - Sensation and Perception Semester Hours: *Three*
- CMPS 423/523 - Pastoral Counseling and Care Giving Semester Hours: *Three*<sup>3</sup>
- PSHU 423 - Introduction to the Principles of Applied Behavior Analysis Semester Hours: *Three*
- PSSC 423 - Psychosocial Aspects Of Aging Semester Hours: *Three*
- PSCM 433/533 - Psychology Of Moral/Spiritual Development Semester Hours: *Three*<sup>3</sup>
- PSYC 433 - Theories of Personality Semester Hours: *Three*
- PSSC 443 - Death and Dying Semester Hours: *Three*
- PSYC 443 - Neuropsychology Semester Hours: *Three*
- EDPS 453/553 - the Exceptional Child Semester Hours: *Three*<sup>3</sup>
- PSHU 483 - Tests And Measurements Semester Hours: *Three*

## Elective Human Services Courses

- HUSR 213 - Introduction to Human Services Semester Hours: *Three*
- HUSR 223 - Human Services: Policy and Politics Semester Hours: *Three*
- HUSR 233 - Human Services: Theories and Practice Semester Hours: *Three*
- HUSR 313 - Assessment and Case Management Semester Hours: *Three*
- HUSR 343 - Disabilities: Theory and Practice Semester Hours: *Three*
- PSHU 403 - Chemical Dependency Semester Hours: *Three*
- PSHU 423 - Introduction to the Principles of Applied Behavior Analysis Semester Hours: *Three*
- HUSR 443 - Leadership in Facilitating Community Change Semester Hours: *Three*
- HUSR 453 - Working with Groups Semester Hours: *Three*
- HUSR 463 - Community-Based Treatment Semester Hours: *Three*
- PSHU 483 - Tests And Measurements Semester Hours: *Three*

## Elective Sociology Courses

- CRPS 413 - Interpersonal Violence Semester Hours: *Three*
- SOHI 213 - Worldview and Social Issues (MOTR SOCI 201) Semester Hours: *Three*
- SOCO 323 - Marriage and the Family Semester Hours: *Three*
- SOCO 413 - Race and Ethnic Relations (MOTR SOCI 202) Semester Hours: *Three*
- PSSC 423 - Psychosocial Aspects Of Aging Semester Hours: *Three*
- PSSC 443 - Death and Dying Semester Hours: *Three*

## Note(s):

<sup>1</sup>Course will satisfy the statistics requirement for the Bachelor of Science degree.

<sup>2</sup>Course will satisfy 3 of the 9 hours required in social and behavioral sciences for the general education requirement.

<sup>3</sup>See the catalog section on Senior Permission for information on earning graduate credit for this course.

<sup>4</sup>Only one course from PSYC 313, PSYC 333, or PSYC 343 may be applied toward the major.

**Total: 39 Hours**

## Criminal Justice: BA, BS

**CIP Code: 43.0104**

## Major Requirements

Students must complete the following 36 hours of core requirements, and 6 hours of selected electives to total 42 hours.

## TRACK I

For students who have not attended a POST (Peace Officer Standards and Training) certified Police Academy.

- CRJS 133 - Introduction to Criminal Justice Semester Hours: *Three*
- CRJS 213 - Policing Institutions Semester Hours: *Three*
- CRJS 223 - Correctional Institutions Semester Hours: *Three*
- CRJS 313 - Criminology Semester Hours: *Three*
- CRJS 343 - Criminal Courts, Probation and Parole Semester Hours: *Three*
- CRJS 433/533 - Evidence Semester Hours: *Three*<sup>1</sup>
- CRJS 463/563 - Organization and Administration Semester Hours: *Three*<sup>1</sup>
- CRJS 473 - Internship in Criminal Justice Semester Hours: *Three*
- CRPH 423/523 - Criminal Justice Ethics and Leadership Semester Hours: *Three*<sup>1</sup>
- CRPO 453 - Constitutional Law I Semester Hours: *Three*
- MATH 243 - Probability and Statistics (MOTR MATH 110) Semester Hours: *Three*
- PSSC 373 - Research Methods In Social And Behavioral Sciences Semester Hours: *Three*

- CRJS 473 - Internship in Criminal Justice Semester Hours: *Three*
- Physical Training 1 Credit Hour
- CRPS 413 - Interpersonal Violence Semester Hours: *Three*

Total: 15 Credit Hours

Total Transfer Credit Accepted: 16 Hours

### Track III

Online Criminal Justice Program (*See the Adult Learning Program section of this catalog*)

### Note(s):

*\* Documented training and/or credit for prior learning may also be considered to determine the award of advanced credit hours. The awards will be granted only after a student has completed 6 hours of coursework at Missouri Baptist University, 3 of which must be within Criminal Justice. Review the "Advanced Standing Process" noted in the current catalog to petition for prior learning credit.*

POST Certified Law Enforcement Academy training less than 700 hours will be reviewed on a case- by- case basis.

Total: 42 Hours

## History: BA, BS, BPS

CIP Code: 54.0101

### Major Requirements

**Mission Statement:** In accordance with the Mission Statement of Missouri Baptist University, the History major has several purposes: (1) to acquaint students with the commonly accepted factual data of human history; (2) to expose students to differing viewpoints and schools of historical interpretation; (3) to help students develop the ability to do independent research and to write competently in the field of history; (4) to encourage students to develop a Biblically-based Christian approach to historical study; and (5) to prepare History majors for careers in teaching\*, or in other professional fields requiring a broad liberal arts background.

*\*Students seeking certification to teach high school history should major in Social Sciences in order to satisfy the state certification requirements for social studies 9-12.*

The student must complete at least 39 hours in History and Interdisciplinary Studies, including the following courses or their equivalent:

- HIWO 113 - World History I (MOTR HIST 201) Semester Hours: *Three*
- HIWO 123 - World History II (MOTR HIST 202) Semester Hours: *Three*
- HIST 303 - Introduction to the Study of History Semester Hours: *Three*
- IDST 473 - Liberal Studies Research Capstone Semester Hours: *Three*

### Electives

6 hours upper division from other Criminal Justice (CRJS, CRPO, or CRPS) courses

### TRACK II

For students who have attained 700 plus hours of training and graduated from a POST certified Police Academy and who are certified as police officers.

Core Curriculum\*:

- CRJS 223 - Correctional Institutions Semester Hours: *Three*
- CRJS 313 - Criminology Semester Hours: *Three*
- CRJS 343 - Criminal Courts, Probation and Parole Semester Hours: *Three*
- CRJS 433/533 - Evidence Semester Hours: *Three*
- CRJS 463/563 - Organization and Administration Semester Hours: *Three*<sup>1</sup>
- CRPH 423/523 - Criminal Justice Ethics and Leadership Semester Hours: *Three*<sup>1</sup>
- CRPO 453 - Constitutional Law I Semester Hours: *Three*
- MATH 243 - Probability and Statistics (MOTR MATH 110) Semester Hours: *Three*
- PSSC 373 - Research Methods In Social And Behavioral Sciences Semester Hours: *Three*

Total: 27 Hours

### Major Courses:

For students who have graduated and attained 700 plus hours of training from a POST certified Police Academy and are certified as police officers, credit toward the major may be accepted as follows:

- CRJS 133 - Introduction to Criminal Justice Semester Hours: *Three*
- CRJS 213 - Policing Institutions Semester Hours: *Three*
- CRJS 333 - Juvenile Delinquency and the Justice System Semester Hours: *Three*

- HIUS 213 - United States History I (MOTR HIST 101)  
Semester Hours: *Three*
- HIUS 223 - United States History II (MOTR HIST 102)  
Semester Hours: *Three*

## Electives

An additional 21 hours must be completed, including 12 hours from upper division history courses, of which at least 3 hours must be a non-U.S. history course.

Total: 39 Hours

## Human Services: BA, BS, BPS

CIP Code: 44.0000

### MMajor Requirements

#### Required Human Services (HUSR, HUED, and PSHU) Courses

- HUSR 213 - Introduction to Human Services Semester Hours: *Three*
- HUSR 223 - Human Services: Policy and Politics Semester Hours: *Three*
- HUSR 233 - Human Services: Theories and Practice Semester Hours: *Three*
- HUSR 313 - Assessment and Case Management Semester Hours: *Three*
- HUSR 343 - Disabilities: Theory and Practice Semester Hours: *Three*
- HUSR 443 - Leadership in Facilitating Community Change Semester Hours: *Three*
- HUSR 453 - Working with Groups Semester Hours: *Three*
- HUSR 473 - Internship in Human Services Semester Hours: *Three*
- PSHU 403 - Chemical Dependency Semester Hours: *Three*
- PSHU 423 - Introduction to the Principles of Applied Behavior Analysis Semester Hours: *Three*
- PSHU 483 - Tests And Measurements Semester Hours: *Three*

Total: 33 Hours

#### Required Psychology (PSYC) Courses

- PSSC 303 - Social Psychology Semester Hours: *Three*
- PSYC 323 - Abnormal Psychology Semester Hours: *Three*

Total: 6 Hours

#### Required Sociology (SOCO) Course

- SOCO 323 - Marriage and the Family Semester Hours: *Three*

Total: 3 Hours

## Recommended Electives

- CRPS 413 - Interpersonal Violence Semester Hours: *Three*
- HUSR 463 - Community-Based Treatment Semester Hours: *Three*

### Note(s):

<sup>1</sup> See the catalog section on Senior Permission for information on earning graduate credit for this course.

Total: 42 Hours

## Psychology: BA, BS, BPS

CIP Code: 42.0101

### Major Requirements

Students must complete a total of 39 hours for a major in Psychology.

#### Required Psychology Core Courses

- MATH 243 - Probability and Statistics (MOTR MATH 110) Semester Hours: *Three* \*
- MATH 343 - Statistical Methods Semester Hours: *Three* \*
- PSYC 133 - General Psychology (MOTR PSYC 100) Semester Hours: *Three*
- PSYC 213 - Personal Adjustment Semester Hours: *Three* \*
- PSYC 233 - Advanced General Psychology Semester Hours: *Three*
- PSYC 313 - Human Growth and Development (MOTR PSYC 200) Semester Hours: *Three* \*
- PSYC 323 - Abnormal Psychology Semester Hours: *Three*
- PSSC 373 - Research Methods In Social And Behavioral Sciences Semester Hours: *Three* \*
- PSYC 473 - Internship in Psychology Semester Hours: *Three* (Capstone)

Total: 27 Hours

### Extended Core

Choose at least one course from each of the following areas:

#### Developmental

- PSYC 333 - Child Psychology Semester Hours: *Three*
- PSYC 343 - Adolescent Psychology Semester Hours: *Three*
- PSSC 423 - Psychosocial Aspects Of Aging Semester Hours: *Three*
- EDPS 453/553 - the Exceptional Child Semester Hours: *Three*  
1

## Social/Applied

- CRPS 413 - Interpersonal Violence Semester Hours: *Three*
- PSSC 303 - Social Psychology Semester Hours: *Three*
- PSSC 443 - Death and Dying Semester Hours: *Three*
- PSYC 353 - Industrial Psychology Semester Hours: *Three*
- PSPO 323 - Psychology And The Law Semester Hours: *Three* \*
- PSHU 403 - Chemical Dependency Semester Hours: *Three*
- SMGT 433/533 - Sport Psychology Semester Hours: *Three* <sup>1</sup>

## Cognition

- PSYC 363 - Cognitive Psychology Semester Hours: *Three*
- PSYC 413 - Sensation and Perception Semester Hours: *Three*
- PSYC 443 - Neuropsychology Semester Hours: *Three* \*
- EDPS 383 - Psychology of Teaching and Learning Semester Hours: *Three*

## Personality/Assessment

- PSYC 433 - Theories of Personality Semester Hours: *Three* \*
- PSCM 433/533 - Psychology Of Moral/Spiritual Development Semester Hours: *Three* <sup>1</sup>
- PSHU 423 - Introduction to the Principles of Applied Behavior Analysis Semester Hours: *Three*
- PSHU 483 - Tests And Measurements Semester Hours: *Three* \*

## Note(s):

\*May not be taken as a Directed Study.

<sup>1</sup>See the catalog section on Senior Permission for information on earning graduate credit for this course.

Total: 39 Hours

## Social Sciences: BA, BS, BPS

CIP Code: 42.0101

## Major Requirements

A student majoring in Social Sciences is not permitted to major or minor in History.

## Required History (HIST) Courses

- HIWO 113 - World History I (MOTR HIST 201) Semester Hours: *Three*
- HIWO 123 - World History II (MOTR HIST 202) Semester Hours: *Three*
- HIUS 213 - United States History I (MOTR HIST 101) Semester Hours: *Three*
- HIUS 223 - United States History II (MOTR HIST 102) Semester Hours: *Three*
- HIST 303 - Introduction to the Study of History Semester Hours: *Three*

- Electives: Nine hours of upper division History\*

## Note(s):

\*Including 6 hours American and 3 hours European, Latin American, Asian, African, or other world (non-U.S.) history

## Required Interdisciplinary Studies (IDST) Course

- IDST 473 - Liberal Studies Research Capstone Semester Hours: *Three*

## Required Economics (ECON) Course

- ECON 103 - Survey of Economics for Non-Business Majors (MOTR ECON 100) Semester Hours: *Three*

## Required Geography (EDUC) Course

- EDGE 203 - Introduction to World Geography (MOTR GEOG 101) Semester Hours: *Three*

## Required Political Science (POLS) Courses

- POLS 103 - U.S. and Missouri Government and Constitution (MOTR POSC 101) Semester Hours: *Three*  
*And one course from the following:*
- POLS 123 - State And Local Government Semester Hours: *Three*
- POLS 363 - The African American Constitutional Experience Semester Hours: *Three*
- POPH 333 - Political Philosophy Semester Hours: *Three*
- HIPO 343 - the American Presidency Semester Hours: *Three*
- HIPO 353 - Political Thought at the Founding of the United States Semester Hours: *Three*
- CRPO 453 - Constitutional Law I Semester Hours: *Three*
- CRPO 463 - Constitutional Law II Semester Hours: *Three*

## Required Psychology (PSYC) course

- PSYC 133 - General Psychology (MOTR PSYC 100) Semester Hours: *Three*

## Sociology (SOCO or SOHI) course

one from the following:

- SOCO 113 - Introduction to Sociology (MOTR SOCI 101) Semester Hours: *Three*
- SOHI 213 - Worldview and Social Issues (MOTR SOCI 201) Semester Hours: *Three*
- SOCO 353 - Cultural Anthropology (MOTR ANTH 201) Semester Hours: *Three*

Total: 45 Hours

## Behavioral Science Minor

CIP Code: 30.1701

Students may not pursue a double minor in Behavioral Science and Sociology.

### Required Courses

- SOCO 113 - Introduction to Sociology (MOTR SOCI 101) Semester Hours: *Three*<sup>1</sup>
- SOHI 213 - Worldview and Social Issues (MOTR SOCI 201) Semester Hours: *Three*<sup>1</sup>
- SOCO 413 - Race and Ethnic Relations (MOTR SOCI 202) Semester Hours: *Three*
- PSHU 403 - Chemical Dependency Semester Hours: *Three*
- PSSC 443 - Death and Dying Semester Hours: *Three*

### Note

<sup>1</sup>Course will satisfy 3 of the 9 hours required in social and behavioral sciences for the general education requirement.

### Elective Course

Choose one from the following:

- CRJS 443 - Readings in Criminal Justice Semester Hours: *Three*
- HUSR 443 - Leadership in Facilitating Community Change Semester Hours: *Three*

Total: 18 Hours

## Criminal Justice Minor

CIP Code: 43.0104

### ReRequired Courses

- CRJS 133 - Introduction to Criminal Justice Semester Hours: *Three*
- CRJS 213 - Policing Institutions Semester Hours: *Three*
- CRJS 223 - Correctional Institutions Semester Hours: *Three*
- CRJS 343 - Criminal Courts, Probation and Parole Semester Hours: *Three*
- CRJS 463/563 - Organization and Administration Semester Hours: *Three*<sup>1</sup>

### Note

<sup>1</sup>See the catalog section on Senior Permission for information on earning graduate credit for this course.

## Electives

An additional 6 hours upper division from the following courses:

- CRJS 333 - Juvenile Delinquency and the Justice System Semester Hours: *Three*
- CRJS 443 - Readings in Criminal Justice Semester Hours: *Three*
- CRJS 453 - Race, Ethnicity, and Crime Semester Hours: *Three*
- CRPS 413 - Interpersonal Violence Semester Hours: *Three*
- PSHU 403 - Chemical Dependency Semester Hours: *Three*
- PSPO 323 - Psychology And The Law Semester Hours: *Three*

Total: 21 Hours

## History Minor

CIP Code: 54.0101

The student must complete 21 hours in History, including the following courses or their equivalent:

### Required Courses

- HIWO 113 - World History I (MOTR HIST 201) Semester Hours: *Three*
- HIWO 123 - World History II (MOTR HIST 202) Semester Hours: *Three*
- HIUS 213 - United States History I (MOTR HIST 101) Semester Hours: *Three*
- HIUS 223 - United States History II (MOTR HIST 102) Semester Hours: *Three*
- HIST 303 - Introduction to the Study of History Semester Hours: *Three*

## Electives

Six hours from upper division courses

Total: 21 Hours

## Human Services Minor

CIP Code: 44.0000

The student must complete 18 hours in Human Services (or Psychology and Sociology as required in the Human Services major), including the following courses or their equivalent:

### Required Human Services (HUSR) Courses

- HUSR 213 - Introduction to Human Services Semester Hours: *Three*
- HUSR 223 - Human Services: Policy and Politics Semester Hours: *Three*

- HUSR 233 - Human Services: Theories and Practice Semester Hours: *Three*

## Electives

**9 hours upper division** in Human Services (HUSR, HUED, or PSHU) Courses, including SOCO 323 , CRPS 413, PSSC 303 and PSYC 323

**Total: 18 Hours**

## Political Science Minor

**CIP Code: 45.1001**

Missouri Baptist University offers a minor in Political Science (POLS) that will allow students to explore the philosophical and historical foundations, nature, purpose, and functions of political ideas and institutions in both the United States and other countries. The following courses are offered as a part of the general education requirements and/or the minor in Political Science.

### Required Political Science (POLS and POPH) Courses

- POLS 103 - U.S. and Missouri Government and Constitution (MOTR POSC 101) Semester Hours: *Three*
- POLS 123 - State And Local Government Semester Hours: *Three*
- POPH 333 - Political Philosophy Semester Hours: *Three*

**Total: 9 Hours**

## Electives

- HIPO 233 - American Foreign Policy Semester Hours: *Three*
- PSPO 323 - Psychology And The Law Semester Hours: *Three*
- HIPO 343 - the American Presidency Semester Hours: *Three*
- HIPO 353 - Political Thought at the Founding of the United States Semester Hours: *Three*
- POLS 363 - The African American Constitutional Experience Semester Hours: *Three*
- CRPO 453 - Constitutional Law I Semester Hours: *Three*
- CRPO 463 - Constitutional Law II Semester Hours: *Three*

**Total: 9 Hours**

**Total: 18 Hours**

## Psychology Minor

**CIP Code: 42.0101**

The student must complete 18 hours of Psychology courses as follows:

## Required Psychology (PSYC) Course

- PSYC 133 - General Psychology (MOTR PSYC 100) Semester Hours: *Three*
- PSYC 213 - Personal Adjustment Semester Hours: *Three*

## Electives

12 hours, with 9 upper division, in Psychology (CRPS, EDPS, PSHU, PSPO, PSSC or PSYC) courses

**Total: 18 Hours**

## Social Sciences Minor

**CIP Code: 45.0101**

**A student majoring in History is not permitted to major or minor in Social Sciences.**

### Required History (HIST) Courses

- HIWO 113 - World History I (MOTR HIST 201) Semester Hours: *Three*
- HIWO 123 - World History II (MOTR HIST 202) Semester Hours: *Three*
- HIUS 213 - United States History I (MOTR HIST 101) Semester Hours: *Three*
- HIUS 223 - United States History II (MOTR HIST 102) Semester Hours: *Three*
- HIST 303 - Introduction to the Study of History Semester Hours: *Three*

## Electives

**3 hours, upper division American History**

### Required Economics (ECON) Courses

- ECON 103 - Survey of Economics for Non-Business Majors (MOTR ECON 100) Semester Hours: *Three*

### Required Geography (EDMS) Courses

- EDGE 203 - Introduction to World Geography (MOTR GEOG 101) Semester Hours: *Three*

### Required Political Science (POLS) Courses

- POLS 103 - U.S. and Missouri Government and Constitution (MOTR POSC 101) Semester Hours: *Three*

**Total: 27 Hours**

## Sociology Minor

**CIP Code: 45.1101**

Missouri Baptist University offers a minor in Sociology (SOCO) that will allow students to explore the social and ethical issues affecting society. Courses are also offered as a part of general education, degree requirements, and/or in support of various majors.

The student must complete 18 hours of Sociology courses as follows:

### Required Sociology (SOCO) Courses

- SOCO 113 - Introduction to Sociology (MOTR SOCI 101)  
Semester Hours: *Three*
- SOHI 213 - Worldview and Social Issues (MOTR SOCI 201)  
Semester Hours: *Three*

### Electives

12 hours, with 6 upper division, in Sociology (CRPS, PSSC, SOCO or SOHI) courses or CRPS 413 Interpersonal Violence

**Total: 18 Hours**

---

## School of Nursing

---

**Mission Statement:** The Missouri Baptist University School of Nursing will prepare students spiritually, intellectually and professionally through a foundation of liberal arts education. Students integrate personal faith in the practice of nursing serving in a global and culturally diverse society.

The Bachelor of Science in Nursing (BSN) program utilizes a conceptual approach to teach students about health, illness and the patient-centered provision of nursing care. Attention is given to current local, state, national and global health incidence and prevalence statistics.

The School of Nursing offers two different degree programs. The Pre-Licensure BSN degree option is for those seeking to become licensed as a registered nurse (RN). The RN to BSN degree option is for those who are already licensed as an RN and are seeking to complete a baccalaureate degree.

## PRE-LICENSURE BSN DEGREE PROGRAM

Students seeking the Bachelor of Science in Nursing degree will apply to enter the program at the junior year and progress through the nursing curriculum for a period of two years. An early admission option will allow students to apply to the program at the beginning of the freshman year for start in the nursing program at the beginning of the junior year.

The School of Nursing at Missouri Baptist University (MBU) may admit up to 24 students per academic year.

### Admission Requirements

1. **Admission to Missouri Baptist University**
2. **Completion of School of Nursing Application** – Applications for admission to the nursing program open December 1 and close February 28 for August entry. Refer to the Application Procedure section of this document for details.
3. **Completion of General Education and Pre-requisite Courses** – Applicants should have completed all of the pre-nursing requirements (or be currently enrolled) as outlined on the BSN degreesheet prior to applying for the nursing program. Students who have up to nine (9) credit hours of pre-nursing courses outstanding may be considered for admission if the courses can be taken during a summer semester or in an online format.

Applicants must have completed, or be currently enrolled in, the following pre-nursing courses prior to applying to the nursing program.

- English Composition I (ENGL 113)
- English Composition II (ENGL 123)
- College Algebra (MATH 133)
- Introduction to Chemistry (CHEM 113 + 111)\*^
- Anatomy & Physiology I + Lab (BIOL 213 + 211)\*#^
- Anatomy & Physiology II + Lab (BIOL 223 + 221)\*#^

- Microbiology + Lab (BIOL 373 + 371)\*#^
- Pathophysiology (BIOL 363)\*#^
- Probability and Statistics (MATH 243)

\*Students must have three of the five science courses completed prior to applying for admission. The remaining two courses can be in progress during the application timeframe.

# Courses must be completed within the past 5 years and have a grade of B or higher.

^Student must obtain a grade of B or higher in each course.

4. **Minimum Grade Point Average (GPA)** – A minimum GPA of 2.8 is required for students to be accepted into the nursing program.
5. **Letters of Recommendation** – Applications must include at least two (2) letters of recommendation to the School of Nursing. Letters of recommendation should be from people who are able to attest to the student's academic and/or healthcare experience.
6. **Written Essay** - A written essay (of no more than 500 words) on "Why I want to be a nurse"
7. **Non-native English Speaking Students** – In addition to the above admission requirements, Non-native English Speaking Students are required to submit proof that he or she has successfully completed the TOEFL (Test of English as a Foreign Language). MBU's TOEFL code is 2717.

Successful completion of the TOEFL requires minimum scores of:

- Internet-based – 80
- Computer-based – 213
- Paper-based – 550

#### English Proficiency Exceptions:

Students from the following countries who have completed high school or secondary school are not required to prove English Proficiency: Australia, Belize, Canada (except Quebec), the Fiji Islands, Guyana, Kenya, Ireland, New Zealand, Uganda, United Kingdom, Zimbabwe, and English speaking countries in the Caribbean (Jamaica, Bahamas, Cayman Islands, Trinidad & Tobago, etc.) upon approval by the Director of International Student Services. Students from these exempt countries will be enrolled according to the evaluation of a placement essay written by the student prior to their arrival at MBU.

An English Proficiency Exam may be waived at the discretion of the Director of International Student Services (ISS) if a student has completed at least 24 university level credit hours at another U.S. college or university (or English speaking university) with the minimum GPA of a 2.0 on a 4.0 scale. ESL/ELS/EIEP classes or any other remedial courses, even if taken in a university setting, will not be accepted toward the English Proficiency waiver. A waiver cannot be considered until official transcripts are submitted. In addition, the student will be enrolled according to the evaluation of a placement essay written by the student prior to their arrival at MBU. ELS Level 112 may be used as proof of English Proficiency. A copy of the completion certificate is needed for admission. Students who attended a High School in the U.S. may be waived from the English Proficiency

requirement if they have completed at least two years in the U.S. and have a minimum of a 2.0 GPA.

#### English Proficiency Appeals:

If a student is eligible for appeal, he/she must complete three additional requirements for admission.

1. Write a formal letter addressed "To Whom It May Concern," typed, dated, and signed stating why you believe you should be admitted to MBU despite not having met the English Proficiency requirement.
2. Complete the IELTS/TOEFL waiver questions provided by ISS. Questions found in K-International Students-Admissions-Policies and Procedures-IELTS or TOEFL Waiver Questions. Send response to Thea Abraham for review.
3. Students must have a B equivalency or higher in any English courses and an overall GPA of a 3.0 or higher.

For information and application for TOEFL, please contact:

*TOEFL Educational Testing Service*  
 PO BOX 6151  
 Princeton, New Jersey 08541-6151  
 Telephone: 609-771-7100

Website: <http://www.toefl.org> or <http://www.ets.org/toefl>

Email: [toefl@ets.org](mailto:toefl@ets.org)

#### Transfer Nursing Course Credit

A student who has attended, but not completed, another registered nursing program and desires to transfer nursing course credit to MBU School of Nursing will be considered for admission on an individual basis. Please contact the MBU School of Nursing directly for additional requirements pertaining to transfer of nursing course credit.

#### Early Admission Option

Missouri Baptist University School of Nursing offers an Early Admission Option for eligible high achieving high school seniors interested in earning a Bachelor of Science in Nursing. The School of Nursing will select up to ten (10) students annually to be admitted through the Early Admission option.

#### Benefits

Early Admission students are assigned to a pre-nursing advisor and are guaranteed admission into the nursing program their junior year assuming they have met all nursing admission requirements.

#### Criteria

To be considered for the Early Admission Option, a student must meet the following:

- Apply and be accepted into Missouri Baptist University and declare a major of Pre-Nursing
- Complete the Early Admission application to the School of Nursing
- ACT score of at least 24 composite – Preference will be given to students who have an ACT math subscore of 22 or higher and English subscore of 20 or higher.
- Minimum cumulative high school GPA of 3.5 on a 4.0 scale

The following should be submitted to the School of Nursing upon applying:

- Written essay of no more than 500 words on "Why I Want to be a Nurse"
- Two (2) letters of recommendation; one (1) must be from the high school guidance counselor. Letters of recommendation should be from people who are able to attest to the student's academic and/or the healthcare experience.

The most competitive candidates will have volunteer or employment experience in a health care setting, leadership opportunities, community service, and/or research experience. Early admission applications will open October 1 and will close February 1 of each year for admission the following academic year. Students will be notified of the decision no later than March 1.

**\*\*Please note\*\*** Meeting the minimum eligibility requirements does not guarantee that an applicant will be accepted to the early admission option. Applicants will receive a letter indicating acceptance to the Early Admission Option. Contingent upon maintaining eligibility, students will receive a letter of acceptance to the nursing program in June after the sophomore year.

## Maintaining Eligibility

Once admitted into the Early Admission Option, the student must meet the following criteria:

- Continuous enrollment as a full-time student at Missouri Baptist University in each regular semester session with a pre-nursing major.
- All required courses must be taken at Missouri Baptist University
- Must maintain a minimum overall GPA of 3.0 in all courses
- Receive a science grade no lower than a B in Anatomy & Physiology I, Anatomy & Physiology II, Chemistry, Pathophysiology, and Microbiology.

Students who suffer from academic setback in their pre-nursing coursework or decide not to continue with the early admission option, still may apply via the regular admission process to the nursing program without being penalized.

## Application Procedure

The following steps are required to complete the MBU School of Nursing application procedure:

1. **Application to MBU** –
  1. Transfer students will submit the undergraduate application for admission by going to the following: <https://www.mobap.edu/admissions/undergraduate/admissions-application-requirements/>.
  2. Current MBU students can skip this step.
2. **Application to School of Nursing** –
  1. Transfer students will be contacted by an Admissions Counselor after completion of the undergraduate application. Once the

student's transcripts have been evaluated and the student has been deemed eligible to apply to the pre-licensure BSN program, a link to the School of Nursing application will be given.

2. Current MBU students should contact Dr. Lydia Thebeau at [Lydia.Thebeau@mobap.edu](mailto:Lydia.Thebeau@mobap.edu) to receive a link to the School of Nursing application.
3. February 28th is the deadline for submitting all materials for the School of Nursing application for August entry.
3. **Official Transcripts** – Official transcripts from all colleges and universities previously attended (other than MBU) must be received by the MBU Records Office by February 28. **It is the responsibility of the student to ensure that all transcripts have been received by the MBU Records Office by this date.** Transcripts can be mailed to:

*Missouri Baptist University  
ATTN: Records Office  
One College Park Drive  
Saint Louis, MO 63141-8698*

Students **must** submit official transcripts mailed directly from each regionally or nationally accredited college, university, or other post-secondary institution attended. This includes original transcripts for any course accepted as transfer credit on another institution's transcript. Only transcripts mailed directly to Missouri Baptist University Records Office will be accepted as official copies. MBU also accepts electronic transcripts from the following services: Parchment, E-Script, and National Clearing House. Electronic transcripts should be emailed to [recordsoffice@mobap.edu](mailto:recordsoffice@mobap.edu). Hand carried transcripts, faxed transcripts, and transcripts "Issued to Student" will not be accepted.

4. **Non-native English Speaking Students** – Successful completion of the TOEFL iBT meeting the minimum score requirements for each section (see Admission Requirements, page 2). Scores must be provided to the School of Nursing office by the end of the application cycle.
5. **Personal Interview** – The MBU School of Nursing Admission and Graduation Committee may request a personal interview.
6. **Letters of Recommendation** – All prospective students must include at least two (2) letters of recommendation. Letters of recommendation should be from people who are able to attest to the students' academic and/or healthcare experience.
7. **Written Essay** - A written essay (no more than 500 words) on "Why I want to be a nurse."

## Evaluation

Admission to the nursing program is competitive and based on the applicant pool. Fulfillment of the minimum School of Nursing admission criteria **does not** guarantee admission. Factors given consideration during candidate selection include cumulative GPA, science course GPA, essay, recommendation letters, cocurriculars/honors/awards/accolades, certifications/credentials/work experience/life experience, and potential to complete the program. Final applicants accepted to the program will include the most qualified based on the overall application pool. All applicants will receive a notification letter by **April 1 regarding acceptance into the August BSN class.**

Each application is considered individually without regard to age, race, color, national origin, ethnicity, religion, gender, sex gender identity,

gender expression, marital status, parental status, sexual orientation, genetic information, status as an individual with a disability, status as a protected veteran, or any other factors which cannot lawfully be considered, to the extent specific by applicable laws.

The School of Nursing reserves the right to refuse admission or progression to an applicant or student who cannot meet, with reasonable accommodations, the functional abilities to practice safely and effectively as defined by the National Council of State Boards of Nursing, Inc. (1996). Be advised that by current Missouri law, the Missouri State Board of Nursing may discipline or refuse licensure to applicants with certain arrests, misdemeanors, and felonies. For more information, contact the state board of nursing in the state where you intend to practice. The School of Nursing reserves the right to refuse admission or progression to an applicant or student who has been convicted as a felon or has otherwise committed offenses inappropriate for a nurse.

## NCLEX-RN and Licensure

Be advised that to practice professional nursing, a graduate of the nursing program must apply to take a national licensure examination for registered nurses (NCLEX-RN) and apply for licensure in the state where the graduate wants to work as a professional registered nurse. A graduate is required to pass the NCLEX-RN before state licensure can be granted. As outlined in the Missouri State Board of Nursing Nurse Practice Act (<http://pr.mo.gov/boards/nursing/npa.pdf>):

The practice of nursing is subject to state-specific licensure requirements. For state-specific licensure requirement information, contact the state board of nursing in the state where you intend to practice. By current Missouri law, the Missouri State Board of Nursing has requirements that include, but are not limited to the following: **20 CSR 2200-4.020 Requirements for Licensure.**

In addition, according to the Missouri State Board of Nursing, an applicant for licensure by endorsement or licensure by examination who answers yes to one (1) or more of the questions on the application or the fingerprint checks reveal charges and/ or convictions which relate to possible grounds for denial of licensure under section 335.066, RSMo shall submit copies of appropriate documents, as requested by the board, related to that answer or the fingerprint check before his/her application will be considered complete. The copies shall be certified if they are records of a court or administrative government agency. An applicant for licensure by endorsement or licensure by examination who the executive director or designee determines may not meet the requirements for licensure or examination shall be notified that the application will be reviewed by the members of the board at the board's next regular scheduled meeting following receipt of all requested documents. The Missouri State Board of Nursing shall notify, by certified mail or delivery, any individual who is refused permission to take an examination for licensure or an individual licensed in another state, territory or foreign country that is denied a license by endorsement without examination. At the time of notification, this individual is to be made aware of his/her avenue of appeal through the Missouri Administrative Hearing Commission.

## Acceptance

Applicants selected for admission must return the BSN Acceptance Form to the School of Nursing office by the specified date. An Acceptance Packet containing additional information concerning requirements described in this section will be sent via e-mail by April 1 and via USPS soon thereafter. The student must pay a \$400 non-refundable tuition deposit by the date specified in the Acceptance Packet to hold the spot in the program.

## Health Insurance

A student is required to have health insurance in effect at all times while participating in School of Nursing activities. Missouri Baptist University and the School of Nursing do not assume responsibility for any premium, co-payment, or any other costs associated with the insurance coverage. Each student must notify the School of Nursing if, for any reason, a lapse in coverage has occurred.

## Professional Liability Insurance

Missouri Baptist University School of Nursing will provide the professional liability insurance for each student. Annual coverage is \$1,000,000 per incident/\$3,000,000 aggregate.

## Health Requirements

Health requirements include a physical examination and immunization verification. Health requirements must be completed prior to starting the nursing program. Instructions will be provided in the Acceptance Packet. Evidence of the following will be required:

- **Hepatitis B Vaccine** with dates of each injection completed. A completed Hepatitis B vaccination series (series of three) or positive titer is required.
- **Negative tuberculin skin test(s) (two-step)** TB Skin Test #1 placed then read after 48-72 hours. TB skin test #2 placed 7-30 days after Test #1 is read, then read after 48-72 hours.
- **Varicella (chicken pox):** a two injection series of the varicella vaccination or a varicella titer
- **Measles, Mumps, and Rubella (MMR)** vaccination(s) or positive titer(s), including two appropriately spaced doses of the measles and mumps vaccines or positive mumps and measles titers
- **Tetanus-Diphtheria and Pertussis (Tdap) vaccine:** after initial Tdap, a routine booster of Td vaccine should be given at 10-year intervals
- **Seasonal influenza vaccinations,** and at the request of the facility, vaccination for other strains of influenza
- **Any other immunizations that may be required by clinical agencies**

## CPR Certification Requirement

Each MBU School of Nursing student is required to maintain current CPR certification while enrolled in the pre-licensure BSN program. A copy of the CPR certification must be on file with the School of Nursing office by the date specified in the Acceptance Packet. Failure to comply with this requirement will result in the inability of the student to attend any practicum experience until the requirement is met. This may ultimately result in the student failing the practicum course. The School of Nursing accepts only CPR courses and certifications that include adult, child, and infant hands-on skills verification and approved by the American Heart Association.

It is the student's responsibility to enroll in and successfully complete an acceptable CPR course. The School of Nursing is not responsible for providing or coordinating any CPR course. It is the student's responsibility to provide the School of Nursing office evidence of current CPR certification if the certification expires during the academic year.

## Background Check

Learning in clinical settings is an important aspect of the nursing program at Missouri Baptist University. Many health care facilities require information about students engaged in clinical learning opportunities, including, but not limited to: verification of name; address and social security number; personal health information; drug and alcohol testing; criminal background checks; verification of education; listing on any registered sex offender lists; listing on the U.S. Office of Inspector General's Excluded Individual's list; and listing on the U.S. General Services Administration's Excluded Parties List.

Background checks will be provided through the MBU Public Safety Office. If a drug screen is required by a clinical agency, the student will be responsible for the cost of obtaining the test. The information required to permit a student to participate in a clinical setting is determined by the respective health care facility.

Students with a criminal history and/or arrests for which action is still pending will be evaluated on an individual basis, with no guarantee of admission to the program or a clinical site. Any student who does not consent to required disclosure or background checks, or does not meet the clinical settings' eligibility requirements, may not be allowed to enter clinical settings. The School of Nursing is not responsible for finding alternative clinical sites. If a student is unable to fulfill the clinical experiences required by his/her program of study, the student may be unable to graduate. MBU School of Nursing reserves the right to request repeat background and/or drug screens at the expense of the student if deemed necessary by the Dean of Nursing.

## Time Limit for Completion of Degree Requirements

Requirements for the Bachelor of Science in Nursing degree must be completed within three (3) years of admission to the School of Nursing.

## Non-Acceptance

Applicants not accepted may be placed on a waiting list of qualified applicants. The Dean of Nursing notifies waitlisted individuals in order of ranking if openings become available.

## Re-Application

An applicant who is not admitted to the MBU School of Nursing may re-apply for the next admission period by submitting a new application and following the steps in the Application Procedure section of this document.

## Clinicals

The School of Nursing at Missouri Baptist University partners with a variety of clinical sites to give students a broad range of experiences across various settings and with different populations. Each student will have a number of opportunities to work with diverse populations during the course of study.

Pre-licensure BSN program students complete 765 hours of clinical practice in a variety of specialty areas. The program concludes with a 135-hour Senior Capstone experience in which the student works with a preceptor to increase knowledge application, prioritization and decision-making skills as well as help facilitate a smooth transition to professional practice.

Students in the pre-licensure BSN program begin clinical rotations in their first semester and continue in clinical synthesis experiences throughout the program. Clinical courses may be held anywhere within a 75-mile radius of the campus. Students are responsible for transportation to and from clinical sites. Clinical experiences usually begin at 6:30 a.m. and go until 3:30 p.m., although there could be some afternoon-to-evening hours.

MBU's list of clinical sites is continually growing. Following is a sample of some of the sites that students could attend.

- Bethesda Meadows
- CenterPoint Hospital
- City of St. Louis Department of Health
- Comtrea
- Delmar Gardens
- Hawthorne Children's Psychiatric Hospital
- Hermann Area District Hospital
- Mercy East
- Mercy Jefferson
- Mercy South
- Mercy Washington
- Metropolitan St. Louis Psychiatric Center
- Mid-America Transplant
- Missouri Baptist Sullivan
- Nurses for Newborns
- The Rehabilitation Institute of St. Louis
- Select Specialty Hospital
- Shriners Hospital for Children
- St. Louis Psychiatric Rehabilitation Center
- St. Luke's Hospital
- Wentzville School District

## Curriculum

The pre-licensure BSN degree requires 128 credit hours (68 non-nursing credits and 60 core-nursing credits).

## Program Grading Scale

The School of Nursing will use the following grading scale. Students must earn a 77% or higher in all theory nursing courses and a grade of "P" in all clinical and lab courses. Students must maintain a 77% average on all unit examinations in each course to pass.

**No extra credit will be awarded at any time in any nursing course.**

Refer to the *Progression Policy* for further information.

| Lecture Course Grade | Range  | Interpretation |
|----------------------|--------|----------------|
| A                    | 93-100 | Excellent      |
| B                    | 84-92  | Above Average  |
| C                    | 77-83  | Average        |

| F                     | <77 | Failure                                |
|-----------------------|-----|--|
| Clinical & Lab Grades |     | Interpretation                         |
| P                     |     | Pass - meets course objectives         |
| F                     |     | Fail - fails to meet course objectives |

- Letters of Recommendation** – Application must include at least two (2) letters of recommendation to the School of Nursing. Letters of recommendation should be from people who are able to attest to the student's academic and/or healthcare experience.
- Written Essay** - A written essay (no more than 500 words) on "Why I want to be a nurse".
- Non-native English Speaking Students** – In addition to the above admission requirements, Non-native English Speaking Students are required to submit proof that he or she has successfully completed the TOEFL (Test of English as a Foreign Language). MBU's TOEFL code is 2717.

Successful completion of the TOEFL requires minimum scores of:

- Internet-based – 80
- Computer-based – 213
- Paper-based – 550

#### English Proficiency Exceptions:

Students from the following countries who have completed high school or secondary school are not required to prove English Proficiency: Australia, Belize, Canada (except Quebec), the Fiji Islands, Guyana, Kenya, Ireland, New Zealand, Uganda, United Kingdom, Zimbabwe and English speaking countries in the Caribbean (Jamaica, Bahamas, Cayman Islands, Trinidad & Tobago, etc.) upon approval by the Director of International Student Services. Students from these exempt countries will be enrolled according to the evaluation of a placement essay written by the student prior to their arrival at MBU.

An English Proficiency Exam may be waived at the discretion of the Director of International Student Services (ISS) if a student has completed at least 24 university level credit hours at another U.S. college or university (or English speaking university) with the minimum GPA of a 2.0 on a 4.0 scale. ESL/ELS/EIEP classes or any other remedial courses, even if taken in a university setting, will not be accepted toward the English Proficiency waiver. A waiver cannot be considered until official transcripts are submitted. In addition, the student will be enrolled according to the evaluation of a placement essay written by the student prior to their arrival at MBU. ELS Level 112 may be used as proof of English Proficiency. A copy of the completion certificate is needed for admission. Students who attended a High School in the U.S. may be waived from the English Proficiency requirement if they have completed at least two years in the U.S. and have a minimum of a 2.0 GPA.

#### English Proficiency Appeals:

If a student is eligible for appeal, he or she must complete three additional requirements for admission.

1. Write a formal letter addressed "To Whom It May Concern," typed, dated, and signed stating why you believe you should be admitted to MBU despite not having met the English Proficiency requirement.
2. Complete the IELTS/TOEFL waiver questions provided by International Student Services (ISS). Questions found in K-International Students-Admissions-Policies and Procedures-IELTS or TOEFL Waiver Questions. Send response to Thea Abraham for review.
3. Students must have a B equivalency or higher in any English courses and an overall GPA of a 3.0 or higher.

For information and application for TOEFL, please contact:

*TOEFL Educational Testing Service  
PO BOX 6151  
Princeton, New Jersey 08541-6151*

## Major

## Pre-Licensure BSN

### PRE-LICENSURE BSN DEGREE PROGRAM

Students seeking the Bachelor of Science in Nursing degree will apply to enter the program at the junior year and progress through the nursing curriculum for a period of 2 years. An early admission option will allow students to apply to the program at the beginning of the freshman year for start in the nursing program at the beginning of the junior year.

The School of Nursing at Missouri Baptist University (MBU) may admit up to 24 students per academic year.

### Admission Requirements

1. **Admission to Missouri Baptist University**
2. **Completion of School of Nursing Application** – Applications for admission to the nursing program will open December 1 and will close February 28 for August entry. Refer to the Application Procedure section of this document for details.
3. **Completion of Admission Education and Pre-requisite Courses** – Applicants should have completed all of the pre-nursing requirements (or be currently enrolled) as outlined on the BSN Degree Sheet prior to applying for the nursing program. Students who have up to nine (9) credit hours of general education courses outstanding may be considered for admission if the courses can be taken during a summer semester or in an online format.

Applicants must have completed, or be currently enrolled in, the following pre-nursing courses prior to applying to the nursing program.

- English Composition I (ENGL 113)
- English Composition II (ENGL 123)
- College Algebra (MATH 133)
- Introduction to Chemistry (CHEM 113 + 111)\*^
- Anatomy & Physiology I + Lab (BIOL 213 + 211)\*#^
- Anatomy & Physiology II + Lab (BIOL 223 + 221)\*#^
- Microbiology + Lab (BIOL 373 + 371)\*#^
- Pathophysiology (BIOL 363)\*#^
- Probability and Statistics (MATH 243)

\* Students must have three of the five science courses completed prior to applying for admission. The other two courses can be in progress during the application timeframe, but must be completed before entry in the program.

# Courses must be completed within the past 5 years and have a grade of B or higher.

^ Student must earn a grade of B or higher in these courses.

4. **Minimum Grade Point Average (GPA)** – A minimum GPA of 2.8 is required for students to be accepted into the nursing program.

Telephone: 609-771-7100

## Transfer Nursing Course Credit

A student who has attended, but not completed, another registered nursing program and desires to transfer nursing course credit to MBU School of Nursing will be considered for admission on an individual basis. Please contact the MBU School of Nursing directly for additional requirements pertaining to transfer of nursing course credit.

## Early Admission Option

Missouri Baptist University School of Nursing offers an Early Admission Option for eligible high achieving high school seniors interested in earning a Bachelor of Science in Nursing. The School of Nursing will select up to ten (10) students annually to be admitted through the Early Admission option.

## Benefits

Early Admission students are assigned to a pre-nursing advisor and are guaranteed admission into the nursing program their junior year assuming they have met all nursing admission requirements.

## Criteria

To be considered for the Early Admission Option, a student must meet the following:

- Apply and be accepted into Missouri Baptist University and declare a major of Pre-Nursing
- Complete the Early Admission application to the School of Nursing
- ACT score of at least 24 composite – Preference will be given to students who have an ACT math subscore of 22 or higher and English subscore of 20 or higher.
- Minimum cumulative high school GPA of 3.5 on a 4.0 scale

The following should be submitted to the School of Nursing upon applying:

- Written essay of (no more than 500 words on "Why I Want to be a Nurse"
- Two (2) letters of recommendation; one (1) must be from the high school guidance counselor. Letters of recommendation should be from people who are able to attest to the student's academic and/or healthcare experience.

The most competitive candidates will have volunteer or employment experience in a health care setting, leadership opportunities, community service and/or research experience. Early admission applications will open October 1 and will close February 1 of each year for admission the following academic year. Students will be notified of the decision no later than March 1.

**\*\*Please note\*\*** Meeting the minimum eligibility requirements does not guarantee that an applicant will be accepted to the Early Admission program. Applicants will receive a letter indicating acceptance to the Early Admission Option. Contingent upon maintaining eligibility, students will receive a letter of acceptance to the nursing program in June after the sophomore year.

## Maintaining Eligibility

Once admitted into the Early Admission Option, the student must meet the following criteria:

- Continuous enrollment as a full-time student at Missouri Baptist University in each regular semester session with a pre-nursing major.
- All required courses must be taken at Missouri Baptist University.
- Must maintain a minimum overall GPA of 3.0 in all courses.
- Receive a science grade no lower than a B in Anatomy and Physiology I, Anatomy and Physiology II, Chemistry, Pathophysiology, and Microbiology.

Students who suffer from academic setback in their pre-nursing coursework or decide not to continue with the Early Admission option, still may apply via the regular admission process to the nursing program without being penalized.

## Application Procedure

The following steps are required to complete the MBU School of Nursing application:

1. **Application to MBU –**
  1. Transfer students will submit the undergraduate application for admission by going to the following: <https://www.mobap.edu/admissions/undergraduate/admissions-application-requirements/>.
  2. Current MBU students can skip this step.
2. **Application to School of Nursing -**
  1. Transfer students will be contacted by an Admissions Counselor after completion of the undergraduate application. Once the student's transcripts have been evaluated and the student has been deemed eligible to apply to the nursing program, a link to the School of Nursing application will be given.
  2. Current MBU students should contact Dr. Lydia Thebeau at [Lydia.Thebeau@mobap.edu](mailto:Lydia.Thebeau@mobap.edu) to receive a link to the School of Nursing application.
  3. February 28th is the deadline for submitting all materials for the School of Nursing application for August entry.
3. **Official Transcripts –** Official transcripts from all colleges and universities previously attended (other than MBU) must be received by the MBU Records Office by February 28. **It is the responsibility of the student to ensure that all transcripts have been received by the MBU Records Office by this date.** Transcripts can be mailed to:  
*Missouri Baptist University  
ATTN: Records Office  
One College Park Drive  
Saint Louis, MO 63141-8698*
4. **Non-native English Speaking Students –** Successful completion of the TOEFL iBT meeting the minimum score requirements for each section (see Admission Requirements, page 2). Scores must be provided to the School of Nursing office by the end of the application cycle.

5. **Personal Interview** – The MBU School of Nursing Admissions and Graduation Committee may request a personal interview.
6. **Letters of Recommendation** – All prospective students must include at least two (2) letters of recommendation with the nursing application. Letters of recommendation should be from people who are able to attest to the student's academic and/or healthcare experience.
7. **Written Essay** - A written essay (no more than 500 words) on "Why I want to be a nurse."

## Evaluation

Admission to the nursing program is competitive and based on the applicant pool. Fulfillment of the minimum School of Nursing admission criteria **does not** guarantee admission. Factors given consideration during candidate selection include cumulative GPA, science course GPA, essay, recommendation letters, cocurriculars/honors/awards/accolades, certifications/credentials/work experience/life experience, and potential to complete the program. Final applicants accepted to the program will include the most qualified based on the overall application pool. All applicants will receive a notification letter by **April 1 regarding acceptance into the August BSN class.**

Each application is considered individually without regard to age, race, color, national origin, ethnicity, religion, gender, sex gender identity, gender expression, marital status, parental status, sexual orientation, genetic information, status as an individual with a disability, status as a protected veteran, or any other factors which cannot lawfully be considered, to the extent specific by applicable laws.

The School of Nursing reserves the right to refuse admission or progression to an applicant or student who cannot meet, with reasonable accommodations, the functional abilities to practice safely and effectively as defined by the National Council of State Boards of Nursing, Inc. (1996). Be advised that by current Missouri law, the Missouri State Board of Nursing may discipline or refuse licensure to applicants with certain arrests, misdemeanors, and felonies. For more information, contact the state board of nursing in the state where you intend to practice. The School of Nursing reserves the right to refuse admission or progression to an applicant or student who has been convicted as a felon or has otherwise committed offenses inappropriate for a nurse.

## NCLEX-RN and Licensure

Be advised that to practice professional nursing, a graduate of the nursing program must apply to take a national licensure examination for registered nurses (NCLEX-RN) and apply for licensure in the state where the graduate wants to work as a professional registered nurse. A graduate is required to pass the NCLEX-RN before state licensure can be granted. As outlined in the Missouri State Board of Nursing Nurse Practice Act ([http:// pr.mo.gov/boards/nursing/npa.pdf](http://pr.mo.gov/boards/nursing/npa.pdf)):

The practice of nursing is subject to state-specific licensure requirements. For state-specific licensure requirement information, contact the state board of nursing in the state where you intend to practice. By current Missouri law, the Missouri State Board of Nursing has requirements that include, but are not limited to the following: **20 CSR 2200-4.020 Requirements for Licensure.**

In addition, according to the Missouri State Board of Nursing an applicant for licensure by endorsement or licensure by examination who answers yes to one (1) or more of the questions on the application or the fingerprint checks reveal charges and/ or convictions which relate to possible grounds for denial of licensure under section 335.066, RSMo shall submit copies of appropriate documents, as requested by the board, related to that answer or the fingerprint check before his/her application will be considered complete. The copies shall be certified if they are records of a court or administrative government agency. An applicant

for licensure by endorsement or licensure by examination who the executive director or designee determines may not meet the requirements for licensure or examination shall be notified that the application will be reviewed by the members of the board at the board's next regular scheduled meeting following receipt of all requested documents. The Missouri State Board of Nursing shall notify, by certified mail or delivery, any individual who is refused permission to take an examination for licensure or an individual licensed in another state, territory or foreign country that is denied a license by endorsement without examination. At the time of notification, this individual is to be made aware of his/her avenue of appeal through the Missouri Administrative Hearing Commission.

## Acceptance

Applicants selected for admission must return the BSN Acceptance Form to the School of Nursing office by the specified date. An Acceptance Packet containing additional information concerning requirements described in this section will be sent via e-mail by April 1 and via USPS soon thereafter. The student must pay a \$400 non-refundable tuition deposit by the date specified in the Acceptance Packet to hold the spot in the program.

## Health Insurance

A student is required to have health insurance in effect at all times while participating in School of Nursing activities. Missouri Baptist University and the School of Nursing do not assume responsibility for any premium, co-payment, or any other costs associated with the insurance coverage. A student must notify the School of Nursing if, for any reason, a lapse in coverage has occurred.

## Professional Liability Insurance

Missouri Baptist University will provide the Professional Liability Insurance for each student. Annual coverage is \$1,000,000 per incident/\$3,000,000 aggregate.

## Health Requirements

Health Requirements include a physical examination and immunization verification. Health Requirements must be completed prior to starting the nursing program. Instructions will be provided in the Acceptance Packet. Evidence of the following will be required:

- **Hepatitis B Vaccine** with dates of each injection completed. A completed Hepatitis B vaccination series (series of three), or positive titer is required.
- **Negative tuberculin skin test(s) (two-step)** TB Skin Test #1 placed, then read after 48-72 hours. TB Skin Test #2 placed 7-30 days after Test #1 is read, then read after 48-72 hours.
- **Varicella (chicken pox):** a two injection series of the varicella vaccination or a positive varicella titer
- **Measles, Mumps, and Rubella (MMR)** vaccination(s) or positive titer(s), including two appropriately spaced doses of the measles and mumps vaccines or positive mumps and measles titers
- **Tetanus-Diphtheria and Pertussis (TdaP) vaccine:** after initial TdaP, a routine booster of Td vaccine should be given at 10-year intervals
- **Seasonal influenza vaccinations,** and at the request of the facility, vaccination for other strains of influenza
- **Any other immunizations that may be required by clinical agencies**

## CPR Certification Requirement

Each MBU School of Nursing student is required to maintain current CPR certification while enrolled in the pre-licensure BSN program. A copy of the CPR certification must be on file with the School of Nursing office by the date specified in the Acceptance Packet. Failure to comply with this requirement will result in the inability of the student to attend any practicum experience until the requirement is met. This may ultimately result in the student failing the clinical course. The School of Nursing accepts only CPR courses and certifications that include adult, child, and infant hands-on skills verification and approved by the American Heart Association.

It is the student's responsibility to enroll in and successfully complete an acceptable CPR course. The School of Nursing is not responsible for providing or coordinating any CPR course. It is the student's responsibility to provide the School of Nursing office evidence of current CPR certification if the certification date expires during the academic year.

## Background Check

Learning in clinical settings is an important aspect of the nursing program at Missouri Baptist University. Many health care facilities require information about students engaged in clinical learning opportunities, including, but not limited to: verification of name; address and social security number; personal health information; drug and alcohol testing; criminal background checks; verification of education; listing on any registered sex offender lists; listing on the U.S. Office of Inspector General's Excluded Individual's list; and listing on the U.S. General Services Administration's Excluded Parties List.

Background checks will be provided through the MBU Public Safety Office. If a drug screen is required by a clinical agency, the student will be responsible for the cost of obtaining the test. The information required to permit a student to participate in a clinical setting is determined by the respective health care facility.

Students with a criminal history and/or arrests for which action is still pending will be evaluated on an individual basis, with no guarantee of admission to the program or a clinical site. Any student who does not consent to required disclosure or background checks, or does not meet the clinical settings' eligibility requirements, may not be allowed to enter clinical settings. The School of Nursing is not responsible for finding alternative clinical sites. If a student is unable to fulfill the clinical experiences required by his/her program of study, the student may be unable to graduate. MBU School of Nursing reserves the right to request repeat background and/or drug screens at the expense of the student if deemed necessary by the Dean of Nursing.

## Time Limit for Completion of Degree Requirements

Requirements for the Bachelor of Science in Nursing degree must be completed within three (3) years of admission to the School of Nursing.

## Non-Acceptance

Applicants not accepted may be placed on a waiting list of qualified applicants. The Dean of Nursing notifies waitlisted individuals in order of ranking if openings become available.

## Re-Application

An applicant who is not admitted to the MBU School of Nursing may re-apply for the next admission period by submitting a new application

and following the steps in the Application Procedure section of this document.

## Clinicals

The School of Nursing at Missouri Baptist University partners with a variety of clinical sites to give students a broad range of experiences across various settings and with different populations. Each student will have the opportunity to work with diverse populations during the program.

Pre-licensure BSN program students complete 765 hours of clinical practice in a variety of specialty areas. The program concludes with a 135-hour Senior Capstone experience in which the student works with a preceptor to increase knowledge application, prioritization and decision-making skills as well as help facilitate a smooth transition to professional practice.

Students in the Pre-licensure BSN program begin clinical rotations in the first semester and continue in clinical synthesis experiences throughout the program. Clinical courses may be held anywhere within a 75-mile radius of the campus. Students are responsible for transportation to and from clinical sites. Clinical experiences usually begin at 6:30 a.m. and go until 3:30 p.m., although there could be some afternoon-to-evening hours.

MBU's list of clinical sites is continually growing. Following is a sample of some of the sites that students could attend.

- Bethesda Meadows
- CenterPoint Hospital
- City of St. Louis Department of Health
- Comtrea
- Delmar Gardens
- Hawthorne Children's Psychiatric Hospital
- Hermann Area District Hospital
- Mercy East
- Mercy Jefferson
- Mercy South
- Mercy Washington
- Metropolitan St. Louis Psychiatric Center
- Mid-America Transplant
- Missouri Baptist Sullivan
- Nurses for Newborns
- The Rehabilitation Institute of St. Louis
- Select Specialty Hospital
- Shriners Hospital for Children
- St. Louis Psychiatric Rehabilitation Center
- St. Luke's Hospital
- Wentzville School District

## Curriculum

The pre-licensure BSN degree requires 128 credit hours (68 nonnursing credits and 60 core-nursing credits).

## General Education

2 courses listed below (at least 6 hours)

## Communication Skills

- ENGL 113 - English Composition I (MOTR ENGL 100)  
Semester Hours: *Three*

- ENGL 123 - English Composition II (MOTR ENGL 200)  
Semester Hours: *Three*

## Fine Arts and Humanities

2 courses (at least 6 hours) from the courses listed below, 1 from Fine Arts and 1 from Humanities:

### Fine Arts

- COMM 203 - Understanding Human Communications  
Semester Hours: *Three*  
OR
- COMM 233 - Introduction to Cross-Cultural Communication (MOTR SBSC 101) Semester Hours: *Three*  
OR  
equivalent Communications background

### Humanities

- BIOT 323 - Bioethics Semester Hours: *Three*  
**OR**  
substitution with consent of Dean of Nursing

### Natural Science

1 course from the biological sciences and 1 course in chemistry (at least 8 hours)

- BIOL 101 - Introduction to Biology Laboratory (MOTR BIOL 100L) Semester Hours: *One* \*\* **AND**
- BIOL 103 - Introduction to Biology (MOTR BIOL 100L) Semester Hours: *Three* \*\*
- CHEM 111 - Introduction to Chemistry Laboratory (MOTR CHEM 100L) Semester Hours: *One* **AND** +
- CHEM 113 - Introduction to Chemistry (MOTR CHEM 100L) Semester Hours: *Three*

### Mathematics

1 course (at least 3 hours)\*\*

- MATH 133 - College Algebra (MOTR MATH 130) Semester Hours: *Three*

### Social and Behavioral Sciences

4 courses (at least 12 hours)

- PSYC 133 - General Psychology (MOTR PSYC 100) Semester Hours: *Three*
  - SOCO 113 - Introduction to Sociology (MOTR SOCI 101) Semester Hours: *Three*
- And *one course* from the following:
- SOHI 213 - Worldview and Social Issues (MOTR SOCI 201) Semester Hours: *Three*  
**OR**  
equivalent Social and Behavioral Sciences background

And **one course** from the following:

- HIWO 113 - World History I (MOTR HIST 201) Semester Hours: *Three*  
OR
- HIWO 123 - World History II (MOTR HIST 202) Semester Hours: *Three*  
OR
- HIUS 213 - United States History I (MOTR HIST 101) Semester Hours: *Three*  
OR
- HIUS 223 - United States History II (MOTR HIST 102) Semester Hours: *Three*  
OR
- POLS 103 - U.S. and Missouri Government and Constitution (MOTR POSC 101) Semester Hours: *Three*

### Note(s)

\*Waive BIOL 103+101 if the student has met prerequisites for BIOL 213+211. Elective(s) will be needed to fulfill minimum of 120 hours for BSN degree if BIOL 103+101 waived (at least 4 hours).

**Total: 35 Hours**

## Degree Requirements

### Humanities

2 courses as listed below (at least 6 hours)

- CBIB 113 - Old Testament History Semester Hours: *Three*
- CBIB 123 - New Testament History Semester Hours: *Three*

### Natural Science

8 courses (at least 18 hours)

- BIOL 213 - Anatomy and Physiology I Semester Hours: *Three* †+
- BIOL 211 - Anatomy and Physiology I Laboratory Semester Hours: *One* †+
- BIOL 223 - Anatomy and Physiology II Semester Hours: *Three* †+
- BIOL 221 - Anatomy and Physiology II Laboratory Semester Hours: *One* †+
- BIOL 303 - Nutrition Science Semester Hours: *Three*
- BIOL 363 - Pathophysiology Semester Hours: *Three* †+
- BIOL 371 - Microbiology Laboratory Semester Hours: *One* †+
- BIOL 373 - Microbiology Semester Hours: *Three* †+

### Mathematics

1 course (at least 3 hours)\*\*

- MATH 243 - Probability and Statistics (MOTR MATH 110) Semester Hours: *Three*

## Social and Behavioral Sciences

1 course (at least 3 hours)\*\*

- PSYC 313 - Human Growth and Development (MOTR PSYC 200) Semester Hours: *Three*

## Kinesiology and Health Sciences

One course (at least 3 hours)

- KHSC 333 - Health and Wellness Semester Hours: *Three*

## Interdisciplinary Studies

1 course as listed below (0-1 hour)

- IDST 101 - Collegiate Seminar Semester Hours: *One*
- IDST 200 - Transfer Student Orientation Semester Hours: *Zero*

## Note(s)

+ A grade of B or better is required in these courses for completion of the BSN degree.

\*\*A grade of C or better is required in these courses for completion of the BSN degree.

‡ Course must have been completed within the past 5 years in order to transfer into the School of Nursing

Total: 33 Hours

## Major Requirements

### First Semester

- NRSNG 303 - Professional Nursing Concepts I Semester Hours: *Three*
- NRSNG 304 - Health Assessment w/ Lab Semester Hours: *Four*
- NRSNG 314 - Health Care Concepts I Semester Hours: *Four*
- NRSNG 373 - Health Care Concepts I Clinical Semester Hours: *Three*

### Second Semester

- NRSNG 324 - Health Care Concepts II Semester Hours: *Four*
- NRSNG 374 - Health Care Concepts II Clinical Semester Hours: *Four*
- NRSNG 323 - Evidence-Based Practice Semester Hours: *Three*
- NRSNG 334 - Pharmacology Semester Hours: *Four*

### Third Semester

- NRSNG 443 - Health Care Concepts III Semester Hours: *Three*

- NRSNG 474 - Health Care Concepts III Clinical Semester Hours: *Four*
- NRSNG 412 - Quality Improvement and Information Technology Semester Hours: *Two*
- NRSNG 432 - Concepts of Pediatric and Maternal Healthcare Semester Hours: *Two*
- NRSNG 423 - Spirituality and Diversity in Healthcare Semester Hours: *Three*
- NRSNG 433 - Ethics in Healthcare Semester Hours: *Three*

## Fourth Semester

- NRSNG 403 - Professional Nursing Concepts II Semester Hours: *Three*
- NRSNG 444 - Health Care Concepts IV Semester Hours: *Four*
- NRSNG 472 - Health Care Concepts IV Clinical Semester Hours: *Two*
- NRSNG 422 - NCLEX Prep Semester Hours: *Two*
- NRSNG 483 - Senior Capstone Semester Hours: *Three*

## Note(s)

**Note: A grade of 77% or better must be achieved in each required nursing theory/laboratory course to pass. Students must maintain a 77% average on examinations in each course and an overall grade of 77% in the course.**

**Students must earn an overall grade point average of 2.5 (C) or better for the awarding of the pre-licensure Bachelor of Science in Nursing degree.**

### Time Limit for Completion of Degree Requirements

Requirements for the Bachelor of Science in Nursing degree must be completed within three (3) years of admission to the School of Nursing

Total: 60 Hours

## RN to BSN

**Mission Statement:** In accordance with the mission statement of Missouri Baptist University, the RN-BSN curriculum prepares registered nurses (RNs) for professional service in multifaceted roles. The nursing curriculum prepares students spiritually, intellectually, and professionally through a foundation of liberal arts education. Students integrate personal faith in the practice of nursing serving in a global and culturally diverse society.

The RN-BSN program is delivered completely online, except in cases in which MBU has partnerships with facilities that want to deliver an on-ground cohort. Students may enroll on either a full-time or part-time basis. The RN-BSN program can be completed in as little as 12 months, for full-time students, and 22 months for part-time students.

## Admission Requirements

1. Meet general admission requirements for Missouri Baptist University
2. Have completed a state board-approved associate degree or diploma nursing program

3. Hold a current, unrestricted RN license. Students may enter the program without an RN license, but a license must be obtained by the end of the second term.
4. Minimum 2.0 cumulative GPA for all college course work.

OR equivalent Fine Arts or Humanities background

## Transfer Credit

RN-BSN learners may receive up to 40 hours of nursing credit for proficiency validated by RN licensure. This allows 40 credit hours from the associate degree program to be validated as meeting the outcomes equivalent to those achieved in baccalaureate-degree granting institutions. A maximum of 90 hours may be accepted as transfer credit toward the degree, including the 40 credit hours of validation.

## Graduation Requirements

1. Complete all general education courses with an overall GPA of 2.0.
2. Complete a minimum of 120 credit hours.
3. Complete at least 24 of the last 30 hours at Missouri Baptist University.
4. Must obtain a "C" or better in order to pass a nursing course (RNBS prefix).

## General Education

### Communication Skills

2 courses as listed below (at least 6 hours)

- ENGL 113 - English Composition I (MOTR ENGL 100) Semester Hours: *Three*
- ENGL 123 - English Composition II (MOTR ENGL 200) Semester Hours: *Three*

### Fine Arts and Humanities

3 courses (at least 9 hours) from the courses listed below, with at least one from each division (one Fine Arts, one Humanities, and one from either):

#### Fine Arts

- COMM 203 - Understanding Human Communications Semester Hours: *Three*
- COMM 233 - Introduction to Cross-Cultural Communication (MOTR SBSC 101) Semester Hours: *Three*  
OR equivalent Communications background

#### Humanities

- RNBS 433 - Ethics in Healthcare Semester Hours: *Three* †

And one course from the following:

- ARTS 153 - Art Appreciation (MOTR ARTS 100) Semester Hours: *Three*
- COMM 153 - Appreciation of Film (MOTR FILM 100) Semester Hours: *Three*
- MUHL 153 - Appreciation of Music (MOTR MUSC 100) Semester Hours: *Three*

## Natural Science

2 courses (at least 8 hours)

- BIOL 213 - Anatomy and Physiology I Semester Hours: *Three*
- BIOL 221 - Anatomy and Physiology II Laboratory Semester Hours: *One*
- BIOL 223 - Anatomy and Physiology II Semester Hours: *Three*
- BIOL 211 - Anatomy and Physiology I Laboratory Semester Hours: *One*

## Mathematics

1 course (at least 3 hours)

- MATH 133 - College Algebra (MOTR MATH 130) Semester Hours: *Three*
- MATH 155 - Precalculus (MOTR MATH 150) Semester Hours: *Five*  
OR a course with either MATH 133 or 154 as prerequisite

## Social and Behavioral Sciences

3 courses (9 hours)

- PSYC 133 - General Psychology (MOTR PSYC 100) Semester Hours: *Three*
- PSYC 313 - Human Growth and Development (MOTR PSYC 200) Semester Hours: *Three* †  
**AND** one additional course

**Total: 29 Hours\***

## Degree Requirements

### Humanities

2 courses as listed below (6 hours)

- CSCE 143 - Survey of Christian Literature and Thought Semester Hours: *Three*
- ENGL 203 - World Literary Types (LITR 200) Semester Hours: *Three*

### Natural Science and Mathematics

3 courses (9 hours)

- MATH 243 - Probability and Statistics (MOTR MATH 110) Semester Hours: *Three* †
- BIOL 303 - Nutrition Science Semester Hours: *Three* †
- BIOL 363 - Pathophysiology Semester Hours: *Three* †  
**OR**
- BIOL 373 - Microbiology Semester Hours: *Three* †

## Computer Literacy

1 course as listed below (at least 3 hours)

- RNBS 413 - Quality Improvement and Information Technology Semester Hours: *Three* †

## Interdisciplinary Studies

1 course as listed below (3 hours)

- RNBS 423 - Spirituality and Diversity in Healthcare Semester Hours: *Three* †

## Note(s)

† A grade of C or better is required in these courses for completion of the RN-BSN degree.

\* Not including courses also required in major

Total: 6 Hours\*

## Major Requirements

Required: 12-13 hours

- BIOL 303 - Nutrition Science Semester Hours: *Three*
- BIOL 363 - Pathophysiology Semester Hours: *Three*
- **OR**
- BIOL 373 - Microbiology Semester Hours: *Three*
- BIOL 371 - Microbiology Laboratory Semester Hours: *One*
- MATH 243 - Probability and Statistics (MOTR MATH 110) Semester Hours: *Three*
- PSYC 313 - Human Growth and Development (MOTR PSYC 200) Semester Hours: *Three*  
*Validation of credit: Up to 40 hours of nursing credit for proficiency validated by RN licensure.*

Required: 30 hours

- RNBS 303 - Health Assessment (RN-BSN) Semester Hours: *Three*
- RNBS 313 - Transitions to Professional Nursing Practice Semester Hours: *Three*
- RNBS 323 - Evidence-Based Practice Semester Hours: *Three*
- RNBS 333 - Trends and Issues in Nursing Semester Hours: *Three*

## MBU Online

---

**Mission Statement:** Missouri Baptist University offers a number of degree options that are especially designed to accommodate adult learners, defined as individuals who have been out of high school at least five years and in the workplace, or whose education has otherwise been interrupted before enrolling with MBU in any undergraduate degree program. These options include the online Bachelor of Professional Studies (BPS) degree with majors in Applied Management, Criminal Justice, General Studies, Healthcare Management, Liberal Arts, Ministry and Leadership, and Organizational Leadership and the online Bachelor of Science (BS) degree with a major in Sport Management.

### Major

## Applied Management, BPS (MBU Online Program)

### Major Requirements

#### Required Courses

- BCIS 303 - Information Technology Theory and Practice Semester Hours: *Three*
- BUSN 303 - Business Ethics Semester Hours: *Three*
- BUSN 353 - Communication Strategies in Business Semester Hours: *Three*
- ECON 113 - Macroeconomics (MOTR ECON 101) Semester Hours: *Three*
- ECON 123 - Microeconomics (MOTR ECON 102) Semester Hours: *Three*
- MGMT 303 - Management Concepts and Practices Semester Hours: *Three*
- MGPS 403/503 - Organizational Behavior and Leadership Semester Hours: *Three*<sup>1</sup>
- MRKT 313 - Introduction to Marketing Semester Hours: *Three*

Total: 24

### Note(s)

**Required Electives: At least 12 hours of upper division electives in Accounting, Business Administration, Computer Science, Entrepreneurship, Information Systems, Economics, Management, or Marketing, (excluding general education and degree requirements) to total 36 semester hours.**

Hours: 6

**Total Hours to Complete Major Requirements: 35**

**An additional 36 hours of electives are needed to complete the 120 hour requirement. Of the 36 hours, 9 hours of upper division courses will be required.**

<sup>1</sup>See the catalog section on Senior Permission for information on earning graduate credit for this course.

## Business Administration: BA, BS (MBU Online Program)

CIP Code: 52.0201

### Major Requirements

#### School of Business Core Requirements

- ACCT 213 - Principles of Financial Accounting Semester Hours: *Three*
- ACCT 223 - Principles of Managerial Accounting Semester Hours: *Three*
- MATH 243 - Probability and Statistics (MOTR MATH 110) Semester Hours: *Three*<sup>1</sup>
- BCIS 303 - Information Technology Theory and Practice Semester Hours: *Three* † ‡
- BUSN 303 - Business Ethics Semester Hours: *Three* †
- BUSN 353 - Communication Strategies in Business Semester Hours: *Three*
- BUSN 363 - Financial Management Semester Hours: *Three* † <
- BUSN 413 - Business Law I Semester Hours: *Three* **OR**
- BUSN 423 - Business Law II Semester Hours: *Three* † <
- BUSN 463 - Strategic Management Semester Hours: *Three*
- BUSN 481 - Interviewing Techniques Semester Hours: *One*
- ECON 113 - Macroeconomics (MOTR ECON 101) Semester Hours: *Three*<sup>2</sup>
- ECON 123 - Microeconomics (MOTR ECON 102) Semester Hours: *Three*<sup>2</sup>
- MGMT 303 - Management Concepts and Practices Semester Hours: *Three*
- MGPS 403/503 - Organizational Behavior and Leadership Semester Hours: *Three*<sup>3</sup> <
- MRKT 313 - Introduction to Marketing Semester Hours: *Three* †

Total: 43 Hours

<sup>1</sup>Bachelor of Science Degree Requirement credit hours

<sup>2</sup>General Education Requirement credit hours

<sup>3</sup>See the catalog section on Senior Permission for information on earning graduate credit for this course.

#### Required Business (BUSN) course

- BUSN 403 - Business in A Global Environment Semester Hours: *Three* **OR**
- BUSN 403TS - Business in a Global Environment (Travel Study) Semester Hours: *Three*

Total: 3 Hours

## Required Upper Division Electives: 12 Hours

From courses in Accounting, Business Administration, Computer Science, Information Systems, Information Technology, Economics, Entrepreneurship, Healthcare Management, Management, or Marketing **not used as required courses or electives in another school of business major** (excluding general education and degree requirements)

### Note

- Students should pay careful attention to courses which are only offered once a year, or every other year (see course descriptions), so that graduation may occur in a timely manner.
- Students are encouraged to **declare a second major before completing 60 hours.**

Total: 58 Hours

## Criminal Justice, BPS (MBU Online Program)

**Track III:** For students pursuing the Adult Learning Program BPS degree

### Major Requirements

#### Required Courses

- CRJS 133 - Introduction to Criminal Justice Semester Hours: *Three*
- CRJS 213 - Policing Institutions Semester Hours: *Three*
- CRJS 223 - Correctional Institutions Semester Hours: *Three*
- CRJS 313 - Criminology Semester Hours: *Three*
- CRJS 343 - Criminal Courts, Probation and Parole Semester Hours: *Three*
- CRJS 423 - Criminal Law and Procedure Semester Hours: *Three*
- CRJS 433/533 - Evidence Semester Hours: *Three*
- CRJS 443 - Readings in Criminal Justice Semester Hours: *Three*
- CRJS 453 - Race, Ethnicity, and Crime Semester Hours: *Three*
- CRJS 463/563 - Organization and Administration Semester Hours: *Three*
- CRJS 473 - Internship in Criminal Justice Semester Hours: *Three*
- CRPH 423/523 - Criminal Justice Ethics and Leadership Semester Hours: *Three*
- CRPO 453 - Constitutional Law I Semester Hours: *Three*  
**An additional 36 hours of electives, including 9 hours of upper division, are required to complete the 120 hour requirement.**

Total: 39 Hours

## General Studies, BPS (MBU Online Program)

CIP Codes: 24.0102

### Major Requirements

#### Required Courses

- 13 Upper Division Courses (300-level or higher) Semester Hours: *Thirty-Nine*
- IDST 473 - Liberal Studies Research Capstone Semester Hours: *Three*

### Note(s)

General Studies majors must complete IDST 473 to demonstrate a cohesive and comprehensive understanding of their general studies focus. IDST 473 is fulfilled by an independent study project (thesis paper), approved by the student's faculty advisor.

**An additional 33 hours of electives are needed to complete the 120 hour requirement.**

Total: 42 Hours

## Healthcare Management, BPS (MBU Online Program)

CIP Code: 51.0701

**(Does not include Business Administration minor)**

### Major Requirements

#### Required Accounting Courses

- ACCT 233 - Financial Accounting For Healthcare Systems Semester Hours: *Three*
- ACCT 253 - Managerial Accounting For Healthcare System Semester Hours: *Three*

#### Required Healthcare Management Courses

- HCMG 303 - Introduction to Healthcare Systems Semester Hours: *Three*
- HCMG 313 - Ethical and Legal Issues in Healthcare Semester Hours: *Three*
- HCMG 323 - Introduction to Marketing for Healthcare Systems Semester Hours: *Three*
- HCMG 333 - Introduction to Healthcare Information Technology Semester Hours: *Three*
- HCMG 363 - Financial Management of Healthcare Systems Semester Hours: *Three*
- HCMG 403 - Healthcare and Public Policy Semester Hours: *Three*

- HCMG 413 - Human Resources and Staffing in Healthcare Settings Semester Hours: *Three*
- HCMG 483 - Current Issues in Global and Domestic Healthcare Management Semester Hours: *Three*
- HCMG 453 - Strategic Management in Healthcare Semester Hours: *Three*

**Total: 31 Hours**

<sup>1</sup>Bachelor of Science Degree Requirements credit hours

<sup>2</sup>General Education Requirement credit hours

## Note(s)

*Required Electives: Six (6) hours of electives in Accounting, Business Administration, Computer Science, Entrepreneurship, Information Systems, Economics, Management, Healthcare, or Marketing (excluding general education and degree requirements) to total 39 semester hours for the major.\**

**Hours: 6**

**Total Hours to Complete Major Requirements: 39**

*\*Earned credit from Healthcare-related Associate of Applied Science (A.A.S.) programs such as Physical Therapy Assistant, Occupational Therapy Assistant, Respiratory Therapist, Health Information Technology, or related health care A.A.S., may be utilized towards major elective requirements.*

**An additional 36 hours of electives are needed to complete the 120 hour requirement. Additional upper division hours may be required if enough upper division hours are not completed as part of the six hours of electives in the major.**

**Total: 39 Hours**

## Information Technology: BS (MBU Online)

**CIP Code: 11.0103**

### School of Business Core Requirements

*includes Business Administration minor*

- ACCT 213 - Principles of Financial Accounting Semester Hours: *Three*
- ACCT 223 - Principles of Managerial Accounting Semester Hours: *Three*
- MATH 243 - Probability and Statistics (MOTR MATH 110) Semester Hours: *Three*<sup>1</sup>
- BUSN 303 - Business Ethics Semester Hours: *Three*
- BUSN 353 - Communication Strategies in Business Semester Hours: *Three*
- BUSN 463 - Strategic Management Semester Hours: *Three*
- BUSN 481 - Interviewing Techniques Semester Hours: *One*
- ECON 113 - Macroeconomics (MOTR ECON 101) Semester Hours: *Three*<sup>2</sup>

- CSCM 333 - Redemption and Reconciliation Semester Hours: *Three*
- CBIB 443 - Biblical Hermeneutics Semester Hours: *Three*
- CSCP 403/503 - The Philosophical and Scriptural Foundations of Church Planting Semester Hours: *Three*<sup>1</sup>
- CSCE 413 - Church Administration Semester Hours: *Three*
- CSCE 423/523 - Basics of Biblical Counseling Semester Hours: *Three*<sup>1</sup>
- CSCM 423/523 - Theology of Christian Ministry Semester Hours: *Three*<sup>1</sup>
- CSCM 483/583 - Expository Biblical Ministry Semester Hours: *Three*<sup>1</sup>

#### Ministry and Leadership Capstone

- CEWL 473 - Christian Ministry Internship Semester Hours: *Three*

Total: 39 Hours

#### Note(s)

An additional 36 hours of electives (3 hours of upper division) are needed to complete the 120 hour requirement and 42 hour upper division requirements.

<sup>1</sup>See the catalog section on Senior Permission for information on earning graduate credit for this course.

## Organizational Leadership, BPS (MBU Online Program)

CIP Code: 52.0213

### Major Requirements

#### Required Courses

- BUSN 303 - Business Ethics Semester Hours: *Three*

- BUSN 333 - Leadership in Free Enterprise Semester Hours: *Three*
- MGMT 303 - Management Concepts and Practices Semester Hours: *Three*
- MGMT 353 - Production and Operations Management Semester Hours: *Three*
- MGMT 363 - Managing Organizational Change and Diversity Semester Hours: *Three*
- MGMT 433 - Human Resource Management Semester Hours: *Three*
- MGMT 423 - Organizational Leadership Capstone Semester Hours: *Three*
- MGPS 403/503 - Organizational Behavior and Leadership Semester Hours: *Three*<sup>1</sup>
- PSYC 353 - Industrial Psychology Semester Hours: *Three*

Total: 27 Hours

<sup>1</sup>See the catalog section on Senior Permission for information on earning graduate credit for this course.

#### Electives

Twelve (12) hours of electives in Accounting, Business Administration, Computer Science, Entrepreneurship, Information Systems, Economics, Management, or Marketing (excluding general education and degree requirements) to total 39 semester hours.

Total: 12 hours

An additional 36 hours of electives are needed to complete the 120 hour requirement. Additional upper division hours may be required if enough upper division hours are not completed as part of the 12 hours of electives in the major.

Total: 39 Hours

## Pre-Nursing: ASPN (MBU Online)

CIP Code: 51.1105

### Pre-Nursing

**Mission Statement:** The Associate of Science degree with a concentration in Pre-Nursing is designed to provide students with a solid foundation in the basic skills needed to prepare for a career in nursing. Obtaining this degree gives students a broad basis in the liberal arts tradition, from a Christian worldview, for pursuit of more advanced nursing degrees. Following the Associate of Science – Pre-Nursing with two years of clinical study will complete a Bachelor of Science in Nursing and prepare the student for a successful career in the critically important nursing profession.

### Associate of Science

A minimum of 64-69 semester hours is required to earn the Associate of Science degree with a concentration in Pre-Nursing (ASPN), including the general education and major courses listed below.

Transfer credits will be accepted into this program from an accredited college or school up to a maximum of 42 semester hours of credit, up to

15 hours of which may be earned through credit by examination and/or portfolio assessment of prior learning. Portfolio credit is only available to those students who have completed a minimum of 12 semester hours in residency at Missouri Baptist University. Students must complete a minimum of 22 semester hours in residency at Missouri Baptist University to earn the Associate of Science degree.

A student must earn a grade of C or better in all major courses, and achieve an overall grade point average of 2.5 or better for the awarding of the associate degree.

## Two-Plus-Two Degree in Nursing

Missouri Baptist University and the Goldfarb School of Nursing at Barnes-Jewish College have teamed to offer a Bachelor of Science in Nursing. Through this agreement, two years of study in the Associate of Science degree in Pre-Nursing program will be completed at MBU and the final two years of clinical studies will be completed at Barnes. An articulation agreement between MBU and Barnes was signed in March 2010.

The MBU Associate of Science degree in Pre-Nursing is a 64-69 hour program, and 55 of those hours are fully transferable to Barnes. Students must maintain a 3.0 cumulative grade point average at MBU to gain admissions to Goldfarb School of Nursing.

## General Education Requirements

### Communication Skills

#### Two courses

- ENGL 113 - English Composition I (MOTR ENGL 100) Semester Hours: *Three*
- ENGL 123 - English Composition II (MOTR ENGL 200) Semester Hours: *Three*

Total: 6 Hours

### Fine Arts

One course from the following:

- COMM 203 - Understanding Human Communications Semester Hours: *Three*
- COMM 233 - Introduction to Cross-Cultural Communication (MOTR SBSC 101) Semester Hours: *Three*
- **OR** equivalent Communications background

Total: 3 Hours

### Health and Sport Sciences

#### One course

- KHSC 333 - Health and Wellness Semester Hours: *Three*

Total: 3 Hours

## Humanities

#### Three courses

- CBIB 113 - Old Testament History Semester Hours: *Three*
- CBIB 123 - New Testament History Semester Hours: *Three*
- BIOT 323 - Bioethics Semester Hours: *Three*

Total: 9 Hours

## Mathematics

#### One course

- MATH 133 - College Algebra (MOTR MATH 130) Semester Hours: *Three*

Total: 3 Hours

## Social and Behavioral Sciences

#### Three courses

- PSYC 133 - General Psychology (MOTR PSYC 100) Semester Hours: *Three*
- SOCO 113 - Introduction to Sociology (MOTR SOCI 101) Semester Hours: *Three*
- SOHI 213 - Worldview and Social Issues (MOTR SOCI 201) Semester Hours: *Three*
- **OR** equivalent Social and Behavioral Sciences background

Total: 9 Hours

## History

#### One course from the following

- HIWO 113 - World History I (MOTR HIST 201) Semester Hours: *Three*
- HIWO 123 - World History II (MOTR HIST 202) Semester Hours: *Three*
- HIUS 213 - United States History I (MOTR HIST 101) Semester Hours: *Three*
- HIUS 223 - United States History II (MOTR HIST 102) Semester Hours: *Three*
- POLS 103 - U.S. and Missouri Government and Constitution (MOTR POSC 101) Semester Hours: *Three*

Total: 3 Hours

## Interdisciplinary Studies

#### One course

- IDST 101 - Collegiate Seminar Semester Hours: *One*
- **OR**
- IDST 200 - Transfer Student Orientation Semester Hours: *Zero*

Total: 0-1 Hour(s)

*†BIOL 103+BIOL 101 is waived if student has satisfied prerequisite for BIOL 213+BIOL 211.*

Total: 39-40 Hours

## Major Requirements

### Biology (BIOL) Courses

- BIOL 101 - Introduction to Biology Laboratory (MOTR BIOL 100L) Semester Hours: *One*
- BIOL 103 - Introduction to Biology (MOTR BIOL 100L) Semester Hours: *Three*
- BIOL 211 - Anatomy and Physiology I Laboratory Semester Hours: *One*
- BIOL 213 - Anatomy and Physiology I Semester Hours: *Three*
- BIOL 221 - Anatomy and Physiology II Laboratory Semester Hours: *One*
- BIOL 223 - Anatomy and Physiology II Semester Hours: *Three*
- BIOL 303 - Nutrition Science Semester Hours: *Three*
- BIOL 363 - Pathophysiology Semester Hours: *Three*
- BIOL 371 - Microbiology Laboratory Semester Hours: *One*
- BIOL 373 - Microbiology Semester Hours: *Three*

Total: 18-22 Hours

### Chemistry (CHEM) Courses

- CHEM 111 - Introduction to Chemistry Laboratory (MOTR CHEM 100L) Semester Hours: *One*
- CHEM 113 - Introduction to Chemistry (MOTR CHEM 100L) Semester Hours: *Three*

Total: 4 Hours

### Mathematics (MATH) Courses

- MATH 243 - Probability and Statistics (MOTR MATH 110) Semester Hours: *Three*

Total: 3 Hours

### Psychology (PSYC) Courses

- PSYC 313 - Human Growth and Development (MOTR PSYC 200) Semester Hours: *Three*

Total: 3 Hours

Total: 28-32 Hours

Total: 64-69 Hours for A.S. Degree in Pre-Nursing

## Cross-Listed Courses

Courses cross-listed between disciplines are generally indicated by a common course prefix as listed below. Exceptions, such as MUCS/THEP courses, are denoted in the course description.

| Course Prefix | Cross-listed Disciplines                   |
|---------------|--|
| BUMU          | Business and Music                         |
| CMHS          | Christian Ministry and History             |
| CMPS          | Christian Ministry and Psychology          |
| COEN          | Communications and English                 |
| COST          | Communications and Theatre                 |
| CPHS          | Philosophy and History                     |
| CRPH          | Criminal Justice and Philosophy            |
| CRPO          | Criminal Justice and Political Science     |
| CRPS          | Criminal Justice/Psychology/Sociology      |

Prerequisite: ACCT 233

Note: Adult and Online Program only

## ACCT 313 - Intermediate Accounting I

Semester Hours: *Three*

A study of theoretical foundations and the conceptual framework of accounting with emphasis of study placed on the balance sheet, income statement, statement of cash flows, present and future values applications, cash and investments, inventory, and revenue recognition.

Term Offered: *Fall*

Prerequisite: ACCT 223

## ACCT 323 - Intermediate Accounting II

Semester Hours: *Three*

A continuation of the study of theoretical foundations in accounting with emphasis placed on the accounting of liabilities, capital stock, retained earnings, stockholder's equity changes, debt financing through bonds and other securities, derivatives and hedging, and accounting for income taxes.

Term Offered: *Spring*

Prerequisite: ACCT 313

## ACCT 333 - Cost Accounting

Semester Hours: *Three*

The study of cost determination as applied to a variety of business operations, including analysis of cost behavior, internal control in the manufacturing environment, and methods of cost allocation as well as activity based costing. An emphasis is placed upon job order, process, and standard cost accounting systems.

Term Offered: *Fall, Even Years*

Prerequisite: ACCT 223

## ACCT 343 - Governmental and Not-for-Profit Accounting

Semester Hours: *Three*

This course is a study of the principles of accounting and reporting for governmental units and not-for-profit organizations, such as colleges and hospitals, including fund accounting and budgetary controls, systems theory and application of specialized procedures and methods.

Term Offered: *Spring, Odd Years*

Prerequisite: ACCT 223

## ACCT 353 - Budgeting

Semester Hours: *Three*

This course is designed to help present and future managers understand and apply budgeting theories, principles and techniques. Students examine revenue expenditures, the budgeting process, and analyze budget variances.

Term Offered: *Fall, Odd Years*

Prerequisite: ACCT 223

# Accounting

## ACCT 213 - Principles of Financial Accounting

Semester Hours: *Three*

An introductory study of accounting with emphasis on the accounting cycle, accounting terminology, the collection of accounting data, the recording of data into the accounting system, and the preparation and interpretation of basic financial statements. Topics include accounting for transactions of service and merchandising enterprises, internal control, ethics, common adjusting entries, and application of generally accepted accounting principles as applied to receivables, inventory, productive assets, and liabilities.

Term Offered: *Fall, Spring, Summer*

Note: Books Included Fee applies.

## ACCT 223 - Principles of Managerial Accounting

Semester Hours: *Three*

A study of corporate accounting, job order, process cost, and standard accounting systems, this course includes corporate financial statements, bond liabilities, investments, statement of cash flows, and decision making topics such as variable (direct) costing, break even analysis, EOQ method, budgeting, and financial statement analysis.

Term Offered: *Fall, Spring, Summer*

Prerequisite: ACCT 213

## ACCT 233 - Financial Accounting For Healthcare Systems

Semester Hours: *Three*

An introductory study of accounting in the healthcare field with emphasis on accounting terminology, collection of accounting data, recording of data into the accounting system, preparation and interpretation of basic financial statements, Excel spreadsheets and more. Topics include accounting for transactions for healthcare providers related to internal control, ethics, common adjusting entries, and application of generally accepted accounting principles, with relevant case studies of the accounting systems of healthcare entities.

Term Offered: *Fall*

Note: Adult and Online Program only

## ACCT 253 - Managerial Accounting For Healthcare System

Semester Hours: *Three*

A study of healthcare accounting systems. Includes financial statements of healthcare entities, the role of auditors, financial statement footnotes in closer detail, ratio analysis, working capital, banking relationships, long term debt and other liabilities, investments, relevant case studies of the accounting systems of healthcare entities, PowerPoint presentations, and more.

Term Offered: *Spring*

**Note: This course helps fulfill the 150-hour requirement for students who plan to sit for the CPA exam.**

## ACCT 413 - Tax Accounting

Semester Hours: *Three*

This course is a study of current federal income tax laws and accounting practices as they apply to tax regulations. Topics examined include ethics, research, planning, and compliance. An emphasis is placed upon individual tax returns.

Term Offered: *Fall, Even Years*

Prerequisite: ACCT 223

## ACCT 423 - Current Topics in Financial Accounting and Reporting

Semester Hours: *Three*

In this course students examine current issues in financial accounting and reporting. Issues are examined within the framework of generally accepted accounting principles for valuation, presentation and disclosure of items in financial statements. The course emphasizes the application of the Financial Accounting Standards Board and AICPA pronouncements.

Term Offered: *Spring, Odd Years*

Prerequisite: ACCT 323

**Note: This course helps fulfill the 150- hour requirement for students who plan to sit for the CPA exam.**

## ACCT 443 - Auditing

Semester Hours: *Three*

The course is a study of the work and practice of the independent public accountant. A risk-based approach relating inherent and control risks to substantive audit procedures is utilized. Topics emphasized include internal accounting controls, working papers, audit procedures, sampling, legal liability and ethical behavior.

Term Offered: *Fall, Odd Years*

Prerequisite: ACCT 223.

## ACCT 453 - Forensic and Fraud Accounting

Semester Hours: *Three*

This course seeks to provide an overview of how to detect and minimize accounting fraud in an organization, and review the role of the forensic accountant in investigations and audits. Students will apply various techniques for discovery and evaluation of data as evidence of fraudulent activities in addition to applying internal control techniques for prevention.

Term Offered: *Spring, Even Years*

Prerequisites: ACCT 223 and ACCT 443, each passed with a grade of C or better.

## ACCT 463 - Advanced Accounting

Semester Hours: *Three*

This course offers advanced exposure to current accounting theory and practice. Topics emphasized include partnerships and limited

liability companies, consolidated statements, inter-company transactions, receivership, and estates and trusts.

Term Offered: *Spring, Even Years*

Prerequisite: ACCT 313 or consent of instructor.

## Activity Courses

### KACT 101A - Archery

Semester Hours: *One*

Activity course in beginning archery.

Term Offered: *Fall*

**Note: There is a lab fee charged for this course.**

### KACT 101B - Badminton

Semester Hours: *One*

Term Offered: *On Demand*

### KACT 101D - Self-Defense for Women

Semester Hours: *One*

The course will provide basic rape-prevention awareness skills and physical self-defense skills.

Term Offered: *On Demand*

**Note: There is a lab fee charged for this course.**

### KACT 101E - Aerobics

Semester Hours: *One*

Activity course in aerobic dance for fitness purposes.

Term Offered: *On Demand*

### KACT 101F - Fitness Theory and Practice

Semester Hours: *One*

The course is designed to help the student achieve a pattern of healthy living which will translate into a healthy lifestyle. Activity will include samples of exercises in the health-related aspect areas of physical fitness, with an emphasis on aerobic conditioning. Proper strength, flexibility, body composition, nutrition, and stress-reduction techniques will also be covered.

Term Offered: *Fall, Spring, Summer*

### KACT 101G - Golf

Semester Hours: *One*

Term Offered: *Fall, Spring*

**Note: There is a course fee charged for this course.**

## **KACT 101H - Hiking and Camping**

Semester Hours: *One*

An introductory course teaching the fundamentals of camping and hiking.

Term Offered: *On Demand*

## **KACT 101J - Aerobic Running**

Semester Hours: *One*

Safety, equipment, techniques (including variations in training methods), and practice of jogging/running.

Term Offered: *Fall, Spring*

## **KACT 101K - Chinese Kung Fu**

Semester Hours: *One*

This is a beginning course in Chinese Kung Fu.

Term Offered: *On Demand*

## **KACT 101L - Stretching for Flexibility**

Semester Hours: *One*

This course is designed to help the student learn specific skills and techniques to stretch and improve flexibility. Stretching methods from yoga, Pilates, martial arts, and sports training will be incorporated resulting in reduced muscular tension, stronger joints, improved posture, and enhanced natural movement for the participant.

Term Offered: *Fall, Spring*

## **KACT 101Q - Angling**

Semester Hours: *One*

Beginning angling (fishing) principles, including fish habits, game fish of Missouri, bait and baiting, techniques, and seasonal variables are discussed, and application is made via fishing trips.

Term Offered: *On Demand*

## **KACT 101S - Soccer**

Semester Hours: *One*

Term Offered: *On Demand*

## **KACT 101T - Tennis**

Semester Hours: *One*

Term Offered: *On Demand*

## **KACT 101U - Beach Volleyball**

Semester Hours: *One*

Activity course in beginning beach volleyball. Outdoor sand volleyball rules and play.

Term Offered: *On Demand*

## **KACT 101V - Volleyball**

Semester Hours: *One*

Term Offered: *On Demand*

## **KACT 101W - Strength Training**

Semester Hours: *One*

Term Offered: *Fall, Spring*

## **KACT 101X - Bowling**

Semester Hours: *One*

Term Offered: *Fall, Spring*

**Note: There is a course fee charged for this course.**

## **KACT 101Z - the Walking Cane for Strength, Flexibility, and Personal Defense**

Semester Hours: *One*

This course involves learning to use the standard walking cane for developing strength, flexibility, and personal defense.

Term Offered: *On Demand*

## **KACT 201D - Intermediate Self-Defense for Women**

Semester Hours: *One*

This course is an extension of KACT 101D providing advanced rape-prevention awareness skills and physical self-defense skills.

Term Offered: *On Demand*

**Note: There is a lab fee charged for this course.**

## **KACT 201K - Intermediate Chinese Kung Fu**

Semester Hours: *One*

This course is an extension of KACT 101K.

Term Offered: *On Demand*

## **Art**

### **ARTS 153 - Art Appreciation (MOTR ARTS 100)**

Semester Hours: *Three*

A survey of art from earliest times to the present era, designed to develop an understanding and appreciation of the role of art in the life of man.

Term Offered: *Fall, Spring*

## Biblical Languages

Semester Hours: *Zero*

In order to facilitate inter-student dialogue in the learning of Biblical Languages, this course provides two hours a week as a one-on-one study session. Those students enrolled in CBLA 214 Elementary Koine I or CBLA 224 Elementary Koine II must also enroll in this class.

Term Offered: *Fall, Spring*

Corequisites: CBLA 214 and CBLA 224

### CBLA 214 - Elementary Koine 1

Semester Hours: *Four*

A beginning study of the grammar of the Greek New Testament, emphasizing nouns, pronouns, adjectives, verbs, and simple sentence structure.

Term Offered: *Fall*

Corequisites: CBLA 210

### CBLA 224 - Elementary Koine 2

Semester Hours: *Four*

A continuing study of the grammar of the Greek New Testament, emphasizing nouns, pronouns, adjectives, verbs, and sentence structure.

Term Offered: *Spring*

Prerequisite: CBLA 214.

Corequisite: CBLA 210

### CBLA 313 - Intermediate Koine 1

Semester Hours: *Three*

A study of the particulars of New Testament Greek syntax with an emphasis on microstructure in the context of selected New Testament readings.

Term Offered: *Fall*

Prerequisite: CBLA 224.

### CBLA 323 - Intermediate Koine 2

Semester Hours: *Three*

A study of the particulars of New Testament Greek syntax with an emphasis on macrostructure in the context of selected New Testament readings.

Term Offered: *Spring*

Prerequisite: CBLA 313.

### CBLA 413/513 - New Testament Greek Exegesis 1

Semester Hours: *Three*

This course provides an in-depth study of the resources used in exegetical study including lexical and syntactical resources as well as exegetical commentaries.

Term Offered: *Fall, Even Years*

Prerequisite: CBLA 323. Students taking this course for graduate credit must complete all graduate course requirements.

### CBLA 423/523 - New Testament Greek Exegesis 2

Semester Hours: *Three*

This course provides an in-depth study of the syntactical relationships and grammatical formations of selected Greek New Testament readings as they relate to the exegetical understanding of those texts.

Term Offered: *Spring, Odd Years*

Prerequisite: CBLA 413/513. Students taking this course for graduate credit must complete all graduate course requirements.

### CBLA 433/533 - Elementary Classical Hebrew 1

Semester Hours: *Three*

This is a beginning study of Classical Hebrew, focusing on the alphabet, the noun system, and the strong verb formations. Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *Fall, Odd Years*

### CBLA 443/543 - Elementary Classical Hebrew 2

Semester Hours: *Three*

This is a beginning study of Classical Hebrew, focusing on the weak verb formations with attention to translation.

Term Offered: *Spring, Even Years*

Prerequisite: CBLA 433/533. Students taking this course for graduate credit must complete all graduate course requirements.

## Biblical Studies

### CBIB 113 - Old Testament History

Semester Hours: *Three*

A survey of the Old Testament in historical sequence, with attention given to the most significant events in the experiences of the people of God, from the beginning to the close of the Old Testament. The non narrative literature, including poetry, wisdom, prophets, and apocalypse, is also studied in historical perspective. Attention is given to the distinctive characteristics of each type of literature. This course meets part of the baccalaureate degree requirement in Humanities.

Term Offered: *Fall, Spring, Summer*

### CBIB 123 - New Testament History

Semester Hours: *Three*

A survey of the New Testament in historical sequence, beginning with the Inter-Biblical period and continuing to the close of the New Testament. At the appropriate point, the epistles and Revelation are considered in historical perspective. Attention is given to the distinctive characteristics of the Gospels, parables, epistles, and

apocalyptic literature. This course meets part of the baccalaureate degree requirement in Humanities.

Term Offered: *Fall, Spring, Summer*

### **CBIB 213 - Old Testament Theology**

Semester Hours: *Three*

An exegetically organized study of the Old Testament which concentrates on the hermeneutical movement and development of key concepts and unifying themes from pre-Abrahamic times through the prophets. Emphasis is upon the presentation of these ideas as the Old Testament writers recorded them against the backdrop of their historical, cultural, philosophical, and theological contexts. This course meets part of the baccalaureate degree requirement in Humanities.

Term Offered: *Fall*

Prerequisite: Ministry Majors, Ministry Minors, or consent of the instructor.

### **CBIB 223 - New Testament Theology**

Semester Hours: *Three*

An exegetically organized study of the New Testament which concentrates on the hermeneutical movement and development of key concepts and unifying themes from the end of the Old Testament through the first century A.D. Emphasis is upon the presentation of these ideas as the New Testament writers recorded them against the backdrop of their historical, cultural, philosophical, and theological contexts. This course meets part of the baccalaureate degree requirement in Humanities.

Term Offered: *Spring*

Prerequisite: Ministry Majors, Ministry Minors, or consent of the instructor.

### **CBIB 313 - Advanced Old Testament 1**

Semester Hours: *Three*

This course studies the Old Testament writings covering the Beginnings through the United Kingdom (Genesis through 2 Samuel and Job through Song of Solomon), with particular attention given to the occasion of writing in relation to the message, an examination of the date and authorship, and a discovery of significant teachings.

Term Offered: *Fall, Even Years*

Prerequisite: CBIB 113 or CBIB 213 or consent of instructor.

### **CBIB 323 - Advanced Old Testament 2**

Semester Hours: *Three*

This course studies the Old Testament writings covering the Divided Kingdom through the Post-Exilic Period (1 Kings through Esther and Isaiah through Malachi), with particular attention given to the occasion of writing in relation to the message, an examination of the date and authorship, and a discovery of significant teachings.

Term Offered: *Spring, Odd Years*

Prerequisite: CBIB 113 or CBIB 213 or consent of instructor.

### **CBIB 333 - Advanced New Testament 1**

Semester Hours: *Three*

This course studies the New Testament writings covering the Life of Christ and the General Epistles of the Church (Matthew through John and James through Revelation), with particular attention given to the occasion of writing in relation to the message, an examination of the date and authorship, and discovery of significant teachings.

Term Offered: *Fall, Odd Years*

Prerequisite: CBIB 123 or CBIB 123 or consent of instructor.

### **CBIB 343 - Advanced New Testament 2**

Semester Hours: *Three*

This course studies the New Testament writings covering the early Church and the Apostle Paul (Acts through Philemon), with particular attention given to the occasion of writing in relation to the message, an examination of the date and authorship, and a discovery of significant teachings.

Term Offered: *Spring, Even Years*

Prerequisite: CBIB 123 or CBIB 123 or consent of instructor.

### **CBIB 443 - Biblical Hermeneutics**

Semester Hours: *Three*

This course teaches the principles of biblical interpretation that help a student develop skill at finding the historical meaning of the Bible texts and applying that meaning to contemporary life. An emphasis is placed on studying the Bible from a grammatical, syntactical, theological, and literary point of view. Contemporary developments in the field of hermeneutics are also considered.

Term Offered: *Fall, Even Years*

Prerequisite: CBIB 213 and CBIB 223 for ministry majors and minors; CBIB 113 and CBIB 123 for all other students.

## **Biochemistry**

### **BCHM 453 - Biochemistry II**

Semester Hours: *Three*

This is a continuation of Biochem I. The course involves a study of the relationship between the biomolecules and the nature of living processes. Special consideration is given to the structures, functions and mechanisms of biomolecules within the living cells. The course will comprise a lecture format aided by powerpoint presentations. Emphasis will be placed on understanding the underlined chemical principles in the biological process. Selected topics in pharmacetics and pharmacokinetics will be added to illustrate the course applications and technological links with contemporary pharmaceutical and biomedical sciences.

Term Offered: *Spring*

Prerequisites: CHEM 443 and CHEM 441

## **BCHM 471 - Biochemistry Seminar**

Semester Hours: *One*

Students will select a current area of biochemical research, study that area in depth and make a presentation to the class. They will learn the basis of scientific writing, critically evaluate scientific journal articles and conduct an effective literature search using tools such as Chemical Abstracts and the Scientific Information Retrieval Systems.

Term Offered: *Fall, Even Years*

Prerequisites: ENGL 113, ENGL 123, COMM 103, CHEM 443 and CHEM 441

## **BCHM 481-486 - Biochemistry Independent Research or Internship**

Semester Hours: *One to Six*

This course is designed to give experience in formal research methods, including literature search, laboratory work, record keeping, and reporting results. Each student is associated with a specific research project, during which the student works closely with the faculty and other researchers in the chemistry/biology departments. Alternatively, eligible biochemistry undergraduate majors can participate in the research program sponsored by the National Science Foundation (NSF-REU). Program participants will carry out a research project under the direction of a faculty member at one of its REU (Research Experience for Undergraduates) sites which are departments of large universities participating in the NSF funded research programs. Students enrolled in the program are granted stipends and, in many cases, assistance with housing and travel. Students may also complete a summer internship at a company such as Monsanto, Pfizer, Sigma-Aldrich, Covidien/Mallinckrodt Pharmaceuticals or Chemir Analytical Services. Upon completion of the research, students will present a poster or oral presentation of their work for students and faculty in the chemistry/biology program. A total of six hours may be applied toward graduation.

Term Offered: *On Demand*

Prerequisites: Junior or senior standing and consent of instructor.

## **Biology**

### **BIOL 101 - Introduction to Biology Laboratory (MOTR BIOL 100L)**

Semester Hours: *One*

This laboratory is co-requisite to BIOL 103 Introduction to Biology. This lab may be taken for credit apart from BIOL 103 only with the written consent of the instructor and the student's advisor. Labs will meet for ninety minutes per week for one credit hour.

Term Offered: *Fall, Spring, Summer*

### **BIOL 103 - Introduction to Biology (MOTR BIOL 100L)**

Semester Hours: *Three*

An introduction to biology with emphasis directed toward an understanding of the basic characteristics, processes, and activities of

living organisms. Evolutionary theories and controversies will be discussed. This course satisfies the general education requirement for non- Biology majors.

Term Offered: *Fall, Spring, Summer*

Co-requisite: BIOL 101 - Introduction to Biology Laboratory (MOTR BIOL 100L).

### **BIOL 111 - General Biology I Laboratory (MOTR BIOL 150L)**

Semester Hours: *One*

This laboratory is co-requisite to BIOL 113 General Biology I. This lab may be taken for credit apart from BIOL 113 only with the written consent of the instructor and the student's advisor. Labs will meet for two hours per week for one credit hour.

Term Offered: *Fall*

### **BIOL 113 - General Biology I (MOTR BIOL 150L)**

Semester Hours: *Three*

An introduction to the taxonomy of animals, as well as the genetics, biochemistry, and cell biology of living systems. Evolutionary theories and controversies will be discussed. Required for all Biology majors or minors.

Term Offered: *Fall*

Co-requisite: BIOL 111 - General Biology I Laboratory (MOTR BIOL 150L)

### **BIOL 121 - General Biology II Laboratory**

Semester Hours: *One*

This laboratory is co-requisite to BIOL 123 General Biology II. This lab may be taken for credit apart from BIOL 123 only with the written consent of the instructor and the student's advisor. Labs will meet for two hours per week for one credit hour.

Term Offered: *Spring*

### **BIOL 123 - General Biology II**

Semester Hours: *Three*

An introduction to the morphology, taxonomy, and physiology of plants, as well as animal anatomy and physiology and the ecological interactions of living systems. Required for all Biology majors or minors.

Term Offered: *Spring*

Prerequisites: BIOL 113 + BIOL 111

Co-requisite: BIOL 121 - General Biology II Laboratory

### **BIOL 133 - Survey of Biology (MOTR BIOL 100)**

Semester Hours: *Three*

An introduction to biology for the non-science major student, this course emphasizes life processes and concepts which are common to all living organisms, with the human example. Evolutionary theories and controversies will be discussed. This is the recommended general education course for students in the Adult and Online Program

pursuing the Bachelor of Professional Studies degree.  
Term Offered: *On Demand*

### **BIOL 201 - Human Biology Laboratory (MOTR LIFS 150L)**

Semester Hours: *One*

This laboratory is co-requisite to BIOL 203 Human Biology. This lab may be taken for credit apart from BIOL 203 only with the written consent of the instructor and the student's advisor. Labs will meet for ninety minutes per week for one credit hour.

Term Offered: *Spring*

Co-requisite: BIOL 203 - Human Biology (MOTR LIFS 150L)

### **BIOL 203 - Human Biology (MOTR LIFS 150L)**

Semester Hours: *Three*

This course provides an overview of the biology of the human body, including the basic structure and function of the body from the cellular to major organ system levels. This course satisfies the general education biological sciences credit for non-Biology majors.

Term Offered: *Spring*

Co-requisite: BIOL 201 - Human Biology Laboratory (MOTR LIFS 150L)

### **BIOL 211 - Anatomy and Physiology I Laboratory**

Semester Hours: *One*

This laboratory is co-requisite to BIOL 213 Anatomy and Physiology I. This lab may be taken for credit apart from BIOL 213 only with the written consent of the instructor and the student's advisor. Labs will meet for ninety hours per week for one credit hour.

Term Offered: *Fall, Spring*

### **BIOL 213 - Anatomy and Physiology I**

Semester Hours: *Three*

A study of the structure and function of the human body, including cells; tissues; integumentary, skeletal, muscular, and nervous systems; and special senses.

Term Offered: *Fall, Spring*

Prerequisite: BIOL 101 and BIOL 103 or BIOL 111 and BIOL 113, or high school Advanced Biology or Anatomy and Physiology with a grade of C or better.

Co-requisite: BIOL 211 - Anatomy and Physiology I Laboratory.

### **BIOL 221 - Anatomy and Physiology II Laboratory**

Semester Hours: *One*

This laboratory is co-requisite to BIOL 223 Anatomy and Physiology II. This lab may be taken for credit apart from BIOL 223 only with the written consent of the instructor and the student's advisor. Labs will meet for ninety minutes per week for one credit hour.

Term Offered: *Fall, Spring*

### **BIOL 223 - Anatomy and Physiology II**

Semester Hours: *Three*

A study of the structure and function of the human body, including the circulatory, digestive, respiratory, urinary, reproductive, and endocrine systems.

Term Offered: *Fall, Spring*

Prerequisites: BIOL 211 and BIOL 213.

Co-requisite: BIOL 221 - Anatomy and Physiology II Laboratory

### **BIOL 233 - Plants and People**

Semester Hours: *Three*

The dependence of humans and animal species on plants for purposes of food, fuel, fiber, medicines and other raw material has been a common standard throughout the centuries. The global challenges that we face again underscore the need to understand and utilize our plant resources judiciously to sustain our economies and our environment. This class is designed to cover aspects of plant morphology, growth and development as a basis to survey the plant kingdom and the specific uses of specific plant species. Specific aspects of economic botany such as plants used as grains, root, stem and leaf crops, those used to provide oils, spices, perfumes, medicines, psychoactive drugs, fiber and wood will be covered. This class will be useful to those interested in plant science research at any level as well as those interested in plants for agribusiness purposes.

### **BIOL 271 - Microbiology Laboratory**

Semester Hours: *One*

This laboratory is co-requisite to BIOL 273 Microbiology. This lab may be taken for credit apart from BIOL 273 only with the written consent of the instructor and the student's advisor. Labs will meet for two hours per week for one credit hour.

Term Offered: *Spring*

### **BIOL 273 - Microbiology**

Semester Hours: *Three*

An introductory study of microorganisms dealing mainly with the morphology and physiology of bacteria and viruses. Students will investigate methods of culturing bacteria, as well as methods and chemicals used to control them. Bacteria will be studied in relation to water, milk, and food supplies. An important part of the course concerns the connection between bacteria and disease. Students will explore the processes of infection and transmission of disease. In conjunction with the study of disease, students will receive a working knowledge of the body's defense mechanisms, including both the cellular and humoral immune systems. Partial requirements for this upper division section are the same as BIOL 273, with additional written assignments and a research paper.

Term Offered: *Spring*

Prerequisite: A laboratory course in Biology.

Co-requisite: BIOL 271 - Microbiology Laboratory

## **BIOL 303 - Nutrition Science**

Semester Hours: *Three*

A study of the dietary and physiologic aspects of nutrition, detailing the importance of each nutrient to body function and to proper dietary health. The course also involves a brief survey of the anatomy and physiology of the digestive system.

Term Offered: *Fall, Spring*

rerequisites: BIOL 101 and BIOL 103, BIOL 111 and BIOL 113, BIOL 133, BIOL 201 and BIOL 203, or BIOL 233.

## **BIOL 313A - Spring Wildflowers of Missouri**

Semester Hours: *Three*

A study of the identification, ecology, and importance of the wildflowers of Missouri. Students are taught characteristics which will allow them to identify to family level the common wildflowers of Missouri.

Term Offered: *Summer, On Demand*

Prerequisites: BIOL 101 and BIOL 103, BIOL 111 and BIOL 113, BIOL 133, or BIOL 233.

## **BIOL 313B - Flora and Fauna of Missouri**

Semester Hours: *Three*

A study of the identification, ecology, and importance of the common plant and animal species of Missouri. Recommended for teacher education students.

Term Offered: *On Demand*

Prerequisites: BIOL 101 and BIOL 103, BIOL 111 and BIOL 113, BIOL 133, or BIOL 233.

## **BIOL 321A - Environmental Science and Conservation Laboratory**

Semester Hours: *One*

This laboratory is co-requisite to BIOL 323A Environmental Science and Conservation. This lab may be taken for credit apart from BIOL 323A only with the written consent of the instructor and the student's advisor. Labs will meet for two hours per week for one credit hour.

Term Offered: *Fall, Odd Years*

## **BIOL 321B - Special Topics in Environmental Science**

Semester Hours: *One*

The student will research a topic, agreed upon with the instructor, relating to ecology/environmental science.

Term Offered: *On Demand*

Prerequisite: Successful completion of a previous course in Ecology or Environmental Science.

## **BIOL 323A - Environmental Science and Conservation**

Semester Hours: *Three*

This course will provide a study of renewable and non-renewable resources, including animals, plants, air, soil, water, and fossil fuels. The course will explore man's place in the world and examine his present and future possible effects on the environment. This course is recommended to meet the requirements of students desiring to obtain Unified Science certification.

Term Offered: *Fall, Odd Years*

Prerequisites: BIOL 101 and BIOL 103, BIOL 111 and BIOL 113, BIOL 133, or BIOL 233

Co-requisite: BIOL 321A - Environmental Science and Conservation Laboratory

## **BIOL 323B - Ecology**

Semester Hours: *Three*

A study of the interrelationship of plants and animals, and their environment. A field project allows students to better grasp the workings of nature in the world. Three hours of lecture per week.

Term Offered: *Fall, Even Years*

Prerequisites: BIOL 101 and BIOL 103, BIOL 111 and BIOL 113, BIOL 133, or BIOL 233.

## **BIOL 333 - Plant Physiology**

Semester Hours: *Three*

This course will address the relationship between the form and function of plants. The interplay of morphology, anatomy and metabolism as it relates to their role in the growth and development of plants will be among the topics covered. Fundamental principles of plant physiology concerning photosynthesis, respiration, transpiration and water movement, translocation, secondary metabolite synthesis, and developmental stages will be presented. As a natural consequence of this approach, applied topics describing how plant processes affect yield and the nutritional quality of food crops, and how plants respond to and survive in various environments, will be investigated. This course will provide students with the knowledge of plant physiology necessary to prepare them for the further study of plant development, metabolism and biochemistry required to understand the plant biotechnology industry. This class will be valuable for those interested in going into research and for those with a greater interest in the practical uses of plants as a food source and for beautifying the environment.

Term Offered: *Spring, Even Years*

Prerequisite(s): BIOL 101 and BIOL 103, BIOL 111 and BIOL 113, BIOL 133, or BIOL 233.

## **BIOL 341 - Genetics Laboratory**

Semester Hours: *One*

This laboratory is co-requisite to BIOL 343 - Genetics. This lab may be taken for credit apart from BIOL 343 only with the written consent of the instructor and the student's advisor. Labs will meet for two hours per week for one credit hour.

Term Offered: *Fall*

## **BIOL 343 - Genetics**

Semester Hours: *Three*

A study of the basic principles of heredity with emphasis on the application to humankind.

Term Offered: *Fall*

Prerequisites: BIOL 101 and BIOL 103 or BIOL 111 and BIOL 113.

Co-requisite: BIOL 341 - Genetics Laboratory

## **BIOL 353 - Developmental Biology**

Semester Hours: *Three*

This course provides an in-depth study of the processes that occur during development. Examples of topics covered include genetic and cellular cues, gametogenesis and fertilization, neural development and organogenesis, and processes occurring in the post-embryonic period. While relevance to human development is most important, different animal systems are explored to provide context. Lectures are supplemented with microscopic and gross specimens, as relevant.

Term Offered: *On Demand*

Prerequisite(s): BIOL 101+BIOL 103 or BIOL 111+BIOL 113 and BIOL 211+BIOL 213 and BIOL 221+BIOL 223.

## **BIOL 363 - Pathophysiology**

Semester Hours: *Three*

This course involves the study of the mechanisms of disease and abnormal function, and of the physiologic response to the condition. Major consideration is given to human systems maintaining homeostasis in adversity.

Term Offered: *Spring*

Prerequisites: BIOL 211, BIOL 213, BIOL 221, and BIOL 223.

## **BIOL 371 - Microbiology Laboratory**

Semester Hours: *One*

This laboratory is co-requisite to BIOL 373 Microbiology. This lab may be taken for credit apart from BIOL 373 only with the written consent of the instructor and the student's advisor. Labs will meet for two hours per week for one credit hour.

Term Offered: *Spring*

## **BIOL 373 - Microbiology**

Semester Hours: *Three*

An introductory study of microorganisms dealing mainly with the morphology and physiology of bacteria and viruses. Students will investigate methods of culturing bacteria, as well as methods and chemicals used to control them. Bacteria will be studied in relation to water, milk, and food supplies. An important part of the course concerns the connection between bacteria and disease. Students will explore the processes of infection and transmission of disease. In conjunction with the study of disease, students will receive a working knowledge of the body's defense mechanisms, including both the cellular and humoral immune systems. Partial requirements for this upper division section are the same as BIOL 273, with additional written assignments and a research paper.

Term Offered: *Spring*

Prerequisite: A laboratory course in Biology.

Co-requisite: BIOL 371 - Microbiology Laboratory

## **BIOL 382-384 - Instructional Methods and Problems in Biology**

Semester Hours: *Two to Four*

This course is a study and application of methods used to solve problems in biology. The student will assist the instructor with the teaching of the class, solve problems that arise in the process of the class, and work independently with other problems.

Term Offered: *On Demand*

Prerequisites: BIOL 111, BIOL 113, BIOL 121, BIOL 123, and consent of instructor. A total of six hours may be applied to graduation.

## **BIOL 401 - Integrating Concepts of Biology**

Semester Hours: *One*

This capstone course will serve to tie upper division biology courses together and provide a succinct review of major biological principles.

This course is designed to serve as a preparatory tool for students intending to sit for biological assessment exams and/or admission exams for professional programs such as the MoCA or the GRE subject area exam. The course will meet one hour per week and will address the integration of core concepts covered in Genetics, Microbiology, Anatomy and Physiology I & II, Cell Biology, and Environmental Science.

Term Offered: *Fall*

Prerequisites: Senior standing and a minimum of 5 of the following courses: BIOL 213 and BIOL 211, BIOL 223 and BIOL 221, BIOL 323A and BIOL 321A, BIOL 343 and BIOL 341, BIOL 373 and BIOL 371, BIOL 423 or written consent of the instructor.

## **BIOL 401L - General Zoology Laboratory**

Semester Hours: *One*

This laboratory is co-requisite to BIOL 403 General Zoology. This lab may be taken for credit apart from BIOL 403 only with the written consent of the instructor and the student's advisor. Labs will meet for two hours per week for one credit hour.

Term Offered: *Fall, On Demand*

## **BIOL 403 - General Zoology**

Semester Hours: *Three*

A study of the major invertebrate and vertebrate phyla with emphasis on comparative anatomy and physiology, distribution, and ecological adaptation.

Term Offered: *Fall, On Demand*

Prerequisites: BIOL 101 and BIOL 103 or BIOL 111 and BIOL 113.

Co-requisite: BIOL 401L - General Zoology Laboratory

## **BIOL 411 - Plant Anatomy Lab**

Semester Hours: *One*

This lab will prepare students to understand and recognize the various tissue types found in plants. Relationships between the various tissue types and the roles they play in the production of food and other plant-based products will also be covered. This lab will be the hands-on complement to BIOL 413, Plant Anatomy. This lab may be taken for credit apart from BIOL 413 only with the written consent of the instructor and the student's advisor. Labs will meet for two hours per week for one credit hour.

Term Offered: *Spring, Even Years*

Pre-requisite: BIOL 101 and BIOL 103 or BIOL 111 and BIOL 113.

Co-requisite: BIOL 413.

## **BIOL 413 - Plant Anatomy**

Semester Hours: *Three*

A course dealing with the major morphology and particular cell types which make up the plant body. Three hours of lecture per week, some of which may be in the form of practical application.

Term Offered: *Spring, Even Years*

Prerequisites: BIOL 101 and BIOL 103, BIOL 111 and BIOL 113, BIOL 133, or BIOL 233.

Co-requisite: BIOL 411

## **BIOL 423 - Cell Biology**

Semester Hours: *Three*

This course is designed to integrate cytological structures with biochemical functions. As such, it will deal with the biochemical structure and function of cell membranes, ribosomes, mitochondria, chloroplasts, chromatids, and the cytoskeleton, as well as the origin, development, specialization, and function of the cell.

Term Offered: *Fall*

Prerequisites: Two lab/lecture combinations from among BIOL 101 and BIOL 103, BIOL 111 and BIOL 113, BIOL 121 and BIOL 123, BIOL 211 and BIOL 213, BIOL 221 and BIOL 223, or BIOL 371 and BIOL 373.

## **BIOL 431A - Immunology Laboratory**

Semester Hours: *One*

This laboratory course will explore concepts of immunology from a practical standpoint, including agglutination, antibody-binding, and cell response assays. Students will learn concepts that are applicable to methods and disciplines beyond immunology.

Term Offered: *Fall, On-Demand*

Prerequisite: BIOL 371+BIOL 373 Microbiology

Recommended Prerequisite: BIOL 423 Cell Biology

Co-requisite: BIOL 433A Immunology

## **BIOL 433A - Immunology**

Semester Hours: *Three*

This course explores fundamental concepts of the immune system for host defense, normal physiology, and pathogenesis of selected

diseases and clinical situations. Attention is given to major immune components, including innate and adaptive arms, immune cell populations, and immune system mediators. Use of scientific literature and case studies will reinforce classroom content.

Term Offered: *Fall, On-Demand*

Prerequisite: BIOL 371+ BIOL 373 Microbiology

Recommended Prerequisite:BIOL 423 Cell Biology

Recommended co-requisite: BIOL 431A Immunology Laboratory

## **BIOL 443 - Advanced Human Physiology**

Semester Hours: *Three*

This course is designed as an in-depth study of the physiology of the human body. It is intended for the upper-division Biology major who wants a more thorough understanding of the workings of the major body systems. Material covered in the course includes the nervous, endocrine, cardiovascular, respiratory, renal, musculoskeletal, integumentary, and reproductive systems.

Term Offered: *Fall, Even Years*

Prerequisites: BIOL 211, BIOL 213, BIOL 221, and BIOL 223.

## **BIOL 451 - Taxonomy of the Flowering Plants Laboratory**

Semester Hours: *One*

This laboratory is co-requisite to BIOL 453 Taxonomy of the Flowering Plants. This lab may be taken for credit apart from BIOL 453 only with the written consent of the instructor and the student's advisor. Labs will meet for two hours per week for one credit hour.

Term Offered: *Spring, Odd Years*

## **BIOL 453 - Taxonomy of the Flowering Plants**

Semester Hours: *Three*

A course designed to give students an insight into the systemic classification of flowering plants.

Term Offered: *Spring, Odd Years*

Prerequisites: BIOL 101 and BIOL 103, BIOL 111 and BIOL 113, BIOL 133, or BIOL 233.

Co-requisite: BIOL 451 - Taxonomy of the Flowering Plants Laboratory.

## **BIOL 463A - Molecular Genetics**

Semester Hours: *Three*

This course focuses on the molecular aspects of genes, their regulation in prokaryotic and eukaryotic organisms, and mechanisms of DNA recombination. Molecular processes covered in the course will include DNA replication, epigenetic regulation, genetic recombination, genetic transposition, and function of non-coding RNA. Course content will build a foundation for the study of conventional and emerging genetic technologies, such as primer design and CRISPR/Cas system-mediated production of transgenic organisms.

Term Offered: *Spring*

Prerequisite: BIOL 343 - Genetics and BIOL 341 - Genetics Laboratory

## **BIOL 471 - Marine Biology Laboratory**

Semester Hours: *One*

This laboratory is co-requisite to BIOL 473 Marine Biology. This lab may be taken for credit apart from BIOL 473 only with the written consent of the instructor and the student's advisor. A mandatory weekend-long field trip to the Chicago area to view the collections at the Shedd Aquarium and Field Museum of Natural History is offered in lieu of a classroom-based lab.

Term Offered: *On Demand*

## **BIOL 473 - Marine Biology**

Semester Hours: *Three*

A survey of aquatic life including the biology of marine vertebrates, invertebrates, and plants, as well as an examination of marine ecosystems, including the physical and geological factors that help create individual environments.

Term Offered: *On Demand*

Co-requisite: BIOL 471 - Marine Biology Laboratory.

## **BIOL 481-486 - Research in Biology**

Semester Hours: *Variable*

Library and laboratory research in biology resulting in the submission of a formal paper. This course is designed to give experience in formal research methods, including literature search, laboratory work, record keeping, and reporting results. The scope of the research problem will be limited, but the quality of work and methodology will approach that expected in industry or graduate school. A total of six hours may be applied toward graduation.

Term Offered: *On Demand*

Prerequisites: Junior standing and consent of instructor.

## **Biotechnology**

### **BIOT 211 - Biotechnology Laboratory**

Semester Hours: *One*

This laboratory course is co-requisite to BIOT 213 - Introduction to Biotechnology and will provide students with hands-on practice of major techniques used in isolation and characterization of biologically important macromolecules with emphasis on centrifugation, electrophoresis, nucleic acid isolation, purification, hybridization, polymerase chain reaction, protein analysis and quantitation.

Term Offered: *Fall*

Co-requisite: BIOT 213 - Introduction to Biotechnology

### **BIOT 213 - Introduction to Biotechnology**

Semester Hours: *Three*

This course will introduce principles and applications of major techniques used in isolation and characterization of biologically important macromolecules with emphasis on centrifugation, electrophoresis, nucleic acid isolation, purification, hybridization,

polymerase chain reaction, protein analysis and quantitation.

Term Offered: *Fall*

Prerequisites: BIOL 113 and BIOL 111; BIOL 123 and BIOL 121; CHEM 113 and CHEM 111 or CHEM 133 and CHEM 132; CHEM 143 and CHEM 142.

Co-requisite: BIOT 211 - Biotechnology Laboratory.

### **BIOT 301 - Biotechnology Seminar**

Semester Hours: *One*

Students will learn the basics of scientific writing, how to critically evaluate a scientific journal article, and how to present a scientific journal article to an audience.

Term Offered: *Fall*

Prerequisites: BIOL 113, BIOL 123; ENGL 113, ENGL 123, COMM 103.

### **BIOT 313 - Experimental Biochemistry and Molecular Biology**

Semester Hours: *Three*

This course is designed as an in-depth study on the scientific principles of techniques in biotechnology. This combined lecture/ lab course will take the student through a small-scale laboratory project that will reinforce all aspects of the scientific method and critical analysis of experimental design and research practices as they apply their knowledge of the principles of laboratory techniques to experimental settings.

Term Offered: *Spring*

Prerequisites: BIOL 343 or BIOL 423

### **BIOT 323 - Bioethics**

Semester Hours: *Three*

This course will involve analysis of current and potential ethical and legal issues surrounding applications of biotechnology that impact our society. Topics include, but are not limited to, agricultural genetic engineering, gene therapy, stem cell research, and human cloning. Students will also be introduced to the need for Institutional Review Boards, protocols for animal and human research projects or drug studies, and statements of risk disclosure.

Term Offered: *Fall, Spring*

Prerequisite: BIOL 103 and BIOL 101, BIOL 113 and BIOL 111, BIOL 133, or BIOL 203 and BIOL 201 or BIOL 233.

### **BIOT 483-486: - Biotechnology Internship or Independent Research**

Semester Hours: *Three to Six*

Through collaborations [anticipated to be] established with companies such as Monsanto, Pfizer, Danforth Center, Sigma-Aldrich, students will be actively engaged in a research project involving bench work or clinical studies in the area of biotechnology. Upon completion of the research, students will present a poster or oral presentation of their work for students and faculty in the biotechnology program. Three to six credit hours can be earned.

Term Offered: *On Demand*

Prerequisite: Junior class standing or permission of instructor.

## Broadcast Media

### COMT 343 - Advanced Media Technologies

Semester Hours: *Three*

This course builds on the skills learned in COMR 383. Students will be working with industry-standard software used in video production and graphic design, including products found in the Adobe Creative Cloud.

Term Offered: *Spring, Odd Years*

Prerequisite: COMR 383

### COMT 353 - Convergent Media

Semester Hours: *Three*

This course will develop journalism skills by focusing on writing, photography, video and content management for multi-media, web-based platforms, including web and broadcast. This is an intensive, hands-on approach to convergent journalism. The Associated Press Stylebook is emphasized.

Term Offered: *Fall, Spring*

Prerequisites: COEN 223, COMM 223, or consent of the instructor.

### COMT 363 - Video Production Techniques

Semester Hours: *Three*

Students continue to build on the technical knowledge and video production skills that were introduced in COMM 263, Introduction to Audio and Video Communications. The class will focus on intermediate level editing and camera operation theory and skills. An equipment fee, in addition to tuition, is charged for this course.

Term Offered: *Fall, Odd Years*

Prerequisite: COMM 263 or consent of instructor.

### COMT 413 - Broadcast Techniques

Semester Hours: *Three*

Students learn and practice on-air presentation techniques for effective broadcast delivery and interpretation. The course focuses on voice and diction control, phrasing and interpretation of copy. Students will also learn about creating an on-air image including broadcast makeup, trends, dress, etc.

Term Offered: *Fall*

Prerequisites: COMM 203, COMM 223, and COMM 263, or permission of instructor.

### COMT 463 - Advanced Post-Production

Semester Hours: *Three*

This course involves advanced video production techniques including post-production editing, special effects, graphics and delivery.

Students will complete video projects with the opportunity to develop a personal portfolio. An equipment fee, in addition to tuition, is

charged for this course.

Term Offered: *Spring, Even Years*

Prerequisites: COMM 263 and COMT 363, or consent of instructor.

### COMT 473 - Broadcast Media Internship

Semester Hours: *Three*

This course exposes students to the disciplines and skills of the media through firsthand experience in the field of audio and video communications. Students must have completed coursework in the Broadcast Media major to enroll in this course.

Term Offered: *Fall, Spring, Summer*

Prerequisites: Consent of instructor and consent of appropriate field supervisor.

### COMT 483A/B - Studio Production I/II

Semester Hours: *Three*

This course provides insight into practical, everyday operations and demands of a media practitioner in the broad field of audio/ visual communication. Students practice professional strategies and advanced techniques by taking leadership roles in the videotaping of regular campus chapel services and special events on and off campus. This course may be repeated for credit up to a total of six semester hours.

Term Offered: *Fall, Spring*

Prerequisites: COMM 263 and consent of instructor.

### COMU 323 - Principles of Sound

Semester Hours: *Three*

An in-depth look at the science of sound. Other topics discussed in this class are fundamental concepts including audio signal flow, using an audio mixer, live sound reinforcement, acoustics studies, and troubleshooting.

Term Offered: *Fall, Even Years*

Prerequisite: COMM 263 or consent of the instructor.

### COMU 343 - Studio Recording I

Semester Hours: *Three*

This course will consist of taking principles of sound learned in the previous courses and applying them to capturing audio. This class focuses on learning the functions and concepts of a digital audio workstation to capture audio. This class will emphasize how to use audio software, in conjunction with the concepts and theories of capturing audio.

Term Offered: *Spring, Odd Years*

### COMU 463 - Studio Recording II

Semester Hours: *Three*

This course will focus on techniques in multi-track audio editing. Students will experiment with various nonlinear applications and produce spoken voice and music production projects. Studio roles will span from engineer, producer and editor, examining contemporary production examples. A special fee, in addition to

tuition, is charged for this course.

Term Offered: *Spring, Odd Years*

Prerequisite: COMM 263 and COMU 323, or consent of instructor.

## Business

### BUSN 303 - Business Ethics

Semester Hours: *Three*

This course will involve the analysis of ethical issues impacting contemporary business leaders today. Topics covered include key terminology, the external environment surrounding the firm, the corporation and its stakeholders, business/government relationships, public policy issues, and the people who are affected. The framework in which business and social policies are established will also be a focus of this course. Case study analysis and experiential exercises will be utilized to examine and dissect ethical dilemmas.

Term Offered: *Fall, Spring, Summer*

### BUSN 311 - Students in Free Enterprise (SIFE)

Semester Hours: *One*

Students in Free Enterprise (SIFE), also known as ENACTUS, is an international, nonprofit student organization that challenges students on over 1400 campuses in the United States and 47 foreign countries to take what they learn in the classroom and apply it to business and community projects. The goal is to improve lives and uplift the standard of living in the local and business community. Students plan and implement outreach projects in a hands-on environment unique to the SIFE/ ENACTUS experience. They have an opportunity to practice and improve their communication; creativity, team building, and leadership skills as they work with the community, local businesses and professionals. As a result of membership in this organization, students have an opportunity to interact with top-level business leaders and entrepreneurs as they make executive decisions. They will also be entered into the SIFE/ENACTUS International Computerized Career Network Job Bank only available to SIFE/ENACTUS members. Students from any discipline can take part in and benefit from this class and this organization. Up to three hours of credit may be applied toward upper level electives within the School of Business, with a maximum of 7 hours applied toward total upper division hours.

Term Offered: *Fall, Spring*

### BUSN 333 - Leadership in Free Enterprise

Semester Hours: *Three*

This course will examine leadership styles and theory while providing students with the opportunity to develop leadership skills through an experiential learning environment while practicing the principles of free enterprise. Students will develop educational projects, business ventures, and community activities and events along with local business and community organizations to enhance their understanding of the role of leadership and free enterprise in a global environment.

Term Offered: *Fall, Spring*

### BUSN 341A/B/C - Leadership in Free Enterprise System

Semester Hours: *One*

This course is a follow-up to BUSN 333 Leadership in Free Enterprise. Students will primarily serve as mentors to students enrolled in BUSN 333 and will assist them in the development and implementation of business and community projects. This is a one (1) credit hour course, and students may enroll for up to three (3) semesters, or 3 hours of elective credits. Students cannot be registered for BUSN 311 Students in Free Enterprise for credit at the same time that they are registered in BUSN 341.

Term Offered: *Fall, Spring*

Prerequisite: BUSN 333.

### BUSN 343 - Personal Finance

Semester Hours: *Three*

Studies the key concepts of financial planning issues that individuals and families encounter. Topics include: cash and credit management, budgeting, taxes, insurance, and investments. Experiential exercises will facilitate applying these practical, real world financial planning tools. The student should have a better understanding of the key questions to address in personal financial planning and decision making.

Term Offered: *Spring*

### BUSN 353 - Communication Strategies in Business

Semester Hours: *Three*

This course focuses on both communication strategies and tools which directly apply to today's business environment, including communication within and between business organizations, as well as with all business stakeholders. Students will apply business writing principles to the creation of effective business documents and oral presentations as well as the communication techniques for social media platforms. Students will also be exposed to typical business communication tools, with emphasis on the Microsoft Office Suite and the integration of these tools into both formal and informal communication. Emphasis is placed on using critical thinking skills to analyze and solve business problems. This course includes the study and application of team communication and the use of technology to facilitate the communication process. Additionally, the fundamentals of professional decorum, etiquette, and communication across cultures will be incorporated.

Term Offered: *Fall, Spring, Summer*

Prerequisites: ENGL 113, ENGL 123, and Junior standing.

### BUSN 363 - Financial Management

Semester Hours: *Three*

This course is designed to equip students with key tools, techniques, and theories that promote wealth-maximizing decision-making within the firm. These tools, techniques, and theories include financial institutions and markets, financial statement analysis, working capital management, cash budgets and cash flow analysis, pro-forma

statements, time value of money and capital budgeting.

Term Offered: *Fall, Spring*

Prerequisites: ACCT 213 and ACCT 223

## **BUSN 403 - Business in A Global Environment**

Semester Hours: *Three*

Examines business practices across the globe in consideration of current cultural, political, legal, socio-economic, environmental, macro-economic and technological factors. Internal capabilities of the firm and competition in the international marketplace are also considered.

Term Offered: *Spring*

rerequisites: ACCT 213, BUSN 303, MRKT 313 and MGMT 303

## **BUSN 403TS - Business in a Global Environment (Travel Study)**

Semester Hours: *Three*

This course is a special travel-study course and fulfills the business core requirement of BUSN 403. Students will travel outside of the US over Spring Break. The fulfillment of objectives and outcomes occurs through supervised and organized travel. Additional course fee required.

Term Offered: *Spring*

Prerequisites: ACCT 213, BUSN 303, MRKT 313, MGMT 303

## **BUSN 413 - Business Law I**

Semester Hours: *Three*

A study of general principles of law as applied to business transactions concerning contracts, agency, sale of goods, and insurance, as covered in the Uniform Commercial Code.

Term Offered: *Fall*

## **BUSN 423 - Business Law II**

Semester Hours: *Three*

A study of federal regulation of business, insurance, sales, commercial paper, real and personal property, secured transactions, debtors' and creditors' rights.

Term Offered: *Spring*

## **BUSN 463 - Strategic Management**

Semester Hours: *Three*

A capstone course designed to give students exposure to the overall strategy and policy formulation in a business enterprise. Extensive use of the case study method is emphasized.

Term Offered: *Fall, Spring*

Prerequisites: ACCT 213, ACCT 223, BUSN 303, BUSN 353, BUSN 363, and MRKT 313.

**Note: This course will not be accepted in transfer from another institution and cannot be taken through Directed Study.**

## **BUSN 473 - Securities Industry Overview**

Semester Hours: *Three*

This course is designed to equip the student with a basic knowledge of the securities industry. Topics to be covered include the structure of financial markets, products and their risks, customer accounts, regulatory agencies, and prohibited practices. Product knowledge covers, but is not limited to, common stock, preferred stock, corporate bonds, municipal bonds, US Treasuries, stock options and other derivatives. Upon completion of the course, the student will be prepared to sit for the Securities Industry Exam; a qualifying exam necessary for employment within the financial industry.

Term Offered: *Spring, Even Years*

Prerequisites: This course is open to juniors and seniors with a 2.5 or better cumulative GPA; and who have passed ACCT 213 Principles of Financial Accounting and ECON 113 Macroeconomics (MOTR ECON 101) with a grade of C or better.

## **BUSN 481 - Interviewing Techniques**

Semester Hours: *One*

This course develops and applies career readiness documents and skills needed to be successful in various interviewing situations. Students will understand personal branding, career documents, networking, and various interviewing techniques in order to be prepared for their job search. While informational, the class will be heavily enhanced by practical application and refining of professional skills and abilities. This course is recommended for students to take during their Junior year.

Term Offered: *Fall, Spring*

## **Business Internship**

### **BUIA 471-476 - Business Internship in Accounting**

Semester Hours: *One to Six*

The purpose of this course is to provide interested accounting students the opportunity to acquire marketable skills and knowledge. The course will expose students to real world experiences in order to help them gain a clear perspective of their career choice. This course has an additional per credit hour processing fee. (Please see the "University Fees and Financial Information" section of the University Catalog and then the "Course Specific Fees" section.)

Term Offered: *On Demand*

Prerequisites: Sophomore standing or better; must have successfully completed coursework in accounting. Variable credit; may be taken twice in two different field settings, not to exceed a total of six hours.

### **BUIB 471-476 - Business Internship in Business Administration**

Semester Hours: *One to Six*

The purpose of this course is to provide interested business administration students the opportunity to acquire marketable skills and knowledge. The course will expose students to real world experiences in order to help them gain a clear perspective of their

career choice. This course has an additional per credit hour processing fee. (Please see the "University Fees and Financial Information" section of the University Catalog and then the "Course Specific Fees" section.)

Term Offered: *On Demand*

Prerequisites: Sophomore standing or better; must have successfully completed coursework in business administration. Variable credit; may be taken twice in two different field settings, not to exceed a total of six hours.

## **BUIC 471-476 - Business Internship in Computing**

Semester Hours: *One to Six*

The purpose of this course is to provide interested information technology students the opportunity to acquire marketable skills and knowledge. The course will expose students to real world experiences in order to help them gain a clear perspective of their career choice. This course has an additional per credit hour processing fee. (Please see the "University Fees and Financial Information" section of the University Catalog and then the "Course Specific Fees" section.)

Term Offered: *On Demand*

Prerequisites: Sophomore standing or better; must have successfully completed coursework in computer information systems. Variable credit; may be taken twice in two different field settings, not to exceed a total of six hours.

## **BUIM 471-476 - Business Internship in Management**

Semester Hours: *One to Six*

The purpose of this course is to provide interested management students the opportunity to acquire marketable skills and knowledge. The course will expose students to real world experiences in order to help them gain a clear perspective of their career choice. This course has an additional per credit hour processing fee. (Please see the "University Fees and Financial Information" section of the University Catalog and then the "Course Specific Fees" section.)

Term Offered: *On Demand*

Prerequisites: Sophomore standing or better; must have successfully completed coursework in management. Variable credit; may be taken twice in two different field settings, not to exceed a total of six hours.

## **BUIR 471-476 - Business Internship in Marketing**

Semester Hours: *One to Six*

The purpose of this course is to provide interested marketing students the opportunity to acquire marketable skills and knowledge. The course will expose students to real world experiences in order to help them gain a clear perspective of their career choice. This course has an additional per credit hour processing fee. (Please see the "University Fees and Financial Information" section of the University Catalog and then the "Course Specific Fees" section.)

Term Offered: *On Demand*

Prerequisites: Sophomore standing or better; must have successfully

completed coursework in marketing. Variable credit; may be taken twice in two different field settings, not to exceed a total of six hours.

## **Chemistry**

### **CHEM 111 - Introduction to Chemistry Laboratory (MOTR CHEM 100L)**

Semester Hours: *One*

This laboratory is co-requisite to CHEM 113 Introduction to Chemistry. This lab may be taken for credit apart from CHEM 113 only with the written consent of the instructor and the student's advisor. Labs will meet for two hours per week for one credit hour. Term Offered: *Fall, Spring*

### **CHEM 113 - Introduction to Chemistry (MOTR CHEM 100L)**

Semester Hours: *Three*

This is a one-semester survey of chemistry designed to meet the minimum requirements for general education and required for exercise science majors. This course would also be helpful for students who plan to take more advanced chemistry but who have not had any chemistry in high school. It does not apply toward the satisfaction of any requirements for a major or minor in chemistry, but it does satisfy the general education requirement for physical science.

Term Offered: *Fall, Spring*

Prerequisite: MATH 123 or MATH 133 - College Algebra (MOTR MATH 130) or two years of high school algebra.

Co-requisite: CHEM 111 - Introduction to Chemistry Laboratory (MOTR CHEM 100L)

### **CHEM 121 - Survey of Organic and Biochemistry Laboratory**

Semester Hours: *One*

This laboratory is co-requisite to CHEM 123 Survey of Organic and Biochemistry. This lab may be taken for credit apart from CHEM 123 only with the written consent of the instructor and the student's advisor. Labs will meet for two hours per week for one credit hour. Term Offered: *Spring*

### **CHEM 123 - Survey of Organic and Biochemistry**

Semester Hours: *Three*

This is a one-semester survey of the basic principles of organic chemistry with emphasis on its application to the chemistry of living things. It is required for exercise science majors and may be of interest to others with majors in health-related fields, but it is not a replacement for either Organic Chemistry or Biochemistry for Chemistry or Biology majors or minors.

Term Offered: *Spring*

Prerequisites: CHEM 111 and CHEM 113, or a strong high school chemistry preparation; this is not a beginning chemistry course. For

those students with adequate high school preparation, this course will satisfy the general education requirement in chemistry or physical science.

Co-requisite: CHEM 121 - Survey of Organic and Biochemistry Laboratory.

### **CHEM 130 - General Chemistry I Problem Solving (MOTR CHEM 150L)**

Semester Hours: *Zero*

This problem-solving session is co-requisite to CHEM 133 General Chemistry I and CHEM 132 General Chemistry I Laboratory. This course may be taken for credit apart from CHEM 133 only with the written consent of the instructor and the student's advisor. Labs will meet for four hours per week for two credit hours. The first hour of the laboratory class will involve a problem solving session. A passing grade of CR is required for satisfactory completion of this course.

Term Offered: *Fall*

Corequisite(s): CHEM 133 and CHEM 132

### **CHEM 132 - General Chemistry I Laboratory (MOTR CHEM 150L)**

Semester Hours: *Two*

This laboratory is co-requisite to CHEM 133 General Chemistry I. This lab may be taken for credit apart from CHEM 133 only with the written consent of the instructor and the student's advisor. Labs will meet for four hours per week for two credit hours. The first hour of the laboratory class will involve a problem solving session.

Term Offered: *Fall*

### **CHEM 133 - General Chemistry I (MOTR CHEM 150L)**

Semester Hours: *Three*

A study of the basic laws and theories of chemistry, with emphasis on structure, bonding, and periodic relationships of the elements. This course is designed for those who plan further study in chemistry. The class consists of lectures and laboratory work.

Term Offered: *Fall*

Prerequisites: MATH 155 or MATH 164 or at least one and a half years of high school Algebra and CHEM 113 or one year of high school Chemistry.

Co-requisite: CHEM 130 and CHEM 132 - General Chemistry I Laboratory (MOTR CHEM 150L).

### **CHEM 140 - General Chemistry II Problem Solving**

Semester Hours: *Zero*

This problem-solving session is co-requisite to CHEM 143 General Chemistry II and CHEM 142 General Chemistry II Laboratory. This course may be taken for credit apart from CHEM 143 only with the written consent of the instructor and the student's advisor. Labs will meet for four hours per week for two credit hours. The first hour of the laboratory class will involve a problem solving session. *A passing*

*grade of CR is required for satisfactory completion of this course.*  
Term Offered: *Spring*

### **CHEM 142 - General Chemistry II Laboratory**

Semester Hours: *Two*

This laboratory is co-requisite to CHEM 143 General Chemistry II. This lab may be taken for credit apart from CHEM 143 only with the written consent of the instructor and the student's advisor. Labs will meet for four hours per week for two credit hours. The first hour of the laboratory class will involve a problem solving session.

Term Offered: *Spring*

### **CHEM 143 - General Chemistry II**

Semester Hours: *Three*

This is a continuation of CHEM 133, and includes the study of chemical kinetics, ionic equilibria, electrochemistry, thermodynamics, nuclear chemistry and some special topics of current interest.

Term Offered: *Spring*

Prerequisites: CHEM 130, CHEM 132, and CHEM 133

Prerequisite or Co-requisite: MATH 155 or MATH 164

Co-requisite: CHEM 140 General Chemistry II Problem Solving and CHEM 142 - General Chemistry II Laboratory

Prerequisite/co-requisite: MATH 164.

### **CHEM 310 - Organic Chemistry I Problem Solving**

Semester Hours: *Zero*

Students will learn basic laboratory techniques for purifying and identifying organic compounds. The topics covered will be thin layer chromatography, gas chromatography, extraction, recrystallization, simple and fractional distillation, melting points, boiling points, infrared spectroscopy, and polarimetry. The first hour of the laboratory class will involve a problem solving session. This problem-solving session is co-requisite to CHEM 313 Organic Chemistry I and CHEM 312 Organic Chemistry I Laboratory. *A passing grade of CR is required for satisfactory completion of this course*

Term Offered: *Fall*

Corequisite(s): CHEM 313 and CHEM 312

### **CHEM 312 - Organic Chemistry I Laboratory**

Semester Hours: *Two*

Students will learn basic laboratory techniques for purifying and identifying organic compounds. The topics covered will be thin layer chromatography, gas chromatography, extraction, recrystallization, simple and fractional distillation, melting points, boiling points, infrared spectroscopy, and polarimetry. This laboratory is co-requisite to CHEM 313 Organic Chemistry I. This lab may be taken for credit apart from CHEM 313 only with the written consent of the instructor and the student's advisor.

Term Offered: *Fall*

## CHEM 313 - Organic Chemistry I

Semester Hours: *Three*

A detailed study of aliphatic and aromatic compounds, including emphasis on structures and reaction mechanisms. The laboratory work includes the basic techniques of purification, identification, and synthesis. This course is designed for science majors or minors.

Term Offered: *Fall*

Prerequisites: CHEM 140 , CHEM 142, and CHEM 143.

Corequisite(s): CHEM 310 Organic Chemistry I Problem Solving and CHEM 312 Organic Chemistry I Laboratory

## CHEM 320 - Organic Chemistry II Problem Solving

Semester Hours: *Zero*

The emphasis of the course is on synthesis of organic compounds, including aromatic substitution, dehydration, and esterification, and on the analysis of organic compounds using qualitative analysis and instrumentation methods. Students will elucidate structure of unknown organic compounds using NMR, IR and UV-Vis spectroscopy. The first hour of the laboratory class will involve a problem solving session. This problem-solving session is co-requisite to CHEM 323 Organic Chemistry II and CHEM 322 Organic Chemistry II Laboratory . *A passing grade of CR is required for satisfactory completion of this course*

Term Offered: *Spring*

Corequisite(s): CHEM 323 Organic Chemistry II and CHEM 322 Organic Chemistry II Laboratory

## CHEM 322 - Organic Chemistry II Laboratory

Semester Hours: *Two*

This laboratory is co-requisite to CHEM 323 Organic Chemistry II. This lab may be taken for credit apart from CHEM 323 only with the written consent of the instructor and the student's advisor. Labs will meet for four hours per week for two credit hours.

Term Offered: *Spring*

## CHEM 323 - Organic Chemistry II

Semester Hours: *Three*

A continuation of CHEM 313 Organic Chemistry I, which is a prerequisite.

Term Offered: *Spring*

Co-requisite: CHEM 322 - Organic Chemistry II Laboratory and CHEM 320 Organic Chemistry II Problem Solving.

## CHEM 332 - Analytical Chemistry Laboratory

Semester Hours: *Two*

This laboratory is co-requisite to CHEM 343 Analytical Chemistry Lecture. This lab may be taken for credit apart from CHEM 343 only with the written consent of the instructor and the student's advisor.

Labs will meet for four hours per week for two credit hours.

Term Offered: *Spring, Even Years*

## CHEM 343 - Analytical Chemistry Lecture

Semester Hours: *Three*

A study of chemical analysis (with statistical evaluations) focusing on the principles of stoichiometry, acid-base reactions and chemical equilibrium. The emphasis will be on volumetric, gravimetric, potentiometric and spectrophotometric analysis, and analytical separation processes.

Term Offered: *Spring, Even Years*

Prerequisites: CHEM 140 , CHEM 142, and CHEM 143.

Co-requisite: CHEM 332 - Analytical Chemistry Laboratory

## CHEM 372-374 - Instructional Methods and Problems in Chemistry

Semester Hours: *Two to Four*

This course is a study and application of methods used to solve problems in chemistry. The student will assist the instructor with the teaching of the class, solve problems that arise in the process of the class, and work independently with other problems.

Term Offered: *On Demand*

Prerequisites: CHEM 140 , CHEM 142, and CHEM 143, appropriate laboratory experience, and consent of instructor. A total of six hours may be applied toward graduation.

## CHEM 383 - Advanced Topics in Chemistry

Semester Hours: *Three*

A study of specialized topics in chemistry, such as advanced analysis, nuclear chemistry, polymer chemistry, specialized instrumentation application, etc. May be repeated for credit on different topics, and may be offered as a class or by directed study.

Term Offered: *On Demand*

Prerequisites: Junior standing and consent of instructor.

## CHEM 413 - Physical Chemistry I

Semester Hours: *Three*

A study of the application of theories of the physical properties of matter, thermodynamics, and kinetics to chemical systems; both kinetic and thermodynamic models are studied.

Term Offered: *On Demand*

Prerequisites: MATH 254, PHYS 221 and PHYS 223, and CHEM 322 and CHEM 323, or consent of instructor.

## CHEM 423 - Physical Chemistry II

Semester Hours: *Three*

A continuation of CHEM 413. This course is focused on the study of both classical and quantum-mechanical models and their interaction with chemical systems.

Term Offered: *On Demand*

Prerequisites: CHEM 413 and MATH 264.

## CHEM 433 - Inorganic Chemistry

Semester Hours: *Three*

A study of the periodic system, complex ions, and the more important classes of inorganic compounds.

Term Offered: *On Demand*

## CHEM 441 - Biochemistry I Laboratory

Semester Hours: *One*

This laboratory is co-requisite to CHEM 443 Biochemistry. This lab may be taken for credit apart from CHEM 443 only with the written consent of the instructor and the student's advisor. Labs will meet for two hours per week for one credit hour.

Term Offered: *Fall*

## CHEM 443 - Biochemistry I

Semester Hours: *Three*

A study of the compounds and mechanisms associated with the chemistry of living systems, both plant and animal. This course will include a laboratory component to examine current techniques and instrumentation in biochemistry.

Term Offered: *Fall*

Prerequisite: CHEM 322 and CHEM 323 Organic Chemistry II.

Co-requisite: CHEM 441 - Biochemistry I Laboratory

## CHEM 452 - Modern Instrumental Analysis Laboratory

Semester Hours: *Two*

This laboratory is co-requisite to CHEM 453 Modern Instrumental Analysis. This lab may be taken for credit apart from CHEM 453 only with the written consent of the instructor and the student's advisor. Labs will meet for four hours per week for two credit hours.

Term Offered: *Fall, Even Years*

## CHEM 453 - Modern Instrumental Analysis

Semester Hours: *Three*

This course covers the use, operation, theoretical basis, and interpretation of data for modern scientific instruments. The course will cover the most commonly used scientific analytical instruments as well as instruments intended mainly for research purposes. Emphasis will be given to hands on operation and data interpretation of selected instruments.

Term Offered: *Fall, Even Years*

Prerequisite: CHEM 322 and CHEM 323.

Co-requisite: CHEM 452 - Modern Instrumental Analysis Laboratory.

## CHEM 462 - Molecular Modeling Laboratory

Semester Hours: *Two*

This laboratory is co-requisite to CHEM 472 Molecular Modeling. This lab may be taken for credit apart from CHEM 472 only with the

written consent of the instructor and the student's advisor. Labs will meet for four hours per week for two credit hours.

Term Offered: *On Demand*

## CHEM 463 - Industrial Chemistry

Semester Hours: *Three*

This course covers skills that are especially useful for students planning to go into industry. The general subject areas covered include intellectual property, information retrieval methods and resources, development of budgets for research, operations, and capital equipment, management organization, and managing techniques.

Term Offered: *On Demand*

Prerequisites: CHEM 322 and CHEM 323.

## CHEM 472 - Molecular Modeling

Semester Hours: *Two*

This course covers methods of computational chemistry. It will cover fundamentals of atomistic modeling of molecules in all phases of matter. Specific subject areas that will be covered include quantum mechanical calculations, analytical instrument simulation, structure refinements, crystal structures, organic reaction mechanisms, reaction thermodynamics, and macroscopic material properties.

Term Offered: *On Demand*

Prerequisites: PHYS 221 and PHYS 223, and CHEM 322 and CHEM 323, or consent of instructor.

Co-requisite: CHEM 462 - Molecular Modeling Laboratory

## CHEM 481-486 - Chemistry Research

Semester Hours: *Variable*

Library and laboratory research in chemistry resulting in the submission of a formal paper. This course is designed to give experience in formal research methods, including literature search, library work, record keeping, and reporting results. The scope of the research problem will be limited, but the quality of work and methodology will approach that expected in industry or graduate school. A summer internship may also be used to acquire credit. It is strongly recommended that students in the Forensic Science programs fulfill their requirements by completing research or internship at a criminal investigations laboratory. A total of six hours may be applied toward graduation.

Term Offered: *On Demand*

Prerequisites: Junior or senior standing and consent of instructor.

## Computer Information Systems

### BCIS 103 - Survey of Computing

Semester Hours: *Three*

This course is an introductory survey of the field of computing, with emphasis on personal computing, and the Microsoft Windows environment. Students are introduced to a wide range of computer topics, with the purpose of giving them an elementary understanding of computers as they impact everyday life. Topics include computers

and their uses, the Internet, computer hardware and architecture, input/output devices, storage concepts, and other relevant subject matter. Hands-on instruction is provided to train students in the use of the Microsoft Office software suite. This course satisfies the computer literacy requirement for all baccalaureate degree programs except the BME. For transfer credit to be equated to this course the transfer course must have been completed within seven (7) years prior to initial registration at Missouri Baptist University. Former MBU students who are readmitting into the University must also have completed BCIS 103 or its equivalent within seven (7) years prior to the first semester of returning registration.

Term Offered: *Fall, Spring, Summer*

**ote: Books Included Fee applies.**

## **BCIS 303 - Information Technology Theory and Practice**

Semester Hours: *Three*

This course provides an understanding of organizational information technology, including new and emerging technologies such as artificial intelligence, object oriented programming and enterprise operating systems. It covers an introduction to quality and decision theory, information theory, and practice essential for providing viable information to the organization. It outlines the concepts of IT for competitive advantage, data as a resource, IS, and IT planning and implementation.

Term Offered: *Fall, Spring*

Prerequisite: BCIS 103 or equivalent.

## **BCIS 403/503 - Management Applications of Information Technology**

Semester Hours: *Three*

This course will examine the importance of managing information and technology as a resource of a business. The course will examine the relation between management and the IT organization. Topics will include software quality assurance, technology systems integration, information resources management, using IT for competitive advantage, and software engineering. Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *Fall, Spring*

Prerequisites: BCIS 303 AND MGMT 303

## **BCIS 453 - E-Commerce**

Semester Hours: *Three*

This course will explore the history and development of e-commerce through an understanding of the World Wide Web and the Internet. Students will develop an understanding of the unique marketing strategies of the Internet and examine various models of business to consumer enterprises including the ethics of web-based businesses. Topics include the security for protecting both buyers and seller in an open electronic market place such as authentication, encryption and digital funds transfer. Hardware and software requirements to conduct an e-business are examined such as internet tools: browsers, search engines, e-mails and web server implementations using applets, XML and ASPs.

Term Offered: *Spring, Even Years*

Prerequisite: BCIS 103

## **Computer Science**

### **BCSC 253 - C++ Programming for Science and Mathematics**

Semester Hours: *Three*

Introduction to C++ programming constructs, object-oriented programming, software development, fundamental numerical techniques. Exercises/examples from various scientific fields will be considered.

Term Offered: *Spring*

**Note:** This course is required for Mathematics majors.

## **Christian Education**

### **CSCS 143 - Survey of Christian Literature and Thought**

Semester Hours: *Three*

This course is a survey of the Biblical narrative found in the New & Old Testament and includes an introduction to Christian thought with an emphasis on the biblical doctrines of the Triune God, of humanity, of salvation, the Church, as well as an overview of Christian values congruent with the teachings of Christ and their influence on social and individual behavior and their application to everyday living.

Term Offered: *Fall, Spring*

### **CSCS 243 - Practical Missions Training**

Semester Hours: *Three*

This class will both assist students as they develop a passion for leading a "missional" life, and train them as they develop practical skills for planning and implementing a mission trip to any destination globally. Among other issues, effective missions preparation seeks the answer to such questions as: why is missions important to the church, who is called to missions, what kind of questions do I need to ask when planning a mission trip or missions strategy for my church or organization, how do we avoid mistakes and common pitfalls, and what happens when the trip is over?

Term Offered: *On Demand*

### **CSCS 273 - Foundations for Christian Ministry**

Semester Hours: *Three*

A foundational survey of the skills involved in Christian studies. The skills include the theory of Christian ministry, the practice of Christian Education and the ongoing work of Biblical exegesis. There is a special fee for this course.

Term Offered: *Fall*

## CSCE 303 - Missions and Mercy

Semester Hours: *Three*

This course is a biblical study of the role and responsibilities of New Testament churches on a worldwide scale in the task of global ministry and conducting an analysis of the current model of evangelical missions, as it relates to the Biblical pattern presented in Scripture. Special emphasis is given to the development of a theology of the global ministry of each local church based on the body model presented in the New Testament epistles. The student will be able to design and implement a biblical model of a local church-partnering ministry on a global scale.

Term Offered: *Fall, Odd Years*

Prerequisite: CSCE 273 or consent of instructor.

## CSCE 313 - Introduction to Youth Ministry

Semester Hours: *Three*

This course of study is designed to guide the student to know about and understand the historical development, structure, processes, and material related to ministry with youth. Primary emphasis will be from a local church perspective.

Term Offered: *Fall, Even Years*

Prerequisite: CSCE 273

## CSCE 323 - Youth Education in the Church

Semester Hours: *Three*

This course presents the principles and methods of effective Christian teaching of adolescents including the development of presentation skills. Approaches include planning and teaching for knowledge, understanding, attitude change, and Christian action. Opportunity for practice teaching and video taped evaluation provided.

Term Offered: *Fall, Even Years*

Prerequisites: CSCE 273

## CSCE 343 - Discipleship and Evangelism: Leading in Spiritual Formation

Semester Hours: *Three*

Any theology of leadership in the New Testament church grows from involvement in the spiritual formation of Christians. Through a study of Biblical, classical, and contemporary material, this course assists the students in disciplining themselves "for the purpose of godliness," as commended in 1 Timothy 4:7 (NASB) and in understanding, practicing and teaching spiritual disciplines in the life and worship of the church. This course presents the emphasis on the how to and the importance of private and corporate worship.

Term Offered: *Spring, Even Years*

Prerequisite: CSCE 273 or consent of instructor.

## CSCE 353 - Youth and Media

Semester Hours: *Three*

This course examines the various media worldview messages focused toward adolescents and evaluates each media's message against the Biblical worldview. **Strategies in apologetics and evangelism for**

**adolescents will be introduced.** Media to be examined includes secular music industry, contemporary Christian music industry, television and movie industry, video game industry, advertising industry, and digital media.

Term Offered: *Spring, Odd Years*

Prerequisites: CSCE 273

## CSCE 413 - Church Administration

Semester Hours: *Three*

This course is a study of the effective use of activities and relationships within the church, such as staff, outreach, buildings, finance, evangelism, worship, leisure time, teaching aids, publicity, communities, and lay personnel.

Term Offered: *Fall, Odd Years*

Prerequisite: CSCE 273

## CSCE 423/523 - Basics of Biblical Counseling

Semester Hours: *Three*

Based on the sufficiency of Scripture, this study focuses on the basic realities of regeneration and the processes of progressive sanctification so that care providers can assist others toward godliness within the context and nurture of the local church.

Term Offered: *Fall, Odd Years*

Undergraduate prerequisite: CSCE 343 or consent of instructor.

Students taking this course for graduate credit must complete all graduate course requirements.

## CSCE 463 - Issues in Youth Ministry

Semester Hours: *Three*

The focus of this senior-level course is to identify special research interests of students working with youth and to creatively develop a comprehensive project of ministry. Significant topics of study include value systems, parental relationships, sub-cultures, sexual patterns, school cultures, generational separations, and religious patterns.

Term Offered: *Spring, Even Years*

Prerequisite: Senior standing, CSCE 273, or consent of instructor.

## Christian Education/Worship Leadership

### CEWL 010/020 - Ministerial Scholarship

Semester Hours: *Zero*

This scholarship is available to Christian students pursuing a major in Christian Ministry, Ministry and Leadership, Worship Arts Technology, or Worship Leadership; or a minor in Christian Studies, Christian Ministry, Worship Arts Leadership, or Worship Studies.

Term Offered: *Fall, Spring*

## **CEWL 473 - Christian Ministry Internship**

Semester Hours: *Three*

This course is designed as a learning experience for students receiving training in ministry skills while in a structured, disciplined setting. Students train in an environment in line with their major and/or concentration. The course requires a minimum of ninety hours of fieldwork under supervision approved by the instructor. A Senior Seminar is required for the purpose of finalization and evaluation. This course must be taken during the spring semester prior to graduation. For those majoring in Christian Ministry, this course must be taken in conjunction with the capstone class, CSCM 423/523 Theology of Christian Ministry. There is a special fee for this course.

Term Offered: *Spring*

Prerequisite: CSCE 273

## **Christian Ministry**

### **CSCM 313 - Foundations of Christian Theology**

### **CSCM 303 - God and Humanity**

Semester Hours: *Three*

In order to lay a procedural foundation for the theologizing process, this course is an introduction to sources and methods involved in the study of Christian theology (prolegomena) followed by a study of the doctrines of Revelation, Theology proper, Anthropology, Harmartiology, Christology, and Pneumatology.

Term Offered: *Fall, Even Years*

Prerequisite: CSCE 273 or consent of instructor.

### **CSCM 333 - Redemption and Reconciliation**

Semester Hours: *Three*

Building on CSCM 303 and CSCM 323 this course is a systematic study of the doctrines of Soteriology, Pneumatology, Ecclesiology, and Eschatology.

Term Offered: *Fall, Odd Years*

Prerequisite: CSCM 323

### **CSCM 423/523 - Theology of Christian Ministry**

Semester Hours: *Three*

This course is designed to apply the theological foundation of the Christian ministry to the life and practice of the Christian minister. After reviewing Bible study skills and Christian growth processes with particular application to the responsibilities and privileges of the Christian ministry, the student will evaluate his own call with a view to his own future ministry. For those majoring in Christian Ministry or Ministry and Leadership, this course must be taken in conjunction with the internship class, CEWL 473 Christian Ministry Internship, and thus be taken in the Spring semester prior to graduation. Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *Spring*

## **CSCM 433/533 - Principles of Pastoral Ministry**

Semester Hours: *Three*

The course is a guide to the integration of theological and practical aspects of ministry in a church-related vocation. Congregational leadership issues are emphasized, including relational skills, administration, financial stewardship, staff management, worship planning, weddings, funerals, baptisms, and the Lord's Supper. Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *Spring, Odd*

Undergraduate prerequisite: CSCE 273

### **CSCM 483/583 - Expository Biblical Ministry**

Semester Hours: *Three*

The most important activity in leading a New Testament church and the best operative method for leading any effectively evangelistic church is a Bible-based preaching and teaching ministry. This course studies the basic principles of interpreting and applying the Bible - including a survey of the various types of resources for Bible study - and the best methods for preparing and presenting expository messages and lessons from Bible texts. Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *Fall, Even Years*

Undergraduate prerequisite: CSCE 273 or consent of instructor.

## **Christian Ministry/History**

### **CMHS 313 - History of Christianity**

Semester Hours: *Three*

A study of the major religious currents in American life from the colonial era to the present. Special attention will be given to the interaction between American culture and the various strands of Christianity. Focus is given to the policy, dogma, practices, and influences of religious movements, with particular focus on Baptists.

Term Offered: *Fall, Even Years*

Prerequisites: CBIB 213 and CBIB 223 for ministry majors and minors; CBIB 113 and CBIB 123 for all other students.

### **CMHS 313 - History of Christianity**

Semester Hours: *Three*

A survey of the origin and spread of Christianity, with emphasis on policy, dogma, practices, and the influence of the Christian movement.

Term Offered: *Spring, Odd Years*

Prerequisites: CBIB 213 and CBIB 223 for ministry majors and minors; CBIB 113 and CBIB 123 for all other students.

## Christian Ministry/Philosophy/History

### CPHS 433/533 - Contemporary World Views

Semester Hours: *Three*

An examination of several contemporary rivals of Christianity, including atheism, naturalism, Marxism, nihilism, existentialism, eastern religions, and the New Age movement.

Term Offered: *Fall, Even Years*

Prerequisites: CBIB 213 and CBIB 223 for ministry majors and minors, or CBIB 113 and CBIB 123 for all other students, or consent of instructor. Students taking this course for graduate credit must complete all graduate course requirements.

## Christian Ministry/Psychology

### CMPS 423/523 - Pastoral Counseling and Care Giving

Semester Hours: *Three*

This course focuses on the theology and practice of pastoral counseling and care giving. Attention is given to developing a biblical model and biblical skills for ministers and other church leaders who are counseling and caring for others in the context of the local church. Particular attention is given to interpersonal communication and listening skills. Special emphasis is given to the role of the ministry and the Word of God and the reconciliation through genuine repentance in counseling and pastoral care. Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *Spring, Even Years*

Undergraduate Prerequisites: CBIB 213 and CBIB 223 and CSCE 273 for ministry majors and minors; or CBIB 113 and CBIB 123 plus PSYC 133 or PSYC 213 or HUSR 233, or consent of instructor.

**Note:** This course cannot be taken as a directed study, credit for prior learning portfolio, or as a web-based course.

## Christian Studies/Church Planting

### CSCP 403/503 - The Philosophical and Scriptural Foundations of Church Planting

Semester Hours: *Three*

This course will examine the redemptive work of God as it relates to the nature of the church and church planting. Using Scripture the students will develop a clear theology and philosophy for the planting of churches. This will include an examination of church planting models as well as foundational characteristics, calling, and needs for church planters.

Term Offered: *Fall, Odd Years*

Undergraduate prerequisite: CSCE 303 or consent of instructor. Students taking this course for graduate credit must complete all graduate course requirements.

## CSCP 433/533 - Church Planting Methods

Semester Hours: *Three*

This course will examine the basics of church planting from the ground up. Students will research and reflection on central issues of planting churches including church and leadership structure, choosing a location, name and branding, core group formation, program structure, worship style, fund-raising, meeting location, children's and youth ministry, mission of the church, and launching a church plant.

Term Offered: *Spring, Even Years*

## CSCP 443/543 - Gospel-Centered Cultural Engagement

Semester Hours: *Three*

This course is an advanced course on church planting and will challenge students to think as a missionary to the culture to which they minister. The purpose is to lead students to faithfully proclaim the Gospel while also exegeting the culture. The course will explore ways church planters and leaders can examine a community, obtain demographic information, and develop relationships with non-Christian people in the culture. The class will also examine church leadership and preaching with the culture in view.

Term Offered: *Fall, Even Years*

## CSCP 453/553 - Disciple Making in the Church

Semester Hours: *Three*

This course is an advanced class in church planting and ministry and will examine the Biblical call to make disciples by examining strategies and plans to develop people as disciples at all stages of spiritual formation. Students will think of people from the time they enter a church parking lot for the first time all the way through spiritual maturity and will consider ways churches can structure themselves to fulfill the Biblical mandate.

Term Offered: *Spring, Odd Years*

## Communications

### COMM 103 - Speech Communications (MOTR COMM 110)

Semester Hours: *Three*

This course introduces students to public speaking theory and provides several opportunities to gain practical experience in the art of oral communication. Students will study, identify, and practice the following topics: the nature of communication, controlling nervousness and self concept, audience analysis and listening, topic research, organization, outlining, and nonverbal communication. By incorporating these theories and lessons into their speeches students will learn to successfully inform and persuade their audiences.

Term Offered: *Fall, Spring, Summer*

## **COMM 123 - Public Speaking and Diction**

Semester Hours: *Three*

This course, which satisfies the general education requirement in oral communications, is designed specifically for students who use English as a second language. Both informative and persuasive speeches will be covered. Students will work on their voice and diction as well as studying the nature of communication, nonverbal communication, topic research, outlining, listening skills, ethics and audience analysis. This class is limited to international students whose primary language is not English.

Term Offered: *Spring*

## **COMM 143 - Introduction to Business Communications**

Semester Hours: *Three*

An introductory study of the fundamentals of communication in business. The focus will be on preparing and presenting effective business presentations, including the effective use of visual media in making presentations.

Term Offered: *On Demand*

## **COMM 153 - Appreciation of Film (MOTR FILM 100)**

Semester Hours: *Three*

A historical and theoretical survey of film and video media which examines memorable productions from the beginning of Hollywood films to the latest exemplary contemporary movies and video productions. This course is designed to engender an understanding and appreciation of the many creative aspects of the electronic media, as well as recognition of their importance as both reflector and molders of society. This course will satisfy three hours of the Fine Arts general education requirement.

Term Offered: *Fall, Spring, Summer*

## **COMM 203 - Understanding Human Communications**

Semester Hours: *Three*

This course will give students a basic understanding of the communication process by exploring theories in the areas of interpersonal, public, small group, mass, and multicultural communication. In addition, students will be directed toward many practical applications of the theories discussed.

Term Offered: *Fall*

## **COMM 223 - Introduction to Mass Media (MOTR SBSC 100)**

Semester Hours: *Three*

This course examines the nature and influence of mass media on our society. Through discussions, readings, projects and multi-media presentations, the class will analyze newspapers, television, radio, electronic journalism, movies, video games, advertising and public

relations. Utilizing critical thinking skills, students will analyze emotional, moral, cognitive, aesthetic and social influences of mass media. This course will satisfy three hours of the Fine Arts general education requirement. No prerequisites.

Term Offered: *Fall, Spring, Summer*

## **COMM 233 - Introduction to Cross-Cultural Communication (MOTR SBSC 101)**

Semester Hours: *Three*

A course designed for comparing one's own culture with other cultures, thereby developing an awareness of the values, traditions, and objectives of various societies. This is a systematic study of what transpires in intercultural contacts and interactions when the communication process involves culturally diverse people, and will explore principles and application of ethics to today's society. This course will satisfy three hours of the Fine Arts general education requirement.

Term Offered: *Fall, Spring*

## **COMM 263 - Introduction to Audio and Video Communications**

Semester Hours: *Three*

Introduces the basics of audio/video production including speech/music recording and single camera video studio/field production. Student will participate in hands-on projects while fully exploring the theories involved in diverse methods of audio/ video production. A lab/equipment fee is charged in addition to tuition.

Term Offered: *Fall, Spring*

## **COMM 273 - Photography**

Semester Hours: *Three*

This course introduces the historical development of photography, focusing on contemporary technical advances in the field. Emphasis is placed on the study of aesthetics, composition and practical use of photography as an organizational communication tool. Students will study lighting techniques, digital production, camera operations and image editing.

Term Offered: *Spring*

## **COMM 313 - Applied Public Speaking**

Semester Hours: *Three*

This course will strengthen the public speaking skills gained in other courses. The student will present speeches aimed at sharpening organization and delivery skills. The accent will be placed on giving longer and more diversified speeches. Emphasis will also be placed on the effective use of visual aids.

Term Offered: *Fall, Even Years*

Prerequisite: COMM 103.

## COMM 333 - Small Group Communication

Semester Hours: *Three*

In this study of the principles and concepts of small group communication, students are encouraged to develop and improve their skills for business management, education, community activities, and interpersonal communication. This course is conducted in the small group approach and provides for individual instruction and evaluation. The class will be divided into several small groups. In addition to the regular class time, these groups will meet outside of class to complete various assignments.

Term Offered: *Spring, Even Years*

Prerequisite: COMM 103, COMM 203, or consent of instructor.

## COMM 353 - Media Advertising

Semester Hours: *Three*

Students learn to apply all major components of media advertising planning: copy writing, client/agency relationships, audience identification including demographics and psychographic research, media and creative strategy, research, and budgeting. Students will write ad copy for inclusion in their portfolios.

Term Offered: *Spring, Odd Years*

Prerequisites: COMM 203, COMM 223, COMM 263, and COMT 353.

## COMM 401-403 - Special Topics in Communications

Semester Hours: *One to Three*

This course allows the student to investigate a topic in one area of Communications that goes beyond the scope of other coursework. The course will involve close collaboration between students and faculty on a topic or issue related to the individual's interest and career choice. This course may be taken for variable credit and may be repeated up to a maximum of three semester hours.

Term Offered: *On Demand*

Prerequisites: Senior standing or consent of instructor.

## COMM 412 - Media Interviewing Theory and Technique

Semester Hours: *Two*

This course surveys broadcast, probing, survey, persuasion, employment, and performance-based interviews. Students will learn the basic principles of interviewing theory and gain confidence by practicing and demonstrating these skills in role-playing situations, individually or in groups to research, organize and conduct outside interviews.

Term Offered: *Fall*

Prerequisites: COMM 223 and COMM 263.

## COMM 461 - Senior Communications Seminar

Semester Hours: *One*

This capstone course prepares students to move from the classroom to the professional world. Students will examine contemporary

communication issues as they relate to the student's area of interest. Portfolio and resume materials, compiled from previous coursework, will be evaluated by a faculty panel. This course is not available for transfer credit.

Term Offered: *Spring*

Prerequisites: Completion of Communications core, senior standing, or consent of the instructor.

## COMM 473 - Communications Studies Internship

Semester Hours: *Three*

This course exposes students to the disciplines and skills of the media through firsthand experience in the field of communications.

Enrollment is limited to Communications Studies majors in their final semester before graduation.

Term Offered: *Fall, Spring, Summer*

Prerequisites: Consent of instructor and consent of appropriate field supervisor.

## COMM 483 - Media Law and Ethics

Semester Hours: *Three*

This course combines studies in the basic principles of Media Law and Ethics in Communication. Students will study federal regulations and Constitutional questions by analyzing current legal and ethical issues affecting the mass media.

Term Offered: *Spring*

Prerequisites: Completion of Communications core, senior standing, or consent of the instructor.

## Communications/English

### COEN 223 - Basic Reporting and Writing for Journalism

Semester Hours: *Three*

This course introduces students to the journalistic style of writing. Students will learn basic principles of news writing, reporting, and copyediting for today's media. Emphasis will be on learning and mastering the Associated Press Stylebook.

Term Offered: *Fall, Spring*

Prerequisite or Co-requisite: ENGL 123 and consent of the instructor.

### COEN 323 - Advanced Reporting and Writing for Journalism

Semester Hours: *Three*

This course provides practical experience in writing and editing, placing emphasis on advanced skills in news and feature writing. Students will write for University media outlets and produce publishable projects.

Term Offered: *Spring*

Prerequisites: COEN 223, or consent of the instructor.

## Communications/Theatre

### COST 333 - Argument and Debate

Semester Hours: *Three*

This course discusses argumentation and debate theory and current practices in the field of interscholastic competition related to Lincoln-Douglas/value debate, student congress, and mock trial.

Understanding the administrative aspects of tournament management in coaching/teaching forensic events offered at tournaments and events and awareness of the guidelines for evaluating interscholastic activities established by Missouri State High Schools Activities Association and National Forensic League are presented.

Term Offered: *Spring, Even Years*

Prerequisite/Corequisite: A "C" or higher in COMM 103

### COST 403 - Oral Interpretation of Literature

Semester Hours: *Three*

Devoted to the study and practices of principles and techniques of reading orally from the printed page. Emphasis is placed on oral interpretation as a communication act.

Term Offered: *Fall, Even Years*

Prerequisite: COMM 103.

## Criminal Justice

### CRJS 133 - Introduction to Criminal Justice

Semester Hours: *Three*

This is a survey of the American justice system with particular emphasis on the interrelationship of the courts, correctional institutions, juvenile delinquency operations, law enforcement, probation/parole, and academic components and their importance in our society.

Term Offered: *Fall*

**Note: This course is the prerequisite for all other Criminal Justice courses.**

### CRJS 213 - Policing Institutions

Semester Hours: *Three*

The philosophy, structures, roles, and functions of police in American society are examined. The historical development of the police, role of the police in the criminal justice systems, functions and effectiveness of the police, the relationship of the police to the communities they serve, and other contemporary aspects of police activities are evaluated.

Term Offered: *Spring*

Prerequisite: CRJS 133

### CRJS 223 - Correctional Institutions

Semester Hours: *Three*

This study of prisons and other correctional institutions examines the history, development, philosophy, practices, and the organization of

penal systems, and reviews the impact of confining adult offenders in prisons, jails, and detention centers.

Term Offered: *Fall*

Prerequisite: CRJS 133

### CRJS 233 - Criminal Investigation

Semester Hours: *Three*

A survey of methods of crime detection including the fundamentals of identification and preservation of evidence, search and recording techniques, sources of information, interviews, and interrogation.

Term Offered: *Fall, Even Years*

rerequisite: CRJS 133 or consent of instructor.

### CRJS 313 - Criminology

Semester Hours: *Three*

An analysis of the major sociological theories of criminal behaviors and social control, which are applied in explanation of crime and the legal sanctions which result from society's response to crime.

Term Offered: *Spring*

Prerequisite: CRJS 133

### CRJS 333 - Juvenile Delinquency and the Justice System

Semester Hours: *Three*

An analysis of the extent and nature of juvenile delinquency to include the personal and social factors related to the development of delinquent habits within American society. An evaluation of the juvenile codes and their implications for services within the juvenile justice systems. A review of the decision-making process of the police, court, probation and correction officials.

Term Offered: *Fall, Odd Years*

Prerequisite: CRJS 133

### CRJS 343 - Criminal Courts, Probation and Parole

Semester Hours: *Three*

An examination of jurisdiction, policies, and procedures of courts in the administration of criminal justice. An analysis of the development, administration and organization of probation, parole, pardon, and other types of community based alternatives to incarceration. Problems of supervision of clients, maintaining relations with the public and other criminal justice agencies, and evaluating the effectiveness of the program.

Term Offered: *Fall*

Prerequisite: CRJS 133

## **CRJS 413 - Criminal Justice Seminar**

Semester Hours: *Three*

A seminar course that focuses on an in-depth analysis of one or more issues related to the field of criminal justice. May be repeated for credit on different topics.

Term Offered: *On Demand*

rerequisite: CRJS 133

## **CRJS 423 - Criminal Law and Procedure**

Semester Hours: *Three*

An examination of the substance of criminal law and the operational procedures mandated by law in arrest, search, and seizure. The nature of evidence, proof, and admissibility are studied.

Term Offered: *Spring, Even Years*

Prerequisite: CRJS 133

## **CRJS 433/533 - Evidence**

Semester Hours: *Three*

This course is to familiarize students with concepts of evidence and criminal procedure that require more extensive analysis than is addressed in CRJS 423 Criminal Law and Procedure. It examines such concepts as: Privileged Communications; The Exclusionary Rule; The Hearsay Rule and its exceptions; and Burden of Proof and Presumptions.

Term Offered: *Spring*

Prerequisite: CRJS 133; completion of CRJS 423 is strongly recommended. Students taking this course for graduate credit must complete all graduate course requirements.

## **CRJS 443 - Readings in Criminal Justice**

Semester Hours: *Three*

A supervised reading and/or independent research project on various aspects of criminal justice. May be taken once for credit.

Term Offered: *Spring, Even Years*

Prerequisite: CRJS 133

## **CRJS 453 - Race, Ethnicity, and Crime**

Semester Hours: *Three*

This course examines the interrelationship of race/ethnicity and criminal victimization/offending, as well as the relationship between the police and minority communities.

Term Offered: *Fall*

Prerequisite: CRJS 133

## **CRJS 463/563 - Organization and Administration**

Semester Hours: *Three*

A study of the basic principles of organization, supervision, and techniques of administration within law enforcement and related areas. Students taking this course for graduate credit must complete

all graduate course requirements.

Term Offered: *Spring*

Prerequisite: CRJS 133

## **CRJS 473 - Internship in Criminal Justice**

Semester Hours: *Three*

This capstone course includes an online component and a supervised work experience designed to equip Criminal Justice majors with hands-on experience working in a variety of criminal justice settings and the opportunity to apply their knowledge in a real-world work environment. Under faculty supervision and approval, students will select an internship site that is appropriate for their goals and interests. The online component will include topical discussions relevant to careers in the field of criminal justice as well as graduate school interests. One hundred fifty clock hours are required for the 3-hour internship. A portfolio and a final paper are required as a final project.

Term Offered: *Fall, Spring*

Prerequisite: Minimum junior standing or consent of instructor. The CRJS Internship may be taken twice in two different field settings.

Prerequisite: CRJS 133

## **Criminal Justice/Philosophy**

### **CRPH 423/523 - Criminal Justice Ethics and Leadership**

Semester Hours: *Three*

This course is an intense examination of the ethical considerations facing criminal justice practitioners. Ethical behavior and its counters, egoism, narcissism, the abuse of authority, are explored in criminal courts, corrections, law enforcement, probation & parole settings and scenarios. The successful completion of this course is evidence of the students' skill-set to lead with integrity and demonstrate the critical ability to confront issues with an informed, ethical response. Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *Spring*

Prerequisite: CRJS 133

## **Criminal Justice/Political Science**

### **CRPO 453 - Constitutional Law I**

Semester Hours: *Three*

A study of leading constitutional principles of the United States, providing an overview of the constitution with emphasis on the amendments dealing with the rights of the accused and provisions for due process.

Term Offered: *Fall*

Prerequisite: CRJS 133

## CRPO 463 - Constitutional Law II

Semester Hours: *Three*

Constitutional Law II presents a comprehensive overview of the United States Constitution but places significant emphasis on racial equality and criminal justice. This course will be an in-depth analysis of the First, Second, Ninth and Tenth Amendments of the United States Constitution with an emphasis on the First Amendment guarantees of religious liberty, freedom of speech, freedom of press, and freedom of association. Other topics discussed will be gender equality, abortion, gay rights, and other social issues important to current society.

Term Offered: *Spring, Even Years*

Prerequisite: CRJS 133

## Criminal Justice/Psychology/Sociology

### CRPS 413 - Interpersonal Violence

Semester Hours: *Three*

The course examines the issue of having power over another individual with the intent of controlling, disempowering and/or injuring that individual. It covers topics ranging from domestic and workplace homicide to cult and hate killings as well as murder committed by juveniles and serial slayings. The course examines the inability to resolve differences without resorting to violence, and centers in on domestic violence involving a serious abuse of power, the exertion of physical force and violence, date rape, stalking and power assertive cruelty. It examines criminal justice responses to homicide, including the strategies and tactics employed to apprehend, prosecute, and punish killers.

Term Offered: *Fall*

## Curriculum and Assessment

### ECTA 323 - Curriculum, Assessment, and Data-Based Decision Making

Semester Hours: *Three*

This course provides an introduction to theoretical and practical applications of data-driven decision making, assessments, and curriculum planning for educators. Students will apply the components and organization of an effective curriculum utilizing the backward design process of Grant Wiggins and Jay McTighe. The design process will be considered, beginning with a definition of what we as educators want our students to know and be able to do, followed by a clear description of the evidence that indicates real student understanding. Learning experiences and instruction based on the defined curricular goals will be planned. Assessments will be developed that insure student understanding. Students will apply generally accepted data-based decision procedures for generating, analyzing, and interpreting educational data. The course will outline procedures for designing or selecting, administering, scoring, and interpreting a variety of formal and informal assessment measures for use in schools. Students will develop a knowledge base of assessment

strategies and tools, including how to collect information by observing classroom interactions, higher order questioning, and analysis, and the effect of class instruction on individual and whole class learning. A field experience is included in the scope of this course.

Term Offered: *Fall, Spring*

Prerequisites: EDUC 203 and EDUC 303

## Driver Education

### EDDR 403/503 - Driver Education I: Introduction to Safety Education

Semester Hours: *Three*

A course aimed at developing concepts which are basic to safety education and for preparing the student to assume responsibility for accident prevention in the school, home, and community. Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *Summer*

**Note: CPT form required for F-1 international students.**

### EDDR 413/513 - Driver Education II: Organization

Semester Hours: *Three*

The first of two courses designed to prepare teachers of driver education for secondary schools. Special attention is given to administration, organization, finance, adult education, research, and evaluation of the driver education program. Traffic safety problems at the local, state, and national levels are also considered. Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *Summer*

**Note: CPT form required for F-1 international students.**

### EDDR 433/533 - Driver Education III: Instruction

Semester Hours: *Three*

This course is a continuation of EDDR 413/513. The place of the motor vehicle in American life, traffic safety, instructional materials, and recommended method of presenting such materials in the classroom and on the road. Students must have a valid driver's license and safe driving record. Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *Summer*

**Note: CPT form required for F-1 international students.**

### EDDR 443/543 - Driver Education IV: Developing Operational Skills (Train the Trainer)

Semester Hours: *Three*

This course will focus on preparing the prospective Driver Education teacher to develop techniques related to behind-the-wheel instruction for a novice driver. The prospective instructor will place emphasis upon developing laboratory organizational modules for on-the-road

situations and/or use of simulators. Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *Summer*

Prerequisites: EDDR 403/503, EDDR 413/513, and EDDR 433/533

**Note:** CPT form required for F-1 international students.

## Early Childhood Education

### ECED 363 - Family and Community Resources in Early Childhood: Seminar and Field Experience

Semester Hours: *Three*

This course explores the home/school/church/community connection and helps students learn how to foster positive relationships with parents and the community. The importance of involving parents in the learning process, identifying resources within the family and community, and an understanding of diverse and multicultural family structures will be emphasized. Students will apply this knowledge by completing a 15-clock hour field experience in an infant/toddler setting.

Term Offered: *Fall*

Prerequisites: EDUC 203 and EDUC 303

Co-requisite: Current Family Care Safety Registry background check (see catalog section on Background Checks for Field Experience and Student Teaching for additional information).

**Note:** Note: Some early childhood centers/districts may also require current tuberculosis (TB) test results for placement.

### ECED 373 - Health, Nutrition, and Safety of the Young Child

Semester Hours: *Three*

This course examines the interrelationship of health, safety, and nutrition in young children. Students will learn control measures that reduce communicable diseases, to apply nutritional guidelines, and to create safe indoor and outdoor environments. Basic first aid techniques and the identification and prevention of child abuse and neglect will be discussed. Students will apply classroom knowledge by completing a health appraisal of a young child.

Term Offered: *Spring*

Prerequisites: EDUC 203 and EDUC 303

### ECED 383 - Administration of Early Childhood Programs

Semester Hours: *Three*

This course examines administrative theory, financing, organizing, supervising, and managing public and private early childhood programs. Licensing, state, and national accreditation standards will be studied, and students will visit diverse public and private programs. Discussion of working with staff and parents, programming, creating curriculum, and program evaluation is included.

Term Offered: *Summer*

Prerequisites: EDUC 203 and EDUC 303

### ECED 413/513 - Language Acquisition of the Young Child

Semester Hours: *Three*

This course is designed to examine the process of language development from birth through early childhood. Emphasis will be upon identifying the normal process of language acquisition through observation of children in natural settings, and atypical language development will also be discussed. Students will discover how to encourage children's communication skills through supportive social interactions, classroom activities, and instructional practices that meet the needs of diverse learners. Additional components of language development to be explored through this course include vocabulary and phonological and phonemic awareness. Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *Fall*

Prerequisite: PSYC 313, PSYC 333, or PSYC 553

### ECED 443/543 - Diagnostic Procedures in Early Childhood Education

Semester Hours: *Three*

This course is a study of formal and informal assessment instruments used with young children. Students will observe an assessment done in a school setting, develop observational skills, and learn to administer a standardized evaluation of a young child. Methods of identifying students' needs and diverse learning styles and strategies that ensure intellectual, social, and physical development will be discussed. Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *Spring*

Prerequisites: PSYC 133 and EDPS 453/553

### ECED 453/553 - Role of Movement and Creative Arts in Development of the Young Child: Seminar and Field Experience

Semester Hours: *Three*

Students will examine the young child's fine motor, gross motor, and perceptual motor development and how it can be enhanced through a strong arts curriculum and cultivation of play. The course provides techniques for learning about children's motor development through observation of children in natural settings and early assessment of motor skills. It introduces methods and materials for integrating music and movement, creativity, imagination, and artistic expression into the early childhood classroom while focusing on a process-oriented approach. Students will apply this knowledge by completing a 15-clock hour field experience in a pre-kindergarten program. Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *Fall*

Prerequisites: EDUC 203, EDUC 303, and PSYC 313

# Early Childhood Field Experiences and Student Teaching

## ECCL 111 - Pre-K Field Experience

Semester Hours: *One*

A 30-clock-hour field experience for students transferring a course equivalent to the lecture component of ECED 353 Curriculum, Methods and Materials of Early Childhood Education. Students will be given the opportunity to observe the cognitive, physical, social, emotional, and creative development of young children and will receive hands-on experience working with young children in a diverse pre-kindergarten program. Students will observe and document the curriculum, materials, and teaching methods of a developmentally appropriate early childhood program and will assist teachers in classroom activities.

Term Offered: *On Demand*

Co-requisite: Current Family Care Safety Registry background check (see catalog section on Background Checks for Field Experience and Student Teaching for additional information).

**Note:** Note: Some districts may also require current tuberculosis (TB) test results for placement. CPT form required for F-1 international students.

## ECCL 121 - Infant/Toddler Field Experience

Semester Hours: *One*

A 30-clock-hour field experience for students transferring a course equivalent to the lecture component of ECED 363 Family and Community Resources for Early Childhood Education. Students will be given the opportunity to observe the cognitive, physical, social, emotional, and creative development of young children and will receive hands-on experience working with young children in an infant/toddler program. Students will observe and document the diverse home/school/church/community connections of a developmentally appropriate early childhood program and will assist teachers in classroom activities and in fostering positive relationships with parents and the community.

Term Offered: *On Demand*

Co-requisite: Current Family Care Safety Registry background check (see catalog section on Background Checks for Field Experience and Student Teaching for additional information).

**Note:** Some districts may also require current tuberculosis (TB) test results for placement. CPT form required for F-1 international students.

## ECCL 466 - Working with the Preschool Child

Semester Hours: *Six*

This supervised field experience of 180-clock hours (comparable to 8 weeks of student teaching) for child development majors must be completed in a state- or nationally-accredited public, private, or church-affiliated program. Students will observe the practices and procedures of a quality program, as well as enhance their understanding of developmental characteristics of preschool children. In addition, students will work with children under the supervision of a cooperating teacher, participating in all aspects of a typical

preschool day. Students will note developmental characteristics and diverse learning styles of children and complete a child study.

Term Offered: *Fall, Spring*

rerequisites: All required early childhood education classes.

Co-requisite: Current Family Care Safety Registry background check (see catalog section on Background Checks for Field Experience and Student Teaching for additional information).

**Note:** Some districts may also require current tuberculosis (TB) test results for placement. CPT form required for F-1 international students.

## ECCL 4703 - Student Teaching: Early Childhood

Semester Hours: *Three*

Student teaching consists of sixteen (16) weeks of teaching experiences in an appropriate classroom setting in a state or nationally accredited public or private school under the supervision of an experienced and highly qualified cooperating teacher. Students seeking certification in a single content area will complete one sixteen-week teaching experience. Students seeking certification at more than one level (K-12) or in more than one content area must student teach for twelve weeks at one level or content area and four weeks at the other level or content area as approved by the Dean of Education or Director of Field Experiences. This culminating field experience enables students to practice and develop the pedagogical skills necessary to meet the Missouri performance standards for teacher certification. Candidates actively participate and complete required assignments, work with students as requested and under the supervision of the classroom teacher, and have the opportunity and responsibility to lead the class over an extended period of time. After being formally admitted to the Teacher Education program, certification candidates must apply to student teach. Application for Student Teaching must be made to the Education Office by the end of the second week of the Fall semester for Spring Student Teaching and by the end of the second week of the Spring semester for Fall Student Teaching. The final decision regarding placement will be left to the discretion of the Director of Field Experiences in order to insure the quality of student teaching experiences in diverse settings. Candidates are required to complete their student teaching experience in the grade level(s) and subject area(s) for which they are seeking recommendation for certification.

Term Offered: *Fall, Spring*

Prerequisites: 1. Current Family Care Safety Registry background check (see catalog section on Background Checks for Field Experience and Student Teaching for additional information). Some districts may also require a valid Missouri substitute certificate and/or current tuberculosis (TB) test results for placement. *CPT form required for F-1 international students.* 2. No undergraduate degree-seeking candidate will be allowed to student teach without having passed all sections of the Missouri General Education Assessment (MoGEA). 3. Both undergraduate and graduate students must be formally admitted into the Teacher Education Program, must have satisfactorily completed all education courses, and must be approved by the School of Education prior to student teaching.

Co-requisite: EDUC 471 Student Teaching Seminar

Required Assessment(s): Required Assessments: 1. passing score on the content area exit assessment(s) in the certification area(s) for which the student is being recommended; 2. satisfactory formative evaluations; and 3. passing composite score on the Missouri Educator

Evaluation System (MEES) summative evaluation for the student teaching experience.

### **Credit for Prior Learning (CPL) Portfolio Credit for Student Teaching:**

Students desiring to petition for credit for a portion of their student teaching experience must have a minimum of two years of classroom instructional experience in the grade level and/or subject area for which they are seeking certification in order to apply. The experience must be in a public or accredited private school and must be concurrent with enrollment in the Teacher Education Program. To determine eligibility, the student must first complete a CPL conference with the Dean of Education or her designee at least one semester prior to the anticipated student teaching semester. Students must be fully admitted to the Teacher Education Program and have passed the student teaching interview before CPL credit may be awarded.

**Note:** *Students must complete the equivalent of 16 weeks/12 credit hours of student teaching before being recommended for certification, either 4712 or 4709+4703.* A Student Teaching Fee is charged for this course.

## **ECCL 4709 - Student Teaching: Early Childhood**

Semester Hours: *Nine*

Student teaching consists of sixteen (16) weeks of teaching experiences in an appropriate classroom setting in a state or nationally accredited public or private school under the supervision of an experienced and highly qualified cooperating teacher. Students seeking certification in a single content area will complete one sixteen-week teaching experience. Students seeking certification at more than one level (K-12) or in more than one content area must student teach for twelve weeks at one level or content area and four weeks at the other level or content area as approved by the Dean of Education or Director of Field Experiences. This culminating field experience enables students to practice and develop the pedagogical skills necessary to meet the Missouri performance standards for teacher certification. Candidates actively participate and complete required assignments, work with students as requested and under the supervision of the classroom teacher, and have the opportunity and responsibility to lead the class over an extended period of time. After being formally admitted to the Teacher Education program, certification candidates must apply to student teach. Application for Student Teaching must be made to the Education Office by the end of the second week of the Fall semester for Spring Student Teaching and by the end of the second week of the Spring semester for Fall Student Teaching. The final decision regarding placement will be left to the discretion of the Director of Field Experiences in order to insure the quality of student teaching experiences in diverse settings. Candidates are required to complete their student teaching experience in the grade level(s) and subject area(s) for which they are seeking recommendation for certification.

Term Offered: *Fall, Spring*

Prerequisites: 1. Current Family Care Safety Registry background check (see catalog section on Background Checks for Field Experience and Student Teaching for additional information). Some districts may also require a valid Missouri substitute certificate and/or current tuberculosis (TB) test results for placement. *CPT form required for F-1 international students.* 2. No undergraduate degree-seeking candidate will be allowed to student teach without having

passed all sections of the Missouri General Education Assessment (MoGEA). 3. Both undergraduate and graduate students must be formally admitted into the Teacher Education Program, must have satisfactorily completed all education courses, and must be approved by the School of Education prior to student teaching.

Co-requisite: EDUC 471 Student Teaching Seminar

Required Assessment(s): Required Assessments: 1. passing score on the content area exit assessment(s) in the certification area(s) for which the student is being recommended; 2. satisfactory formative evaluations; and 3. passing composite score on the Missouri Educator Evaluation System (MEES) summative evaluation for the student teaching experience.

### **Credit for Prior Learning (CPL) Portfolio Credit for Student Teaching:**

Students desiring to petition for credit for a portion of their student teaching experience must have a minimum of two years of classroom instructional experience in the grade level and/or subject area for which they are seeking certification in order to apply. The experience must be in a public or accredited private school and must be concurrent with enrollment in the Teacher Education Program. To determine eligibility, the student must first complete a CPL conference with the Dean of Education or her designee at least one semester prior to the anticipated student teaching semester. Students must be fully admitted to the Teacher Education Program and have passed the student teaching interview before CPL credit may be awarded.

**Note:** *Students must complete the equivalent of 16 weeks/12 credit hours of student teaching before being recommended for certification, either 4712 or 4709+4703.* A Student Teaching Fee is charged for this course.

## **ECCL 4712 - Student Teaching: Early Childhood**

Semester Hours: *Twelve*

Student teaching consists of sixteen (16) weeks of teaching experiences in an appropriate classroom setting in a state or nationally accredited public or private school under the supervision of an experienced and highly qualified cooperating teacher. Students seeking certification in a single content area will complete one sixteen-week teaching experience. Students seeking certification at more than one level (K-12) or in more than one content area must student teach for twelve weeks at one level or content area and four weeks at the other level or content area as approved by the Dean of Education or Director of Field Experiences. This culminating field experience enables students to practice and develop the pedagogical skills necessary to meet the Missouri performance standards for teacher certification. Candidates actively participate and complete required assignments, work with students as requested and under the supervision of the classroom teacher, and have the opportunity and responsibility to lead the class over an extended period of time. After being formally admitted to the Teacher Education program, certification candidates must apply to student teach. Application for Student Teaching must be made to the Education Office by the end of the second week of the Fall semester for Spring Student Teaching and by the end of the second week of the Spring semester for Fall Student Teaching. The final decision regarding placement will be left to the discretion of the Director of Field Experiences in order to insure the quality of student teaching experiences in diverse settings. Candidates are required to complete their student teaching experience

in the grade level(s) and subject area(s) for which they are seeking recommendation for certification.

Term Offered: *Fall, Spring*

Prerequisites: 1. Current Family Care Safety Registry background check (see catalog section on Background Checks for Field Experience and Student Teaching for additional information). Some districts may also require a valid Missouri substitute certificate and/or current tuberculosis (TB) test results for placement. *CPT form required for F-1 international students.* 2. No undergraduate degree-seeking candidate will be allowed to student teach without having passed all sections of the Missouri General Education Assessment (MoGEA). 3. Both undergraduate and graduate students must be formally admitted into the Teacher Education Program, must have satisfactorily completed all education courses, and must be approved by the School of Education prior to student teaching.

Co-requisite: EDUC 471 - Student Teaching Seminar

Required Assessment(s): Required Assessments: 1. passing score on the content area exit assessment(s) in the certification area(s) for which the student is being recommended; 2. satisfactory formative evaluations; and 3. passing composite score on the Missouri Educator Evaluation System (MEES) summative evaluation for the student teaching experience.

#### **Credit for Prior Learning (CPL) Portfolio Credit for Student Teaching:**

Students desiring to petition for credit for a portion of their student teaching experience must have a minimum of two years of classroom instructional experience in the grade level and/or subject area for which they are seeking certification in order to apply. The experience must be in a public or accredited private school and must be concurrent with enrollment in the Teacher Education Program. To determine eligibility, the student must first complete a CPL conference with the Dean of Education or her designee at least one semester prior to the anticipated student teaching semester. Students must be fully admitted to the Teacher Education Program and have passed the student teaching interview before CPL credit may be awarded.

**Note:** *Students must complete the equivalent of 16 weeks/12 credit hours of student teaching before being recommended for certification, either 4712 or 4709+4703.* A Student Teaching Fee is charged for this course.

#### **ECCL 4712 or 4709+4703 - Student Teaching: Early Childhood**

## Early Childhood Special Education

### ECSP 403/503 - Introduction to Early Childhood Special Education: Seminar and Field Experience

Semester Hours: *Three*

This course examines the state and federal special education laws with regard to children with disabilities birth through grades three. Additional emphasis will be placed on the following topics: education philosophies and theories that form the basis of current practices in early childhood special education; the models of delivery of educational services to individuals with disabilities from birth through adulthood; the special education process including child find practices; referral, assessment procedures, eligibility determination and programmatic needs; the use and purpose of an Individualized Education Plan (IEP) and the Individualized Family Service Plan (IFSP); the differentiation between program models in early childhood special education and how they relate to service delivery in child care or other settings; the roles and responsibilities of all members who serve on interdisciplinary teams; and current trends and issues in Early Childhood Special Education. Students will participate in a 15-clock hour field experience in order to be able to apply the knowledge gained in this class. Students taking this course for graduate credit will be required to complete all undergraduate assignments plus successfully complete a graduate action research project.

Term Offered: *Fall, Odd Years*

Prerequisites: EDUC 203, EDUC 303

Co-requisite: Current Family Care Safety Registry background check (see catalog section on Background Checks for Field Experience and Student Teaching for additional information).

**Note:** Some districts may also require current tuberculosis (TB) test results for placement. *CPT form required for F-1 international students.*

### ECSP 413/513 - Teaching Young Children with Disabilities: Seminar and Field Experience

Semester Hours: *Three*

This course will examine the various physical, cognitive, social, and emotional disabilities with regard to children birth through grade three. Students will also explore and demonstrate competency in the following topics and/or issues: developing and implementing specialized intervention strategies for children with sensory and/or physical impairments; identifying appropriate methods for planning and implementing instruction in a variety of service delivery models for young children with disabilities; identifying instructional and guidance procedures for integrating children with and without disabilities; identifying and planning curricula for young children with disabilities; identifying and applying principles of behavior support and management and appropriate self-management behaviors in young children; and identifying and applying teaching strategies and methods for young children with disabilities. Students will participate in a 15-clock hour field experience in an Early Childhood Special Education pre-kindergarten setting. Students taking this course for graduate credit will be required to complete all undergraduate assignments plus successfully complete a graduate

action research project.

Term Offered: *Spring, Even Years*

Prerequisites: EDUC 203, EDUC 303, and ECSP 403/503

Co-requisite: Current Family Care Safety Registry background check (see catalog section on Background Checks for Field Experience and Student Teaching for additional information).

**Note:** Some districts may also require current tuberculosis (TB) test results for placement. **CPT form required for F-1 international students.**

### ECSP 423/523 - Family Engagement and Partnership: Seminar and Field Experience

Semester Hours: *Three*

This course emphasizes the role of teachers as parent partners, focused in early childhood and K-12 special education settings. Students will explore theories and methods which enhance positive relations with families as they learn approaches to working with children and their families in the school, home and community, with an emphasis on collaboration, partnerships, and a family systems approach. Methods will include a range of positive, effective communication strategies for working with families in a diverse society. Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *Fall, Spring*

Prerequisites: EDUC 203, EDUC 303, and EDPS 453/553

### ECSP 433/533 - Assistive Technology and Augmentive Communication

Semester Hours: *Three*

This course will examine assistive technology and application in instructional programs, career tasks, and life skills for individuals with disabilities. Additional emphasis will be placed on augmentive and alternative communication tools for use by individuals with speech and communication disabilities. Exploration experiences enable students to locate, use and train others on the range of AAC technologies available. A field experience is included within the scope of this course. Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *On Demand*

Prerequisites: EDUC 203 and EDUC 303, EDPS 453/553, EDSP 413/513, and ECSP 403/503 (for early childhood special education certification) or EDSP 433/533 (for cross-categorical disabilities certification).

### ECSP 4703 - Student Teaching: Early Childhood Special Education

Semester Hours: *Three*

Student teaching consists of sixteen (16) weeks of teaching experiences in an appropriate classroom setting in a state or nationally accredited public or private school under the supervision of an experienced and highly qualified cooperating teacher. Students seeking certification in a single content area will complete one sixteen-week teaching experience. Students seeking certification at more than one level (K-12) or in more than one content area must student teach for twelve weeks at one level or content area and four

## ECSP 4709 - Student Teaching: Early Childhood Special Education

Semester Hours: *Nine*

Student teaching consists of sixteen (16) weeks of teaching experiences in an appropriate classroom setting in a state or nationally accredited public or private school under the supervision of an experienced and highly qualified cooperating teacher. Students seeking certification in a single content area will complete one sixteen-week teaching experience. Students seeking certification at more than one level (K-12) or in more than one content area must student teach for twelve weeks at one level or content area and four weeks at the other level or content area as approved by the Dean of Education or Director of Field Experiences. This culminating field experience enables students to practice and develop the pedagogical skills necessary to meet the Missouri performance standards for teacher certification. Candidates actively participate and complete required assignments, work with students as requested and under the supervision of the classroom teacher, and have the opportunity and responsibility to lead the class over an extended period of time. After being formally admitted to the Teacher Education program, certification candidates must apply to student teach. Application for Student Teaching must be made to the Education Office by the end of the second week of the Fall semester for Spring Student Teaching and by the end of the second week of the Spring semester for Fall Student Teaching. The final decision regarding placement will be left to the discretion of the Director of Field Experiences in order to insure the quality of student teaching experiences in diverse settings. Candidates are required to complete their student teaching experience in the grade level(s) and subject area(s) for which they are seeking recommendation for certification.

## **Economics**

### **ECON 103 - Survey of Economics for Non-Business Majors (MOTR ECON 100)**

Semester Hours: *Three*

This survey course covers key concepts of microeconomics, macroeconomics, international economics, consumer economics, and personal finance. This course is designed to provide an overview of these areas to meet general education and teacher certification requirements. ECON 103 may not be substituted for ECON 113 Macroeconomics or ECON 123 Microeconomics for School of Business or Business Education majors. Students who have already completed ECON 113 or ECON 123 may not take ECON 103 for credit.

Term Offered: *Fall, Spring*

### **ECON 113 - Macroeconomics (MOTR ECON 101)**

Semester Hours: *Three*

This course will examine current events from an economic perspective. Other topics covered may include unemployment, inflation, price indexes, Gross Domestic Product, National Income, government spending, fiscal policy, the Federal Reserve System, banking, money creation, monetary policy, and history of the U.S.

monetary system.

Term Offered: *Fall, Spring, Summer*

### **ECON 123 - Microeconomics (MOTR ECON 102)**

Semester Hours: *Three*

This course presents an introduction to economic thought. Concepts covered may include interdependence and gains from trade, supply and demand, elasticity, externalities, and firm behavior in industry organizations of competitive markets, monopoly, monopolistic competition, and oligopoly.

Term Offered: *Fall, Spring, Summer*

## **Education**

### **EDUC 201 - Professional Growth and Folio Development I**

Semester Hours: *One*

This seminar is designed to initiate professional growth and development for the pre-service teacher at all levels. A variety of large group, small group, and individual learning experiences will be explored which focus on contemporary educational issues. Students will be introduced to the Missouri Teacher Standards and begin development of their Professional Development Folio (PDF). Teacher candidates will take their Missouri General Education Assessment (MoGEA) in conjunction with this class (post-baccalaureate certification-only students and graduate students are exempt from MoGEA). All undergraduate degree-seeking students seeking initial teacher certification must register for this course in the second semester of their sophomore year or first semester of enrollment for transfer students with junior standing or above; post-baccalaureate certification-only students and graduate students seeking initial teacher certification must register for this course in their first semester of enrollment. Students are required to complete their Teacher Education Admission Packet in conjunction with EDUC 201 in preparation for their interview for admission into the Teacher Education Program.

Term Offered: *Fall, Spring*

Co-requisite: EDUC 203 - Teaching in a Diverse Society.

Required Assessment(s): Required Assessments: Missouri General Education Assessment (MoGEA) (for undergraduate degree-seeking students only). A fee for MoGEA is charged for this course. (Transfer students who have completed these assessments will have the assessment fees refunded after they have provided assessment results to the Education Office. Post-baccalaureate certification-only students and graduate students will not be assessed a fee for the MoGEA.)

**Note:** *This course will not be accepted in transfer from another institution and cannot be taken through Directed Study, Credit for Prior Learning, or Credit by Exam.*

### **EDUC 203 - Teaching in a Diverse Society**

Semester Hours: *Three*

The course is designed to examine today's increasingly diverse classrooms and provide theoretical, practical, and philosophical

approaches to issues related to diversity including the following: 1) race, culture, and ethnicity, 2) language (ELL), 3) socioeconomic levels, 4) gender, 5) disability and 6) exceptionalities. The course is an introduction to key issues and concepts related to diversity, connecting hands-on experiences and educational theory in a classroom setting working with diverse students, including English language learners. It will address social inequalities and stratification as a primary lens for understanding diversity and other forms of difference in schools. The course will also increase students' awareness through constant dialogue between theory and practice facilitating the exploration and understanding of diversity in educational classrooms.

Term Offered: *Fall, Spring*

Co-requisites: EDCL 200 Teaching in a Diverse Society Field Experience and EDUC 201 Professional Growth and Development I.

## EDUC 210 - Field Experience I Seminar

Semester Hours: *Zero*

This course provides orientation and an overview of the requirements for EDCL 211 Teaching Field Experience I. Topics covered will include: placement information and expectations, teaching tolerance, and placement successes and problems. This course is designed to develop students into professional and reflective practitioners. Students will explore issues of self-assessment and self-improvement; professional learning opportunities; and rights, responsibilities, and ethical practices of teachers. *Students must earn a final grade of Credit (CR) for program completion.*

Term Offered: *Fall, Spring*

Co-requisite: EDCL 211

## EDUC 303 - Methods of Teaching and Differentiated Instruction

Semester Hours: *Three*

This course provides pre-service teachers with an opportunity for an in-depth study of instructional planning (including daily lesson plans, weekly unit plans, and yearlong goal planning) and a variety of effective instructional strategies to use with all learners, including learners from different racial/ethnic backgrounds, learners with special learning needs, and those learners whose first language is not English. The Conceptual Framework of the MBU Teacher Education Program will be emphasized and integrated within the pre-service teacher's unit and lesson planning activities and implementation of instructional strategies. Pre-service teachers will also be introduced to beginning classroom management techniques and assessment strategies as they relate to effective lesson planning and implementation.

Term Offered: *Fall, Spring, Summer*

**Note: This course cannot be taken through Directed Study, Credit for Prior Learning, or Credit by Exam.**

## EDUC 373 - Technology and Instructional Media

Semester Hours: *Three*

With a focus on the International Society for Technology in Education (ISTE) Standards for Educators and Students, this course provides an overview of the issues and trends in instructional

technology. How these factors impact purpose, selection, design, production, implementation, and evaluation of instructional media will be explored through the lesson planning process as students learn to meet multiple instructional goals and the needs of diverse learners. Ethical standards and legal issues in the use of technology and media will be explored.

Term Offered: *Fall, Spring, Summer*

## EDUC 401 - Professional Growth and Folio Development II

Semester Hours: *One*

This seminar is designed to continue professional growth and development for the pre-service teacher at all levels. A variety of large group, small group, and individual learning experiences will be explored which focus on contemporary educational issues. Students will further explore the Missouri Teacher Standards in preparation for student teaching. All students seeking initial teacher certification must register for this course in the semester prior to student teaching. Students are required to complete their student teaching interview in conjunction with EDUC 401. The completed Professional Development Folio (PDF) must be submitted at the conclusion of this course. A passing PDF is required for satisfactory completion of EDUC 401.

Term Offered: *Fall, Spring*

Prerequisite: EDUC 201 and Admission to the Teacher Education Program.

**Note: This course will not be accepted in transfer from another institution and cannot be taken through Directed Study, Credit for Prior Learning, or Credit by Exam.**

## EDUC 410 - Field Experience II Seminar

Semester Hours: *Zero*

This course provides orientation and an overview of the requirements for EDCL 411/511 Teaching Field Experience II. Topics covered will include placement information and expectations, planning for student teaching, and professional collaboration. Students will explore issues related to collegial activities, collaboration with others in the school system to meet student needs, and cooperative partnerships in support of student learning. *Students must earn a final grade of Credit (CR) for program completion.*

Term Offered: *Fall, Spring*

Co-requisite: EDCL 411/511

## EDUC 471 - Student Teaching Seminar

Semester Hours: *One*

This seminar, required for all candidates seeking initial teacher certification, provides an opportunity for students to share and reflect on their classroom experiences. They will also engage in a ten-week action research inquiry-based project to demonstrate instructional impact. Students will select a focus, identify research questions, collect and analyze data, and report results with informed actions.

Term Offered: *Fall, Spring*

Prerequisite: EDUC 401

Co-requisite: Concurrent student teaching placement at level(s) appropriate to the area(s) of certification being sought or approved

Credit for Prior Learning (CPL) application and enrollment in EDCL 4700 EDCL 4700 - CPL Student Teaching Evaluation.

**Note: This course will not be accepted in transfer from another institution and cannot be taken through Directed Study, Credit for Prior Learning, or Credit by Exam.**

## Education/English

### **EDEN 453/553 - Teaching Language Arts and Composition in Middle/Secondary: Seminar and Field Experience**

Semester Hours: *Three*

The student will investigate the middle school and secondary language arts curricula, materials, and various instructional strategies designed to meet the needs of diverse middle and secondary school learners; application will be made to the Missouri Learning Standards, including the Common Core State Standards, and the NCTE/IRA Standards. Students will become competent in applying assessment strategies for the improvement of student learning. A study of state-mandated assessment is included. A field experience is included in the scope of this course. This course is required for middle school language arts certification and/or secondary teacher certification in English, and for middle school certification for all subject areas. Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *Spring*

Prerequisites: ENGL 123, EDUC 203, and EDUC 303

**Note: CPT form required for F-1 international students.**

### **EDEN 463/563 - Teaching Literature Within the Curriculum**

Semester Hours: *Three*

This course will consist of units which survey literature appropriate for both children and adolescents, including examples of literature from various ethnic groups that reflect the diversity in today's society. Attention is given to analysis, selection, and encouragement of the appreciation of quality literature. Students will become competent in applying assessment strategies for the improvement of student learning. A study of state-mandated assessment is included. This course is required for students seeking middle school language arts certification and/or secondary certification in English, as well as for students seeking Library Media Specialist certification. Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *Fall*

Undergraduate prerequisites: ENGL 123, ENGL 203, EDUC 203, and EDUC 303

## Education/Psychology

### **EDPS 383 - Psychology of Teaching and Learning**

Semester Hours: *Three*

This course is designed to study principles, models, theories, teaching procedures, and practical methods of instruction and assessment that apply to everyday problems in education addressing the many needs of diverse learners. The study will emphasize the educational implications and application of research on child development, cognitive science, motivation, learning, and teaching.

Term Offered: *Fall, Spring*

Prerequisite: PSYC 133

### **EDPS 453/553 - the Exceptional Child**

Semester Hours: *Three*

This course stresses the study and identification of the physical, psychological, social, and educational needs of special needs children. Attention is given to differences in growth and development of individual children as well as group differences, in addition to appropriate modifications of the educational process. This course will also explore cultural and linguistic diversity and the needs of gifted and talented students.

Term Offered: *Fall, Spring, Summer*

Undergraduate prerequisites: PSYC 133 and PSYC 313 for all teacher certification candidates except Music Education. Graduate prerequisite: PSYC 553. Prerequisite for Music Education: PSYC 133, EDPS 383 and MUED 313. Open to teachers, or prospective teachers, or school counselors, and Psychology or Behavioral Science majors (prerequisite: PSYC 133 and PSYC 313, PSYC 333, or PSYC 343). Students taking this course for graduate credit must complete all graduate course requirements.

## Education/Theatre

### **EDST 473/573 - Methods of Teaching Speech and Theatre for Middle/Secondary: Seminar and Field Experience**

Semester Hours: *Three*

This course concentrates on the principles, techniques, and problems unique to teaching speech and theatre. Unit and course plans, designed to meet the needs of diverse middle and secondary school learners, are developed for all areas of speech and theatre. Attention is given to directing forensic and dramatic activities.

Term Offered: *Fall, Even Years*

Prerequisites: EDUC 203 and EDUC 303

## Educational Topics

### ETOP 423/523 - Classroom and Behavior Management

Semester Hours: *Three*

This course is a study of the underlying causes of school violence and students being at-risk for school failure at the elementary and secondary school level, as well as a study of the theories and research-based practices that can be used to establish a positive learning environment for all. Topics include: 1) identifying at-risk students; 2) building a positive learning community; 3) teaching social skills and internal behavior management strategies to decrease discipline problems; 4) investigating theories of behavior and discipline; 5) developing proactive classroom management techniques, and culturally responsive instructional and behavioral strategies to decrease disruptive behavior; 6) making the classroom and school safe for students and staff.

Term Offered: *Fall, Spring, Summer*

Prerequisites: EDPS 383, EDPS 453/553, EDUC 203, and EDUC 303 (or MUED 313 or MUED 323 for Music Education majors).

\*This course is required for all education majors. \*\**This course must be completed before Student Teaching will be allowed.* Students taking this course for graduate credit must complete all graduate course requirements.

**Note: This course may not be taken as a Directed Study, credit for prior learning portfolio or as a web course if it is to be used as part of the Master of Arts in Counseling requirements.**

## Elementary Education

### ELED 433/533 - Integrated Mathematics Concepts for Early Childhood/Elementary: Seminar and Field Experience

Semester Hours: *Three*

This course is a study of materials, methods, principles, and concepts used in the elementary school to develop mathematics skills and understanding. Students will investigate early childhood and elementary mathematics curricula and materials. Application will be made to the Missouri Learning Standards including the Common Core State Standards and the Show-Me Standards, as well as national curricular standards. Students will increase proficiency with state and national standards by connecting their pedagogical decisions to relevant standards. Students will apply knowledge of multiple intelligences to various teaching strategies as they integrate art, music, and physical education experiences within integrated mathematics lessons and units, in order to meet the needs of all diverse learners and learning styles. Students will also become competent in differentiating instruction and applying assessment strategies for the improvement of student learning, including state-mandated assessment. A field experience is included in the scope of this course. Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *Fall, Spring*

Prerequisites: EDUC 203 and EDUC 303

### ELED 443/543 - Integrated Science Concepts for Early Childhood/Elementary: Seminar and Field Experience

Semester Hours: *Three*

This course is a study of materials, methods, principles, and concepts used in the elementary school to develop science skills and understanding. Students will investigate early childhood and elementary science curricula and materials. Application will be made to the Missouri Learning Standards including the Common Core State Standards and the Show-Me Standards, as well as the Next Generation Science Standards. Students will increase proficiency with state and national standards by connecting their pedagogical decisions to relevant standards. Students will apply knowledge of multiple intelligences to various teaching strategies as they integrate art, music, and physical education experiences within integrated science lessons and units, in order to meet the needs of all diverse learners and learning styles. Students will also become competent in differentiating instruction and applying assessment strategies for the improvement of student learning, including state-mandated assessment. A field experience is included in the scope of this course. Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *Fall, Spring*

Prerequisites: EDUC 203 and EDUC 303

### ELED 453/553 - Integrated Language Arts Concepts and Children's Literature for Early Childhood/Elementary: Seminar and Field Experience

Semester Hours: *Three*

The student will investigate early elementary language curricula and materials. Students will become competent in the use of multiple intelligences as a vehicle to apply various teaching strategies as they integrate art, music, and physical education experiences within integrated language arts units in order to meet the needs of all diverse learners and learning styles. Teaching method competencies include language acquisition, phonological and phonemic awareness, phonics, vocabulary, fluency, comprehension, and the writing process. The course will also consist of units that survey literature appropriate for children, including examples of literature from various ethnic groups that reflect the diversity in today's society. Application will be made to the Missouri Learning Standards for physical education, art, theater, and music, as well as the NCTE/IRA Standards. Students will become competent in applying assessment strategies for the improvement of student learning. A study of state-mandated assessment is included. A field experience is included in the scope of this course. Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *Fall, Spring*

Prerequisites: EDUC 203 and EDUC 303

## **ELED 463/563 - Integrated Concepts in Social Science, Geography, and Economics for Early Childhood/Elementary: Seminar and Field Experience**

Semester Hours: *Three*

The student will investigate early childhood/elementary social studies curricula and materials. Students will become competent in the use of multiple intelligences as a vehicle to apply various teaching strategies as they integrate art, music, and physical education experiences within integrated social studies lessons and units in order to meet the needs of all diverse learners and learning styles. Application will be made to the Missouri Learning Standards for physical education, art, theater, and music as well as the Revised National Curriculum Standards for Social Studies. Students will become competent in differentiating instruction and applying assessment strategies for the improvement of student learning. A study of state-mandated assessment is included. The course will also incorporate a study of the continents and countries of the world and their physical, economic, and cultural diversity. Economic concepts appropriate for elementary-level students will also be covered. A field experience is included in the scope of this course. Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *Fall, Spring*

Prerequisites: EDUC 203 and EDUC 303

## **Elementary Student Teaching**

### **ELCL 4703 - Student Teaching: Elementary**

Semester Hours: *Three*

Student teaching consists of sixteen (16) weeks of teaching experiences in an appropriate classroom setting in a state or nationally accredited public or private school under the supervision of an experienced and highly qualified cooperating teacher. Students seeking certification in a single content area will complete one sixteen-week teaching experience. Students seeking certification at more than one level (K-12) or in more than one content area must student teach for twelve weeks at one level or content area and four weeks at the other level or content area as approved by the Dean of Education or Director of Field Experiences. This culminating field experience enables students to practice and develop the pedagogical skills necessary to meet the Missouri performance standards for teacher certification. Candidates actively participate and complete required assignments, work with students as requested and under the supervision of the classroom teacher, and have the opportunity and responsibility to lead the class over an extended period of time. After being formally admitted to the Teacher Education program, certification candidates must apply to student teach. Application for Student Teaching must be made to the Education Office by the end of the second week of the Fall semester for Spring Student Teaching and by the end of the second week of the Spring semester for Fall Student Teaching. The final decision regarding placement will be left to the discretion of the Director of Field Experiences in order to insure the quality of student teaching experiences in diverse settings. Candidates are required to complete their student teaching experience in the grade level(s) and subject area(s) for which they are seeking recommendation for certification.

Term Offered: *Fall, Spring*

Prerequisites: 1. Current Family Care Safety Registry background check (see catalog section on Background Checks for Field Experience and Student Teaching for additional information). Some districts may also require a valid Missouri substitute certificate and/or current tuberculosis (TB) test results for placement. *CPT form required for F-1 international students.* 2. No undergraduate degree-seeking candidate will be allowed to student teach without having passed all sections of the Missouri General Education Assessment (MoGEA). 3. Both undergraduate and graduate students must be formally admitted into the Teacher Education Program, must have satisfactorily completed all education courses, and must be approved by the School of Education prior to student teaching.

Co-requisite: EDUC 471 - Student Teaching Seminar

Required Assessment(s): Required Assessments: 1. passing score on the content area exit assessment(s) in the certification area(s) for which the student is being recommended; 2. satisfactory formative evaluations; and 3. passing composite score on the Missouri Educator Evaluation System (MEES) summative evaluation for the student teaching experience.

### **Credit for Prior Learning (CPL) Portfolio Credit for Student Teaching:**

Students desiring to petition for credit for a portion of their student teaching experience must have a minimum of two years of classroom instructional experience in the grade level and/or subject area for which they are seeking certification in order to apply. The experience must be in a public or accredited private school and must be concurrent with enrollment in the Teacher Education Program. To determine eligibility, the student must first complete a CPL conference with the Dean of Education or her designee at least one semester prior to the anticipated student teaching semester. Students must be fully admitted to the Teacher Education Program and have passed the student teaching interview before CPL credit may be awarded.

**Note: Students must complete the equivalent of 16 weeks/12 credit hours of student teaching before being recommended for certification, either 4712 or 4709+4703.** A Student Teaching Fee is charged for this course.

### **ELCL 4709 - Student Teaching: Elementary**

Semester Hours: *Nine*

Student teaching consists of sixteen (16) weeks of teaching experiences in an appropriate classroom setting in a state or nationally accredited public or private school under the supervision of an experienced and highly qualified cooperating teacher. Students seeking certification in a single content area will complete one sixteen-week teaching experience. Students seeking certification at more than one level (K-12) or in more than one content area must student teach for twelve weeks at one level or content area and four weeks at the other level or content area as approved by the Dean of Education or Director of Field Experiences. This culminating field experience enables students to practice and develop the pedagogical skills necessary to meet the Missouri performance standards for teacher certification. Candidates actively participate and complete required assignments, work with students as requested and under the supervision of the classroom teacher, and have the opportunity and responsibility to lead the class over an extended period of time. After

being formally admitted to the Teacher Education program, certification candidates must apply to student teach. Application for Student Teaching must be made to the Education Office by the end of the second week of the Fall semester for Spring Student Teaching and by the end of the second week of the Spring semester for Fall Student Teaching. The final decision regarding placement will be left to the discretion of the Director of Field Experiences in order to insure the quality of student teaching experiences in diverse settings. Candidates are required to complete their student teaching experience in the grade level(s) and subject area(s) for which they are seeking recommendation for certification.

Term Offered: *Fall, Spring*

Prerequisites: 1. Current Family Care Safety Registry background check (see catalog section on Background Checks for Field Experience and Student Teaching for additional information). Some districts may also require a valid Missouri substitute certificate and/or current tuberculosis (TB) test results for placement. *CPT form required for F-1 international students.* 2. No undergraduate degree-seeking candidate will be allowed to student teach without having passed all sections of the Missouri General Education Assessment (MoGEA). 3. Both undergraduate and graduate students must be formally admitted into the Teacher Education Program, must have satisfactorily completed all education courses, and must be approved by the School of Education prior to student teaching.

Co-requisite: EDUC 471 - Student Teaching Seminar

Required Assessment(s): 1. passing score on the content area exit assessment(s) in the certification area(s) for which the student is being recommended; 2. satisfactory formative evaluations; and 3. passing composite score on the Missouri Educator Evaluation System (MEES) summative evaluation for the student teaching experience.

#### **Credit for Prior Learning (CPL) Portfolio Credit for Student Teaching:**

Students desiring to petition for credit for a portion of their student teaching experience must have a minimum of two years of classroom instructional experience in the grade level and/or subject area for which they are seeking certification in order to apply. The experience must be in a public or accredited private school and must be concurrent with enrollment in the Teacher Education Program. To determine eligibility, the student must first complete a CPL conference with the Dean of Education or her designee at least one semester prior to the anticipated student teaching semester. Students must be fully admitted to the Teacher Education Program and have passed the student teaching interview before CPL credit may be awarded.

**Note: Students must complete the equivalent of 16 weeks/12 credit hours of student teaching before being recommended for certification, either 4712 or 4709+4703.** A Student Teaching Fee is charged for this course.

## **ELCL 4712 - Student Teaching: Elementary**

Semester Hours: *Twelve*

Student teaching consists of sixteen (16) weeks of teaching experiences in an appropriate classroom setting in a state or nationally accredited public or private school under the supervision of an experienced and highly qualified cooperating teacher. Students seeking certification in a single content area will complete one sixteen-week teaching experience. Students seeking certification at more than one level (K-12) or in more than one content area must

student teach for twelve weeks at one level or content area and four weeks at the other level or content area as approved by the Dean of Education or Director of Field Experiences. This culminating field experience enables students to practice and develop the pedagogical skills necessary to meet the Missouri performance standards for teacher certification. Candidates actively participate and complete required assignments, work with students as requested and under the supervision of the classroom teacher, and have the opportunity and responsibility to lead the class over an extended period of time. After being formally admitted to the Teacher Education program, certification candidates must apply to student teach. Application for Student Teaching must be made to the Education Office by the end of the second week of the Fall semester for Spring Student Teaching and by the end of the second week of the Spring semester for Fall Student Teaching. The final decision regarding placement will be left to the discretion of the Director of Field Experiences in order to insure the quality of student teaching experiences in diverse settings. Candidates are required to complete their student teaching experience in the grade level(s) and subject area(s) for which they are seeking recommendation for certification.

Term Offered: *Fall, Spring*

Prerequisites: 1. Current Family Care Safety Registry background check (see catalog section on Background Checks for Field Experience and Student Teaching for additional information). Some districts may also require a valid Missouri substitute certificate and/or current tuberculosis (TB) test results for placement. *CPT form required for F-1 international students.* 2. No undergraduate degree-seeking candidate will be allowed to student teach without having passed all sections of the Missouri General Education Assessment (MoGEA). 3. Both undergraduate and graduate students must be formally admitted into the Teacher Education Program, must have satisfactorily completed all education courses, and must be approved by the School of Education prior to student teaching.

Co-requisite: EDUC 471 Student Teaching Seminar

Required Assessment(s): 1. passing score on the content area exit assessment(s) in the certification area(s) for which the student is being recommended; 2. satisfactory formative evaluations; and 3. passing composite score on the Missouri Educator Evaluation System (MEES) summative evaluation for the student teaching experience.

#### **Credit for Prior Learning (CPL) Portfolio Credit for Student Teaching:**

## English

### ENGL 103 - English Grammar

Semester Hours: *Three*

This competency-based course covers the fundamentals of Standard English grammar as they relate to reading and writing. The student will also learn the English words and idioms that are most frequently used in various situations in daily life and in the American classroom. A combination of individual, group and laboratory work will be used. ENGL 103 is required for students whose ACT English score is below 18 or as determined by a proficiency test. Successful completion of ENGL 103 with a grade of C or better will permit the student to enroll in ENGL 113, English Composition I. This course grants **elective credit only** and is not designed to meet any minimum university English requirement, either academic or professional.

Term Offered: *Fall, Spring*

### ENGL 113 - English Composition I (MOTR ENGL 100)

Semester Hours: *Three*

Students will develop skills in writing prose acceptable in academics and in the professions, with emphasis on grammar, punctuation, sentence structure, paragraph development, the writing process, and patterns of essay development. Various selections from expository and imaginative writing will serve as models and as sources for composition topics.

Term Offered: *Fall, Spring, Summer*

Prerequisite: ENGL 103 (grade of C or better), ACT English score of 18, TOEFL score of 195 or better on computer-based test (525 or better on paper-based test or 70 or better on Internet-based test), or passed proficiency test.

### ENGL 123 - English Composition II (MOTR ENGL 200)

Semester Hours: *Three*

This course furthers the work of ENGL 113, requiring students to use critical reading and thinking skills, the writing process, and rhetorical skills in both expository and argumentative writing. A major course project includes an introduction to library skills and the appropriate use of academic sources and academic prose culminating in a documented research essay.

Term Offered: *Fall, Spring, Summer*

Prerequisite: ENGL 113, ACT English score of 28, or passed proficiency test.

## **ENGL 203 - World Literary Types (LITR 200)**

Semester Hours: *Three*

This survey of world masterpieces includes major writers and literary movements from world creation texts to the present. Course content includes selections from short stories, novels, poetry, drama, and nonfiction. Models used for textual analysis include Christian and other literary types. This course fulfills the baccalaureate degree requirement in literature, and is prerequisite for all literature courses except ENGL 243.

Term Offered: *Fall, Spring*

Prerequisite: ENGL 123

## **ENGL 243 - Survey of American and British Literature**

Semester Hours: *Three*

This course is a chronological survey of American and British literature from their beginnings to the present day, including selections from short stories, drama, nonfiction, and novels.

Term Offered: *On Demand*

Prerequisite: ENGL 123

## **ENGL 283 - Techniques for Writing Tutorials**

Semester Hours: *Three*

Designed for English and Christian Ministry majors, this course explores the current critical approaches, methods, and techniques used in individualized writing tutorials. As part of the course requirements, each student will provide five hours (ten 30-minute) sessions of service as a tutor in the MBU Academic Success Center.

Term Offered: *Spring*

Prerequisite: ENGL 203 or consent of instructor

## **ENGL 313 - Historic Literary England**

Semester Hours: *Three*

This course deals with the concepts of literary genre within the context of the historical environment which inspired and shaped them. Major English authors, who lived in four different sections of England, will be selected from writers of essays, poetry, drama, and fiction. Their lifestyles will be studied and their homes and towns visited for observing the influences and inspirations they held for the authors. This course will satisfy three hours of the Humanities/Fine Arts general education requirement.

Term Offered: *On Demand*

Prerequisite: ENGL 123

## **ENGL 333A - American Literature I (Colonial America to 1865)**

Semester Hours: *Three*

This course examines native oral traditions and selections by main authors in the United States from the pre-colonial period through the Puritan times and the Civil War era. Emphasis will be on both the texts and the social, historical, philosophical, and Christian influences on America's early literature.

Term Offered: *Fall, Even Years*

Prerequisite: ENGL 203 or consent of instructor

## **ENGL 333B - American Literature II (1865-1945)**

Semester Hours: *Three*

This course examines selections by key American authors from the Civil War era through the mid-twentieth century, including those of racial and ethnic minority. Emphasis is on both the texts and the social, historical, philosophical, and Christian influences on American literature from 1865 (end of Civil War) to 1945 (the end of World War II).

Term Offered: *Spring, Odd Years*

Prerequisite: ENGL 203 or consent of instructor.

## **ENGL 333C - American Literature III (1945-Present)**

Semester Hours: *Three*

The course provides a study of American poetry, fiction, and drama from the end of World War II to the present. In this period, America entered a new literary era marked by the rise of postmodernism, southern fiction, minority and women writers, experimental styles, and activism. The course will survey various poetry groups, including the Black Mountain poets, Beats, Confessional poets, Deep Imagists, ecological poets, language poets, and haikuists. In fiction, students will study realist fiction, the New Romanticism, regional fiction, metafiction, and minority fiction. Among the dramatists to be examined are Tennessee Williams, Arthur Miller, Edward Albee, August Wilson, and David Henry Hwang. Emphasis is both on the texts and on the social, historical, philosophical, and Christian influences on America's contemporary literature.

Term Offered: *Fall, Odd Years*

Prerequisite: ENGL 203 or consent of instructor.

## **ENGL 353A - British Literature I (the Middle Ages Through the Early 17th Century)**

Semester Hours: *Three*

The course surveys significant works by representative British authors from the Anglo-Saxon period to 1660, including Venerable Bede, Geoffrey Chaucer, William Shakespeare, Ben Jonson, and John Milton. Students will explore the ideas, themes, and concepts of the works in their social and historical context.

Term Offered: *Fall, Odd Years*

Prerequisite: ENGL 203 or consent of instructor.

## **ENGL 353B - British Literature II (Since the Restoration)**

Semester Hours: *Three*

The course surveys significant works by British authors from the Restoration (1660-1689) to the present, including John Bunyan, Jonathan Swift, John Dryden, William Wordsworth, Samuel Taylor Coleridge, Mary Shelley, Charles Dickens, Oscar Wilde, and Seamus Heaney. Students will explore the ideas, themes, and concepts of the works in their social and historical context.

Term Offered: *Spring, Even Years*

Prerequisite: ENGL 203 or consent of instructor.

### **ENGL 363 - Critical Theories**

Semester Hours: *Three*

This course explores the principles and practice of critical theories, including traditional and contemporary theories about literature, rhetoric, and discourse. The intentionality and motives for writing, reading, and communication are evaluated from a Christian perspective. By studying some of the major critical texts written by literary theorists and thinkers, students will become familiar with a variety of critical approaches to literature and learn to apply those approaches to their actual reading of literary texts.

Term Offered: *Fall, Even Years*

Prerequisite: ENGL 203 or consent of instructor.

### **ENGL 373 - Chaucer, Shakespeare, and Milton**

Semester Hours: *Three*

This course offers an advanced study of three iconic writers of early British literature with emphasis on their lives, their individual works, and the respective historical and cultural context. The course will also study the way each author contributed to the development of English literature and culture at large.

Term Offered: *Fall, Even Years*

Prerequisite: ENGL 203 or consent of instructor.

### **ENGL 383A - Advanced World Literature I (Texts from Continental Europe, Canada, Australia, and New Zealand)**

Semester Hours: *Three*

This course offers an in-depth study of representative western literary texts exclusive of British and American writings. Among the authors to be examined are Homer, Virgil, Miguel de Cervantes, Johann Wolfgang von Goethe, Fyodor Dostoyevsky, Leo Tolstoy, Rainer Maria Rilke, Katherine Mansfield, Franz Kafka, and Patrick White. Emphasis is on genre, theme, style, and aesthetics, as well as on the political, historical, cultural, and intellectual context of each work.

Course requirements include publication of a book review in *Cantos: A Literary and Arts Magazine*.

Term Offered: *On Demand*

Prerequisite: ENGL 203 or consent of instructor.

### **ENGL 383B - Advanced World Literature II (Texts from Asia, Africa, and Latin America)**

Semester Hours: *Three*

This course offers an in-depth study of representative non-Western literary works in English translation, beginning with the Epic of Gilgamesh and culminating in such contemporary authors as Chinua Achebe, Gabriel García Márquez, and Haruki Murakami. Emphasis is on genre, theme, style, and aesthetics, as well as on the political, historical, cultural, and intellectual context of each work. Course requirements include publication of a book review in *Cantos: A Literary and Arts Magazine*.

Term Offered: *On Demand*

Prerequisite: ENGL 203 or consent of instructor.

### **ENGL 403 - Creative Writing I (Poetry and Fiction)**

Semester Hours: *Three*

Students will study theories of creativity and their applications to writing in poetry (sonnet, ballad, tanka, haiku, hymn, limerick, and free verse) and fiction (short story and novelette). The course will enable student writers of poetry and fiction to find their own style and voice, to develop their skills and techniques, and to learn strategies for critical evaluation of creative writing. Course requirements include submission of a writing portfolio and publication of at least two works in *Cantos: A Literary and Arts Magazine*.

Term Offered: *Fall, Even Years*

Prerequisite: ENGL 203 or consent of instructor.

### **ENGL 413 - Creative Writing II (Drama and Nonfiction)**

Semester Hours: *Three*

Students will study theories of creativity and their applications to writing in drama (tragedy, comedy, tragicomedy, melodrama, and farce) and nonfiction (essay, biography, history, memoir, and travel writing). The course will enable student writers of drama and nonfiction to find their own style and voice, to develop their skills and techniques, and to learn strategies for critical evaluation of creative writing. Course requirements include submission of a writing portfolio and publication of at least two works in *Cantos: A Literary and Arts Magazine*.

Term Offered: *Spring, Odd Years*

Prerequisite: ENGL 203 or consent of instructor.

### **ENGL 433 - Business Writing**

Semester Hours: *Three*

This course will help students improve writing skills while learning the basic forms and conventions of business writing and correspondence. Assignments, including the use of electronic communication technologies, will emphasize the following: e-mail, memos and letters (information, persuasion, and positive or negative news); resume and cover letter; short report, brochure or newsletter; proposal; and presentation.

Term Offered: *Fall, Spring*

Prerequisite: ENGL 123 and Junior Standing.

### **ENGL 443 - Senior Research Seminar in English**

Semester Hours: *Three*

This is the capstone course for English majors and an elective for those obtaining a Writing Certificate in English, allowing students to develop, refine, and master research methods including documentation style, analysis, and synthesis of sources. This course will integrate their educational experiences with a written research project or thesis relevant to their concentration area.

Term Offered: *Fall, Odd years*

Prerequisites: for English major ENGL 123, ENGL 203, ENGL 283, ENGL 403, and ENGL 413; for Writing Certificate ENGL 123, ENGL 203, and 6 hours from the Writing Certificate elective courses or consent of the instructor.

## **ENGL 453/553 - History of the English Language**

Semester Hours: *Three*

The course content covers the internal development of the English language from its roots in Indo-European to Modern English as currently written and spoken in the world. Building upon the literary backgrounds of British, American, and world literature, the student will examine the linguistic changes in the context of external, historical, and cultural circumstances.

Term Offered: *Fall, Odd Years*

Prerequisites: ENGL 203, and completion of six hours of the ENGL 333A/ENGL 333B sequence or completion of six hours of the ENGL 353A/ENGL 353B sequence, or consent of instructor. Students taking this course for graduate credit must complete all graduate course requirements.

## **ENGL 463/563 - Multicultural Literature**

Semester Hours: *Three*

This course examines selected writings by representative American authors of racial and ethnic minority, including Native Americans, African Americans, Hispanic Americans, and Asian Americans. Among the authors to be examined are Frederick Douglass, Richard Wright, Carlos Bulosan, Maya Angelou, Toni Morrison, N. Scott Momaday, Maxine Hong Kingston, William Least Heat Moon, Richard Rodriguez, Denise Chávez, Leslie Marmon Silko, Amy Tan, and Louise Erdrich. Emphasis is on genre, theme, style, and aesthetics as well as on the political, historical, cultural, and intellectual context of multicultural literature in the United States. Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *Spring, Even Years*

Undergraduate prerequisite: ENGL 203 or consent of instructor.

## **ENGL 473 - Advanced Grammar**

Semester Hours: *Three*

This course consists of a study of specific techniques in modern English grammar and the writing of effective compositions. Grammar theories and language theories are emphasized.

Term Offered: *Fall, Even Years*

Prerequisite: ENGL 123

## **Entrepreneurship**

### **ENTR 303 - Introduction to Entrepreneurship**

Semester Hours: *Three*

The first phase of this course explores business concepts, topics and terminology and how they relate to the entrepreneurial venture. In its second phase the course examines the traits that make a successful entrepreneur through the use of case studies, articles, and guest

lectures. Students will engage in self evaluation through the use of tools that attempt to measure emotional intelligence and entrepreneurship profiles. Open to all students with sophomore standing or higher.

Term Offered: *Fall*

### **ENTR 363 - Entrepreneurial Finance**

Semester Hours: *Three*

This course is designed to provide an understanding of the segments of the financial markets that specialize in start-up and growth financing. Topics include firm valuation, the legal and structural issues of private venture capital financing, and preparation for an initial public offering.

Term Offered: *Fall, Odd Years*

Prerequisites: BUSN 363 or ENTR 303. (Students majoring in Sport Management will have the prerequisite for BUSN 363 met through SMGT 463/563 Sport Finance.)

### **ENTR 463 - New Venture Planning**

Semester Hours: *Three*

Students will write and present a sophisticated business plan that includes justification of the business concept, marketing plan, business strategy and organization, financial projections, and plan for financing the venture.

Term Offered: *Spring, Even Years*

Prerequisites: ENTR 313 and ENTR 363

### **ENTR 471 - Business Plan Competition**

Semester Hours: *One*

This course allows students who have successfully completed ENTR 463, New Venture Planning, to earn internship type credit by competing in a university or business sponsored Business Plan Competition. The students will hone skills acquired in earlier Business courses, enhance presentation abilities through preparation for competition and potentially expand her network of business contacts. Choice of the competition is subject to the prior approval of the Dean of Business and the course instructor.

Term Offered: *On Demand*

Prerequisites: ENTR 463 and permission of the Dean of Business.

## **Exercise Science**

### **EXSC 113 - Introduction to Exercise Science**

Semester Hours: *Three*

This is an introductory course to the field of exercise science. This course will define the field of exercise science and the many sub-disciplines that are associated with this field.

Term Offered: *Fall, Spring*

## EXSC 223 - Practicum in Exercise Science

Semester Hours: *Three*

The student will complete no less than 200 hours of supervised observation experience in an exercise science facility. Examples of appropriate observation/practicum sites include corporate fitness center, rehabilitation center, sports medicine clinic, hospital, sports club, or similar facility or organization.

Term Offered: *Fall, Spring, Summer*

Prerequisite: Sophomore standing.

## EXSC 233 - Care and Prevention of Athletic Injuries/Illnesses

Semester Hours: *Three*

A detailed assessment of the profession of athletic training and its responsibilities and methods used in prevention of athletic injuries and illnesses, concerning both facility and training issues.

Term Offered: *Spring*

**Note: A lab fee is charged for this course.**

## EXSC 283 - History and Philosophy of Sport

Semester Hours: *Three*

This course provides an overview of the historical and philosophical influences of civilization on sport and of sport on civilizations. Emphasis will be placed on philosophies in terms of a Christian worldview and on contemporary historical factors which are currently changing the shape and nature of the profession.

Term Offered: *Fall*

## EXSC 313 - Exercise Physiology I

Semester Hours: *Three*

Metabolic processes for providing energy; neural and muscular work physiology; neural and hormonal control of cardio respiratory mechanisms; acute and chronic systemic response to exercise stress; etiology and intervention in hypokinetic diseases; exercise response in special populations; applications of exercise physiology to sports and athletic performance enhancement.

Term Offered: *Fall, Spring*

Prerequisites: BIOL 211, BIOL 213, BIOL 221, and BIOL 223

## EXSC 321 - Exercise Physiology II Lab

Semester Hours: *One*

Practical application of the theories learned in Exercise Physiology I and II. Emphasis will be on aerobic, anaerobic, muscular strength, and muscular endurance. Emphasis will be on protocol administration and data collection.

Term Offered: *Fall, Spring*

Prerequisite: EXSC 313

Co-requisite: EXSC 323

**Note: A lab fee is charged for this course.**

## EXSC 323 - Exercise Physiology II Lecture

Semester Hours: *Three*

Advanced study and application of principles of exercise physiology with emphasis on sport specific physiology and also on environmental conditions and different fitness levels and performance, current topics in exercise science, and research projects. Students develop original research questions and methods, collect data, engage in discovery and participate in peer teaching.

Term Offered: *Fall, Spring*

Prerequisite: EXSC 313

Co-requisite: EXSC 321

## EXSC 343 - Motor Learning and Control

Semester Hours: *Three*

Learning in the psychomotor domain; open and closed-loop theories contrasted with schema theory of motor learning; physiological bases of skill behavior, state of performer and application of instructional techniques in motor learning and skill performance.

Term Offered: *Fall, Spring*

## EXSC 363 - Adapted Physical Activity

Semester Hours: *Three*

Investigation of the theory and practice of adapted physical activity in school and clinical settings; nature and use of the IEP; implementation of IEP guidelines; and specifics of various activities designed with individual needs in mind.

Term Offered: *Fall, Spring, Summer*

**Note: SPECIAL COURSE FEE: \$10.00**

## EXSC 373A/473A - Instructional Methods in Exercise Science

Semester Hours: *Three*

Students will demonstrate the ability to learn problem solving skills, instructional skills, and clinical testing skills while assisting EXSC 321 and EXSC 411 lab instructors.

Term Offered: *Fall, Spring*

Prerequisites: EXSC 313, EXSC 323, EXSC 321, or EXSC 413, EXSC 411 and consent of instructor. A total of six hours may be applied towards internship credit.

## EXSC 403/503 - Exercise Psychology

Semester Hours: *Three*

The student will develop a better understanding of the antecedents and consequences of exercise participation by exploring various psychosocial factors that influence activity participation. Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *Fall, Spring*

## EXSC 411 - Exercise Testing and Prescription Lab

Semester Hours: *One*

This class is designed to complement EXSC 413. This course will be an applied experience designed to allow students to gain practical experiences in exercise testing and prescription relative to the cardiorespiratory and metabolic systems.

Term Offered: *Fall, Spring*

Prerequisite: EXSC 321 for exercise science majors; BIOL 211, BIOL 213, BIOL 221, BIOL 223, and EXSC 313 for physical education majors.

Co-requisite: EXSC 413

**Note: A lab fee is charged for this course.**

## EXSC 413 - Exercise Testing and Prescription

Semester Hours: *Three*

Overview and practical application of laboratory test protocols used to evaluate physical activity and exercise. Special emphasis will be placed on tests that are conducted in a lab setting with equipment such as an ECG and a metabolic cart. Emphasis will be placed on test reliability, validity, and appropriate test selection.

Term Offered: *Fall, Spring*

Prerequisites: BIOL 211, BIOL 213, BIOL 221, BIOL 223, and EXSC 313

## EXSC 433 - Biomechanics

Semester Hours: *Three*

An integrated analysis of the science of human movement based on structural, mechanical, and kinematic principles; emphasis on anatomy and muscular function; influences of these movements on performance in sports, work, and the activities of daily living; pathology of movement and manual muscle testing techniques.

Term Offered: *Fall, Spring*

Prerequisites: BIOL 211, BIOL 213, BIOL 221 and BIOL 223

## EXSC 443 - Exercise Physiology Laboratory Experience

Semester Hours: *Three*

This course uses the knowledge and experience gained from previous courses such as Exercise Testing and Prescription I and II, and Exercise Physiology I and II, and places them into practical application in laboratory settings, with specific emphasis on research and data collection.

Term Offered: *Spring*

Prerequisite: EXSC 413

**Note: A lab fee is charged for this course.**

## EXSC 453/553 - Fitness Management

Semester Hours: *Three*

This course examines management principles as they relate to budget, facility design, purchasing, scheduling, marketing, programming, and personnel issues in the field of exercise science and wellness.

Term Offered: *Fall, Spring*

Undergraduate prerequisite: Senior standing. Students taking this course for graduate credit must complete all graduate course requirements.

**Note: There is a special fee charged for this course.**

## EXSC 463 - Senior Seminar

Semester Hours: *Three*

A survey of important concepts in exercise science and how they can best be applied in a professional setting. Emphasis will be placed on preparing the students for entry into the workforce and or graduate school. Additional emphasis will be placed on preparing the students for the culminating examination.

Term Offered: *Fall, Spring*

## EXSC 473B - Internship in Exercise Science

Semester Hours: *Three*

The student will complete no less than 200 hours of supervised internship experience at an agreed upon exercise science facility. Examples of appropriate internship sites include corporate fitness center, rehabilitation center, sports medicine clinic, hospital, sports club, or similar facility or organization.

Term Offered: *Fall, Spring, Summer*

Prerequisite: Senior Standing and permission of the internship coordinator.

**Note: An internship lab fee is charged for this course.**

## EXSC 476 - Internship in Exercise Science

Semester Hours: *Six*

The student will complete a 400-hour supervised internship in an exercise science facility. Examples of appropriate internship sites include corporate fitness center, rehabilitation center, sports medicine clinic, hospital, sports club, or similar facility or organization.

Term Offered: *Fall, Spring, Summer*

Prerequisite: Permission from program advisor.

**Note: An internship lab fee is charged for this course.**

## EXSC 483/583 - Principles of Human Performance

Semester Hours: *Three*

This course examines the advanced methods and techniques associated with the design of strength and conditioning programs to enhance human performance in sport and fitness. This course is designed to further develop the student's current level of knowledge in preparation for the National Strength and Conditioning Association (NSCA) Certified Strength and Conditioning (CSCS) certification exam.

Term Offered: *Fall, Spring*

Undergraduate prerequisites: EXSC 313, EXSC 321, and EXSC 323. Students taking this course for graduate credit must complete all graduate course requirements.

**Note: There is a special fee charged for this course.**

## Health Education

### EDHE 453/553 - Curriculum, Theory and Methods of Health Education for Grades K-12: Seminar and

Semester Hours: *Three*

This course covers methods and materials, including curriculum development, used in health education classes designed to meet the needs of diverse learners. This course is designed to provide future health educators with the latest techniques for effective teaching. Students will become competent in applying assessment strategies for the improvement of student learning. A study of state-mandated assessment is included. A field experience is included in the scope of this course. Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *Spring, Odd Years*

Prerequisites: KHSC 333, EDUC 203, and EDUC 303

## Healthcare Management

### HCMG 303 - Introduction to Healthcare Systems

Semester Hours: *Three*

This course will provide students with an overview of healthcare systems, including hospitals, medical practices, insurers, government entities, ancillary firms and concerns, and comparative systems in other countries. Organization, stakeholders, various business components, and health policy institutions will be identified and explored. Focus will be given to the quality of care, structure of the delivery system, and the drivers of cost and growth. In addition, principles of management and leadership as the foundations for the administration of healthcare products and service delivery are introduced.

Term Offered: *Fall, Spring, Summer*

### HCMG 313 - Ethical and Legal Issues in Healthcare

Semester Hours: *Three*

This course will examine the major legal and ethical issues in contemporary healthcare settings. It covers the legal issues surrounding the relationships of patients, providers, and healthcare systems. Focus is on corporate liability, medical malpractice, hospital processes, medical staff bylaws, informed consent, nursing, patients' rights, medical records and governmental regulation of personnel and health facilities. Also considered are the social and ethical issues encountered in trying to balance the interests, needs and rights of individual citizens against those of society.

Term Offered: *Spring*

### HCMG 323 - Introduction to Marketing for Healthcare Systems

Semester Hours: *Three*

This course presents the basic concepts of marketing in the context of the delivery of healthcare services in the United States. Analysis of the marketing mix, including product, price, promotion and

distribution channels will be undertaken with the specific focus on healthcare systems. Unique marketing considerations of healthcare products and services, including the regulatory constraints, will be explored.

Term Offered: *Fall, Summer*

### HCMG 333 - Introduction to Healthcare Information Technology

Semester Hours: *Three*

This course will provide an overview of information technology (IT) management and how healthcare managers can use IT to maximize organizational performance. Fundamental principles of IT and data management and their implications for healthcare managers are reviewed. Discussion explores the use of technology, databases and other analytical tools to structure, analyze and present information related to healthcare management and problem solving. Topics also include strategic information systems planning, systems analysis, system design, evaluation and selection.

Term Offered: *Fall*

### HCMG 363 - Financial Management of Healthcare Systems

Semester Hours: *Three*

This course will introduce the fundamental theories of financial management and how to apply them in healthcare systems. Among the principles and topics covered in the course are financial management functions, financial statement analysis, working capital management, time value analysis, and capital budgeting. Topics also include reimbursement mechanisms and their effect on healthcare organizations, managed care, capitation and per case or per diagnosis payment, as well as how these financial strategies are utilized by third-party payers. Focus is on financial challenges such as uncompensated care, cost increases, increased competition and increased regulation and how healthcare providers should respond to them.

Term Offered: *Fall, Spring*

Prerequisites: ACCT 213 and ACCT 223

### HCMG 403 - Healthcare and Public Policy

Semester Hours: *Three*

This course will look at the policy and politics central to healthcare's most pressing and governed issues: access, cost and quality. The roles of patients, physicians, hospitals, insurers, and pharmaceutical companies will be established. The interaction between the government and these different groups will also be covered as well as the important issues that cut across institutions, including private insurers and the federal/state financing programs (Medicare and Medicaid/SCHIP). The governance and policies of at least two [foreign] comparative health systems will be introduced.

Term Offered: *Fall, Spring*

Prerequisites: ECON 113, HCMG 303, HCMG 363

## **HCMG 413 - Human Resources and Staffing in Healthcare Settings**

Semester Hours: *Three*

This course will explore the unique considerations of staffing and human resource management in healthcare settings including recruitment and selection of employees, benefits and compensation management, privileging and credentialing of health professionals, performance evaluation, staffing plans, labor relations, and labor law relevant to healthcare organizations. This course also provides an overview of interpersonal dynamics, conflict resolution, and negotiation in healthcare systems and organizations.

Term Offered: *Fall, Summer*

## **HCMG 423 - Healthcare Informatics**

Semester Hours: *Three*

This course will cover the history of healthcare informatics, current issues, basic informatics concepts, and health information management applications. Topics include HIPAA and other legislation, application of electronic health records, and other clinical and administrative applications of health information systems. Topics include computer-based medical records, electronic health record, knowledge-based systems, telehealth, decision theory and decision support, human-computer interfaces, consumer health informatics, e-Health, and the personal health record. Department-specific applications are discussed.

Term Offered: *Spring, Odd Years*

Prerequisite: HCMG 333

## **HCMG 433 - Clinical Overview of Healthcare Systems**

Semester Hours: *Three*

This course will present an overview of various clinical settings in healthcare. The course will be divided into multiple modules (usually 6-8 per course) that focus on the participants of the healthcare process and the process itself from a clinical perspective. Topics will include: death and dying; long-term care and rehabilitation; trauma; outcome management; patient-practitioner interaction; general vs. specialist care and treatment; and additional topics as determined by student interest and those that the facilitator deems necessary. Modules will be conducted by field practitioners and facilitated by faculty. Modules cannot stand on their own and must be taken as a course.

Term Offered: *Spring, Odd Years*

Prerequisites: HCMG 303, HCMG 403, and HCMG 413

## **HCMG 443 - Compliance and Accreditation of Hospital [Healthcare] Systems**

Semester Hours: *Three*

This course will present the linkage between the infrastructures of the organization and the regulatory/accreditation processes for healthcare systems. Topics covered include an overview of the major accrediting agencies, their roles, the accreditation principles, and the survey process. Applications will focus on hospitals, with reference to

ambulatory care, managed care organizations, rehabilitation centers, laboratories, home health and long-term care facilities. Emphasis will be placed on the requirements of the Joint Commission on Accreditation of Healthcare Organization (JCAHO) and the regulations mandated by the Health Care Finance Administration (HCFA).

Term Offered: *On Demand*

Prerequisite: HCMG 403

## **HCMG 453 - Strategic Management in Healthcare**

Semester Hours: *Three*

Through cases, readings, examples, and assignments, this course explores the planning, management, and implementation of mission-driven healthcare strategy. Practical concepts and their real-life applications will highlight the importance of competitive and collaborative strategies to drive organizational success in the healthcare marketplace. The topics of market structure, business models, generic strategies, first-mover strategies, growth and integration strategies, and common tools and methods used to evaluate the external and internal environments, including SWOT analysis, value chain analysis, portfolio analysis, and financial analysis will be explored.

Term Offered: *Fall, Spring, Summer*

## **HCMG 483 - Current Issues in Global and Domestic Healthcare Management**

Semester Hours: *Three*

This course examines current and emerging issues in healthcare, giving the student timely knowledge about the current issues and trends driving change in healthcare. Technical, economic, political, and social forces will be explored, along with topics related to inpatient, outpatient, and long term care.

Term Offered: *Fall, Spring*

## **Health Science**

### **HSCI 113 - Introduction to Health Sciences**

Semester Hours: *Three*

This course provides a basic survey of the health sciences. An emphasis will be placed on relevant professions, including any necessary training and post-graduate education. Health sciences professionals from a variety of backgrounds will be invited speakers, and observation experience is a part of the required coursework.

Term Offered: *Fall*

### **HSCI 223 - Practicum in Health Sciences**

Semester Hours: *Three*

The student will complete no less than 200 hours of supervised observation experience in a health sciences setting. Appropriate practicum/observation settings include research laboratories, clinical laboratories, healthcare facilities, or others areas related to aspects of

the health sciences. Approval of setting by instructor is required.

Term Offered: *Spring*

Prerequisite: Sophomore standing or instructor approval.

### **HSCI 343 - Medical Terminology**

Semester Hours: *Three*

This course explores the language of the medical field, with the aim to define medical jargon for clear communication and understanding.

The course takes a body systems approach to examine the roots, prefixes, and meanings of the medical language, including anatomical, normal and pathological conditions.

Term Offered: *Fall*

Required prerequisite: BIOL 213. Recommended prerequisite: BIOL 223

### **HSCI 373 - Community Health**

Semester Hours: *Three*

Aspects of the community that relate to health; identification and analysis of community health programs; organizational pattern and functions of voluntary and government health agencies; organizing the community for health action; and community health programs.

Term Offered: *Fall*

### **HSCI 383 - Epidemiology**

Semester Hours: *Three*

This course introduces the basics of epidemiology: the study of the spread, control, and health impact of disease. Topics will include study design and validation, data collection and interpretation, and measurements used in epidemiology. These fundamentals will be applied to the study of infectious diseases, occupational and environmental hazards, community health issues, and psychological issues, among others.

Term Offered: *Fall*

Recommended prerequisites: MATH 243, HSCI 373

### **HSCI 423 - Neurological Diseases**

Semester Hours: *Three*

The course will explore the central nervous system and the consequences of neurological diseases. Basic neuroanatomy and general principles of neuroscience will be surveyed. The course will study the general mechanisms, symptoms, treatments and long-term consequences of a variety of neurological diseases including stroke, epilepsy, multiple sclerosis, Alzheimer's disease, and others as warranted.

Term Offered: *Spring*

Prerequisites: BIOL 223, HSCI 343, or instructor's approval.

### **HSCI 433 - Health Disparities**

Semester Hours: *Three*

This course will explore the concepts of social epidemiology, or the social and cultural circumstances that negatively or positively influence the health of the individual, the community, and the

population. Topics will include, but are not limited to, gender, race, socioeconomic status, culture, and religion.

Term Offered: *Fall*

Required prerequisite: HSCI 373. Recommended prerequisite: HSCI 383

### **HSCI 443 - Environmental Health**

Semester Hours: *Three*

This course explores the principles and mechanisms of how the environment affects the health of the individual and the community. Global and regional environmental factors affecting human health will include climate change, pollution of air supplies, pollution of water sources, and the food supply, among others. Study of local environmental factors affecting the population and the individual will include radiation, injuries, disasters, and occupational concerns.

Term Offered: *Spring*

Recommended prerequisites: HSCI 373

### **HSCI 453 - Infectious Disease**

Semester Hours: *Three*

The course will explore the basic mechanisms of infectious diseases and the consequences of infection to the health of an individual and the population. Diseases caused by bacteria, viruses, and other infectious agents will be examined, including current diseases of particular importance.

Term Offered: *Fall*

Prerequisites: BIOL 223, HSCI 343, or instructor's approval.

### **HSCI 463 - Ethics and Current Issues in Public Health**

Semester Hours: *Three*

This course will explore ethical concerns and decisions made when considering public health, including immunization, quarantine, and harm reduction. Relevant and current public health controversies will also be explored.

Term Offered: *Spring*

Prerequisites: HSCI 373, HSCI 383, and HSCI 433

### **HSCI 473 - Internship in Health Sciences**

Semester Hours: *Three*

The student will complete no less than 200 hours of a supervised internship in an occupation related to the health sciences. Appropriate internship sites include research laboratories, clinical laboratories, healthcare facilities, or others areas related to aspects of the health sciences. Approval of setting by the instructor is required.

Term Offered: *Fall, Spring*

Prerequisite: Senior standing and permission of program advisor.

### **HSCI 476 - Internship in Health Sciences**

Semester Hours: *Three*

The student will complete 400 hours of a supervised internship in an occupation related to the health sciences. Appropriate internship sites

include research laboratories, clinical laboratories, healthcare facilities, or others areas related to aspects of the health sciences.

Approval of setting by the instructor is required.

Term Offered: *Fall, Spring*

Prerequisite: Senior standing and permission of program advisor.

### **KHSC 103 - Substance Abuse**

Semester Hours: *Three*

A study of factors which promote drug, tobacco, and alcohol use and the positive benefits of living a healthy, drug-free lifestyle. This course will examine dangers involved in substance abuse and alternatives available to using drugs, tobacco, and alcohol, and will focus on self esteem building to acquire refusal skills for saying "no" to substance abuse.

Term Offered: *Fall, Spring*

### **KHSC 333 - Health and Wellness**

Semester Hours: *Three*

A survey of personal health including overviews of wellness concepts, including mental, physical, social, emotional, vocational, and spiritual. Attention is given also to community health services and to school health and safety problems.

Term Offered: *Fall, Spring, Summer*

**Note: Books Included Fee applies.**

### **KHSC 413/513 - Chronic Diseases and Obesity**

Semester Hours: *Three*

This course provides the basic principles of testing and training for normal health individuals and for those with chronic disease. Prominent focus is placed on understanding the framework for determining functional capacity and developing appropriate exercise programming to optimize functional capacity in persons with chronic diseases and/or disabilities. Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *Fall, Spring*

Prerequisites: EXSC 313, EXSC 321, EXSC 323, EXSC 411, and EXSC 413

## **History**

### **HIST 113 - Western Civilization I**

Semester Hours: *Three*

A survey of the history of the Western world, particularly Europe, from its origins in Egypt and Southwest Asia to about 1660. The course covers classical Egypt, the Ancient Near East, the Biblical Hebrews, classical Greece, Hellenism, the Roman Republic and Empire, the rise of Christianity, the Byzantine Empire, the three stages of the Middle Ages, the Renaissance, the Reformations, and early-modern Europe.

Term Offered: *On Demand*

### **HIST 123 - Western Civilization II**

Semester Hours: *Three*

A survey of the history of the European world from about 1660 to the present. The course covers the economic revolutions, the Age of Absolutism, the Enlightenment, the French and Industrial Revolutions, the political and social changes of the 19th century, World Wars I and II and the period between them, the Cold War, and the present age.

Term Offered: *On Demand*

### **HIST 303 - Introduction to the Study of History**

Semester Hours: *Three*

Through lectures, discussions, readings, and writing assignments, this course introduces history majors and other interested upper-level students to the discipline of historical study. Topics covered include: historical interpretation and education from ancient times to the present, with special attention to leading historians and trends since the professionalization of history in the late nineteenth century; influential philosophies of history; historical methodology; historical epistemology; historical periodization; mechanics of quality historical research and writing; relevant library resources; history research fellowships and internships; ethical and professional standards for historians; careers for history majors (including options and insights for students who may wish to go on to graduate training in the field); history course offerings available through this university and local universities with which this university has special tuition and course-transfer agreements; and an introduction to the community of history students and history faculty at Missouri Baptist University.

Term Offered: *Fall, Odd Years*

Prerequisites: HIST 113, HIST 123, HIUS 213, and HIUS 223, or consent of instructor.

## **History/Political Science**

### **HIPO 233 - American Foreign Policy**

Semester Hours: *Three*

This course examines the factors influencing the formation and execution of United States foreign policy and of specific contemporary foreign policies and problems. The course will focus on the policies through which the United States attempts maintain satisfactory economic, political, and social relationships with other countries. Global interdependency will be investigated.

Term Offered: *On Demand*

Prerequisites: POLS 113 and HIUS 223, or consent of instructor. This course does not satisfy the U.S. government requirement for teacher certification.

### **HIPO 343 - the American Presidency**

Semester Hours: *Three*

This course is a detailed examination of the office of the American Presidency. The course will focus on the development of the Presidency from the time of Washington to the present. The students will not only look at the political thought and actions of the founders,

preservers, and revisers of American republicanism and their varied understanding of executive power, but also will read various biographical accounts of various presidents to discover how the office changes from president to president.

Term Offered: *Fall, Even Years*

### **HIPO 353 - Political Thought at the Founding of the United States**

Semester Hours: *Three*

This course will look at our system of representative democracy as understood by the Founders, Framers and other political thinkers from 1760 to 1800. The students will read many primary source documents from this Founding Period, and evaluate how and why the thoughts of the Founders have impacted not only American Political thought, but also constitutional democracy today.

Term Offered: *Spring, Odd Years*

### **HIPO 473 - Internship in History or Political Science**

Semester Hours: *Three*

Students will have the opportunity to seek out internship opportunities within the history and political science areas such as archival collections of historical records and papers, oral history, and reference requests, as well as work within the local government municipalities or on local, state and national political campaigns. Students will be required to complete a minimum of 90 clock hours per internship. The internship course may be taken twice.

Term Offered: *On Demand*

Prerequisite: Minimum junior standing or consent of instructors

## **Honors**

### **HONR 111 - Honors Seminar I**

Semester Hours: *One*

This course provides new Honors students with an orientation and introduction to the MBU Honors Program, providing information on the entire course of study along with practical experience in the seminar-learning, creative presentation, and writing skills required for success as independent thinkers, researchers, and authors. Meets Collegiate Seminar requirement for Honors students.

Term Offered: *Fall*

Prerequisite: Acceptance into Honors Program.

### **HONR 123 - Honors Seminar II**

Semester Hours: *Three*

This course will conceptually explore a spectrum of Big Ideas, delving into Christian and human thought and creativity. Students will engage in daily discussions with other students and faculty regarding the contents of reading and other course materials and be expected to provide both oral and written reflection on the topics considered.

Term Offered: *Spring*

Prerequisite: Acceptance into Honors Program.

### **HONR 313 - Conducting and Presenting Research**

Semester Hours: *Three*

This course provides students with skills for conducting and presenting research at an advanced level. Students will be introduced to bibliographical resources, appropriate materials and procedures for conducting independent and collaborative research, and proper presentation of findings at a professional, post-baccalaureate level.

Term Offered: *Fall*

Prerequisite: Acceptance into Honors Program.

### **HONR 323 - Creating and Presenting Independent Research**

Semester Hours: *Three*

This course provides students with guidance in planning a program of research within a particular discipline. Students will complete a search for an appropriate topic and objective much like a graduate thesis topic and design a process to achieve and realize that objective through the use of Honors contracts, culminating in their Senior Project.

Term Offered: *Spring*

Prerequisite: HONR 313 - Conducting and Presenting Research

### **HONR 413 - Honors Senior Seminar**

Semester Hours: *Three*

The Senior Seminar provides students with a time to discuss and prepare proposals for Senior Projects, discuss and learn from one another and faculty in defining and developing Senior Projects, and sharing discoveries made in research with one another in a seminar discussion/workshop setting. Students will also engage ideas from earlier Honors seminars to integrate their worldview with scholarship in their major and general education courses taken throughout their college experience. Meets the World Citizen requirement for Honors students.

Term Offered: *Fall*

Prerequisite: HONR 323

### **HONR 421-423 - Senior Project**

Semester Hours: *One to Three*

The Senior Project is a culminating project that brings together the student's previous work in the Honor classes and Honors Contracts. This may be combined with a Capstone project in the student's major or in a separate area of interest. If the Capstone Course in the student's major is to be used as the Senior Project for Honors, then an Honors Contract will be issued to define the requirements for Honors credit. The Senior Project must be approved by the Honors Director and, if combined with a Capstone course in a particular discipline, a supervising faculty member from that discipline.

Term Offered: *Fall, Spring*

Prerequisite: HONR 223

## Humanities

### HUMT 153 - Travel Studies

Semester Hours: *Three*

In order to broaden cultural experience, this course uses planned and academically supervised travel (either national or international) to enrich the student's studies. This course consists of two educational components as they relate to travel: (1) broad-based cultural enrichment and (2) Christian integration (which may include a service component). This class may be used to meet one the general education humanities requirements.

Term Offered: *On Demand*

Prerequisites: Before the travel occurs the Travel Study Committee must approve the travel and the Humanities Division Chair must approve the course of study.

## Human Services

### HUSR 213 - Introduction to Human Services

Semester Hours: *Three*

An overview of human services as a profession, its historical development, knowledge, value, and skill components.

Term Offered: *Fall*

### HUSR 223 - Human Services: Policy and Politics

Semester Hours: *Three*

An analysis of the political process involved in the formulation of social welfare policies from a historical point of view. Federal, state, and local programs will be examined in terms of skills and knowledge to affect program planning and delivery.

Term Offered: *Spring*

### HUSR 233 - Human Services: Theories and Practice

Semester Hours: *Three*

This course considers various theoretical approaches to the counseling process, as well as goals, and interactions involved. Emphasis is placed on appropriate therapeutic methods for effective counseling. This course is useful for Psychology and Human Services majors, teachers, ministers, and those planning to enter social ministries.

Term Offered: *Spring*

Prerequisites: PSYC 133 and HUSR 213, or consent of the instructor.

### HUSR 313 - Assessment and Case Management

Semester Hours: *Three*

A study and practice of assessment, planning, and case management skills. Areas of emphasis will include: identification and assessment of client problems; use of evaluation techniques and reports; case recording skills; and development and management of individualized client programs.

Term Offered: *Fall, Odd Years*

Prerequisite: HUSR 233

### HUSR 343 - Disabilities: Theory and Practice

Semester Hours: *Three*

The purpose of this course is to introduce students to various developmental and acquired disabilities they will encounter when working in the field. Emphasis will be placed on historical and theoretical perspectives, physical and emotional indicators, societal stereotypes, disability culture, disability law, and models of professional practice.

Term Offered: *Fall, Even Years*

### HUSR 443 - Leadership in Facilitating Community Change

Semester Hours: *Three*

Emphasis in this course is placed on the leadership role of the human services professional as a facilitator within community organizations. Discussion in the class will include networking, team building, coordination of services, brokerage, advocacy, and community planning.

Term Offered: *Fall, Even Years*

Prerequisite: HUSR 213

### HUSR 453 - Working with Groups

Semester Hours: *Three*

This course will introduce students to various approaches to group work within social service agencies and describe how dimensions of power affect and influence group dynamics when working with a diverse client population. Through active participation in small groups, students will develop and improve their interpersonal skills for participating in and facilitating groups. Students will engage in role-playing activities and observe a community group meeting. There will be additional emphasis on applying Christian values, human services professional ethics, and personal growth through self-reflection.

Term Offered: *Spring*

Prerequisites: HUSR 213, HUSR 233, and PSYC 133

### HUSR 463 - Community-Based Treatment

Semester Hours: *Three*

This course concentrates on family-focused and evidence-based treatment approaches for working with children and youth who have behavior disorders, child abuse, neglect, and delinquency issues. Material covered includes behavior management, child development, family dynamics, child health and safety. Students who complete this course will learn and practice basic short-term effective counseling techniques.

Term Offered: *Spring*

## HUSR 473 - Internship in Human Services

Semester Hours: *Three*

This capstone course and field experience is designed to equip human services majors with hands-on knowledge of working in the field of human services. It contains two components: an online course component and field work. The online course component will include discussion topics such as focusing career interests in the vast field of human services and preparing for graduate school. Regarding the fieldwork component, students will select (with approval from professor) an internship site that is appropriate to their goals and interests in human services. Students complete 150 clock hours of supervised field experience. A portfolio is required as a final project. The internship may be taken twice in two different field settings.

Term Offered: *On Demand*

Prerequisite: Minimum junior standing or consent of instructor.

## Human Services/Education

### HUED 403/503 - Theories and Techniques of Group Counseling

Semester Hours: *Three*

This course is an overview of group theories and processes in the human services and counseling education profession emphasizing a variety of contexts. Students will have the opportunity to practice interventions within a small group setting. This course deals with an overview of basic elements of group process, with a focus on stages of group development. The course is a combination of didactic and experiential lecture and discussions, demonstrations of group process concerns, as well as participation in a group.

Term Offered: *Fall, Spring*

Prerequisites: HUSR 233 and HUED 433/533 (undergraduate students) or HUED 513, HUED 533, and EDPS 523 (graduate students). Students taking this course for graduate credit must complete all graduate course requirements.

**Note: This course cannot be taken as a directed study or credit for prior learning portfolio. Students seeking counselor licensure may not take this as a web-based course.**

### HUED 433/533 - Theories and Techniques of Counseling Students and Their Families

Semester Hours: *Three*

This course focuses on theories and techniques as they apply to the developmental concerns of regular education students and special needs students and their families. The course is designed to give the student an overview of both brief therapy and family system theories with an emphasis on the following: Solution focused, Bowenian Family Systems, Structural Family Therapy, and Strategic Family Therapy. Basic techniques and strategies for elementary and secondary counseling will be addressed. Additional topics include: factors that promote effective collaboration and communication skills with students, parents, school personnel, and community members; strategies for dealing with typical concerns of parents of individuals with disabilities; the development of a team approach to intervention; and the special needs of children dealing with abuse, divorce, death, and chemical dependency. The class will also address legal and

ethical issues in the counseling process. Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *Fall, Spring*

Undergraduate prerequisite for all programs except certification in early childhood special education or cross-categorical disabilities: HUSR 233. Prerequisite for students in the Master of Arts in Counseling program: HUED 513

**Note: This course cannot be taken as a directed study or credit for prior learning portfolio. Students seeking counselor licensure may not take this as a web-based course.**

## HUED 443/543 - Transition/Career Development and Vocational Education

Semester Hours: *Three*

This course is intended for teachers and counselors. It will provide the necessary information and components for designing and implementing a career development program and service delivery system for regular education and special needs students. Topics include: legislation, a historical development of career counseling, instruments used in career counseling, interagency cooperation, transition strategies for school-to-work, pre-vocational and occupational planning, job training, placement, and supervision of students with disabilities. Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *Fall, Spring*

**Note: This course cannot be taken as a directed study or credit for prior learning portfolio. Students seeking counselor licensure may not take this as a web-based course.**

## Interdisciplinary Studies

### IDST 101 - Collegiate Seminar

Semester Hours: *One*

This course is designed to acquaint the incoming student with the University mission, MBU campus life, leadership and study skills, academic disciplines, career planning, graduation requirements, and other life skills. Integration of faith and learning and whole life choices will be emphasized. This course is required for all students who enter with freshman status during the first semester on campus. This course is required for graduation and must be repeated until successfully completed.

Term Offered: *Fall, Spring*

### IDST 200 - Transfer Student Orientation

Semester Hours: *Zero*

This course is designed to acquaint the incoming transfer student with the University mission, MBU campus life, leadership and study skills, academic disciplines, career planning, graduation requirements, and other life skills. Integration of faith and learning and whole life choices will be emphasized. This course is required for all students who enter with transfer status during their first semester on campus. This course is required for graduation and must be repeated until successfully completed.

Term Offered: *Fall, Spring, Summer*

## **IDST 311 - Leadership Development**

Semester Hours: *One*

This course, designed to serve as the foundation for the MBU Institute for Leadership, will focus on personal and professional leadership development, service learning and community engagement as well as other skills necessary to become contributing members of the global society.

Term Offered: *Spring*

Pre-requisites: Admission into the MBU Institute for Leadership or permission of the instructor, 2.5 cumulative GPA, completion of at least 12 semester hours in residence at MBU, and full-time Main campus student.

**Note:** There is a special fee for this course.

## **IDST 313 - History and Philosophy of Science and Technology**

Semester Hours: *Three*

This course is designed for the prospective science teacher. It focuses on the development of science and technology through historical time and will emphasize the way in which the scientific method has been used or ignored during various historical eras. Topics will include ethical issues, environmental issues, the role of education in responsible decision-making, and the development of a Christian context for the philosophy of science. This course carries upper division elective credit in Biology, Chemistry, History, or philosophy.

Term Offered: *Summer*

Prerequisites: The completion of the general education Biology or Chemistry requirement, plus a course in History, and one in philosophy, or consent of the instructor.

## **IDST 403 - World Citizen**

Semester Hours: *Three*

This senior seminar is an interdisciplinary capstone course which is designed to integrate what students have learned from their general education courses and to foster critical and ethical thinking from a Christian perspective as students make the transition from university into a global society. Contemporary, global issues, drawing from the seven university divisions, will be analyzed and discussed. This course will emphasize intensive writing and verbal skills which demonstrate analytical and scholarly abilities as well as an understanding of individuals in a multi-cultural society.

Term Offered: *Fall, Spring*

Prerequisites: Junior standing and completion of all other general education and degree requirements.

## **IDST 453 - Travel Studies (Major/Elective)**

Semester Hours: *Three*

This course uses planned and academically supervised travel opportunities (international) to enrich and enhance the student's major course of study. This course may be used as upper division

elective credit, elective credit toward the student's major, or, depending on the course, as a substitute for a major course, where approved by the Division Chair or Dean.

Term Offered: *On Demand*

Prerequisites: Junior standing or consent of instructor. Before travel occurs, the Office of Study Abroad and the Study Abroad Committee must approve the travel and the relevant Division Chair(s) or Dean must approve the course curriculum. May be repeated for credit on different travel opportunities. Course cannot be taken concurrently with HUMT 153. May be repeated for credit on different travel opportunities.

## **IDST 473 - Liberal Studies Research Capstone**

Semester Hours: *Three*

This culminating, capstone/seminar course applies to various major areas of study. In an individualized, research environment students will synthesize concepts and analyze knowledge obtained from courses and research completed as part of their major. Self-reflection, emphasizing the accomplishment of individual learning outcomes will be presented through academic writing.

Term Offered: *Fall, Spring, Summer*

## **Information Technology**

### **ITBU 203 - Introduction to Application Development**

Semester Hours: *Three*

This course is an introduction to application development using modern developer tools. Topics include foundations of the computing discipline, introduction to a current Object Oriented Language, and project-based learning in various current application areas.

Term Offered: *Fall*

### **ITBU 213 - IT Infrastructure**

Semester Hours: *Three*

This course provides an introduction to IT infrastructure issues for students majoring in Information Technology. It covers topics related to both computer and systems architecture and communication networks, with an overall focus on the services and capabilities that IT infrastructure solutions enable in an organizational context. It gives the students the knowledge and skills that they need for communicating effectively with professionals whose special focus is on hardware and systems software technology and for designing organizational processes and software solutions that require in-depth understanding of the IT infrastructure capabilities and limitations. It also prepares the students for organizational roles that require interaction with external vendors of IT infrastructure components and solutions. The course focuses strongly on Internet-based solutions, computer and network security, business continuity, and the role of infrastructure in regulatory compliance.

Term Offered: *Fall*

## **ITBU 303 - Intermediate Application Development**

Semester Hours: *Three*

This course emphasizes intermediate object-oriented concepts and techniques and looks at the design and development of desktop, Web, and mobile application software using an Object Oriented Language, through individual and group projects.

Term Offered: *Fall*

Prerequisite: ITBU 203

## **ITBU 313 - Introduction to IT Security and Risk Management**

Semester Hours: *Three*

This course provides an introduction to the fundamental principles and topics of Information Technology Security and Risk Management at the organizational level. Students will learn critical security principles that enable them to plan, develop, and perform security tasks. The course will address hardware, software, processes, communications, applications, and policies and procedures with respect to organizational IT Security and Risk Management.

Term Offered: *Fall*

## **ITBU 333 - System Analysis and Design**

Semester Hours: *Three*

This course discusses the processes, methods, techniques and tools that organizations use to determine how they should conduct their business, with a particular focus on how computer-based technologies can most effectively contribute to the way business is organized. The course covers a systematic methodology for analyzing a business problem or opportunity, determining what role, if any, computer-based technologies can play in addressing the business need, articulating business requirements for the technology solution, specifying alternative approaches to acquiring the technology capabilities needed to address the business requirements, and specifying the requirements for the information systems solution in particular, in-house development, development from third-party providers, or purchased commercial-off-the-shelf (COTS) packages.

Term Offered: *Fall*

## **ITBU 343 - Network Security**

Semester Hours: *Three*

This course will include network security principles for securing organization infrastructure(s). Students will learn device and media security, security topologies, intrusion detection, cryptography, and general security baselines. Topics covered include: firewalls; intrusion detection systems (IDS); proxies; intrusion prevention systems (IPS); network monitoring; DMZ's; NAT; encryption systems; and other related topics. In addition, network security innovation and best practices are reviewed.

Term Offered: *On Demand*

Prerequisites: ITBU 213 and ITBU 313

## **ITBU 353 - Data and Information Management**

Semester Hours: *Three*

This course examines principles of database design and implementation, including physical representation, and data modeling. Students will learn to develop relational databases using a DBMS. Students will also learn the fundamentals of SQL and database development techniques.

Term Offered: *Fall*

Prerequisite: ITBU 333

## **ITBU 363 - Business Analytics**

Semester Hours: *Three*

Business analytics refers to technologies, applications and practices for the collection, integration, analysis, and visualization of business information. The purpose of business analytics is to support better business decision making. This course provides advanced Excel training and Tableau software for better support for managing large quantities of data.

Term Offered: *Spring*

Prerequisites: BCIS 103 Survey of Computing

## **ITBU 373 - Operating Systems**

Semester Hours: *Three*

This course examines the principles of operating system design and function. System programming is also considered. Students are presented with various common operating systems, including UNIX/Linux, and Windows.

Term Offered: *On Demand*

Prerequisite: ITBU 213

## **ITBU 383 - Application Security**

Semester Hours: *Three*

This course aims to educate students in the design and implementation techniques for assuring security of software applications. While many courses in computer security concentrate on cryptographic techniques and prevention of intrusion in computer systems, this course concentrates on writing software programs that make it difficult for intruders to exploit security holes.

Term Offered: *Fall*

Prerequisites: ITBU 203 and ITBU 313

## **ITBU 403 - Human-Centered Interaction/Web Design**

Semester Hours: *Three*

This course provides an introduction to the field of human-computer interaction (HCI), an interdisciplinary field that integrates cognitive psychology, design, and computer science. Examining the human factors associated with information systems (IS) provides students with the knowledge to understand what influences usability and acceptance of IS. This course will examine human performance,

components of technology, methods and techniques used in design and evaluation of IS. Societal impacts of HCI such as accessibility will also be discussed. User-centered design methods will be introduced and evaluated. This course will also introduce the contemporary technologies used in empirical evaluation methods.

Term Offered: *Spring*

Prerequisite: ITBU 303

### **ITBU 413 - Advanced Application Development**

Semester Hours: *Three*

This course reviews advanced innovative technologies used for Application Development. Topics reviewed are Web Services, XML, middleware, and other advanced Object Oriented techniques used for Application Development.

Term Offered: *Spring*

Prerequisites: ITBU 303 and ITBU 353

### **ITBU 423 - Database Application Development**

Semester Hours: *Three*

This course introduces database-driven application development. Students will draw upon the knowledge and skills learned in previous courses, and extend that knowledge through the development of applications which use databases. This course covers physical design, programming, testing, and implementation of the system.

Implementation of object-oriented, client-server designs using a programming environment is explored. A high level programming language will be used to interface with a database.

Term Offered: *Spring*

Prerequisites: ITBU 203 and ITBU 353

### **ITBU 433 - Organization Security**

Semester Hours: *Three*

This course introduces the concepts and practices associated with security from an ethical and organization perspective. Students will understand their role as a security professional as it relates to training the operational staff, policies and procedures, and securing the organization at all levels. In addition the course will cover common procedures associated with disaster avoidance and recovery.

Term Offered: *Spring*

Prerequisites: ITBU 213 and ITBU 443

### **ITBU 443 - Risk Management: Threats and Counter Measures**

Semester Hours: *Three*

Study of Internet security problems and discussion of potential solutions: network vulnerabilities and attacks, secure communication and use of cryptography, Internet security protocols and tools to defend against network attacks, network intrusion detection, and wireless network security.

Term Offered: *Fall*

Prerequisites: ITBU 213 and ITBU 313

### **ITBU 453 - Audit and Control**

Semester Hours: *Three*

This course introduces the fundamental concepts of the information technology audit and control function. The main focus of this course is on understanding information controls, the types of controls and their impact on the organization, and how to manage and audit them. The concepts and techniques used in information technology audits will be presented. Students will learn the process of creating a control structure with goals and objectives, audit an information technology infrastructure against it, and establish a systematic remediation procedure for any inadequacies. The challenge of dealing with best practices, standards, and regulatory requirements governing information and controls is addressed.

Term Offered: *Spring*

Prerequisites: ITBU 313 and ITBU 433

### **ITBU 463 - Server-Based Networking**

Semester Hours: *Three*

This course introduces the concepts and practices associated with implementing, designing, and managing a server based network. Students will understand their role as a Windows platform administrator. In addition, they will learn how to manage Active Directory, create Group Policies and other techniques for managing a client/server networking environment.

Term Offered: *On Demand*

Prerequisite: ITBU 213

### **ITBU 473 - Project Management**

Semester Hours: *Three*

This course discusses the processes, methods, techniques and tools that organizations use to manage their information systems projects. The course covers a systematic methodology for initiating, planning, executing, controlling, and closing projects. This course assumes that project management in the modern organization is a complex team based activity, where various types of technologies (including project management software as well as software to support group collaboration) are an inherent part of the project management process. This course also acknowledges that project management involves both the use of resources from within the firm, as well as contracted from outside the organization.

Term Offered: *Spring*

Prerequisites: BCIS 303, ITBU 213, and ITBU 333

## **Journalism**

### **COMJ 373 - Photojournalism**

Semester Hours: *Three*

This course examines the journalistic art and practice of telling stories through images. In a workshop setting, students will shoot, edit and present photos and videos that tell true stories of real life, focusing on objectivity and sound Christian ethics in creating visuals

that accurately depict the narratives of diverse culture. Students will produce projects in still photography and documentary videography that cover news, features, sports, business, food, travel, leisure, entertainment and other areas of journalistic interest. Projects published and posted through student media outlets will add important elements to students' portfolios.

Term Offered: *Fall, Odd Years*

Prerequisites: COMM 263 and COMM 273.

### **COMJ 413 - Editing and Design for Print Media**

Semester Hours: *Three*

This course examines the process of editing and page design in a modern print media environment, including newspapers, magazines, corporate newsletters, brochures and public relations materials. Using current industry-standard publishing software in a hands-on workshop setting, students will concentrate on aesthetic design techniques, editing stories, photos and graphics with the goal of producing real-world projects. Students will also edit stories for content, grammar, AP style and legal issues. Projects published and posted through student media outlets will add important elements to students' portfolios.

Term Offered: *Fall, Odd Years*

Prerequisites: COEN 223, and COMR 383.

### **COMJ 423 - Editing and Design for Online Media**

Semester Hours: *Three*

This course examines the process of editing and web design in a modern online media environment. Using current industry-standard web design software in a hands-on workshop setting, students will concentrate on visual design techniques, editing stories, photos, videos and graphics with the goal of producing functional interactive websites. Projects posted through online student media outlets will add important elements to students' portfolios.

Term Offered: *Spring, Even Years*

Prerequisites: COEN 223 and COMR 383.

### **COMJ 433 - Opinion Writing**

Semester Hours: *Three*

This course examines the journalistic art and practice of writing to persuade an audience. In a setting that combines classroom and workshop, students will gain an understanding of concepts like opinion leadership, agenda setting, research, emotional appeal, analysis and feedback in developing methods for crafting sound written arguments for mass media. Learning Christian ethical opinion writing through application, students will write and edit columns, editorials, analyses, blogs and critical reviews of movies, music, books, video games and restaurants. Opinion articles published and posted through student media outlets will add important elements to students' portfolios.

Term Offered: *Fall, Even Years*

Prerequisites: COEN 223

### **COMJ 473 - Journalism Internship**

Semester Hours: *Three*

This course exposes students to the disciplines and skills of the media through firsthand experience in the field of journalism. Enrollment is limited to Journalism majors in their final semester before graduation.

Term Offered: *Fall, Spring, Summer*

Prerequisite(s): consent of instructor and consent of appropriate field supervisor.

## **Mathematics**

### **MATH 113 - Intermediate Algebra**

Semester Hours: *Three*

This is a study of the real number system, linear equations and inequalities, functions and graphs, rational expressions, roots, radicals, and solutions of quadratic equations. Emphasis is placed on practical applications and on building a proper foundation for MATH 133 College Algebra or MATH 155 Precalculus.

Term Offered: *Fall, Spring*

Prerequisite: One year of high school algebra or satisfactory score on mathematics placement test. This course carries elective credit only and does not meet any minimum university mathematics requirement.

### **MATH 123 - Contemporary College Mathematics**

Semester Hours: *Three*

This course gives the student an overview of the role of mathematics in today's society, and it gives practice in analytical and logical thinking. It covers inductive and deductive reasoning, number sequences, functions, logarithms, symmetry, mathematical curves, polygons and polyhedra, counting principles, statistics, and topology. This course includes a component covering the real number system and is recommended for elementary education majors.

Term Offered: *Fall, Spring, Summer*

rerequisite: Two years of high school algebra, MATH 113, or a satisfactory score on the mathematics placement examination.

### **MATH 133 - College Algebra (MOTR MATH 130)**

Semester Hours: *Three*

This course is a detailed study of functions and their graphs. Graphing calculators are used extensively. Topics covered include linear and quadratic equations, inequalities, polynomial and rational functions, exponential and logarithmic equations, and systems of equations.

Term Offered: *Fall, Spring, Summer*

Prerequisites: High school plane geometry and two years of high school algebra and an ACT Math score of 19 or higher, MATH 113, a satisfactory score on a mathematics placement test, or consent of the instructor.

### **MATH 143 - College Trigonometry**

Semester Hours: *Three*

College Trigonometry is the study of trigonometric and inverse trigonometric functions. Topics covered include the definitions and graphs of the trigonometric functions, the solutions of triangles,

trigonometric identities and equation, and complex number applications.

Term Offered: *On Demand*

Prerequisites: Two years of high school algebra, MATH 133, or consent of instructor.

## **MATH 155 - Precalculus (MOTR MATH 150)**

Semester Hours: *Five*

This is a detailed study of various algebraic and trigonometric functions and their graphs, which prepares a student for the study of calculus. A graphing calculator is used extensively in this course. The major areas of study are: linear, quadratic, polynomial, and rational functions; exponential and logarithmic functions; inverse and composite functions; the trigonometric functions; solutions of triangles; trigonometric equations; and systems of equations.

Term Offered: *Fall, Spring*

Prerequisites: MATH 113 or two years of high school algebra, a satisfactory score on mathematics placement test, or consent of the instructor.

## **MATH 163 - Business Calculus**

Semester Hours: *Three*

A brief review of algebra, especially absolute value and inequalities, followed by elements of analytic geometry, limits and the derivatives and antiderivatives of functions inclusive of exponential and logarithmic, with applications to business and economics. Not open to Mathematics majors or minors. Students desiring further work in calculus must take MATH 164 instead of this course.

Term Offered: *On Demand*

Prerequisite: MATH 133

## **MATH 164 - Calculus I**

Semester Hours: *Four*

This is the first course in the three-semester sequence of calculus with analytical geometry. It covers limits, differentiation, and integration of basic algebraic and trigonometric functions and their applications including maxima and minima, areas, volumes and lengths of curves. A graphing calculator is used extensively in this course.

Term Offered: *Fall, Spring*

Prerequisites: MATH 155 or both MATH 133 and MATH 143 or consent of the instructor.

## **MATH 173 - Finite Mathematics**

Semester Hours: *Three*

This is a course in applied mathematics for students with interest in management, social sciences, life sciences, economics, and other fields. It consists of a study of the algebra of straight lines, systems of linear equations, matrix algebra, the geometry and algebra of linear programming, aspects of probability, and applications of Markov chains.

Term Offered: *On Demand*

Prerequisite: MATH 113 or two years of high school algebra.

## **MATH 213 - Discrete Mathematics**

Semester Hours: *Three*

This course is designed to teach logic, mathematical proof techniques, and abstract reasoning through a study of a variety of topics in discrete mathematics. Topics include set theory, mappings and relations, number theory, combinatorics, discrete probability, mathematical induction, recursion, and graph theory.

Term Offered: *Fall*

Prerequisite: MATH 164 or consent of the instructor.

## **MATH 243 - Probability and Statistics (MOTR MATH 110)**

Semester Hours: *Three*

This course includes descriptive and inferential statistics, data summarization methods, concepts of probability theory, random variables and their mathematic expectations, discrete and continuous probability distributions, sampling theory, confidence intervals, tests of hypotheses, and simple linear regression.

Term Offered: *Fall, Spring, Summer*

Prerequisite: MATH 123 or MATH 133 or consent of the instructor.

## **MATH 254 - Calculus II**

Semester Hours: *Four*

This is the second course in the three-semester sequence of calculus with analytical geometry. It continues the study of differentiation and integration of various functions such as exponential and logarithmic functions, inverse trigonometric and hyperbolic functions. Other topics studied are limits of indeterminate forms, convergency and divergency of infinite series, and parametric and polar equations.

Term Offered: *Fall, Spring*

Prerequisite: MATH 164

## **MATH 264 - Calculus III**

Semester Hours: *Four*

This is the third course in the three-semester sequence of calculus with analytic geometry. It introduces multivariable calculus, with a study of vectors, planes, lines and surfaces, partial differentiation and multiple integration.

Term Offered: *Fall, Spring*

Prerequisite: MATH 254

## **MATH 313 - Elementary Number Theory**

Semester Hours: *Three*

A study of the properties of integers. Topics include congruences, residue classes, theorems of Fermat, Wilson, Euler, and others, polynomial congruences, and quadratic residues.

Term Offered: *Spring, Odd Years*

Prerequisite: MATH 213 or consent of the instructor

## **MATH 323 - Foundations of Geometry**

Semester Hours: *Three*

A study of the historical background of geometry, including a detailed development of two-dimensional Euclidean geometry from a selected set of postulates. Some comparisons will be drawn with other categories of geometry. This course is required for certification to teach mathematics in Missouri.

Term Offered: *Fall, Even Years*

Prerequisite: MATH 213

## **MATH 333 - Algebraic Structures**

Semester Hours: *Three*

This is a study of the fundamental principles of the basic algebraic structures such as groups, rings, fields, and integral domains. This course is required for certification to teach mathematics in Missouri.

Term Offered: *Fall, Odd Years*

Prerequisite: MATH 213 and MATH 353

prerequisite or co-requisite: MATH 264

## **MATH 343 - Statistical Methods**

Semester Hours: *Three*

This is a more advanced course than MATH 243. It covers topics including sampling theory, philosophy and techniques of statistical inference, bivariate and partial correlation analysis, simple and multiple linear regression, regression diagnostics, and CRD and factorial analysis of variance. Appropriate class time will be devoted to use of statistical software such as MINITAB and SPSS.

Term Offered: *Fall, Spring*

Prerequisites: MATH 133 and MATH 243

## **MATH 353 - Linear Algebra**

Semester Hours: *Three*

A course suitable for students majoring in engineering, science, mathematics, computer information systems, or business administration, linear algebra is the study of finite-dimensional vector spaces, linear transformations and matrices, quadratic forms, systems of linear equations, and eigenvalues and eigenvectors. Some applications include computer programs using C++ or MATLAB.

Term Offered: *Spring*

Prerequisite: MATH 164 and MATH 213

## **MATH 363 - Differential Equations**

Semester Hours: *Three*

Differential equations have important applications in the sciences, engineering, and economics. This course is a study of separable equations, homogeneous and non-homogeneous linear equations, initial value and boundary value problems, Laplace transforms and numerical methods.

Term Offered: *Spring*

Prerequisites: MATH 264, MATH 353, and BCSC 253

## **MATH 433 - Mathematics Seminar**

Semester Hours: *Three*

The mathematics seminar course will focus on the history of mathematics, mathematics research, and application of the material previously studied in the mathematics curriculum. An overview of the history of mathematics will be presented. Students will select a particular period of interest, study that period in depth, and make a presentation to the class. Students will also select a current area of mathematics research, study that in depth, and make a presentation to the class. Problems which require application of several topics in mathematics will be presented and discussed.

Term Offered: *Fall*

Prerequisites: MATH 363 and consent of the instructor.

## **MATH 453A - Advanced Calculus I**

Semester Hours: *Three*

This course is an advanced study of calculus topics including: functions of several variables, partial differentiation, Taylor's formulas and series, implicit functions, transformations and mappings, and vectors and vector fields.

Term Offered: *Fall, Odd Years*

Prerequisite: MATH 213 and MATH 264

## **MATH 453B - Advanced Calculus II**

Semester Hours: *Three*

This course is an advanced study of calculus topics involving functions of several variables such as double and triple integrals, arc length, surface area, line and surface integrals, the theory of integration, improper integrals, infinite series, power series, and convergence.

Term Offered: *Spring, Even Years*

Prerequisite: MATH 213 and MATH 264

## **MATH 463 - Numerical Analysis**

Semester Hours: *Three*

Today's high-speed computers enable analysts to solve equations that cannot be solved analytically. This course covers the study of numerical methods for the solution of nonlinear algebraic equations, systems of algebraic equations, and ordinary differential equations as well as numerical approximation, extrapolation, differentiation, and quadrature. Programs will be written in the Natural Sciences Computer Laboratory using C++ or MATLAB.

Term Offered: *Fall, Even Years*

Prerequisites: MATH 363, or MATH 264 and consent of instructor

## **MATH 473 - Complex Variables**

Semester Hours: *Three*

Topics covered are the algebra and geometry of complex numbers, analytic functions, complex integration, residues, and conformal mapping.

Term Offered: *On Demand*

Prerequisites: MATH 453A, or MATH 264 and consent of instructor.

## Management

### MGMT 303 - Management Concepts and Practices

Semester Hours: *Three*

This course is designed to establish a foundation of the key issues and decision-making tools needed to develop managers. The topics covered include the areas of firm planning, organizing, leading, and controlling. Exercises will require students to develop solutions to management problems, identifying necessary change, discovering new opportunities, and following through on the implementation of the solutions.

Term Offered: *Fall, Spring, Summer*

### MGMT 323 - Small Business Management

Semester Hours: *Three*

This course emphasizes the unique managerial requirements of a small firm. Students will learn numerous decision-making tools for starting and operating a small business. Development of a small business plan and case studies may be used to provide practical application.

Term Offered: *Fall, Even Years*

Prerequisite: MGMT 303, passed with a C or better.

### MGMT 353 - Production and Operations Management

Semester Hours: *Three*

This course introduces students to the concepts and methods employed in production and operations management. Specific topics include forecasting, product and service design, capacity planning, facility location selection and layout, quality control, and inventory management. Problems and case studies may be used to reinforce the application of the tools and techniques learned.

Term Offered: *Fall, Spring*

Prerequisite: MGMT 303, passed with a C or better.

### MGMT 363 - Managing Organizational Change and Diversity

Semester Hours: *Three*

This course is designed to prepare students to meet the challenges and succeed in a rapidly changing work environment. International competition, quality demands of consumers, changing workforce demographics particularly in the make-up of workforce participants, innovations in automation and information technology combined with declining markets make knowledge in this area vital. Students will cover these topics with the understanding of methods of organizational change and understanding the value and affects of diversity in a changing environment.

Term Offered: *Fall*

Prerequisite: MGMT 303 - Management Concepts and Practices

### MGMT 423 - Organizational Leadership Capstone

Semester Hours: *Three*

This course is the culminating learning experience for the organizational leadership program. Students will investigate and analyze current trends and research in leadership to refine their understanding of leadership for today's organizations. Students will develop a project to synthesize their learning and demonstrate their level of knowledge as it relates to leadership in organizations. Project topics will be chosen by the student with approval from the course faculty.

Term Offered: *Fall, Spring*

### MGMT 433 - Human Resource Management

Semester Hours: *Three*

Central to a firm's performance, and often a key source of competitive advantage, is the ability to develop an effective human resource system. This course will lay the foundation for understanding human resource systems by addressing topics such as job analysis, personnel planning and recruitment, testing and selection and placement, training, compensation, labor relations, and the legal aspects/government regulation within human resources.

Term Offered: *Spring*

Prerequisite: MGMT 303, passed with a C or better.

### MGMT 443 - Leadership Seminar

Semester Hours: *Three*

This eight-week course provides an intensive study of leadership from historical, theoretical, and practical perspectives. Special attention is given to various styles and approaches to organizational problem solving. Students will explore their leadership styles through discussion, structured experiences, and case studies.

Term Offered: *Spring, On Demand*

Prerequisites: MGMT 303, passed with a C or better. Junior or senior standing and cumulative GPA of 3.0 or above, or consent of instructor.

## Management/Psychology

### MGPS 403/503 - Organizational Behavior and Leadership

Semester Hours: *Three*

This course explores the dynamics of individual, group, and firm behavior used to develop broader managerial skills. Theoretical models and concepts will be evaluated in the areas of values, attitudes, personality traits, decision-making, motivation, communication, and the development of effective relationships in a diverse work environment. Students will examine the need for

individuals to identify, comprehend, and maximize various aspects of proactive leadership devices such as organizational development, influence techniques, and total quality management as a means of effective leadership. Experiential exercises and case studies may be utilized to develop a broader understanding of behavior and leadership in the workplace. Students seeking graduate credit must complete all graduate course requirements.

Term Offered: *Fall, Spring*

Undergraduate prerequisites: MGMT 303 and BUSN 303, each passed with a grade C or better. This course may not be taken as a Directed Study.

## Marketing

### MRKT 313 - Introduction to Marketing

Semester Hours: *Three*

This course is the introduction to the concept of marketing and its application to domestic and foreign markets, and to consumer, producer, institutional, and service markets. Analysis of marketing mix, including product, price, promotion/advertising, and distribution policies. Overview of career opportunities in the field of marketing.

Term Offered: *Fall, Spring*

### MRKT 363 - Market Management

Semester Hours: *Three*

Managerial aspects of the marketing function, including product, promotion, pricing, channel strategies and market research; relationship to other business functions, to the legal environment and available information systems; physical distribution; the relationship among manufacturers, wholesalers and retailers; case analyses of complex marketing problems.

Term Offered: *Spring, Even Years*

Prerequisite: MRKT 313

### MRKT 373 - Market Research

Semester Hours: *Three*

A quantitative course which focuses on the identification of the target markets, consumer needs and the analysis of the market place. The course will cover problem solving techniques, research designs, forecasting, and analysis of data.

Term Offered: *Fall, Odd Years*

Prerequisite: MRKT 313

### MRKT 383 - Consumer Behavior

Semester Hours: *Three*

This course looks at the dynamics of blending psychology and the consumer in a marketing format. The course will look at buyer behavior based on demographics, economics and psychographics.

Term Offered: *Fall, Spring*

Prerequisite: MRKT 313

### MRKT 403 - International Marketing

Semester Hours: *Three*

A study of the concepts and terminology of international marketing. Includes issues such as foreign market entry strategies; standardization versus adaptation; pricing; global market entry integration; and marketing implementation problems.

Term Offered: *Fall, Even Years*

Prerequisite: MRKT 313

### MRKT 413 - Digital and Social Media Marketing

Semester Hours: *Three*

This course provides students with a compelling overview by utilizing projects that use digital and social media strategically. A heavy emphasis is directed towards strategic planning, tactical execution, and measurement of social media marketing using data analytics. Students will learn by doing and focusing on social media post writing and publishing, management and measurement tools, a social media audit, an editorial calendar, a social media strategy and tactical plan, and crisis management. Upon completion, students should be able to use social media technologies to create and improve marketing efforts for businesses.

Term Offered: *Spring, Odd Years*

Prerequisites: MRKT 313 (students majoring in Sport Management will have the prerequisite for MRKT 313 met through SMGT 373 Sport Marketing).

## Middle and Secondary Education

### EDMS 413/513 - Coordination of Cooperative Education

Semester Hours: *Three*

The student will investigate the middle school and secondary business education and secondary marketing education curricula, materials, and various instructional strategies designed to meet the needs of diverse middle and secondary school learners. Application will be made to the Career Education Model Curriculum for Business and Marketing Education. Students will become competent in applying assessment strategies for the improvement of student learning. A field experience is included in the scope of this course. Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *Spring*

Prerequisites: EDUC 203 and EDUC 303

### EDMS 413/513 - Coordination of Cooperative Education

Semester Hours: *Three*

This course is designed to prepare the student to plan, organize, deliver, supervise, and evaluate a variety of community-based experiences. A field experience is included in the scope of this course. Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *Fall*

Prerequisites: EDUC 203 and EDUC 303, and EDMS 423/523 and EDMS 453/553

## **EDMS 423/523 - Implementing Business Education Programs**

Semester Hours: *Three*

This course will address problems, procedures, and school-community relationships in the organization, implementation, and administration of business education programs in the secondary schools. Topics will include sponsoring youth organizations and selecting equipment.

Term Offered: *Summer*

Prerequisites: EDUC 203 and EDUC 303, and EDMS 453/553

## **EDMS 433/533 - Teaching Social Science for Middle/ Secondary: Seminar and Field Experience**

Semester Hours: *Three*

The student will investigate the middle school and secondary school social science curricula, materials, and various instructional strategies designed to meet the needs of diverse middle and secondary school learners. Application will be made to the Missouri Learning Standards and the Revised National Curriculum Standards for Social Studies. Students will become competent in applying assessment strategies for the improvement of student learning. A study of state-mandated assessment is included. A field experience is included in the scope of this course. This course is required for students seeking teacher certification in middle school and/or secondary social science. Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *Fall*

Prerequisites: EDUC 203 and EDUC 303

## **EDMS 443/543 - Middle School: Philosophy and Organization**

Semester Hours: *Three*

This course is designed to assist participants in the development of a knowledge base and understanding of the major philosophical and organizational aspects of education at the middle level. Diversity is explored as a source of enrichment and challenge for middle schools and the communities they serve. This course will also provide students with the opportunity to apply this knowledge and understanding to middle level programs. Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *Fall*

Prerequisites: EDUC 203 and EDUC 303

## **EDMS 473/573 - Teaching Mathematics for Middle/ Secondary: Seminar and Field Experience**

Semester Hours: *Three*

The student will investigate the middle school and secondary math curricula, materials, and various instructional strategies appropriate

for average learners as well as those with special needs, including struggling learners and gifted learners. Application will be made to the Missouri Learning Standards, including the Common Core State Standards, and the NCTM Principles and Standards for School Mathematics. Students will become competent in applying assessment strategies for the improvement of student learning. A study of state-mandated assessment is included. A field experience is included in the scope of this course. Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *Fall*

Prerequisites: EDUC 203 and EDUC 303

## **EDMS 483/583 - Teaching Science for Middle/Secondary: Seminar and Field Experience**

Semester Hours: *Three*

The student will investigate the middle school and secondary science curricula, materials, and various instructional strategies designed to meet the needs of diverse middle and secondary school learners. Application will be made to the Missouri Learning Standards and the Next Generation Science Standards. Students will become competent in applying assessment strategies for the improvement of student learning. A study of state-mandated assessment is included. A field experience is included in the scope of this course. Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *Fall*

Prerequisites: EDUC 203 and EDUC 303

## **Middle School Student Teaching**

### **EMCL 4703 - Student Teaching: Middle School**

Semester Hours: *Three*

Student teaching consists of sixteen (16) weeks of teaching experiences in an appropriate classroom setting in a state or nationally accredited public or private school under the supervision of an experienced and highly qualified cooperating teacher. Students seeking certification in a single content area will complete one sixteen-week teaching experience. Students seeking certification at more than one level (K-12) or in more than one content area must student teach for twelve weeks at one level or content area and four weeks at the other level or content area as approved by the Dean of Education or Director of Field Experiences. This culminating field experience enables students to practice and develop the pedagogical skills necessary to meet the Missouri performance standards for teacher certification. Candidates actively participate and complete required assignments, work with students as requested and under the supervision of the classroom teacher, and have the opportunity and responsibility to lead the class over an extended period of time. After being formally admitted to the Teacher Education program, certification candidates must apply to student teach. Application for Student Teaching must be made to the Education Office by the end of the second week of the Fall semester for Spring Student Teaching and by the end of the second week of the Spring semester for Fall Student Teaching. The final decision regarding placement will be left to the discretion of the Director of Field Experiences in order to

insure the quality of student teaching experiences in diverse settings. Candidates are required to complete their student teaching experience in the grade level(s) and subject area(s) for which they are seeking recommendation for certification.

Term Offered: *Fall, Spring*

Prerequisites: 1. Current Family Care Safety Registry background check (see catalog section on Background Checks for Field Experience and Student Teaching for additional information). Some districts may also require a valid Missouri substitute certificate and/or current tuberculosis (TB) test results for placement. *CPT form required for F-1 international students.* 2. No undergraduate degree-seeking candidate will be allowed to student teach without having passed all sections of the Missouri General Education Assessment (MoGEA). 3. Both undergraduate and graduate students must be formally admitted into the Teacher Education Program, must have satisfactorily completed all education courses, and must be approved by the School of Education prior to student teaching.

Co-requisite: EDUC 471 Student Teaching Seminar.

Required Assessment(s): 1. passing score on the content area exit assessment(s) in the certification area(s) for which the student is being recommended; 2. satisfactory formative evaluations; and 3. passing composite score on the Missouri Educator Evaluation System (MEES) summative evaluation for the student teaching experience.

#### **Credit for Prior Learning (CPL) Portfolio Credit for Student Teaching:**

Students desiring to petition for credit for a portion of their student teaching experience must have a minimum of two years of classroom instructional experience in the grade level and/or subject area for which they are seeking certification in order to apply. The experience must be in a public or accredited private school and must be concurrent with enrollment in the Teacher Education Program. To determine eligibility, the student must first complete a CPL conference with the Dean of Education or her designee at least one semester prior to the anticipated student teaching semester. Students must be fully admitted to the Teacher Education Program and have passed the student teaching interview before CPL credit may be awarded.

**Note:** *Students must complete the equivalent of 16 weeks/12 credit hours of student teaching before being recommended for certification, either 4712 or 4709+4703.* A Student Teaching Fee is charged for this course.

### **EMCL 4709 - Student Teaching: Middle School**

Semester Hours: *Nine*

Student teaching consists of sixteen (16) weeks of teaching experiences in an appropriate classroom setting in a state or nationally accredited public or private school under the supervision of an experienced and highly qualified cooperating teacher. Students seeking certification in a single content area will complete one sixteen-week teaching experience. Students seeking certification at more than one level (K-12) or in more than one content area must student teach for twelve weeks at one level or content area and four weeks at the other level or content area as approved by the Dean of Education or Director of Field Experiences. This culminating field experience enables students to practice and develop the pedagogical skills necessary to meet the Missouri performance standards for teacher certification. Candidates actively participate and complete required assignments, work with students as requested and under the

supervision of the classroom teacher, and have the opportunity and responsibility to lead the class over an extended period of time. After being formally admitted to the Teacher Education program, certification candidates must apply to student teach. Application for Student Teaching must be made to the Education Office by the end of the second week of the Fall semester for Spring Student Teaching and by the end of the second week of the Spring semester for Fall Student Teaching. The final decision regarding placement will be left to the discretion of the Director of Field Experiences in order to insure the quality of student teaching experiences in diverse settings. Candidates are required to complete their student teaching experience in the grade level(s) and subject area(s) for which they are seeking recommendation for certification.

Term Offered: *Fall, Spring*

Prerequisites: 1. Current Family Care Safety Registry background check (see catalog section on Background Checks for Field Experience and Student Teaching for additional information). ## Military Science

### MILS 101 - Introduction to Leadership I

Semester Hours: *Two*

Examine the challenges and competencies that are critical for effective leadership. You will learn how the personal development of life skills such as cultural understanding, goal setting, time management, mental/physical resiliency, and stress management relate to leadership, officership, and the Army profession. MILS 101 is open to all students and enrollment does not require a commitment to join the US Army. Term Offered: *Fall*

### MILS 102 - Introduction to Leadership II

Semester Hours: *Two*

Investigate leadership fundamentals such as problem-solving, listening, presenting briefs, providing feedback, and using effective writing skills. You will explore dimensions of leadership attributes and core leader competencies in the context of practical, hands-on, and interactive exercises. Learn fundamental military concepts and explore the Army's leadership philosophy. MILS 102 is open to all students and enrollment does not require a commitment to join the US Army. Term Offered: *Spring*

### MILS 201 - Innovative Team Leadership

Semester Hours: *Two*

Examine the challenges and competencies that are critical for effective leadership. You will learn how the personal development of life skills such as cultural understanding, goal setting, time management, mental/physical resiliency, and stress management relate to leadership, officership, and the Army profession. MILS 101 is open to all students and enrollment does not require a commitment to join the US Army. Term Offered: *Fall*

### MILS 102 - Introduction to Leadership II

Semester Hours: *Two*

Investigate leadership fundamentals such as problem-solving, listening, presenting briefs, providing feedback, and using effective writing skills. You will explore dimensions of leadership attributes and core leader competencies in the context of practical, hands-on, and interactive exercises. Learn fundamental military concepts and explore the Army's leadership philosophy. MILS 102 is open to all students and enrollment does not require a commitment to join the

US Army.

Term Offered: *Spring*

### MILS 201 - Innovative Team Leadership

Semester Hours: *Three*

Explore the dimensions of creative and innovative tactical leadership strategies and styles by examining team dynamics and leadership theories. The course continues to build on developing knowledge of leadership attributes and core leader competencies through the understanding of Army rank, structure, and duties as well as broadening knowledge of land navigation and squad tactics. Enrollment in MILS 201 does not require a commitment to join the US Army.

Term Offered: *Fall*

### MILS 202 - Foundations of Tactical Leadership

Semester Hours: *Three*

Develop greater self-awareness as you assess your own leadership styles and practice communication and team building skills. Examine and practice the challenges of leading teams in the complex operational environment. Study dimensions of terrain analysis, patrolling, and operation orders. Explores the dynamics of adaptive leadership in the context of military operations. Enrollment in MILS 202 does not require a commitment to join the US Army.

Term Offered: *Spring*

### MILS 301 - Adaptive Team Leadership

Semester Hours: *Three*

This is an academically challenging course where you will study, practice, and apply the fundamentals of Army leadership, officership, Army values and ethics, and small unit tactics. At the conclusion of this course you will be capable of planning, coordinating, navigating, motivating and leading a team or squad in the execution of a tactical mission during a classroom practical exercise (PE), a leadership lab, or during a military situational training exercise (STX) in a field environment.

Term Offered: *Fall*

Prerequisite for this course is the successful completion of MILS 101 through MILS 202 OR attendance at the Leader's Training Course (LTC). Contact the Military Science Department for more details.

### MILS 302 - Applied Team Leadership

Semester Hours: *Three*

Continue to learn and apply the fundamentals of Army leadership, officership, Army values and ethics as you hone your leadership abilities in a variety of tactical environments and the classroom. Successful completion of this course will help prepare you for success at the ROTC Leader Development and Assessment Course (LDAC) which you will attend the summer following this course at Fort Lewis, WA. You will receive systematic and specific feedback on your leadership attributes, values and core leader competencies from your instructors, other ROTC cadre, and senior cadets.

Term Offered: *Spring*

Prerequisite for this course is the successful completion of MILS 301

## **MILS 401 - Adaptive Leadership**

Semester Hours: *Three*

This course focuses on practical application of adaptive leadership. Throughout the semester, students will apply the fundamentals of principles of training, the Army writing style and military decision making. Students will study the special trust reposed to Army Officers by the US Constitution and the President of the United States--a special trust given to no other civilian professions. Students will also study the Army officer's role in the Uniform Code of Military Justice, and the counseling and development of subordinates.

Term Offered: *Fall*

Prerequisite for this course is the successful completion of the ROTC Leadership Development and Assessment Course (LDAC) or permission of the instructor.

## **MILS 402 - Leadership in A Complex World**

Semester Hours: *Three*

Explore the dynamics of leading in the complex situation of current military operations in the contemporary operating environment. Examine differences in customs and courtesies, military law, principles of war, and rules of engagement in the face of international terrorism. You will also explore aspects of interacting with non-government organizations, civilians on the battlefield and host nation support. Significant emphasis is placed on your transition to officership, preparing you for your branch school and first unit of assignment.

Term Offered: *Spring*

Prerequisite for this course is the successful completion of MSL 401 or permission of the instructor.

## **Music Applied: Instrumental**

### **MUAI 101 - Instrument Lesson (Elective/Secondary)**

Semester Hours: *One*

Surveys basic etudes, sonatas, and concerti, with an emphasis on solo and ensemble performance. Thirty minutes of private instrumental instruction per week reserved for elective studies or secondary areas for music majors and minors. May be taken again for credit.

Term Offered: *Fall, Spring, Summer*

### **MUAI 111 - Instrument Lesson (Major/Primary)**

Semester Hours: *One*

Surveys basic etudes, sonatas, and concerti, with an emphasis on solo and ensemble performance. Forty-five minutes of private instrumental instruction per week reserved for music majors and minors in their primary area of concentration. May be taken again for credit.

Term Offered: *Fall, Spring, Summer*

Co-requisite: Must be taken concurrently with MUAS 110 Studio Class.

### **MUAI 112 - Instrument Lesson (Major/Primary)**

Semester Hours: *Two*

Surveys basic etudes, sonatas, and concerti, with an emphasis on solo and ensemble performance. Sixty minutes of private instrumental instruction per week reserved for music majors in their primary area of concentration. May be taken again for credit.

Term Offered: *Fall, Spring, Summer*

Co-requisite: Must be taken concurrently with MUAS 110 Studio Class.

### **MUAI 131 - Class Brass**

Semester Hours: *One*

Knowledge and development of brass technique and embouchure through the practice of trumpet, horn in F, trombone, baritone, and tuba.

Term Offered: *Spring, Odd Years*

### **MUAI 141 - Class Percussion**

Semester Hours: *One*

A study to develop the ability to understand and train the public school percussionist, to include the purchase of instruments, and concert and marching band arrangements.

Term Offered: *Fall, Odd Years*

### **MUAI 151 - Class Strings**

Semester Hours: *One*

Practical study and use of the violin, viola, cello, and bass, together with problems with which they are associated.

Term Offered: *Spring, Even Years*

### **MUAI 161 - Class Woodwinds**

Semester Hours: *One*

Class study and use of the flute, oboe, clarinet, bassoon, and saxophone, their problems, and teaching methods.

Term Offered: *Fall, Even Years*

### **MUAI 171 - Beginning Class Guitar**

Semester Hours: *One*

Intended for beginners this is a class-based practical study of the guitar and guitar technique.

Term Offered: *Fall*

### **MUAI 181 - Advanced Class Guitar**

Semester Hours: *One*

Class-based continuation of practical study for the guitar and guitar

technique for advanced players.  
Term Offered: *Spring*

### **MUAI 301 - Instrument Lesson (Elective/Secondary)**

Semester Hours: *One*  
Surveys basic etudes, sonatas, and concerti, with an emphasis on solo and ensemble performance. Thirty minutes of private instrumental instruction per week reserved for elective studies or secondary areas for music majors and minors. May be taken again for credit.  
Term Offered: *Fall, Spring, Summer*  
Prerequisite: Sophomore Proficiency.

### **MUAI 311 - Instrument Lesson (Major/Primary)**

Semester Hours: *One*  
Surveys basic etudes, sonatas, and concerti, with an emphasis on solo and ensemble performance. Forty-five minutes of private instrumental instruction per week reserved for music majors and minors in their primary area of concentration. May be taken again for credit.  
Term Offered: *Fall, Spring, Summer*  
Prerequisite: Sophomore Proficiency.  
Co-requisite: Must be taken concurrently with MUAS 310 Studio Class.

### **MUAI 312 - Instrument Lesson (Major/Primary)**

Semester Hours: *Two*  
Surveys basic etudes, sonatas, and concerti, with an emphasis on solo and ensemble performance. Sixty minutes of private instrumental instruction per week reserved for music majors in their primary area of concentration. May be taken again for credit.  
Term Offered: *Fall, Spring, Summer*  
Prerequisite: Sophomore Proficiency.  
Co-requisite: Must be taken concurrently with MUAS 310 Studio Class.

## **Music Applied: Organ**

### **MUAO 101 - Organ Lesson (Elective/Secondary)**

Semester Hours: *One*  
Thirty minutes of private organ instruction per week reserved for elective studies or secondary areas for music majors and minors. May be taken again for credit.  
Term Offered: *Fall, Spring, Summer*

### **MUAO 301 - Organ Lesson (Elective/Secondary)**

Semester Hours: *One*  
Thirty minutes of private organ instruction per week reserved for elective studies or secondary areas for music majors and minors. May be taken again for credit.

Term Offered: *Fall, Spring, Summer*  
Prerequisite: Sophomore Proficiency.

## **Music Applied: Piano**

### **MUAP 101 - Piano Lesson (Elective/Secondary)**

Semester Hours: *One*  
Thirty minutes of private piano instruction per week reserved for elective studies or secondary areas for music majors and minors. May be taken again for credit.  
Term Offered: *Fall, Spring, Summer*

### **MUAP 111 - Piano Lesson (Major/Primary)**

Semester Hours: *One*  
Forty-five minutes of private piano instruction per week reserved for music majors and minors in their primary area of concentration. May be taken again for credit.  
Term Offered: *Fall, Spring, Summer*  
Co-requisite: Must be taken concurrently with MUAS 110 Studio Class.

### **MUAP 112 - Piano Lesson (Major/Primary)**

Semester Hours: *Two*  
Sixty minutes of private piano instruction per week reserved for music majors in their primary area of concentration. May be taken again for credit.  
Term Offered: *Fall, Spring, Summer*  
Co-requisite: Must be taken concurrently with MUAS 110 Studio Class.

### **MUAP 131 - Class Piano I**

Semester Hours: *One*  
This course begins with instruction in correct hand position and posture at the piano. Students develop ability to read and count staff notation. Exercises and pieces of increasing difficulty are studied. No previous experience necessary. Two class meetings per week.  
Term Offered: *Fall*

### **MUAP 141 - Class Piano II**

Semester Hours: *One*  
A continuation of MUAP 131.  
Term Offered: *Spring*

### **MUAP 251 - Class Piano III**

Semester Hours: *One*  
A continuation of MUAP 141.  
Term Offered: *Fall*

## MUAP 261 - Class Piano Iv

Semester Hours: *One*

A continuation of MUAP 251.

Term Offered: *Spring*

## MUAP 271 - Accompanying I

Semester Hours: *One*

Accompanying and ensemble practices, including rehearsal techniques, for keyboard majors. Public performance of works studied is required.

Term Offered: *Fall, Odd Years*

Prerequisite: Consent of instructor.

## MUAP 301 - Piano Lesson (Elective/Secondary)

Semester Hours: *One*

Thirty minutes of private piano instruction per week reserved for elective studies or secondary areas for music majors and minors. May be taken again for credit.

Term Offered: *Fall, Spring, Summer*

Prerequisite: Sophomore Proficiency.

## MUAP 311 - Piano Lesson (Major/Primary)

Semester Hours: *One*

Forty-five minutes of private piano instruction per week reserved for music majors and minors in their primary area of concentration. May be taken again for credit.

Term Offered: *Fall, Spring, Summer*

Prerequisite: Sophomore Proficiency.

Co-requisite: Must be taken concurrently with MUAS 310 Studio Class.

## MUAP 312 - Piano Lesson (Major/Primary)

Semester Hours: *Two*

Sixty minutes of private piano instruction per week reserved for music majors in their primary area of concentration. May be taken again for credit.

Term Offered: *Fall, Spring, Summer*

Prerequisite: Sophomore Proficiency.

Co-requisite: Must be taken concurrently with MUAS MUAS 110, MUAS 310, MUAS 420 Studio Class.

## MUAP 371 - Accompanying II

Semester Hours: *One*

Continuation of MUAP 271. Designed primarily for keyboard majors.

Term Offered: *Fall, Even Years*

Prerequisite: MUAP 271 or consent of instructor.

## Music Applied: Recital Attendance

### MURA 110 - Recital Attendance

Semester Hours: *Zero*

All music majors and minors must register for Recital Attendance concurrently with private lessons (except summers). Students are required to attend recitals and concerts as specified in the Missouri Baptist University Music Handbook.

Term Offered: *Fall, Spring*

### MURA 310 - Recital Attendance

Semester Hours: *Zero*

All music majors and minors must register for Recital Attendance concurrently with private lessons (except summers). Students are required to attend recitals and concerts as specified in the Missouri Baptist University Music Handbook.

Term Offered: *Fall, Spring*

## Music Applied: Recital Performance

### MURP 380 - Junior Recital

Semester Hours: *Zero*

The course includes a recital hearing to be completed at least three weeks prior to the recital. Upon successful completion of the hearing, the coursework culminates in at least a 30-minute recital.

Term Offered: *On Demand*

Prerequisites: At least two upper division hours of credit in private instruction in the area of performance concentration. This course is not available for transfer credit.

Co-requisite: Must be taken concurrently with appropriate private instruction in the area of performance concentration and MUAS 310 Studio Class.

### MURP 480 - Senior Recital

Semester Hours: *Zero*

The course includes a recital hearing to be completed at least three weeks prior to the recital. Upon successful completion of the hearing, the coursework culminates in at least 30-minute recital for those seeking degrees in the Bachelor of Arts in Music, Bachelor of Music in Worship Leadership, Bachelor of Music with Elective Studies in Business, Bachelor of Music in Musical Theatre, and Bachelor of Music Education, and at least a 50-minute recital for Bachelor of Music in Performance majors.

Term Offered: *On Demand*

Prerequisites: Bachelor of Arts in Music, Bachelor of Music in Worship Leadership, Bachelor of Music with Elective Studies in Business, and Bachelor of Music in Musical Theatre - at least three semesters of upper division private instruction in the area of performance concentration; and Bachelor of Music Education majors - at least two semesters of upper division private instruction in the area of performance concentration. Bachelor of Music in Performance majors - Junior Recital plus two additional upper

division hours of private instruction in the area of performance concentration. This course is not available for transfer credit.  
Co-requisite: Must be taken concurrently with appropriate private instruction in the area of performance concentration and MUAS 310 Studio Class.

## Music Applied: Studio Class

### MUAS 110 - Studio Class

Semester Hours: *Zero*

Taken concurrently with the performance concentration private lesson this course provides additional study within a group setting.

Term Offered: *Fall, Spring, Summer*

Co-requisite: MUAI 111/MUAI 112, MUAP 111/MUAP 112, or MUAV 111/MUAV 112 in the student's performance concentration. May be taken again for credit.

### MUAS 310 - Studio Class

Semester Hours: *Zero*

Taken concurrently with the performance concentration private lesson this course provides additional study within a group setting.

Term Offered: *Fall, Spring, Summer*

Co-requisite: MUAI 311/MUAI 312, MUAP 311/MUAP 312, or MUAV 311/MUAV 312 in the student's performance concentration, MURP 382, and MURP 482. May be taken again for credit.

## Music Applied: Studio Techniques

### MURC 421A - Studio Techniques I

Semester Hours: *One*

This is an introductory course for the commercial vocalist. Students will learn basic recording terminology and procedures to work in a recording studio as a performer, including studio time and feedback.

Term Offered: *Fall, Even Years*

Prerequisite: Sophomore Proficiency, or consent of instructor.

Co-requisite: MUAV 312

### MURC 421B - Studio Techniques II

Semester Hours: *One*

This course is a continuation of MURC 421A Studio Techniques I. Student will build experiences in the studio, including additional studio time as a soloist and in ensembles.

Term Offered: *Spring, Odd Years*

Prerequisite: Sophomore Proficiency and MURC 421A Studio Techniques I, or consent of instructor.

Co-requisite: MUAV 312

### MURC 421C - Studio Techniques III

Semester Hours: *One*

This course is a continuation of MURC 421B Studio Techniques II. Student will build experiences in the studio, including studio time as

a performer and mentor. Studio time culminates in a recording portfolio.

Term Offered: *Fall, Even Years*

Prerequisite: Sophomore Proficiency and MURC 421B Studio Techniques II, or consent of instructor.

Co-requisite: MUAV 312

## Music Applied: Voice

### MUAV 101 - Voice Lesson (Elective/Secondary)

Semester Hours: *One*

Thirty minutes of private voice instruction per week reserved for elective studies or secondary areas for music majors and minors. May be taken again for credit.

Term Offered: *Fall, Spring, Summer*

### MUAV 111 - Voice Lesson (Major/Primary)

Semester Hours: *One*

Forty-five minutes of private voice instruction per week reserved for music majors and minors in their primary area of concentration. May be taken again for credit.

Term Offered: *Fall, Spring, Summer*

Co-requisite: Must be taken concurrently with MUAS 110 Studio Class.

### MUAV 112 - Voice Lesson (Major/Primary)

Semester Hours: *Two*

Sixty minutes of private voice instruction per week reserved for music majors in their primary area of concentration. May be taken again for credit.

Term Offered: *Fall, Spring, Summer*

Co-requisite: Must be taken concurrently with MUAS 110 Studio Class.

### MUAV 131 - Contemporary Voice Class

Semester Hours: *One*

Class study in the techniques of singing and the application of these techniques to contemporary singing styles. Elective credit only.

Term Offered: *On Demand*

### MUAV 151 - Class Voice I

Semester Hours: *One*

Class voice will present the basic principles and techniques for good singing, including performance of simple literature within the class. This class is not open to music majors or minors whose applied study concentration is voice.

Term Offered: *On Demand*

## MUAV 161 - Class Voice II

Semester Hours: *One*

Class Voice II is a continuation of Class Voice I principles and techniques for good singing through performance of literature within the class. This class is not open to music majors or minors whose applied study concentration is voice.

Term Offered: *On Demand*

Prerequisite: MUAV 151 or consent of the instructor.

## MUAV 301 - Voice Lesson (Elective/Secondary)

Semester Hours: *One*

Thirty minutes of private voice instruction per week reserved for elective studies or secondary areas for music majors and minors. May be taken again for credit.

Term Offered: *Fall, Spring, Summer*

Prerequisite: Sophomore Proficiency.

## MUAV 311 - Voice Lesson (Major/Primary)

Semester Hours: *One*

Forty-five minutes of private voice instruction per week reserved for music majors and minors in their primary area of concentration. May be taken again for credit. The student's major and concentration will determine literature choices.

Term Offered: *Fall, Spring, Summer*

Prerequisite: Sophomore Proficiency.

Co-requisite: Must be taken concurrently with MUAS 310 Studio Class.

## MUAV 312 - Voice Lesson (Major/Primary)

Semester Hours: *Two*

Sixty minutes of private piano instruction per week reserved for music majors in their primary area of concentration. May be taken again for credit. The student's major and concentration will determine literature choices.

Term Offered: *Fall, Spring, Summer*

Prerequisite: Sophomore Proficiency.

Co-requisite: Must be taken concurrently with MUAS 310 Studio Class.

## MUAV 341 - Commercial Country Styles

Semester Hours: *One*

This class is an in-depth study of vocal country styles. Required of all commercial voice majors and elective for other voice majors.

Term Offered: *Fall, Even Years*

Prerequisite: Sophomore Proficiency.

## MUAV 351 - Commercial Pop/Rock Styles

Semester Hours: *One*

This class is an in-depth study of vocal pop/rock styles. Required of all commercial voice majors and elective for other voice majors.

Term Offered: *Fall, Even Years*

Prerequisite: Sophomore Proficiency.

## MUAV 361 - Commercial Gospel, Rhythm & Blues Styles

Semester Hours: *One*

This class is an in-depth study of vocal Gospel and Rhythm & Blues styles. Required of all commercial voice majors and elective for other voice majors.

Term Offered: *Fall, Even Years*

Prerequisite: Sophomore Proficiency.

## MUAV 371 - Commercial Jazz Styles

Semester Hours: *One*

This class is an in-depth study of vocal Jazz styles. Required of all commercial voice majors and elective for other voice majors.

Term Offered: *Fall, Even Years*

Prerequisite: Sophomore Proficiency.

## Music Business

### BUMU 473 - Internship in Music Business

Semester Hours: *Three*

The purpose of this course is to provide music business students the opportunity to acquire marketable skills and knowledge. The course will expose students to real world experiences in order to help them gain a clear perspective of their career choice.

Term Offered: *On Demand*

Prerequisites: Senior standing; must have successfully completed coursework in music business. May be taken twice in two different field settings, not to exceed a total of six hours.

### MUMI 342 - Music Industry

Semester Hours: *Two*

This course introduces a structural overview of the music business and entertainment industries. Emphasis is placed on contemporary music business practices. Topics include publishing, musical instrument sales, artist management, arts management, professional organizations, copyright law, record industry, unions and guilds, and career development.

Term Offered: *Spring, Even Years*

## Music Education

### EDMU 470 - Student Teaching Seminar for Music Education

Semester Hours: *Zero*

This seminar, required for all music education students seeking initial teacher certification, provides an opportunity for students to share and reflect on their student teaching experiences. They will also

engage in a ten-week action research inquiry-based project to demonstrate instructional impact. Students will select a focus, identify research questions, collect and analyze data, and report results with informed actions.

Term Offered: *Fall, Spring*

Prerequisite: EDUC 401

Co-requisite: Concurrent student teaching placement in ELCL/ESCL 4709+4703 Student Teaching: Elementary/Secondary. *Students must earn a final grade of Credit (CR) for program completion.*

**Note: This course will not be accepted in transfer from another institution and cannot be taken through Directed Study, Credit for Prior Learning, or Credit by Exam.**

## MUED 202 - Basic Conducting

Semester Hours: *Two*

The fundamentals of the basic conducting patterns are covered. Standard instrumental and choral literature furnishes the material for laboratory use.

Term Offered: *Fall*

Prerequisite: Consent of instructor.

## MUED 313 - Early Childhood/Elementary School Music Methods

Semester Hours: *Three*

This course is designed to acquaint the music specialist with the content, methodology and materials of an elementary school music curriculum and provide an understanding of the many diverse student needs found at the elementary level. The course introduces the music specialist to basic classroom instruments, requiring a basic competency in playing piano and classroom instruments. Students will become competent in applying assessment strategies for the improvement of student learning. A study of state-mandated assessment is included. This course, taught only on the Main campus, applies only for music majors.

Term Offered: *Fall, Even Years*

Co-requisite: Bachelor of Music Education students must be concurrently enrolled in EDCL 211 Teaching Field Experience I.

## MUED 323 - Middle/Secondary School Music Methods

Semester Hours: *Three*

This course is a study of materials, methods, organization, and administration used to teach music for middle and secondary level students. Students will become competent in applying assessment strategies that focus on the diverse needs of older students in order to improve student learning. A study of state mandated assessment is included. This course, taught only on the Main campus, applies only for music majors.

Term Offered: *Spring, Odd Years*

Prerequisite: MUED 313

Co-requisite: Bachelor of Music Education students must be concurrently enrolled in EDCL 411/511 Teaching Field Experience II.

## MUED 332 - Instrumental Methods

Semester Hours: *Two*

A survey of effective leadership techniques for the public school instrumental program; emphasizing instrumental ensembles in the public schools, school music budget, special programs, and marching band techniques.

Term Offered: *Fall, Odd Years*

## MUED 342 - Choral Techniques

Semester Hours: *Two*

This course includes the study of choral rehearsal procedures, the development of tone, classification of voice types, and programming.

Term Offered: *Spring, Even Years*

## MUED 352 - Advanced Conducting

Semester Hours: *Two*

This course is a continuation of MUED 202 and includes a study of choral and instrumental literature in relation to rehearsal techniques and interpretation.

Term Offered: *Spring*

## MUED 362 - Vocal Diction

Semester Hours: *Two*

A study of the articulation and pronunciation guidelines for English, Latin, Italian, German, and French as applied to solo and choral singing. The language study uses the International Phonetic Alphabet.

Term Offered: *Spring*

## MUED 411 - Conducting Seminar

Semester Hours: *One*

This course is a practicum for advanced conducting students. Students will meet as a group on a regular basis to discuss specific conducting assignments as they prepare for rehearsals and performance with University ensembles. The instructor will approve all conducting assignments and work with the students to create useful rehearsal strategies based on analysis and research on the music. May be repeated for credit.

Term Offered: *Fall, Spring*

Prerequisite: Advanced Conducting MUED 352 or an approved equivalent from another institution with the instructor's approval.

## Music Ensembles: Choral Large

### MUCL 111/311 - Chorale

Semester Hours: *Zero to One*

Select choral group open to all students who qualify through audition. Performance literature includes sacred and secular selections from the Renaissance through Twentieth-Century. Touring and concerts required.

Term Offered: *Fall, Spring*

## **MUCL 130/131/330/331 - MBU Choral Society**

Semester Hours: *Zero to One*

The Choral Society is a vocal ensemble open to students and community members. The ensemble stresses vocal development and ensemble singing skills with repertoire focusing on major works for chorus and orchestra. Choral Society normally performs with the MBU Chorale and has required performances each semester. Music majors may take a maximum of two semesters of Choral Society for large choral ensemble credit.

Term Offered: *Fall, Spring*

## **Music Ensembles: Choral Small**

### **MUCS 111/311 - Theatre Production**

Semester Hours: *Zero to One*

Preparation and performance of musical and theatrical productions. By audition or permission of the directors only. Students must be available for rehearsals and performances. (Same as THEP 110/111/310/311)

Term Offered: *On Demand*

### **MUCS 120/121/320/321 - Spirit Wing**

Semester Hours: *Zero to One*

Select vocal and instrumental group open to all students who qualify through audition. This ensemble represents Missouri Baptist University in concerts, youth camps, and community events in the Midwest, performing contemporary Christian and worship music. On- and off-campus performances are required.

Term Offered: *Fall, Spring*

### **MUCS 130/131/330/331 - Vocal Ensemble - Allusion**

Semester Hours: *Zero to One*

Select vocal jazz ensemble with instrumental trio. Performance of vocal jazz and other related styles. Touring and concerts required. Nine-month commitment required. Students must be available for off-campus performances. By audition only, vocal and instrumental.

Term Offered: *Fall, Spring*

### **MUCS 150A/151A/350A/351A - Opera Theatre I**

Semester Hours: *Zero to One*

Intended for the casting of the primary roles of the annual Opera Theatre production. In the course singer/actors will prepare their characters, the plot, etc., in depth and have individual instruction to learn the roles assigned. Enrollment in Opera Theatre I requires enrollment in Opera Theatre II and participation in the final production. These roles may also carry scholarship remuneration. May be taken twice for lower division credit and twice for upper division credit. By audition only.

Term Offered: *Fall*

## **MUCS 150B/151B/350B/351B - Opera Theatre II**

Semester Hours: *Zero to One*

Continuation of Opera Theatre I intended for 1) casting and training the chorus (if needed) of the opera and 2) staging and production of the chosen opera. Lead roles will begin staging while the chorus learns their parts. May be taken twice for lower division credit and twice for upper division credit.

Term Offered: *Spring*

Pre-requisite: Lead roles must have been enrolled in MUCS 150A/151A/350A/351A the previous semester. By audition or permission of the Director.

### **MUCS 160/161/360/361 - Ministry Ensemble**

Semester Hours: *Zero to One*

Ministry Ensembles are auditioned, performing small ensembles. Performances are both on- and off-campus. Specific ensembles are designated by the section number. Upper division credit is available after successful completion of four semesters.

Term Offered: *Fall, Spring*

### **MUCS 170/171/370/371 - Chamber Singers**

Semester Hours: *Zero to One*

Select choral group open to all students by audition. This ensemble specializes in small ensemble choral literature such as madrigals, motets, and part-songs - music written for smaller groups. Music of all periods will be performed. Touring and concerts required.

Term Offered: *Fall, Spring*

### **MUCS 180/181/380/381 - Chamber Vocal Ensemble**

Semester Hours: *Zero to One*

This course will provide varied chamber ensemble experiences for vocal/choral students.

Term Offered: *On Demand*

### **MUTS 130/131/330/331 - Musical Theatre Production**

Semester Hours: *Zero to One*

Offers experiences in preparation and performance of musical and theatrical productions. Courses conferring this credit are MUCS 111/311 Theatre Production and MUCS 151/351 Opera Workshop. By audition or permission of the directors only. Students must be available for rehearsals and performances. Each level may be taken again for credit. After four semesters, may be taken for upper division credit.

Term Offered: *Fall, Spring*

## Music Ensembles: Instrumental Large

### MUIL 131/331 - Large String Ensemble

Semester Hours: *One*

A concert-performing group that gives valuable experience to string players in proper ensemble techniques. Term Offered: *Fall, Spring*

### MUIL 131/331 - Large String Ensemble

Semester Hours: *One*

A concert-performing group that gives valuable experience to string players in proper ensemble techniques. Term Offered: *Fall, Spring*

### MUIL 151/351 - MBU Concert Band

Semester Hours: *One*

A concert-performing group that gives valuable experience to the instrumental major in proper ensemble techniques. Term Offered: *Fall, Spring*

### MUIL 151/351 - MBU Concert Band

Semester Hours: *One*

A concert-performing group that gives valuable experience to the instrumental major in proper ensemble techniques. Term Offered: *Fall, Spring*

## Music Ensembles: Instrumental Small

### MUIS 111/311 - MBU Ringers

Semester Hours: *Zero to One*

A concert-performing group that gives valuable experience to string players in proper ensemble techniques.

Term Offered: *Fall, Spring*

### MUIL 150/151/350/351 - MBU Concert Band

Semester Hours: *Zero to One*

A concert-performing group that gives valuable experience to the instrumental major in proper ensemble techniques.

Term Offered: *Fall, Spring*

## Music Ensembles: Instrumental Small

### MUIS 110/111/310/311 - MBU Ringers

Semester Hours: *Zero to One*

Select group open to all students who qualify through audition. This ensemble performs hand bell music of varied styles, and represents Missouri Baptist University through tours and concerts, which are

required.

Term Offered: *Fall, Spring*

### MUIS 130/131/330/331 - MBU Jazz Band

Semester Hours: *Zero to One*

The MBU Jazz Band will perform various styles of Jazz literature from Big Band to the present. The Jazz Band is open to all students through audition.

Term Offered: *Fall, Spring*

### MUIS 150/151/350/351 - Chamber Ensemble

Semester Hours: *Zero to One*

This course will provide varied chamber ensemble experiences for instrumental students.

Term Offered: *On Demand*

## Music History and Literature

### MUHL 153 - Appreciation of Music (MOTR MUSC 100)

Semester Hours: *Three*

An introduction to the great masterpieces of music literature and their composers. Emphasis is on the style characteristics of each of the historical periods. Not open to music majors for credit.

Term Offered: *Fall, Spring, Summer*

### MUHL 313 - Music History I

Semester Hours: *Three*

Music History I is an intensive study of the history of music and representative literature from antiquity to 1725, covering Greek and other antiquities, Middle Ages, Renaissance, and early Baroque music. For music majors and minors; others with consent of instructor.

Term Offered: *Fall*

Prerequisite: ENGL 113 and ENGL 123

### MUHL 323 - Music History II

Semester Hours: *Three*

Music History II continues the intensive study of the history of music and representative literature from 1725 to 1910, covering late Baroque, Classical, and Romantic music. For music majors and minors; others with consent of instructor.

Term Offered: *Spring*

rerequisite: ENGL 113 and ENGL 123

### MUHL 332 - Music History III

Semester Hours: *Two*

Music History III completes the intensive study of the history of music and representative literature from the Twentieth Century to the present, covering twentieth century music with studies in Jazz,

popular, and world music. For music majors and minors; others with consent of instructor. This course is required for all transfer students, even those who have received transfer credit for Music History I and II.

Term Offered: *Fall*

Prerequisite: ENGL 113 and ENGL 123

### **MUHL 403 - Piano Literature**

Semester Hours: *Three*

An intensive study of music written for the piano, from the Classical period through the Twentieth Century. Some emphasis is given to a study of both the composers and performers of the music. For piano majors or minors.

Term Offered: *Spring, Even Years*

### **MUHL 412 - Instrumental Pedagogy**

Semester Hours: *Two*

An examination of effective methodologies for teaching wind and percussion instruments on a one-on-one basis. The course will focus on pedagogy for the student's primary instrument. For performance majors specializing in a wind or percussion instrument.

Term Offered: *Fall, Odd Years*

### **MUHL 413 - Piano Pedagogy**

Semester Hours: *Three*

Course includes examination of teaching techniques and materials from beginning through intermediate levels. Student will gain supervised teaching experience.

Term Offered: *Spring, Odd Years*

### **MUHL 422 - Instrumental Literature**

Semester Hours: *Two*

This is a survey of the instrumental repertoire for public school programs, including literature for large and small ensembles, as well as solo literature for contests.

Term Offered: *Fall, Even Years*

### **MUHL 442 - Vocal Pedagogy**

Semester Hours: *Two*

This course primarily for voice majors is a study of the mechanics of vocal production and methods of teaching in the vocal solo field.

Term Offered: *Spring, Odd Years*

### **MUHL 452 - Choral Literature**

Semester Hours: *Two*

The study of choral literature and performance practices from the Renaissance to the modern period.

Term Offered: *Spring, Odd Years*

### **MUHL 463 - Vocal Literature**

Semester Hours: *Three*

A course of advanced study of solo vocal literature art song through Jazz and related styles. Required for vocal majors; suggested for music education majors.

Term Offered: *Spring, Even Years*

## **Music: Special Topics**

### **MUST 401-403 - Special Topics in Music**

Semester Hours: *One to Three*

This course allows the student to investigate a topic in music that goes beyond the scope of other coursework. The course will involve close collaboration between students and faculty on a topic or issue related to the individual's interest and career choice.

Term Offered: *On Demand*

Prerequisites: MUTH 223 and MUHL 323, plus senior standing or consent of instructor. May be taken for variable credit and repeated up to a maximum of three semester hours.

## **Music Theory**

### **MUTH 101 - Introduction to Music Technology**

Semester Hours: *One*

This course introduces basic music technologies, emphasizing the publishing program Finale®, which will be used throughout the students' coursework.

Term Offered: *Fall, Spring*

### **MUTH 103 - Fundamentals of Music**

Semester Hours: *Three*

This course is designed for students whose musical preparation for college is inadequate to prepare them to enroll in MUTH 113. This course will include study of the notation of melody, rhythm, and basic harmony. Includes scales, intervals, triads, and harmonization of simple melodies. For non-music majors and those preparing for MUTH 113.

Term Offered: *Fall*

### **MUTH 111 - Sight Singing/Ear Training I**

Semester Hours: *One*

Intensive training to develop music reading and related aural skills through sight singing, dictation, and assigned listening. Two class meetings per week in addition to laboratory assignments.

Term Offered: *Spring*

Must be taken concurrently with MUTH 113 Theory I.

## **MUTH 113 - Theory I**

Semester Hours: *Three*

Intensive study of interval, keys, melodic structure, initial two-voice contrapuntal writing, and melodic cadential figures. Prepares the student for further theoretical study. Taken concurrently with MUTH 111.

Term Offered: *Spring*

Prerequisite: MUTH 103 or satisfactory score on theory placement test.

## **MUTH 121 - Sight Singing/Ear Training II**

Semester Hours: *One*

Continuation of MUTH 111 Sight Singing/Ear Training I. Must be taken concurrently with MUTH 123 Theory II.

Term Offered: *Fall*

Prerequisite: MUTH 111 with a minimum grade of C or consent of department.

## **MUTH 123 - Theory II**

Semester Hours: *Three*

Continuation of MUTH 113. Includes fundamentals of chord progression, mutated chords, secondary dominants, and analysis of binary, ternary, and through composed forms.

Term Offered: *Fall*

Prerequisite: MUTH 113 with a minimum grade of C or consent of department. Taken concurrently with MUTH 121

## **MUTH 211 - Sight Singing/Ear Training III**

Semester Hours: *One*

Continuation of MUTH 121 Sight Singing/Ear Training II. Must be taken concurrently with MUTH 213 Theory III.

Term Offered: *Spring*

Prerequisite: MUTH 121 with a minimum grade of C or consent of department.

## **MUTH 213 - Theory III**

Semester Hours: *Three*

Continuation of MUTH 123. Formal analysis and contrapuntal writing to include variation, invention, and fugue. Also to include chordal analysis of non dominant diatonic seventh chords, and Neapolitan and augmented sixth chords.

Term Offered: *Spring*

Prerequisite: MUTH 123 with a minimum grade of C or consent of department. Taken concurrently with MUTH 211

## **MUTH 221 - Sight Singing/Ear Training IV**

Semester Hours: *One*

Continuation of MUTH 211 Sight Singing/Ear Training III.

Term Offered: *Fall*

Prerequisite: MUTH 211 with a minimum grade of C or consent of department. Must be taken concurrently with MUTH 223 Theory IV.

## **MUTH 223 - Theory IV**

Semester Hours: *Three*

Continuation of MUTH 213. Study of enriched harmonic and tonal resources, and Sonata Allegro form. Last half of the course concentrates on analysis of Twentieth Century forms, including pandiatonicism and serial techniques.

Term Offered: *Fall*

Prerequisite: MUTH 213 with a minimum grade of C or consent of department.

Taken concurrently with MUTH 221

## **MUTH 302 - Choral Arranging**

Semester Hours: *Two*

The study of composition technique and practical experience in the composition and arranging of choral music.

Term Offered: *Fall, Even Years*

Prerequisite/Co-requisite: MUTH 223

## **MUTH 342 - Jazz Theory**

Semester Hours: *Two*

Introduces the language and sounds of jazz through listening, analysis, and compositional exercises. Jazz studies include terminology, chord symbols, chord/scales, and chord progressions. Students will apply the fundamentals of music theory to the study of jazz.

Term Offered: *Spring, Even Years*

Prerequisite/Co-requisite: MUTH 223

## **MUTH 412 - Orchestration**

Semester Hours: *Two*

The study of the orchestra and its use throughout the history of music, with particular emphasis on writing and arranging for various types and sizes of ensembles.

Term Offered: *Fall, Odd Years*

Prerequisite/Co-requisite: MUTH 223 or consent of instructor.

## **MUTH 423 - Composition**

Semester Hours: *Three*

This course is a study of compositional technique and practical experience in the composition of small musical forms for both the vocal and instrumental media.

Term Offered: *Spring, Even Years*

Prerequisites: MUTH 221 and MUTH 223 or consent of instructor.

## **MUTH 462 - Counterpoint**

Semester Hours: *Two*

Detailed study of tonal counterpoint through analysis of selected 18th century works and composition in the style of J.S. Bach.

Term Offered: *On Demand*

Prerequisites/co-requisite(s): MUTH 211 and MUTH 213 or consent of instructor.

## MUTH 472 - Form and Analysis

Semester Hours: *Two*

A study of musical forms through analysis of representative works in various stylistic periods.

Term Offered: *Fall, Even Years*

Prerequisite/Co-requisite: MUTH 223 or consent of instructor.

## Musical Theatre

### THMU 323 - Singing Actor

Semester Hours: *Three*

Acting techniques, vocal exercises, movement, and song interpretation specifically related to musical theatre and opera are presented. Selection, preparation, and presentation of appropriate material (monologues and songs) with honesty, style, and a sense of professionalism, culminating in preparation of roles and scenes for laboratory presentation are included. Résumé preparation and presentation are also covered.

Term Offered: *Fall, Even Years*

Prerequisite/co-requisite: THEA 113 and THEA 223, or permission of instructor.

### THMU 353 - Musical Theatre History

Semester Hours: *Three*

This course surveys the history of theatre, from classical Greek to modern, with an emphasis on the development of musical theatre. The history of musical theatre is traced from its roots in opera, operetta, and vaudeville to the revues and musical comedies of the 1920s and 1930s to the emergence of the modern musical and up through present day. Students are introduced to shows and songs from each period through readings, and various audio and visual recordings.

Term Offered: *Spring, Odd Years*

## Natural Science

### NSCI 481-485 - Special Topics in Natural Science

Semester Hours: *One to Five*

This course is intended to provide an avenue for intensive study of current issues, trends, or problems in the natural sciences. The course will involve close collaboration between students and faculty on a topic or issue related to the individual's interest and career choice.

Term Offered: *On Demand*

Prerequisites: BIOL 111, BIOL 113, BIOL 121 and BIOL 123, OR CHEM 111, CHEM 113, CHEM 121 and CHEM 124, OR MATH 164, plus senior standing or consent of instructor. May be taken for variable credit and repeated up to a maximum of five semester hours.

## Nursing

### NRSG 303 - Professional Nursing Concepts I

Semester Hours: *Three*

This course introduces professional nursing concepts and exemplars within the role of the professional nurse. Concepts include communication, leadership, patient education, patient-centered care, teamwork and collaboration, professional identity, grief, health promotion, clinical judgment, and safety.

Term Offered: *First Semester*

Prerequisite: Admission into the BSN program.

Corequisites: NRSG 314, NRSG 373, NRSG 304.

### NRSG 304 - Health Assessment w/ Lab

Semester Hours: *Four*

This course provides the framework for preparing students to perform comprehensive health assessments on patients across the lifespan. Emphasis is placed on taking a thorough nursing history, performing physiological, psychological, sociological, cultural, and spiritual assessments, as well as identification of stressors and health risks. Laboratory experiences provide an opportunity to practice assessment skills on patients across the lifespan in a variety of settings.

Term Offered: *First Semester*

Prerequisite: Admission into the BSN program.

Corequisites: NRSG 303, NRSG 314, NRSG 373

### NRSG 314 - Health Care Concepts I

Semester Hours: *Four*

This course introduces foundational health care concepts through selected exemplars. Concepts introduced in this course include sensory-perception, infection, functional ability, elimination, gas exchange, perfusion, tissue integrity, thermoregulation, safety, development, nutrition, mobility, and cognition. This course provides opportunities for the development of clinical judgment using active learning opportunities and concept analyses.

Term Offered: *First Semester*

Prerequisite: Admission into the BSN program.

Corequisites: NRSG 303, NRSG 373, NRSG 304

### NRSG 323 - Evidence-Based Practice

Semester Hours: *Three*

This course provides an overview of evidence-based practice and its relationship to clinical decision-making through the exploration and integration of current scientific evidence. Learners develop the skills to read, critique, analyze, and determine how to utilize research and existing knowledge bases in nursing practice. Focus is placed on the analysis and synthesis of evidence to answer a PICO question relevant to nursing practice and patient-centered care.

Term Offered: *Second Semester*

Prerequisite: Successful completion NRSG 303, NRSG 314, NRSG 373, NRSG 304

Corequisites: NRSG 324, NRSG 334, NRSG 374

## **NRSG 324 - Health Care Concepts II**

Semester Hours: *Four*

This course builds on the concepts presented in Health Care Concepts I and introduces advanced concepts through selected exemplars that support the provision of care across the lifespan. Concepts addressed include addiction, psychosis, mood and affect, anxiety, stress and coping, interpersonal violence, pain, elimination, regulation and metabolism, sensory perception, gas exchange, infection, fluid and electrolytes, intracranial regulation, perfusion, clotting, cellular regulation, and inflammation. This course provides continuing opportunities for the development of clinical judgment using active learning opportunities and concept analyses.

Term Offered: *Second Semester*

Prerequisite: Successful completion NRSG 303, NRSG 314, NRSG 373, NRSG 304

Corequisites: NRSG 323, NRSG 334, NRSG 374

## **NRSG 334 - Pharmacology**

Semester Hours: *Four*

This course introduces the principles of pharmacology, including pharmacokinetics, pharmacodynamics, medication interactions and potential adverse medication reactions. Emphasis is placed on drug classifications and nursing care related to the safe administration of medication to patients across the life span.

Term Offered: *Second Semester*

Prerequisite: Successful completion NRSG 303, NRSG 314, NRSG 373, NRSG 304

Corequisites: NRSG 324, NRSG 323, NRSG 374

## **NRSG 373 - Health Care Concepts I Clinical**

Semester Hours: *Three*

This course provides students the opportunity to practice skills related to concepts presented in Health Care Concepts I. Learners develop professional nursing competencies in the care of diverse patients throughout the lifespan. Emphasis is placed on psychomotor skills and critical thinking in the performance of nursing procedures.

Term Offered: *First Semester*

Prerequisite: Admission into the BSN program.

Corequisites: NRSG 303, NRSG 314, NRSG 304

## **NRSG 374 - Health Care Concepts II Clinical**

Semester Hours: *Four*

This course provides the practical application of concepts addressed in Health Care Concepts II. Learners will have the opportunity to apply knowledge, skills, and clinical reasoning to the care of patients in acute and chronic adult health and mental health settings.

Term Offered: *Second Semester*

Prerequisite: Successful completion NRSG 303, NRSG 314, NRSG 373, NRSG 304

Corequisites: NRSG 324, NRSG 323, NRSG 334

## **NRSG 403 - Professional Nursing Concepts II**

Semester Hours: *Three*

This course provides an assimilation of professional identity, leadership, and health care policy within the broader health care system. Learners build upon concepts and exemplars introduced in Professional Nursing Concepts I. Concepts addressed in this course include communication, health care organizations, health policy, leadership, patient-centered care, teamwork and collaboration, professional identity, clinical judgment.

Term Offered: *Fourth Semester*

Prerequisite: Completion of all previous semesters of nursing courses.

Corequisites: NRSG 444, NRSG 422, NRSG 483, NRSG 472

## **NRSG 412 - Quality Improvement and Information Technology**

Semester Hours: *Two*

This course provides an overview of nursing quality improvement and information technology as they relate to the provision of safe, quality, evidence-based patient care. Concepts related to regulatory agencies, magnet status, error mitigation and the National Database of Nursing Quality Indicators (NDNQI) will be explored. Learners will develop competencies related to the management of information science and technology as a communication and information management tool to direct care and support clinical decision-making.

Term Offered: *Third Semester*

Prerequisite: Completion of first year BSN courses.

Corequisites: NRSG 434, NRSG 423, NRSG 474, NRSG 433.

## **NRSG 422 - NCLEX Prep**

Semester Hours: *Two*

This hybrid course provides a comprehensive overview of concepts required for licensure examination and entry into professional nursing practice. The NCLEX-RN test plan, assessment of knowledge deficits, and development of individual study plans will be based on results of the ATI Capstone Content Review. Students will participate in a 12-week online Virtual ATI program and in an all-inclusive, live study session.

Term Offered: *Fourth Semester*

Prerequisite: Completion of all previous semesters of nursing courses.

Corequisites: NRSG 403, NRSG 444, NRSG 483, NRSG 472.

## **NRSG 423 - Spirituality and Diversity in Healthcare**

Semester Hours: *Three*

Spirituality and diversity will be examined from a Christ-centered perspective. Learners will examine the role of spirituality in patient care for clients of multicultural backgrounds across the lifespan. Students will integrate concepts from general education courses to foster critical and ethical thinking from a Christian perspective. Students will develop competencies related to varying attitudes, values, and beliefs based on culture, religion, spirituality, age,

ethnicity, race, and sexual orientation.

Term Offered: *Third Semester*

Prerequisite: Completion of first year BSN courses.

Corequisites: NRS 434, NRS 413, NRS 474, NRS 433.

## **NRS 432 - Concepts of Pediatric and Maternal Healthcare**

Semester Hours: *Two*

This course provides an integrative, family-centered approach to the care of mothers, newborns, and children. The concepts introduced will build on prior knowledge and are demonstrated through increasingly complex exemplars. Concepts include development, clotting, functional ability, nutrition, thermoregulation, gas exchange, mood & affect, grief, family dynamics, reproduction, perfusion, and pain.

## **NRS 433 - Ethics in Healthcare**

Semester Hours: *Three*

This course introduces the students to the ethical dimensions of nursing practice. Concepts related to moral reasoning and theoretical theories, values, virtues and principles will be addressed. Learners will be exposed to professional and clinical ethical issues that influence nursing practice in healthcare settings. Various models of ethical decision-making are explored as well as the examination of the role of professional codes of ethics and the legal standards that influence the ethical practice of nurses.

Term Offered: *Third Semester*

Prerequisite: Completion of first year BSN courses.

Corequisites: NRS 434, NRS 412, NRS 423, NRS 474.

## **NRS 443 - Health Care Concepts III**

Semester Hours: *Three*

This course builds on the concepts presented in Health Care Concepts I and II and introduces advanced concepts through selected exemplars that support the provision of care across. Concepts addressed include immunity, immobility, elimination, stress and coping, sensory perception, infection, acid-base balance, regulation and metabolism, pain, and cellular regulation. This course provides continuing opportunities for the development of clinical judgment using active learning opportunities and concept analyses.

Term Offered: *Third Semester*

Prerequisite: Completion of first year BSN courses.

Corequisites: NRS 412, NRS 423, NRS 474, NRS 433.

## **NRS 444 - Health Care Concepts IV**

Semester Hours: *Four*

This course builds on the concepts presented in Health Care Concepts I, II, and III and reinforces advanced concepts through selected multisystem-focused exemplars that support the provision of complex care across the lifespan. Concepts addressed include intracranial regulation, immunity, palliative care, cognition, acid-base balance, fluid and electrolytes, infection, pain, mobility, inflammation, perfusion, reproduction, cellular regulation, and clotting. This course

provides continuing opportunities for the development of clinical judgment using active learning opportunities and concept analyses.

Term Offered: *Fourth Semester*

Prerequisite: Completion of all previous semesters of nursing courses.

Corequisites: NRS 403, NRS 422, NRS 483, NRS 472.

## **NRS 472 - Health Care Concepts IV Clinical**

Semester Hours: *Two*

This course provides the practical application of concepts addressed in Professional Nursing Concepts II and Health Care Concepts IV. Learners will have the opportunity to apply knowledge, skills, and clinical judgment to the care of patients and populations in community settings. Learners will have the opportunity for the practical application of leadership skills in various clinical settings.

Term Offered: *Fourth Semester*

Prerequisite: Completion of all previous semesters of nursing courses.

Corequisites: NRS 403, NRS 444, NRS 483, NRS 422.

## **NRS 474 - Health Care Concepts III Clinical**

Semester Hours: *Four*

This course provides the practical application of concepts addressed in Health Care Concepts III. Learners will have the opportunity to apply knowledge, skills, and clinical reasoning to the care of patients in acute and chronic adult health and maternal child settings.

Term Offered: *Third Semester*

Prerequisite: Completion of first year BSN courses.

Corequisites: NRS 443, NRS 412, NRS 423, NRS 433

## **NRS 483 - Senior Capstone**

Semester Hours: *Three*

This course is designed to provide students with the opportunity to integrate clinical and theoretical learning from previous nursing courses and clinical experiences. Through a precepted clinical experience, students will function in a professional nursing role and transition from student nurse to professional nurse.

Term Offered: *Fourth Semester*

Prerequisite: Completion of all previous semesters of nursing courses.

Corequisites: NRS 403, NRS 444, NRS 472, NRS 422

## **Philosophy**

### **CPHI 143 - Studies in the Christian Thoughtworld**

Semester Hours: *Three*

This course presents the modes of critically assessing common arguments and the elementary principles of deductive logic. The course includes topics such as language use, informal fallacies, the categorical syllogism, Venn diagrams, truth tables, and the logic of scientific inquiry. The aim of the course is to attain a proficiency in

disciplined and reasonable thinking and communication.

Term Offered: *Fall, Spring*

## **CPHI 203 - Introduction to Logic**

Semester Hours: *Three*

This course presents the modes of critically assessing common arguments and the elementary principles of deductive logic. The course includes topics such as language use, informal fallacies, the categorical syllogism, Venn diagrams, truth tables, and the logic of scientific inquiry. The aim of the course is to attain a proficiency in disciplined and reasonable thinking and communication.

Term Offered: *Fall, Spring*

## **CPHI 213 - Introduction to Philosophy**

Semester Hours: *Three*

A survey of basic philosophical questions concerning the nature of reality, of man, and of human knowledge. Major approaches to the solution of these problems will be considered.

Term Offered: *Fall, Spring*

## **CPHI 413/513 - Christian Ethics**

Semester Hours: *Three*

The normative study of the Word of God applied to Christians, individually and corporately, which considers what they ought to do concerning the moral issues of the day as they are motivated by their union with Christ and empowered by the Spirit of God. Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *Fall, Odd Years*

## **CPHI 433/533 - World Religions**

Semester Hours: *Three*

A study of the major religions of the world in relation to the setting from which each emerged, and the view of life which each developed. Particular attention is given to Hinduism, Buddhism, Taoism, Confucianism, Shintoism, Zoroastrianism, Islam, and Judaism.

Term Offered: *Spring, Even Years*

Undergraduate Prerequisites: CBIB 213 and CBIB 223 for ministry majors and minors; CBIB 113 and CBIB 123 for all other students. Students taking this course for graduate credit must complete all graduate course requirements.

## **Physical Education**

### **EDPE 433/533 - Curriculum, Theory, And Methods of Physical Education in The Elementary School: Seminar and Field Experience**

Semester Hours: *Three*

This course includes methods and theories of curriculum

development at the elementary school level. Course content will include the study of skill analysis and techniques of teaching developmental games, educational gymnastics, and perceptual-motor activities. Emphasis will be given to biomechanical analysis of movement, application of motor learning concepts, and design and preparation of appropriate instructional experience and materials. On-site experiences in a local elementary school, which include a minimum of five (5) clock hours of observation, participation, and teaching, will be an integral part of the course. Attention to growth and development and understanding of the many diverse student needs found at the elementary level are included. Students will become competent in applying assessment strategies for the improvement of student learning. Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *Fall, Odd Years*

Prerequisites: EDUC 201, EDUC 203, and EDUC 303; EXSC 343 and EXSC 363; and PHED 263

### **EDPE 453/553 - Curriculum, Theory, and Methods of Physical Education in the Middle School: Seminar and Field Experience**

Semester Hours: *Three*

This course includes methods and theories of curriculum development at the middle school level. The study of skill analysis and techniques of teaching team sports, such as soccer, softball, volleyball, basketball, flag football, team handball, floor hockey, track and field, and orienteering. Emphasis will be given to motor learning concepts, and design and preparation of appropriate instructional experience and materials. Exploration of the middle school curriculum and the components associated with teaching grades five through nine will be addressed. Attention to growth and development and understanding of the many diverse student needs found at the middle school level are included. Students will become competent in applying assessment strategies for the improvement of student learning. On-site experiences in a local middle school, which include a minimum of five (5) clock hours of observation, participation, and teaching, will be an integral part of the course. Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *Fall, Even Years*

Prerequisites: EDUC 201, EDUC 203, and EDUC 303; and EXSC 343 and EXSC 363

### **EDPE 463/563 - Curriculum, Theory, And Methods of Physical Education in The Secondary School: Seminar and Field Experience**

Semester Hours: *Three*

This course includes methods and theories of curriculum development at the high school level. The study of skills analysis and techniques of teaching racquet sports, aquatics, bowling, golf, and archery are included. Emphasis will be given to motor learning concepts, design, and preparation of appropriate instructional experience and materials. Investigation of activities in outdoor education and their development and application in the secondary school will be examined. Exploration of the secondary curriculum

and the components associated with teaching grades nine to twelve will be examined. Attention to growth and development and understanding of the many diverse student needs found at the secondary level are included. Students will become competent in applying assessment strategies for the improvement of student learning. An emphasis on wellness will be incorporated. On-site experiences in a local high school, which include a minimum of five (5) clock hours of observation, participation, and teaching, will be an integral part of the course. Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *Spring, Even Years*

Prerequisites: EDUC 201, EDUC 203, and EDUC 303; and EXSC 343 and EXSC 363

## Physical Education/Health Education

### PHED 133 - First Aid and Emergency Care

Semester Hours: *Three*

This course prepares the student to handle emergency situations in athletic training settings. The course is designed to complete the standard course of American Red Cross first aid and CPR, and will result in certification in these areas, as well as look at more sports-specific injury/illness situations and appropriate responses.

Term Offered: *Fall, Spring*

**Note: A lab fee is charged for this course.**

### PHED 263 - Movement and Rhythms

Semester Hours: *Three*

Basic movement and rhythm patterns; experiences in creating movement sequences for children using the elements of rhythm and a variety of manipulative equipment.

Term Offered: *Spring*

### PHED 413/513 - Sport Facility Management

Semester Hours: *Three*

This course focuses on various aspects of facility management such as mission development, funding and budget, site selection, planning/design, floor surfaces, risk management, equipment purchase and maintenance, and personnel management.

Term Offered: *Fall, Spring*

Undergraduate prerequisites: SMGT 113, SMGT 263, SMGT 323, SMGT 373, SMGT 423/523, SMGT 433/533, and SMGT 463/563

## Physics

### PHYS 101 - Introduction to Physical Science Laboratory (MOTR PHYS 110L)

Semester Hours: *One*

This laboratory is co-requisite to PHYS 103 Introduction to Physical Science. This lab may be taken for credit apart from PHYS 103 only with the written consent of the instructor and the student's advisor. Labs will meet for two hours per week for one credit hour.

Term Offered: *Fall, Spring, Summer*

MATH 123, MATH 133, MATH 155, MATH 164, or consent of instructor.

### PHYS 103 - Introduction to Physical Science (MOTR PHYS 110L)

Semester Hours: *Three*

A survey of selected topics in physics, including mechanics, heat, light, electricity, and nuclear physics, together with a brief overview of astronomy. This is the recommended physical science course for the general education of non-science majors, and it has the dual goals of providing information about the world around us and of developing and testing intellectual skills in conception, analysis, and logic. Laboratory work is included in this course.

Term Offered: *Fall, Spring, Summer*

Prerequisite: MATH 123, MATH 133, MATH 155, MATH 164, or consent of instructor.

Co-requisite: PHYS 101 - Introduction to Physical Science

Laboratory(MOTR PHYS 110L)

**Note: Books Included Fee applies.**

### PHYS 122 - Geology and Earth Science Laboratory (MOTR GEOL 100L)

Semester Hours: *Two*

This laboratory is co-requisite to PHYS 123 Geology and Earth Science. This lab may be taken for credit apart from PHYS 123 only with the written consent of the instructor and the student's advisor. Labs will meet for four hours per week for two credit hours. The laboratories may include field projects and trips.

Term Offered: *Fall, Spring*

### PHYS 123 - Geology and Earth Science (MOTR GEOL 100L)

Semester Hours: *Three*

A study of the physical characteristics of the earth, including its structure, movements, weather, seasons, and its relationship to other bodies in the universe. This course also includes a study of rocks and minerals, as well as the presentation of topographic maps.

Term Offered: *Fall, Spring*

Co-requisite: PHYS 122 - Geology and Earth Science Laboratory (MOTR GEOL 100L)

### PHYS 131 - College Physics I Laboratory (MOTR PHYS 150L)

Semester Hours: *One*

The laboratory's co-requisite for PHYS 133, an algebra-based survey of physics. This course experimentally investigates kinematics, Newton's laws, rotational motion, conservation of momentum and energy, and principles of thermodynamics. This laboratory may be taken for credit apart from PHYS 133 College Physics I only with the consent of the instructor and the student's advisor.

Term Offered: *Fall*

Prerequisite: MATH 133 - College Algebra (MOTR MATH 130) or

MATH 155 or MATH 164

Co-requisite: PHYS 133 - College Physics I (MOTR PHYS 150L)

### **PHYS 133 - College Physics I (MOTR PHYS 150L)**

Semester Hours: *Three*

An algebra-based survey of physics, this course investigates kinematics, Newton's laws, rotational motion, conservation of momentum and energy, and principles of thermodynamics.

Term Offered: *Fall*

Prerequisite: MATH 133 - College Algebra (MOTR MATH 130), MATH 155, MATH 164, or consent of instructor.

Co-requisite: PHYS 131 - College Physics I Laboratory (MOTR PHYS 150L).

### **PHYS 141 - College Physics II Laboratory**

Semester Hours: *One*

This laboratory is co-requisite to PHYS 143 College Physics II. This lab may be taken for credit apart from PHYS 143 only with the written consent of the instructor and the student's advisor. Labs will meet for two hours per week for one credit hour.

Term Offered: *Spring*

### **PHYS 143 - College Physics II**

Semester Hours: *Three*

This second course in the algebra-based physics sequence covers electricity, magnetism, wave motion, acoustics, and light.

Term Offered: *Spring*

Prerequisites: PHYS 131 and PHYS 133

Co-requisite: PHYS 141 - College Physics II Laboratory

### **PHYS 153 - Survey of Physical Science (MOTR PHYS 110)**

Semester Hours: *Three*

A survey of topics related to physical science, including physics, mechanics, heat, light, electricity, and nuclear physics, together with a brief overview of astronomy. This is the recommended general education course for students in the Adult and Online Program pursuing the Bachelor of Professional Studies degree.

Term Offered: *On Demand*

### **PHYS 211 - General Physics I Laboratory (MOTR PHYS 200L)**

Semester Hours: *One*

This laboratory is co-requisite to PHYS 213 General Physics I. This lab may be taken for credit apart from PHYS 213 only with the written consent of the instructor and the student's advisor. Labs will meet for two hours per week for one credit hour.

Term Offered: *Fall*

### **PHYS 213 - General Physics I (MOTR PHYS 200L)**

Semester Hours: *Three*

A calculus-based survey of physics, this course investigates kinematics, Newton's Laws, rotational motion, conservation of momentum and energy, and principles of thermodynamics. This course and PHYS 223 are suitable for science and mathematics students who need a rigorous study of physics.

Term Offered: *Fall*

Prerequisite: MATH 164 or consent of instructor.

Co-requisite: PHYS 211 - General Physics I Laboratory (MOTR PHYS 200L)

### **PHYS 221 - General Physics II Laboratory**

Semester Hours: *One*

This laboratory is co-requisite to PHYS 223 General Physics II. This lab may be taken for credit apart from PHYS 223 only with the written consent of the instructor and the student's advisor. Labs will meet for two hours per week for one credit hour.

Term Offered: *Spring*

### **PHYS 223 - General Physics II**

Semester Hours: *Three*

This second course in the calculus-based physics sequence covers electricity, magnetism, wave motion, acoustics, and light.

Term Offered: *Spring*

Prerequisites: PHYS 211 and PHYS 213

Co-requisite: PHYS 221 - General Physics II Laboratory

### **PHYS 363 - Astronomy (MOTR ASTR 100)**

Semester Hours: *Three*

An introduction to the study of stars, galaxies, comets, telescopes, the solar system, and the methods that are used to study them. Several nighttime observations will also be made by the students. This course will satisfy three of the six hours of additional math or science required for the Bachelor of Science degree.

Term Offered: *On Demand*

Prerequisites: MATH 113, MATH 123, MATH 133, MATH 155 or MATH 164 and PHYS 103 and PHYS 101 or PHYS 123 and PHYS 122, or PHYS 133 and PHYS 131 or PHYS 153 or CHEM 113 and CHEM 111, or CHEM 133 and CHEM 132.

### **PHYS 383 - Meteorology**

Semester Hours: *Three*

This is an introductory course in the study of the atmosphere. It will include topics on solar radiation, temperature, humidity, precipitation, winds, weather patterns, severe weather, and weather forecasting. The student will gain a basic understanding of what causes the various weather situations and an insight into how to forecast the weather. This course will satisfy three of the six hours of additional math or science required for the Bachelor of Science degree.

Term Offered: *On Demand*

Prerequisites: MATH 113, MATH 123, MATH 133, MATH 155, or MATH 164 and PHYS 103 and PHYS 101 or PHYS 123 and PHYS 122, or PHYS 133 and PHYS 131 or PHYS 153 or CHEM 113 and CHEM 111, or CHEM 133 and CHEM 132.

## PHYS 463A - Oceanography

Semester Hours: *Three*

In this course students will study the vast body of oceanic knowledge from a variety of scientific disciplines—physics, geology, biology, chemistry and meteorology. The scientific principles and their links to oceanographic phenomena will be examined. The course emphasizes critical thinking, scientific processes, environmental issues, and interrelationships among disciplines.

Term Offered: *Spring*

Prerequisites: MATH 113, MATH 123, MATH 133, MATH 155, or MATH 164 and BIOL 103 and BIOL 101, and PHYS 103 and PHYS 101 or CHEM 113 and CHEM 111 or CHEM 133 and CHEM 132 or PHYS 123 and PHYS 122 or PHYS 133 and PHYS 131, or PHYS 153, or equivalent courses.

## PHYS 463B - Climatology

Semester Hours: *Three*

Climatology is focused on the scientific foundation of Earth's climate system, basic understandings of climate behavior, contributions of human activities to climate change, and societal vulnerability and responses to climate variability and change. As an upper level course the impacts of climate change on the world as well as the US and North America will be studied. Changing climate will trigger droughts in some areas, increased precipitation and flooding in others, rising sea level, increased fires in some countries, changes in vegetation and animals, and the spread of disease. The course uses a dynamic and highly motivational educational environment investigating the Earth's climate system using real-world environmental data through the American Meteorological Society (AMS). Various methods and techniques of classifying climates are presented. This course is required in the Geoscience minor.

Term Offered: *Fall*

Prerequisites: MATH 113, MATH 123, MATH 133, MATH 155, or MATH 164 and PHYS 103 and PHYS 101 or PHYS 123 and PHYS 122 or PHYS 133 and PHYS 131 or PHYS 153 or CHEM 113 and CHEM 111 or CHEM 133 and CHEM 132 or BIOL 103 and BIOL 101, or equivalent courses.

## Political Science

### POLS 103 - U.S. and Missouri Government and Constitution (MOTR POSC 101)

Semester Hours: *Three*

This course is a comprehensive survey of the provisions and principles of the federal government of the United States, the Constitutions of the United States and of the State of Missouri, in their interwoven historical and modern contexts. *This course fulfills*

*the requirements set forth in MO Rev Stat § 170.011.*

Term Offered: *Fall, Spring, Summer*

## POLS 113 - Federal Government

Semester Hours: *Three*

A basic course dealing with the organization, principles, and administration of our federal government.

Term Offered: *On Demand*

## POLS 123 - State And Local Government

Semester Hours: *Three*

A basic course dealing with the organization and administration of state and local government.

Term Offered: *Spring*

## POLS 363 - The African American Constitutional Experience

Semester Hours: *Three*

In this course the students will read and study primary source documents in order to explore the African-American constitutional experience, with particular emphasis given to the Equal Protection clause of the 14th amendment.

Term Offered: *Fall, Odd Years*

## Political Science/Philosophy

### POPH 333 - Political Philosophy

Semester Hours: *Three*

This course looks at the development of political theory in the Western tradition. Students will read and discuss the contributions of philosophers such as Plato, Aristotle, Augustine, Aquinas, Locke, Rousseau, Mill, and 20th century theorists.

Term Offered: *Spring, Even Years*

## Psychology

### PSYC 133 - General Psychology (MOTR PSYC 100)

Semester Hours: *Three*

This is the introductory course to the study of psychology, which is the scientific study of behavior and mental processes. General Psychology provides a strong foundation in theory, research, and application of psychology. It is intended to introduce students from all majors to the breadth and depth of psychology by examining the major subdisciplines in the field including: research methods, physiology, human development, cognition, motivation, emotion, learning and intelligence, sensation and perception, sleep, health, stress and coping, social relationships, personality, psychological

disorders, and therapy.

Term Offered: *Fall, Spring*

## **PSYC 213 - Personal Adjustment**

Semester Hours: *Three*

A practical and applied study of the psychology of personal adjustment, designed to assist the student in understanding the challenges of adjustment to oneself and others in a social world. Additional emphasis is on adjusting to major life events. Highlights include a discussion of personality differences, personal character and integrity, the concept of the self and issues of self-control, stress, coping, physical and mental health, and adjustment to careers and retirement, marriage and close relationships, communication, and social behavior.

Term Offered: *Fall, Spring*

## **PSYC 233 - Advanced General Psychology**

Semester Hours: *Three*

This course represents an enhancement of the topics highlighted in PSYC 133 General Psychology. Specifically designed for and required for psychology majors, Advanced General Psychology examines the history of the discipline, careers in psychology, and the various sub-disciplines, schools of thought, and controversies in current mainstream psychology.

Term Offered: *Spring*

Prerequisite: PSYC 133

## **PSYC 313 - Human Growth and Development (MOTR PSYC 200)**

Semester Hours: *Three*

This course is a study of normal human development from infancy through childhood, adolescence, young adulthood, maturity, and old age, emphasizing significant physical, mental, emotional, social, and personality changes during these progressive phases of the development process.

Term Offered: *Fall, Spring, Summer*

Prerequisite: PSYC 133

## **PSYC 323 - Abnormal Psychology**

Semester Hours: *Three*

A study of the major mental disorders including anxiety disorders, dissociative disorders, disorders of mood, psychosomatic disorders and personality disorders. Information pertaining to the etiology, symptomology, and therapeutic alternatives will be presented.

Term Offered: *Fall*

Prerequisites: PSYC 133 and PSYC 213, or consent of instructor.

## **PSYC 333 - Child Psychology**

Semester Hours: *Three*

This course is a study of the development of the child from conception to the beginning of adolescence. The areas of emphasis are the physical, intellectual, psychological, social, and religious

stages of development.

Term Offered: *Spring*

Prerequisite: PSYC 133

## **PSYC 343 - Adolescent Psychology**

Semester Hours: *Three*

This course is a study of the development of the adolescent, beginning at puberty and continuing through late adolescence. Special attention is focused on the contemporary problems of teenagers in regard to social, intellectual, physical, psychological, and religious development.

Term Offered: *Fall*

Prerequisite: PSYC 133

## **PSYC 353 - Industrial Psychology**

Semester Hours: *Three*

This course explores topics related to understanding, predicting, and managing human behavior within organizations, examining the relationship between employees and managers, and employees and teams. It explores the factors which influence productivity and success within organizations, including motivation, diversity, work stress, conflict and negotiation, decision making, personality, and attitudes. Methodologies such job analysis and competency modeling, recruitment, selection and validation, performance management, and training and development will be covered.

Term Offered: *Spring, Odd Years*

## **PSYC 363 - Cognitive Psychology**

Semester Hours: *Three*

Cognitive psychology is the study of mental processes, including memory, attention, learning, language, processing, problem-solving, reasoning, and decision-making. This course also emphasizes the major theories in cognitive psychology, along with current research findings in the field. Special emphasis is placed on the vast amount of research on Alzheimer's Disease.

Term Offered: *Spring*

Prerequisite: PSYC 133

## **PSYC 413 - Sensation and Perception**

Semester Hours: *Three*

This course will discuss the ways in which information in the surrounding environment is detected, processed and interpreted by humans. An overview of all sensory systems will be presented. Special attention will be provided regarding the role cognition assumes in the sensation/perception process.

Term Offered: *Spring, Even Years*

Prerequisite: PSYC 133

## **PSYC 433 - Theories of Personality**

Semester Hours: *Three*

A survey of contemporary personality theories with an emphasis on

the nature of personality, factors in development, and methods of assessing personality.

Term Offered: *Spring, Odd Years*

## **PSYC 443 - Neuropsychology**

Semester Hours: *Three*

This course includes an overview of the relationship between neurological processes and the study of human behavior. An explanation of the various parts and functions of the central nervous system will be presented. Additional topics of discussion will include etiology, symptomology and current treatment of diseases (i.e., Parkinson's Disease, Alzheimer's Disease) associated with the central nervous system.

Term Offered: *Fall, Even Years*

Prerequisite: PSYC 133

## **PSYC 473 - Internship in Psychology**

Semester Hours: *Three*

This capstone course and field experience is designed to equip psychology majors with hands-on knowledge of working in the field of psychology. It contains two components: an online course component and field work. The online course component will include discussion topics such as focusing career interests in the vast field of psychology, and preparing for graduate school. Regarding the fieldwork component, students will select (with approval from professor) an internship site that is appropriate to their goals and interests in psychology. Students complete 150 clock hours of supervised field experience. A portfolio is required as a final project.

Term Offered: *Spring*

Prerequisite: Minimum junior standing or consent of instructor.

## **Psychology/Christian Ministry**

### **PSCM 433/533 - Psychology Of Moral/Spiritual**

Semester Hours: *Three*

This course is a study of the major theories of moral development from Piaget to Fowler and how those theories relate to a theological and ethical understanding of spiritual growth and development.

Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *Fall, Odd Years*

Undergraduate Prerequisite: PSYC 133. This course cannot be taken as a directed study, credit for prior learning portfolio, or as a web-based course.

## **Psychology/Human Services**

### **PSHU 403 - Chemical Dependency**

Semester Hours: *Three*

The purpose of this course is to heighten the student's awareness of chemical dependency; to facilitate personal awareness of attitudes, skills, and expectations which are related to those who use and abuse drugs, and to dependency/addiction; and to acquaint the students with

the skills of identification, intervention, referral, and treatment.

Term Offered: *Spring, Even Years*

Prerequisites: PSYC 133 and HUSR 233, or consent of the instructor.

## **PSHU 423 - Introduction to the Principles of Applied Behavior Analysis**

Semester Hours: *Three*

This course provides the student with an introduction to the concepts and principles of Applied Behavior Analysis, the science of human behavior. ABA involves the principles of learning theory and is centered on improving social significant behaviors to a meaningful degree. Students will identify and use appropriate observational methods based on individual cases, assess human behavior using functional assessment procedures, emotional, social, and personality changes during these progressive phases of the development process.

Term Offered: *Fall, Spring, Summer*

Prerequisite: PSYC 133

## **PSHU 483 - Tests And Measurements**

Semester Hours: *Three*

A study of psychological testing principles and procedures, with emphasis on intelligence tests, aptitude and achievement tests, interest inventories, developmental scales, and group personality tests.

Term Offered: *Fall*

## **Psychology/Political Science**

### **PSPO 323 - Psychology And The Law**

Semester Hours: *Three*

This is a course that examines the application of psychological principles to the American legal system, including presentation of scientific evidence, analysis of the criminal and victim mind, jury selection and decision-making, malingering, various defense pleas, trials, persuasive tactics of lawyers, rights of the accused, expert witnesses, and eyewitness testimony. A mock trial may be presented to allow students to see psychological concepts in action.

Term Offered: *Fall, Even Years*

Prerequisite: PSYC 133

## **Psychology/Sociology**

### **PSSC 303 - Social Psychology**

Semester Hours: *Three*

A study of the relationship of the individual to society. Attention is given to the development of attitudes, leadership roles, group thinking, sources of conflict, analysis and evaluation of propaganda, and other collective behavior.

Term Offered: *Spring*

Prerequisite: PSYC 133, SOCO 113, or consent of instructor.

## **PSSC 371 - Advanced Techniques In Social Science Database Research And Presentation**

Semester Hours: *One*

An in-depth examination of social science databases with emphasis on scope, content, structure, retrieval and presentation of results. The course exposes students to the skills required to use existing scripts or write personal scripts for crawling and parsing data from web sites and interfaces, collecting data, and then creating their own databases for purposes of stratification and presentation in research projects.

Term Offered: *On Demand*

## **PSSC 373 - Research Methods In Social And Behavioral Sciences**

Semester Hours: *Three*

This course provides research methodology background for studying various psychological issues. Emphasis is on the advantages and disadvantages of different methodologies and the development of a research project. Research projects include design, data collection, analysis, and written report.

Term Offered: *Fall, Spring*

Prerequisites: MATH 243 and PSYC 133 OR CRJS 133

## **PSSC 423 - Psychosocial Aspects Of Aging**

Semester Hours: *Three*

This course examines the topic of aging from the biological, psychological, and social perspectives. Special emphasis will include physical changes in aging, cognitive and mental health changes and current information regarding memory, and social changes such as relationships, finances, and retirement. The course concludes with information regarding death, dying, and bereavement.

Term Offered: *Fall, Odd Years*

## **PSSC 443 - Death and Dying**

Semester Hours: *Three*

A study of the various aspects of death and dying that affect every individual in our society. This course includes readings in the areas of death of a parent, death of a child, death of a spouse, terminal illnesses, the stages of acceptance of death, handling grief, and funeral traditions.

Term Offered: *Fall, Odd Years*

Prerequisite: PSYC 133 or consent of instructor.

## **Public Relations**

### **COMR 373 – Principles of Public Relations**

Semester Hours: *Three*

The course is devoted to the study of the principles, the skills, and the techniques of public relations. Students will observe and evaluate real models of public relations in action. Then they will be challenged to devise models of their own in the fields that interest them most.

Term Offered: *Fall*

### **COMR 383 - Media Technologies**

Semester Hours: *Three*

This hands-on course teaches students presentation software, graphic editing, and desktop publishing. Through a variety of projects, students will demonstrate practical ways to utilize technology in the world of convergent media.

Term Offered: *Fall, Spring*

### **COMR 423 - Public Relations Writing**

Semester Hours: *Three*

This course will focus on the advanced applied writing techniques of public relations professionals. Students will also explore how segments of the public form opinions and how public relations influences stakeholders and key publics. Emphasis will be placed on traditional and digital writing tactics for all types of public relations.

Term Offered: *Spring, Even Years*

Prerequisite: COMR 373

### **COMR 433 - Crisis Communications**

Semester Hours: *Three*

This course focuses on the issues relevant to planning, development, and execution of crisis communications programs for businesses and organizations. This course emphasizes practical application of theories, strategies and tactics, using public relations techniques for communication with stakeholders during a crisis. Students will have exposure to the issues facing public relations practitioners when a crisis (small or large) demands immediate public response.

Term Offered: *Fall, Even Years*

Prerequisites: COMR 373

### **COMR 443 - Strategic Communications**

Semester Hours: *Three*

The course focuses on the tactical communications skills necessary for internal and corporate public relations. Combining online stakeholders analysis, issues management and branding techniques, students will understand all levels of the internal integrated management process. Students will analyze message development for an internal audience and understand how to measure the effectiveness of corporate functions, as well as utilize online tactics and specialized public relations software to evaluate the effectiveness of various public relations strategies.

Term Offered: *Spring, Odd Years*

Prerequisites: COMR 373

### **COMR 453 - Congregational Communications**

Semester Hours: *Three*

This course focuses on public relations skills necessary for the practice of communications and public relations in local religious organizations. The two-way management process of public relations will focus on the effects application and management required to build and sustain short and long-term relationships with their congregations and the community. Topics covered include positive

community perception, increasing community outreach and marketing efforts, reputation management, communications budgeting and fundraising, arranging promotional activities, communicating about legal matters and issues management.  
Term Offered: *Fall, Even Years*  
Prerequisites: COMR 373

### **COMR 473 - Public Relations Internship**

Semester Hours: *Three*  
This course exposes students to the disciplines and skills of the media through firsthand experience in the field of public communications. Students must have completed coursework in the Public Relations major to enroll in this course.  
Term Offered: *Fall, Spring, Summer*  
Prerequisite: Consent of instructor and consent of appropriate field supervisor.

## **Nursing**

### **RNBS 303 - Health Assessment (RN-BSN)**

Semester Hours: *Three*  
This course provides the framework for preparing students to perform comprehensive health assessments on patients across the lifespan. Emphasis is placed on taking a thorough nursing history, performing physiological, psychological, sociological, cultural, and spiritual assessments, as well as identification of stressors and health risks. Laboratory experiences provide an opportunity to practice assessment skills on patients across the lifespan in a variety of settings.  
Prerequisites: RNBS 313 Transitions to Professional Nursing Practice. Co-requisites: None

### **RNBS 313 - Transitions to Professional Nursing Practice**

Semester Hours: *Three*  
This course facilitates the transition for professional nurses as they begin studies to achieve a Bachelor of Science in Nursing degree. Through an understanding of nursing theories and the history of the role of the nurse in society, students develop knowledge of the evolving healthcare environment. Standards of practice and the significance of functioning according to state regulations and statutes are analyzed.  
Prerequisites: Admission into the RN-BSN program. Corequisites: None.

### **RNBS 323 - Evidence-Based Practice**

Semester Hours: *Three*  
This course provides an overview of evidence-based practice and its relationship to clinical decision-making through the exploration and integration of current scientific evidence. Learners develop the skills to read, critique, analyze, and determine how to utilize research and existing knowledge bases in nursing practice. Focus is placed on the analysis and synthesis of evidence to answer a PICO question relevant to nursing practice and patient-centered care.

Prerequisites: RNBS 313 Transitions to Professional Nursing Practice. Co-requisites: None.

### **RNBS 333 - Trends and Issues in Nursing**

Semester Hours: *Three*  
This course provides students with an overview of the current political, economic, and social trends affecting nursing and the healthcare system. Students will explore personal experiences in the context of contemporary nursing issues, such as the nursing shortage, workforce challenges, healthcare finance, and professional organizations.  
Prerequisites: RNBS 313 Transitions to Professional Nursing Practice. Co-requisites: None.

### **RNBS 403 - Leadership for Professional Nursing**

Semester Hours: *Three*  
This course focuses on the knowledge and skills needed to be a nursing leader who can function as a contributing member of the interprofessional team. The development of transformational leadership skills and management techniques needed to coordinate the provision of safe, quality patientcentered care are highlighted. Emphasis is placed on professional behaviors, communication that supports information exchange, collaboration and conflict mediation, ethical comportment and the establishment and provision of evidence based practice.  
Prerequisites: RNBS 313 Transitions to Professional Nursing Practice. Co-requisites: None.

### **RNBS 413 - Quality Improvement and Information Technology**

Semester Hours: *Three*  
This course provides an overview of nursing quality improvement and information technology as they relate to the provision of safe, quality, evidence-based patient care. Concepts related to regulatory agencies, magnet status, error mitigation and the National Database of Nursing Quality Indicators (NDNQI) will be explored. Learners will develop competencies related to the management of information science and technology as a communication and information management tool to direct care and support clinical decision-making.  
Prerequisites: RNBS 313 Transitions to Professional Nursing Practice. Co-requisites: None

### **RNBS 423 - Spirituality and Diversity in Healthcare**

Semester Hours: *Three*  
Spirituality and diversity will be examined from a Christ-centered perspective. Learners will examine the role of spirituality in patient care for clients of multicultural backgrounds across the lifespan. Students will integrate concepts from general education courses to foster critical and ethical thinking from a Christian perspective. Students will develop competencies related to varying attitudes, values, and beliefs based on culture, religion, spirituality, age,

ethnicity, race, and sexual orientation.

Prerequisites: RNBS 313 Transitions to Professional Nursing Practice.

### **RNBS 433 - Ethics in Healthcare**

Semester Hours: *Three*

This course introduces the students to the ethical dimensions of nursing practice. Concepts related to moral reasoning and theoretical theories, values, virtues and principles will be addressed. Learners will be exposed to professional and clinical ethical issues that influence nursing practice in healthcare settings. Various models of ethical decision-making are explored as well as the examination of the role of professional codes of ethics and the legal standards that influence the ethical practice of nurses.

Prerequisites: RNBS 313 Transitions to Professional Nursing Practice.

### **RNBS 443 - Community Health and Population-Based Nursing Care**

Semester Hours: *Three*

This course provides an overview of nursing care of individuals, families, aggregates, communities, and populations. Principles and practices of community health are discussed. Emphasis is placed on assessing factors that influence the health of populations and the use of evidence-based practices in the delivery of spiritually and culturally appropriate health promotion and disease prevention interventions. The role of the nurse as advocate for social justice is explored.

Prerequisites: RNBS 313 Transitions to Professional Nursing Practice. Co-requisites: None

### **RNBS 483 - RN-BSN Senior Capstone**

Semester Hours: *Three*

This course is designed for RN-BSN students at the end of their program of study. It provides students with an opportunity to synthesize their knowledge and skills learned through the program. The primary focus is on applying this knowledge through a quality improvement project related to an area of interest in nursing and health care.

Prerequisites: Completion of all RN-BSN courses. Co-requisites: None.

## **Reading and Literacy Studies**

### **EDRD 423/523 - Integration of Literacy in Content Areas: Seminar and Field Experience**

Semester Hours: *Three*

Technology, methods, principles, practices, contents, and materials related to the development and assessment of effective literacy (reading) skills and behaviors are the focus of this course.

Application will be made to state and national standards. Students will become competent in applying assessment strategies for the

improvement of student learning. A study of mandated assessment and best practices for instruction of English Language Learners (ELL) will be included. A minimum of ten (10) hours of field experience working with ELL students is required for this course. This course must be taken before student teaching. Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *Fall, Spring, Summer*

Prerequisites: EDUC 203, EDUC 303, and all content area methods courses.

### **EDRD 433/533 - Foundations of Literacy Instruction for Early Childhood/Elementary: Seminar and Field Experience**

Semester Hours: *Three*

This course explores current views and practices of teaching literacy, with an emphasis on methods and materials for implementing instruction based on learning styles, strengths, needs, and prior experiences. Teaching method competencies include language acquisition, phonological and phonemic awareness, phonics, vocabulary, fluency, comprehension, and the writing process. Application will be made to state and national standards. Students will become competent in applying assessment strategies for the improvement of student learning. A study of state-mandated assessment is included. A field experience is included in the scope of this course. Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *Fall, Spring*

Prerequisites: EDUC 203 and EDUC 303

prerequisite/co-requisite: ECTA 323

**Note: CPT form required for F-1 international students.**

### **EDRD 443/543 - Analysis and Correction of Reading Disabilities**

Semester Hours: *Three*

This course examines modern methods used in treating reading disabilities, including an acquaintance with diagnostic procedures, remedial techniques, special materials, and evaluating devices. Students may concentrate on problems within their specific areas of concern. Students will become competent in applying assessment strategies for the improvement of student learning, including phonological and phonemic awareness, phonics, vocabulary, fluency, and comprehension. A study of state-mandated assessment is included. A field experience is included in the scope of this course. This course cannot be taken as a Directed Study. Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *Fall, Spring*

Prerequisites: EDUC 203, EDUC 303, and EDRD 433/533

EDUC 203, EDUC 303, ECTA 323 EDRD 433/533

**Note: CPT form required for F-1 international students.**

## EDRD 463/563 - Reading and Writing Strategies for Middle and Secondary Content Areas

Semester Hours: *Three*

This course explores current views and practices of teaching reading and writing in the middle and secondary school content areas, including strategies for vocabulary, comprehension, and the writing process. An emphasis will be placed on methods and materials for implementing instruction based on learning styles, strengths, needs, and prior learning experiences, including instructional interventions for students with reading and writing deficits, such as dyslexia. Application will be made to state and national standards. Students will become competent in applying assessment strategies for the improvement of student learning. A study of state-mandated assessment is included. A ten (10) clock hour field experience is included in the scope of this course. Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *Spring*

Prerequisites: EDUC 203 and EDUC 303

**Note:** CPT form required for F-1 international students.

## Secondary Student Teaching

### ESCL 4703 - Student Teaching: Secondary

Semester Hours: *Three*

Student teaching consists of sixteen (16) weeks of teaching experiences in an appropriate classroom setting in a state or nationally accredited public or private school under the supervision of an experienced and highly qualified cooperating teacher. Students seeking certification in a single content area will complete one sixteen-week teaching experience. Students seeking certification at more than one level (K-12) or in more than one content area must student teach for twelve weeks at one level or content area and four weeks at the other level or content area as approved by the Dean of Education or Director of Field Experiences. This culminating field experience enables students to practice and develop the pedagogical skills necessary to meet the Missouri performance standards for teacher certification. Candidates actively participate and complete required assignments, work with students as requested and under the supervision of the classroom teacher, and have the opportunity and responsibility to lead the class over an extended period of time. After being formally admitted to the Teacher Education program, certification candidates must apply to student teach. Application for Student Teaching must be made to the Education Office by the end of the second week of the Fall semester for Spring Student Teaching and by the end of the second week of the Spring semester for Fall Student Teaching. The final decision regarding placement will be left to the discretion of the Director of Field Experiences in order to insure the quality of student teaching experiences in diverse settings. Candidates are required to complete their student teaching experience in the grade level(s) and subject area(s) for which they are seeking recommendation for certification.

Term Offered: *Fall, Spring*

Prerequisites: 1. Current Family Care Safety Registry background check (see catalog section on Background Checks for Field Experience and Student Teaching for additional information). Some districts may also require a valid Missouri substitute certificate and/or

current tuberculosis (TB) test results for placement. *CPT form required for F-1 international students.* 2. No undergraduate degree-seeking candidate will be allowed to student teach without having passed all sections of the Missouri General Education Assessment (MoGEA). 3. Both undergraduate and graduate students must be formally admitted into the Teacher Education Program, must have satisfactorily completed all education courses, and must be approved by the School of Education prior to student teaching.

Co-requisite: EDUC 471 - Student Teaching Seminar

Required Assessment(s): 1. passing score on the content area exit assessment(s) in the certification area(s) for which the student is being recommended; 2. satisfactory formative evaluations; and 3. passing composite score on the Missouri Educator Evaluation System (MEES) summative evaluation for the student teaching experience.

#### **Credit for Prior Learning (CPL) Portfolio Credit for Student Teaching:**

Students desiring to petition for credit for a portion of their student teaching experience must have a minimum of two years of classroom instructional experience in the grade level and/or subject area for which they are seeking certification in order to apply. The experience must be in a public or accredited private school and must be concurrent with enrollment in the Teacher Education Program. To determine eligibility, the student must first complete a CPL conference with the Dean of Education or her designee at least one semester prior to the anticipated student teaching semester. Students must be fully admitted to the Teacher Education Program and have passed the student teaching interview before CPL credit may be awarded.

**Note:** *Students must complete the equivalent of 16 weeks/12 credit hours of student teaching before being recommended for certification, either 4712 or 4709+4703.* A Student Teaching Fee is charged for this course.

### ESCL 4709 - Student Teaching: Secondary

Semester Hours: *Nine*

Student teaching consists of sixteen (16) weeks of teaching experiences in an appropriate classroom setting in a state or nationally accredited public or private school under the supervision of an experienced and highly qualified cooperating teacher. Students seeking certification in a single content area will complete one sixteen-week teaching experience. Students seeking certification at more than one level (K-12) or in more than one content area must student teach for twelve weeks at one level or content area and four weeks at the other level or content area as approved by the Dean of Education or Director of Field Experiences. This culminating field experience enables students to practice and develop the pedagogical skills necessary to meet the Missouri performance standards for teacher certification. Candidates actively participate and complete required assignments, work with students as requested and under the supervision of the classroom teacher, and have the opportunity and responsibility to lead the class over an extended period of time. After being formally admitted to the Teacher Education program, certification candidates must apply to student teach. Application for Student Teaching must be made to the Education Office by the end of the second week of the Fall semester for Spring Student Teaching and by the end of the second week of the Spring semester for Fall Student Teaching. The final decision regarding placement will be left to the discretion of the Director of Field Experiences in order to

insure the quality of student teaching experiences in diverse settings. Candidates are required to complete their student teaching experience in the grade level(s) and subject area(s) for which they are seeking recommendation for certification.

Term Offered: *Fall, Spring*

Prerequisites: 1. Current Family Care Safety Registry background check (see catalog section on Background Checks for Field Experience and Student Teaching for additional information). Some districts may also require a valid Missouri substitute certificate and/or current tuberculosis (TB) test results for placement. *CPT form required for F-1 international students.* 2. No undergraduate degree-seeking candidate will be allowed to student teach without having passed all sections of the Missouri General Education Assessment (MoGEA). 3. Both undergraduate and graduate students must be formally admitted into the Teacher Education Program, must have satisfactorily completed all education courses, and must be approved by the School of Education prior to student teaching.

Co-requisite: EDUC 471 - Student Teaching Seminar

Required Assessment(s): 1. passing score on the content area exit assessment(s) in the certification area(s) for which the student is being recommended; 2. satisfactory formative evaluations; and 3. passing composite score on the Missouri Educator Evaluation System (MEES) summative evaluation for the student teaching experience.

#### **Credit for Prior Learning (CPL) Portfolio Credit for Student Teaching:**

Students desiring to petition for credit for a portion of their student teaching experience must have a minimum of two years of classroom instructional experience in the grade level and/or subject area for which they are seeking certification in order to apply. The experience must be in a public or accredited private school and must be concurrent with enrollment in the Teacher Education Program. To determine eligibility, the student must first complete a CPL conference with the Dean of Education or her designee at least one semester prior to the anticipated student teaching semester. Students must be fully admitted to the Teacher Education Program and have passed the student teaching interview before CPL credit may be awarded.

**Note:** *Students must complete the equivalent of 16 weeks/12 credit hours of student teaching before being recommended for certification, either 4712 or 4709+4703.* A Student Teaching Fee is charged for this course.

### **ESCL 4712 - Student Teaching: Secondary**

Semester Hours: *Twelve*

Student teaching consists of sixteen (16) weeks of teaching experiences in an appropriate classroom setting in a state or nationally accredited public or private school under the supervision of an experienced and highly qualified cooperating teacher. Students seeking certification in a single content area will complete one sixteen-week teaching experience. Students seeking certification at more than one level (K-12) or in more than one content area must student teach for twelve weeks at one level or content area and four weeks at the other level or content area as approved by the Dean of Education or Director of Field Experiences. This culminating field experience enables students to practice and develop the pedagogical skills necessary to meet the Missouri performance standards for teacher certification. Candidates actively participate and complete required assignments, work with students as requested and under the

supervision of the classroom teacher, and have the opportunity and responsibility to lead the class over an extended period of time. After being formally admitted to the Teacher Education program, certification candidates must apply to student teach. Application for Student Teaching must be made to the Education Office by the end of the second week of the Fall semester for Spring Student Teaching and by the end of the second week of the Spring semester for Fall Student Teaching. The final decision regarding placement will be left to the discretion of the Director of Field Experiences in order to insure the quality of student teaching experiences in diverse settings. Candidates are required to complete their student teaching experience in the grade level(s) and subject area(s) for which they are seeking recommendation for certification.

Term Offered: *Fall, Spring*

Prerequisites: 1. Current Family Care Safety Registry background check (see catalog section on Background Checks for Field Experience and Student Teaching for additional information). Some districts may also require a valid Missouri substitute certificate and/or current tuberculosis (TB) test results for placement. *CPT form required for F-1 international students.* 2. No undergraduate degree-seeking candidate will be allowed to student teach without having passed all sections of the Missouri General Education Assessment (MoGEA). 3. Both undergraduate and graduate students must be formally admitted into the Teacher Education Program, must have satisfactorily completed all education courses, and must be approved by the School of Education prior to student teaching.

Co-requisite: EDUC 471 - Student Teaching Seminar

Required Assessment(s): 1. passing score on the content area exit assessment(s) in the certification area(s) for which the student is being recommended; 2. satisfactory formative evaluations; and 3. passing composite score on the Missouri Educator Evaluation System (MEES) summative evaluation for the student teaching experience.

#### **Credit for Prior Learning (CPL) Portfolio Credit for Student Teaching:**

Students desiring to petition for credit for a portion of their student teaching experience must have a minimum of two years of classroom instructional experience in the grade level and/or subject area for which they are seeking certification in order to apply. The experience must be in a public or accredited private school and must be concurrent with enrollment in the Teacher Education Program. To determine eligibility, the student must first complete a CPL conference with the Dean of Education or her designee at least one semester prior to the anticipated student teaching semester. Students must be fully admitted to the Teacher Education Program and have passed the student teaching interview before CPL credit may be awarded.

**Note:** *Students must complete the equivalent of 16 weeks/12 credit hours of student teaching before being recommended for certification, either 4712 or 4709+4703.* A Student Teaching Fee is charged for this course.

### **ESCL 4712 or 4709+4703 - Student Teaching: Secondary**

Semester Hours: *Twelve*

## Spanish

### SPAN 114 - Elementary Spanish I

Semester Hours: *Four*

A beginning course emphasizing pronunciation, grammar, simple reading, and conversation with the goal of knowledge of basic linguistic structures and vocabulary.

Term Offered: *Fall*

### SPAN 124 - Elementary Spanish II

Semester Hours: *Four*

A continuing course emphasizing pronunciation, grammar, simple reading and conversation with the goal of knowledge of basic linguistic structures and vocabulary.

Term Offered: *Spring*

Prerequisite: SPAN 114 or test.

### SPAN 211-421 - Continuing Practice in Spanish Conversation

Semester Hours: *One*

This course works toward improving student fluency and vocabulary through conversation, while reviewing grammatical concepts. These classes must be taken in sequence and do not count toward the Spanish Minor.

Term Offered: *Fall, Spring*

Prerequisite: SPAN 124 or instructors consent.

### SPAN 213 - Intermediate Spanish I

Semester Hours: *Three*

A course strengthening and reinforcing grammar with the purpose of increasing vocabulary and fluency through composition, conversation, and literature.

Term Offered: *Fall, Even Years*

Prerequisite: SPAN 124 or test.

### SPAN 223 - Intermediate Spanish II

Semester Hours: *Three*

A continuing course strengthening and reinforcing grammar with the purpose of increasing vocabulary and fluency through composition, conversation, and literature.

Term Offered: *Spring, Odd Years*

Prerequisite: SPAN 213 or test.

### SPAN 313 - Advanced Spanish I

Semester Hours: *Three*

A study of the history, civilizations, cultures, and customs of the Hispanic world with regard to their impact on the present. The class follows the lecture format with opportunities for discussion, writing, and practice.

Term Offered: *Fall, Odd Years*  
Prerequisite: SPAN 223

## SPAN 323 - Advanced Spanish II

Semester Hours: *Three*

A study of the spoken and written practices and customs of Spanish in business situations and community outreach.

Term Offered: *Spring, Even Years*

Prerequisites: SPAN 223 and SPAN 313

## Special Education

### EDSP 403/503 - Introduction to Autism: Evident Practices in Teaching and Interventions

Semester Hours: *Three*

This course is designed to acquaint students with autism and the criteria involved in assessing appropriate practices in intervention and therapy. Based upon the knowledge and understanding of the spectrum of autism, the student will be able to develop a working base in which to better promote a child's individual learning profile.

The areas of cognition, communication, behavior, and social skill acquisition will be addressed so the student will be able to utilize these in developing a holistic approach in the treatment of autism.

Term Offered: *Fall, Spring*

Prerequisite: EDPS 453/553

**Note:** Students taking this course for graduate credit must complete all graduate course requirements.

### EDSP 413/513 - Language Development and Disorders of the Exceptional Child

Semester Hours: *Three*

This course is a study of language and communication issues, disorders, and problems in special education. Topics include: normal and atypical language development, language assessment, strategies for language development in various service delivery models, utilizing technology with language impaired students, techniques for modifying instructional methods and materials, language curriculum materials, cultural influences on language and communication skills, and instructional strategies for enhancing oral and written communication with language impaired students. Students will become competent in applying assessment strategies for the improvement of student learning. A study of state-mandated assessment is included. Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *Fall*

Prerequisites: EDUC 203 and EDUC 303

prerequisite/co-requisite: EDPS 453/553

### EDSP 433/533 - Introduction and Methods of Teaching and Inclusion for Students with Cross-Categorical Disabilities and Field Experience

Semester Hours: *Three*

This course is a detailed study of the characteristics of children and adolescents with cross-categorical disabilities and the issues impacting them intellectually, socially, academically, emotionally, and physically. This course will emphasize effective instructional and classroom management strategies with regard to students with cross-categorical disabilities. Students will become competent in applying assessment strategies for the improvement of student learning. A study of state-mandated assessment is included. Other topics include: theories and approaches to learning and applied behavior analysis, oral language content and instructional strategies, reading strategies, written expression strategies, teaching in the content area and study skills, math strategies, classroom management and social skills development, educational technology for learning disabled and behavior disordered students, collaboration techniques for team teaching, working with IEP teams, and agencies, and communicating with parents. **Students seeking Cross-Categorical Disabilities certification are required to participate in a 15-clock hour field experience in an appropriate setting working with students with cross-categorical disabilities outside of class time. For students in the MEA program pursuing Special Education Director certification, this course includes a 15-hour field experience designed to give students real-life experiences with their mentor in the specific areas of content listed in the course description.** Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *Fall, Spring*

Prerequisites for those seeking initial certification to teach: EDUC 203 and EDUC 303;

prerequisite/co-requisite: EDPS 453/553

**Note: Some districts may also require current tuberculosis (TB) test results for placement. CPT form required for F-1 international students is a prerequisite for those completing the 15-clock hours field experience.**

### EDSP 453/553 - Teaching Remedial Math K-12: Seminar and Field Experience

Semester Hours: *Three*

This course is designed to analyze the recurring error patterns of students as they process mathematical skills and demonstrate the relationships between and among mathematical ideas. The course will address mental computation, estimation, alternative algorithms, creating, inventing and constructing numerical methods which give meaning to operations with numbers and other techniques which will remediate the K-12 student in mathematical competencies. Students will become competent in applying assessment strategies for the improvement of student learning. A study of state-mandated assessment is included. The course is directed to both the undergraduate and graduate level student. For graduate credit, an action research project pertinent to mathematical remediation must be designed, implemented and analyzed during the course. **This course is required for those seeking certification in middle school and secondary mathematics, early childhood education, elementary education, early childhood special education, and special education: cross-categorical disabilities (K-12).** Students taking this course for graduate credit must complete all graduate course requirements. **This course cannot be taken as a directed study.**

Term Offered: *Fall, Spring, Summer*

Prerequisites: EDUC 203 and EDUC 303  
prerequisite/co-requisite: EDPS 453/553 and either ELED 433/533 or EDMS 473/573

**Note: CPT form required for F-1 international students.**

## EDSP 463/563 - Individual Diagnostics and Classroom Assessment

Semester Hours: *Three*

This course is intended to provide teachers with basic measurement and evaluation principles and procedures and instruments used in the assessment and evaluation of non-disabled individuals and individuals with disabilities from birth through adult. Topics include: test selection, planning, and construction; item analysis for test improvement; basic terminology used in assessment, administration and interpretation of individual intelligence tests, group assessment/testing, administration, and interpretation of individual achievement tests, behavioral checklists and rating scales; functional classroom assessment; performance-based assessments; ethical concerns; legal provisions; regulations and guidelines regarding assessment of individuals with disabilities and non-disabled individuals; and other pertinent topics.

Term Offered: *Fall, Spring, Summer*

Prerequisites: EDUC 203, EDUC 303, EDPS 383, and EDPS 453/553

prerequisite/co-requisite: Students must have completed 90 credit hours before being allowed to take this course. Students taking this course for graduate credit must complete all graduate course requirements.

**Note: This course cannot be taken as a directed study or credit for prior learning portfolio. Students seeking counselor licensure may not take this as a web-based course. SPECIAL COURSE FEE: \$10.00**

## EDSP 4703 - Student Teaching: Cross-Categorical Disabilities

Semester Hours: *Three*

Student teaching consists of sixteen (16) weeks of teaching experiences in an appropriate classroom setting in a state or nationally accredited public or private school under the supervision of an experienced and highly qualified cooperating teacher. Students seeking add-on certification in special education: cross-categorical disabilities mild/moderate must student teach for twelve weeks in an approved regular education setting (elementary, middle, or secondary) and four weeks in a special education/cross-categorical setting (elementary, middle, or secondary) as approved by the Dean of Education or Director of Field Experiences. Students seeking stand-alone certification in special education: cross-categorical disabilities mild/moderate must student teach for twelve weeks and four weeks in two different, approved special education settings (one placement in an elementary special education setting and one placement in a middle/secondary special education setting) as approved by the Dean of Education or Director of Field Experiences. This culminating field experience enables students to practice and develop the pedagogical skills necessary to meet the Missouri performance standards for teacher certification. Candidates actively participate and complete required assignments, work with students as

requested and under the supervision of the classroom teacher, and have the opportunity and responsibility to lead the class over an extended period of time. After being formally admitted to the Teacher Education program, certification candidates must apply to student teach. Application for Student Teaching must be made to the Education Office by the end of the second week of the Fall semester for Spring Student Teaching and by the end of the second week of the Spring semester for Fall Student Teaching. The final decision regarding placement will be left to the discretion of the Director of Field Experiences in order to insure the quality of student teaching experiences in diverse settings. Candidates are required to complete their student teaching experience in the grade level(s) and subject area(s) for which they are seeking recommendation for certification. Term Offered: *Fall, Spring*

Prerequisites: 1. Current Family Care Safety Registry background check (see catalog section on Background Checks for Field Experience and Student Teaching for additional information). Some districts may also require a valid Missouri substitute certificate and/or current tuberculosis (TB) test results for placement. *CPT form required for F-1 international students.* 2. No undergraduate degree-seeking candidate will be allowed to student teach without having passed all sections of the Missouri General Education Assessment (MoGEA). 3. Both undergraduate and graduate students must be formally admitted into the Teacher Education Program, must have satisfactorily completed all education courses, and must be approved by the School of Education prior to student teaching.

Co-requisite: EDUC 471 - Student Teaching Seminar

Required Assessment(s): 1. passing score on the content area exit assessment(s) in the certification area(s) for which the student is being recommended; 2. satisfactory formative evaluations; and 3. passing composite score on the Missouri Educator Evaluation System (MEES) summative evaluation for the student teaching experience.

### **Credit for Prior Learning (CPL) Portfolio Credit for Student Teaching:**

Students desiring to petition for credit for a portion of their student teaching experience must have a minimum of two years of classroom instructional experience in the grade level and/or subject area for which they are seeking certification in order to apply. The experience must be in a public or accredited private school and must be concurrent with enrollment in the Teacher Education Program. To determine eligibility, the student must first complete a CPL conference with the Dean of Education or her designee at least one semester prior to the anticipated student teaching semester. Students must be fully admitted to the Teacher Education Program and have passed the student teaching interview before CPL credit may be awarded.

**Note:** *Students must complete the equivalent of 16 weeks/12 credit hours of student teaching before being recommended for certification, E\_CL 4709 Student Teaching (Elementary, Middle, or Secondary) + EDSP 4703 Student Teaching: Cross-Categorical Disabilities OR EDSP 4709 + 4703 Student Teaching: Cross-Categorical Disabilities (one placement in an elementary special education setting and one placement in a middle/secondary special education setting for graduate students seeking special education stand-alone certification). A Student Teaching Fee is charged for this course.*

## EDSP 4709 - Student Teaching: Cross-Categorical Disabilities

Semester Hours: *Nine*

Student teaching consists of sixteen (16) weeks of teaching experiences in an appropriate classroom setting in a state or nationally accredited public or private school under the supervision of an experienced and highly qualified cooperating teacher. Students seeking add-on certification in special education: cross-categorical disabilities mild/moderate must student teach for twelve weeks in an approved regular education setting (elementary, middle, or secondary) and four weeks in a special education/cross-categorical setting (elementary, middle, or secondary) as approved by the Dean of Education or Director of Field Experiences. Students seeking stand-alone certification in special education: cross-categorical disabilities mild/moderate must student teach for twelve weeks and four weeks in two different, approved special education settings (one placement in an elementary special education setting and one placement in a middle/secondary special education setting) as approved by the Dean of Education or Director of Field Experiences. A Student Teaching Fee is charged for this course.**

## **Sport Journalism**

### **COMS 473 - Internship in Sports Journalism**

Semester Hours: *Three*

This course exposes students to the disciplines and skills of the media through firsthand experience in the field of broadcast, print or web-based Sports Journalism. Students must have completed the coursework for the minor to enroll in this class.

Term Offered: *Fall, Spring, Summer*

Prerequisites: Consent of instructor and consent of the field supervisor.

## **Sport Management**

### **SMGT 111/311 - Practical Applications in Sport Sciences**

Semester Hours: *One*

Practical Applications in Sport Sciences (PASS) provides an opportunity for students to earn course credit for community project related work experience sponsored by the Health and Sport Sciences Division. Students enrolled in PASS will practice and improve their communication, creative, team building, and leadership skills as they involve themselves in community projects that touch the lives of hundreds of people in Saint Louis and the surrounding area. Students from every discipline can take this class. Up to three hours may be applied toward major electives within the Health and Sport Sciences Division. A total of eight hours may be applied toward graduation.

Term Offered: *Fall, Spring*

### **SMGT 113 - Introduction to Sport Management**

Semester Hours: *Three*

Introduction to the discipline of sport management and its vast array of career opportunities (the sport industry represents the eleventh largest industry in the U.S.).

Term Offered: *Fall, Spring*

### **SMGT 223 - Sport Management Practicum**

Semester Hours: *Three*

Integrates coursework with planned and supervised professional experiences for a minimum of 15 hours per week.

Term Offered: *Fall, Spring*

Prerequisite/co-requisite: SMGT 113

**Note: A practicum lab fee is charged for this course.**

### **SMGT 253 - Tournament and Event Management**

Semester Hours: *Three*

An introduction into the planning processes necessary to stage a sporting event with emphases placed on creating and locating the event, welcoming spectators and participants, and developing pertinent timelines and operational objectives for the event.

Term Offered: *Fall, Spring*

Prerequisite: SMGT 113

### **SMGT 263 - Communication in Sport**

Semester Hours: *Three*

Since a sport organization's success is largely dependent on the degree to which it can effectively communicate with key constituents, this class addresses a variety of communication-related topics, including public relations, image, media relations, and community relations

Term Offered: *Fall, Spring*

Prerequisite/Co-requisite: SMGT 113

## **SMGT 313 - Sport Evangelism**

Semester Hours: *Three*

This course will examine the processes, methods, and programs of using sport and sport participation as an effective evangelism tool.

Term Offered: *On Demand*

## **SMGT 323 - Governance and Leadership in Sport**

Semester Hours: *Three*

Focuses on the understanding of the concepts of management and leadership. Students will be able to describe the various skills, roles, and functions of sport managers in various sport agencies. The students will be familiar with governing authority, organizational structure, and be able to describe elements of leadership theory and practices.

Term Offered: *Fall, Spring*

Prerequisite: SMGT 113

## **SMGT 333 - Sport Sociology**

Semester Hours: *Three*

A basic understanding of the developments, trends, and social processes that explain sport and participation in physical activity today.

Term Offered: *Fall, Spring*

## **SMGT 373 - Sport Marketing**

Semester Hours: *Three*

This course focuses on the application of marketing principles in a sport-related setting. Specifically, the course will address content areas such as corporate sponsorships, ticket sales, broadcast agreements, promotional events, and direct marketing in the sport entertainment, sport participation, and sport goods sectors of the industry.

Term Offered: *Fall, Spring*

Prerequisites: SMGT 113, SMGT 263, SMGT 323, and SMGT 433/533

## **SMGT 403 - Sport Management Project**

Semester Hours: *Three*

This course is designed for students currently employed within the industry, and will provide an additional opportunity for students to either enhance or refine skills developed in the program, or to undertake training in another. Working independently under the supervision of a site supervisor and a university supervisor, students will develop a project of significant pedagogical or professional value through either scholarship or professional responsibilities.

Term Offered: *On Demand*

## **SMGT 423/523 - Sport Law**

Semester Hours: *Three*

Students will be familiar with the legal concepts in those areas that are most prone to litigation. This course specifically introduces the student to the legal system by focusing on the concepts of tort law, product liability, constitutional law, contract law, labor-antitrust law and statutory law as they relate to the sport professions. The course will consider the intellectual property rights of the individual, and emphasize liability-related issues as they impact sport administrators and teachers/coaches of physical activity and sport. Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *Fall, Spring*

## **SMGT 433/533 - Sport Psychology**

Semester Hours: *Three*

The student will develop a better understanding of the psycho-social aspects of sport participation by exploring various psychological and physiological factors that influence the athlete. Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *Fall, Spring, Summer*

## **SMGT 453/553 - Volunteer Management**

Semester Hours: *Three*

This course is intended to prepare students to assume roles as volunteer program leaders and managers, or to improve their skills in existing roles with volunteer organizations and agencies. The fundamental design of the course is based on learning through critical thought in and about leadership and management roles with volunteers. Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *On Demand*

## **SMGT 463/563 - Sport Finance**

Semester Hours: *Three*

Financial management, planning and the budgetary components of the sports industry will be discussed. Students will obtain the cognitive and application abilities necessary to maximize success in the sports industry. Students taking this course for graduate credit must complete all graduate course requirements.

Term Offered: *Fall, Spring*

## **SMGT 473 - Internship in Sport Management**

Semester Hours: *Three*

Culminating activity for students in sport management. Students are supervised in an approved sport management related agency for no less than 200 hours.

Term Offered: *Fall, Spring, Summer*

Prerequisites: 90 hours of accumulated credit, 2.5 overall GPA, and internship coordinator's permission.

## **SMGT 476 - Sport Management Internship**

Semester Hours: *Six*

Culminating activity for students in Sport Management. Students spend the equivalent of full-time employment in an appropriate agency for a total of no less than 400 hours.

Term Offered: *Fall, Spring, Summer*

Prerequisites: 90 hours of accumulated course credit, PHED 413/513, 3.0 overall GPA, and internship coordinator's permission.

**Note: A course-specific internship lab fee is charged for this course.**

## **SMGT 483 - Senior Seminar**

Semester Hours: *Three*

This course, designed to serve as a capstone class for the Sport Management major, will strive to integrate all previous courses with the most current information to prepare students to enter the sport industry. Emphasis will be placed upon trends and current readings in sport management. Developing a management, professional, and personal philosophy of sport management will be covered.

Additionally, resumes, job searches, graduate school programs, and entry-level job requirements and expectations for future sport managers will be addressed.

Term Offered: *Spring*

Prerequisites: SMGT 113, SMGT 263, SMGT 323, SMGT 433/533, SMGT 423/523, SMGT 373, SMGT 463/563, and PHED 413/513

## **SMGT 486 - Sport Management Apprenticeship**

Semester Hours: *Six*

Students will learn to organize, administer, and/or facilitate sport programs at the corporate, agency, professional, or amateur levels. Opportunities will be provided to develop knowledge and skills relevant to the performance of these functions. Students will have the opportunity to gain 400 hours of on-site experience in a sport management venue. Only those students accepted into the Sport Management Apprenticeship program will be allowed to register for SMGT 486. Students accepted into the Apprenticeship program will be allowed enroll in this course up to two times upon approval of their advisor.

Term Offered: *On Demand*

## **Sociology**

### **SOCO 113 - Introduction to Sociology (MOTR SOCI 101)**

Semester Hours: *Three*

An introduction to, and survey of, the field of sociology and its relation to the other social sciences; the nature of society in which social processes, social institutions, and patterns of social interaction development are examined and related to contemporary life.

Term Offered: *Fall, Spring*

### **SOCO 323 - Marriage and the Family**

Semester Hours: *Three*

A study of the factors which affect personal and social adjustment in successful marriage and family life. The course is designed to examine the development of mate selection, marriage, parent-child relationships, family problems, divorce, and factors related to family stability.

Term Offered: *Fall*

### **SOCO 353 - Cultural Anthropology (MOTR ANTH 201)**

Semester Hours: *Three*

A general survey of cultural anthropology as a behavioral science, with particular emphasis on culture, language, and social, economic, and kinship relations.

Term Offered: *Fall, Even Years*

Prerequisite: SOCO 113

### **SOCO 413 - Race and Ethnic Relations (MOTR SOCI 202)**

Semester Hours: *Three*

A study of the various minority groups in the United States and their significance in race relations. The causes of prejudice and the results of conflict among various religious, social, cultural, and ethnic groups are studied. The history and present status of United States immigration policy are examined. Recommended for students seeking certification to teach.

Term Offered: *Fall, Even Years*

## **Sociology/History**

### **SOHI 213 - Worldview and Social Issues (MOTR SOCI 201)**

Semester Hours: *Three*

A broad survey of contemporary social issues such as family organization and structure, crime, poverty, welfare, prejudice, population explosion, science, and government. Students will analyze, discuss and debate a wide range of social issues from various historical, secular, and religious worldviews. Students will also identify, analyze, and apply possible resolutions to current social issues discussed and debated in class. Various ancillary materials will be used in the course, including point/counterpoint debate resources.

Term Offered: *Fall, Spring*

### **SOHI 423 - The History of Christmas**

Semester Hours: *Three*

This online course explores the history of Christmas from the birth of Jesus Christ to the present, with special attention to the development of Christmas in America from colonial times to today. The course opens with a survey of Christmas historically from the Bible's account of the coming of Christ into human history through early-Christian, medieval, and Reformation-era perspectives on Christmas. The remainder of the course traces the development of Christmas in

America, from colonial times to present day. Topics include early Puritan opposition to Christmas; indifference toward the holiday in much of the colonial Chesapeake; the association of Christmas celebration with pranks in the early-national United States; the rise of a consumer-centered Christmas from the nineteenth century; the harrowing, and often ironic, experience of Christmas in times of war and tragedy, from Washington's crossing of the Delaware in 1776 to the 1972 "Christmas Bombing" campaign in Vietnam; the music, television, and filmography of Christmas in America from the late nineteenth century; and angry cultural and perennial political battles over the "secularization" of Christmas.

Term Offered: *On Demand*

## Teaching Field Experience

### EDCL 200 - Teaching in A Diverse Society Field Experience

Semester Hours: *Zero*

Students will apply knowledge addressing social inequalities and stratification as a primary lens for understanding diversity and other forms of difference in schools which they have gained in EDUC 203 Teaching in a Diverse Society by completing a focused field experience in a diverse educational setting. *Students must earn a final grade of Credit (CR) for program completion.*

Term Offered: *Fall, Spring*

Co-requisites: EDUC 201 Professional Growth and Development I and EDUC 203 Teaching in a Diverse Society and current Family Care Safety Registry background check (see catalog section on Background Checks for Field Experience and Student Teaching for additional information). *A lab fee is charged for this field experience.*

**Note:** This course is also required for students transferring a course equivalent to EDUC 203 Teaching in a Diverse Society: Seminar and Field Experience which did not include a comparable field experience in diverse settings.

### EDCL 211 - Teaching Field Experience I

Semester Hours: *One*

This is an initial field experience to be taken at the beginning of the student's pre-service teacher education program. This 30 clock-hour field experience should be completed within the grade levels of the certification being sought. Students will begin to develop an experiential foundation through a combination of classroom observations, dialogue with practicing teachers, working with children as tutors or in small groups, etc. Students will successfully create and present a minimum of one lesson to K-12 students under the supervision of the K-12 classroom teacher and the university supervisor. The field location will be assigned by the Director of Field Experiences from a list of approved districts in order to insure the quality of field experiences in diverse settings.

Term Offered: *Fall, Spring*

Co-requisites: Concurrent enrollment in EDUC 210 and current Family Care Safety Registry background check (see catalog section on Background Checks for Field Experience and Student Teaching for additional information).

**Note:** Some districts may also require current tuberculosis (TB) test

results for placement. *A lab fee is charged for this field experience.*  
**CPT form required for F-1 international students.**

## EDCL 370-376 - Professional Development

Semester Hours: *Zero to Six*

The purpose of this course is to provide students pursuing initial certification in the Teacher Education Program the opportunity to acquire additional training and/or refine skills and knowledge in areas related to the School of Education professional dispositions. The course will expose students to additional practical experiences in order to help them gain a repertoire of skills and knowledge to assist in assuring a successful student teaching experience and professional teaching career. Any field placements will be assigned by the Director of Field Experiences in order to insure the quality of field experiences in diverse settings.

Prerequisites: Recommendation of the Educator Review Committee.

Co-requisite for field placement: Current Family Care Safety Registry background check.

**Note:** Note: Some districts may require current tuberculosis (TB) test results for placement. Some districts may also require an FBI fingerprint background check prior to placement. (*See catalog section on Background Checks for Field Experience and Student Teaching for additional information.*) **CPT form required for F-1 international students.**

## EDCL 411/511 - Teaching Field Experience II

Semester Hours: *One*

This is a second field experience to be completed in a different setting than the initial experience in EDCL 211. This field experience should be completed near the end of the student's pre-service teacher education program prior to the student teaching experience. This field experience requires 45 clock hours of tutoring, observing, and assisting with small groups or individuals in an instructional setting within the grade levels of desired certification. The student is expected to present a minimum of two lessons, keep a log, write a reflective report, collect artifacts, and meet with the university supervisor to discuss educational issues/topics and the field experience. The field experience location will be assigned by the Director of Field Experiences in order to insure that students have an opportunity to experience diverse school settings.

Term Offered: *Fall, Spring*

EDCL 211 and Admission to Teacher Education Program or EDCL 211 and major in Child Development

Co-requisites: Concurrent enrollment in EDUC 410 and current Family Care Safety Registry background check (see catalog section on Background Checks for Field Experience and Student Teaching for additional information).

**Note:** Some districts may also require current tuberculosis (TB) test results for placement. *A lab fee is charged for this field experience.*

**This course cannot be accepted in transfer from another institution. CPT form required for F-1 international students.**

## EDCL 420/520 - Field Experience with English Language Learners

Semester Hours: *Zero*

This course is required for students transferring a course equivalent to the lecture component of EDRD 423/523 Integration of Literacy in the Content Areas: Seminar and Field Experience who do not have a comparable field experience working with English Language Learners. A study of mandated assessment and best practices for instruction of English Language Learners (ELL) will be included. A minimum ten (10) clock-hour field experience working with ELL students is required for this course. This course must be taken before student teaching. *Students must earn a final grade of Credit (CR) for program completion.*

Term Offered: *On Demand*

Co-requisite: Current Family Care Safety Registry background check (see catalog section on Background Checks for Field Experience and Student Teaching for additional information).

**Note:** Some districts may also require current tuberculosis (TB) test results for placement. *A lab fee is charged for this field experience.*

**CPT form required for F-1 international students.**

## EDCL 4700 - CPL Student Teaching Evaluation

Semester Hours: *Zero*

This course is required for students pursuing credit for the full 16 weeks of student teaching through the portfolio credit for prior learning (CPL) process. Enrollment in this zero-credit course must be concurrent with EDUC 471 Student Teaching Seminar in order to ensure adequate supervision and assessment of the candidate by School of Education faculty. Students must earn a final grade of Credit (CR) for program completion.

Term Offered: *Fall, Spring*

Co-requisite: EDUC 471.

Required Assessment(s): 1. passing score on the content area exit assessment(s) in the certification area(s) for which the student is being recommended; and 2. passing composite score on the Missouri Educator Evaluation System (MEES) summative evaluation.

**Note: There is a special fee charged for this course.**

## Theatre

### THEA 101 - Theatre Media

Semester Hours: *One*

This course explores how technology informs the theatrical process as well as emphasizing computer competency and the development of simple computer applications. This also includes creating a digital presence, marketing in the arts and creating a theatrical portfolio.

Term Offered: *Fall*

### THEA 103 - Appreciation of Theatre

Semester Hours: *Three*

The course surveys theatre as an art form and how it is created, from concept to curtain call, through the function of the playwright, actor, director, and designer. Students will be required to see several live

theatre performances.

Term Offered: *Fall, Spring*

### THEA 113 - Acting I

Semester Hours: *Three*

Teaching basic skills for the beginning actor, the course explores concentration, relaxation, nonverbal communication, and improvisation techniques.

Term Offered: *Fall, Even Years*

### THEA 123 - Script Analysis

Semester Hours: *Three*

This course explores the analysis of the script and its translation from page to performance through an examination of the relationships among directors, designers, performers, and audience in the rehearsal process and theatrical performance.

Term Offered: *Fall, Even Years*

### THEA 131 - Ballet I

Semester Hours: *One*

Introduces the fundamental laws of ballet, basic terminology, correct placement for proper alignment and stability, progressions, and flexibility. Two class meetings per week.

Term Offered: *Fall, Even Years*

### THEA 141 - Jazz I

Semester Hours: *One*

Introduces jazz dance techniques for contemporary and musical theatre. Emphasizes basic principles of jazz movement, technique, terminology and style. Two class meetings per week.

Term Offered: *Fall, Odd Years*

### THEA 213 - Stage Make-Up

Semester Hours: *Three*

Provides laboratory exercises in the fundamentals of stage make-up.

Term Offered: *Spring, Odd Years*

### THEA 223 - Acting II

Semester Hours: *Three*

This course explores the techniques for character analysis through scene. Students will gain the necessary skills for building a character and creating a role for the stage by performing selected scenes. Other topics discussed include stage combat, use of language and audition techniques.

Term Offered: *Spring, Odd Years*

Prerequisite: THEA 113

## THEA 233 - Stagecraft

Semester Hours: *Three*

Introduces the basic principles of set design, scenery construction and lighting techniques. Part of this class will include laboratory experiences.

Term Offered: *Spring, Even Years*

## THEA 313 - History of Theatre I

Semester Hours: *Three*

Study of the development of drama throughout history from classical to Greek to 16th century theatre including Shakespeare.

Term Offered: *Fall, Odd Years*

Prerequisite/Co-requisite: Sophomore standing and completion or concurrent enrollment of Theatre classes or permission of instructor.

## THEA 323 - History of Theatre II

Semester Hours: *Three*

Traces the important periods in the development of theatre from the 16th century to the present. Through analysis of conventions of staging and dramatic literature, this course examines the aesthetic, cultural, ethical and social dimensions of theatre in different cultures and time periods.

Term Offered: *Spring, Even Years*

Pre-requisite: THEA 313 or permission of the instructor.

## THEA 331 - Ballet II

Semester Hours: *One*

A continuation of Ballet I, adding to basic skills with a particular focus on precision and performance. Two class meetings per week.

Term Offered: *Spring, Odd Years*

Prerequisite: Ballet I or permission of the instructor.

## THEA 333 - Directing

Semester Hours: *Three*

The theory, practice, and ethics of theatre directing is presented, including blocking/movement, script analysis, interpretation, creation of rehearsal atmosphere and the effective use of stage areas.

Term Offered: *Spring, Odd Years*

Prerequisite/co-requisite: THEA 113 and THEA 223, or permission of instructor.

## THEA 341 - Jazz II

Semester Hours: *One*

A continuation of Jazz I, with particular focus on personal movement style and expression. Course will also study unique dance styles and artists that have influenced the stage, film, and commercial media industry. Two class meetings per week.

Term Offered: *Spring, Even Years*

Prerequisite: Jazz I or permission of the instructor.

## THEA 351 - Tap

Semester Hours: *One*

Studies fundamental steps and techniques necessary for rhythmic coordination of simple tap routines. Two class meetings per week.

Term Offered: *Fall, Even Years*

Prerequisite/co-requisite: Ballet I or Jazz I or permission of the instructor.

## THEA 353 - Drama in Ministry

Semester Hours: *Three*

Designed for pastors, teachers, youth leaders, and church workers, this class explores the various ways that drama can be utilized in the church. Class work includes hands-on experience in using drama with children and youth, drama for the worship service, and how to start a drama program in the local church.

Term Offered: *Spring, Even Years*

Prerequisite: CSCE 273 - Foundations for Christian Ministry.

## THEA 361 - Musical Theatre Styled Dance

Semester Hours: *One*

Explores various styles, movement, and choreography used in musical theatre. Two class meetings per week.

Term Offered: *Fall, Odd Years*

Prerequisite/co-requisite: Ballet I or Jazz I or consent of instructor.

## THEA 363 - Acting III

Semester Hours: *Three*

This course focuses on advanced characterization, including the use of dialects.

Term Offered: *Fall, Odd Years*

Prerequisites: THEA 113, THEA 223, or consent of the instructor.

## THEA 401-403 - Special Topics in Theatre

Semester Hours: *One to Three*

This course allows the student to investigate a topic in one area of Theatre that goes beyond the scope of other coursework. The course will involve close collaboration between students and faculty on a topic or issue related to the individual's interest and career choice. This course may be taken for variable credit and may be repeated up to a maximum of three semester hours.

Term Offered: *Fall, Spring, Summer*

Prerequisites: Senior standing or consent of the instructor.

## THEA 413 - Tools of the Actor: Voice and Movement

Semester Hours: *Three*

Advanced study of the fundamental tools of the actor: physical awareness, vocal awareness, and ensemble collaboration.

Term Offered: *Spring, Even Years*

Prerequisite: THEA 113, THEA 223, or permission of the instructor.

## **THEA 423 - Theatrical Costuming**

Semester Hours: *Three*

Fundamentals of costuming for the stage. A study of fabrics and construction, basic cutting and sewing techniques, costume organization for show purposes as well as an exploration of clothing in each time period.

Term Offered: *Spring, Odd Years*

Pre-requisite: THEA 233 or permission of the instructor.

## **THEA 433 - Stage Management**

Semester Hours: *Three*

Development of a production book and understanding of all procedures used by a stage manager from the selection of a script to the final production. The role of a stage manager is discussed for both the professional and the non-professional theatre, emphasizing problem-solving and professional standards.

Term Offered: *Fall, Odd Years*

## **THEA 481 - Senior Capstone Project**

Semester Hours: *One*

This course is designed as a comprehensive measure of the knowledge and skill students have acquired in their particular theatre major. There will be two primary dimensions to the capstone course: 1) an opportunity for students to reflect on and undergo assessment of their body of work in their major; and 2) an opportunity to synthesize the knowledge of communication arts theory and practice in a final project performance. The portfolio and presentation will assess whether students have successfully completed the work required for their chosen degree. Since the department is so diverse in emphases and specializations, students will be given an opportunity to design a final project consistent with their interests and experience.

Term Offered: *Fall, Spring*

## **Theatre Production**

### **THEP 111/311 - Theatre Production**

Semester Hours: *Zero to One*

Preparation and performance of musical and theatrical productions. By audition or permission of the directors only. Students must be available for rehearsals and performances. (Same as MUCS 110/111/310/311)

Term Offered: *On Demand*

### **THEP 130/131/330/331 - Drama Troupe - in Character**

Semester Hours: *Zero to One*

Select drama group open to all students who qualify through audition. Students must be available for on- and off-campus performances.

Term Offered: *Fall, Spring*

### **THEP 471-476 - Theatre Internship**

Semester Hours: *One to Six*

This course exposes students to the disciplines and skills of the theatre through firsthand experience. Students must have completed coursework in theatre to enroll in this course.

Term Offered: *On Demand*

Prerequisites: Consent of instructor and consent of appropriate field supervisor.

## **Varsity, Junior Varsity, & Club Sports**

### **KATH 211BB/311BB - Men's Basketball**

Semester Hours: *One*

Term Offered: *Fall*

### **KATH 211BS/311BS - Men's Baseball**

Semester Hours: *One*

Term Offered: *Spring*

### **KATH 211CC/311CC - Men's Cross Country**

Semester Hours: *One*

Term Offered: *Fall*

### **KATH 211FB/311FB - Football**

Semester Hours: *One*

Term Offered: *Fall*

### **KATH 211G/311G - Men's Golf**

Semester Hours: *One*

Term Offered: *Spring*

### **KATH 211LC/311LC - Men's Lacrosse**

Semester Hours: *One*

### **KATH 211SC/311SC - Men's Soccer**

Semester Hours: *One*

Term Offered: *Fall*

### **KATH 211TE/311TE - Men's Varsity Tennis**

Semester Hours: *One*

Term Offered: *Spring*

### **KATH 211TF/311TF - Men's Track and Field**

Semester Hours: *One*

Term Offered: *Spring*

### **KATH 211V/311V - Men's Volleyball**

Semester Hours: *One*  
Term Offered: *Spring*

### **KATH 211W/311W - Men's Wrestling**

Semester Hours: *One*  
Term Offered: *Fall*

### **KATH 211X/311X - Men's Bowling**

Semester Hours: *One*  
Term Offered: *Fall*

### **KATH 221BB/321BB - Women's Basketball**

Semester Hours: *One*  
Term Offered: *Fall*

### **KATH 221CC/321CC - Women's Cross Country**

Semester Hours: *One*  
Term Offered: *Fall*

### **KATH 221CH/321CH - Cheerleading**

Semester Hours: *One*  
Term Offered: *Fall, Spring*

### **KATH 221G/321G - Women's Golf**

Semester Hours: *One*  
Term Offered: *Spring*

### **KATH 221LC/321LC - Women's Lacrosse**

Semester Hours: *One*  
Term Offered: *Spring*

### **KATH 221PD/321PD - Pom and Dance**

Semester Hours: *One*  
Term Offered: *Fall*

### **KATH 221SB/321SB - Women's Varsity Softball**

Semester Hours: *One*  
Term Offered: *Spring*

### **KATH 221SC/321SC - Women's Soccer**

Semester Hours: *One*  
Term Offered: *Fall*

### **KATH 221SV/321SV - Women's Sand Volleyball**

Semester Hours: *One*  
Term Offered: *Spring*

### **KATH 221TE/321TE - Women's Varsity Tennis**

Semester Hours: *One*  
Term Offered: *Spring*

### **KATH 221TF/321TF - Women's Track and Field**

Semester Hours: *One*  
Term Offered: *Spring*

### **KATH 221V/321V - Women's Volleyball**

Semester Hours: *One*  
Term Offered: *Fall*

### **KATH 221W/321W - Women's Wrestling**

Semester Hours: *One*  
Term Offered: *Fall*

### **KATH 221X/321X - Women's Bowling**

Semester Hours: *One*  
Term Offered: *Fall*

## **Worship Leadership**

### **MUWA 353 - Biblical and Theological Foundations of Worship**

Semester Hours: *Three*

This course helps students to develop a biblical theology of worship through a survey of the doctrine, practice, and musical materials of worship found in the Old and New Testaments. The course focuses on the nature and priority of worship (both individual and corporate), biblical principles of worship, and the manner in which the people of God expressed themselves spiritually, physically, and artistically in worship. Emphasis will be placed on studying biblical teaching on worship in its various parts and then synthesizing that information into a meaningful whole.

Term Offered: *Fall*

### **MUWA 443/543 - History of Congregational Song**

Semester Hours: *Three*

A study of the structure and content of congregational song in its biblical, theological, literary, and musical dimensions from the early church through the present, this course emphasizes the study of

corporate worship songs, the practice of leading them, and resources for additional study.

Term Offered: *Fall*

Prerequisite: MUWA 353. Students taking this course for graduate credit must complete all graduate course requirements.

## **MUWA 453/553 - Historical Foundations of Worship**

Semester Hours: *Three*

A survey of the historical development of worship from the Patristic period to the present, this course helps students relate musical and liturgical history to the development of theology, piety, and cultural engagement in the history of the western church, including emerging trends in worship around the world.

Term Offered: *Spring*

Prerequisite: MUWA 353. Students taking this course for graduate credit must complete all graduate course requirements.

## **MUWA 483/583 - Leadership of Corporate Worship**

Semester Hours: *Three*

A study of biblical models of ministry and worship and their application to corporate worship leadership. Emphasis will be given to the fundamental elements of worship common to all styles and traditions. The course focuses on the planning and leading of corporate worship and how to administer a comprehensive music ministry that is pastoral in nature.

Term Offered: *Spring*

Prerequisite: MUWA 353. Students taking this course for graduate credit must complete all graduate course requirements.

## **Education/Geography**

### **EDGE 203 - Introduction to World Geography (MOTR GEOG 101)**

Semester Hours: *Three*

This is a multicultural, cross-disciplinary course designed to provide a comprehensive view of the ever-changing world. Students will utilize physical and cultural perspectives to examine people, places, and environments at local, regional, national, and international levels. The influence of geography on the events of the past and present will be explored, with the emphasis on contemporary issues. Students will examine historical and modern societies as the basis for learning and mastering specific concepts related to culture, government, economics, religion, and language.

Term Offered: *Fall, Spring*

## **English/Philosophy**

### **ENCP 433/533 - C. S. Lewis and J. R. R. Tolkien**

Semester Hours: *Three*

This course introduces students to the works of the literary group known as the Oxford Christians (or the Inklings). We will focus on both popular and lesser-known literary texts by the most famous and prolific members of this group: C. S. Lewis and J. R. R. Tolkien. This class engages critical thinking by utilizing these writings to raise questions about a broad range of philosophical issues. To this end, students will familiarize themselves with various theoretical approaches to literature such as New Criticism, Ecological Criticism, Postcolonial Criticism, and other relevant critical theories. Students will also read essays, poetry, and scholarly works to consider the cultural, philosophical, and religious forces that shaped these writers as thinkers, artists, and friends.

Term Offered: *Spring, Odd Years*

Prerequisites: ENGL 203

## **Theater/Dance**

### **THDA 303 - Dance Composition**

Semester Hours: *Three*

This course will focus on the basic principles of composition, components of choreography necessary to create a choreographic work, and the exploration of the various sources used to inspire choreography. Students will explore how their bodies move in a kinesphere and scenic space and how these principles of body and space are directly affected by time, create choreographic phrases both individually and in groups, and study notable works of choreographers. The course will culminate in a piece of choreography with a written component.

Term Offered: *Spring, Odd Years*

Prerequisites: THEA 131 - Ballet I and THEA 141 - Jazz I

## **World History**

### **HIWO 113 - World History I (MOTR HIST 201)**

Semester Hours: *Three*

This course is a survey of recorded world history from ancient times to 1500, with an emphasis on the emergence of worldviews, governance, and contacts among and between peoples in Asia, Africa, Europe, and the Americas.

Term Offered: *Fall, Summer*

### **HIWO 123 - World History II (MOTR HIST 202)**

Semester Hours: *Three*

This course is a survey of world history from 1500 to the present, with an emphasis changing worldviews, governance, and contacts among and between peoples in Asia, Africa, Europe, and the Americas.

Term Offered: *Spring, Summer*

## HIWO 333 - Renaissance and Reformation

Semester Hours: *Three*

This course is an introduction to the political events, intellectual theological insights, and artistic expressions of the historical period called the Renaissance and Reformation. The course presents the important changes and thinkers of this period.

Term Offered: *On Demand*

## HIWO 343 - History of Latin America

Semester Hours: *Three*

A survey of Latin American History from prehistoric times to the present. The first half of the course covers the colonial period, the wars for independence, and the difficulties of the 19th century. The second half of the course discusses the 20th century. Both halves focus on four nations; Mexico, Argentina, Brazil, and Cuba.

Term Offered: *Fall, Odd Years*

## HIWO 413 - Ancient History

Semester Hours: *Three*

A study of ancient civilization from the Ancient Near East and the origins of Greek city-states to the decline of the Roman Empire. Particular attention is given to the political, social, economic, intellectual, and religious trends in the classical era.

Term Offered: *Fall, Even Years*

## HIWO 433 - Twentieth-Century Europe

Semester Hours: *Three*

A study treating the development of Europe from 1900 to the present. Major topics include the rush of the continent toward general war; the military stalemate and its final resolution; the diplomacy of peacemaking; the Russian Revolution; economic recovery, then prosperity; the international depression; the rise and fall of fascism; the Cold War; the rebuilding and reconstruction of Europe; and the new, reduced place of Europe in the recent world.

Term Offered: *Spring, Even Years*

Prerequisite: HIST 123 or consent of instructor.

## U.S. History

### HIUS 213 - United States History I (MOTR HIST 101)

Semester Hours: *Three*

A survey of United States history from the beginning of white settlement of North America to 1865. The course covers the colonial, Revolutionary War periods, the framing and nature of the Constitution of 1787, the early national period, national growth, the slavery controversy, and the Civil War.

Term Offered: *Fall, Summer*

### HIUS 223 - United States History II (MOTR HIST 102)

Semester Hours: *Three*

A survey of United States history from 1865 to the present. The course covers Reconstruction, the Gilded Age, the Progressive Era, World War I, the 1920's, the Great Depression, World War II, the Cold War, the Vietnam War era, and recent America.

Term Offered: *Spring, Summer*

### HIUS 363 - Early American History

Semester Hours: *Three*

A lecture/discussion course that treats the Atlantic coast of what is today the United States from the beginning of white settlement to 1789. Major topics include: the 16th-century European background; the exploration of English North America; the founding of three kinds of colonies on the Atlantic seaboard; late 17th-century revolts; colonial economics, politics, and expansionism; colonial social and intellectual activities, including religious development; the organization and reorganization of the British Empire as that affected North America; the revolutionary crisis of the 1760's and 1770's; the causes and consequences of the American Revolution; the War for Independence; experiments in state and national government; and the drafting and ratification of the federal Constitution.

Term Offered: *Fall, Odd Years*

Prerequisite: HIUS 213 or consent of instructor.

### HIUS 453 - America in the Gilded Age and Progressive Era

Semester Hours: *Three*

A lecture and discussion course surveying American history from the end of Reconstruction in 1877 into the era of the First World War. Topics include: the politics of sectional reconciliation after Reconstruction; the U.S. Supreme Court and the development of the "Jim Crow" regime of racial segregation; surging capitalism and its critics; organized labor, new technologies of communication and transportation; urbanization; the advent of mass consumption; the rise and fall of farming in the Great Plains states; Populism; Progressivism; professionalization; immigration; nativism; the closing of the American frontier; social Darwinism; America's involvement in the West's "scramble" for empire in the late nineteenth century; the Spanish American War; and the United States' entry into World War One.

Term Offered: *Spring, Odd Years*

rerequisite: HIUS 223 or consent of instructor.

### HIUS 463 - Civil War and Reconstruction

Semester Hours: *Three*

A study treating United States history from the height of sectionalism to the 1880's. After an introduction to the age of sectional controversy, major topics include: the Compromise of 1850; the Kansas-Nebraska Act; the Dred Scott decision; John Brown's raids; the election of 1860; the military campaigns of the Civil War; the governmental and home front activities of the war; and political,

economic, and social reconstruction.

Term Offered: *Spring, Even Years*

Prerequisites: HIUS 213 and HIUS 223, or consent of instructor.

## **HIUS 483 - Recent American History**

Semester Hours: *Three*

A lecture/discussion course that treats United States history since the end of World War I. Major topics include the so-called Roaring Twenties; the Great Depression and the New Deal; World War II; the Cold War abroad and at home; the third great age of American reform; the Vietnam War era; Watergate and the eclipse of the Presidency; and recent American foreign and domestic policy.

Term Offered: *Spring, Odd Years*

Prerequisite: HIUS 223 or consent of instructor.

## CORE 42 MOTR Courses

### Missouri Baptist University 2019-2020 Approved MOTR Core 42 Courses

#### MBU Course by Content Area MOTR Course Equivalent

| <b>Communication/Oral Communication Skills</b>                  | <b>MOTR Course Equivalent</b>                             |
|---|---|
| COMM 103 Speech Communications                                  | MOTR COMM 110 Fundamentals of Public Speaking             |
